A PUBLIC MEETING

To Take Action in Aid of the San Francisco Sufferers.

Agreeable to a notice given out through the town, and in view of what almost every other town in New England, yes in the United States, is doing for the sufferers in the great calamity which has befallen the city of San Francisco and other smaller places near by, a public meeting was held in Town hall on Monday evening of this week. Not near as many were present as the occasion demanded, less than seventy-five attending.

The meeting was called to order by W. W. Merrill, of the board of Selectmen, and W. E. Cram was selected chairman and F. C. Parmenter clerk. Remarks were made by Rev. William Hurlin who offered the following resolution:

Whereas, A great and serious calamity has come suddenly upon our brethren in San Francisco and other places in California; and,

Whereas, It is our duty and our privilege to help those who are in trouble and difficulty; therefore,

Resolved, That we show our sympathy by now appointing a committee of five persons to receive subscriptions, and a treasurer to take charge of the same, who shall be a member of the committee, "ex officio"; that we now receive subscriptions at this meeting; that the committee take such action as they may think desirable to obtain further subscriptions, and that as soon as possible the treasurer send whatever he has received (in accordance with the suggestion of President Roosevelt) to the Hon. Charles Hallam Keep, Red Cross treasurer, Washington, D. C., for distribution to the sufferers.

In a few earnest remarks, Rev. E. S. Collier seconded the adoption of the resolution. Other remarks were made by Rev. William E. Braisted, Hon. N. C. Jameson, W. W. Merrill, R. O. Goodell and E. W. Baker. The resolution was adopted unanimously.

The committee was elected from the floor as follows: Oscar H. Robb, R. C. Goodell, W. W. Merrill, H. W. Eldredge, George F. Perry; William E. Cram was elected treasurer of the committee and on motion it was voted that the secretary, F. C. Parmenter, be added to the committee.

At the close of the meeting the committee retired to consider the best means of procedure, and it was decided that subscription papers be lodged in one or more public places in villages in town, where voluntary contributions can be made, also that the committee each have a like paper for the same purpose, which sums will all be turned over to the treasurer to be forwarded as per instruction of the resolution; one or more members of the committee will doubtless solicit among residents outside the villages. It is the idea that the matter be worked up at once and the sums raised be forwarded by Saturday of this week; it is hoped by the committee that the people will assist them in this work in every possible way and thus make it not an unpleasant duty to perform,

in the interest of suffering humanity.

The committee wish it known that one of these subscription papers is in the Antrim Pharmacy where all who wish may add their names and pay such sums as they desire.

A Macadam Road.

The question is apparently being considered by the Selectmen and others as well: "Shall Main Street be Macadamized?" Last week it was expected that the State Engineer, Mr. Dean, would be in town and consult with the Selectmen in reference to building a piece of permanent road here, but owing to illness he was unable to come and a Mr. Brown came in his stead. The matter was thoroughly discussed and while not coming to any definite decision, it is thought everything considered that a piece of macadam road would be the best thing for our town. There is no need of any one getting at all excited over this statement, for all must know there is a sum in hand of about \$2000 for permanent road building, and can be used for nothing else,—the matter now is practically with the State Engineer and Selectmen. This amount it is true will build only a small piece of macadam road, probably not more than one-fourth of a mile, but the cost of keeping it in repair when properly built will be small compared with the cost of keeping in repair our present roads,—this sum would soon be used up and roads remain in the same condition or worse. It is apparently time to build permanent roads and in the end save money; if we are to judge by the knowledge of those towns that have had experience, it would be the best kind of economy so to do.

We are told by everyone who visits our town—in the summer time—that it is one of the prettiest in the state, and if the policy of building permanent roads was adopted and carried forward economically in a way becoming a country town, the result would be gratifying to say the least to all who are interested in the welfare of our beloved town.

"Mr. Bob."

