### Citizen's Lecture Course.

Mr. Lawson, representing the White Entertainment Bureau of Boston, was in town Friday and interviewed several on the matter of booking a course of entertainments at the Town hall for the coming winter. A contract was closed with the bureau for a course of six entertainments, to open about November 1; as soon as possible the dates and attractions will appear in these columns. It is the plan to have this a "Citizen's Course," and it is hoped all will take hold and make it the success it deserves. The committee in charge is made up of F. G. Warner, R. C. Goodell, G. G. Newell, G. E. Hastings, H. W. Eldridge.

Misses Gertrude Jameson and Grace Whittle have returned to Winchester, and Revere, Mass., to resume their duties school teaching.

### RE-OPENING OF SCHOOLS.

Not Quite as Many Pupils in the Village Schools as Formerly.

THE present week has seen the public schools re-open and those engaged for the purpose by the town have begun the task of teaching, with more or less success, "the young idea how to shoot." The vacation is at an end and teacher and pupils alike return fresh in body and mind ready to work for the cause of education. It is an important obligation resting upon the teacher and in the older pupils the obligation is continued. In the younger ones the best that can be done is to keep the brains busy and assist in developing it along lines in touch with the education of more advanced studies. To the older ones must be presented the obligations of life and its work in such a manner that it will be interesting and acceptable. The most important obligation is that every one should by his own personal effort and labor do something to add to the wealth of the world either materially or in a manner that shall redound to the betterment of himself and to the lives of his brother men.

During vacation, there has been considerable painting done, not only outside but on the inside of the school building, so that now the surroundings are doubtless more inviting and pleasing to those who have to spend their time here than they have been for some time past.

While in some former years the schools have begun their fall term with some 200 pupils this year finds about 175 in attendance, the falling off is mostly in the Primary grades.

The following are the names of the teachers and the grades they teach: G. Gordon Newell, High school principal; Miss Florence A. Burt, High school assistant; Mrs. Florence R. Rice, 9th grade; Miss Alice Putney, 7th and 8th grades; Miss Charlotte E. Balch, 5th and 6th grades; Miss Edith C. Loring, 3d and 4th grades; Miss Edith M. Child, 1st and 2d grades; Miss Ellen W. Tobey, Miss Ida M. Lord, Centre; Miss Ethel C. Duncan, East; Miss Alice E. Cuddihy, Branch.

### THE STATE CONVENTION

Of Republicans Meets at Concord Next Week Tuesday, Sept. 18.

BEFORE another issue of the REPORTER is printed, the Republican State Convention will have been held, the state and country will know who is the choice of this Convention for the occupancy of the governor's chair, and the smoke of battle will be well nigh cleared away. A grand tussle may be the privilege of the Convention to enjoy, and from all appearances it seems impossible for the generals in charge to forestall the impending storm, but it is hoped that all differences will be amicably settled, and that harmony will prevail; undue clamoring for a high and honorable office by so many who think they are entitled to it is child's-play, and reminds one of what the little folks often say when displeased with some little thing: "I won't play with you any more."  
True it is that all the different candidates have

Does your baking powder contain alum? Look upon the label. Use only a powder whose label shows it to be made with cream of tartar.

NOTE.—Safety lies in buying only the Royal Baking Powder, which is the best cream of tartar baking powder that can be had.

good qualities, and possibly may have some claim upon the office, and the desire to fill the governor's chair is a laudable ambition, but the man to hold the office that the people will favor and to whom they will give their support at the polls, is the safe and conservative business man.—one who is unquestionably a New Hampshire man, and whose record has not been a continual change of base on important questions,—such a man is Hon. CHARLES M. FLOYD of Manchester, and it is hoped he will win out in the Convention. In him the Old Granite State will have a man of the people; not an aristocrat, but one who can understand and appreciate the needs and wishes of the common people, and can be touched by the feelings of his fellow-man. His experience in public life has given him the required knowledge for this especial position.

### ANTRIM IS HONORED.

One of Her Sons Graduates with Honors from Annapolis Naval Academy.

WITHOUT doubt, the only son of Antrim to be given a diploma at the Naval Academy at Annapolis, up to the present time, is Albert Asa Baker, who by close attention to his studies is able to complete a four years' course in a little better than three years, and to-day graduates with honors.

