### CURRENT TOPICS.

Treated by The Reporter's Special Correspondent, and  
Served in a Pleasing Manner.

THE Oyster Bay Naval Review was evidently a great success. It was reported as the most imposing display of the kind ever given on American waters.

PRESIDENT PALMA'S position in Cuban politics is not enviable. The Insurrection at the present time makes it altogether embarrassing for a man of good principles.

IN the Cambridge-Harvard matched race in England, the winning crew did not give their rivals as brilliant a display of their sportsmanship as they had anticipated.

THE report of the last massacre of the Jews, at Siedleo in Poland, gives the numbers as some two hundred killed and a thousand wounded. America is the acknowledged home of the prosperous and unmolested Hebrew.

THE indications in China to-day are an increasing desire to advance along Western lines of civilization. Unless some vigorous work is started in the country, the yellow people will find themselves bereft of home and support. It is a universally accepted fact that deterioration results eventually in extinction.

THE speech on "The Tariff and Injunctions" given in Maine by Mr. Taft recently, disarmed the political opponents by its frankness. Mr. Taft was daring in his independent stand in the matter, neither bowing to one party or another. He spoke plainly in behalf of and against the laborer and the owner of capital. Like a true statesman he made a stand by himself ready to incur the enmity of either party or both in upholding the rights and interests of the people at large.

### Democratic Senatorial Convention.

The democratic senatorial convention for the eighth district was held at the Antrim town hall on Thursday last. H. R. Dodge of Mont Vernon was chosen chairman and George C. Hadley of Moot Vernon was clerk.

Committee on credentials reported twenty-six delegates present.

By acclamation, William H. Canary of North Walpole was nominated for senator, and in a few remarks accepted the honor.

It was voted to hold the next convention at this same place.

Voted to adopt the platform of the recent state convention at Concord.

A committee was appointed to wait on Hon. N. C. Jameson, democratic nominee for governor; his presence was heralded by applause, and he made a few appropriate remarks.

### Informal Reception.

The people of Antrim, in order to take notice of the honor that has come to the town through the nomination of our fellow-citizen, Hon. Nathan C. Jameson for the high office of Governor of New Hampshire, have decided to give the nominee a Reception at the Town hall on Friday evening from 8 to 10 p. m.

This will be a purely local and informal affair and every person in town is most cordially invited to be present.

In order that there be no misunderstanding as to the nature of the reception it should be distinctly understood that it has no political significance whatever, but is simply a testimonial to the candidate as a life-long citizen of Antrim.

### An Independent Candidate for Representative.

Many of the voters who gave their endorsement to the Independent Ticket in the past six years, and others who supported same to some extent at last Spring's election, owing to disposition and methods of the leaders in the Caucuses of the two political parties, especially at both the Spring and late Caucuses, have concluded to support an Independent Candidate for Representative. They selected as their candidate a man who has filled every public office which he was elected to with ability and equal fairness to his opponents, but after due consideration, owing to the state of his health, he did not think it wise to allow his name used, and circumstances forced me to stand as a Candidate and require me to make a brief statement as to my position.

1st—I thank those 78, and other voters whom I have reason to believe were deliberately disfranchised from voting their wishes, for their support: for when I started did not expect 25, but hoped to set facts before the people.

2d—The platforms of both Democratic and Republican parties are very similar, and virtually nothing but what a supporter of the People's Party at the last National Election favored, and see no reason politically why I should not receive votes of either.

3d—Favor investigating and legislating if necessary as to Telephone and Express Companies as well as Railroads.

4th—That the Taxes on money loaned on mortgages should not exceed one per cent., giving the same privilege to private individuals who are willing to loan money, as to Savings Banks.

5th—Though probably it is right to have some game laws, am in favor of a radical change; had rather have not any than the continuance of the present unjust laws, and if I should happen to be elected will put as much energy in advocating these two changes as I shall in trying to be elected this Fall or tried last Spring.

If elected, will act as believe the best interests of the people demand without regard to party.

CHARLES R. JAMESON.

### Boston Excursion Oct. 8th.

Reduced Rates via Boston & Maine Railroad.

