THE REPORTER'S COMMENTS

On Matters of Current News, Given our Readers
in a Condensed Manner

The Chamber of Commerce has issued an extra edition of 25,000 copies of its milk report for distribution to the farmers of New England.

President Wilson has appointed Miss Edith Benham as social secretary at the White House to succeed Miss Isabelle Hagner who has resigned to marry Norman James, of Baltimore.

Four New Englanders have been awarded medals by the Carnegie Hero Fund Commission. They are Walter E. Pickett of Waltham, William H. Carey of Lowell, Herbert E. Varney of Wells Beach, Me., and C. Doane Greene of New London, Ct.

Eighteen hundred school children standing in Luther Burbank's gardens welcomed Thomas A. Edison, the inventor, when he arrived with Henry Ford to visit the famous horticulturist. Burbank escorted his guests who were accompanied by their wives through his experimental grounds and showed them his wonderful creations.

Anonymous letters threatening the life of Thomas A. Edison, because of his being named as a member of the Naval Advisory Board by Secretary Daniels, has prompted Chief of Police White, of San Francisco, to detail Detective Sargent Ganghnan to act as Mr. Edison's body guard. Mr. Edison is threatened with death should he invent anything to make war more terrible or which would promote war in the United States.

The loss of life at St. John's Parochial school, Peabody, Mass., by fire, was the result of defective safety-first conditions. It was reported that the basement was not fire-proof; there were no fire doors at the basement entrances; there were no outside fire escapes; the building was too high for a school building. Only for these oversights there would have been no cause for this loss of life.

The Baptist Sunday School Observes Rally Day

Rally Day was observed Sunday by the Baptist Sunday school and the attendance of pupils and friends was especially large. The program included a reading by Dr. J. Blake Robinson; recitation by Oliver Wallace; song by the primary department; vocal solo by Miss Elizabeth Tandy; address by Rev. William J. B. Cannell.

At this service the Ephraim Weston Woman's Relief Corps presented the Sunday school with a silk flag, the presentation being made by Mrs. Anna Eaton Carter, department president of the New Hampshire W. R. C. Harry B. Drake, superintendent, accepted the flag in behalf of the school, after which a Christian flag was given the school.

The committee in charge of the Rally Day observance was Robert Abbott, Mrs. Clara Abbott, Mrs. Richard Goodell, Mrs. Elizabeth Buckminster and B. J. Wilkinson.

Community Christmas Tree

While many other towns have tried out the idea of having a Community Christmas Tree with apparent success, Antrim has never done such a thing to our knowledge. It seems a good thing to do, and many who favor the idea hope that the coming Christmas will see the experiment tried in this place.

The church trees are not nearly as well patronized as they were formerly, and to follow out the Christmas spirit to the fullest extent it would seem that the whole community should be included in the matter. The details can easily be worked out, and a nice pleasant occasion could be made of it, thereby giving to all our people a privilege which only the church people have usually enjoyed.

Already a committee has been appointed from one of the Sunday schools to consider the matter with committees that may be appointed from the other Sunday schools, and we hope we will be able to report progress along this line in the very near future. Let us do the most good for the greatest number.

Only six weeks more to Christmas! One will have to hurry to do his Christmas shopping early.

The publishers of The Youth's Companion, will, as always at this season, present to every subscriber whose subscription is paid for 1916, a calendar for the new year. It is a gem of calendar-making.

Our first snow storm of the season arrived on Friday morning; it was seasonable, but being only a small quantity the rain later in the day took it all off. However, Mt. Crochod is pretty white as a result of the frosted visitor.

Yes, the elections last week did indicate a large and enthusiastic following for the Republican party; with proper encouragement the ensuing year, the next election will be a continuation of the same thing and possibly more so.

We are told there are people who think that the "cross-country" road proposition, as is now being laid out over certain sections of the state, including the one through this section—from Concord to the state line—is not much more than a joke. We hope these people are entirely wrong and that the next session of the legislature will take the matter up and appropriate the necessary funds to help the towns build the connecting lines.

"It Pays to Advertise" is a fact that is accepted by everyone who knows anything at all about the matter; but free advertising is good for nothing, no matter how one gets it. We have been reminded of this fact over and over again, especially during the past few weeks while so much has been said concerning a certain man who presumably thought the press of the state was "subsidized" to some degree, when in reality there was "nothing to it."