ALBERT ASA BAKER

Albert is a native of Antrim, and here is where he attended school, graduating from the High school in 1902, with honors, and entered the Naval school in 1903. He was 21 years of age the 15th day of August: is the son of Mr. and Mrs. Elliott W. Baker of this town. Albert has done extra good work in school, ranking among the very first in his section of the class which numbered 85, having done especially good work in physics, chemistry, mechanical drawing and mechanical processes. He will doubtless receive leave of absence till October, which time he will spend at home, after which he will probably return and be continued in the Civil Engineer Corps.

## Editorial Pen-Points

"There is no great loss without some small gain," runs an old saying, and while many articles of merchandise have been advancing in price, particularly building material, it is pleasing to read the following from an exchange:

A decline in price of \$6 on the thousand in common bricks, during the past month, should be cheering news to those who contemplate building. Common brick formerly sold at \$13.50 per thousand. This sudden decline has been caused by the large amount of concrete material used in construction of buildings. The price of common bricks today is only \$7.50, which would make a wide difference to the person building now and a short time ago. It is rumored that the favors shown to concrete are now such a menace to the brick manufacturers that the price will in time drop to \$5 per thousand, and the fall in the price of brick will be followed by radical declines in the prices of many other building materials. Let us hope so, at least.

This should be good news to the committee interested in the new "James A. Tuttle Library," as well as to the citizens of our town, seeing that soon in all probability considerable construction material will have to be purchased for use. This reduction in the price of brick might have much to do with the kind of material which will be put into the new building.

The president was present at the Naval review but his son was at the Nelson-Gans prize fight.

### "To Cure a Felon"

says Sam. Kendall, of Phillipsburg, Kan.: "Just cover it over with Bu-ken's Arnica Salve and the Salve will do the rest." Quickest cure for Burns, Boils, Sores, Scalds, Wounds, Piles, Eczema, Salt Rheum, Chapped Hands, Sore Feet and Sore Eyes. Only 25c at W. F. Dickey's drug store. Guaranteed.

### Simple Catarrh Remedy

Take a Hyomei Treatment Four Times a Day and be Cured.

Hyomei has performed almost miraculous cures and is today recognized by leading members of the medical profession as the only advertised remedy for this disease that can be relied upon to do just what it claims.

Until recently your physician would have said the only way to cure catarrh would be to have a change of climate, but now with Hyomei you can carry a health giving climate in your vest pocket and by breathing it a few minutes four times a day, cure yourself.

The Hyomei treatment is simple and easy to use. It destroys all catarrh germs in the air passages and enriches and purifies the blood with ozone.

When using Hyomei the air you breathe will seem like that on the mountains, high above the sea level.

A complete Hyomei outfit costs but \$1.00, extra bottles, 50c. If it does not give you satisfaction, William F. Dickey will refund your money. You can no risk whatever in taking this treatment.

When two strong men come to blows, even if they are well matched, it is not a pleasing sight, but if the man who gets the worst of it will use DeWitt's Witch Hazel Salve, he will look better and feel better in short order. Be sure you get DeWitt's Good for everything a salve is used for, including piles. Sold by Dickey of Antrim and Joslin of Bennington.

Good for the cough, removes the cold, the cause of the cough. That's the work of Kennedy's Laxative Honey and tar—the original laxative cough syrup. Contains no opiates. Sold by Dickey of Antrim and Joslin of Bennington.

Henry James, the eminent novelist, says that "Philadelphia is not a place but a state of consanguinity which is an absolute final condition." Philadelphians do not know whether to cut Mr. James the next time they meet him for having insulted them, or to embrace him for having defied them.

Rev. Madison Peters, of one of New York's "fashionable" churches, says: "Steal a dollar and the world will kick you; steal a million and the world will feel honored by being kicked by you." But if Banker Stensland is sustained by that doctrine he is going to have a rude awakening.

Gompers says he will stay in Maine until Littlefield is defeated. As Mr. Littlefield's plurality in 1904 was 5,419 it looks as if Mr. Gompers might as well try to content himself with a residence in that state.

Tillman's South Carolina liquor law has been defeated, and that memorable conversation between the governors of North Carolina and South Carolina is likely to be revived.

Political forecasters are having a shifty time in keeping sight of Speaker Cannon's evanescent presidential boom.

### Letter to L. Emery

Antrim, N. H.

Dear Sir: We shall feel obliged if you write us how you came out on your first few jobs Devoe, as to gallons expected and used.

Take Job A. You made your price expecting to use 25 gallons Devoe, and used 15. Job B. You expected to use 15 and used 10. And tell us what paint you had used before. Of course, you judge Devoe by what you have used before.

