Mrs. Mortimer A. Call.

The sudden death of Mrs. Mortimer A. Call took place at her home on Wallace street on Thursday last, August 29, 1907, at the age of 21 years, 9 months, 18 days, after a very short illness.

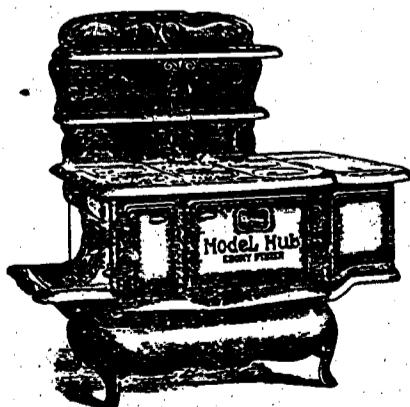

Mrs. Call was born Bessie Hutchinson, in the town of Antrim, daughter of Mr. and Mrs. George E. Hutchinson. She attended school in town, and graduated from the Antrim High school in the class of 1901, and was valedictorian of her class. She had all her life resided in town and among those who knew her best she was a general favorite, and will be greatly missed by a host of friends. In the immediate family is where she will be missed most, and to the bereaved husband, father, mother, sister and brothers, is extended the sincere sympathy of the entire community. Deceased with her husband had just commenced house-keeping in their new home, having barely got settled, which seems to lend increased sadness to the situation.

Funeral services were held on Saturday afternoon from the Baptist church and were largely attended, Rev. A. M. Markey of the Methodist church officiating. Interment was in Maplewood cemetery. The floral tributes were many and beautiful and testified to the esteem in which deceased was held. A list follows:

Mortimer A. Call, spray 21 asters; Mrs. E. C. Hutchinson, broken wreath; G. E. Hutchinson, spray asters; F. L. Hutchinson and wife, basket; Arthur G. Hutchinson, spray roses; W. W. Brown and wife, spray asters; J. M. Hutchinson, spray asters; Mrs. Orinda Spaulding, Harrisville, spray asters and bouquet of flowers; Elizabeth Atwood, Lowell, mound asters; shop-mates, spray asters; Apple parer department, spray asters; Mrs. Webster, spray sweet peas; P. E. Richardson, spray asters; Mrs. W. E. Ingram, spray chrysanthemums; Mrs. D. W. Cooley, bouquet; Mrs. Jane Bass, spray asters; W. E. Call and wife, spray asters; Ed. Heath and wife, asters; Walter Smith and wife, bouquet geraniums and sweet peas; Phenland E. Call and wife, Boston, spray asters.

### Imposition on Rural Carriers.

Under the above caption, the Derry Enterprise has the following very truthful comments to make on the matter in hand:

Some who do not know all he has to contend with think the rural mail carrier has a "cinch," to use a bit of very expressive slang. It looks like a most delightful job to drive through the country on a bright summer day with nothing to do but collect and distribute the mail while the farmers are sweating away in the peak of the barn. It is—for a few times, and then its monotony begins to wear. Next winter, too, when the farmers are snugly seated by the stove reading the paper the carrier has just left them, the latter is ploughing his way through the storm and snowdrifts.

The free delivery man has become one of the most useful factors in country life. He cannot be dispensed with. Sometimes some of those he serves seem to think he is expected to do almost everything. He is a "good thing" that should be made the most of.

One of the minor little annoyances to which they subject him is that of leaving money in the mail boxes and expecting him to stamp their letters for them. Sometimes they even want him to make change and leave what is left over in the box. They know that if they went to the postoffice they would have to buy their own stamps and do their own stamping. Those of them who have lived in the city know that their city cousins have to do the same. It is asking too much of the rural carrier who is, as a matter of fact, a very busy man, to expect him to do these little things.

### In the Woman's World

The leading dress article for October in the New Idea Woman's Magazine takes up the question of a year's supply of petticoats and goes into the subject at some length, giving valuable advice as to what constitutes a reasonable and suitable supply. The latest innovations in separate flounces, fitted yokes, new petticoat materials and trimmings are taken up and dealt with from a practical standpoint. Four helpful articles of timely interest to the housekeeper are on "Tomatoes in Can and Conserve," "Practical Points on Soup Making," "Utilizing the Cheaper Cuts of Meat," and "Hints for a Healthy Kitchen." "The Planting of Fall Bulbs," contains a great deal of useful information for the garden-lover; and the puzzled hostess will find "New Fortune Telling for Hallowe'en," and "The Festival of Maids" and "A Workingman's Party," full of bright suggestions for entertaining on the witching eve of Hallowe'en. A new department of advice "For the Girl Who is Going to the City" has been started by the editor in response to numerous questions concerning different cities and what they have to offer the country girl who wishes to earn her living.

