## POET'S CORNER

### A Hundred Years From Now

The surging sea of human life forever  
onward rolls,  
And bears to the eternal shore its daily  
freight of souls;  
Tho bravely sails our bark today pale  
death is at the prow,  
And few shall know we ever lived a  
hundred years from now.

Why should we try so earnestly in life's  
short narrow span,  
On golden stair to climb so high above  
our brother man;  
Why blindly at an earthly shrine in  
slavish homage bow,  
Our gold will rust, our selves be dust, a  
hundred years from now.

Why prize so high this world's applause,  
why dread so much its blame?  
A fleeting echo is its voice of censure or  
of fame;  
The pulse that thrills the heart, the  
scorn that dyes with shame the brow  
Will be as long forgotten dreams a hun-  
dred years from now.

Oh patient hearts that meekly bear your  
weary load of wrong  
Oh! earnest souls that bravely dare and  
striving grow more strong  
Press on till perfect peace is won, you  
will never dream of how  
You struggled on life's thorny road a  
hundred years from now.

Earth's empires rise and fall, Oh! time,  
like breakers on the shore,  
And rush upon thy rocks of doom go  
down and are no more;  
The starry wilderness of worlds that gem  
night's radiant brow  
Will light the skies for other eyes a hun-  
dred years from now.

Our father to whose sleepless eyes the  
past and future stand an open page,  
Like babes we cling to thy protecting  
hand;  
Change, sorrow, death, are naught to us  
if we can softly bow  
Beneath the shadow of thy throne, a  
hundred years from now.

[This nice poem was sent us by a subscriber who was prompted to do so by the one appearing in the columns of the REPORTER February 28, having a similar thought expressed: EDITOR.]

The residents of Antrim in general with almost every other town in this section have known for the past month or two what it is to be out of coal. There seems now to be trouble at the mines and the situation in brief seems about like this:

Miners lose \$1,000,000 every day they are idle.  
Country loses 42,000,000 tons of coal production monthly.  
Operators lose \$5,400,000 in profits monthly.  
Chief demands of miners, 20 per cent. wage advance and recognition of union.

Anyone riding over the town roads just at this season of the year has as much to say about their condition as at any other time of the year. When outside the village in different places mud is from six inches to a foot and more deep; as soon as the traveller strikes the permanent road in the village this is his remark: if all our roads were like this one what a pleasure it would be to drive over them. Well, its too bad so many vote against an article in the warrant to appropriate the necessary amount of money to secure State aid for the permanent improvement of highways. This may seem to some an unnecessary appropriation but money spent for good roads and good schools pay larger dividends than when spent in any other way.

## THE ENFRANCHISEMENT OF WOMEN

### The Reporter's Editorial of Last Week Called Forth Replies of Different Kinds

Last week the REPORTER contained an editorial which stated a few things very briefly in regard to Equal Suffrage, and queried whether the majority of women desired the voting privilege and all its attending "joys and sorrows." Hardly had the papers come from the press before we began to hear the echoes, and in one way and another we have heard from quite a number, both male and female. In some instances the remarks have been very emphatic favoring the question, yet these have been mostly by the men; a goodly number of ladies have talked for our benefit on this subject and a large majority of them are opposed to having this privilege granted them. Well, the question apparently has different sides to it which may sooner or later be brought out.

The accompanying original poem was among the best replies received at our office:

We're all ready if the time has come,  
To open our mouths and say we're not dumb;  
To grasp the steed by its sturdy mane,  
Hop on its back and ride o'er the plain;  
Ready for battles and ready for war,  
Ready to run any sort of car;  
To delve in the mine, or fell forest tree;  
To manage a ship if so need be,  
And keep it afloat on the rolling sea,—  
Whaler or cruiser or navy craft,  
From stem to stern, from fore to aft;  
Ready for things undeveloped as yet,  
(Except retrenchment, failure and debt).  
We welcome China, with all her new ways,  
And our sister states with their latest craze;—  
But we really wish before we fly higher,  
Not to jump from the frying pan into the fire.

Eliza A. Kimball.