Here's how a few came out.

M. A. Thomas, painter, Lynchburg, Va., writes: My first job with Devoe, I estimated 37 gallons; it took 25. Since then I have used nothing else.

C. B. Edwards, Raleigh, N. C., had used 30 gallons paste paint on his house, and bought 30 gallons Devoe; A. E. Glenn, his painter, said it wouldn't be enough. Had 16 gallons left.

Mayor W. W. Carroll, Monticello, Florida, writes: Painter estimated 35 gallons for my house; took 20 gallons Devoe.

Gilmore & Davis Co., contractors and painters, Tallahassee, Florida, say 2 gallons Devoe spreads as far as 3 of any other paint they know, and covers better.

S. A. Bullard, painter, Sanford, Florida, estimated 50 gallons for Odd Fellows and Masonic Halls; they took 29 Devoe.

Jones & Rogers, Merkel, Texas, estimated 10 gallons Devoe for Mr. Pratt's house and bought 5 gallons for first coat; it painted two coats.

Erb-Springall Co., San Antonio, Texas, painted two houses same size for D. J. Woodward, one lead-and-oil, the other Devoe. Devoe costs \$12 less for paint and labor.

Tom Mavey's painter, Walnut Springs, Texas, estimated for his house 10 gallons Devoe; he had 4 left.

You see how it goes. Even the best painters can't guess little enough at first.

Yours truly,  
F. W. DEVOE & Co.

## Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles.

You may have a sample bottle of Swamp-Root by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**\$100 Reward \$100**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## Cannot Carry Passengers.

A new regulation that rural carriers be not permitted to carry passengers has been received from the department and reads as follows:

"Rural carriers are required to permit postoffice inspectors or other accredited agents of the department to accompany them on their regular routes. They must not carry other passengers, nor permit any person other than authorized postal officials to ride with them or have access to the mails."

Heretofore, upon application, exceptions have been made to this rule, in favor of members of carriers' families whose condition of health was represented to be such that occasional rides would be beneficial. Such requests have become so numerous, however, that hereafter in the interest of the service, the rule will be strictly enforced and adhered to, and all permits revoked in the future.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our life little things are done to offend that we rather remained undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodol For Dyspepsia. It digests what you eat and puts your stomach back into shape. Sold by Dickey of Antrim and Joslin of Bennington.

## Epilepsy Fits St. Vitus Dance

Are nerve diseases, and unless checked, lead to destruction of both mind and body. The weak, shattered nerves must have something to strengthen and build them back to health. Dr. Miles' Restorative Nerve is a remarkable nerve tonic and stimulant. It strengthens the nerves, relieves the nervous strain, and influences refreshing body-building sleep and rest. Persistent use seldom fails to relieve these afflictions.

"I was taken with epileptic fits; had eleven in less than 12 hours. My father sent for our family physician, but he could do very little for me, and I grew worse every day, and at last they had three doctors with me, and I still got worse. My father heard of Dr. Miles' medicine and bought a bottle of Nerve and a box of Nerve and Liver Pills. I had taken only a few doses until I began to feel better. I took 12 bottles, and it cured me sound and well. It has been worth all the world to me. I recommend it wherever I go. You may use this as a life-long testimonial to the merits of your medicine, for I am enjoying the best of health, and feel that my life and health is due to this wonderful medicine."

## The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by W. F. Dickey, druggist. Price 50c and \$1.00. Trial bottle free.

In the Designer for October are shown, in addition to many other up-to-date patterns, the newest designs for coats and jackets for ladies, misses, girls and boys. The millinery pages display autumn hats. "Points on Coat Making" instructs how to make a "Peter Pan" blouse coat, one of the latest styles of wrap. In fancy work are supplied directions crocheting a hood, baby cap, booties, bedroom slippers, baby sack, and hugme-tight jacket for lady; also for making in lace stocks, handkerchiefs, a chemisette and gauntlet cuff. Among the literary features are "The Haunted Castles of Europe," two short stories and "The Village Improvement Society" which comes to a termination amid most exciting events. A picture story of "Two Pumpkins which Ended in a Pie" will amuse the small folks. Recipes for layer cakes, piccolilli and catsups are given in "The Kitchen Kingdom," and "For Lovely Woman" tells how to have soft white hands.

## Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters; with the wonderful result that improvement began at once and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by W. F. Dickey, druggist.

