If Washington Lived Today

The following poem was written by Roy K. Moulton, copyrighted by North American Press Syndicate, and appeared in a recent issue of the Boston Globe:

If Washington lived among us, Wonder if he could lie When facing the tax assessor. I wonder if he would try To be quite sincere and truthful, Or would he resort to stealth, Like most of our present day magnates When naming their share of wealth? When yanked up for auto racing, I wonder what he would say Regarding the speed he was going: If Washington lived today.

Would Washington still be truthful, Or would be equivocate If a present day Martha should meet him When he came home very late? When she fired her questions at him, Would be tell the truth or dodge, And say he'd been with a sick brother; A brother, you know, of the lodge? If she called him up at his office By 'phone and found him away, I wonder how on earth he'd square it,

If Washington lived today. If Martha took him to Grand Opera, . Because the society folk went. Would he tell the grim truth about it When asked if he knew what it meant? Would he say he liked it immensely; The pleasantest evening he'd spent? Would be give his honest opinion, Or would he just lie like a gent? Like all of us present-day mortals,

He might find it wouldn't pay To stick to the truth about some things, If Washington lived today.

A Liberal Offer

We Guarantee to Relieve Dyspepsia. If We Fail the Medicine Costs Nothing.

To unquestionably prove to the people that indigestion and dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and

dyspepsia. The Pepsin used in Rexall Dyspepsia Tablety is carefully prepared so as to develop its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid. Without it the digestion and assimilation of food are impossible.

The Carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our personal guarantee. Three sizes, 25 cents, 50 cents, and \$1.00. Remember, you can obtain Rexall Remedics only at

our store-The Rexall Store. Lane & Weeks, Town hall Bldg.

The February number of "The Ladies" World" bears a new im print-The McClure Publications, Incorporated-but an announcement by the editor states that the only editorial change will be in the way of improvement, and giving even greater value to the subscriber. Certainly this particular issue is all to the good, and readers may feel well satisfied with what is provided for them. In special contributions this number is exceptionally good, the Dickens anniversary bringing out a very readable contribution. The household department, as usual, is full of practical up-to-date information for the housewife and help for the cook, and the rest of the book deals with many other things that women want to know. Political Announcement

To the Voters of Antrim:

A few respected men and voters of the town have suggested that they would like to see me elected your next Representative to the Legislature. They have kindly expressed their opinion that I am well qualified to properly and with credit to the town serve in that position. In view of the time at my disposal and the congenial duties of the office I should be pleased to have the honor.

I have been a resident and taxconsideration and adjustment. I have for years been a student of many of the social and economic fore the people and legislative bodies and feel that I could render intelligent service for my town and state in case such matters should be presented.

I have had extensive experience in corporation, manufacturing and mercantile business, as also in banking, accounting and legal matters. I am a Republican in politics and have had considerable experience in campaign work. My politics, however, may be considered as always for the greatest good or benefit to the greatest number and the best for all without fear or favor.

I announce my candidacy for the undivided support of the old town of Antrim.

Your Servant, WILBERT D. FARNHAM. Antrim, Feb. 6, 1912.

The date is set for Feb. 29. and unless something serious happens to prevent the entertainment will take place at that time. The proceeds are for a music fund, to be equally divided between the three churches. As the cause is a good one, and the cantata is a splendid piece, it is expected the hall will be filled. Harold S. Faroham will be the pianist. Admission 35 and 25 cents

CONFIDENCE IN TAFT LOST

Renomination of Present Chief Executive Will Mean That Progressive Republicans Will Turn to New Jersey Stalesman.

BY HON. FRANK G. CANNON, Former United States Senator From Utah.

I have traveled in ten states since leaving Colorado a month ago The cry of the Progressives in these states —Texas, Oklahoma, Kansas, Neuluska, South Dakota, Wisconsin, lowa, Illinois, Indiana and even Missouri is for LaFollette and Wilson. The Progressive Democrats want the Republican party to nominate Robert LaFollette for the presidency; so that -if the Democratic party shall lose -the People will win.

And Progressive Republicans want the Democratic party to nominate Woodrow Wilson; so that-if the Republican party shall lose-still the

People will win.

You will observe that the Progressive Dove has at last learned wisdom from that wily old Serpent, the System; whose favorite plan has been to select both candidates, subscribe to both campaign funds and then let the People, in deadly earnest, fight a uscless battle.

Personally, I fear that the Progressive Republicans cannot control their convention.

The formal announcement of the candidacy of Hon. Franklin Worcester of Hollis for the Republican gubernatorial nomination was the political event of last week. Mr. Worcester is one of the substantial men of the state, known by all to be of the right kind of material to occupy the governor's chair; his experience has been such as to be of great benefit to him, and if hon ored by his fellows with the high office of Governor their trust will not have been misplaced and they will have at the head of state affairs one in whom they would feel justly proud.

SEVEN YEARS

How Mrs. Bethune was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo. — "For seven years I suffered everything. I was in bed for

four or five days at a time every month, and so weak I could hardly walk. I had cramps, backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at

those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband's told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do all my own housework, work in the garden and entertain company and enjoy them, and can walk as far as any ordinary woman, any day in the week. I wish I could talk to every suffering woman and girl, and tell them what Lydia E. Pinkham's Vegetable Compound has done for me."-Mrs. DEMA BETHUNE, Sikeston, Mo.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound.

It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it?

Let Us Get Together

To the readers of this paper I would say I believe it's your duty to be loyal to your own local merchant. You should buy of him if you can for he is the man who helps pay the taxes and spends his money in your town. There is no reason why you should send your good money away to help build up monopolies in distant cities when you can get just as good or in distant cities when you can get just as good or better treatment from the man you know, the man who is your neighbor and the man who is interested

better treatment from the man you know, the man who is your neighbor and the man who is interested in your interests.

There may be some things it does not pay him to carry in stock and it will be necessary for you to send away for them. Here is where we ask you to consider if it is not better TO SEND TO US for such things, as we are near neighbors and you can get the goods back by the next express. You can have as many sent as you desire, make your selections and return anything or everything at our expense. You do not have to make your selections from catalogue pictures which even at the best do not give you as good an idea of an article as you get when you have it in your hands and see it with your eyes. This is the service we offer you in our Mail Order Department. No matter what goods you want, how many or how few, write to our Mail Order Department and your letter will be taken by a lady of experience and excellent judgment, she will shop for you just as faithfully as she would for herself. If you wish to inquire about any class of goods or styles that are advertised by us or anybody else, this department is at your service ready to answer any questions.

Now a word about the goods that are being shown at this time. The opening of our Spring Ginghams occurs this week and we shall be pleased to send you samples. We are also showing an elegant line of all kinds of white goods for dresses and children's wear.

45-inch flouncing at 70c yd; 5 yds. makes an entire dress. 36-inch Voile, Spring colors for dresses and whists at 25c yd. Spring line of Muslin Underwear is now open. Now when you need ANYTHING, if you cannot get it in your own town, instead of sending away to distant cities, we kindly invite you to send your order to us and your order.