### Every Woman in Antrim

will be glad to know that local grocers now have in stock "Our-Pie," a ready to use preparation in three varieties for making: Lemon, Chocolate and Custard pies. The delicious pies so easily made with "Our-Pie" melt in one's mouth and are absolutely pure and wholesome, containing only the choicest ingredients guaranteed under Pure Food Laws. Each 10-cent package makes two pies. Be sure and order to-day.

Rev. J. P. Hackett, pastor of a Winchendon, Mass., church, was surprised recently to find an old corn cob pipe in the altar, which was being repaired. The pipe must be 35 years old, as the altar has not been taken down since it was built.

The shops of the Goodell Co. cutlery works were shut down on Monday—Labor Day.

### Our Schools!

THE REPORTER has always been a warm friend to the schools of our town and it intends to continue a deep interest in them during the ensuing year. The fall schools commence now in a few days and we believe it is the duty of every citizen to take a live interest in our schools. Antrim has ever been quite ready to take forward steps in the right direction as regards her schools, and we hope to see in them great improvement in the coming years.

While there are perhaps a few lines along which our schools might be hurriedly advanced and prove very beneficial, if the School Board had more money to work with,—such as a bit longer school year and a bit higher salaries to the teachers,—yet with the continued advancement of progress and thought our schools are slowly gaining.

Where our town schools as a whole receive the greatest set back is in not being able to retain good teachers for more than a year at a time (and sometimes not even that), owing principally to the reasons given herewith; we are almost always having to take inexperienced teachers or those who are not over-anxious to have a long school year. When the inexperienced have taught for awhile and "make good" our schools lose them; when they do not "make good," then our schools also lose. In many cases our School Boards have been exceedingly fortunate, and most excellent teachers have been retained to instruct the pupils. But these facts remain—a stubborn as facts can possibly be—that without a little surplus at the hands of the School Board to be able to use in an emergency such as retaining a good teacher by the payment of a bit more by the year, there will continue to be that much of a loss. It is not enough to get along as in times past and be satisfied, but our aim should be to keep abreast of the times,—we owe it to our children to do our level best for them and a little more; they will need it and need it greatly in a few very short years!

We do not wish to be understood as advocating the spending of any large or additional sums of money in our schools, but our one idea is to bring to the attention of our people, particularly to the parents of pupils in school, the right condition of things. Can any of us, even if fortune favored us in the extreme and thereby we became worth thousands upon thousands of dollars, leave any better legacy to our children than the ability, so far as education goes, of earning their own living? Again we say: "Take a live interest in our schools," for it is the principal thing in the town's advancement and the most important matter to any party looking up the town for a residence temporarily or permanently.

### THEIR FIFTIETH ANNIVERSARY.

Ex-Governor David H. Goodell and Wife Married Fifty Years Last Sunday.

Former Governor and Mrs. David H. Goodell quietly passed the 50th milestone in their wedded life on Sunday, the 1st day of September. This honored couple are among Antrim's leading people and at this time were spending a season at the White Mountains. The ex-Governor is a widely-known man, not only in our own Granite State but all over the United States, as an extensive manufacturer of cutlery, apple parers, seed sowers, and hardware specialties, being president of the Goodell Company, having several factories in Antrim and also in the adjoining town of Bennington. In addition to the close attention given his ever-increasing business, he has found time to do much in the temperance cause throughout the state, speaking at public meetings in many cities and towns; he is president of the State Law and Order League. Mr. and Mrs. Goodell are both prominent workers in the Baptist church. Their home is the popular Maple Grove Stock Farm, near the village, where the ex-Governor is a raiser of fancy cattle of the Holstein breed.

Their many friends throughout this section hope that Mr. and Mrs. Goodell will live many years longer to enjoy their beautiful home and delightful surroundings.

### FIRE ALARM AT SIX O'CLOCK

Tuesday Morning, for Small Conflagration in the Goodell Business Block.