On October 8th the annual excursion to the city will take place. This trip to Boston affords an excellent opportunity to enjoy the pleasures of the city and at the same time should you so desire do your fall and winter shopping. The large department stores are well stocked at this season of the year with their fall and winter supply and the amusement places after a seasons' rest are all open. The theatres are now presenting some of the greatest productions on the American stage by the leaders in the theatrical world. At Mechanics Building on Huntington Ave the Boston Food Fair is going on during the month of October. This is the largest and finest exhibition of the kind ever presented in Boston. The admission is only 25 cents and unlike former years includes everything the side shows being free. Music will be furnished by the United States Marine Band of Washington, the Presidents own band, which furnishes the music at the White House. There will be a larger and finer exhibit of foods, fruits and delicacies than ever before. A marvelous electrical display has been arranged for Moving Pictures, San Francisco Disaster, North Carolina State Exhibit. All free Round trip tickets to Boston good going on Oct. 8th and good returning not after Oct. 15 will be on sale at the following stations and rates: North Chelmsford .90, Tyngsboro \$1.00, Nashua Jct \$1.20, Nashua City \$1.20, So. Merrimack \$1.35, Ponemah \$1.55, Milford \$1.75, Wilton \$1.75, So. Lyndeboro \$1.75, Greenfield, N. H. \$1.75, So. Bennington \$1.75, Bennington \$1.85, Antrim \$1.95, Hillsboro (via Elmwood) \$2.15. Tickets good going and returning on regular trains.

This is the season of decay and weakened vitality. Nature is being shorn of its beauty and bloom. If you would retain yours, fortify your system with Hollister's Rocky Mountain Tea. 35 cents, Tea or Tablets. Wm. F. Dickey, Antrim, and G. O. Joalin, Bennington.

### To the Democrats of Antrim.

Certain parties connected with the Town Committee, and their followers, prevented, and in the Caucus last Spring made considerable talk against my voting in same, because I had asked for an Independent endorsement.

Not a great many years ago a Citizen's Caucus was held and the late J. N. P. Woodbury, who was named as a candidate by them, and others, who participated in same, and then came into the Democratic Caucus asking for endorsements, and voting with same (believe the party who made a holler in the Republican Caucus was a prominent figure in the Citizen's Caucus), and this was done several years; the Town Committee was favorable to them, and delayed the Democratic Caucus, which was held the same night, so as to agree with their actions.

I have always voted the Democratic Nomination for Governor and Congress, and for President (except the last time), but owing to a weak indigestion I voted for the People's Candidate and am proud of it, and as the People's Party platform was very similar to the Bryan platform of 1896 and 1900 (except not quite so much free silver), and what virtually the whole party is flocking to now.

For reasons which thought just at the time have opposed some of the minor candidates, but have always done it in an open manner, and they knew my reasons.

For several years was prominent mover in an Independent Ticket, which Republican supporters claimed as about all Democrats, and this helped to elect many Democrats; with 40 Republican majority it does not seem as if there should be any complaints.

The Democratic party has always claimed to be opposed to one-man power, and when I advertised last Spring that the Committee on Library should be selected by the Selectmen and Library Trustee, it was some of their committee who advocated it being left to one man, and so have the Town Committee backed up leaving it to one man to appoint the Committee to recommend the actions of the Town Meeting. There is nothing Democratic about it.

The Democratic platform advocates Equal Taxation and Enforcement of the Laws. If the Democratic Caucus last Spring had pledged their Candidates to do this, there would not have been an Independent Ticket.

I claim that there is no Party reason from my position in the past why I should not receive the Democratic vote, and am willing to meet the Candidates they nominate, or the Chairman of their Committee, at a public meeting and discuss as to who best represents Democratic principles and most entitled to the support.

### Musson-Deacon.

The marriage of William Robinson Musson, M. D., and Miss Marion Elizabeth Deacon, daughter of Mr. and Mrs. Harry Deacon, occurred at the home of the bride's parents on Main street, Monday evening at seven thirty o'clock. The ceremony was performed by Rev. Warren R. Cochran, D. D., pastor of the Presbyterian church, and witnessed only by members of the contracting parties. Dr. and Mrs. Musson left Tuesday morning for a short trip and on their return will reside on Main street.

The ordinance of baptism by immersion was administered to George Tirrell Sunday afternoon immediately following Sunday school, by Rev. W. E. Braisted, in the stream near Clinton road.

The Independents have endorsed Charles R. Jameson as a candidate for Representative, securing the necessary fifty signatures, and owing to the great interest taken may nominate a full ticket, they claiming it is as easy to secure one hundred signatures as it was fifty before the attempt to discriminate against them in the Spring, we understand.

