### Meeting of the A. I. Society.

The interesting meeting of this Society, which was held July 27th, adjourned to meet August 10th, at 7.30 o'clock. Matters of interest which were presented at the previous meeting will be acted upon at this time, and it is desired that all interested be present and express themselves.

MARY BUTLER, Sec'y.

What was doubtless the work of a miscreant took place at Bennington on Friday evening last. A gentleman from Antrim went over on his "bike" to attend the concert and dance and while attending the latter entertainment left his wheel in the hall-way with a small lock on sprocket wheel and chain. When he was ready to come home and went for his wheel, to his great surprise and disgust he found the chain broken, and the wheel was a new one—not been used two weeks. The only reasonable version of the matter would seem to be that some fellow thought he would take a little ride and seeing this wheel standing alone lifted it out of the hall, not noticing the lock, mounted the same, and when the "pushing" on pedals began something had to go, and the chain went. The one who did this malicious act did well to replace the machine where he found it. It was fortunate for the owner of the wheel that he did not have to walk home. The party who did this deed is in very small business and if he or she be found should be dealt with according to law. A person's property should be properly protected!

The matter of building a telephone line connecting Antrim with Peterboro direct is now being considered by the New England Telephone and Telegraph Co. The matter has been referred to the Division Superintendent with instructions to make a thorough investigation and report as to the advisability of building the line. There is now a telephone line from Concord, through Hillsboro Bridge, to Antrim, and it would seem that an extension of this line to Peterboro is the thing needed at this time, and the latter town is anxious to have this branch built, as she now has connections in all directions except north, and this would give a more efficient system in this section. Talking over a busy line through three of the principal cities in the state to reach a point only a few miles away is practically worthless the distance is so great, and the proposed link is much needed. It is hoped that the telephone company will find it to their interest to build this line this season for the accommodation of their patrons and profit to themselves.

The State Convention for the nominating of a Republican Governor will be held in Concord Thursday, Sept. 3, at 11 o'clock, at Phoenix hall. The Second Congressional Convention is to be held at same place and date, immediately after the state convention. The Third Councillor Convention will be held at Nashua City hall, Sept. 10, at 10 o'clock. The Eighth Senatorial Convention will be held at Antrim Town hall, Sept. 8, at 12 o'clock. The Hillsboro County Convention will be held at Nashua City hall, Sept. 23, at 12 o'clock.

A drought sold 1 accomplishes much good, but in Kentucky one is prevailing which has caused all the distilleries to shut down for a period of 15 months.

The amount of rain which fell during the month of July was 2 1/2 inches.

"The people have long since learned that the most disagreeable medicine is not necessarily the best. In fact, they are not. What is wanted is something mild and sure, such as Chamberlain's Colic, Cholera and Diarrhoea Remedy. That is really pleasant to take when reduced with water and sweetened. Then it is acknowledged everywhere to be the most successful remedy in the world for all ailments of the bowels, and found to be a most effective remedy." For sale by Putney & Little, Druggists.

**Old People.**

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey or other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tonic to the organs, through the nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old People find it just exactly what they need. Price fifty cents and \$1.00 per bottle at Antrim Pharmacy.

**WANTED AT ONCE—Active agents for each county.** Exclusive control and no risk. Will clear \$12 to 25 hundred dollars a year. Enclose stamp for full particulars or 25c, for \$1.00 sample. Big Rapids Mineral Water Co., Big Rapids, Mich.

**The New Hook Spoon Free to All.**

I read in the Christian Standard that Miss A. M. Fritz, Station A, N. H., would give away a spoon to anyone sending her ten 2-cent stamps. I sent for one and found it so useful that I showed it to my friends, and made 1500 in two hours, taking orders for the spoon. The spoon is so handy and necessary. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is made of steel, and has been used ever since spoons were first invented. Anyone can get a sample spoon by sending ten 2-cent stamps to Miss Fritz. This is a splendid way to make money around here.

Very truly, JEANNETTE S.

### QUINCY GROWS RICH.

#### How a Massachusetts City Doubles Its Savings Bank Deposits and Halves Its Poor Account.

UNDER THE POLICY OF LOCAL LIQUOR PROHIBITION.

Quincy's Wonderful Prosperity During 13 Years of No-Licenses.

No-licensing pays in dollars and cents, and Quincy, Mass., proves it. Quincy has been for 13 years without a licensed saloon. During that time the city's population has increased 91 per cent.; the city's assessed valuation has increased 129 per cent., while savings bank deposits have leaped from \$173,350 to \$111,152.21, a gain of 150 per cent. Nearly seven times as many houses were built in Quincy in 1885 under no-licensing as were built in 1881, the last year of license; while the cost of supporting Quincy's poor has decreased 16 per cent. under no-licensing as compared with the cost of supporting the poor in other Massachusetts cities of the size of Quincy, but which stick to the licensed saloon.

