Last Year the Most Prosperous

The crop reports recently issued by the Bureau of Statistics indicates that last year has been the most prosperous of the decade. Wheat, rye, hay, oats and barley were harvested in unusual abundance. Fruit has never been so plentiful and the average yield of corn per acre the country over is a little more than 26 bushels, as compared with 25½ bushels for 1907 and is a gain upon the average for the past ten years of nearly a bushel per acre. It is curious to observe that the farms of Ohio and Pennsylvania produced 38½ and 29 1-2 bushels of corn to the acre respectively, while Iowa and Illinois, the great corn states, averaged but slightly over 31 bushels to the acre. Both these states are regarded as having richer soil than either Ohio or Pennsylvania and yet they did not make within 7 bushels of as much corn. Kansas and Oklahoma, supposed to have a richer and fresher soil than the eastern states, produced but 22 and 23 bushels respectively. It is plain that the causes for the above comparison must be found not in the quality of the soil, but in the skill in cultivation. It is evident that the farmers of Ohio and Pennsylvania are more skilful and scientific in their tillage. Georgia and Alabama produced but 14 1-2 and 12 1-2 bushels per acre, scarcely an average crop for these states, but poor cultivation in the southern states, rather than poor soil is the cause of light crops.

Rivalry in World Power

International competition in building dreadnaughts is going on all over the world. So determined is every great power to keep even or to forge ahead in the race for naval power, that the relative strength of the navies seems to remain about the same. The English dailies and reviews are urging upon Great Britain the necessity of greatly increasing its naval building program and prophesying that unless something is done quickly, England must abandon the long maintained two-power standard. According to the present building program, Great Britain will have, in 1914, only 33 battleships of the greatest power, while the battleships of Germany, France, the United States and Japan will number in all 80. Mr. Asquith, however, in a recent speech, assured his hearers that it was the intention of the government to maintain the naval strength of England and to make it always stronger than any other two countries of the greatest sea power.

There has always been ill feeling between the sailors and the marines. This arose a hundred years ago when sailors were impressed and when marines were taken aboard ship to suppress mutinies and keep the sailors in subjection. These conditions have long since passed away. Sailors now volunteer and insubordination is almost unknown. The sailor is very much better treated and is a much superior type of man to his predecessor on the old sailing vessel. The President has recently issued an order that marines shall no longer perform service aboard ship. The order was doubtless issued for purposes beneficial to the navy and marine services of the country after serious and intelligent consideration by the President and the Navy Department.

It will be a long time before the next Fourth of July, but it is not an hour too early to join the movement already begun for the suppression of the murderous celebration of that day. Several cities have already issued ordinances preventing the barbaric celebration with din and death. Cleveland, Ohio, has put an end to the use of fireworks and Chicago is taking steps in this direction.

William Nelson Cromwell is much talked of now for a place in the cabinet of President-elect Taft even the highest place. He is but little known outside of New York and Washington, but those who know him consider him an able man and an accomplished lawyer. Mr. Root was not widely known until he was called to the cabinet.

A Pleasure Trip into the State of Vermont. Sportsmen's Show, December 24 to January 5.

Editor Antrim Reporter—

Before returning to my home town from the busy, hospitable, railway village of Sanbornville where summer and part of autumn had claimed me, a trip was taken to northern Vermont, reaching there by way of North Conway thence through the White Mountain region to St. Johnsbury than to Barton Landing, where a carriage ride brought me to Irasburg, until recent years the shire town of Orleans county.

The village of Irasburg is on an elevated plain, with a broad common encircled by streets and buildings; one of the latter being the old court house, now used as a hall for town business, social gatherings, and where each winter a lecture course is given. Hills abound, but rocks are few in the vicinity round about while soil is of the best. The trees are largely Maple, Arbor-vitae and Fir, each of which furnishes an income to the farmer in sugar, oil of cedar, and juicy gum of balsam. Farm houses are numerous and the whole country bespeaks a thrifty, industrious people.