## WEAK HEARTS

are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart. Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

## Kodol

### Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

## Their 97th Annual.

The Dublin Baptist Association met for its 97th annual session with the Antrim Baptist church on Wednesday and Thursday of last week, Sept. 5 and 6, 1906. The program opened at 9.45 o'clock with devotional service led by Rev. William Hurlin, followed by routine business and preaching. Throughout the session there were addresses upon topics of great interest to this people, and presented in a manner which was very helpful and acceptable, by able speakers from Boston and other places.

At the proper hour refreshments were served in the new dining room of the church, by the ladies of the society. This part of the program, as well as that of entertaining the visitors, was well looked after by competent committees.

Thursday afternoon and evening was held a Sunday school convention, at which there were prominent men as speakers, and their addresses were listened to with pleasure by large audiences. Those who heard the address in the evening by Rev. J. E. Norcross of Jamaica Plain, Mass., thought it as good as any during the two days' session.

As a whole, the meeting was a very successful one in every way, and the committees in charge have reason to feel a sense of pride in the manner in which the program was carried out.

## Well Worth Trying.

W. H. Brown, the popular pension attorney, of Pittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "They keep my family in splendid health." Quick cure for Headache, Constipation and Biliousness. 25c. Guaranteed at W. F. Dickey's drug store.

## SOUTH LYNDEBORO.

Hot and very dry.

Most of the summer boarders have left town.

Clintie Emery has gone back to her school in Winthrop, Mass., where she has taught ten years.

Myrtle Richards has a school in Sandown, and Ethel Hadley is teaching in Salmon Falls.

J. A. Carlin was in town Saturday. They are rejoicing over the arrival of another son.

Harley Emery and family are on a visit among friends in Vermont, where they expect to stay two weeks.

Susie Hartshorn has gone to Lowell to work for Mrs. Dows, who spent the summer with her daughter, at D. Hartshorn's.

The schools have commenced with Miss Fittle of Harrisville as teacher of the Centre; Miss Rice, from Mendon, Mass., at the south; Miss Curtis at Johnson Corner. The other teachers are not heard from.

Bradford Badger and sister, from Boston, spent Saturday calling upon friends in town and riding over the hills where they spent many happy hours years ago. Mr. Badger, one brother and two cousins, were the first boarders that came to this town from Boston as far as known. Some members of the Badger family boarded in the family of the late John Hartshorn for more than twenty-five years in succession.

## Resolutions

Of Respect on the death of Deemie E. Bryer, by Ephraim Weston Corps, No. 85, Antrim, N. H.

WHEREAS, it has pleased our Heavenly Father, in his all-wise providence to remove from our Corps our beloved sister, Deemie E. Bryer, therefore be it

Resolved, that while we mourn and deeply feel our loss, we shall miss her occasional visits to our Corps and in other social gatherings.

Resolved, as we bow in humble submission to our Heavenly Father's will, we recognize that it is His will and that "He doeth all things well."

Resolved, that in obedience to the principles of our order we tender to the bereaved husband our heartfelt sympathy in the hour of his sorrow.

Resolved, that a copy of these resolutions be given to the bereaved husband, a copy sent to the Antrim Reporter for publication, and they also be noted on the records of our Corps.

Respectfully submitted,

NO FALSE PRETENSE has marked the career of Ely's Cream Balm. No idle promises of rewards for cases it will not cure. Being entirely harmless it is not responsible like the catarrh snuffs and powders, for minds shattered by cocaine. The great positive virtue of Ely's Cream Balm is that it speedily and completely cures nasal catarrh and hay fever. Here is what Hapgood, the employment expert, has to say after years of experience: "The applicant for a position cannot attend too carefully to his personal appearance if he would be successful. A smooth-shaven face, clean nails, neat neckwear, fresh linen well-polished shoes—these are essential and are better than expensive clothing, lacking them. If you cannot go to an employer without the taint of tobacco or liquor on your breath, you had better not go at all, for ninety-nine times out of a hundred they will prove fatal to your chances. With neatness in your dress, a cheerful face, and nothing about you to suggest the down-and-out man, you have the way well paved for a fair consideration of your merits."

Miss Lizzie Lowe of Lowell, Mass., was the guest of Mrs. John Peavey last week.

A reunion of Miss Ellen Nahor of Peterboro and her former pupils of 1882-83 of Greenfield was held at the new hall Friday, Aug. 31. There were about 60 scholars in the class. Eleven have died, eight are buried in Greenfield, two in Milford and one in Nashua. Out of the number living 27 were present and several letters of regret were received from those who were unable to be present. A banquet at the town hall. A fine program was presented, and a general good time was enjoyed.