To the People of Hillsboro and Vicinity:

I wish you to consider this a personal letter. I have increased the stock of Brown's Shoe Store by 20 percent in one week's time. It will of course take me time to increase the stock to where I believe it should be, and I ask patience from my patrons. It is my intention to carry the biggest and best stock of shoes and rubber goods anywhere in this section.

I believe I can give honest goods at honest prices. I intend to have a size for everyone in stock. I want no one to go away from my store dissatisfied. A satisfied customer is the best advertisement that a business can have. I am desirous that I give men, women and children of Hillsboro and vicinity, up-to-date styles, up-to-date goods and above all up-to-date service. I know that in a month's time I can fit you correctly. For me to misfit you would do you an injury, saying nothing of the effect it would have on my business. Without your patronage I cannot stay in business, therefore I wish you to consider this your store and not mine. It would give me great pleasure to have you drop in and look the stock over and give me what suggestions you think an up-to-date shoe store should possess. I extend a most hearty invitation to your store; and let us give to Hillsboro and vicinity a shoe store that is a live one, which has been a long needed want. Make this your store when in town.

Sincerely yours,
A. G. RIDLON,
Brown's Shoe Store.

The Antrim Woman's Club

The next meeting of the Antrim Woman's Club will be held Monday afternoon, Nov. 15, at 3 o'clock, at the Club rooms, and Mrs. Annis B. Shepard, president of the State Federation of Women's Clubs, will make an address. This will be an open meeting and all the ladies are invited to be present.

Mrs. Cora E. Hunt, Sec'y.

A GREAT NEW HAMPSHIRE INDUSTRY

Under this caption the Boston Sunday Herald of Oct. 31, contained the following letter from Concord, dated the 29th ult. While a portion of the article treats the matter of road building in the country as somewhat of a joke and carries it to extremes, yet there is much of sound reasoning contained therein.

Road building is considerable of a science, and few who think they know it all know but very little about it; still something is being learned all the time. Good roads are certainly the best investment any town can make at the present:

The building of roads creates a golden stream in our commonwealth. More good roads, more tourists, more money for hotels, merchants, farmers, and from them, as primary recipients, money going to the general populace, increased resources in the way of taxation and money therefrom going to the small army of men who build the roads. It is a sort of perpetual motion of finance. It increases as more visitors come and decreases as inefficiency and graft waste the money which is applied to roads. Graft there is. Not graft in materials, not graft of contractors, but graft of the small crews of laborers who work under town authorities, the occasional laborers who work on roads in spring and fall. There is serious waste of public money here and in the back town far from the railroad they know how to touch the public till as well as the larger centers.

As an example of inefficiency the repair work on the average country road cannot be excelled. Here are three men loading a dump cart drawn by two comfortable, fat Belgian horses. The driver is one of the three. They load the cart in a few moments and he departs to drive two miles to where the dirt from this clay bank is to be mingled with the sand that has made a stretch of road hard to negotiate. He proceeds slowly, partly because he is working for the town and partly because both he and his high horses are slow anyway. During all the time he is gone, the two men at the clay bank visit with a man digging potatoes in a neighboring field and bother and impede him at his work. He feels it necessary to be hospitable and he can't emit opinions upon subjects of the day and drive his potato hook down among the witch grass. For all the time the driver is going and returning over that two miles at a slow plod, two men are doing nothing whatever to earn town money. A private company would not have any shoveller at all. The driver would load his own cart, and in a very short time. The driver arrives and finds the two men slowly disentangling themselves from both a man who is trying to paint his barn. With the official deliberation of public employes they dignifiedly and rustily move their joints into the road and painfully begin to spread the clay over the road. This takes longer than the loading took, but for all that, one man would be busy but part of the time while the driver is after another load.