In the adjoining town of Barton Crystal Lake has its outlet, northward by Barton river to Lake Memphremagog, where is located Newport, the present shire town of the county. It is told that Indians came in years ago, by canoe to Crystal Lake and where they had to go around the falls was called the Landing. It is said that one can now go in a small boat from Barton river to the Atlantic ocean via Lake Memphremagog and the St. Lawrence river.

Between the high hills of the vicinity of Irasburg are broad meadow lands watered by small rivers and creeks.

Lumber is constantly carried from the mill at Irasburg to Barton Landing for use there, or shipped to far away points. Irasburg was named for a brother of the famed Ethan Allen, Ira Allen, to whom a large tract of land was deeded in reward for brave public service.

On the slope of Allen hill may still be seen the house, in Irasburg where Ira Allen lived.

Current News and Notes

Gov. Floyd's Thanksgiving Proclamation

Having its origin in a public expression of thanks to God for perils safely past, modest livelihoods earned by honest toil, and a faith in the future securely founded upon trust in the Almighty, the fall festival of the New England harvest home has become to us an annual event of pleasant anticipation, realization and retrospect.

First of all, it should mean to us, as it did to our forefathers, sincere and devout thankfulness to God for blessings received and evils spared, for the privilege of life in this favored land of ours, for our share in its liberty, brotherhood, enlightenment and prosperity.

Further, the day well may be, as it usually is, an occasion for the renewal of family ties, for happy gatherings around festal boards, for due recognition of the home as the foundation of the state.

With the hope that the day may be observed in New Hampshire in accordance with its true spirit, and with the belief that the long-established custom of its celebration should be further perpetuated, I do hereby appoint Thursday, the 26th day of November, as Thanksgiving Day.

Let the churches be open on that day for the praiseful and prayerful worship of God by all the people in public assemblage. Let this spirit of thankful devotion be carried into the family circle and into the individual soul. Let there be generous remembrance of the poor, the unfortunate, the afflicted so that for one and all it may be a day of heartfelt giving of thanks.

Given at the Council Chamber in Concord this 12th day of November, in the year of our Lord one thousand nine hundred eight, and of the Independence of the United States of America the one hundred and thirty-third.

CHARLES M. FLOYD

Governor

By His Excellency, the Governor, with advice of the council.

EDWARD N. PEARSON
Secretary of State.

Lotie I. Minard of Nashua, who was defeated by Herbert O. Hadley of Peterboro, as one of the county commissioners, by 1577 ballots, has filed a petition with the Secretary of State, asking for a recount, believing there was fraud either in the balloting or the handling of the returns. Mr. Minard also charges Postmaster Clough of Manchester with undue political activity in bringing about his defeat, and has written to Washington asking for an investigation.

The State returns are all in from the November election, and show that the next legislature, when it convenes in Concord in January, will have a large republican majority in both branches. Of the 24 senators, 20 will be republican, while in the lower house, the returns give 288 republicans and 120 democrats. Of this number 83 republicans and 13 democrats were re-elected.

Rev. William A. Loyne, of Laconia, formerly pastor of the Methodist church in Antrim, at the urgent request of his friends, has consented to be a candidate for chaplain at the next session of the New Hampshire house of representatives. His many friends in this section hope to learn later of his selection for this position.

At the recent election, Claremont voted in favor of a city charter 751 to 550. The town had a population of 6498 in 1900, and the matter of becoming a city has been in agitation some time.

Man calls his wife his "better half,"
But that's a sort of a bluff;
He can't deceive himself, for she's
The whole thing, sure enough!

Thousands Of Commendations

During the almost 15 years that the Boston Sunday Globe has printed its color supplement, thousand of commendations have been received from citizens in Boston and all over New England. In fact, the color supplement of the Sunday Globe has been indorsed by people in all walks of life.

Remember that the Boston Sunday Globe's color pictures have long been welcome favorites to thousands of women and children in New England, and that they are especially designed to meet the demand for clean and wholesome amusement.

