## THE ANTRIMS CLOSE SUCCESSFUL SEASON

### A Company of Practically All Town Boys Played Good Ball the Season Through--Some Interesting Ball Figures

BY H. BURR ELDREDGE, SCORER

The Antrim base ball team closed its schedule of games Aug. 31 with a whirlwind finish, winning the final game with Hillsboro in the first inning and then keeping a lead until the nine innings had been played. The team won 12 games out of 19 played, the per cent. being .632.

During the summer Antrim played a series of eight games with Hillsboro. These two towns have always been rivals in athletics, and Antrim won the honors this year, winning five to Hillsboro three. In the game here Town Fair day the home

These tables do not include the games at Milford, North

making a sensational catch of a foul fly during the Town Fair game.

Willoughby Crampton, "the man for the place", was the regular player at short stop. He was "right there" several times in fielding and was one of the best base runners we had. Given half a chance and he would make the steal, regardless of the catcher's watchful eye.

Andy Cuddihy, known to base ball fans on all the diamonds around, was for the most part stationed in left field, although he helped out in other positions. Andy could be relied on to judge the direction of the ball fairly when it was in his territory, and what is more, he held it after getting his hands on it and sent it rapidly infield where it was needed. He was a man to be feared by the opposing pitcher, as his batting average of .484 shows him to be a hard hitter.

Ben Clement made good in center field, and did fine batting at Milford and Hancock especially. He broke up the hoodoo on Antrim in one game with Hillsboro when our boys were behind 7 to 0 in the first of the 6th inning. He came to bat and scored, four others also scored and Antrim finally won 9 to 8.

The responsibilities of right field were laid on Leo Mulhall. With a fielding average of .804 his record is considered an excellent one, especially as he was substituted in center field, left field and short stop sometimes. He was credited with 60 put-outs in 15 games.

Lawrence Cuddihy played in eight games, Granville Whitney twice and Ben Lynch twice.

The manager of the team was G. Granville Whitney, Jr., and to him is due much of the credit for the season's financial showing and the general success of the team. He is to be congratulated

on giving the home boys a chance to play, and not advertising as an Antrim team a team composed of professionals from Concord, Lowell or Nashua. In this respect he differed widely from managers of teams in nearby towns with whom he arranged games. Mgr. Whitney and team were well supported by Antrim because it was an Antrim team.

Frank DelRosso was treasurer and Archie N. Nay umpire. H. Burr Eldredge was scorer for the season.

#### Barber Notice

I am now in my new shop on the street floor of Jameson block where I am prepared to give my customers the best of service.

It would be greatly appreciated if all who possibly could would have their Barbering done during the day and not wait until evening.

Yours for business,

#### The Men Who Succeed

as heads of large enterprises are men of great energy. Success, to-day, demands health. To ail is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order.

"Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders, and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at

Antrim Pharmacy.

We desire to express our grateful appreciation for the sympathy and kindness shown in our late bereavement, and for the many floral offerings.

team was in the rear 11 to 4 to the 7th inning, when good batting and fielding combined to win the game for Antrim 13 to 12. Antrim's heavy hitters secured 20 hits in this one game, 9 off Frazer and 11 off Brown. The worst defeat given any team by Antrim was given Milford, when the score was 8 to 4. The only triple steal in the season was pulled off at Milford when Andy Cuddihy stole home, Whitney stole third and Jim Cuddihy stole second. The largest crowd to see a game on the home grounds was Town Fair day, and the largest crowd at any game in which our boys played out of town was Old Home Day at Hillsboro.

The summary of games played is as follows:

Aug. 31	Antrim 9, Hillsboro 8.

The regular line-up of the team was Harry Whitney p, James Cuddihy c, Fred Raleigh 1b, Dick Cuddihy 2b, Charles Myers 3b, Willoughby Crampton ss, Andy Cuddihy lf, Ben Clement cf, Leo Mulhall rf.

Batting averages of players, who were in 8 or more games and batted above .200:

Players	G	AB	R	BH	Bat. Av.	2B	3B	HR	SH
Whitney	15	67	23	31	.463	3	2	0	2
A. Cuddihy	13	53	19	23	.434	1	1	0	2
D. Cuddihy	13	55	18	25	.418	6	1	0	1
J. Cuddihy	16	67	19	25	.373	5	1	0	2

Raleigh	12	42	8	9	.214	2	0	1	1

Fielding averages of players, who were in 8 or more games, appear in the following table:

Weare and the first game at Hancock, Antrim winning all three and every player batting for .500 and over.

