TWELFTH TURNS TABLE

Antrim Defeats North Weare, 12 to 4. Hillsboro Wins, 3 to 1.

After five consecutive defeats, our home team once again enjoyed a victory by walloping North Weare, 12 to 4. With the exception of a wild throw in the 6th, it might easily have been 12 to 2.

For three innings the score was 0 to 0, 1 to 1 at the 4th and 5th, 3 to 3 at the 6th, and then in the 7th the Antrims batted all around, getting 5 runs and 4 in the 8th.

The features of the game were three-base hits, one by Eaton, pitcher for North Weare, and one by Whitney, pitcher for Antrim. Both of these were in the 4th inning. Whitney scored on his, but Eaton died on 3d. Wolley caught a fly by Leaf and completed a double play alone and unassisted, by tagging Eaton off 8d.

The standing of the teams:

Team	W	L	PC
Henniker	9	8	750
Hillsboro	7	5	583
ANTRIM	6	6	500
North Weare	2	10	166

Selected Poem

Face the Sun

Don't hunt after trouble, but look for success;
You'll find what you look for; don't look for distress.
If you see but your shadow, remember, I pray,
That the sun is still shining, but you're in the way.
Don't grumble, don't fluster, don't dream and don't shirk,
Don't think of your worries, but think of your work.
The worries will vanish, the work will be done;
No man sees his shadow who faces the sun.

—Christian Observer.

Flowers for Town Fair

On account of the drought, the Flower Committee of the Town Fair realize that there will be a scarcity of flowers. If, however, all who grow flowers will send an exhibit, small or large, to the Town hall Monday morning, September 1, it will be much appreciated by the committee.

If those who are to exhibit will kindly give their names to any member of the committee, it will facilitate matters somewhat.

The chairman will be pleased to give any desired information concerning exhibits.

New State Road

At a meeting held in Greenfield last Saturday, at which Gov. Feltner, his Council and prominent citizens from adjoining towns were present to discuss the laying out of the new state road from Portsmouth to Keene, the following committee was chosen to represent Antrim:

John B. Jameson
William E. Cram
Frank E. Bass

Pop Concert

Last call for the Pop Concert! In addition to the vocalists and instrumentalists, there will be a reader from Boston. Do not forget the day, place and price,—next Friday evening; Antrim Town hall; 25 cents.

It went pay to stay away!

Mothers! Have Your Children Worms?

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt its mind and growth. Give Kickapoo Worm Killer at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended.

adv. Lane & Weeks, Antrim.

Town Hall Repaired

Workmen have completed their labors repairing the roof and front of the Town Hall block. It will be remembered that the Selectmen had this matter in hand for some time, and that after it was found what was needed the necessary repairs were made in due time.

HELD 2000 MEETINGS

Waverley Lodge of Odd Fellows Celebrate the Event Fittingly

Waverley Lodge, No. 59, I. O. O. F., was instituted February 1, 1876, and has each week held a meeting, till on Saturday night last they had held two thousand meetings. Preparations were made for an observance of the event; members of Hand in Hand Lodge of Rebekahs were invited, and about one hundred men and women gathered at Odd Fellows hall to enjoy the occasion, the exercises beginning at nine o'clock; the numbers on the program appear herewith:

Historical Remarks, by D. D. G. M. Edmund M. Lane
Reading, "St. Peter at the Golden Gate," Fred I. Burnham

Remarks, by Rev. William Weston, Greenfield
Singing, "America," by audience

At the close of this short program, refreshments of ice cream, cake and lemonade were served in the banquet hall. This was not intended for a grand celebration with a long program, but as a fitting observance of an unusual event it was considered a success. The committee in charge was J. W. Burnham, Noble Grand, and Past Grands Fred I. Burnham and Leander Patterson; the Noble Grand acting as chairman of the evening.

BOLD ATTEMPT AT ROBBERY

A Residence in Antrim Village Entered---Intruder Frightened Away Without Loot

Saturday night last, about fifteen minutes after retiring, Frank J. Boyd and his sister, Miss Laura Boyd, were aroused by the presence of a man "down stairs." This intruder had gained entrance through a screened window. Mr. Boyd was able to watch the movements of the man "lower down" through the register which he had noiselessly opened; he could see the small flash light as the man went from one part of the room to another, and when he was exploring about the piano—directly underneath the register—Mr. Boyd let the would-be thief know he had seen him, telling him in very plain language to vacate or abide by the consequences. After the alarm had been given the man left the house and all trace of him was lost. However, Mr. Boyd informs us that he well knows who the man was. It is probable he has not yet decided just what further steps to take in the matter.

Mr. Boyd is a member of the firm of Grant & Boyd, whose opening day of a large special sale was on Saturday; this was doubtless the attraction. When he went to his home on North Main St. Saturday night, Mr. Boyd laid his hat and a package beside it on the piano, and without a doubt his movements were watched.

A GENUINE SURPRISE

Party was given Benjamin E. Corlew recently at Maplehurst Inn, the occasion taking place on his 821 birthday. His daughter, Miss A. J. Corlew and niece, Miss Juliet S. Corlew, were assisted by Mrs. A. S. Cottrell of Brookline, Mass., and Mr. and Mrs. Arthur S. Black, proprietors of the Maplehurst, and daughter, Miss Grace Black. A large birthday cake, handsomely frosted, was a feature of the affair. Grape juice a la Bryan was served. A bonnet box was handed Mr. Corlew which he opened; it was found to contain a small package of Roquefort cheese which he very much enjoys.