The old-time favorites, Kitty, Danny and Percy, Wisewinkers, the work of Billy the Boy Artist and his friends, Prof. O. Howe Wise and I. B. Schmart are known from one end of New England to the other. In fact, the characters have become general favorites in all New England households.

To please all the family, have the Boston Sunday Globe, with its unrivaled color pictures, in the home regularly.

To Choose a Pastor

The committee to secure a pastor have presented the name of Rev. Duncan Salmon to be pastor of the First Presbyterian church of Antrim. The church and congregation are requested to meet at the church Thursday evening, Nov. 19, at 8.30 o'clock, immediately after the prayer meeting, to vote on the name presented. A full attendance is desired.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs. The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle Home of Swamp-Root, by mail-free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Health for the Sick Without Medicine or Drugs.

A NEW DISCOVERY

Vigorous health for the sick, by a new Rational and Effectual Method, discovered by Dr. Hercules Sanche, scientist and physician of long practice. No medicine, electric battery, or "faith cure"; but the application of an inexorable Natural Law. No matter what disease you have, if no vital organ is irreparably destroyed, and you apply

OXYDONOR

at any reasonable hour, in all probability you will be restored to health. By the use of Oxydonor, the human body is Revitalized by oxygen from the air. Oxygen is a Vital Necessity. Oxygenation of the whole organism reaches and remedies all diseased conditions. Oxydonor has brought health and happiness to hundreds of sufferers with Nervous Prostration, and all Nervous Trouble, Rheumatism (Sciatic, Muscular, Inflammatory), Stomach trouble, Indigestion, Dyspepsia, Catarrh, Bright's disease, Liver Kidney, Bladder Trouble, Bronchitis, Throat and Lung Trouble, La Grippe, Colds, Spinal Disease, Blood Poison, Dysentery, All Fevers, Diseases of Women and Children.

Rev. Joseph A. Ticknor writes the following strong endorsement of many years' successful use of Oxydonor.

Rheumatism, Tonsillitis, Grippe.
Claremont, N. H., Feb. 11, 1901.
Dr. H. Sanche & Co., New York,

Very sincerely yours,
Joseph A. Ticknor,
Rector of Union Church.

Dear Sirs:—
I rejoice to have the chance given me to answer your question: Has Oxydonor given entire satisfaction? It has!

Seven Years Later.
47 Park Avenue, Athol, Mass., Nov. 20, '07
Dr. H. Sanche & Co., New York
Dear Sirs:—

I hold it to be one of the greatest discoveries of the 19th century. For three years I have used it with ever increasing sense of its value. At the start it wrought a permanent cure of Rheumatism in my left shoulder; next of Tonsillitis in my youngest child, and it has since easily and successfully combated whatever ills have assailed my family. Its potency in dissipating an attack of Grippe is especially to be noted.

It gives me great pleasure, after a further use of nearly seven years, to again testify to the worth of Oxydonor. Two of the instruments are kept on hand for family use. Having learned to apply Oxydonor at the first signs of serious trouble (without knowing oftentimes what such may indicate) we keep free from disease, and this is about all that there is to it now, so far as we are concerned.

Wishing that every family in the land might have an Oxydonor, I am,

Very sincerely yours,
Joseph A. Ticknor,
Minister in charge St. John's church

Oxydonor is made for Self Treatment at home. All members of the family from the youngest to the oldest can use it safely. Easily applied. Plain directions accompany each Oxydonor. Lasts a lifetime.

High School Department.

Miss Eliza Kimball was a visitor in school one day the past week.

Last Wednesday, the afternoon session for the whole building was closed at 2:30 o'clock, it being so dark and stormy.

A basket ball game is expected for Thanksgiving afternoon. The school team is getting ready for games soon to take place.

The entertainment presented in the interest of the Senior class last Friday evening was a success socially and financially. A good sum was added to the treasury. Principal Handy rendered a few readings in a very pleasing manner.