Very commendable work was done by Harry Whitney, pitcher. Of 16 games pitched, he won 11. His batting average was the highest on the team, it being .463; his fielding average also led all others, .962. Probably the best game he pitched was at Henniker with Henniker, when he allowed but three hits in seven innings. Two or three more victories might have been added to the list had he received better support. During 12 games he gave base on balls to 26, granted but 98 hits and struck out 71, in opponents' 891 times at bat. "Whit" was a valuable asset of the local team.

It may well be said that a good battery is half the team. In this respect we were fortunate in having Jim Cuddihy for catcher. For making pretty stops of poor throws to home, for catching runners at second, for nabbing difficult fouls, Jim is a "hard man to beat!" His batting average was good, .373, and his fielding high, .913. He also played on first base. He played in every game with Antrim, and also played July 4th for Bennington in two games, and elsewhere this summer. Although many offers were made to him to play out of town he was faithful to the home team, and a player it would have been difficult to duplicate.

For the first part of the summer Fred Raleigh played short stop. Not having had experience in this position he was unable to put up as good work as he turned out later when transferred to first base. There he played sure, errors were the exception, while put outs were the rule.

The second sack was held down nearly all the season by the steady playing of Dick Cuddihy. He participated in double plays, shut out bright hopes of many hitters by picking up hot grounders and fielding them to their proper destination. His batting was above .400.

It is generally acknowledged that third base is a hard place to fill to the satisfaction of all concerned. This position was occupied by Charles Myers for 14 games. He made 21 put outs and 20 assists;

# FOR UGLIEST WOMAN

ENDOWMENT FOR THE MAN WHO  
MARRIES HER.

Bachelor Leaves Fund to Help Out the Homely Girl—German Town Rewards Lovers Who Marry Unattractive Women.

A well known bachelor who died the other day at Frankfurt, Germany, left an endowment for an annual prize of \$125 to the man who leads the ugliest woman to the altar. If the bride is lame as well as unprepossessive the groom will receive an additional \$25.

This reminds us that the town of Haschmann, in Germany, has a system of rewarding lovers who marry girls who have little or no personal attractions. A well known financier left a sum of money to the town authorities to provide dowries for the plainest woman under thirty married in Haschmann every year, a cripple, and four women under forty who had been jilted several times.

Givette, a town in the Ardennes, was left some money a long time ago, and today it encourage matrimony by awarding money prizes to mothers who send the largest number of children to the schools.

It may not be generally known that the church wardens of Yattendon receive every two years from the mayor and burgesses of Reading the sum of 3 shillings under James Pocock's charity. It appears that Pocock by his will, dated September 26, 1610, gave to the mayor and corporation of Reading the sum of \$130, on condition that they should buy land with the money. "The rents thereof," so runs the will, "to be employed to provide eight shirts and eight smocks, of two shillings apiece each, or above, and bestow five shirts and five smocks to ten of the poorest people in the town of Reading and the remainder one year to six of the poorest people of the parish of Grisham, Berks . . . and the other year to six of the poorest people of the parish of Yattendon." James Pocock also directed that the mayor should have 6 pennies and the church wardens 4 pennies for their trouble in purchasing and distributing the shirts and smocks.

A singular ceremony was observed at Guildford a month or so ago, when several maid servants competed for the "maid's money," which was left by John How in 1674. According to custom the entrants had to throw dice, and Miss Edith Palme, scoring the highest number, was declared the winner.

Every spring several young servant girls of Cardiff who wish to get married are handed a sum of money toward the expense of getting a home together. The maidens are nominated by the Cardiff council and the mayor pays over the dowries. This marriage fund owes its existence to the generosity of the Marquis of Bute, he having placed in the hands of the mayor of Cardiff, in the year 1897, the sum of \$5,000, the yearly income from which was to be distributed each spring to deserving servants of the city whose wedding was impeded by the want of a dowry.

