Farewell Reception.

In view of the fact that Rev. W. E. Braisted was to close his pastorate of the Baptist church last Sunday, it was thought desirable to give him and Mrs. Braisted a farewell reception last Friday evening; and it proved a very pleasant and enjoyable occasion. The attendance was large, and included W. R. Cochrane, D. D., and wife; Rev. A. M. Markey; Rev. Thomas Moody, a missionary from Africa, who is now visiting in this vicinity, and Rev. William Hurlin. The large Baptist vestry was very tastily decorated with flowers, and with numerous rugs on the floor, and when later in the evening a large number of chairs were brought in to seat the whole company, it assumed a very tasty, cozy, and homelike appearance.

The receiving line consisted of Rev. W. E. Braisted and Mrs. Braisted, who held in her hand a pretty bouquet of lavender colored sweet peas; Deacon D. H. Goodell and Mrs. Goodell; Deacon H. A. Hurlin and Mrs. Hurlin; Deacon F. A. Dunlap and Mrs. Dunlap; and Deacon L. Patterson and Mrs. Patterson, and the tastily dressed corps of young ladies were busily engaged for a considerable time carefully escorting and presenting the numerous visitors.

This having been accomplished, Mr. George E. Hastings stepped forward, and in behalf of the church and congregation in two neat and appropriate addresses he presented to Mr. Braisted a handsome framed painting of the bridge on the Rialto in Venice, and to Mrs. Braisted a small box which contained a liberal present of cash. Mrs. Braisted responded first and Mr. Braisted followed: both of them speaking tenderly and appreciatingly of the kindness manifested to them during their five years residence here; both in their joys and their sorrows; of their gladness that Antrim was their first home, and of the affection they would always cherish for the church and congregation which they are now leaving, as they believe under the providence and guidance of God, and their desire that the members of the church will pray for them.

During the evening the local orchestra rendered gratuitously excellent music. Mrs. E. C. Martin sang two acceptable solos, and Mr. Fred C. Thompson one. Light refreshments were served, and then the whole company joined in singing a number of Gospel hymns.

This is Mr. Braisted's first pastorate since he left Newton Theological Institution, and it has occupied a little over five years of good and successful work. There are many regrets at his leaving; but the call to Barre, Vt., came to him without any seeking on his part, and he thinks it right for him to accept it. May the grace of the Lord Jesus Christ go with him and his family.

The New "Model Hub Ebony Finish."

This Range which will be given away in the voting contest now on with the ANTRIM REPORTER, is without doubt one of the best made; and whoever gets it will secure one of the best articles of kitchen furniture ever brought into this section of the state. When the arrangements were first made for this Range, it was understood to be a \$65.00 one but the traveling representative and manufacturers, as well as the agents, wanted to do better for us and the people hereabouts, and in changing the plans agree to furnish one of their newest "Model Hub, Ebony Finish" Ranges, price \$72.50, on same terms and conditions to the contestants. These conditions appear on fourth page of this issue and should be read and studied with a view of getting busy either for yourself or some friend whom you would like to see have just such a Range.

This Range will soon be on exhibition in one of the REPORTER'S show-windows, when it is hoped all interested parties will examine it.

The REPORTER gave away in like manner a year ago a Quaker Range, and a fairer contest was never carried on, and the fortunate party to receive the Range is loud in praise of it. This simply proves that the plan is all right and that a first-class Range in every particular will be given away in the manner prescribed.

Library Progressing Finely

Workmen arrived Monday and now things are moving on the "James A. Tuttle Library." There is a large lot of material, such as bricks, lumber, lime, etc., besides window and door frames, on the grounds. Brick-layers are now at their work, and it is hoped there will not be any further delay, but that from now on the work in all its different stages will be pushed rapidly forward.

The Improvement Society

Held a meeting on Monday evening at Selectmen's room and did some business relating to a bronze tablet in memory of the early settlers who marched to Boston to do service in the Continental army.

Prosperous Banks.

The bank commissioners have compiled a summary of the statistics of the savings banks of the state, from the annual returns of the treasurers of the banks, showing the condition of the various institutions at the close of business, June 30.

There was an increase in the number of depositors in the year of 8767, and an increase of over \$215,000 in the amount of dividends paid.

Some of the figures gathered from this summary of the bank commissioners are interesting, as they show a high state of prosperity in New Hampshire.