This amusing comedy in two acts was put upon the stage in Antrim town hall on Friday evening last, by the members of the senior class of the High school. The sale of tickets in advance was large, both in reserved seats and general admission, and it was thus sure of being a success financially. Nearly four hundred of our town's people gathered to witness the play and in this way assist the graduating class. The cast was well made up and all did good work in presenting the several parts; for pupils in a High school, they did exceptionally well. Many present stayed to enjoy the hour of promenading. Music was furnished by Appleton's orchestra. The vocal selection by C. W. Prentiss between the acts was enthusiastically received. To add to the treasury the members of the graduating class have about \$95 as the result of their efforts on this occasion.

The Town Clock.

The Howard clock, installed for the present in the tower of the Presbyterian church, was duly presented to our people at the last town meeting. Upon its acceptance we understand that, on the motion of Ex-Governor Goodell, a vote of thanks was extended to the donors of this useful gift. It may be interesting to many to know their names.

\$85.00 was realized from a minstrel entertainment given through the efforts of Miss Emma Whitney of this town; \$67.00 from the Old Home entertainment given by Dr. E. A. Duncan (now of Washington, D. C., but a native of Antrim), assisted by our home talent.

Mrs. Jennie J. Mandeville, daughter of Mrs. Jane (Jameson) Rice (one of Antrim's daughters) being a guest in town, gave \$100 providing the clock could be purchased at once. The village people generally, who were solicited, responded gladly to this generous offer, the required sum being practically raised in an afternoon's time.

Mrs. Gust. Walker of Concord kindly gave \$5 as a nucleus of a sum to keep the clock in repair.

The names of the donors aside from those already mentioned are as follows: E. A. Bigelow (Boston), Miss Mary Butler, D. P. Bryer, Charles Bass, E. W. Baker, Morris Christie, M. D., W. E. Cram, L. H. Carpenter, Albert Clement, Rev. W. R. Cochrane, D. D., Harry Deacon, Davis-Patterson, George Dresser, W. F. Dickey, C. F. Downes, Rogers Dow (Revere), Leander Emery, Scott Emery, Squires Forsaith, Miss Frances Forsaith, Henry Hurlin, M. Christie Heath, Miss Nellie Jackson, N. W. C. Jameson and family, John B. Jameson, Mrs. L. M. B. Jameson, Miss Margaret Jameson, George P. Little, Mrs. George P. Little, Sylvester Little, N. J. Morse, Carl H. Muzey, Harry Morrill, Enoch Paige, M. D. Poor, Hon and Mrs. R. H. Porter, (Keene), A. A. Ramsey, Mrs. Charles Rice (Orange, N. J.), Anson Swett, Ephraim Simonds, Thomas Smith, Mrs. Thomas Smith, Leon Shoults, Forest Smith, B. F. Upton, Mrs. Eliza Weston Williams (Nashua), Mrs. Eva F. Webster, F. G. Warner, M. D., Misses Wallace, W. E. Wright, Charles Whitney.

As soon as possible the clock was installed, and since January has been doing faithful service. We sincerely trust that this may continue,—that old Father Time will prove it an invaluable watchman for one and all.

I Want to Say a Few Words to the Tea and Coffee Drinkers!

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The Pain Family

You know them; they are numerous, and make their presence felt everywhere. The names of the family are Headache, Toothache, Earache, Backache, Stomach ache, Neuralgia, etc. They are sentinels that warn you of any derangement of your system. When the brain nerves become exhausted or irritated, Headache makes you miserable; if the stomach nerves are weak, indigestion results, and you double up with pain, and if the more prominent nerves are affected, Neuralgia simply makes life unendurable. The way to stop pain is to soothe and strengthen the nerves. Dr. Miles' Anti-Pain Pills do this. The whole Pain family yield to their influence. Harmless if taken as directed.

"I find Dr. Miles' Anti-Pain Pills an excellent remedy for overcoming headache, neuralgia and distressing pains of all sorts. I have used them for the past seven years in this capacity with the best of results."

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

WEDNESDAY, APRIL 25, 1906.

Entered at the Post-office at Antrim as second-class matter.

"Oleverness dwells in marble halls; genius in an attic."

The Postmaster at Buffalo is involved in a cemetery scandal. This is a grave hole for any man to be in.

Of all the various bad reports that come from Panama none at least has ever brought news of any one being drowned in the Canal.

Congress proposes a bill making it a crime to rob an Indian. Why should an Indian be favored above a coal consumer or a insurance policy holder?