# The Japanese Beggar.

Directly a policeman of one station discovers a beggar he kicks him away, no matter whither, and another policeman of another station catches hold of the fellow and throws him out of his area, and so on, with the consequence that beggars after wandering from one ward to another and back again ultimately settle down in the region of the least resistance, namely, the suburbs. The latest happenings prove that suburbs are fast becoming the centers of mendicancy and criminality. The mainichi therefore begs the authorities "to adopt a positive instead of a patchwork policy," advocating an exhaustive study of the problem.

Another plan is that the teachers of primary schools be called upon to impress upon the emotional youngsters the utter despicability of begging, so that the younger generation may consider beggars as those deserving to be kicked out for their laziness or to be maintained by public charity, rather than as poor fellows meriting individual assistance.—Tokio Mainichi.

# Fashionable Injury.

After the surgeon had carefully examined the beautiful young woman he shook his head gravely and said:

"I'm afraid the case is going to be a very serious one. Both shoulders are out of joint, the collar bone is broken, both wrists are out of place. Was it a railway accident?"

"Oh, dear, no—nothing of that kind," replied the sufferer's mother. "Myrtle attended a fashionable party last night, where they had all the new dances, such as the bunny hug, the Texas Tommy and the others in which the intention of the young man seems to be to jerk the young lady's body out from under her head."

# Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble.

When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Home of Swamp-Root, Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## RING'S QUEER ANTICS AT WILLIE'S BEDTIME

EXPERIMENT THAT RAISED INTERESTING QUESTION.

Nobody, as Yet, Has Been Able to Account for the Strange Convolutions of the Wedding Ring—Try for Yourself.

This is a mystery of the wedding ring. Can you solve it? Nobody, as yet, has been able to account for its strange convolutions, but maybe you will be more clever.

What makes the wedding ring swing?

Why does it swing one way for a man, and quite another way for a woman?

Is it the difference in what wise men call "aura?" And a well-known London doctor has recently demonstrated that the aura of the male and female differ widely.

Wedding rings often make the people who wear them, and even other persons, behave in the most unaccountable manner, but few of us have ever seen a wedding ring itself indulge in mysterious performances.

And this is not a trick. Remember that.

It is a scientific experiment, illustrating the laws of physics, physiology or psychology.

This is the way to go about it:

Take a silver fork and place it before you on a polished wooden table. The fork should be at right angles from your body, with the handle nearest you.

Seat yourself at the table. Tie a piece of light string about fifteen inches in length to a plain gold wedding ring. After the wedding ring has been tied to the extreme end of the string wrap the other end of the string three times around the first joint of the first finger on the right hand.

Hold the string in place around the first finger with the ball of the thumb of the same hand. Place your right elbow on the table beside the fork, with the forearm in a vertical position, and permit your hand to drop at a right angle from the wrist. This allows the string with the wedding ring attached to hang directly over the fork.

The ring must be suspended about one-quarter of an inch above the fork, and as nearly as possible at its center.

Place your left hand flat and palm downward upon the table beside the fork. Do your best to keep your hand steady, and thus prevent the string, with the attached wedding ring, from swinging. In spite of your efforts, you will find that the wedding ring moves.

If a man is holding the string the wedding ring will commence slowly to sway back and forth along the fork. If a woman holds the string, the ring sways across the fork. With some people the movement is slight, while with others it is marked, but at all times it is unmistakable.

Now here's the most curious part. If a woman is holding the string when the movement across the fork has once been firmly established, let a man place his right hand firmly upon her left hand which rests upon the table. The ring will be seen slowly to stop its cross movement and after a few moments the motion will be reversed. The ring will swing the length of the fork.

A similar change of movement will occur in the event of a man holding the string while a woman places her right hand over his left hand.

Can you account for this mysterious behavior of the wedding ring?—Chicago Tribune.

### Travel of Two Casks of Wine.

If wine could talk, there are two casks of it which passed through Houston the other day which would tell an interesting story.

This wine, consigned to a firm in Baltimore, was aboard the El Sud when that boat sank just out of Galveston over two weeks ago. Three days ago the casks were picked up by life savers of the United States life saving station at Point Isabel, near Brownsville.

They were brought to Brownsville and turned over to the St. Louis Brownsville & Mexican railroad. J. A. Brown, general freight agent of the line, ordered the goods shipped on to the firm to whom they were originally consigned. The address of this firm was still visible on the casks and there was no mistaking to whom they should be sent. The wine will be turned over to the Morgan line at Galveston Monday.