Among the names of legislators-elect to the General Court, mentioned for Speaker are those of Charles S. Emerson of Milford and Edward H. Wason of Nashua.

PE-RU-NA RECEIVES PRAISE
For Relieving Such Symptoms as Debility, Backache and Headache.

Mrs. Tressie Nelson, 600 North 5th Ave., Nashville, Tenn., writes: "As Peruna has done me a world of good I feel in duty bound to tell of it, in hopes that it may meet the eye of some who has suffered as I did. For five years I really did not know what a perfectly well day was, and if I did not have

MRS. TRESSIE NELSON.

headache, I had backache or a pain somewhere and really life was not worth the effort I made to keep going.

"A good friend advised me to use Peruna and I was glad to try anything, and I am very pleased to say that six bottles made a new woman of me and I have no more pains and life looks bright again."

There are a great many phases of woman's ailments that require the assistance of the surgeon.

But by far the greatest number of such cases are amenable to correct medicinal treatment.

A vast multitude of women have been relieved from the ailments peculiar to their sex through the use of Peruna as prescribed by Dr. Hartman.

He receives many letters from all parts of the country relating to subjects of vital interest to womankind.

Of the vast multitude of women Dr. Hartman treats annually, only a small per cent. of them consider it necessary to write to the Doctor at all.

While it is not affirmed that Peruna will relieve every case of this kind, it is certainly the part of wisdom for every woman so afflicted to give Peruna a fair trial.

Mrs. Joseph Lacelle, 124 Bronson St., Ottawa, East, Ontario, Canada, writes: "I suffered with backache and headache for over nine months and nothing relieved me until I took Peruna. This medicine is by far better than any other medicine for these troubles. A few bottles relieved me of my miserable, half-dead, half-alive condition."

"I am now in good health, have neither ache nor pain, nor have I had any for the past year. If every suffering woman would take Peruna, they would soon know its value and never be without it."

Mrs. M. Kilner, 2648 E. 88th St., S. E., Cleveland, Ohio, writes:

"I am enjoying good health since taking your medicine. I had suffered for a good many years previous to taking Peruna, and ever since I can say that I do not know what headache or neuralgia is. I can most assuredly say that any body afflicted with catarrh in any form can be cured by taking Peruna."

WORTH KNOWING.

To remove Pimples, Blackheads, Blisters and all forms of Skin eruptions, is, according to a well known Physician, a very easy matter; he says that many are afflicted with some one of the above ailments, and are subject to a great deal of embarrassment on account of the unsightly appearance which they present, and recommends the following simple harmless and inexpensive treatment. Go to your druggist and get this prescription filled: Clearola one-half ounce, Ether one ounce, Alcohol seven ounces; mix, shake well and apply to the parts affected night and morning, allowing it to remain for at least ten minutes, then wipe off the powder from the skin. Use a soft cloth or sponge in applying the mixture and in from ten days to two weeks your face will be smooth and clear as a marriage bell. Get the Pure Clearola, which is only put up in one-half ounce packages. Ask for one.

Relief

From Headache and Neuralgia

In a Few Minutes After Taking

Dr. Miles Anti-Pain Pills. Chronic Case Cured.

"I cannot speak too highly of your remedies and I will always tell my friends how much they have done for my husband and myself for sudden attacks of headaches, neuralgia and rheumatic pains. There is nothing equal to Dr. Miles' Anti-Pain Pills. They are simply splendid and give relief in fifteen or twenty minutes. I used to be subject to attacks of headache, which had become chronic, and I took a course of Nerve and Nerve and Liver Pills in connection with the Anti-Pain Pills. The result is I now have very little trouble in that way. My husband has also taken these remedies and praises them very highly. We always have some of both kinds of pills in the house, and do not feel that we could get along without them.—Mrs. KATE K. JOHNSON, McClellandville, Delaware.