Those of our people who are not accustomed to rising very early in the morning, were startled a bit Tuesday morning, when at about six o'clock the fire bell was sounded; on inquiry, it was quickly learned that the seat of trouble was in the Antrim Bakery, near the chimney. The cause of the fire was doubtless the over-heating of the brick and cement foundation to the large kitchen range in the hotel on second floor, which after smouldering for several hours burned off a floor timber and was steadily eating its way through. Fortunately smoke was discovered and the exact location found in the nick of time. With the assistance of fire extinguishers all the blaze was quickly put out; there being no draught till a hole was cut through the ceiling, not much of a blaze had started.

THE REPORTER being in the same building where this small fire was, we dislike very much to think what might have happened had the fire gained greater headway before it was discovered.

### THREE NOW IN THE CONTEST.

To-day, The Reporter is Able to Announce that Another is After the "Hub."

Since the arrival of the new "Hub" Range at our office and the setting it up in THE REPORTER show-window, additional interest is manifested in the contest which is now on; some lady is going to be fortunate enough to get this handsome kitchen range with but a little extra effort on her part. It goes as a premium to the one turning into this office the greatest number of subscriptions. Have you read the conditions? You will find them on fourth page; read them and "get busy!" On this page you will find the names of the ones who have entered the contest.

By renewing your subscription at this office, or subscribing anew, and giving us the name of your favorite, proper credit will be given; or, if you prefer, you may pass your subscription direct to the one for whom you wish to vote, who in turn will pass it into this office.

### THE "TUTTLE LIBRARY" GROWING.

The Brick Masons and Carpenters are an Exceptionally Busy Aggregation.

The past few days have contained a Sunday, a holiday, and a rainy day, in consequence of which but very little work has been done during this length of time. The rain, however, was greatly needed by almost everybody else except these workmen. When the brick-layers and carpenters are "on to their job" there are but very few people in this vicinity who have seen workmen do a larger or (to the on-looker) a more satisfactory day's work. Consequently the building is progressing nicely, and while at this stage of erection it is impossible to have even a faint idea of what it will be when completed, it is enough to know that the building committee assures the town's people that it will be very pretty and satisfactory.

Admiral Lord Charles Beresford commanded a naval brigade in the Sudan when the British forces were there. One day when the Arabs were making a terrific encroachment the admiral's life was saved by a mule which fell dead upon him. When the square had been reformed and the Arabs were repulsed, Lord Charles was rescued. He looked at the mule for a moment and then remarked gratefully, "Now, that poor beast did what I should call a brotherly act."

The Ladies' Sewing Circle and friends of the Baptist church gave an entertainment at Citizen's Hall Friday night, Aug. 16, together with a supper and sale of articles made by the circle and contributed by friends. It was a financial success as they cleared about sixty dollars. The entertainment consisted of singing by the young ladies and a few of the older ones, of old time songs. They were arrayed in garments of "Ye Olden Time." Before the concert, they all marched around and through the hall to the stage, which gave the audience a chance to see the costumes which were truly unique. It is needless to say the program was fine and enjoyed by all. The circle and church feel very grateful to all who so kindly assisted in any way to make it a success, and especially to the singers who spent so much time in preparation for it.

### Beware of Ointments for Catarrh that Contains Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces of the nose and mouth. Never apply any ointment or salve to the nostrils from reputable physicians, as the fumes they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, 75c. Old Home week celebration in this town, the 22nd ult., was favored with ideal weather for an out of doors gathering. The rain of the previous day had laid the dust and cooled the air, and large numbers were present to enjoy the festivities of the day. The East Sullivan band was early on the ground and gave a concert morning and afternoon. It also rendered several selections during the afternoon exercises in the church. Two hotly contested ball games were played between the Munsonville and a town team. The home team won the first game, score 14 to 13. The visitors won the second game, score, 4 to 3. Dinner in picnic was enjoyed by many family parties on the shore of Norway lake near the church. At 1 o'clock p.m. an excellent program was presented in the church. Officers for the coming year: William Weston of Greenfield, president; Orlando Eaton, vice president; ex. committee, Mr. and Mrs. C. M. Sheldon, Mr. and Mrs. G. H. Fogg, Mr. and Mrs. W. W. Haywood; Secy and treas., M. T. Whitaker. About 300 guests registered during the day.

QUICK CHANGES from hot to cold and back again try strong constitution and cause, among other evils, nasal catarrh, a troublesome and offensive disease. This honest and positive remedy contains no cocaine, mercury, nor other harmful ingredient. The worst cases are cured in a short time. All druggists, 50c, or mailed by Ely Bros., 56 Warren Street, New York.