## White Mountains Excursions

September 15 to October 6. Reduced Rates via Boston & Maine Railroad.

Autumn is the most enjoyable season of the year in the White Mountains. The gorgeous and brilliant aspect autumnal foliage is nowhere so marked as upon the towering hills which at every season of the year strike an attitude wondrous in their magnificence. The sultriness and discomforts of the hot weather are the only drawbacks to the tourist who visits the vacation resorts in the summer; but during the months of September and October, nature appears devotedly considerate. The atmosphere has an invigorating and exhilarating tone; the scenic effects are more beautiful than at any other season of the year, and the hotels and boarding houses after their summer rush are better prepared to care for the fall tourists. Perhaps no excursions in New England are more popular than these autumnal trips to the White Mountains. Commencing September 15th, and continuing until October 6th, the Boston & Maine Railroad will sell round trip tickets good to all White Mountain points; to the numerous side trips of interest in the mountains; the Glen & Crawford Notch, the Profile, the Summit and other places at very low round trip rates. Tickets will be on sale at all principal stations on the road; and the hotel proprietors have offered extra low rates at all the hotels for the excursionists during this period. For full information regarding rates and stations, see Boston & Maine posters or inquire of Ticket Agent, or write to General Passenger Department, Boston & Maine Railroad, Boston, Mass.

## No Person on Earth Should be Suffering from Dyspepsia if Pepsoids is within their Reach. The First Bottle is Free.

There is no case of Dyspepsia, Indigestion or Stomach Trouble that Pepsoids will not cure. So certain are we that it will cure you, that we are willing to send you the first bottle free on approval. If Pepsoids do as we say, cure you, then you pay 50 cents, otherwise you are under no obligation to pay one penny. We could not afford to make you this offer if we did not have confidence in the curing power of Pepsoids. You will have the same confidence in its curing power after you use the first bottle. We want you to write us to-day. The sooner you begin using

Pepsoids the sooner you will be well and strong again. Pepsoids is not a patent medicine but the famous prescription of Dr. V. I. Oldman in tablet form. The formula is on each bottle. Pepsoids is warranted to permanently cure Dyspepsia, Indigestion, and the worst forms of Stomach Disorder. Write at once. We ask you to take no chances. We want to cure you. Do you want to get cured?

### The New Way to Cure Dyspepsia.

Pepsoids cure Dyspepsia by repairing the worn-out lining of the stomach, and destroys all germs; and Dyspepsia once cured in this way never returns. The following symptoms indicate that you are in the grasp of Dyspepsia and need Pepsoids: Belching of Gas, Heartburn, Palpitation of the Heart, Distention of the Stomach, Sick Headache, Dizziness, Low Spirits and Despondency. In whatever way Dyspepsia first shows itself, the trouble should be treated quickly and thoroughly. Pepsoids cure quickly and the cure is lasting. Write to-day and try the first bottle without a penny of risk. THE VIO CHEMICAL CO., Chicago, Ill.

### CONGREGATIONAL CHURCH NOTES.

"Immortality a Reasonable Belief" will be Pastor Wildey's subject next Sunday morning.

Rev. Arthur E. Gregg, of Bangor Seminary, preached Sunday morning on Psalms 18:35, Pastor Wildey conducting the services, and leading the C. E. meeting. Mr. Gregg is to graduate next June, and will prove worthy of the sacred duties of his office.

At a meeting of the Ladies' Aid Society, Thursday, Sept. 6, it was voted to hold the annual Harvest Supper Wednesday, Oct. 10, 1906. Committees as follows: Supper, Mrs. French, Mrs. J. E. Tenney, Mrs. C. D. Sawyer, Mrs. A. L. Sawyer, Mrs. G. H. Hutchinson; apron, Mrs. Smith; mystery table, Mrs. Annie Butterfield; entertainment, W. W. Merrill, John Tenney, C. F. Butterfield, A. G. Harris; vegetables, H. P. Wardou, Alfred Holt, Charles Holt, Bert Rogers; transportation, G. H. Hutchinson, John Tenney; waiter, Mrs. Merrill; tickets, J. E. Tenney.