By this characteristic mismanagement and waste of money, the towns and the state are every year deprived of large sums. If it is desirable for political reasons to employ considerable numbers of men, the loaders should be put to some task where they could work steadily and not delay private individuals. One of the great improvements now taking place in New Hampshire is the reduction in grades everywhere in progress. These superfluous loaders could work at that to great advantage. The citizen is always complaining of increased taxes. He can begin in the town meeting of his own town by objecting to the waste of public money in the direction where New Hampshire spends so much public money, in work from which New Hampshire receives so much benefit. The money the towns are spending should build many more miles of improved roads than is now the case.

NEWS OF THE GRANITE STATE

Suscook Wants Better Train Accommodations

COMMISSION GIVES HEARING Claremont Man Something of a Rip Van Winkle - Taking Salmon for Breeding Purposes

Better Not Sell to Soldiers on Duty. Concord - A case a little out of the ordinary will be heard before the license commission next week when a Nashua saloon keeper will come before the board on a charge of selling to a member of the state militia while he was on strike duty. There has already been a court martial on the case, a young man has been fined for intoxication while on duty, and a non-commissioned officer has been reduced to the ranks for permitting a member of his squad to visit a saloon while under orders.

He Will Get What is Coming to Him. Dover - Several years ago, it is alleged, Frank F. Cheney, of this city went to a clerk in the store of A. W. Hayer and representing that he wanted a diamond ring for his wife was allowed to take two to show her. He did not return the rings, and left town. He has been located in the penitentiary at Milwaukee, where a sentence for larceny is about to expire. Deputy Sheriff Goodwin is there awaiting that event, and will bring Cheney back to answer to an indictment for larceny.

Children Exhibit Crops. Keene - Under the auspices of a Cheshire County Farmers' club and the Keene Commercial club a conference and exhibit of the Cheshire county boys and girls opened here Friday and continued through Saturday. Corn and potato raising were features of the exhibit, and in addition to those of the boys and girls there were exhibits from the state college and the Keene normal school. There were addresses Friday evening by prominent gentlemen.

Dartmouth Wins the Game. Hanover - There was great rejoicing here Saturday evening among the few remaining students and friends of Dartmouth when it became known that Dartmouth had won the football game in Boston from the University of Pennsylvania by a score of 7 to 3. Several special trains from here carried hundreds of students to witness the game, and the victory was the most gratifying from the fact that the day was saved at the last minute.

The Doctor Unloaded the Produce. Franklin - While driving his auto across Republic bridge Friday evening, Dr. C. W. Adams drove his auto into the rear of the market garden wagon of George Dunn. Apples, cabbage, squash and other vegetables were unloaded promiscuously into the roadway, and both shafts of the wagon broken. A lamp and fender on the auto were broken.

Dies on a Hunting Trip. Nashua - Walter O. Gaskill of this city died in New Boston Saturday, while on a hunting trip. His death was due to an attack of acute indigestion. He was one of the founders of the Arlington Methodist Church, and for 25 years janitor of the Arlington Street Church. He was 70 years old, and is survived by a wife, son and daughter.

Great Season for Bear. Concord - Fish and game Commissioner Beal estimates that more than 100 bears have been killed in this state this season. This is away above the usual number, 25 being about the yearly average. More than a dozen have been killed around Berlin, eight in the vicinity of Campton and a less number in other towns.

AMERICA!

Patriotic Production in Seven Reels

"AMERICA," the great New York
Hippodrome spectacle in Seven reels
of motion pictures, which will be
shown at the Antrim Town hall on
SATURDAY evening of this week at
8 o'clock, is conceded to be a verita-
ble carnival of kaleidoscopic wonders,
surcharged with the exhilarating es-
sence of patriotic fervor and fairly
bristling with thrilling dramatic cli-
maxes.

Some of the scenes which instantly
find warm places in the hearts of au-
diences are: "The Landing of Colum-
bus," "conspicuous for its heroic treat-
ment and rugged historic grandeur";
"The Grand Central Station at New
York City," which is in direct con-
trast to the foregoing and thrillingly
illustrates the startling difference
between the modes of transportation in
1492 and 1915; "A New England
Farm," a tranquil rustic scene;
"The New Orleans Levee," showing
an old fashioned side-wheel Missis-
sippi River steamer moored to levee
in the Crescent City where the dar-
kies, all excitement, sing and dance
and cake walk to the delight of all
concerned. "The Alamo," at Antonio,
Texas, with the Rough Riders and
beautiful Southern girls; "A Great
Fire in New York City," that is con-
quered after a number of daring res-
cues and hair-breadth escapes which
make the MAN stand out against all
conditions, all environments; "Women
Suffrage Parade" down Fifth Avenue,
New York; "Panama Canal," "Yel-
lowstone National Park," "The
Grand Canyon of Arizona," and final-
ly the piece de resistance of Hippo-