There is some doubt existing in the minds of railroad officials as to whom the liquor should be checked. It is the first case on record of goods being given up by the sea to a railroad company, and there is no book in the office for keeping track of this class of freight. The wine was originally sent by the Italian colony of Southern California.—Houston Post.

WHEN MOTHER HAS SESSION WITH FRACTIOUS OFFSPRING.

Of Course You Never Heard a Woman Talk Like This—If He Was Your Boy What Would You Do?

Willie, will you just look at that clock? You have looked at it? Then why don't you get ready for bed? You know that you must always be in bed by 8:30. I don't care if Ted Thomas does sit up until nine. Half-past eight is your bedtime and—Stop that muttering! You know that I have told you many times not to mutter and—No, you cannot sit up to study your home lesson! Strange that you never think of your home lesson until your bedtime! You will have time to study it in the morning if you get up early. Yes, you will! No, the clock is not half an hour fast! I had your father set it by his watch this very morning.

No, you can't just finish that story. You have had the whole evening in which to read and study, and you have done nothing but dawdle. Now you are very eager to read and study, aren't you? I don't care anything about what other boys do, for— If you do not stop that muttering I shall call your father! Yes, you will care! And I want you to wash your hands good before you go to bed. When did you wash them? No, it isn't only sissy-boys who have clean hands. Willie Smythe, will you just bear in mind that it is your mother to whom you are speaking? Yes, you act as if you knew it! You will have cause to remember it if I call your father. He isn't your mother, as you very well know. Don't you be impertinent! That is one thing your mother will not put up with, as I have told you a hundred times! Why don't you take off your shoes? You pick up that necktie! The idea of flinging things around the room like that! That isn't the place for your jacket! I'd like to know what the house would look like if I wasn't particular! Stop jerking so at that shoe lace! I don't care if it is in a hard knot. Jerking like that will only make the knot harder. Now, I knew that you would break that shoe lace! You would try the patience of—Willie! You pick up that shoe and put it where it belongs at night! No, you cannot have something to eat before you go to bed. The idea of it! After all the supper you had. What are you taking all of those things out of your pockets for? You put them right back! It would take a good hour to look over all of the things in your pockets. What under the sun, moon and stars are you carrying around three dirty handkerchiefs for? And you were fussing yesterday because you couldn't find a clean handkerchief!

Now you hustle off to the bathroom and give those hands a good scrubbing. You wish that you lived in a land where there wasn't any water? How long do you think that you would live there? You give those hands a good scrubbing! Use plenty of soap. Be sure and wash back of your ears. Use plenty of water. I never saw such a boy as you are, to think that you can get yourself clean with half a teacup of water. Your towel isn't on its hook? I am sure that is isn't if you were the only one who used it last. Look for— And you call yourself washed already? Let me see your hands. Willie Smythe! The idea of you calling those hands washed! They will do for tonight, but you have simple got to wash yourself in dead earnest in the morning. I shall look after those ears myself then. Now you go to your room and to bed. It is a good three-quarters of an hour after your regular bedtime, and you know that mother always insists on you going to bed at exactly 8:30, and the sooner you learn that you must mind your mother, the better. I don't believe that you have been in bed at 8:30 for a month. You can't find your nightgown? Judging from the rest of the stuff in your pockets, perhaps your nightgown is there. No, you shall not go to bed without it. You'll find it somewhere in the closet in your room. You found it? I knew that you would. I want that muttering stopped! It's the tenth time tonight that I have told you to stop muttering, and you know that when mother speaks she has to be obeyed! Goodnight, Willie! That's a pretty way to say goodnight to your mother, isn't it? You most certainly cannot take a book to bed with you for a little while! Bud Deane says he reads in bed every night? That is nothing to me. If his mother wants to let him do anything that foolish, she can; but your mother is not that kind of a woman. Get right into bed and put out that light. Such a time as I have getting you to bed every night, and I'll have a worse time getting you up in the morning. Got that light out? You'd better! Stop that whistling! Goodnight, Willie! Dear, dear, these boys!—Judge.

## Republican State Convention

The Republicans of the state met at Concord Tuesday for their state convention and a large and very enthusiastic gathering was the result. Some timely remarks were made concerning the campaign, and all present were pleased to hear from their nominee for governor, Hon. Franklin Worcester of Hollis. Among other matters of business a platform was adopted.