An interesting story as told by Harry A. Glazier, a prominent Fireman of Malden, Mass.: "Last winter I had a severe cold and it settled on my kidneys, causing the most excruciating pain almost every time I attempted to move; I had tried everything imaginable to get relief, with no success, until I was advised to try 'Bloodine,' which to my great surprise, gave me relief almost from the first dose, and before I had taken one bottle I was completely cured." "Bloodine" is a wonderful vitalizing tonic. If the blood is impure, complexion bad, appetite lost, strength gone and the whole system is upset by an accumulation of humors, it is time to try "Bloodine" today. Bloodine, large bottles 50c. ## Two Large Stones Passed From Bladder.

John Johnson, of 210 E. 34 St., Flushing, N. Y., who for over 24 years has been a sufferer from bladder stones, writes: "About three years ago I began to suffer with dreadful pains in my kidneys. I was also at times very bilious, but my most serious trouble was with my water. Sometimes I could hardly pass it, and when I did it was attended with most excruciating pains. Nothing helped me and I began to despair. I decided to try

for I heard so much about its good results. It helped me so that I kept it up, and now I have not taken any for a year and am in good health. I never had any pain, my appetite is good, and my old biliousness has left me. During the time I was taking Favorite Remedy I passed two quite large stones, and I have never been troubled with my bladder since."

Write to Dr. David Kennedy's Sons, Rondout, N. Y., for a free sample bottle of Dr. David Kennedy's Favorite Remedy, the great Kidney, Liver and Blood medicine. Large bottles \$1.00, at all druggists.

### DIFFERENT SOLUTIONS.

Progressive Conundrum That Could Be Worked Out Two Ways.

"Miss Gracie," he said, with an engaging smile, "did you ever try your hand at one of these progressive conundrums?"

"What are progressive conundrums, Mr. Spoonamore?" inquired the young lady.

"Haven't you heard of them? Here is one: Why is a ball of yarn like the letter 't'? Because a ball of yarn is circular, a circular is a sheet, a sheet is a flat, a flat is \$30 a month, \$30 a month is dear, a deer is swift, a swift is a swallow, a swallow is a taste, a taste is an inclination, an inclination is an angle, an angle is a point, a point is an object aimed at, an object aimed at is a target, a target is a mark, a mark is an impression, an impression is a stamp, a stamp is a thing stuck on, a thing stuck on is a young man in love, and a young man in love is like the letter 't' because he stands before 'u, Miss Gracie."

"I don't think you have the answer quite right," said the young lady.

"A ball of yarn is round, a round is a steak, a steak is a wooden thing, a wooden thing is a young man in love, and a young man in love is like the letter 't' because, Mr. Spoonamore—and she spoke clearly and distinctly—"because he is often crossed."

The young man understood. He took his hat and his progressive conundrums and vanished from Miss Gracie Garlinghouse's alphabet forever.—Pearson's.

### BLENDING SPIRITS.

Curious Results Obtained by Mixing Whisky and Water.

Some curious results are shown by blending of spirits. Take nineteen and one-quarter gallons of high proof spirits and add twenty-two and one-fourth gallons of water, and, strange to say, you have forty gallons, and not forty-one and one-half, as one would naturally suppose. This is reasonably explained by the large globules of the spirit absorbing the small globules of water, thereby lessening the volume of wine gallons.

Here is another phenomenon: Take equal parts of whisky and water, each at a temperature of 70 degrees F. Mix them and the temperature rises at once to 80 degrees.

If two barrels of whisky are placed under a roof, one with the bung in and the other with it out, the former will gain in proof, while the latter will lose. This is due to the fact that when the bung is in there is no evaporation, but the barrel absorbs the water much faster than it does the whisky. When the bung is out there is evaporation, and the spirit evaporates easier than the water.

These are a few of the facts that an old rectifier who can neither read nor write has gathered in fifty years of experience as a cellar man. He keeps trace of his liquors by their marks, and, strange to say, he can read his gauges and thermometers with accuracy and is curious and exact in his knowledge of chemistry as applying to his trade.—New York Press.

### Greek Palate Ticklers.

As delicacies the Greeks ate young foxes caught in the autumn, robins and sparrows and certain kinds of fish shared by moonlight. There is a scrap of an old Greek comedy in which a cook boasts of frying a fish so exquisitely that it threw him grateful looks from the pan. A famous Greek dish was the Trojan pig, half of it boiled and the other half roasted. It was stuffed with eggs, ortolans and thrushes. The Romans ate snail-giant monsters—fattened until their shells held an incredible amount of snail. The kettle in a high class Roman kitchen was often shaped like an elephant's head. The water was poured through the trunk. The gridiron might be a huge silver spider or a skeleton fish.

