Bringing The Educational Work of The State Up to Date.

In considering this subject it is well to read the opinions of those men who know about what they are talking, and herewith is given what two prominent educators have to say about it:

Mr. Doring says: "State Superintendent Morrison is doing great work in unifying the educational system of New Hampshire in bringing it up to date. The town that hasn't a live superintendent who is in touch with the movement is sure to drop behind. It would have as many systems of instruction as it has schools. Teachers to do their best work must have the advice, the inspiration and the help of a competent superintendent."

Mr. E. S. Goodwin now state superintendent of the high schools of the great state of New York, who was for eight years principal of the Farmington high school says: "There is more need of supervision today than there was thirty years ago. No money spent for schools gives a larger return to the taxpayers than that which is expended for school supervision. I indulge in no exaggeration when I say that within the last twenty years the value of skilled supervision has received full recognition from men qualified to speak with authority in regard to educational questions. This opinion is not based on theory. The educational history of the various states during the last two decades establishes the fact very clearly that the schools under supervision are very much superior to those in which teachers are left to themselves without the inspiration, council and encouragement that comes from a wise and experienced superintendent of schools."

The June Delineator is a most attractive number, containing the usual array of the latest styles, with the interesting fashion chronicles of Helen Berkeley-Loyd and Edouard La Fontaine and literary features of the greatest excellence. Burton E. Stevenson contributes the first part of "The Rose of Sharon," a mystery tale that will tax the ingenuity of its readers to solve, and there are many short stories by noted and talented authors. Under the title "The Revival of the Old Assembly," Peter Freneau describes the ball at the Astor House, New York, which called forth national comment at the time it was held, in April. Gustav Kobbe interestingly tells the story of "Home, Sweet Home," and there is a variety of excellent verses. For children there are "Stories and Pastimes," and for the woman of the home, many articles of housewifely interest, including a chapter on "Dirt and Danger in the Markets," in The Delineator's "Campaign for Safe Foods." The Butterick Publishing Company (Limited), Butterick Building, New York.

Letter to W. F. Dickey.  
Antrim, N. H.

Dear Sir: Here's a bully one. Mr. Dooley (not of Chicago), painter, Lancaster, N. H., got the job of painting the Episcopal parsonage. He was used to a paint, as pure as Devoe, but weak and short-measure—he didn't know it was weak or short-measure. Dooley surveyed the job, and said it would take 20 gallons.

Mr. L. F. Moore, our agent, offered to give 10 gallons Devoe. Accepted of course.

Eleven gallons did it: the 10 plus one.

Mr. Moore isn't painting parsonages on shares this year!

Yours truly  
F. W. Devoe & Co

Maine's Lakes and Ponds Almost Free From Ice.

Fishing Season Now On in Earnest.

May 5th the ice left Grand Lake! At the first movement, an army of sportsmen congregated about the shores, waiting to try their luck at Waltonian Sport; while a week before on April 25th, Lake Maranacook announced her opening. As early as April 18th the ice had cleared in the big bay of Sebago Lake, and early salmon fishing commenced at Sandy Beach at the mouth of the Songo River. Indications point to an early departure in the Rangeleys; and Moosehead sportsmen, are echoing the song "Not yet, but soon." In New Hampshire, Sunapee and Winnepesaukee have been furnishing gala sport for almost a month, and the numerous trout brooks and streams throughout New England are being whipped and whipped again by enthusiastic sportsmen. The season has commenced; the big catches will be heralded with the advent of a little warmer weather, when the sport will be on in full. No fisherman wants to let a year pass by without at least one try at the sport of angling. The Boston & Maine Railroad furnishes the information; how to go; what to do; and where to get them; all combined in the "Fish and Game Country," a beautiful illustrated booklet of 60 pages enclosed in a delightfully colored cover. An accompanying booklet, giving in condensed form the Fish and Game Laws, corrected up to date, of Maine, New Hampshire, Vermont, Massachusetts, New Brunswick, Nova Scotia Newfoundland and Quebec, is also issued by this railroad. These two booklets will be mailed for a two-cent stamp to any address by the Boston & Maine, Passenger Department, Boston, Mass.

DO YOU USE AN ATOMIZER in treating Nasal Catarrh? Then you will appreciate Ely's Liquid Cream Balm, the mildest, quickest, surest remedy for this disease. In all curative properties it is identical with the solid Cream Balm, which is so famous and so successful in overcoming Catarrh, Hay Fever and Cold in the head. There is relief in the first dash of spray upon the heated sensitive passages. All druggists 75c, including spraying tube, or mailed by Ely Bros., 56 Warren St., New York.