## Often The Kidneys Are Weakened by Over-Work.

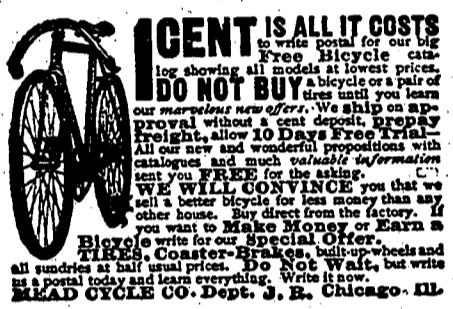

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle Home of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.; one every bottle.

William C. Malcolm of Manchester has been awarded a gold medal and a certificate of merit from the United States government for an act of heroism performed by him while serving in the army in the Philippines three years ago.

Intimate friends of Miss Caroline Wing, who resigned her position after more than 20 years as a principal of the training school in Manchester, learned Tuesday that she had been married to George T. Parker of Acushnet, Mass., last Friday.

After nearly three days the party that has been searching the woods for Gallaro Garabeau, who is charged with killing Alphonzo Delphi during a quarrel over a strike, has been captured near North Stratford. The man was in an exhausted condition. He had had nothing to eat since Sunday, and his clothes were tattered and torn.

Game Commissioner Nathaniel Wentworth of Hudson, visited West Derry on Tuesday upon information he had received of a deer being illegally killed. He went to East Derry and after an investigation arrested Henry Wilson, employed on the Hood farm. Mr. Wentworth claimed that Wilson killed a deer which his dog had chased, using an ax for a weapon. It is alleged that Wilson was assisted by another man. They were arraigned in the afternoon before Associate Judge Abbott. He admitted that he killed the deer, but said he committed the crime last February. The court imposed a fine of \$50 and costs and at the commissioner's suggestion suspended the fine during Wilson's good behavior. He, however, was required to pay the costs of \$7.62.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's restorative has made its fame. No other remedy ever claims to keep the "inside nerves." Also for bloating, biliousness, bad breath or complexion use Dr. Shoop's Restorative. Write me today for a sample and free Book. ## Head Ache Sometimes?

If so, it will interest you to know that it can be stopped with Dr. Miles' Anti-Pain Pills; and without any bad after-effects, and this without danger of forming a drug habit or having your stomach disarranged. They positively contain no opium, morphine, cocaine, chloral, ether or chloroform in any form. Dr. Miles' Anti-Pain Pills relieve pain, and leave only a sense of relief. The reason for this is explained by the fact that headache comes from tired, irritable, turbulent, over-taxed brain nerves. Anti-Pain Pills soothe and strengthen these nerves, thus removing the cause. They are harmless when taken as directed.

"We use Dr. Miles' Anti-Pain Pills for the cure of headache, and we think that there is nothing that will equal them. They will cure the severest spell of nervous or sick headache in a very few minutes. I occasionally have spells when my nerves seem to be completely exhausted, and I tremble so I can scarcely contain myself. At these times I always take the Anti-Pain Pills, and they quiet me right away. It is remarkable what a soothing effect they have upon the nerves."

MRS. F. E. KARL, Detroit, Mich.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk.

The price of grain goes soaring upward: an advance of ten cents a bag at retail on some grades is a late report. While many of us cannot understand why such a state of things exist, yet are ready to say that if the producer is the party getting the additional price we will keep silent, but if a few who will not work but are constantly scheming to "get a corner on something" are the ones who are reaping the harvest then there is great reason to send up a howl!

Dr. Henry Reed Hopkins of Buffalo, N. Y., who has been in New Hampshire of late visiting ex-Senator W. E. Chandler, was in the habit of taking frequent long runs in the early morning for exercise; he is 63 years old and ran five miles before breakfast. Dr. Hopkins is a native of Jamestown, N. Y., but his parents were from Antrim; a few of our oldest residents doubtless will recall his father, John Hopkins, who married Abby Pratt of Antrim. He was in trade in this town in 1817 to 1820, then removed to Roxbury, Mass.; he was noted as a teacher, and went to New York for that purpose. He and his wife died only a few days apart in 1873.

## New Hampshire Day at Jamestown Exposition

SEPT. 5 TO BE ONE OF THE GREATEST DAYS IN THE FAIR'S HISTORY.