## LEAP YEAR!

Why leap year? The term goes back to the time of Caesar himself, when the ancient Hebrew calendar was first supplanted in part; but where or when the romantic application of the term originated is a question. Some say it was St. Patrick who first suggested or advised that women should speak for themselves from time to time, and others say that the feminine features of leap year date from the time of Margaret, the Maid of Norway, who reigned over Scotland toward the end of the thirteenth century, and that the law passed during her reign gave "ilk mayden ladye of bothe high and lowe estait \* \* \* liberte to bespeke ye man she likes," with penalty for the man of deaf ear. It is too much to ask the world if this ecclesiastical permit or legal injunction was ever taken seriously except in rare cases. The impetuous suitor, a man or maid, does not wait for leap year. Only the jokesmiths do.

## GOOD SHOWING!

### Water Rents Might Have Been Bit Lower

Editor of Antrim Reporter,  
Antrim, N. H.

Dear Sir:

Noticing in your paper the report of the Precinct meeting that it was a nice thing to do for one year to cut the water rates one-half, would say, as I made the motion that I stated we could cut them in two again, making it only a quarter what it has been heretofore, and still have surplus over the usual Precinct expenses, but to guard against any unusual expenses, perhaps it would be all right only to cut them in half. It is a fact as anyone can prove by themselves that with ordinary expenses we shall create a fund of \$1,000 more than we need, and with the \$500 fund we have already created, will be quite a surplus, and there is no reason why we cannot cut water rates another half in a year's time. A great showing for municipal ownership,—whereas if we had let private people place in the water as they wished, we should have been still paying the old rates, and also taxed for the hydrants for fire purposes. It is but justice that the property of the Precinct should be taxed for the fire protection, as they are now, and not the water buyers. Judging from the past, a quarter of the old water rates will pay all the average expenses of maintaining the pipes and water works, and leave some surplus, which will help build a sewer as fast as it is needed. If we have to place in sewerage, it is only right that the future should pay their share, and with the fact that in most places, as it should be in this, those people who are obliged to have sewerage should pay an entrance fee, and on this principle there will be no trouble but that a quarter of our old water rates will be sufficient in the future.

This, as I stated in the Precinct meeting, is a great showing for us to make for the advantage of the village, and there is no question in my mind but what I would be able to prove to unprejudiced people that we could have a lighting system for the town on the same basis, both for public and private lighting.

Respectfully yours,

CHARLES R. JAMESON.

## GROWING DAILY!

### Increasing Interest in Reporter Contest

\$10 in Gold to the Leading Contestant April 15th

The candidates and others interested in the Voting Contest will soon have the opportunity of seeing the piano which will be given to the lady having the largest number of votes. The company of whom we are securing the piano write us that it will be shipped at once. When it arrives the fact will be announced so that you may come and look it over.

To own a magnificent \$400 Upright Piano will be the privilege of some lady in this section through the Reporter contest. To secure some of the other prizes offered will be the privilege of other young ladies in the contest and work is required to win, that's all.

The Reporter offers this great opportunity to its readers and friends. It's yours. Votes are coming in to this office by the hundreds and the contest is just three weeks old.

Nothing is more talked about in this community at present than the great prize voting contest inaugurated by the Reporter and votes are in great demand. The town and country are being scoured for them and the merchants who are giving prizes are continually being asked for coupons.

Many people are willing to help their friends in this contest and are only waiting to be asked. The first candidate to ask, of course will be the one to get the assistance of friends. Those who desire to enlarge their count should get out among their friends and make their wants known.

The prizes that are offered are surely worth the small effort required. Let each contestant show the people that she has the determination to succeed in anything she undertakes and that she is out to win.

The list of prizes and rules and regulations will be found on another page of this issue.

First count in contest will be made Monday, April 15th, at which time \$10 in gold will be awarded to the contestant having the largest number of votes at that time.

The Reporter has mailed letters, rules and regulations to all contestants to date, but if there are any who have failed to receive them if you will kindly call at the Reporter office they will be supplied.

Those who do not fully understand the rules and regulations of this contest may call or write this office and we will be pleased to go over the proposition with them.

Get busy and vote for your choice. The contest will be conducted squarely and no partiality will be shown to any one. Do it now and help some one reap the benefits of this liberal offer.

Watch every issue of the Reporter for important announcements.

