Carpets and Rugs!

In our Carpet and Rug department, we are showing the largest range in patterns and prices, of any house in this County. In the various grades, from the low-priced cotton at 25c, up to the best Body Brussels at \$1.50. The line represents the cream of American production.

Jobs and imperfect goods you cannot find here. We handle nothing but what we can fully guarantee as to perfect weave and wearing qualities. When a house offers you tempting prices on well-known grades of floor coverings, you can make up your mind at once that they are imperfect in some way. The market is full of these goods, and you should be suspicious of tempting prices, and buy your floor coverings of a firm that stands behind every yard sold.

This We Do!

We are offering, until present stock is all exhausted, a splendid value in a Tapestry Brussels at 85c per yard. Your pick of several patterns.

Four patterns in a Tapestry Brussels Rug, in one piece, strictly first class, size 9x12, price is \$15.00

50 other patterns in carpet size Rugs, at prices lower than those of other houses.

We are better prepared than ever to estimate on your carpet needs. Will you allow us to do so? A request on postal will bring us to your house with a full line of samples.

WALLACE-PACKARD.

One of Antrim's Young Ladies Weds a Massachusetts Clergyman.

ON Saturday of last week, at the home of the bride's parents, Mr. and Mrs. Silas G. Wallace, occurred a very pretty wedding, when Miss Mary L. Wallace was united in marriage to Rev. Harrison L. Packard of Bridgewater, Mass., by Rev. H. F. Brown of New Boston, a former pastor of the Baptist church here.

The happy couple were married at noon, in the presence of the immediate family, after which a wedding breakfast was served, and the contracting parties took the afternoon train for a short wedding trip; returning they will go to their new home in Kingston, Mass., where Rev. Mr. Packard is pastor of the Congregational church, and over which he is to be ordained this present week.

Mrs. Packard is one of our bright young ladies, a graduate of Bridgewater (Mass.) Normal school, in which schools she has taught for the past ten years. Mr. Packard is a graduate of Amherst college, of the theological seminary at Andover, and has been preaching of late at Kingston, where he has accepted a call. There are many friends here who wish for Rev. and Mrs. Packard many years of happiness and prosperity in their new relations.

The assortment of useful and beautiful presents was complete and proves the respect in which the worthy couple is held by their many friends.

GILMAN H. CLEAVES,

A Long Time Resident of Antrim, Died Very Suddenly.

ON Thursday of last week, when it was least expected, owing to his having been able to perform a day's work on Wednesday, it was reported that Gilman H. Cleaves was dead. He was taken sick in the morning, suffering intense pain; after about two hours of attention by a physician, he felt considerably better. About one o'clock, however, his breath was suddenly cut off and apparently without a struggle, he died; cause being neuralgia of the heart. His age was 70 years, and since the death of his wife a few years since had resided alone on his home farm on Hancock street near the

village. Not feeling well on Thursday morning, he went to the home of a neighbor, Eugene Woodward, where he died.

Mr. Cleaves was one of the older residents of the town, and while a quiet, unassuming man, will be missed around the village where he always worked at carpentering. He married Susan M. Preston of North Branch, this town; he leaves one son, Fred J., who does not live at home. Deceased was considered an honest and upright man, having been long a member of the Presbyterian church and for many years a member of the Session.

Funeral services were held on Saturday at the Presbyterian church, at 1:30 o'clock, and in the absence of Dr. Cochrane, Rev. William Hurlin officiated. The members of Waverley Lodge, I. O. O. F., of this town, were present in a body and had charge of the services, deceased being a long-time member of the order. Interment was in Maplewood cemetery.

BACCALAUREATE SERMON.

Delivered to the Class of 1906 on Sunday Evening of This Week.

REV. CHARLES H. OHAPIN, of New Salem, Mass., a former resident and native of Antrim, upon invitation, delivered the annual sermon before the graduating class of our High school, in the Presbyterian church, Rev. E. S. Collier of the Methodist church presiding. A goodly number was present and listened attentively to a thoughtfully prepared and nicely delivered address. The speaker took for his text words found in Ecclesiastes, 1st chapter and a portion of the 7th verse: "All the rivers run into the sea; yet the sea is not full."

The Arrangements for the July Fourth Celebration at Antrim

ARE progressing nicely and the executive and other committees state that everything is coming along all right. One very important thing that the management wishes to emphasize is that the parade, sports, etc., must be started on time, and thus avoid delays and disappointments. Surely every one will assist in granting this request; as only by co-operation can the occasion be the success it deserves.