Governor Charles M. Floyd and Other Distinguished Men to Participate in the Celebration—Grand Review of Soldiers and Sailors One of the Features—Reception at the New Hampshire Building, a Replica of the Old Langdon Mansion.

**N**EW HAMPSHIRE STATE DAY at the Jamestown exposition is expected to be one of the greatest days in the history of the world's fair now being held on Hampton Roads, Virginia. The day set aside for the citizens of the Granite State is Sept. 5.

Governor Charles M. Floyd of New Hampshire, with his staff and the New Hampshire Jamestown commission, the whole party numbering twenty-five or thirty, will leave home for the exposition Sept. 2, arriving at Old Point, just across Hampton Roads from the exposition, the next evening.

Governor Floyd will proceed immediately to the exposition grounds, where he will be met by members of the receiving committee and driven to the New Hampshire State building, where he will make his headquarters.

Sept. 4 will be devoted exclusively to the New Hampshire delegation, to the visitors from that state, of whom a great many are expected. The day will be spent in visiting the various exhibit buildings, all of which will be thrown wide open. The evening will be spent on the War Path "taking in" the shows and amusements.

The next morning, Sept. 5, at 11 o'clock, a review of all the troops will be held on Lee Parade by Governor

later was used at the battle of Bunker Hill.

### Priceless Relics of History.

Occupying a conspicuous place in the treasury department exhibit, Government building A, protected by a massive brass and plate glass wing frame, is a series of warrants and drafts, exhibited for the first time, which will not again be on exhibition to the public without special permission of the secretary of the treasury; and then only at the department in Washington. These warrants or checks are framed between heavy plate glass to enable the visitor not only to read the face of the same, but also the indorsements on the back thereof.

One of the most interesting of these is the grant to General Lafayette made by congress in 1824 for his services and sacrifices in the war of the Revolution. His indorsement appears on the back as being paid Jan. 11, 1825. The amount of this warrant is \$200,000.

The warrants for which Russia was paid \$7,200,000 for the territory of Alaska are also shown. The emperor of Russia not being here in person, the power of attorney was given to his minister; hence this warrant is drawn in the name of De Stocke and was placed in the old Riggs National bank of Washington for collection. It may be interesting to know in connection

with this warrant that to the public at large Alaska is no more or less than nearly 600,000 square miles of land, occupying the northwestern part of North America, with the Arctic ocean for its northern boundary. Its possession by the United States is associated historically with the friendship of Russia for the north during the civil war.

It is known that the government paid about 2 cents an acre for the territory, but it is not generally known that the United States has received nearly \$11,600,000 in revenue from Alaska in the past thirty-nine years. In addition, Alaska has produced \$125,000,000 in gold, \$80,000,000 in furs and \$90,000,000 in fish, and the wealth of the country has only been scratched on the surface.

### Pay For the Philippines.

In this case are four warrants of \$5,000,000 in payment for the Philippine Islands. They are drawn in the name of Jules Cambon, the French ambassador, representing the government of Spain. These warrants also show the indorsement of Mr. Cambon. The \$40,000,000 paid to the French company which had already worked part of the Panama canal and drawn in the name of J. Pierpont Morgan & Co. as its financial representative is also shown. The two warrants, one for \$1,000,000 and one for \$9,000,000, paid to the republic of Panama for the purchase of the canal zone, through J. Pierpont Morgan, is shown here also.

All of the above warrants and checks are the original papers in each instance and are priceless relics to the

United States government. Visitors may have these warrants and checks explained to them in detail by applying to any of the attendants in the treasury department space.

### Colonial Dames' Exhibit.

The New Hampshire Colonial Dames have contributed a valuable collection of old pottery, colonial furniture and a handsome traveling case of solid mahogany, filled with cut glass, glasses and bottles which were owned by Colonel Ciley before the Revolution. In this collection is an exquisite miniature of Brigadier General Enoch Poor of Revolutionary fame; also some rare old lace, fans, manuscripts and prints.

"I am delighted with my visit to the Jamestown exposition, and I will remember this trip as one of the most pleasant events of my life. The exposition is magnificent and the illumination most beautiful."

With this statement his excellency Mgr. Falconi, papal delegate to the United States, left for Washington after having attended the convention of the Knights of Columbus at the exposition.