## Falls on Ice

As the result of a fall received on the ice, Dr. I. G. Anthoine is confined to his home on Manchester street with a severely bruised head. As the doctor started away from the house he slipped on the ice and struck his head such a hard blow as to render him unconscious. Nobody saw the accident, but a little later Dr. Arthur L. Wallace's children discovered him lying unconscious in the snow and called their mother. Dr. Anthoine was taken into the house, where he was unconscious for some time. He is improving in condition now and it is expected that he will be out again soon.

The above item was taken from a recent issue of the Nashua Telegram; late returns state that the doctor is improving as rapidly as his many friends could hope for.

## The Danger After Grip

Lies often in a run-down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the glorious tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore to health and good spirits after an attack of Grip. If suffering, try them. Only 50 cents. Sold and perfect satisfaction guaranteed by Antrim Pharmacy.

## Actual Starvation

Facts About Indigestion and Its Relief  
That Should Interest You

Although Indigestion and Dyspepsia are so prevalent, most people do not thoroughly understand their cause and cure. There is no reason why most people should not eat anything they desire—if they will only chew it carefully and thoroughly. Many actually starve themselves into sickness through fear of eating every good-looking, good-smelling, and good-tasting food, because it does not agree with them.

The best thing to do is to fit yourself to digest any good food.

We believe we can relieve Dyspepsia. We are so confident of this fact that we guarantee and promise to supply the medicine free of all cost to every one who will use it, who is not perfectly satisfied with the results which it produces. We exact no promises, and put no one under any obligation whatever. Surely, nothing could be fairer. We are located right here and our reputation should be sufficient assurance of the genuineness of our offer.

We want every one troubled with Indigestion or Dyspepsia in any form to come to our store and buy a box of Rexall Dyspepsia Tablets. Take them home and give them a reasonable trial, according to directions. Then, if not satisfied, come to us and get your money back. They are very pleasant to take; they aid to soothe the irritable stomach, to strengthen and invigorate the digestive organs, and to promote a healthy and natural bowel action, thus leading to perfect and healthy assimilation.

A 25c. package of Rexall Dyspepsia Tablets furnishes 15-days' treatment. In ordinary cases, this is sufficient to produce a cure. In more chronic cases, a longer treatment, of course, is necessary, and depends upon the severity of the trouble. For such cases, we have two larger sizes which sell for 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store.

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

cured Mrs. C. C. Gokey, of a stubborn case of heart disease, such as thousands are now suffering with. Read what she says:

"Before I began taking Dr. Miles' Heart Remedy I had been suffering from heart trouble for over five years. I had grown so weak that it was impossible for me to do thirty minutes work in a whole day. I suffered intense pains in my left side and under the left shoulder blade, I could not sleep on the left side, and was so short of breath that I thought I should never be able to take a full breath again. The least exertion would bring on the most distressing palpitation. I had scarcely taken a half-bottle of the Heart Remedy before I could see a marked change in my condition. I began to sleep well, had a good appetite, and improved so rapidly that when I had taken six bottles I was completely cured."

### JERICHO LEAVES

Nature's wonderful gift—a perfect laxative. The most remarkable of all natural phenomena is this Shrub Leaf from the Holy Land. Scientists of today, with the accumulated knowledge of 4,000 years to guide them, have not been able to manufacture a harmless laxative which relieves, stimulates and cures as Jericho Leaves do. More effective than drugs or manufactured nostrums. Jericho Leaves are reliable, pure and harmless as ripe fruit. They cleanse the system thoroughly and in the gentlest way possible. Instead of irritating the delicate intestinal membranes as drugs are apt to do, they soothe these delicate tissues and stimulate all the life-giving organs.