### Vote No License!

In bringing this matter to the attention of its readers, the Milford Cabinet says:

In the effort to elect good men to the legislature and to see a better state of political affairs at Concord voters should not forget that a great moral issue is to be fought over again at the polls this fall. License or no license for towns is once again an issue and it will be decided at the November election, which is to be adopted for the next two years. All kinds of claims are being made with regard to the workings of the two plans, so far as Milford is concerned. It is not an uncommon claim for the license adherents to make that "as much liquor is sold in Milford as when we had license." This would be a most difficult question to prove or disprove, and it is only appearances that we can judge by. There is no disputing the fact that a great deal of liquor is being consumed now. There always will be, so long as the appetite remains in man. Admitting this, there is also the undisputable fact that there is no such amount of drunkenness visible about our streets now as when the town was a license town. We have had no more "carnous days" when the town cooler was running over, more than filled with drunks and the police court was in session most every day. There is no disputing the fact that to the average citizen that no license has made our town cleaner, and a better and safer place to live in. That our school children have been safer upon our streets, that our oval and our public park have been freer from obnoxious people, than when we had license. There is no question but what real estate is worth more in Milford under no license. Judging from the reports of the traders there is no doubting the fact that money has been more plenty under no license. That many men who formerly ran accounts have since been able to pay them in full and now pay cash for their goods. With these facts staring voters in the face it is hardly reasonable to suppose that they will vote to return to a condition which every one was glad to see the end of. We do not believe Milford will vote for license this fall after the fearful object lesson of the past.

## Editorial Pen-Points

For hitting the nail on the head and saying the proper thing at the proper time in the proper way, President Roosevelt is easily prominent among the greatest statesmen of all times. His recent letter addressed to Senor Quesada, the Cuban minister, (who he knew was at that time on the high seas), but really intended for the Cuban people, was a remarkably adroit proclamation, disinterested, sincere, and showing an intimate knowledge of the grown children whom he was addressing. He flattered them; he cajoled them; he petted and lectured them. He adopted in some places their style of exaggeration and hyperbole, as when he referred to Cuba as the beautiful queen of the Antilles; but the President's good advice will at most do only temporary good. What the agitators in Cuba want is not advice or peace or prosperity. They want offices and pensions. Nine-tenths of the industries of the island are operated by Spaniards, Germans, French, Jews, English and Americans. The typical Cuban is an agitator supporting the Government while in office and agitating for office when out. There are a few good and intelligent Cubans, but the great majority insist on being bribed in some shape for permitting a regime of peace and progress. They look upon Cuba as their oyster to be opened with their machetes. They will never be persuaded that the salary list has been fairly arranged as long as they are left out. They will not be reconciled to vulgar labor

when they see others with all four feet in the trough. There is nothing left for us but to take up the white man's burden in Cuba and endure the criticisms of the anti-imperialists while we hunt down and clean out these banditti.

The Pullman Company it is said is about to pay an extra dividend from its surplus of \$27,000,000. Why not keep the money, pay the porters more and advertise that tips to that majestic personage are "positively prohibited."

A New Jersey man who has held office continuously for sixty years has just died. Those Government clerks who are thinking they are being worked to death should feel encouraged.

The Wall street journal says the per capita wealth of the United States is \$1254. This will be difficult to reconcile with the per capita condition of a great majority of us.

No matter how the Cuban imbroglio turns out it is safe guessing that the Pearl of the Antilles will soon go on the string with Porto Rico, the Philippines and Guam.

Mr. Longworth says he is confident of re-election and almost any one can forgive him for feeling pretty sure of himself since that trip abroad.

Many a party that starts away with sixty horse power is glad to get one horse power to come home with.

### CLINTON VILLAGE.

Mr. and Mrs. Will Holt, Mrs. French of Milford, Mrs. Fred Newman of Peterboro, and Mr. and Mrs. A. G. Brooks of Hancock, were here to attend the funeral of Miss Mary Holt on Wednesday of last week.

Mrs. C. D. Sawyer was a Concord visitor one day last week.

A little son was welcomed at the home of Mr. and Mrs. Ed Knapp on September 23.

Mr. and Mrs. W. W. Story were at Hillsboro on Wednesday.

Mildred, the little daughter of Mr. and Mrs. C. L. Holt, who has been quite sick, is better.

Wells and springs are getting low, causing much inconvenience to housekeepers.

Frost of last week killed everything out-doors that was not well protected.

### Danger From The Plague.

There's grave danger from the plague of Coughs and Colds that are so prevalent, unless you take Dr. King's New Discovery for Consumption, Coughs and Colds. Mrs. Geo. Walls of Forest City, Me., writes: "It's a Godsend to people living in climates where coughs and colds prevail. I find it quickly ends them. It prevents Pneumonia, cures La Grippe, gives wonderful relief to Asthma and Hay Fever, and makes weak lungs strong enough to ward off Consumption, Coughs and Colds. 50c and \$1. Guaranteed by Dickey's drug store. Trial bottle free."

Things which could never have made a man happy develop a power to make him strong. Strength and not happiness or, rather, only that happiness which comes by strength, is the end of human living—Phillips Brooks.