There are many reasons why you should take Dr. Miles' Anti-Pain Pills, but the best reason is that they will give you almost instant relief from headache or other pain. In cases of chronic headache, when the sufferer knows an attack is coming on, a Pain Pill will usually prevent it entirely. In cases of extreme nervous exhaustion, when the brain is too tired and the body too nervous to rest, an Anti-Pain Pill will soothe the nerves so that sleep may come. They never fail, yet contain no opiates and are non-laxative.

All druggists sell and guarantee Dr. Miles' Anti-Pain Pills. They are non-laxative, contain no opiates, never sold in bulk, 25 doses, 25 cents. Dr. Miles Medical Co., Elkhart, Ind.

Cure Your Dandruff

Why? Because it is annoying, untidy. And mostly, because it almost invariably leads to baldness. Cure it, and save your hair. Get more, too, at the same time. All easily done with Ayer's Hair Vigor, new improved formula. Stop this formation of dandruff!

Does not change the color of the hair.

Formula with each bottle

Ayer's Show it to your doctor. Ask him about it, then do as he says.

The new Ayer's Hair Vigor will certainly do this work, because, first of all, it destroys the germs which are the original cause of dandruff. Having given this aid, nature completes the cure. The scalp is restored to a perfectly healthy condition.—Made by the J. C. Ayer Co., Lowell, Mass.

ADJUSTED HIS CANE.

Then the Man From Berlin Explained Why He Did It.

A man stood before a shop window with his cane sticking out from under his arm. A stout, blond gentleman in passing struck the cane smartly with his own, restoring it from its obstructive horizontal position to the proper vertical one.

"Say, what's the matter with you? You're the freshest guy I ever saw. Are you looking for trouble?"

Thus said the man whose cane had been tapped. But he who had tapped it, speaking with a German accent, answered gently:

"Why, sir, I did nothing but restore your cane to its right inclination. Absently you were holding it under your arm. It was jabbing people in the breast, the back, even the eye, and yet you meant no harm.

"Well, I stopped that nuisance which you were unconsciously committing. In Berlin it is the custom always to stop it so. And no one takes offense. On the contrary, in Berlin the correction is received with a smile and a word of thanks. Isn't it so here?"

"No, it isn't," said the other, "but it should be. I thank you, sir, myself, and I apologize."—New York Press.

John Wesley's Prescription.

"Here is a rare little book," said a Methodist local preacher. "It is John Wesley's 'Primitive Physick.' Wesley dabbled in medicine, setting a fashion that has not yet died out. Did you ever know a Methodist minister who didn't dabble in medicine?"

The full title of the volume was "Primitive Physick; or, An Easy and Natural Method of Curing Most Diseases." The local preacher said that he had paid \$40 for the book, but that as a medical work it was not really worth 40 cents. To show the weakness of John Wesley's doctoring he quoted the following consumption cure:

"Every morning cut up a little turf of fresh earth and, lying down, breathe into the hole for a quarter of an hour. I have known a deep consumptive cured thus."—New Orleans Times-Democrat

Paid Up.

A year or two ago the son of a prominent banker of Iowa undertook with all the brashness and confidence of youth, the launching of a new morning paper in a town already well supplied with newspapers.

It was understood by his friends that the young man had, in fact, started his enterprise on "a shoestring"—a few hundred dollars advanced by his father. So it was with much facetiousness that the youthful proprietor and editor was approached from day to day by the aforesaid friends. "So you call yourself an editor!" exclaimed one of them, with affected contempt.

"Of course I do," returned the brash young owner. "I'm the whole thing on this paper. And I don't owe a cent thereof."

"Everybody knows," continued his tormentor, "that you got \$200 from your father to start the thing."

"Sure!" said the proprietor and editor. "Furthermore, the old man's subscription for the Beacon is marked paid a hundred years ahead on my books!"

A CEYLON PLAGUE.

The Land Leeches Are Worse Than the Snakes or Mosquitoes.