This wonderful nature remedy was introduced into the Holy Land by Arabian physicians more than a thousand years ago and is in universal use in that historic country today. To the use of these leaves as a laxative and regulator is due the extreme age of those ancient people. They grow only in the Holy Land adjacent to the River Jordan, on shrubs, are carefully gathered, sun dried and reach you in the natural, or purely vegetable state. Taste good. Act good. Plain cloth sack delivered on receipt of 50 cents coin, postage or money-order. Money back if not satisfactory. Obtainable in the U. S. by mail only. Mention this paper and order now. ## Almost a Miracle

One of the most startling changes ever seen in any man, according to W. B. Holman, Clarendon, Tex., was effected years ago in his brother. He had such a dreadful cough," he writes, "that all our family thought he was going into consumption, but he began to use Dr. King's New Discovery, and was completely cured by ten bottles. Now he is sound and well and weighs 218 pounds. For many years our family has used this wonderful remedy for Coughs and Colds with excellent results." It's quick, safe, reliable and guaranteed. ## When Pride is Satisfied

Far too many mortals are vain and self satisfied because of some temporary mercenary advantage, and in their eagerness to display that advantage at every opportunity often destroy their greatest blessing, the physical counterpart of sunshine, which is their own health. Neglected colds, irregular meals, overloaded stomachs and night revelry result in shattered nerves, depressed vigor and fatigue all of which invite decline and disease.

Each person stands sentinel at the portals of his own health and he who guards, protects, strengthens and builds up a rugged constitution is justified in pride and finds therein his own recompense—the capacity to enjoy the fullness of life.

The strain of modern commercial and social living taxes strength and energy and in maintaining the highest self efficiency we should not only cultivate deep breathing, out of door exercise, regularity and temperance in all things, but study the greatest of all physical power creators which is body nourishment. In this, alcoholic preparations should be carefully shunned and such pre-digested nourishment as Scott's Emulsion which enriches the blood and creates vitality by building, healing and strengthening, should be selected.

Scott's Emulsion is scientifically prepared and is good for teething children, nursing mothers, growing children, the aged and infirm. It contains no wine or stimulant, but is wholesome and pure and has helped millions to regain health and sustain it. Worthless substitutes are sometimes offered, but Scott's Emulsion is the genuine pure food medicine.

Constipation brings many ailments in its train and is the primary cause of much sickness. Keep your bowels regular madam, and you will escape many of the ailments to which women are subject. Constipation is a very simple thing, but like many simple things, it may lead to serious consequences. Nature often needs a little assistance and when Chamberlain's Tablets are given at the first indication, much distress and suffering may be avoided.

## Stratton & Co's Queen Bess Flour

Some western flour mills advertised that 35 lbs. of bread could be made from 24½ lbs. of flour.

In order to test the amount of fine home made bread that could be baked from a 24½ pound sack of Stratton's Queen Bess Flour we asked Mrs. William M. Dyer of 6 Rollins Street, Concord, N. H., to bake up a sack of this size, and the bread was carefully weighed. 37 1-2 Pounds of Bread was the result, all of the finest quality and texture, and thus the flour was proven not only the best but the most economical.

Save money and get the Best Value in flour on the Market, requires less kneading so makes it easier to make and bake.

To obtain the best bread mix the dough very moist and knead as little as possible in shaping it for the baking tin.

THE "RECALL" OF A DECISION.

**PRESIDENT TAFT'S ECONOMY RECORD**

Insists That Government Be Run on Sound Business Basis.

**STRONG PROGRESSIVE POLICY**

His Personal Efforts to Reduce Cost of Efficient Service Bring Results—Work Done by the Economy and Efficiency Commission.

President Taft, more than any of his predecessors in the White House, has given strict attention to placing the government upon a business basis as regards its receipts and expenditures. Economy and efficiency became one of the cardinal policies of his administration as soon as he entered upon the presidency and it was well for the country that this was so, for his administration inherited a deficit in the treasury of \$58,000,000, which has now been transformed to a surplus of \$30,000,000. The average citizen and taxpayer will be interested in this fact because the problem which confronted the president at the outset, although upon a gigantic scale, was similar to that of the ordinary shopkeeper or business man, farmer or wage-earner or even housewife, who is called upon to make "both ends meet" either in business or in the home.

By law the secretary of the treasury is called upon every year to submit to congress in December the "estimates" of governmental expenditures for the next fiscal year beginning the following July 1. As congress has to provide the money to run the government the money has to be appropriated for specific purposes before it can be expended and if this were not done before the beginning of the fiscal year the machinery of government would stop unless emergency provision could be made.