The Designer for June is already hinting of vacation days. Mary Kil-syth contributes an interesting article, "A Camp in the Woods," and Laura B. Starr one on "The World's Children at Play," while the Vacation Suggestion Departments supplies two practical outlines for spending a few weeks pleasantly and inexpensively. The short stories are numerous and interesting. Fancywork consists of embroidery, lace making, and souvenir postal cards; and "Home-Made Wedding Cakes" and Straw-berries are paid special attention in the "Kitchen Kingdom." All kinds of summer garments are shown in the regular fashion department, and in addition to these are two articles, well illustrated, one on "Bathing Suits," and the other on "Summer Suits for Small Lads." All kinds of decorations for wash dresses and the latest in parasols are pictured and described.

See that your druggist gives you no imitation when you ask for Kennedy's Laxative Honey and Tar, the original Laxative coughsyrup. Sold by Dickey of Antrim and Joslin of Bennington.

Convinced.

It is said that, although the celebrated advocate, Lord Erskine, was sometimes jocular and occasionally a little unfair in his treatment of witnesses, no man was better able than he to make them realize the foolishness or utter irrelevance of their replies without giving offense. At one time a witness obstinately refused to be sworn in the usual manner, but stated that, although he would not "kiss the book," he would "hold up his hand" and swear. Erskine asked him what reason he had for preferring such an eccentric way to the ordinary method.

"It is written in the book of Revelation," replied the obstinate man, "that the angel standing on the sea 'held up his hand.'"

"That is very true," said Erskine, with a smile, "but I can hardly see how that applies to your case. In the first place, you certainly are not an angel, and, in the second place, you cannot tell—you have no means of knowing—how the angel would have sworn if he had stood on dry ground as you do."

There was no flippancy or irreverence in Erskine's tone, and after a moment's reflection the stubborn witness yielded the point, impressed by the advocate's common sense view of the matter, and took the oath in the usual manner.

How to Tell Them Apart.

Mr. Knowall (laughing)—Can you tell me, Miss De Witte, what is the difference between a wise man and a fool? Miss De Witte—A wise man knows he is a fool and is miserable; the fool thinks he is wise and is happy.

No Excuse For Catarrh

Worst Cases Quickly Cured by Breathing Hyomei. Guaranteed by W. F. Dickey.

There is really not the slightest excuse for anyone having catarrh, now that Hyomei is so widely known and so easily obtained. The worst cases of catarrh are quickly cured, simply by breathing the remedy through the pocket inhaler that comes with every outfit.

The complete outfit, consisting of a neat pocket inhaler, a medicine dropper, and a bottle of Hyomei coats only one dollar, while extra bottles can be obtained for 50 cents, making Hyomei the most economical, as well as the most reliable method for curing catarrh.

W. F. Dickey positively guarantees a cure when Hyomei is used in accordance with directions, or he will refund the purchase price.

I Want to Say a Few Words to the Tea and Coffee Drinkers!

**Thousands Have Kidney Trouble and Never Suspect It.**

**How To Find Out.**  
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

**What To Do.**  
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

**Head Ache Sometimes?**

If so, it will interest you to know that it can be stopped with Dr. Miles' Anti-Pain Pills; and without any bad after-effects, and this without danger of forming a drug habit or having your stomach disarranged. They positively contain no opium, morphine, cocaine, chloral, ether or chloroform in any form. Dr. Miles' Anti-Pain Pills relieve pain, and leave only a sense of relief. The reason for this is explained by the fact that headache comes from tired, irritable, turbulent, over-taxed brain nerves. Anti-Pain Pills soothe and strengthen these nerves, thus removing the cause. They are harmless when taken as directed.

"We use Dr. Miles' Anti-Pain Pills for the cure of headache and we think that there is nothing that will equal them. They will cure the severest spell of nervous or sick headache in a very few minutes. I am of a nervous temperament, and occasionally have spells when my nerves seem to be completely exhausted, and I tremble so I can scarcely contain myself. At these times I always take the Anti-Pain Pills, and they quiet me right away. It is remarkable what a soothing effect they have upon the nerves."

## Insurance—The People.

As a sequel to the terrible catastrophe at San Francisco, in the "face and eyes" of the grand announcement that the fire insurance companies will pay every cent of the losses called for by the policies, comes the information that fire insurance rates will probably advance from 10 to 25 per cent in consequence.