The banks show the largest total resources in the history of New Hampshire banks, amounting to \$91,840,557.30. The amount due depositors is \$81,124,710.89; guarantee fund, \$4,680,033.43; undivided profits, less expenses and taxes paid, \$2,200,506.50; miscellaneous indebtedness, \$17,057.25; premium, \$3,837,849.76; total, \$91,840,557.30.

The total number of depositors June 30, 1907, was 183,243, an increase of 8767. The amount of dividends paid in the year was \$2,629,514.44, an increase of \$215,007.34 over the previous year.

The amount due depositors shows an increase of \$5,179,044.63; the guaranty fund an increase of \$257,800.52; and undivided profits an increase of \$220,533.55. The average amount standing to the credit of each depositor is \$442.72. If distributed among the entire population of the state on the basis of the census of 1900, the average deposit for each person would be \$197.88.

The assets show a marked increase of home investments. The amount invested in home mortgages has increased \$935,038.18, and the amount in bonds and notes of this state has increased \$560,002.48. There has been a decrease in the holding of western mortgages of \$136,840.27, foreclosed real estate has decreased \$265,259.74, and railroad stock \$889,727.24. There is a decrease in the amount of premium of \$1,470,302.33, due to the depressed market value of securities.

The trust and banking companies—banking departments—show assets of \$2,367,406.55, with liabilities as follows: Capital stock, \$430,000; surplus and undivided profits, \$142,779.94; business deposits, \$1,326,457.17; due savings department, \$173,662.97; certificates of deposits and miscellaneous indebtedness, \$277,688.97; premium, \$16,817.50.

An Antrim Boy Honored.

There is probably no other young man in the state of New Hampshire, or in fact in all New England, who has been so signally honored as Julian M. Cochrane of Antrim, who a few weeks ago received from the emperor of Japan a beautiful bronze medal for services rendered during the Russo-Japanese war. The medal was forwarded to Mr. Cochrane through the department of state. This medal, which Mr. Cochrane prizes highly, is of the Imperial Order of the Crown, and is without doubt the only one ever presented a New Hampshire young man. Mr. Cochrane was sent to Japan during the recent war by one of the largest stereopticon companies in the United States, and while there was granted an audience with the emperor.

Ladies' Aid Fair.

As usual the annual fair and entertainment of the Ladies' Aid society of the Methodist church was a success in every way. At the tables and booths the sales were larger than in former years, while the attendance in the evening was not quite as large as formerly; however on the whole, the net proceeds of the afternoon and evening was above \$100., a sum about equal to any similar occasion for years past.

Mrs. Pamela J. Jackson.

At her home on West street, where she has for many years resided, Mrs. Pamela J. Jackson died on Monday afternoon. For several years she had been in failing health, but most of the time able to attend to her household duties, till very recently when she failed more rapidly and was unable to go out at all. She did not keep her bed for a single day, and at last passed away very suddenly. She was a lady of retiring manner, an excellent neighbor and a good friend, a long time member of the Methodist church, and one who will be greatly missed in the home where she resided with her two daughters, Mary F. and Nellie M., who took the best of care of their mother in her declining years; the only son, Charles H. Jackson, resides in Boston, and visited his mother often to cheer and comfort her. The two daughters and son have the sympathy of the community in their affliction. Funeral services were held today from the Methodist church, Rev. A. M. Markey officiating. Interment was in Maplewood cemetery.

Weather Proverbs About Dew.

The absence of dew for three days indicates rain.

If nights three there dewless be,
'Twill rain you are sure to see.

Clouds without dew indicate rain.

If there is no dew and no wind after a fair day, rain will follow.

In haying season, when there is no dew, it indicates rain.

If there is a heavy dew, and it soon dries, expect fair weather; if it remains long on the grass, expect rain in twenty-four hours.

Heavy dew indicates fair weather.

Much dew after a fair day indicates another fair day.

With dew before midnight
The next day will be bright.

A heavy dew with a south to east wind, fair weather; with a northwest wind, rain.

If the dew lies on the grass plentifully after a fair day, it indicates that the following day will be fair.

If you wet your feet with the dew of the morning, you may keep them dry for the rest of the day.

During summer, a heavy dew is sometimes followed by a southerly wind in the afternoon.