A cold is much more easily cured when the bowels are open. Kennedy's Laxative Honey and Tar opens the bowels and drives the cold out of the system in old or young. Sold by Dickey of Antrim and Joslin of Bennington.

Henry E. Sawyer, a former Manchester man, died at his summer residence at Randolph, Vt., aged 80. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Among these is the extract from Senator's Hanna's speech where he used the "stand pat" expression, it being the only instance in the Text-Book where the words "stand pat" are used. A page is given to Mr. Bryan and his views, with the comments of the New York World. A so-called "Prosperity Postscript" is added giving treasury conditions, trade reports, etc., down to August 1.

**Nervous Worn-Out**

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nerveine will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken down. I was nervous, worn-out, could not sleep, and was in constant pain. I doctor'd for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nerveine, and used altogether eight bottles, and I became strong and healthy, and now weigh 170 pounds."

### Watch Your Watch

A watch—being the smallest and most delicate machinery in common use—demands especially good care. No movement should be allowed to run longer than eighteen months without being cleaned, oiled, regulated.

The safest plan is to have it cleaned once a year and to have it inspected several times a year.

The latter service will cost you nothing here—bring your watch to be examined as often as you wish.

During the past week or two some of those in the village who have grapes have had considerable voluntary help in harvesting them. In days when we were young, it was a bashful (?) chore to help gather grapes without being asked, but now it seems to have become sort of common-place, and some young men, who ought to know better, to say the least, are seen helping themselves with no apparent tho't that at best it is stealing. It reminds us of a little something we read a short time ago:

It is not surprising that some of our young men seem to have such hard work to be decent. Just remember that the first man to dwell on earth was no saint. If we can rely upon history he was a liar and a sneak. The first woman kept bad company, and woman-like pried into things that did not concern her. The first child born was a murderer and killed his brother. Our first ancestors were a tough lot and it is hard to get it out of the blood.

**Proverbs about Rain.**

Unusual clearness in the atmosphere, objects being seen very distinctly, indicates rain.

If the sun sets pale, it will rain tomorrow.

If the sun rises pale, a pale red, or even dark blue, there will be rain during the day.

When the sun rises with dim murky clouds, with black beams, clouds in the west, or appears red or green, expect rain.

Evening red and morning gray, Are sure signs of a fine day; Evening gray and morning red, Put on your hat or you'll wet your head.

Rain is likely to commence at the turn of the tide.

If rain commences before daylight, it will hold up before 8 A. M.; if it begins about noon, it will continue through the afternoon; if it commences after 9 P. M., it will rain the next day; if it clears off in the night, it will rain the next day; if the wind is from the north, west, or southwest, the storm will be short; if from the northeast, it will be a hard one; if from the northwest, a cold one; and from the southwest, a warm one.

If it rains before seven, It will clear before eleven.

Rain from the south prevents the drought, but rain from the west is always best.

When rain comes from the west it will not continue long.

If it rains when the sun shines, it will rain the next day.

Rain is indicated when—

Low o'er the grass the swallows wing, And crickets, too, how sharp they sing.

If toad stools spring up in the night, in dry weather, they indicate rain.

Heavy September rains bring drought. Much rain in October much wind in November.

Rain long foretold, long last; Short notice, soon past.

Marry the rain to the wind and you have a calm.

## Tired, Nervous Mothers

Make Unhappy Homes—Their Condition Irritates Both Husband and Children—How Thousands of Mothers Have Been Saved From Nervous Prostration and Made Strong and Well.

Mrs. Chester Curry

Mrs. Chas. F. Brown

A nervous, irritable mother, often on the verge of hysterics, is unfit to care for children; it ruins a child's disposition and reacts upon herself. The trouble between children and their mothers too often is due to the fact that the mother has some female weakness, and she is entirely unfit to bear the strain upon her nerves that governing children involves; it is impossible for her to do anything calmly.

The ills of women act like a firebrand upon the nerves, consequently nine-tenths of the nervous prostration, nervous despondency, "the blues," sleeplessness, and nervous irritability of women arise from some derangement of the female organism.

Do you experience fits of depression with restlessness, alternating with extreme irritability? Are your spirits easily affected, so that one minute you laugh, and the next minute you feel like crying?

Do you feel something like a ball rising in your throat and threatening to choke you; all the senses perverted; morbidly sensitive to light and sound; pain in the abdominal region, and between the shoulders; oozing-down pains; nervous dyspepsia and almost continually cross and snappy?

If so, your nerves are in a shattered condition, and you are threatened with nervous prostration.