Glenwood

Glenwoods are always Brim Full of New Wrinkles

The Glenwood Balanced Baking Damper is far ahead of any other—it is as positive
as the turning of a railroad switch—open to start the fire, closed to bake—just this
one damper for kindling or baking and best all, it can't warp or stick.

Geo. W. Hunt, Antrim

The Glenwood Revolv-
ing Coal Grate is easy
to shake at all times,
and simply fine for re-
moving clinkers. It is
triangular in shape,
with three different
sides for wear.

The Glenwood Sectional Top is inter-
changeable—cross pieces can not warp—a
wash boiler can be placed at the back as
well as in front for quick heating, leaving
the front holes free for cooking.

The Glenwood Shelf Under Oven Door is
not stationary—it automatically raises
and lowers as oven door is opened or
closed. It is always level with oven bot-
tom—a great convenience when basting
meats or removing food.

The Ash Pan rests on a roller bearing
frame—just open door and it rolls out at
the slightest touch, neat and clean.

Glenwood Iron is smooth and perfect—
the easiest of any to clean—a real delight
to the most exacting housekeeper.

It's the range that

A party from here attended
"Quincy Adams Sawyer" at the vil-
lage last week.

Mr. and Mrs. Justin Parker were at
their home for a short stay last week.

Mr. and Mrs. G. F. Lowe were vis-
itors at Hillsboro Upper Village last
week.

If the party who took the owl
from Mellvin's the other night had
asked for it they might have had both
owl and a clear conscience instead of
the guilty one they must possess for
committing the theft.

Miss Dorothy Barrett entertained a
few of her little friends at a birthday
party Saturday; refreshments and
amusements were in order. The hos-
tesse was well remembered with gifts
by her friends and all reported a very
fine time.

The Circle supper was well attend-
ed; around 60 being present.

Mr. and Mrs. Harland Swett cele-
brated the 15th anniversary of their
marriage, by being surprised by some
of their friends, after the circle sup-
per at the chapel Thursday evening.
They were presented with a purse and
other gifts, Ira Hutchinson making
the presentation in a very pleasing
manner, to which Mr. Swett re-
sponded very feelingly. Much credit
is due Mrs. G. F. Lowe of the Branch
and Ernest Wheeler of Clinton for the
success of the party. After a social
time the party broke up wishing Mr.
and Mrs. Swett many more years of
happiness.

Mrs. B. B. Wing and Mrs. A. L.

Regarding License Coupons They Must Use

The attorney general has ruled that residents as well as non-resident hunters, when they go on a hunt, must have with them the license issued by the commissioner, and to be attached to the carcass of the deer and the other animals. Hunters have considered that this section of the law was only operative when the carcass was shipped from the woods to its destination by a common carrier. The attorney general rules that when a carcass is taken out in an automobile the car automatically becomes a common carrier, and the coupons must be used, else such transportation is a violation of the law and subjects the parties to the penalties prescribed by the statute.

All those who have taken out hunting licenses for the year 1915, may procure the accompanying shipping coupons by presenting said licenses at the residence of the Town Clerk, in order that the number upon the license and coupon may correspond, or by sending the license to the Town Clerk, with the necessary postage, when both license and coupon will at once be mailed to him or her. Please take notice.

adv Town Clerk.

W. C. T. U. Notes

On Tuesday last, the Woman's Christian Temperance Union met with Mrs. E. C. Paige. The president, Mrs. Cochrane introduced the subject of prize speaking by High school students, which was fully discussed and plans made for carrying out this very profitable entertainment, which will shortly occur.

Other department work was discussed and adopted. One number on the program was a pleasing violin solo by Miss Alice Paige, accompanied by Forrest Appleton. The encore was heartily given and met with a lively response.

The lumbermen's supplies, to be sent in November, send to Mrs. G. H. Hutchinson.