Who Likes Lemon Pies?

Everybody, but they are expensive and hard to make in the old way. You should try at once "Our Pie" Preparation for delicious Lemon Pies. It is made from the choicest ingredients, absolutely pure. Sure to please you, as it has thousands of others. A lady says: "I will never again try to make Lemon pie in the old way while I can get 'Our Pie' Preparation." Each package enough for two large pies 10 cents.

In Camp at Stoddard.

Mr. and Mrs. D. P. Bryer and daughter, Miss Myrtle, are camping at their cottage in Stoddard. They have with them Mr. and Mrs. Blakeley, from Lexington, Mass. J. S. Nesmith and wife were with them a few days recently. The party are enjoying pretty good fishing; Friday they caught a string of six pickerel which weighed ten pounds.

R. C. Goodell and wife and Charles H. Martin are spending a season at Hampton Beach.

Prohibition and Temperance Advancing.

For the cause of temperance and the information of our readers, we give place to the following letter which was received by Hon. D. H. Goodell from George E. King, who is at the head of the King Hardware Company, a large concern in Atlanta, Ga. It shows the trend of things in that locality and through the south, and is indeed very encouraging to temperance people generally:

August 6th, 1907.

Gov. D. H. GOODELL, Antrim, N. H.

Dear Governor:—In reply to your letter of the 3rd, beg to say that I am glad to state that the Georgia Legislature has passed and the Governor to-day signed a very rigid Prohibition Bill. It not only prohibits the sale, but the manufacture of all kinds of Alcoholic drinks, including Domestic Wines. It is perhaps the most drastic Liquor regulation that has ever become a law. Physicians can only prescribe pure alcohol and that under very strict conditions. The sentiment of the better class of white people all over Georgia is very strong in favor of temperance and very earnest effort is going to be made in cities like Atlanta, Savannah and Augusta to see that law is enforced, and I think that it will be done, perhaps as much as other laws that are placed on the Statute Books. Man since the beginning of time has been violating all kinds of laws and I presume there will be some violation of this law; but not much. Liquor is sold now in only five counties in Tennessee, ten or twelve in Alabama, and eight in Mississippi, and only four or five in Florida, while North and South Carolina are both strong temperance States. Texas is also following very close behind. The truth is that the South to-day is more opposed to the sale of liquor than any other section of the country and we expect to see Alabama and Tennessee follow Georgia next year.

By the way, the same paper that refused to insert whiskey advertisements in its columns was the only daily paper in the State that stood for prohibition, and without the assistance of this popular paper it might have been a question as to whether the law could have passed, as you know how desperate and unscrupulous whiskey men are.

It was stated during this campaign that New Hampshire had formerly had a prohibition law, but it was a failure and had been abandoned. We felt sure this claim was not the whole truth, and if not too much trouble would be glad to have you give me the facts regarding your State; but getting back again to the Atlanta Georgian,—it was so helpful to us in this campaign. I am asking the Editor, who is a bright, intelligent, earnest young man, to give you a copy or text of the bill, which I am not in a position to do.

Yours very sincerely,

GEORGE E. KING.

The statement following made by Gov. Goodell briefly puts the matter just as it is, and facts are something everyone has to face:

Alabama	67 counties.	55 dry.
Mississippi	77 "	69 "
Tennessee	96 "	91 "
Florida	46 "	41 "

According to this letter, Tennessee with 96 counties has 91 under prohibition. Mississippi with 77 counties has 69 dry. Alabama with 67 counties has 55 dry, and Florida with 46 counties has prohibition in 41 of them. Let us show to our Southern brethren at our next election that New Hampshire will no longer be a stumbling block in their way. The industrial growth of the South has been phenomenal in the past few years, and the growth of righteous public sentiment there seems to be simply marvellous. Prosperity in material things is sure to follow sobriety and right living.