Hillsborough County W. C. T. U.

The twenty-sixth annual convention of the Hillsborough county Woman's Christian Temperance Union was held in Congregational church, Wilton, June 7, 1906. These meetings are held in June and December of each year. The election of county officers comes in June; last year's board was re-elected and are as follows:

Pres.—Mrs. D. A. Safford, Peterboro.

Vice Pres.—Mrs. A. B. Jones, Manchester.

Sec'y.—Miss C. N. Brown, Manchester.

Treas.—Mrs. R. N. Whittemore.

The program for the day was varied and interesting including devotional exercises, music, collection; a basket collation at noon, which was supplemented by the entertaining union with hot coffee and beans; yearly reports of Co. Superintendents of different lines of work; reports from local unions; business; discussions; question box; an original poem by Miss L. N. Adams, Hollis; most excellent addresses by Mrs. D. A. Safford of Peterboro, Mrs. Levi Putnam, Wilton, the last one by Mrs. C. E. Henry Peterboro, whose subject was "Wanted, Young Women in the Temperance Reform." We regret that there were not more young ladies to hear it. Owing to threatening weather the attendance was smaller than usual.

Kodol Dyspepsia Cure "Digests what you eat."

"Coniston."

A new novel by the author of "Richard Carvel," "The Crisis," etc., Mr. Winston Churchill, is out today, published by the Macmillan Company of New York.

Mr. Churchill is the most popular novelist in the United States at the present time, according to the reports of the best-selling books gathered by The Bookman. His new book does not belong to the series dealing with American history, in which "Richard Carvel" and "The Crisis" and "The Crossing" have appeared, but is a love story of a no less engrossing kind. Enjoyable as Mr. Churchill's books are, considered merely as fiction, they are quite as noteworthy on account of their pictures of life, their interesting side-lights on history, and their attractive characters. Always written with spirit and vigor, they deal with people, adventures and scenes that deeply interest the average man and woman.

This new book is a vivid picture of New England life. The development of the author's hero's political power is outlined with deep insight, with a full sense of the value of contrasts. The potent feminine element is by no means neglected.

Many interesting political contests are woven into the story, and there is a good deal of humor in it. The greater part of it takes place between 1870 and 1880. It is a very careful study of rural life and manners and state politics in New England during the nineteenth century.

The song of life starts as a madrigal and ends as a dirge.

Excursion Rates and Tours

Boston & Maine Book of Rates and Routes FREE.

The Boston & Maine Railroad has recently issued their 1906 book which contains railroad rates and various routes to the principal resorts, also a list of interesting side trips, steamboat connections, rates in parlor and sleeping cars, and all necessary information required by the summer tourist. This book will be sent free to any address by the General Passenger Department, Boston & Maine Railroad, Boston, Mass.

A. A. Baker Among The First in His Class.

Among the number of midshipmen of the second class who will on recommendation of the academy board remain at the Naval academy at Annapolis during the summer to take a special course of study and graduate the coming September, is Albert Asa Baker, of this town, a graduate of Antrim High school; he is son of E. W. Baker and wife, and receives special mention as one of the leaders in his class.

MAKE A NOTE NOW to get Ely's Cream Balm if you are troubled with nasal catarrh, hay fever and cold in head. It is purifying and soothing to the sensitive membranes that line the air-passages. It is made to cure the disease, not to fool the patient by a short, deceptive relief. There is no cocaine nor mercury in it. Do not be talked into taking a substitute for Ely's Cream Balm. All druggists sell it. Price 50c. Mailed by Ely Bros., 56 Warren Street, N. Y.

CURES
RHEUMATISM
LUMBAGO, SCIATICA
NEURALGIA and
KIDNEY TROUBLE

"DROPS" taken internally aids the blood of the poisonous matter and acids which are the direct causes of these diseases. Applied externally it affords almost instantaneous relief from pain, thus a permanent cure is obtained by purifying the blood, dissolving the poisonous substance and removing it from the system.

DR. S. D. LAND
of Brown, Ga., writes:
"I had been a sufferer for a number of years with Rheumatism and Sciatica in my arms and legs, and had tried all the remedies that I could get, but without any result. I was so disabled that I could not do any of the best of my work, and I was in constant pain. I was told that I should try Dr. S. D. Land's Drops, and I did so, and I am now free from all my troubles. I can now do all my work, and I am in good health. I can recommend this medicine to all who are suffering from these diseases."