Whatever the President intended to say in his speech it is clear that the muck-rakers have had a great deal of free advertising by which they will not be reluctant to profit.

Prophet Dowie is setting up a great howl at being thrown out of Zion but on the inside he must be congratulating himself that only a shrewd man could have fooled so many people for so long a time.

Letter to Antim Lawyers

Antrim, N. H.

Dear Sirs: As your business is to get people into and out of trouble, suppose you consider their pain; it makes 'em almost as much trouble as money; except of course matrimony.

They buy poor paint a good deal; they don't mean to; they don't know any better; they buy without thinking. Bad paint isn't good. It looks good enough for a year; then begins to get rusty; but changes so slowly, one don't notice it.

Looking isn't all. The business of paint is to keep a house dry inside, the wood and iron of it; keep it from rotting and rusting. Takes good paint to do it.

Good and bad paint are sold at one price or about that. One can't go by the price at all; as with lawyers, the price has nothing to do with goodness or badness; and costs are worse yet; the painter and sheriff come in for their share.

But the probability is that a man, who paints Devoe, will come out on top.

Yours truly

F. W. DEVOE & Co
P. S. Davis-Patterson Co. sell our paint.

The merchant who gives the same attention to his advertising as he does to his sweeping, dusting and replacing stock, will never argue that advertising doesn't pay. The man who argues that advertising doesn't pay, is the man who would neglect to attend to it. No doubt if he would leave his store for a month without changing the goods, he would conclude that it doesn't pay to keep store. Advertising is an expense, but if it didn't pay, large business-ness would never spend thousands of dollars annually to push their trade.

Auction Sale.

By W. E. Cram, Auctioneer.

A lot of personal property will be sold by Mary E. Bass, executrix, on Saturday, April 23, at the Bass Place at the Centre, commencing at 12 o'clock, consisting of farming tools, wagons, harness, hay and household furniture. Read poster for particulars.

For Thin, Poor Blood

You can trust a medicine tested 60 years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla; the original Sarsaparilla; the strongest Sarsaparilla; the Sarsaparilla the doctors endorse for thin blood, weak nerves, general debility.

But even this grand old medicine cannot do its best work if the liver is inactive and the bowels constipated. For the best possible results, you should take laxative doses of Ayer's Pills while taking the Sarsaparilla. The liver will quickly respond, and so will the bowels.

Mrs. Luther Cram is quite feeble with chances against her being any better, as she is near 85 years of age. Mr. Cram is 87 and aside from rheumatism he is quite well. He is able to help work on their wood pile sawing several hours a day. His mind is very clear and active for one of his years.

"The past year was the most prosperous in the history of the Mutual Benefit Life Insurance Company and it is not difficult to account for the fact. The storm of public opinion that was aroused against the 'big three' was the opportunity for the smaller companies, particularly for a strong conservative, well managed annual dividend company like the Mutual Benefit. The sixty-first annual statement shows splendid increases. There is no stronger or better managed life insurance company than the Mutual Benefit. Its growth has been steady and its business is of the persistent kind, owing to the satisfaction felt by its policy-holders in the absolute security of the company and the exceptionally large dividends which it has always paid."—The Insurance Record, New York, January, 1906.

Simple Way to Cure Catarrh by Hyomei Without Stomach Dosing.

It is the height of folly to dose the stomach with internal medicines to cure nasal catarrh. It cannot be cured except the catarrhal germs that are present in the nose, throat and lungs have first been killed.

The soothing air of Hyomei heals the smarting and raw membrane of the air passages in the nose, throat and lungs, kills off the catarrhal germs and rids the system of the last traces of catarrh.

The complete Hyomei outfit consists of a hard rubber inhaler which can be carried in the purse or vest-pocket, a medicine dropper, and a bottle of Hyomei, and costs only one dollar, while extra bottles can be obtained for 50 cents.

W. F. Dickey positively guarantees a cure when Hyomei is used in accordance with the simple directions on the package, or he will refund the money. This certainly shows their faith and belief in the virtues of Hyomei.