Sometimes when one pauses to think the matter over, it almost seems that conditions grow worse instead of better—especially when the licensed saloon is placed so near to our door—but on further consideration it is evident that a great improvement has been made in the last half or even quarter of a century, and while the population of our country has greatly increased, rapid strides have been made towards stamping out this curse, for such even the drinking man admits it to be. All this has been accomplished by much hard work, and as one now sees it, details are being carefully planned with much thought and as opportunity is presented the necessary wedges will be inserted, and eventually conditions even in this section of Hillsborough County will be improved. Certainly everybody wants a part in making things better and should be greatly interested in this matter; we are all a part of this great commonwealth, and let's all work together to have it one of the cleanest and best and purest in all the union. Then can we each and every one say that we have not labored in vain, nor have our lives proved a failure; these may be no new thoughts to you but as they are brought to your mind afresh may you grasp the ideas which they are designed to convey, and henceforth labor for the best interests of your state,—in doing it you will know that it benefits yourself and your interests, as well as those of your friends and neighbors. What nobler thing can one do than try and help another and make him better?

DR. KENNEDY'S FAVORITE REMEDY

Breaks no Hearts, Excuses no Crimes.

Dr. David Kennedy's FAVORITE REMEDY is not a disguised enemy of the human race; where it cannot help, it does not harm. It is composed of vegetable ingredients and does not heat or inflame the blood but cools and purifies it. In all cases of Kidney troubles, Liver complaints, Constipation of the Bowels, and the delicate derangements which afflict women, the action of Dr. Kennedy's FAVORITE REMEDY is beyond praise. Thousands of grateful people voluntarily testify to this, in letters to Dr. Kennedy; and with a warmth and fullness of words which mere business certificates never possess. It makes no drunkards—excuses no crimes—breaks no hearts. We challenge a trial and are confident of the result. ONE DOLLAR a Bottle. All druggists. Bear in mind the name and address: Dr. David KENNEDY, Rondout, New York. Write for free sample bottle and medical booklet full of valuable medical advice. Mention this paper.

WASHINGTON LETTER

[Special Correspondence.]
Uncle Sam will soon be the owner of a subway railroad fully equipped for traffic between the capitol building and the new office structures of the senate and house respectively. Work on the subway from the house side of the capitol to the house office building at New Jersey avenue and B street southeast was begun a few weeks ago.
Neat and modern passenger coaches will be provided. It is said to convey representatives, officials and others to and fro between the capitol and the two office buildings. These will run from the lower stations of the senate and house elevators to the lower stations of the elevators in the office buildings, so that immediate connections can be made for any part of the structures. The cars will be operated and lighted by electricity.

Subway to Be Ready by December.
It is said to be provided in the contract that the subways on each side of the capitol are to be completed and in running order by Dec. 1.

The subways are to be twenty-two feet wide after being arched, but the workmen are excavating about thirty feet in width to allow for the masonry.

TELEPHONE CONNECTION.

WEDNESDAY, AUG. 14, 1907.

Entered at the Post-office at Antrim as second-class matter.

In the adjoining town of Hillsboro, the authorities are "taking in" a few autoists who exceed the speed limit, and we had to laugh a little at our friend, Stillman H. Baker, who was stopped on the road on the above account. He says, however, that an auto has got to "crawl" to get down to the speed limit of eight miles an hour, and we guess "Still" is right.

Now that the verdict has been rendered in the Hayward case and everybody can't help knowing the result, a certain Democratic publication takes President Roosevelt to task because he said early concerning the matter that these men were "undesirable citizens." Away down in the heart of the great American nation, there are millions that then agreed with the President and to-day hold the same opinion; because certain other men state that Hayward was not guilty of the crime charged to him, is it going to throw to the four winds everyone's opinion or right to think for themselves? This certain publication has opinions of its own, and we think it proper it should, but according to its own statement should go a bit slow in all matters till certain men or a body of men render a verdict that they may know just what to say and how to say it. It is extremely difficult for a man to write an editorial without stating in some way, either in words or between the lines, just the opinion he holds; but hereafter we hope to see no more of this in the publication herein referred to. Take away personality from a newspaper and just what is it anyway?

Woman's Home Companion.

The September Woman's Home Companion is remarkable principally for two things—the exquisite cover, by Earl Stetson Crawford, which won the \$1,500 prize recently offered by the Companion, and for an excellent article on "The Influence of Business Life on Women," by Anna Steese Richardson. This September cover represents the highest achievement in magazine-cover work yet produced, and the article mentioned above will make a profound impression on all people interested in the subject of women in business life, as it is the candid expression of a woman who has made a pronounced business success herself.