FREE
If you are suffering with Rheumatism, Neuralgia, Kidney Trouble or any kind of disease, write to us for a trial bottle of "DROPS." And test its power.

"DROPS" can be used any length of time without acquiring a "drug habit," as it is entirely free of opium, cocaine, alcohol, laudanum, and other similar ingredients.

FRANCETOWN.

James Colburn and wife, former residents, are visiting with his brother, E. W. Colburn.

Edward Bixby and wife are at his mother's, Mrs. Ada Bixby's.

G. Frank Foote and wife and daughter returned home the first of the week.

Schools closed last week. Prof. Newton and sister went to Boston Saturday morning.

Children's day was observed June 17.

Quite a number of our young ladies will work at the mountains.

The community was greatly shocked Thursday morning, 7th inst., to learn of the death of Miss Emma Foote, after a short illness of three weeks of heart and bronchial trouble. The best of care and medical attendance were of no avail. Wednesday evening she passed quietly away, like going to sleep, sweetly saying: "I want to go home."

We cannot attempt to speak of the break her going makes in the home; a devoted daughter and sister, and always a true friend; wherever she was known the expressions are alike in her praise.—always frail yet she did her work with all the fond ambition of stronger ones. She was devoted to her work of music, which was a part of her very life, making a success of all she undertook as teacher of music, as organist at church, in her work at post office, even in her correspondence, she was just and true and showed the same faithfulness and willingness to help all she could. The family have the sympathy of many near and dear friends.

The funeral services were held at the house and were largely attended. Oak Hill grange of which she was a member attended in a body. R. V. H. A. Coolidge, a former pastor and true friend, officiated, assisted by Rev. Mr. Smith. Words of comfort were spoken by Rev. Mr. Coolidge, which will linger long in the memory of the stricken ones, and her life work was alluded to so tenderly as a christian worker. The remains rested in a white casket surrounded by beautiful floral tributes, the following being a list: pillow, with name, Emma, father and mother; garland of pink pinks, brothers and wives; harp, with broken string. Geo. Downes and sister; garland of pink pinks, from the choir; garland of pink pinks, ladies' benevolent society; garland of 30 pink and white pinks, Oak Hill grange; garland of white pinks, Mr. and Mrs. M. L. Colburn, Mr. and Mrs. Walter Bailey, Mr. and Mrs. Charles Jellison; white pinks, C. H. and F. Belcher and wives; pinks, Mrs. Carrie Prince, Mrs. Elsa Petter; 30 snow balls, Mr. and Mrs. J. H. Whitefield; cut flowers, Mrs. P. M. Foote and daughter; cut flowers, Mr. and Mrs. E. E. Whitefield; bouquet of white flowers, Mr. and Mrs. Robert; pansies, Mrs. Eda Blanchard; lilies of valley, Miss Kingbury; cut flowers, Mrs. Dow; carnations, Mrs. Colby; cut flowers, Mrs. Knight; cut flowers, Eda Richardson.

The bearers were Frank and Chris Belcher, Levi M. Bixby, George R. Smith. Beautiful singing by Mr. and Mrs. C. B. Epps and a selected choir by Rev. Mr. Coolidge.

George Downes was funeral director.

Interment in No. 3 cemetery.

There is no sunshine for me,
As I stand and dream;
The light has gone from out our home,
Our dwelling is not here.

Yes, alone, no more now,
From my dear ones no more;
The gentle voice, the kindly way,
We miss them every where.

The church, the home and town,
Is everywhere so full of them,
We gaze upon each kindly face,
But cannot find them.

The vacant room, the empty one,
It seems too much to bear;
We seek the face and only find,
The vacant place and chair.

For many years she's been our joy,
A blessing presence ever near;
But now she's not there, and we have lost her,
And left our home so drear.

So pure, so true, so lily white,
We thought her all our own
Till the chilling breath touched the flower
So fair,
And took her from her mother's care.
But list, I hear a voice it comes from the
other shore,
The loved one speaks and says to me;
Cease to weep and dry those tears,
I'm only gone before to wait for thee.
Then breaking heart, be quiet,
And know its God's own will;
She is your own, your very own,
And she is with you still.
So in God's hands we rest,
And wait his own good time
To take us home to meet her
Who in his glory shines.
Lines written by her Mother.