The Tea question in a house like mine is an important one. We put up lunches every night and I am obliged to buy an extra good quality of tea. A good deal of the 50 cent Tea on the market is like hay. We are very much pleased with your Tea and consider it of superior quality. Have used six pounds since the sale began. For Coffee we use the Howard W. Spurr (Hevere).
Mrs. C. E. ROBERTSON.

I have traded with G. O. Joslin for nearly three years and have found him always strictly honest and upright in all ways. All his goods are just as represented as cheap and often cheaper than could get the same article in larger places. His Teas and Coffees are all right and if he tells me he sells a 50 cent Tea for 35 cents, you may be sure he will do so.
HENRY T. MILLER, Franconstown, N. H.

I am a great lover of a good cup of tea but I have never drank any that I liked so well as the Green Tea sold by G. O. Joslin for 35 cents per pound.
Mrs. H. B. WILSON.

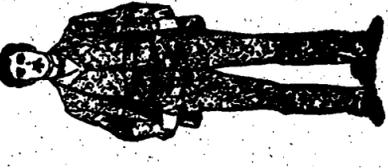

I have used Tea more than fifty years and can truly say I never bought any that I liked so well as the Green Tea I buy of G. O. Joslin.

"Can't Afford to Paint."

The man who says that, forgets that painting properly done is economy, and the fact is he can't afford NOT to paint.
How often you require to paint is largely dependent upon the paint you use.

THE SHERWIN-WILLIAMS PAINTS

They are the most economical paints you can use, because they cover most and wear longest. Add to this their good appearance, and you have perfect paints—The Sherwin-Williams Paints.

They are made for many different kinds of painting. Whichever it is you want to paint—a house, or anything in or out of the house—we make the right paint for that particular purpose—not one slip-shod mixture for all.

Opening of Suits, Coats and Shirt Waists

DAME FASHION is exceedingly kind in her authorization of this Spring's modes. A more pleasing array of Outer Garments were never vouchsafed. The short-coated suits, the jaunty "pony" and the "chic" Eton effects will carry laurels, for they promise to be the vogue. You will only need to see them to be convinced, for they are gracefully "ultra" in effect and style. Every taste, no matter how fastidious, can find perfect fulfillment here. You will be wise to select early.

PRICES—Our regular customers understand that here they can save from \$5.00 to \$8.00 over city prices for the same suits. If you do not understand how we can do it, come in and we will explain and convince you. Alterations, if necessary, made free.

THE NEW SPRING HATS are ready—ready to unfold their subtle charms, surprise and delight you with their graceful and becoming beauty. New York or Boston's most fashionable shops will show hats no prettier—and why should they? Their styles are of Parisian origin, and so are ours, but in the cities you will pay twice our price at least. We cordially invite you and your friends to visit us.

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are consulting your private physician to a woman—a woman whose experience with women's diseases covers a great many years. Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease she has been advising sick women free of charge. Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation. Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

LIFELESS RIDERS.

Thrilling Incidents Cullied From the Memories of War.

A veteran of the British army in India once saw a strange sight on a battlefield. As he tells the story a squadron of cavalry had been held in reserve under cover of a field battery and an infantry regiment. The artillery duel had ended. The assault of the enemy in overwhelming numbers had been repulsed by the steadiness of the infantry. While a cloud of smoke hung over the field the cavalry received an order to charge with drawn sabers.

The troopers started in close order for the enemy's line. Midway they met a destructive fire from earthworks in front of them and from the woods on their flank. A young cavalryman, with his saber drawn, was shot in the heart while leading in the first file. The horse halted, swerved to the right and turned back, but the rider kept his seat without flinching. The other troopers went on, carried the earthwork by storm, rode at full gallop after the retreating force and converted defeat into rout.

The dead trooper meanwhile was returning with white face and with the blood streaming from his wound. Under his nerveless hand the horse received neither check nor leading and made its own way toward the infantry, which was now advancing rapidly. As the smoke lifted the soldiers saw the solitary rider coming, with one hand in a death grip upon the saddle, while the other still held the sword rigidly clasped.

It was a sight never to be forgotten—the galloping horse, with the dead cavalryman still mounted and looking grim and fierce. It was not until the rider had gone fifty yards from the spot where he had been killed that he rolled off the horse.