The fiction in this number is far above the average. Dr. E. E. Hale's monthly editorial page is on the subject of Letter Writing. Grace Margaret Gould, the fashion editor, has special pattern pages for children's and young ladies' school clothes, and all the other departments—embroidery, dressmaking, knitting, etc.—are full of timely and helpful suggestions.

The game Saturday will be all the toddlers, seven brothers and two cousins vs. a picked team. See posters for lineup. Harry Ross, Antrim's twirler in days gone by and who has been the means of winning many a victory for Antrim, has consented to pitch for the picked team. Game called at 2:30 o'clock. Admission: gents 15c, ladies 10c.

The single men Saturday last were too much for the married men, badly defeating them.

Quite a fire went through one of George Dodge's wood lots Tuesday, near Bennington track. The wind was high and the dry condition of things made it spread rapidly.

"I think that Ayer's Hair Vigor is the most wonderful hair-grower that was ever made. I have used it for some time and I can truly say that I am greatly pleased with it. I cheerfully recommend it as a splendid preparation."—Miss V. Brock, Wauwatosa, Mich.

The size of the Standard Oil fine, \$29,240,000, fairly staggers one when he stops to say it slowly. But the question naturally arises: is there anyway by which this benevolent (?) combination of money sharks can get rid of paying the fine? If there is any possible show of "squealing," these people can be depended upon to do the trick to perfection.

"The prosperity of a town is not guarded by the wealth of its inhabitants, but by the uniformity with which they pull together when any important undertaking is to be accomplished," sagely remarks an exchange. "A man with a thousand dollars at his command and love for his town in his heart can do more for his up building than a millionaire who locks up his capital and snaps his finger at home progress."

A department store sign says "Bathing suits reduced to almost nothing" and this is one of the signs that tells the truth.

We imagine that most Christian Scientists will approve of the sentence of a New York judge given Mr. Byrne of 30 days in jail for allowing his six year old daughter to die of pneumonia without medical attendance. Most people will regret that the sentence was so light and will think it should have been 30 years instead of 30 days. There has been no case like this for 20 years, the court said, owing to the deterrent effects of the heavy sentence imposed at that time in a similar case. The court therefore, had determined to punish Byrne so severely that the sentence would deter others from committing a similar offence.—Cabinet.

Letter to J. E. Perkins, Antrim, N. H.

Dear Sir: What will it cost to sow ten acres half wheat and half daisy mixed? and what will the crop be worth?

We don't know what daisy seed costs, nor how bulky it is; we suspect half wheat and half daisy would make a big crop of daisies, and last a long time; the wheat might be short.

The parable throws some light on the cost of a paint half whitewash. Whitewash mixed half-and-half with paint, is all paint in look and feel; indeed nine tenths of the "paint" in the stores is part whitewash: some half, some more, some less.

Paint has to be spread with the brush, the surface prepared, the ladders scaffolds pulleys and ropes arranged and moved, there's a great deal of labor in putting paint on; it costs \$2 to \$4 a gallon to do it.

What does it cost to paint whitewash? Just the same. Half whitewash? Just the same. It doesn't seem worth while, for the whitewash does harm, no good.

Will the paint hold the whitewash fast? or the whitewash loosen the paint?

Better paint pure paint, the least money paint, the least gallons paint Devoe.

Yours truly,
F. W. DEVOE & Co.

The Modern Public Library.

"The Modern Public Library" is an article of educational interest in the September number of the NEW IDEA Woman's Magazine. There is probably no other public institution which has undergone a greater awakening within the last twenty-five years, and the writer gives an outline of the principal movements which have taken place for the development of the modern library system. The methods which enable the introduction of the best reading matter into the remotest homes, as well as the many inducements which are made to young and old to become interested in good literature are told about. The children's story hour and the "gang rooms" for boys may not be found in every locality, but their value as an incentive to reading makes a universal appeal. Every one ought to be interested in this account of one of the greatest influences of our modern times.

TUMORS CONQUERED

Overwhelming Proof that Lydia E. Pinkham's Vegetable Compound Succeeds.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy Tumor.

The growth of a tumor is so insidious that frequently its presence is wholly unsuspected until it is well advanced.

So called "wandering pains" may come from its early stages or the presence of danger may be made manifest by excessive monthly periods accompanied by unusual pain, from the abdomen through the groin and thigh.

If you have mysterious pains, if there are indications of inflammation or displacements, secure a bottle of Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, right away and begin its use.