A COLOSSAL GORGE.

The Sublime Beauties of the Grand Canyon of Arizona.

This terrific gash is more than 200 miles long and more than a mile deep, and its area exceeds 2,000 square miles. From the El Tovar rim, on which I stand, to the gleaming, snow veined crags on the opposite side of this stupendous cleft the distance is thirteen miles. Human vision cannot take in the full extent of this wide pageant of terror and glory nor is it within the capacity of words to set forth its overwhelming splendor. The plain on which I stand is nearly 8,000 feet above sea level, and here, in a prodigious fissure—gaunt, abrupt, frightful and wonderful—are assembled mountains, valleys, enormous rocks, precipitous crags, ravines of mystery and forests of gloom, through which the black waters of the Colorado rush onward in their restless flow and over which the dauntless eagle wings its upward flight to meet the sun. All the forms are here that imagination could construct, and all the colors are here that glow in sunset skies. Far down in the subterranean vista the forests show like green lawns. Not less than seven geologic periods in the physical history of the planet are displayed in the layers of tinted rock—black, green, gray, red, brown, blue, pink, orange and alabaster, with many other mingled hues—that constitute the walls of this colossal gorge; walls that seem continuous and unbroken, yet everywhere are rifted with lateral fissures, the beds of mountain streams that swell the flood of the great Colorado river. The American continent has nowhere else a spectacle to show commensurate with this in beauty, grandeur and awe.—William Winter in Pacific Monthly.

AQUATIC PLANTS

How They May Be Successfully Cultivated in Tubs.

The cultivation of aquatic plants in tubs makes it possible for any one to try his skill with them. Of course he need not expect to be able to grow the rarer sorts of nymphæa, but he can succeed with many beautiful varieties of water lily and other plants of that class. A half barrel is not very attractive in itself, but its lack of beauty may be concealed by the plants, or it may be sunk its depth in the earth. When it contains a fine specimen of some aquatic plant we will forget all about its lack of grace. When preparing for these plants put in rich black mud from the bed of streams or muck from swamps to the depth of a foot; then plant your roots in it and fill with water. Add enough water from time to time to make up for that which is lost by evaporation and give the tub a sunny place in the yard or garden. If you want to grow more plants than one tub will accommodate, it is a good plan to take four, five, six, or as many as you may decide on, and have them sunk in the ground close together, so that the general effect will be something like that which a large tank would give. A better plan, though a more expensive one to carry out, is to have a tank constructed of heavy planks. These should be securely bolted at the ends and the joints made tight by white lead in the grooves.

The Human Body's Tireless Organs.

Man has within him a stationary engine called his heart, which, with its veins and arteries, constitutes a perfect system of hydraulics, compared with which man's best work is clumsy, intricate and wasteful. The lungs are a working bellows, the most perfect method of sanitary ventilation. The stomach is a working vat of marvelous perfection. The brain is a wondrous condenser, and the skin is a great working evaporator, with reserve automatic appliances, ready for extra work in moments of need. All these are in action at all times, day and night, tireless, unceasing, self winding and repairing, for seventy years or more.

Pride of Ancestry.

"I'm proud of the fact that my grandfather used to spit nails," declared Swelsome Donothing.

"So," said his friend.

"Yes, indeed. If he hadn't I'd probably have been splitting wood myself instead of blowing in his money."—Detroit Free Press.

Thousands Have Kidney Trouble and Never Suspect It.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

State-Trade Report.

Reports to Bradstreet's for the week say that retail trade has improved somewhat, the warm weather the first of the week being what was needed to start trade on summer goods. Farmers are complaining somewhat that the large amount of rain is keeping the ground so wet that it cannot be worked on; this is especially so in sections where intervals are planted, as the streams are so high that much of this kind of ground is flooded. Grass is looking well in nearly all sections and all indications point to more than an average crop. Summer travel has already started in and there are already more visitors in the state than was ever known so early in the season; the extra mountain trains have not been put on as yet but the regular trains are crowded. Manufacturing conditions remain about the same business being good in nearly all lines, the woolen trade being the slowest of any. Wholesale trade is good but collections remain somewhat slow.

The locomotive works at Manchester are rushed with work and all other manufacturing lines are fully employed. Labor of all kinds is in demand and there is a shortage of help in some lines.

At Milton with the shoe factory, paper and leather board mills all running, business is the best known for years.