Proof is monumental that nothing in the world is better for nervous prostration than Lydia E. Pinkham's Vegetable Compound; thousands and thousands of women can testify to this fact.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

Keep one thing forever in view—the truth. And if you do this, though it may lead you away from the opinions of men, it will assuredly conduct you to the throne of God.—Horace Mann.

A sharp tongue is the only edge tool that grows keener with constant use.—Washington Irving.

Some people live looking within at their failure. Some live looking around at their hindrances. Some live looking at their Saviour—they face the sunny south.—Mark Guy Pearse.

Full joy does not exclude sorrow but it is a joy so deep that no sorrow can get below it.—G. H. C. Macgregor.

## TO REPUBLICANS:

We are anxious to have every Republican in close touch, and working in harmony with the Republican National Congressional Committee in favor of the election of a Republican Congress.

The Congressional campaign must be based on the administrative and legislative record of the party, and, that being so, Theodore Roosevelt's personality must be a central figure and his achievements a central thought in the campaign.

We desire to maintain the work of this campaign with popular subscriptions of One Dollar each from Republicans. To each subscriber we will send the Republican National Campaign Text Book and all documents issued by the Committee.

**He Didn't Lie.**  
There is in the service of a Baltimore man an elderly dandy who is much given to rebuking the mischievousness of his grandson, also in the employ of the Baltimorean. One day the latter chanced to overhear a conversation between the first and third generations, from which it was at once apparent that old Mose was scolding the boy for some trifling fault. The cross examination appeared unsatisfactory to old Mose, he suspecting the pickaninny of concealing something. "Jackson Brown," said the grandfather sternly, "yo' is shore keepin' sumthin' back! Member what de good book says, chile!" "Yassah," glibly responded the third generation; "I knows dat de Bible says yo' all mustn't lie, but it don't say yo' all got to tell de truf all de time!"—New York Times.

**Bricks.**  
There is no building material so durable as well made bricks. In the British museum are bricks taken from the buildings in Nineveh and Babylon which show no signs of decay or disintegration, although the ancients did not burn or bake them, but dried them in the sun. The baths of Caracalla and of Titus in Rome and the Thermæ of Diocletian have endured the ravages of time far better than the stone of the Coliseum.

**MacMahon's Epigrams.**  
When Marshal MacMahon in the Crimean campaign took the Malakoff by storm and wrote his celebrated dispatch, "J'y suis, j'y reste" ("Here I am; here I stay"), these words made him famous all over the world. Yet his friends said that the worthy soldier had written them in the most matter of fact manner, with no thought of phrase making. The most surprised person over the success of this epigram was MacMahon himself.

"I can argue with any one here," said the conscientious man fiercely. "I can argue!"

**Misjudged Him.**  
Lady A.—Here comes that dreadful man who sat next to me at dinner. He hasn't the manners of a pig! Mrs. B.—How funny! I thought he had.—Punch.

**Wholly Unnecessary.**  
"You don't even know how to make a lemon tart," remarked the cooking school girl, with fine scorn. "It isn't necessary to make a lemon tart," replied the other. All the lemons I've ever seen were pretty tart already."

**His Model.**  
Critic—That villain in your story is a perfect masterpiece. Where did you get the character? Novelist—I imagined a man possessed of all the forms of wickedness which my wife attributes to me when she is angry.—London Tit-Bits.

**He Understood.**  
"Do you understand," asked the Sabbath school teacher, "what is meant when we say that time shall be no more?" "Yes'm," answered Tommy. "It means when the clock stops."

## Must Use The Knife

Said the Surgeon, but Dr. David Kennedy's Favorite Remedy was taken and the Knife Avoided. The Union and Advertiser of Rochester, N. Y., recently published the following interesting account of how William W. Adams of 127 South Avenue, that city, was saved from a painful operation by the use of Dr. David Kennedy's Favorite Remedy.

Mr. Adams said: "Three years ago I was taken with kidney disease very badly; at times I was completely prostrated; in fact, was so bad that the day was set for the doctors to perform an operation upon me. But I decided I would not submit. I had been put in hot water baths, and, in fact, nearly every means was tried to help me. Upon the day set for the operation I commenced the use of

DR. DAVID KENNEDY'S FAVORITE REMEDY

and from that moment began to gain, and it was not long before I was entirely cured and have had no return of the trouble since. My weight has increased and I never was so well as I am now. I have recommended Dr. Kennedy's Favorite Remedy to many people, for it saved my life."

Write to Dr. David Kennedy's Sons, Rondout, N. Y., for a free sample bottle of Dr. David Kennedy's Favorite Remedy, the great Kidney, Liver and Blood medicine. Large bottles \$1.00. All druggists.