The following letters should convince every suffering woman of its virtue, and that it actually does conquer tumors.

Mrs. May Fry, of 836 W. Colfax Ave., South Bend, Ind., writes:

Dear Mrs. Pinkham:—

"I take great pleasure in writing to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. I also took the Blood Purifier in alternate doses with the Compound. Your medicine removed a cyst tumor of four years' growth, which three of the best physicians declared I had. They had said that only an operation could help me. I am very thankful that I followed a friend's advice and took your medicine. It has made me a strong and well woman and I shall recommend it as long as I live."

Mrs. E. F. Hayes, of 26 Buggles St., Boston, Mass., writes:

Dear Mrs. Pinkham:—

"I have been under different doctors' treatment for a long time without relief. They told me I had a fibroid tumor, my abdomen was swollen and I suffered with great pain. I wrote to you for advice, you replied and I followed your directions carefully and today I am a well woman. Lydia E. Pinkham's Vegetable Compound expelled the tumor and strengthened my whole system."

Mrs. Perry Byers, of Mt. Pleasant, Iowa, writes:

Dear Mrs. Pinkham:—

"I was told by my physician that I had a fibroid tumor and that I would have to be operated upon. I wrote to you for advice, which I followed carefully and took Lydia E. Pinkham's Vegetable Compound. I am not only cured of the tumor but other female troubles and can do all my own work after eight years of suffering."

Mrs. S. J. Barber, of Scott, N. Y., writes:

Dear Mrs. Pinkham:—

"Sometime ago I wrote you for advice about a tumor which the doctors thought would have to be removed. Instead I took Lydia E. Pinkham's Vegetable Compound and to-day am a well woman."

Mrs. M. N. Funk, Vandergrift, Pa., writes:

Dear Mrs. Pinkham:—

"I had a tumor and Lydia E. Pinkham's Vegetable Compound removed it for me after two doctors had given me up. I was sick four years before I began to take the Compound. I now recommend Lydia E. Pinkham's Vegetable Compound far and near."

Such testimony as above is convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for Tumor Growths as well as other distressing ills of women, and such symptoms as Bearing-down Sensations, Displacements, Irregularities and Backache, etc. Women should remember that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women. Don't forget to insist upon it when some druggist asks you to accept something else which he calls "just as good."

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass., for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health.

enough, he found a small folded paper. Examining it eagerly, he read: "Fooled again."

Was an Apt Interpreter.

Mr. Garvin, first assistant to District Attorney Jerome of New York, told the following story at a little dinner one evening:

There was an Irishman, Dennis O'Toole, who served as a semi-bailiff, semi-interpreter of facts and fiction in Judge Whitman's police court. One day a prisoner was brought to the bar, when the following colloquy ensued:

The Judge—What is your name?

A mumble from the prisoner.

O'Toole—Michael O'Donohue, your honor.

The Judge—Where were you born?

The Prisoner—In the dearest ould land, God bless her!

O'Toole—In Ireland.

The Judge—Where do you live?

The Prisoner—In among the goats.

O'Toole—In Harlem.

The Judge—Can you read and write?

The Prisoner—I'm a Dimmyerat.

O'Toole—No, your honor.

The Judge—Have you ever had any religious instruction?

The Prisoner—I have not.

O'Toole—He's a Protestant, your honor.

Pretty Good Living.

When a town fellow visits a country home and they sit him down to a table laden with hickory wood smoked ham as sweet as nectar, fried eggs fresh from the chicken factory, homemade bread, butter churned before breakfast, milk and cream that never saw chalk or water and a score of sweetmeats, pastries and fruits and then apologize to him for not having something to eat he cannot help but wonder what they do have when they are expecting company.—Greenville (Tenn.) Sun.

Mrs. Handout—If I give you your dinner will you carry a message over to the next village for me?

Tired Tim—Wid pleasure, mum. Where is yer motor car?—Puck.

Not the Same Thing.

He—For a rich girl, Miss Millynn's has very little pomp about her. She—Good gracious, George! Did you ever look at her hair?—Baltimore American.

Caught Both Ways.

William T. Stead at the end of his visit to Yule in the cause of peace said at a tea:

"You have disappointed me a little here. Despite all my efforts to make you, you have not gone in your peace championship the lengths I had expected you to go. Examination time is approaching, and I am as disappointed as a tutor was in an examination that I attended in my youth.