At Concord, conditions in all lines of business were never better and labor is in good demand.

Claremont reports that wet weather has delayed planting on heavy soils but grass is looking well; all industries here are busy.

At Franklin, the paper, hosiery and woolen mills and the machine shops are all exceedingly busy.

The paper and lumber mills at Berlin are rushed and there is considerable building going on.

At Nashua the labor difficulties are practically at an end and all plants have resumed work; the industries are fully employed and there is no idle help.

All industries at Lebanon are fully employed.

Dover reports its industries generally running full time, although some departments in the mills are somewhat dull; retail trade is up to the average at this season.

The hosiery mills at Laconia are running full time, the car works are rushed and the lumber mills have all they can do.

Don't be fooled and made to believe that rheumatism can be cured with local appliances. Hollister's Rocky Mountain Tea is the only positive cure for rheumatism. 35 cents. Tea or Tablets.

Resolutions

Tendered by Hand in Hand Rebekah Lodge on the death of Mrs. Chas. H. Dutton.

WHEREAS, it has pleased the Great and Allwise Father of the Universe to remove suddenly by death from this sphere of her untiring usefulness our excellent and much esteemed sister, Mrs. Edna Dutton, therefore

Resolved, that it is with no common feeling of sadness that we have been called upon to part with our beloved sister, who has proved a trust-worthy and consistent member of our Fraternity and who, also by her amiable disposition, loving spirit and unspotted life has endeared herself to our hearts.

Resolved, that by her simple life and exemplification of our principles "Friendship, Love and Truth," she was prepared to answer the summons to "Go up higher" cheerfully and with Christian resignation.

Resolved, that in obedience to the principles of our Order which bids us "weep with those who weep" we hereby tender our most heartfelt sympathies to the immediate relatives who have been bereft of a noble and loving wife, daughter and sister, a devoted and affectionate mother. May they find abundant consolation in the memory of her many virtues and the promises of God.

Resolved, that a copy of the resolutions be sent to the family of Sister Dutton, be placed upon the records of the order and published in the Antrim Reporter.

MARTHA E. KNIGHT
JENNIE M. BASS
JENNIE E. ADAMS,
Committee on Resolutions.

We heard a young man remark last week that, "The world owes me a living." It is hoped for that young man's good that he'll get the notion out of his head. It's a mistake, a grave mistake. He never entertained a more foolish idea nor one which will bring him a smaller measure of respect. The world owes the young man nothing, but instead he owes the world and society an active, noble manhood, a steady, honest energy which will enable him to associate with decent men and women in a true manliness of character that will make his friendship valuable and his presence and companionship desired. The truly intelligent activity, and this young man should contribute to society's happiness and welfare the grace which comes through study, toil and honest thought.

CASTORIA

THE CENTAUR COMPANY, NEW YORK CITY.

ASK Mr. Hulett! HE PROBABLY KNOWS About the Latest Styles in Decorating, Painting and Paper Hanging.

He has certainly had the opportunity, as he has traveled about all over the United States in the past three years, and has worked in some of the largest Hotels of Florida, Fine Residences and Departments in Washington, New York, and other cities East and West. It seems to be the prevailing style to use flat or dead coats for all inside painting except for kitchens and walls where a great amount of wear comes; Varnish flat Paints are used and they wear well and clean well. For hardwood finishing, everything is rubbed to a dead finish for best work. In Washington and New York about every room is papered. MOIRE is the most popular Ceiling Paper and it is made in shades to match all papers. The two-thirds effect seems to lead for Dining Rooms, Living Rooms, Libraries and Chambers, with Picture Moulding in angles or dropped ceilings, chair rail, plate rail or photo rail. There is no end of variety in Wall Papers this year. Call and see samples, or we will bring them to your home if you will send a postal card. Don't buy borders by the yard, a roll of Border costs you no more than a roll of Paper. Don't let anybody put anything but lime on your whitewashed ceilings. Don't let anyone paint your walls without stippling them. If you are discouraged with your Varnished Floors, try waxing them. We will be pleased to estimate and give you bottom prices for

Painting Your House, Your Carriages, Your Signs, or Your Furniture.

We shall hang Wall Paper, trim both edges, butt or catch lapped for 15 cents roll, ceiling or side wall; one edge trimmed, 12½ cents roll. All Inside Work, 26 cents per hour; Whitewashing, 25 cents coat. Wall Paper in stock, 5 cents a roll and up. Mouldings, Chair Rails, etc. We Are At Home and Ready For Business.