## STOP WOMAN AND CONSIDER

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Dragging Sensations, Dizziness and Sleeplessness.

Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other one medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

### Lydia E. Pinkham's Vegetable Compound

For more than 30 years has been curing Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and Organic Diseases, and it dissolves and expels Tumors at an early stage.

### Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass., for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that she assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health. Write today, don't wait until too late.

#### Exposition Rates Reasonable.

District Passenger Agent J. H. Wood of the Southern Railway company at Asheville has returned from a several days' trip to the Jamestown exposition and declares that he was favorably impressed with the excellence of the exposition. He said that there was no reason for complaint, that the transportation facilities were entirely adequate, that hotel facilities were ample and that rates were reasonable. The exposition itself, Mr. Wood said, was interesting and instructive, and sightseers could very pleasantly and profitably spend several days in and around Norfolk and the exposition grounds.—Citizen, Asheville, N. C.

A winning at Jamestown will mean the best on the continent, and realizing this significant fact, poultry fanciers and breeders all over the United States, Mexico and Canada are preparing to send their birds to this show.

In addition to the regular cash prizes, which will be of unusual value, several handsome silver cups have been given, among them the \$100 Corino cup presented by the Corino mills of East St. Louis, Ill., which will be awarded to the exhibitor of the best and largest display of any one breed of birds.

The Jamestown show will be the first big contest in which birds from the north, south, east and west will come together in large numbers, and the results will necessarily be watched with the greatest interest by breeders all over the country.

As in all shows of the sort, the entries will be by no means confined to live exhibits. A number of the larger poultry journals will have booths in the building, while manufacturers of poultry foods and dealers in all appliances incident to "egg culture" will be prominently represented.

The management has been placed in charge of John A. Murkin, Jr., of Nashville, Tenn., who has put himself in communication with the larger poultry people in the country, all of whom have expressed themselves as enthusiastic about the show.

Fifteen of the most widely known poultry judges in the United States will constitute the jury on awards. They consist of the following:

T. F. Rigg, Iowa Falls, Ia.; R. J. Marshall, Atlanta, Ga.; J. H. Drevenstedt, Red Bank, N. J.; A. F. Kummel, Butler, Pa.; W. S. Russell, Ottumwa, Ia.; George M. Kuebel, Waco, Tex.; C. T. Cornman, Carlisle, Pa.; T. Reid Parrish, Nashville, Tenn.; W. J. Stanton, New York, N. Y.; W. C. Denny, Rochester, N. Y.; R. E. Jones, Paducah, Ky.; T. M. Campbell, Darlington, Ind.; Frank Shaw, Palestine, Ill.

The entry fees will be as follows:

(1) Single specimen cocks, hens, cockerels and pullets, \$1 each; (2) breeding pens, one male and four females, to be made up of young and old birds, or both, \$3 each.

Mr. Murkin is now working on the official premium list, which will be adapted to the American standard of perfection. This will be published in a short time, giving information in detail.

Nova Scotia Day.

At the request of the Nova Scotian government the exposition officials have set aside Oct. 24 to be known and celebrated as Nova Scotia day, at which time it is expected the Lieutenant governor, the premier and executive council of Nova Scotia and the governor general and premier of Canada and cabinet, together with the mayors of Halifax and other principal cities of the Dominion, will be present. Aside from the residents of Nova Scotia, there are thousands of Nova Scotians scattered throughout the New England states who, true to "the land of Evangeline," will go south to the shores of Virginia to participate in

The Exposition Completed.  
Director General Barr of the Jamestown exposition has issued the following statement:

"The Jamestown Tercentennial exposition is completed. It fittingly commemorates the great historical event which it was designed to celebrate, and it reflects credit on the state of Virginia, the south and the nation. In the character of its buildings, the excellence of its exhibits and the beauty of location on historical Hampton Roads it compares favorably with any exposition held in this country and fully justifies its management in asking the united support of the people of the country."

#### Fair is Best of All.

"The Jamestown exposition, of all the expositions I have seen, pleases me most. Apart from the historic significance, which of course it has, and apart from the historic setting given it by Hampton Roads, on which it is situated, I consider the Tercentennial to be ahead of all others in every way."

In the foregoing is the commendation given by Hon. Nathaniel Holderby of Carmi, Ill., member of the Illinois Tercentennial commission and one of the most prominent citizens of southern Illinois. Mr. Holderby was at the exposition Aug. 10.