### How to Prevent Coughing.

Coughing is the worst thing for a cough, and in most instances of cough there is more coughing than is necessary to subserve the purpose of the cough—i. e., to remove offending material. The following conditions will help one minimize coughing in all instances, while in the milder cases it may stop the cough altogether after a little perseverance: When tempted to cough take a deep breath, filling if possible every air cell, holding it until the warming, soothing effect comes or so long as is reasonable, and mark the mollifying result on the cough, which, even when the latter seems unavoidable, will often be found under control.

### Faith Cure Elephants.

The temple elephant in southern India is the object of great respect, for physical contact with him is supposed to do more good to the human body than the best medicine. Adult men and women warily feel his legs with their finger tips and press them reverently to their eyes, and ailing children are for a small consideration carried on his back the distance of a few strides that they may be cured.—Madras Mail.

### HANGED TO MUSIC.

Deemed Man Sang "I Want to Be an Angel" With the Crowd.

"In the early days of Wyoming, when there were but a few churches and many infractions of law, a man of the name of Barstow, who never knew fear and was a devout Christian, was elected to the office of sheriff." Soon after Barstow entered upon the duties of his office a man was convicted for a capital crime.

"The fact that there was no minister within reach preyed upon the mind of the sheriff, who undertook to supply the lack by holding an hour's Bible reading in the condemned man's cell and praying with him. As the time for the hanging approached Barstow became possessed with the fear that he had not acquitted himself of the spiritual responsibility devolving upon him and devised a programme that was new and unique. After the victim of the law's mandate was placed upon the platform and everything was in readiness the sheriff prayed long and fervently. Then he called for some one to start a hymn, and a man near the platform began the only one he knew, 'I Want to Be an Angel,' in which the prisoner joined.

"As the last verse was sung the sheriff busied himself adjusting the noose, and immediately upon its conclusion the trap was sprung."

### The Worrying Habit.

I asked a physician what cure he would suggest for the worrying habit. "I would prescribe common sense," he said. "And if a man or woman hasn't got a stock on hand and can't cultivate one no doctor can give it to him or her. This worrying nonsense grows. The best means to cure it lies in the hands of the woman herself. If she will just call a little common sense to her aid, resolve not to borrow trouble, to be cheerful and think upon the best side of things, she will live longer and retain her beauty longer. Every woman wants to keep beautiful to the last. Why does she take the course which is sure to make her yellow skinned, dull eyed and thoroughly unlovely?"

Why, indeed?—New York Globe.

### Vanilla.

It is curious to read that vanilla was employed by the Aztecs of Mexico as an ingredient in the manufacture of chocolate prior to the discovery of America by the Spaniards and that it was brought to Europe as a perfume with indigo, cochineal and cacao ten years before the arrival of tobacco on our shores. The name vanilla is derived from the Spanish vaina, a pod or capsule. Dampier described it as a little pod full of small black seeds and like the stem of a tobacco leaf, so much so that his men when they found the dried pods at first threw them away. "wondering why the Spaniards should lay up tobacco stems."—Chambers' Journal.

### The Canadian Line.

The boundary line between Canada and the United States is marked with iron posts at mile intervals for a great part of its length. Cairns, earth mounds and timber posts are also used, and through the forests and swamps a line a rod wide, clear of trees and underwood, has been cut. Across the lakes artificial islands have been made to support the cairns, which rise about eight feet above the high water mark.—Exchange.

### A Miser's Wish.

Greedylot, who is rather miserly, was recovering from a long illness. "How was it, doctor," he asked one day, "that I was able to live so many weeks without eating?"

"Why, you were fed by the fever."

"Are you sure?" Then after a moment's reflection, "I wish I could give it to my servants."

### The Geese Won.

An English gentleman once laid a wager with George IV. that geese would beat turkeys in a race. The king, thinking that such a wager was already as good as won, willingly made the bet, and the gentleman was left to choose time and place and distance. Being well acquainted with the habits of the birds he accordingly chose for the time the evening, just before sunset, and for the place the road outside the city walls and a mile for the distance. The time came and each appeared with his flock of birds and the race began. Long ere the end came the sunset and immediately, true to their instincts, as soon as the sun had quite disappeared all the turkeys flew up into the nearest tree to roost, and no persuasion could induce them to budge an inch farther, and the geese, which had been slowly toddling on behind, quietly cackled in—the winners.