How Estimates Are Made. The "estimates" are prepared by the executive departments of which each member of the cabinet is head. The cabinet officers get the "estimates" in their respective departments from their chiefs of bureaus and then combine them as the "estimates" for the department. The "estimates" from all departments are then sent to the secretary of the treasury to be submitted to congress, and they then become the "estimates" for the cost of running the entire government during the next fiscal year. Upon these figures congress makes the greater part of its annual appropriations amounting to more than one billion dollars annually.

Until 1908 a more or less lax method of making estimates for the annual appropriations obtained throughout the government. The figures sent to congress each year, instead of showing indications of a careful "pruning" all along the line, showed there was a disposition among the departments to vie with each other in getting as large appropriations as possible without considering whether or not the money demanded could be advantageously expended during the coming year. There was no standardization of supplies and the various depart-

ments were paying varying prices for the same article. In other words, business methods did not obtain in the government activities and there was no conservation of the resources of the treasury department.

What President Taft Did.

As soon as President Taft took office this system ceased. At the outset President Taft impressed upon his cabinet officials the absolute necessity of economy and efficiency in their departments. He admonished them that not a dollar beyond what was necessary to run the government efficiently in the departments, including a fair margin for progress which is a part of efficiency in the program of President Taft, should be asked of congress. The effect was immediate. Every department began work at once to investigate its own expenditures and to devise ways and means of curtailing extravagance. The result was that congress received the lowest estimates it had seen in years. This was followed by a reduction in appropriations to correspond, always allowing for the natural growth of the government's activities, which represented a net saving to the taxpayers of the country.

President Taft was not, however, satisfied that all had been done that could be done. He realized that the departments of the government, like individuals, are naturally prone to be proud of their own achievements and by reason of their familiarity with their own endeavors, often insisted that their work was more important than the work of the other departments, relatively speaking. In order to correct that evil he asked congress to give him \$100,000 for a commission of disinterested experts to investigate and report on the business of the government with a view to further economy and efficiency. Thus came into official being the commission of that name.

This commission, among other duties, was directed to prepare the receipts and expenditures of the government on a "budget" basis, which is the system followed by practically all the leading nations of the world except the United States. Under this system it is possible for the humblest citizen to analyze the finances of the government at any time and to lay his finger upon the responsible political party in the event of extravagance or of stinginess. The system under which appropriations for the government of the United States have been made has even defied the experts in their endeavors to unravel the tangled skeins of expenditures, so that it is a fair statement to say that no citizen of this country up to the present time has ever thoroughly understood where his taxes were expended.

The economy and efficiency commission has already saved to the taxpayers of the country more than \$3,000,000 annually by its suggestions and by the time it has completed its work it is believed ten times this sum can be saved annually to the taxpayers. In the matter of railroad fare for government officials alone, it has found that \$12,000,000 was expended in a single year at the highest prevailing railroad rates. At least a fourth of this can be saved by the application of business methods such as President Taft has applied and has insisted shall be applied to all the departments of the government.

**THE WHOLE** system feels the effect of Hood's Sarsaparilla—stomach, liver, kidneys, heart, nerves are strengthened and **SUSTAINED.**

**SKIN SORES**  
Easily and Quickly Healed

Those who suffer from Eczema, pimples or other skin eruptions know its miseries. There is no need of suffering. You can easily get rid of it by a simple and inexpensive preparation known as the Five-Drop Salve. It is a carefully compounded ointment that for fifteen years has proven its value as a soothing, healing remedy for eczema, pimples, running sores, wounds, burns, salt rashes, ring-worm, piles and acne. A single application will usually give immediate relief. The burning, irritating inflammation quickly subsides and the sores dry and disappear.

The Five-Drop Salve is now put up in 25 and 50 cent packages and sold by nearly all druggists. If it is not obtainable in your locality you can order direct from Swanson R. C. Co., 188 Lake St., Chicago, Ill., and it will be sent prepaid upon receipt of price. It is an excellent remedy for cracked skin and scalp eruptions.

**Sick Women**

When shown positive and reliable proof that a certain remedy had cured many cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are five letters from southern women which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

LETTER FROM VIRGINIA.