About twenty five people attended the gathering and all arrangements were very successfully carried out. Mr. Corlew had no suspicion whatever about the party until the friends arrived; he received through the mail a shower of cards and congratulatory letters.

SPECIAL MEETING

The Commissioners have called a special meeting of the Precinct, at Engine House hall, for August 29, at 7.30 in the evening. The business of the hour is to see if the Precinct will vote to extend the water pipes to the residences of Lucius Parker and Eugene Woodward, and appropriate money therefor.

Board of Trade

The regular meeting of the Board of Trade was held in the Selectmen's room on Monday evening and routine business was transacted with a number of interested members present. The arrangements for the Town Fair were discussed, other matters of importance considered, and for a short meeting we think quite a little was accomplished. Some matters that the Board of Trade are now taking up will surely prove of benefit to the town and her citizens as well. Really, many others of our people should be interested in the good work.

MOTHER SO POORLY

Could Hardly Care for Children — Finds Health in Lydia E. Pinkham's Vegetable Compound.

Bovina Center, N.Y. — "For six years I have not had as good health as I have now. I was very young when my first baby was born and my health was very bad after that. I was not regular and I had pains in my back and was so poorly that I could hardly take care of my two children. I doctored with several doctors but got no better. They told me there was no help without an operation. I have used Lydia E. Pinkham's Vegetable Compound and it has helped me wonderfully. I do most of my own work now and take care of my children. I recommend your remedies to all suffering women."

Mrs. WILLARD A. GRAHAM, Care of ELSWORTH TUTTLE, Bovina Center, N.Y.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy we know for women's ills. If you need such a medicine why don't you try it?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

GIVES CAT TO CUSTOMER

Shrewd Pennsylvania Dealer - Then
Sells Them Milk With Which to
Feed the Kittens.

Henry Kittleton, a milk dealer of Dunbar, Pa., is rapidly driving his two competitors out of business. Kittleton some time ago hit on a novel method of increasing his business, and at the same time advertising his Angora cats. On May 1 Kittleton announced that every customer who had bought milk from him for one year would receive a beautiful Angora kitten as a present. True to his word the milkman presented each of his yearly customers with a valuable kitten.

Kittleton smilingly told today how he hoped to increase his business by giving away the valuable Angoras. He said:

"In the first place, the more cats I spread around the more milk I will sell to feed them, for a time at least. Every family who receives a kitten worth from \$5 to \$15 will continue to buy milk of me, hoping to get a kitten each year. By this method I not only increase the sale of my milk and advertise my dairy business, but I advertise by catery as well. I have a big cat-breeding establishment, and my sales have increased wonderfully, both in milk and cats, since I put the plan in operation."

Odd Job for a Woman.

The only woman in the United States in full charge of a seacoast lighthouse is Mrs. E. A. Fish, of Point Pinos, near Pacific Grove, Cal., who has lately received a letter of commendation for her twenty years faithful service from the chief of the light house service, together with a medal bearing the inscription, "U. S. L. S." and "Efficiency." She has been in charge of the Point Pinos light since the death, in 1892, of her husband who was head of the department of history and physiology in the University of California. This lighthouse, which stands at the end of Monterey peninsula and marks the entrance to the bay, was built in 1892, and is one of the few early seacoast lights which remain in perfect condition.—Springfield Republican.

Milk and Storm.

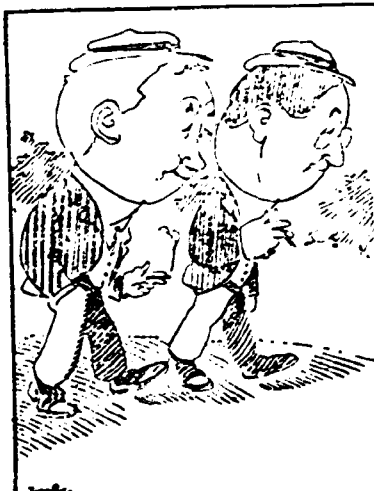

Why milk curdles during a storm is a question often asked. M. Thillat, a recent investigator, says the change is not due to atmospheric electricity, but that during a storm minute quantities of gases arising from decay have an enormous influence on the development of the milk ferments and that since gases in the soil stream forth during the period of low barometer it is reasonable to suppose that these gases hasten the curdling of the milk. Also, if milk is kept in the vicinity of material undergoing decay—meats, soups, etc.—a barometric depression will cause the coagulation of milk more rapidly than during normal barometric conditions.

There was a ball game at 1.30 p.m., between Bennington and Greenfield clubs; Bennington won, 10 to 4.

At 2.30 there was an exciting horse trot. The five competing horses were from Antrim, Hillsboro and Bennington. John Adams' handsome black colt, Mr. Barnsdale, won the race. Very fast time was made considering the condition of the track. It certainly was remarkable that from so small a section of country five horses used as gentlemen's drivers and not trained for the track, could be brought together and show such great speed.