## Poultry Awards

Herewith is given, by special request, the list of awards made in the poultry department of the Town Fair recently held in Antrim. The judging was by comparison and was done by W. G. Hunter of Peterboro:

### Wrong License.

In some states of America the mayor or of a town generally combines with in his own person the functions of postmaster, coroner, inspector of nuisances, registrar of births, deaths and marriages, and so on.

One day a young couple approached the much-harassed official and intimated their desire to get married.

"Guess that'll cost a dollar," said the mayor, and there and then the deed was done.

Late that night, as they were about to embark on the sleeper for New York, a little bullet-headed urchin rushed up to them in a great state of excitement.

"Say, you two," he yelled, "I guess you'd better hold on a bit. Pa's made a mistake; you've got a dog license!" —London (Eng.) Answers.

### Big Ones on Top.

"Are these the largest strawberries you have?" asked the lady in the market.

"Well, if you got 'em off the tops of any of those boxes, they are, ma'am," replied the truthful man.

## BENNINGTON

ALBERT B. LAWRENCE

One of the most highly respected and best known men of this town has passed on and out from life's sufferings and his place as a citizen will be a hard one to fill. Almost a year ago—within a week or two—he was taken sick and much of the time since has suffered considerably, but has had the best of care and all that loving hands and tender hearts could do for his comfort has been done. A nice man in every respect has left us and will be greatly missed, especially in the home circle, he having an unusual fondness for family ties; a true husband and a kind father has been taken and will be greatly mourned.

Rev. George H. Dunlap, pastor of the Congregational church, officiated; Ex. Gov. D. H. Goodell made brief eulogistic remarks. There was singing by a quartette composed of Mrs. Henry W. Wilson, Miss Grace Wilson, Albert E. Holt and Frank G. Traxler.

Mr. Lawrence was born in Newburyport, Mass. yet a life-long resident of Bennington. He enlisted in the Civil War, being a member of the 4th Massachusetts Cavalry, Co. K. After the war he returned to this town and for more than 25 years was superintendent of the cutlery shops of the Goodell Company here. He was prominent in town affairs, holding the offices of chairman of the

Board of Selectmen, tax collector for a long term of years, member of the School Board. He was one of the trustees of the G. E. P. Dodge Library. Also a trustee and member of the Congregational church.

In fraternal circles he was a faithful member of Waverley Lodge, I. O. O. F., of Antrim; Altmont Lodge, A. F. and A. M., Royal Arch Chapter, of Peterboro; Ephraim Weston Post, G. A. R., of Antrim.

He married Frances S. Holmes of this town in 1865. One brother, L. K. Lawrence of Brookline, Mass.; one sister, Mrs. William McIntyre, of Leominster, Mass.; and one daughter, Miss Edith L. Lawrence, survive him; these all have the sympathy of the entire community.

Interment was in Evergreen cemetery, the commitment service of the Odd Fellows being read. There were delegations of Odd Fellows, Masons, Grand Army Veterans, S. of V., and his former shop mates present at the services, besides many friends and neighbors.

Charles F. Burnham and Fred L. Eaton were in Concord Tuesday to attend the State Convention.

Misses Florence, Dorothy and Ruth Willey, from South Framingham, Mass., are visiting Mrs. Robert Knowles, and the family of C. H. Dutton.

Charles H. Kimball is on the sick list.

Charles Metcalf, from Keene, was in town Tuesday calling on friends.

Mrs. Emma Herrick is reported as improving from her operation of last week at the hospital.

The Grange Fair has been postponed to this week Friday evening. Supper and entertainment.

Hon. A. W. Gray, of Boston, visited friends here last of the week. He remained for the funeral of Mr. Lawrence.

FOR SALE—A second hand Top Buggy. Can be seen at "Colby Greene" farm or address Box 71 Bennington, N. H.

Ralph Messer, Chas. H. Dutton, Miss Abbie Simonds and H. W. Wilson attended the session of the Court at Nashua Tuesday, appearing before the Grand Jury.

C. H. Philbrick is again at the B. & M. station, after a vacation. Charles Tupper, who assisted at the depot in his absence, has gone to Newport, being employed in the depot there.

From May 1st, prices have advanced 25 per cent with medicine from the case. Medicine in bottles and surgical supplies extra. Confinements by previous engagements only.