Elliston, Va.—"I feel it my duty to express my thanks to you and your great medicine. I was a sufferer from female troubles and had been confined in bed over one third of my time for ten months. I could not do my household and had fainting spells so that my husband could not leave me alone for five minutes at a time.

"Now I owe my health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier. Whenever I see a suffering woman I want to tell her what these medicines have done for me and I will always speak a good word for them."—Mrs. ROBERT BLANKENSHIP, Elliston, Montgomery Co., Va.

LETTER FROM LOUISIANA

New Orleans, La.—"I was passing through the Change of Life and before I took Lydia E. Pinkham's Vegetable Compound I was troubled with hot flashes, weak and dizzy feelings, backache and irregularities. I would get up in the morning feeling tired out and not fit to do anything.

"Since I have been taking your Compound and Blood Purifier I feel all right. Your medicines are worth their weight in gold."—Mrs. GASTON BLONDREAU, 1541 Polymnia St., New Orleans, La.

LETTER FROM FLORIDA.

Wauchula, Fla.—"Some time ago I wrote to you giving you my symptoms, headache, backache, bearing-down, and discomfort in walking, caused by female troubles.

"I got two bottles of Lydia E. Pinkham's Vegetable Compound and a package of Sanative Wash and that was all I used to make me a well woman. I am satisfied that if I had done like a good many women, and had not taken your remedies, I would have been a great sufferer. But I started in time with the right medicine and got well. It did not cost very much either. I feel that you are a friend to all women and I would rather use your remedies than have a doctor."—Mrs. MATTIE HODNOT, Box 406, Wauchula, Florida.

LETTER FROM WEST VIRGINIA.

Martinsburg, W. Va.—"I am glad to say that Lydia E. Pinkham's Vegetable Compound has done wonders for my mother, daughter and myself. I have told dozens of people about it and my daughter says that when she hears a girl complaining with cramps, she tells her to take your Compound."—Mrs. MARY A. HOCKENBERRY, 712 N. 3rd St., Martinsburg, W. Va.

ANOTHER LETTER FROM VIRGINIA.

Newport News, Va.—"About five years ago I was troubled with such pains and bloating every month that I would have to go to bed.

"A friend told me to take Lydia E. Pinkham's Vegetable Compound and I soon found relief. The medicine strengthened me in every way and my doctor approved of my taking it.

"I will be glad if my testimony will help some one who is suffering from female weakness."—Mrs. W. J. BRAYTON, 1029 Hampton Ave., Newport News, Va.

Why don't you try this reliable remedy?

**No Cause to Doubt**

**A Statement of Facts Backed by a Strong Guarantee**

We guarantee immediate and positive relief to all sufferers from constipation. In every case where our remedy fails to do this we will return the money paid us for it. That's a frank statement of facts, and we want you to substantiate them at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies are unsurpassable and ideal for the use of children, old folks and delicate persons. We cannot too highly recommend them to all sufferers from any form of constipation and its attendant evils. That's why we back our promise of money back if they do not give entire satisfaction. Three sizes: 12 tablets 10 cents, 36 tablets 25 cents and 80 tablets 50 cents. Remember, you can obtain Rexall Remedies in Antrim only at our store.

The Rexall Store. Lane & Weeks, Town Hall Building.

## Resolutions

Of Respect on death of Brother William B. Gove.

Whereas, it has seemed to please the Allwise Ruler of the Universe to remove from our presence and his earthly home, our brother, William B. Gove; and

Whereas, it has cast a shadow of gloom over us as a Lodge, and his untimely death is past the understanding of the wisest of human beings; therefore

Resolved, that in submitting to the Divine will, we acknowledge His care over us and that the "All seeing eye" is ever watching our actions;

Resolved, that we do greatly miss our brother, that our sorrow extends far beyond the draping of our charter, and that each member of Waverley Lodge, No. 59, I. O. O. F., feels that he has met with a personal loss;

Resolved, that we extend to the mother and immediate family of our deceased brother our sympathy in this their sad hour of affliction, that a copy of these resolutions be sent to them, that a like copy be spread upon our records and also printed in the Antrim Reporter.

Respectfully submitted,  
H. W. Eldredge,  
F. I. Burnham,  
M. D. Cooper,  
Committee.