"This tutor prided himself on his detective skill, and seeing a student consulting his watch repeatedly, he called out to him, with a wise smile:

"Mr. Smith, I will have a look at that watch of yours, if you please."

"Smith seemed worried. He advanced and handed forth his watch. The

tutor opened it and saw pasted across the dial a tiny slip of paper bearing the word, 'Fooled.'

"Of course, then, Smith was allowed to resume his work. But the tutor kept his eye on him. And certainly the young man kept looking at his watch with suspicious frequency.

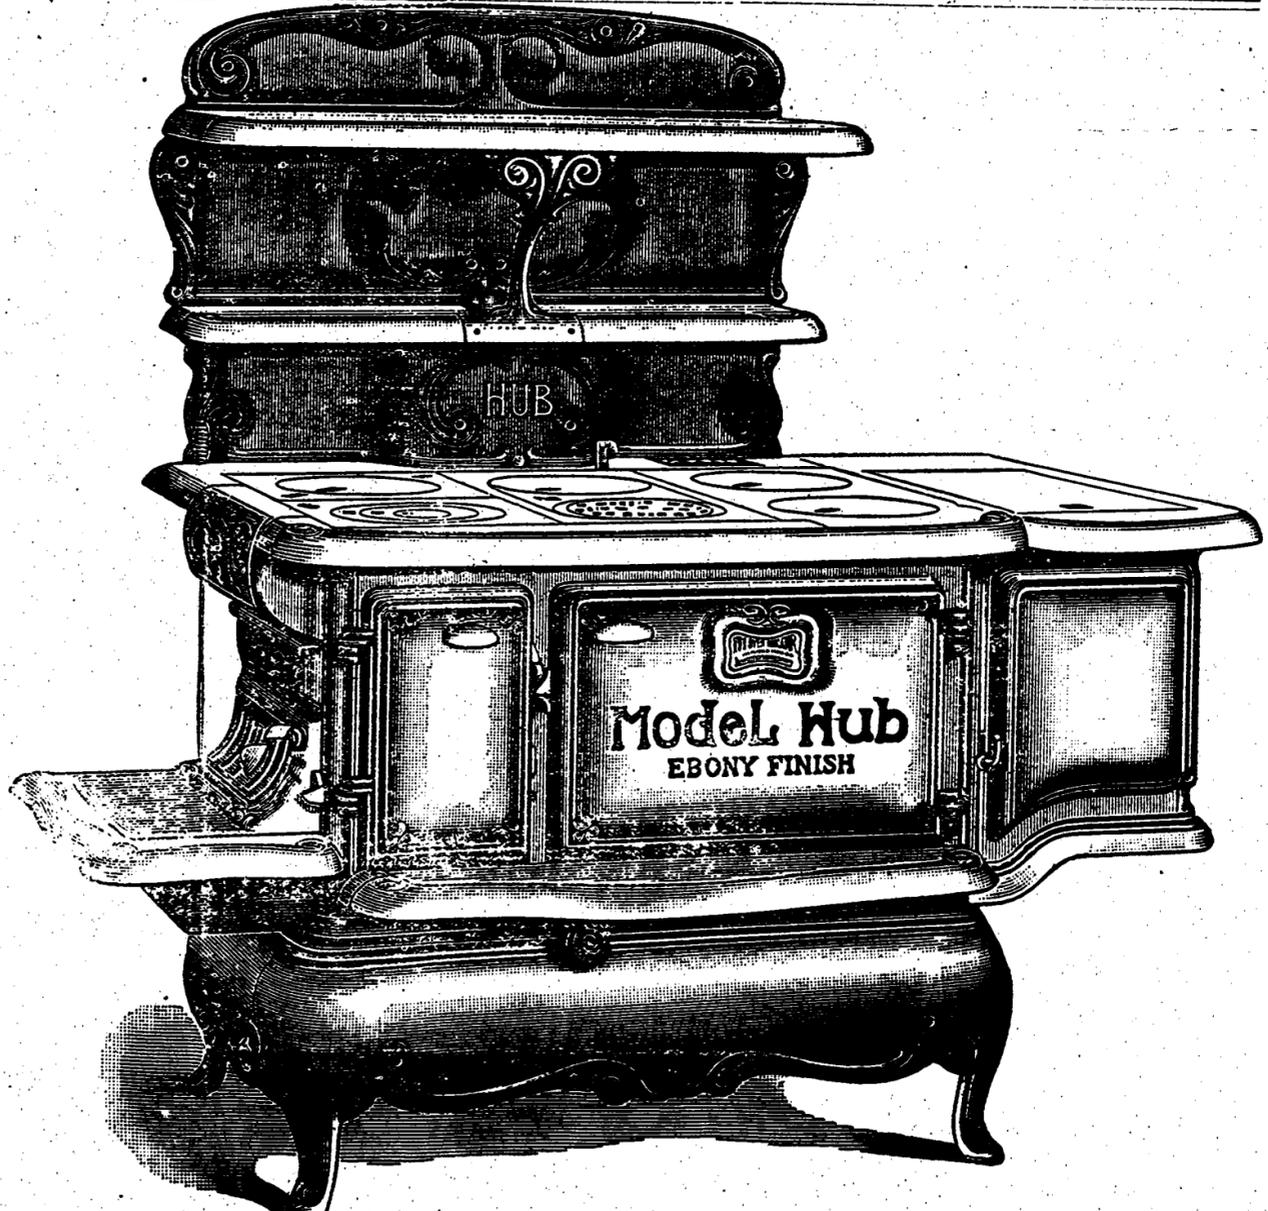

"Mr. Smith?"

"The voice was loud and peremptory. Smith thrust his watch back in his pocket and started guiltily.

"Mr. Smith, I'll just have another look at that watch, please."

"But this time the tutor did not go for the face. He opened the back of the watch instead. And there, sure

CHANGE IN BUSINESS.

One of the latest changes in business in this place is the purchasing of the controlling stock of the C. J. Kimball Company by outside parties. An accountant was in this place last week arranging matters. There is little doubt that there will be much noticeable change in the business at present, as the members of the Kimball Co. continue to hold a considerable bunch of stock. It is probable improvements will be made however in buildings and plant, and in some ways this will benefit our town. The business as it has been conducted in years past has been a great help to our village, the Kimball brothers being business men of wide experience and very generally liked; they have made goods that are known far and wide as among the best cutlery manufactured, and employed a number of skilled workmen. Everything that is honorable and good can truthfully be said of these men, and those who know them best are loud in their praises in every way, in a business way as well as in all ways that are for the welfare of our town and all its varied interests. It is hoped with the change just taking place that if any conditions can be improved to make it better for the workmen and indirectly our village, that such will take place.