In the following letter Hon. Henry H. Faxon, formerly mayor of Quincy, sizes up, from a money point of view, some of the advantages of a no-licensing at this city:

"In refutation of the statement which is often heard, viz.: 'Prohibition does not pay,' I ask an inspection of the record which the city of Quincy has made during a period of 13 years under no-licensing well enforced. The moral advancement of the community has been as marked as the material improvement.

"For one year, ending April 30, 1882, there were 12 licenses granted; to-day, not even the druggists are licensed.

"The following table shows the vote of Quincy on the license question since 1881, when the present Local Option law went into effect:

Year	Yes	No	Total	Majority
1881	1,067	1,171	2,238	104
1882	1,092	1,171	2,263	179
1883	1,092	1,171	2,263	179
1884	1,092	1,171	2,263	179
1885	1,092	1,171	2,263	179
1886	1,092	1,171	2,263	179
1887	1,092	1,171	2,263	179
1888	1,092	1,171	2,263	179
1889	1,092	1,171	2,263	179
1890	1,092	1,171	2,263	179
1891	1,092	1,171	2,263	179
1892	1,092	1,171	2,263	179
1893	1,092	1,171	2,263	179
1894	1,092	1,171	2,263	179
1895	1,092	1,171	2,263	179
1896	1,092	1,171	2,263	179

"The estimated population in 1881 was 10,855; in 1895 it had increased to 20,172, a gain of 91 per cent. The valuation in 1881 was \$75,600,381; in 1895 it was \$173,225,855, a gain of 129 per cent.

**DECREASED COST OF SUPPORTING THE POOR.**

"The amount expended in caring for the poor during the last year of the legalized saloon was estimated at \$15,115.97; during the last year of no-licensing (1895) the sum used for this purpose was \$8,338.49. In other words, while the population increased 91 per cent., the 'poor account' decreased 46 per cent.

"In the last year of license there were 21 houses built; in 1895 there were 157 built, or 133 more than in 1881.

"Please examine the pauper expenses and arrests for drunkenness in the license places given below, as compared with those in Quincy for the same period:

Place	Year	Arrests for Drunkenness	Pauper Expenses
Seaboard	1895	114	\$22,021
Northampton	1895	163	\$2,001.34
Pittsfield	1895	204	\$1,628.23
Waltham	1895	207	\$1,162.23
Woburn	1895	147	\$1,875.89
Quincy	1895	207	\$8,338.49

"I challenge the supporters of license to show an instance where the saloon has increased prosperity of a municipality."

"HENRY H. FAXON."

**Two Lives Saved.**

Mrs. Floche Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such a natural, pleasant cure, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Antrim Pharmacy.

**ANTRIM CENTRE.**

Master Boy Hutchinson who has been suffering from rheumatism is reported much better.

Mrs. Henrietta Simonds is visiting friends in Charlestown, Mass.

Mrs. Henry Scott of Peterboro has been visiting Ann M. Hutchinson.

Mr. and Mrs. David Stark of Lynde with their daughter, Mrs. W. E. Cannon and her children, are visiting their daughter Mrs. Geo. Worthley.

Blackberries are ripening fast in this neighborhood.

Harry Whittemore of the Dover Stamping Company, Boston, enjoys his vacation at J. W. Bass's.

Wanted a cough remedy. A friend of mine had a cough or cold for this remedy a trial. You will be surprised to find the rest of the cure when you have it in less time than any other treatment. It relieves the lungs, opens the secretions, aids expectoration and effects a prompt and permanent cure. There is no danger in giving it to children for it contains nothing injurious. For sale by Putney & Little, Druggists.

### DOMESTIC MARTYRS.

Lots of women suffer constantly, and seldom utter complaint. Good men rarely know the pain endured by the women of their own household, or the efforts they make to appear cheerful and happy when they ought to be in bed, their suffering is really so great.

Our habits of life and dress toll sadly upon women's delicate organizations.

They ought to be told just where the danger lies, for their whole future may depend upon that knowledge, and how to overcome it.

There is no need of our describing the experiences of such women here, they are too well known by those who have suffered, but we will impress upon every one that these are the never-failing symptoms of serious womb trouble, and unless relieved at once, a life will be forfeited.

Lady E. Pinkham's Vegetable Compound never fails to relieve the distressing troubles above referred to; it has held the faith of the women of America for twenty years.

It gives tone to the womb, strengthens the muscles, banishes backache and relieves all pains incident to women's diseases.

## Wreckage!

In the shape of Remnants, Odd Lots, Tail Ends of Summer Goods from all Departments, have all been brought out and marked at prices to close them with a rush. The following are a few illustrations of what the values will be:

### BASE BALL.

#### Antrim v. Hillsboro.

The Hillsboro base ball team came here last Saturday to play the fourth game of the series of five, but the game was out short in the 2d inning by an attempt on the part of the Hillsboros to resort to their old-time tactics of bulldozing the umpire, to which the Antrims would not submit. We quote the following report of the game which was taken from the Manchester Union of Tuesday:

"One of the most disgraceful exhibitions of dirty ball playing ever witnessed was made by the Hillsborough team which came here last Saturday to play the fourth game of the series previously arranged.