### The Pursuit of Happiness.

"What I want," said the earnest citizen, "is to see a state of affairs which will give every man a chance to work."

"Yes," answered the cheerless person, "but that won't give entire satisfaction. What nearly everybody is looking for is a chance to do nothing and make everybody else work."—Washington Star.

### The New Red Cross.

The recent annual meeting of the reorganized American National Red Cross calls attention anew to this important and worthy association for the relief of suffering caused by calamity. By an act of congress approved Jan. 5, 1906, the old society built up by Clara Barton was newly organized and incorporated and brought under government supervision. The special purposes of the organization are:

To furnish volunteer aid to the sick and wounded of armies in time of war, in accordance with the spirit and conditions of the Geneva convention.

To continue and carry on a system of national and international relief in time of peace and apply the same in mitigating the sufferings caused by pestilence, famine, fire, floods and other great national calamities.

The term Red Cross societies applies to all societies for assisting the wounded in time of war, many nations having established such as a result of an international convention held at Geneva in 1863. At present the United States appears to be very near the bottom of the list in point of equipment, activity and interest, and other nations, like Austro-Hungary, Germany, Japan and even Russia, count their enrolled nurses by thousands where ours may be reckoned in hundreds if not in scores. In most countries membership in a Red Cross society is deemed an honor. In this country it costs but \$1 a year, and a life membership may be had for \$25. The accounts of the society under the new charter are audited by an officer of the war department.

### Washington's Hand.

George Washington's hand was described as that of a giant. On the last occasion of General Lafayette's visit to this country he remarked to Mr. Custis when referring to a former visit, "You were holding to a single finger of the good general's remarkable hand—the greatest feat you could perform at that time." Washington was the champion jumper of his day. In one match he covered 21 feet 3 inches, easily beating all competitors.

## A HEALTHY OLD AGE OFTEN THE BEST PART OF LIFE

Help for Women Passing Through Change of Life

Providence has allotted us each at least seventy years in which to fulfill our mission in life, and it is generally our own fault if we die prematurely.

Mrs. Mary L. Koehne

Nervous exhaustion invites disease. This statement is the positive truth.

When everything becomes a burden and you cannot walk a few blocks without excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and shaky at the least provocation, and you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up at once! To build up woman's nervous system and during the period of change of life we know of no better medicine than Lydia E. Pinkham's Vegetable Compound. Here is an illustration. Mrs. Mary L. Koehne, 371 Garfield Avenue, Chicago, Ill., writes: "I have used Lydia E. Pinkham's Vegetable Compound for years in my family and it never disappoints; so when I felt that I was nearing the change of life I commenced treatment with it. I took in all about six bottles and it did me a great deal of good. It stopped my dizzy spells, pains in my back and the headaches with which I had suffered for months before taking the Compound. I feel that if it had not been for this great medicine for women that I should not have been alive to-day. It is splendid for women, old or young, and will surely cure all female disorders."

Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, of Lynn, Mass., invites all sick and ailing women to write her for advice. Her great experience is at their service, free of cost.

MR. EDITOR:—

With the approach of the Senatorial Convention to be held in this town, we hear very little of different candidates for the office. It is hoped that the honor accorded to at least one of his predecessors will be given the present incumbent and our honored citizen, HON. FRED H. KIMBALL. No better man can be given the position, and his many friends hope to see him continued in this office for another term.

### Warm Weather Will Help.

Now Is The Time To Get Rid of Your Catarrh by Using Hyomei.

Every one who is afflicted with catarrh should take advantage of the warm weather to get rid of this annoying and distressing disease, for the right treatment in August and September will give benefit much more quickly than in the winter and early spring.

The germ killing and health giving Hyomei when breathed in the summer months has an even more beneficial action than when used in the colder weather. It is Nature's own remedy for the cure of catarrh. It goes to the most remote air cells in the nose, throat and lungs, killing and driving from the system the catarrh germs.

Hyomei is the simplest, most pleasant and the only guaranteed cure for catarrh that has ever been discovered. It is sold by W. F. Dickey under a guarantee to refund the money if it does not give complete satisfaction.

At this season of the year, the first day's use of Hyomei will show a decided improvement in health and in a short time there will be no further trouble from catarrh.

You take no risk in buying Hyomei. The complete outfit costs but \$1.00, extra bottles 50c, and if after using, you say it has not helped you, W. F. Dickey will refund your money.