Irritable Children Often Need Kickapoo Worm Killer

There is a reason for the disagreeable and fretful nature of many children. Think of the unrest when the child's body is possessed by tiny worms sapping its vitality and clogging its functions. Whatever may be the cause—that children have worms is a fact. Your child's peevishness and irritability has a cause. Give Kickapoo Worm Killer a chance and if worms are there this humanly harmless remedy will eliminate the annoying parasites. 25c. a box. adv.

Catarrh Cannot Be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surface. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free. P. J. CHENEY & CO., Props., Toledo, O. BENNINGTON

A Weekly News Letter of Bennington

Charles Bullard, of Peterboro, was in town Monday.

The appearance of the Catholic church is being improved by a coat of paint.

The food sale of the Lady Companions of the Foresters held last week was well patronized.

Mr. and Mrs. C. R. Harris and two children, Gertrude and Dorothy, of Wilmington, Mass., are visiting Mr. and Mrs. Earl Sheldon.

A brush fire near Lake George caused some anxiety to nearby residents first of the week, but no damage resulted from the blaze.

A social dance will be given in town hall in this place, on Friday evening, Nov. 12, with music by Majestic orchestra. For particulars read posters.

Rev. Andrew Gibson, Mrs. Ethel Putnam and Miss Grace Taylor were in Henniker Saturday attending the convention of the Cotoocook Valley C. E. association.

Mrs. A. A. Gerrard was in Nashua Tuesday and called on Mrs. Robert Knowles who is still confined to the hospital there. Mrs. Knowles is reported as improving.

The third and fourth degrees were conferred last night by Bennington Grange at their regular meeting. A literary program was presented, after which a harvest supper was served.

DEATH IN MANCHESTER OF A NATIVE OF BENNINGTON

Charles E. Foster, who died at Manchester Monday, aged 71 years, was a native of this town. He enjoyed the distinction of having served a longer time in the Civil War than any other man from New Hampshire, four years and eight months. He enlisted from Peterboro, under Capt. Ephraim Webster and had an active career in the service.

Mr. Foster took part in the first and second battles of Bull Run; Williamsburg, Gettysburg, Drewry's Bluff, Fredericksburg and Cold Harbor. He was confined to Libby Prison for four months and was exchanged. He was under fire for 100 consecutive days in front of Petersburg.

The deceased was prominent in many of the patriotic orders of the State.

The funeral services were held at the Congregational church here today. The bearers were from the Frank W. Butler Camp, Sons of Veterans, and the honorary bearers were from Peterboro.

Mrs. James Cashion, mother of Miss Mae Cashion, met with a serious accident recently when she fell and received several bruises and injuries. She is obliged to remain in her bed and is being cared for by her daughter, Margaret, of Manchester.

People who use Peruna

Mrs. T. Frech, R. R. 1, Hickory Point, Tenn., writes: "I am happy to tell you that I am cured of catarrh. Having been afflicted with catarrh and stomach trouble for seven years, and after having tried four different doctors, who only relieved me for a little while, I gave up all hope of being cured. I was induced to try Peruna, and to my great surprise I am now entirely well. My health never was better."

FOR INDIGESTION

Mrs. W. R. Whitehead, R. R. 1, Pryor, Oklahoma, writes: "I am happy to tell you that I keep free from my old stomach trouble; feel no catarrhal symptoms at all. I am able to do my work, eat and drink what I want, and rejoice to know that I found a sure cure in your valuable medicine. I think it saved my life. By beginning in time with Peruna I was cured sound and well."

SAVE YOUR CALVES
Raise Them Without Milk
Why throw away money by knocking them in the head or selling them for a dollar or two at birth when they can be raised or vealed WITHOUT MILK at a fraction of the cost of feeding milk. You profit both ways selling the milk and still have the calves.

Ryde's Cream Calf Meal
The most successful milk substitute on the market—the standard of perfection. Thousands of farmers are using it and cannot say enough for it. It is NOT a stock food—it is a complete food that long experience has proved to be right for raising calves. It contains all the nutrition of milk prepared in the most digestible form and is sold on a money back guarantee to give results.

100 lbs. equal to 100 gallons milk—try it on your calves.