A similar story is told of Captain Nolan, who delivered the fatal blundering order for the charge of the famous Light brigade. He was seen on the field of Balaklava, riding from the hills where the staff officers were drawn up to the quarter where the brigade was stationed. The charge began, and what was left of the brigade returned in broken groups.

At last Captain Nolan was seen galloping rapidly toward the center of the field. He was firmly seated, straight as an arrow and riding well. Suddenly the horse swerved and the rider toppled over.

The officers who were nearest rushed forward, but when they lifted him from the ground they found him lifeless. Like the Indian saberman, he had been shot and instantly killed, but his horse had carried him safely across the field, out of the reach of the pursuing Cossacks.

The Minister's Tartan.

Every clan of Scottish highlanders had its own tartan, or striped colored cloth, of which the kilt and plaid were made. It is not so well known, however, that the clergy of the highlanders down to a recent date used a tartan for their weekday dress. The tartan of the clergy, as it was called, was a sober cloth of white, black and gray stripes. Ministers who did not care to don the kilt almost always wore the plaid or mantle of this material. In the eighteenth century when the highlanders seldom went unarmed it was the custom of some clergymen to wear swords even at church and to be accompanied by a gillie, or servant, carrying a bow and sheath of arrows. Nothing could better illustrate the disturbed state of those times than this practice on the part of the men who were pre-eminently preachers of peace and universal good will.—Scotsman.

Old English Pence.

Halfpence and farthings were not coined in England before the time of Edward I., and until they were the penny, which was then made of silver, was issued deeply indented with a cross in order that it might be broken into two pieces for halfpennies or into four things, or farthings. The silver penny was the first coin of the Anglo-Saxons struck in England. In 1672 an authorized coinage of copper pennies, halfpennies and farthings was established. Silver farthings ceased to be coined under Edward VI. and silver halfpennies under the commonwealth.

A Mother's Retort.

Dr. Breckenridge, a well known American clergyman, and his two brothers, also of the same profession, one day paid a visit to their mother.

"Do you not think, mother," said he, "that you ruled us with too rigid a rod in our boyhood? It would have been better, I think, had you used gentler methods."

The old lady straightened up and said, "Well, William, when you have raised up three as good preachers as I have, then you can talk!"

Horseless Carriages in 1645.

In one of the letters of Grul Patin, written in 1645, the learned bibliophile says: "It is true that there is here an Englishman, the son of a Frenchman, who proposes to make carriages that will roll from Paris to Fontainebleau without horses in a day. The new machine is preparing in the Temple. If it should succeed there will be a great saving of hay and oats, which are at present extremely costly."

THE RED MASK.

There are for many reasons, few diseases more to be dreaded than Erysipelas, and it has, not inaptly, been termed "St. Anthony's Fire." There is no disease which so completely deforms and disfigures the visage of the patient; and it may fairly be compared to a red mask.

Thrown by a Mocking Demon over the human face. It is almost as dangerous as it is repulsive. Arising from a variety of causes, running its course with pain—it often ends suddenly in death. The old treatment consisted of blood letting, and the use of strong, drastic purgatives.

The Best Modern Treatment is all contained in Dr. Kennedy's Favorite Remedy. Use this, and you have taken the essential total of all the best physicians in the land could prescribe for Erysipelas. Mr. S. B. Carpenter, of Grandville, N. Y., was for some time afflicted with this disease in both legs. He regained his health by the sole use of

Dr. D. Kennedy's Favorite Remedy which is also sure in its action in all other blood diseases. The human system is like a machine,—if one part is out of order the whole goes wrong. The blood is the main spring. Keep this all right and you will not suffer from Kidney and Liver disorders, Piles and Constipation. Among all forms of treatment for these troubles

None Has Even Approached in success the regular and intelligent use of Dr. Kennedy's Favorite Remedy, which promotes an easy and natural action of the digestive organs, eliminates all poisonous germs from the system through the natural channels, stimulates the secretions and is always safe and pleasant for the most delicate constitutions. It acts directly upon the digestive processes, and enables nature to throw off all poisonous influences, no matter whence they are derived.