It is nearly always the case that exceedingly beautiful countries are over-run by different kinds of pests. Beautiful Ceylon has mosquitoes said to be the most adroit and audacious in the world and snakes and a thousand more plagues of poor human beings, but the worst of them all is a species of leech. The Ceylon land leech is a thin creature about two inches long and very pliable and flexible. It will crawl up a man's leg and, traveling underneath the clothing, will climb as high as the throat. These leeches do not crawl like the leeches that are known to medicine, but rear themselves up on their tails to watch for prey and walk off to attack it with amazing rapidity. In walking through the jungle, hosts of them may be seen by the roadside, where they wait to victimize cattle. Horses, it is said, are driven half wild by them, as also are palanquin bearers and coolies, whose bare legs are their favorite resort, the men's hands being too engaged to pull them off. The leeches may be seen hanging round their ankles, from which tiny trickles of blood run over the foot.—London Standard.

RAT CATCHERS.

One of the Methods by Which They Make B'g Hauls.

"Rat catchers, like horse tamers, try to make a mystery of their trade," said a zoo keeper.

He pointed toward the large gray rats that played about the corners of the carnivora house.

"But they can't mystify me in any phase of the rat question," he went on. "Living as I do, surrounded by an army of the largest, finest rats, I know the animals too thoroughly. I could set up as a successful rat catcher tomorrow."

"This is the way the men work. They go to the infested place late at night with a pair of tongs, a powerful lantern and a lot of bags.

"They walk softly about in the darkness, and they make a low, chattering whistling noise, like this."

At the sound all the rats in the corners of the big room looked at the keeper inquiringly. He went on:

"This is the signal whereby a rat tells his mates that he has hit on good feeding. That sound made in the dark gathers rats as molasses gathers flies. The catcher, having made it, opens his strong lantern, the rats are dazzled by the light, and he picks them up with his tongs and drops them in his bag.

"Of course there are other ways to catch rats, but of the secret, mysterious ones this is the best."—Exchange.

A DRAMATIC CLIMAX.

Effect of One Woman's Pathetic Eyes Upon a Jury.

James T. Brady, who was one of New York's greatest lawyers, was once counsel for a young woman in a case involving an attempt to break a will.

His client sat by his side. She was a very beautiful young woman, whose eyes seemed always to rivet the attention of those upon whom her glance fell. There was a pathetic expression which affected every one. She sat watching the jury during the course of the trial, and at last there was some complaint that she was attempting by means of her glances to excite the sympathy of the jury.

Then Mr. Brady arose and in one of the most touching and beautiful of all the addresses he ever made in court spoke of the blessings which every one who had an appreciation of beautiful things and could see them enjoyed and dwell for some moments upon the happy lot of the jury who could see the budding of the flowers—it was then springtime—and the charms of nature. Then, suddenly turning to his client, he said, "That blessing is denied my client, for, though she has eyes which seem to look upon you, gentlemen, there is no vision in them, for her sight has been taken from her."

She had been, in fact, the victim of total paralysis of the optic nerve, which had not impaired the beauty of her eyes, but had given to them that singular pathetic expression which she was thus falsely charged with employing that she might secure the sympathy of the jury.

He Preferred One Girl.

When J. M. Barrie, the author of "Peter Pan," addressed an audience of a thousand girls at Smith college during his American visit of last year, a friend asked him how he had found the experience.

"Well," replied Mr. Barrie, "to tell you the truth, I'd much rather talk a thousand times to one girl than to talk one time to a thousand girls."

Safety of the Stupid.

"Bliggins says that he has no regrets for anything he ever said."

"Yes," answered Miss Cayenne, "that is a satisfaction enjoyed only by people who never say anything of the least importance."—Washington Star.

BENNINGTON

L. A. Knight and Harvey Balch are in Stoddard for a few days hunting.

The village schools will have a recess of one week commencing Monday, Nov. 21.

Election is over; but party spirit seems to run high, when one turns off their meat man because he happens to be a Democrat.

M. M. Cheney, Herbert Putnam and John Eaton were in Merrimack the last of the week on a hunting trip. It is reported they captured three coons.

The inspection of the Ladies' Auxiliary occurred week before last. F. L. Keeser inspecting officer. The work has been reported as being very beautifully done. Refreshments were served.