MATTRESSES

We Buy Them by the Car Load, that means a Car Loaded full of Mattresses a tthe Factory and Never Opened till we Unload it Here.

Why Do We Buy So Many (a car brings 150 Mattresses.) Because we sell a great many, and because if we buy less they are baled in bundles and moved from one car to another in transit, and being heavy and bulky are handled roughly, breaking the edges and straining the ties, damaging them worse than months of service on the bed. You would not buy a mattress that had been used, yet many mattresses are worn worse in transit than a year's service would give. We deliver them Fresh and in Perfect Shape.

Compare Our Mattresses at any Price with Others and See.
\$3.00 buys a good strong tick on a soft top Mattress, made in two parts. \$5 00 buys a special Mattress, made for us from extra grade tick, felted clean white cotton all over the core, which is of rattan shavings, is extra thick and in two parts. \$12.00 buys a white cotton felt mattress, elastic and durable, same stock and thicker than are sold for \$15.00 and more. \$20 buys a 40 lb. pure South American Hair Mattress, lasts 12 to 20 years, then you make it over and is as good as before for another equal term. These Prices Cannot Last if the Prices of Ticking and Fillings Continue.

SPRING BEDS

We Buy in Quantity. Special Grades made for Hard Service

We have made a special study of Spring Beds and we warrant our Springs satisfactory, or your money back.
\$2 50 buys a spiral Spring, folding like a book, easy to handle. \$3 50 buys our Special Weave in woven wire, extra strong frame and extra wires of extra size. We warrant it will hold four adults; good grades at \$3.00 and 2.50. \$4 50 buys our special National on Iron Frame, warranted not to roll to the center. \$6 00 buys Foster's "IDEAL" the finest spring made. We back that statement with trial for 30 days, free.