The Standard Oil Co., after subscribing \$100,000 for the California fund, turned about and lifted the price of oil and gasoline one-half cent per gallon.

When there is a misunderstanding between the coal barons and the miners, pending a settlement or readjustment of matters, the price of coal merrily soars upward to the limit.

In the heated life insurance discussion and investigation which some of the larger companies have been indulging in much against their wishes, the corporations were not the only losers.

And so it goes! It is easily seen that in almost every case it is the "dear people" who will pay a big share of the contributions, losses, etc., and but little is being said about it; however, there is much thinking being done, and some day definite action will be taken. Many of the corporations referred to are paying big dividends and piling up large sums in surplus,—as if the people would not be better satisfied with less "squeezing" and better usage. Only by using the people right, will the management of vast interests be allowed to keep in control of affairs,—examples have already been made and more will follow. The people will only stand about so much of such a thing and then —! One privilege they have and that is if they can afford to pay only a certain sum for life or fire insurance, as well as other things, it matters but little really what the rate is, they will buy that much, and the corporations will be left to "bleed" the fellow who has the money or gets it by "bleeding" some other fellow. It is a bad condition of things, but can anyone truthfully deny that such a condition does not exist?

If, perchance, a copy of this paper should fall in to the hands of any who are in search of a new location—a place where church, school and social advantages are given emphasis, and where you can live out your allotted number of years, without fear of pestilence or famine, we say, like one of old, "Come thou with us and we will do thee good," without emphasis on the "do."

Have you weakness of any kind—stomach, back, or any organ of the body? Don't dope yourself with ordinary medicine. Hollister's Rocky Mountain Tea is the supreme curative power. 35 cents, Teas or Tablets. Sold by Dickey of Antrim and Joslin of Bennington.

The only thing left of the old San Francisco is the "spirit of '49."

## My Hair is Scraggly

Do you like it? Then why be contented with it? Have to be? Oh, no! Just put on Ayer's Hair Vigor and have long, thick hair; soft, even hair; beautiful hair, without a single gray line in it. Have a little pride. Keep young just as long as you can.

"I am fifty-seven years old, and until recently my hair was very gray. But in a few weeks Ayer's Hair Vigor restored the natural color to my hair so now there is not a gray hair to be seen."—J. W. HANSON, Boulder Creek, Cal.

The Ocean accident Insurance Company has refused to pay an accident insurance policy in the case of a fatal automobile accident on the ground that automobilists are monomaniacs on the subject of speeding their machines. Pedestrians have thought this all the time only they say it a little more harshly.

Whatever may be said of Commissioner Garfield he is certainly not sensational. Anything less "yellow" than his findings on the beef trust is only to be found in the report of his investigations of the Standard Oil Trust. Only a tame mind and pen could make so little of such good material.

A good complexion is impossible with the stomach out of order. If pasty sallow people would pay more attention to their stomachs and less to the skin on their faces, they would have better complexions. KODOL FOR DYSPEPSIA will digest what you eat and put your stomach back in right shape to do its own work. Kodol relieves palpitation of the heart, flatulence, sour stomach, heart burn, etc. Sold by Dickey of Antrim and Joslin of Bennington.

"The past year was the most prosperous in the history of the Mutual Benefit Life Insurance Company and it is not difficult to account for the fact. The storm of public opinion that was aroused against the "big three" was the opportunity for the smaller companies, particularly for a strong conservative, well managed annual dividend company like the Mutual Benefit. The sixty-first annual statement shows splendid increases. There is no stronger or better managed life insurance company than the Mutual Benefit. Its growth has been steady and its business is of the persistent kind, owing to the satisfaction felt by its policy-holders in the absolute security of the company and the exceptionally large dividends which it has always paid."—The Insurance Record, New York, January, 1906.

### SUICIDE BY HANGING.

News reached this village Monday afternoon of the death by suicide of Owen Boutelle, at his home near Elmwood, on the road to this village.

Mr. Boutelle seemed to be in his usual health and spirits Monday morning, but did not appear when dinner was ready, and search by his wife resulted in finding him hanging in the barn across the road from the house. Neighbors were hastily summoned, the body was cut down and worked over for a long time by those present, and altho' there were at times signs of returning life the attempt was at last abandoned as useless.

Medical Referee F. G. Warner of Antrim viewed the remains and pronounced the case suicide.