EGYPTIAN CIVILIZATION.

its Origin One of the Unsolved Enigmas of the World.

The origin of Egyptian civilization has been the enigma of the world for the past twenty-five centuries. Presenting no historic or even mythic infancy, it appears before the world at once as a highly civilized and organic community centuries before Moses was a boy. Upon this subject Heran says, "Egypt has no archaic epoch, but suddenly takes its place in the world in all its matchless magnificence, without father and without mother and as clean apart from all evolution as if it had dropped from the unknown heavens." Would not an explanation at least feasible be found in the hypothesis that it received its civilization from some source no longer existing? Menes, the first historic figure in its long line of dynasties, the outlines of whose personality loom up waveringly indefinitely but grandly impressive against the deep mythic background of prehistoric story at least 4500 B. C., conceived and executed enterprises extorting the warmest admiration from the best engineers of the twentieth century. Did he not alter the course of the Nile by vast embankments to gain stable foundations other than in shifting sands for his sacred city of Memphis and construct the artificial lake of Moeris, 450 miles in circumference and 350 feet deep, as a reservoir for the waters of the Nile?

Look, too, at the colossal achievements of his successors in architecture, sculpture, engineering, astronomical, political, medical, social and military science, to say nothing of navigation and theology. Witness the ruins of the Labyrinth recorded by Herodotus, which had 3,000 chambers, half of them above ground and half below, a combination of courts, chambers, colonnades, statues and pyramids. Witness the wonders of the magnificent temple of Karnak, which still awakens our admiration, a temple, as Denon says, wherein the Cathedral of Notre Dame in Paris could be set inside one of its halls and yet not touch the walls. Witness the sublime pyramids originally built in honor of the sun god Ra and for use as astronomical observatories, the splendors of Memphis, Thebes and Heliopolis, of the sphinx and the obelisks, the sanctuary and the numerous temples with the ruins of which the land is still filled.—Exchange.

CATCHING TURTLES.

Methods Used by the Fishermen of the Tropics.

Turtles are always captured at night and usually on moonlight ones. This is the time they go on the shore to lay their eggs. They select a smooth, sandy beach, dig holes in the sand, deposit their eggs there and leave them to be hatched by the heat of the sand. When the turtles are on shore for this purpose hunters come upon them, and they are easily overtaken, for turtles are slow movers. The hunters have not a very strenuous undertaking. All that is necessary to be done is to turn the turtles on their backs and leave them until the next day, when they are removed.

Another more curious way of catching turtles is by fishing by the remora, a fish found in the tropical waters. The popular name of this fish and the one by which the children of those countries call them is the sucking fish. This name is given to them on account of a disk on their heads, by which they can attach themselves to any smooth surface, like the side of a shark, a ship or the shell of a turtle. This disk is like the soft leather "suckers" that are popular with schoolboys. When this fish has once attached himself to anything you can pull him to pieces rather than force him to release his hold.

Turtle hunters go in boats and carry several of these remoras in tubs. When they see a turtle and get near him the sucker is sent after him. He is held by the ring on his tail, which in turn is attached by a stout cord. Soon the fish is securely fastened to the shell of the turtle, and turtle and fish are hauled into the boat together. Once in the air the remora loosens his hold and is dropped back into the tub to rest until another turtle is sighted.—Washington Star.

Govern Yourself.

Men and women often say they can't govern themselves. That is simply admitting they have defects of character which are their masters. They ought to make effort and see if they are not mistaken. The worst effects of lack of self control are on the health. It allows every kind of bad habit in eating, drinking, dressing and sleeping to get in possession of the person, and the result is a weak instead of a strong character.—Home Notes.

The Drawback.