"At the beginning of the 2d inning, with one man out, Shea of Antrim made a hit, stole second, and on a high throw went to third; the ball was fielded to third but the throw being low it was stopped by the third baseman on the bound, after Shea had reached the base.

"The runner was manifestly safe, and it was so decided by the umpire, but to the surprise of everyone Van Donmele, the captain of the Hillsboros, began to wrangle with the umpire and threatened to take his team off the field. Finding that the umpire would not be bullied, he withdrew his men and started for home amid the hisses and jeers of the crowd. The game was then awarded to Antrim by default, score 9 to 0.

"To the credit of four of the Hillsboro players he said that they protested against the humiliating action of their captain in withdrawing his team, and admitted the fairness of the decision.

"As Antrim has won two of the three previous games with Hillsboro, and as Van Donmele, the pitcher of the Hillsboros, who is also manager and captain, was batted for seven clean hits in the first inning, it is very apparent that fear of defeat prompted him in his act of cowardice.

"However, by those familiar with the Hillsboro team and their methods, it will be seen that they have only sustained their reputation for steady ball-playing. When such gentlemen as Peterboro and Marlboro refuse to play in Hillsboro, it is so of evidence of the standing of the Hillsboro team.

"Such conduct is a disgrace to the National game, and ought to receive the condemnation of every club in the state having the welfare of base-ball at heart. The management of the Antrims, though as disgusted with the fiasco as any of the spectators, feel that they were not responsible for it, and in refunding the receipts, acted fairly and honestly.

"The experience of Antrim with the Hillsboros should serve as a warning to all other teams who desire to arrange respectable and honest games. The representative citizens of Hillsboro whose acquaintance and friendship Antrim is proud to retain, would not, had they been present, have countenanced for a moment the unscrupulous action of these, their professed representatives on the diamond."

The Boston Globe of Tuesday reports the game as follows:

"The directors of the Antrim base-ball club take exception to the report of Saturday's game with Hillsboro, in which the latter left the field on account of a decision of the umpire. The trouble arose in the 2d inning. Shea of Antrim made a hit, stole second, and on a high throw went to third. The ball was returned to third on the bound, but too late to catch Shea, who was called safe by the umpire. The Hillsboro captain immediately kicked, and ordered his men from the field, amid the jeers of the crowd, and the protestations of four of his own men. The umpire after waiting the required time for Hillsboro to take the field, gave the game to Antrim. The Antrim directors claim that the Peterboro and Marlboro clubs have refused to play with Hillsboro because of the unreasonable kicking of the captain of that team."

In commenting on the action of the Hillsboro team in leaving the field, the base-ball editor of the Boston Globe has the following to say which is well worthy of notice, coming from so high an authority:

"Leaving a ball field because the umpire's decisions are not to your liking is perhaps the most cowardly trick that men or boys can do. Always stand and take your medicine. Everything evens up."

In the above accounts from outside papers the Antrims have a complete vindication of their course and ought to receive the support of the people in not allowing Hillsboro team to steal

**Ice Cream Made by a New Process**

I have an Ice Cream Freezer that will freeze cream instantly. The cream is put into the freezer and comes out instantly smooth and perfectly frozen. This astonishes people and a crowd will gather to see the freezer in operation and they will want to try the cream. You can sell cream to many of them who would not buy an old style freezer. It is really a curiosity and you can sell from \$5 to \$8 worth of cream and six to twelve freezers every day. This makes a good profit these hard times and is a pleasant employment. J. F. Casey & Co., 111 St. Charles St., St. Louis, Mo. will send full particulars and information in regard to this new invention on application and will employ good salesmen on salary.

The July number of the Boston & Maine Courier is one of the best yet issued. It is a sort of summer vacation edition, and breathes the spirit of outdoor life in every page. There are special illustrated articles on Gloucester and the White Mountains, and a splendid full page reproduction of the surf at Nahant is one of the striking features. The issue shows a marked improvement over its predecessors, both in contents and typography. Henry M. Meek, Manager, Salem, Mass.

## Can't Eat

This is the complaint of thousands at this season. They have no appetite; food does not stick and often fails to digest, causing severe suffering. Such people need the toning up of the stomach and digestive organs; which a course of Hood's Sarsaparilla will give them. It also purifies and enriches the blood, cures that distress after eating and

**Internal Misery**

Only a dyspeptic can know, creates an appetite, overcomes that tired feeling and builds up and sustains the whole physical system. It so promptly and effectively relieves dyspeptic symptoms and cures nervous headaches, that it seems to have almost "a magic touch."

**Distress After Eating.**

"I have been troubled with indigestion for some time. After eating anything that was sweet I was sure to experience great difficulty and distress. Last fall I tried to say that my stomach trouble has entirely disappeared. I can now eat a hearty meal of almost any kind of food and have no trouble afterwards. Hood's Sarsaparilla has also cured me of nervous spells." JOHN H. HORTON, 1882, Wheatland, Iowa. Such cures prove that