No cause can be ascribed to the rash deed except despondency over ill-health and inability to turn off as much work on the farm as did his neighbors. Deceased was in good circumstances and seemed to have everything to live for. He was about 60 years of age and is survived by a wife and a daughter by a former marriage.

Funeral services will be held from the home to-day Wednesday.

### HE PROBABLY KNOWS

About the Latest Styles in Decorating, Painting and Paper Hanging.

He has certainly had the opportunity, as he has traveled 'about all over the United States in the past three years, and has worked in some of the Largest Hotels of Florida, Fine Residences and Departments in Washington, New York, and other cities East and West. It seems to be the prevailing style to use flat or dead coats for all inside painting, except for kitchens and walls where a great amount of wear comes; Varnish flared Paints are used and they wear well and clean well. For hardwood finishing, everything is rubbed to a dead finish for best work. In Washington and New York about every room is papered. MOIRE is the most popular Ceiling Paper and it is made in shades to match all papers. The two-thirds effect seems to lead for Dining Rooms, Living Rooms, Libraries and Chambers, with Picture Moulding in angles or dropped ceilings, chair rail, plate rail or photo rail. There is no end of variety in Wall Papers this year. Call and see samples, or we will bring them to your home if you will send a postal card. Don't buy Borders by the yard, a roll of Border costs you no more than a roll of Paper. Don't let anybody put anything but lime on your whitewashed ceilings. Don't let anyone paint your walls without stippling them. If you are discouraged with your Varnished Floors, try waxing them. We will be pleased to estimate and give you bottom prices for

Painting Your House, Your Carriages, Your Signs, or Your Furniture.

We shall hang Wall Paper, trim both edges, butted or catch-lapped for 15 cents roll, ceiling or side wall; one edge trimmed, 12 1/2 cents roll. All Inside Work, 20 cents per hour; Whitewashing, 25 cents coat. Wall Paper in stock, 5 cents a roll and up. Mouldings, Chair Rails, etc. We Are At Home and Ready For Business.

## THREE FACTS

### For Sick Women To Consider

**FIRST.**—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

**SECOND.**—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, inflammation of the female organs, weakness and displacements, regulating the periods perfectly and overcoming their pains. It has also proved itself invaluable in preparing women for childbirth and the change of life.

**THIRD.**—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

**Mrs. Pinkham's Standing Invitation to Women.**—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

Miss Edna Gangloff of Antrim was in town Monday to attend her aunt's funeral.

It is not often there are two funerals in one day in a small place like this, but Monday there were two at the church; neither of the persons died in town.

Mrs. Galespie died in Boston, or near there, after an illness of only a few days. Her funeral was at eleven o'clock. Her husband worked at the glass factory when it was in operation here. He died and was buried here several years ago. Mrs. Galespie was a kind, christian woman, and will be kindly remembered by many friends here.

Mrs. Augusta Ross died in the hospital at Nashua. Her maiden name was Shedd, and was the last of a large family of children. She was the daughter of Peter Shedd, who used to live in Bennington. Her husband was a glass blower here years ago but died several years since after a long and painful sickness, during which he was very tenderly cared for by Mrs. Ross. She was a very kind, faithful woman and a christian, and will be missed by a large circle of friends. She leaves a daughter and son. For the past few years she had kept house for Luther Eaton of Harrisville and had her son with her.

## GRAVEL CURED

(Philadelphia, Penn., Item)  
A healthier, happier man than John J. Neill, of 2477 North 25th St., Philadelphia, could not be found in a day's search. The fact that he is still alive is a constant wonder to his friends.  
Several years ago he began to suffer in describable misery from stones in the bladder. An eminent physician in Philadelphia told him that a surgical operation was necessary. So much did he dread the result, for if unsuccessful it meant death, that he put off the evil day as long as possible. While in this frame of mind, he heard of

### DR. DAVID KENNEDY'S FAVORITE REMEDY

Although disheartened, he bought a bottle of it, and within a month had experienced beneficial results, and before he had finished the third bottle, the gravel was completely dissolved and his sufferings at an end.  
Mr. Neill feels that he owes a lasting debt of gratitude to Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y., and for disorders of the bladder and urinary organs. He says: "It will effect a cure if one is possible."  
Favorite Remedy is prescribed with un-failing success for rheumatism, dyspepsia, constipation, and nerve troubles in which it has cured many that were considered beyond the aid of medicine. All druggists, \$1.