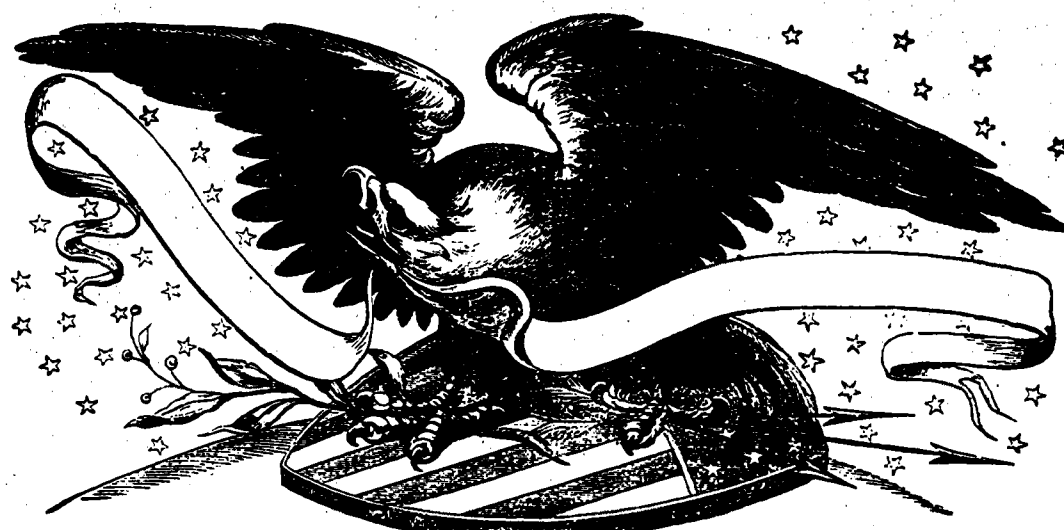

"How do you like being civilized?" asked the philanthropist.
"Well," answered the simple child of nature, "civilization is great for the mind, but it is mighty hard on the digestion."—Washington Star.

Ability doth hit the mark where presumption overshooteth and diffidence falleth short.—Cusa.

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Guided Thousands to Health.—How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Alice Berryhill.

It is a great satisfaction for a woman to feel that she can write to another telling her the most private and confidential details about her illness, and know that her letter will be seen by a woman only.

Many thousands of cases of female diseases come before Mrs. Pinkham every year, some personally, others by mail. Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as she has been.

Mrs. Alice Berryhill, of 313 Boyce Street, Chattanooga, Tenn., writes:

Dear Mrs. Pinkham:—

"Three years ago life looked dark to me. I had ulceration and inflammation of the female organs and was in a serious condition. My health was completely broken down and the doctor told me that if I was not operated upon I would die within six months. I told him I would have no operation but would try Lydia E. Pinkham's Vegetable Compound. He tried to influence me against it but I sent for the medicine the same day and began to use it faithfully. Within five days I felt relief but was not entirely cured until I used it for some time.

"Your medicine is certainly fine. I have induced several friends and neighbors to take it and I know more than a dozen who had female troubles and who to-day are as well and strong as I am from using your Vegetable Compound."

Just as surely as Mrs. Berryhill was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ill. If you are sick write Mrs. Pinkham for advice. It is free and always helpful.

STATE OF NEW HAMPSHIRE.

To the Honorable Judge of Probate for the County of Hillsborough.

Your petitioner, Charles H. Kimball of Bennington, in said County, administrator with will annexed of Abby E. Gould, late of Bennington, in said County, deceased, respectfully represents that in and by said will it appears to have been the intention of said testator that her executor should sell and dispose of her real estate for the purpose of paying the legacies and bequests named and expressed in said will, but that the words used are deemed insufficient for that purpose. Wherefore he prays that he may have license to sell the following described real estate of said deceased, situated in Bennington, for the purpose and in the manner intended by said testator agreeably to the laws of said State:

A certain tract of land with the buildings thereon situate in said Bennington, bounded and described as follows: Commencing on the west side of the road leading to Hancock opposite Goodell Company's shop, at the north-east corner of the premises at land of Frederick Newton, thence running westerly by said Newton's land to land of Mrs. Sarah Rogers, thence northerly by said Rogers land to land of Charles Fayer, thence easterly by said Fayer's land to said highway, thence northerly by said highway to first-mentioned bounds, being one-half acre more or less.

Dated the 6th day of June, A.D. 1906.
CHARLES H. KIMBALL,
Administrator with will annexed.

Hillsborough, ss. Court of Probate.
At a Court of Probate holden at Nashua in said County, on the 5th day of June, A.D. 1906.

It is ordered, that a hearing be had on the foregoing petition, at a Court of Probate, to be holden at Manchester, in said County, on the 17th day of July next, and that the said petitioner give notice to all persons interested in said estate, by causing the said petition and this order thereon, to be published once each week for three successive weeks, in the Antrim Reporter, a newspaper printed at Antrim, in said County, the last publication to be at least seven days before said day of hearing.

By order of the Court,
6-13-31 E. J. COPP, Register.