The annual inspection of the Sons of Veterans was held Monday evening, Nov. 9. The inspecting officer was from Keene. An oyster supper was served.

C. Loomis had the misfortune to have quite a valuable horse seriously injured recently. It was at first feared a bone was fractured; as the horse seems to be improving, hopes are entertained of a speedy recovery.

Caution about the Use and Selection of Spectacles
Persons having normal vision will be able to read this print at a distance of 14 inches from the eyes with ease and certainty. Also will be able to read it with each eye separately. If unable to do so your eyes are defective and you should have immediate attention. When the eyes become tired, dim and watering, or if the letters are blurred and run together, it is a sure indication that glasses are needed. The lenses used in the cheap grade eye of the equal density and have imperfectly formed surfaces. Continued use of these cheap lenses will result in serious injury to the sensitive retina, upon the retina of the eye is the picture of the objects in the glass.

The defects in your vision may be corrected at a moderate price at Carpenter's, in Antrim.

Make It Yourself

There is so much Rheumatism here in our neighborhood now that the following advice will be highly appreciated by those who suffer:

Get from any good pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Snake these well in a bottle and take in teaspoonful doses after each meal and at bedtime; also drink plenty of good water.

It is claimed there are few victims of this dread and torturous disease who will fail to find ready relief in this simple home-made mixture, and in most cases a permanent cure is the result.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the Kidneys, so that they can filter and strain from the blood and system the poisons, acids and waste matter, which causes not only Rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy or active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after while.

Our home druggists say they will either supply the ingredients or mix the prescription ready to take if our readers ask them.

MANY REQUESTS from Catarrh sufferers who use atomizers have caused us to put up Liquid Cream Balm, a new and convenient form of Ely's Cream Balm, the only remedy for Catarrh which can always be depended upon. In power to allay inflammation, to cleanse the clogged air-passages, to promote free, natural breathing, the two forms of Cream Balm are alike. Liquid Cream Balm is sold by all druggists for 75 cents including spraying tube. Mailed by Ely Bros., 56 Warren Street, New York.

EAST ANTRIM.

Harland Young and family of Clinton visited at G. F. Perry's on Sunday.

H. B. Tuttle was called away last week by the death of a relative.

E. W. Rokes was in Manchester last week on business.

A pleasant neighborhood party was given at H. B. Tuttle's Monday evening of this week. The usual crowd and the usual good time was the report.

M. S. French has purchased of the Clover Kennels of Greenfield, N. H., their noted Scotch Collie dog, Alaraca Galopin, sired by Heacham Galopin, the sire of many noted dogs, including one owned by Morgan for \$5000.

Chick Up the Dining Room FOR THANKSGIVING.

A MILFORD MADE SIDEBORD—Would be a great addition to the room and a source of satisfaction for years to come perhaps you did not know you could buy a good one as low as \$15.00.

A CHINA CLOSET—Shows the china to fine advantage yet keeps it from the dust, they used to be so expensive as to be more or less of a luxury they are fast becoming a necessity and the prices are where everybody can reach them.

A DINING TABLE—That will stand up firmly and accommodate everybody with lots of elbow room would be a great addition. We have some very special values for Thanksgiving sale.

DINING CHAIRS—Of our own finish that will not come loose jointed, and the finish of which will last bright and clear for a long time.

DINNER SETS, STOCK PATTERNS—From which you make your own selection of pieces and can duplicate at any time, you do not have to throw your set away when the handles get broken off, you can get new pieces any day and without extra expense.

A few dollars with us will add greatly to the cheer not only of the holidays now on but for the holidays of many years to come and all the days between.

About Advertising

It costs money to advertise in a paper of circulation and influence in the community. Every business man who seeks to enlarge his trade, recognizes the fact that advertising is a legitimate expense. It is not the cheapest advertising that pays the best. Sometimes it is the highest priced newspaper that brings the largest net profit to the advertiser.
