LOSES HER FORD CAR

Miss Helen Stanley's New Machine Taken in Night

Considerable excitement was caused here Tuesday when it was learned that the new five-passenger Ford touring car, owned and operated by Miss Helen Stanley, was missing and no trace of its whereabouts could be obtained.

Miss Stanley, who is occupying her summer cottage at White Birch Point, on the shores of Gregg Lake, had left the car at the garage at the Point Monday afternoon about five o'clock when she had finished using it for the day. Not having occasion to use it in the evening or Tuesday morning she did not become aware of its disappearance until about noon.

As the car was equipped with a self-starter, and the garage is quite a distance from her cottage on the hill, it was a comparatively easy matter for the thief or thieves to make away with the machine and not disturb any of the people on the hill.

Chief of Police Edward F. Heath has notified the authorities in the adjoining towns of the loss, giving a description of the car.

Mrs. Mary Bartlett, of Ayer, Mass., is at her home here for a season.

TRUSTEES' REPORT

To the Maplewood Cemetery Association May 8th

The Trustees have held eight meetings since the last annual meeting of the association, the first being held at the cemetery, at which Mr. W. R. Linton was appointed superintendent.

In addition to the usual raking and mowing of the grounds considerable labor has been expended in repairing the roads and paths. The monuments and curbing on all "perpetual care lots" have been cleaned at an expense of \$130.00, thereby greatly improving not alone these lots, but the general appearance of the cemetery.

A new cement dam 5 feet high, 12 inches at the top and 20 inches at the bottom has been built in place of the dirt dam. The bottom of the pond has been cleared of mud and roots, and the underbrush around the pond cut and trimmed. We believe this to be a permanent improvement and one that will be appreciated more and more as the years go by. The total cost of the pond improvement was \$250.00.

We are indebted to Mr. W. H. Hill, acting sexton, for the following data:

Number of persons buried in Maplewood cemetery is 890.

All of the 208 plots in the original cemetery have been sold and burials have been made in all but three.

In the Goodell addition 51 lots are sold and there are 77 unsold.

In the Christie addition 68 lots have been sold and 74 remain unsold. From this it will be seen that there are a total of 478 lots of which 327 have been sold and 151 are for sale. In addition to these there are about 40 single graves unsold. This will doubtless be sufficient for some years to come.

The treasurer's report shows that \$160.00 has been received during the year for the sale of lots. Total receipts for the year \$374.32, total expenditures for the year \$915.96.

From this it will be seen that the expenditures were \$541.64 more than the receipts, thus reducing the current fund from \$1244.04 reported last year to \$702.40, on hand March 31, 1916. The permanent fund has been increased \$200.00 and now amounts to \$5050.00 which is invested as follows:

Town note \$3000.00
N. H. Savings Bank 2050.00

\$5050.00

More Good Road For Clinton

A special Town meeting was held Thursday afternoon at the Town hall for the purpose of discussing the matter of having the permanent road money expended this year for improvement of highways extended along Concord street toward Hillsboro.

The Selectmen have arranged to have the money spent on the road towards Clinton, continuing a portion built last year, taking it this year as far as Clinton village corner.

There was a very good attendance of the voters and several of them expressed their views on the subject.

It was finally voted not to expend the money along the Concord street road.

A. H. S. Notes

There will be a salad supper at the G. A. R. hall this Wednesday evening from 5.30 to 7.30 for the benefit of the Junior Class. Admission 20c.

Our base ball team defeated Hancock High here Saturday, 13 to 12, by an 11th hour rally in the 9th inning, making five runs. Farrant's three-base hit and Cram's pitching were big factors of the victory.

Wilton plays here Saturday. Come and root for us!

Lecture on Birds

An illustrated bird lecture was given last evening in the Town hall, under the auspices of Molly Aiken chapter, D. A. R., by Rev. Manley Townsend, secretary of the State Audubon Society. The lecture was interesting and instructive, and an extensive line of slides were shown illustrating the different varieties of our feathered friends.

"THE BLACK CROOK"

Famous For Over 60 Years—Here Friday Night

Sixty years ago at Niblo's Garden "The Black Crook" was first introduced in America, and leaped immediately into an almost unparalleled success, having been presented on the stage over 2000 times. It was considered as the acme of managerial daring and was the object of nationwide comment and interest.

The screen version strongly demonstrates why the play was such a great attraction. It is a romantic drama of the old school, dealing impressively with a weird story and the inhabitants of the lower regions.

This spectacular version of the famous stage extravaganza will be shown here FRIDAY evening of this week, May 19. Notice the date—Friday!

Miss Bailey, of Bennington, will sing.

In addition to "The Black Crook" will be shown the Ford animated weekly news. 20c and 10c. adv.

The past president, Mrs. Nellie Hills, gave a very interesting report of the meeting of the State Federation of Woman's Clubs, held at Manchester last week.

I. O. O. F. Notes

Some repairs have been completed to the Odd Fellows block.

A special meeting of Hand-in-Hand Rebekah lodge, I. O. O. F., was held last Thursday evening at Odd Fellows hall. Mrs. Addie B. Palmer, of Berlin, the Warden of the Rebekah State Assembly, made her official visit at this time. There was a large attendance of members of the local lodge, many coming from the adjoining towns. The Rebekah degree was impressively conferred on a class of candidates, and the new paraphernalia was used for the first time. Refreshments were served at the close of the meeting.

At the regular meeting on Saturday evening last, Waverley Lodge, No. 59, I. O. O. F., decided that in view of existing conditions it was best to postpone indefinitely the date of observing the anniversary of the Lodge which had been under consideration for some time.

It was decided to observe the date of June 26, or as near that as the committee may decide, as Odd Fellows Memorial Day—in conformity with the proclamations of the Grand Sire and Grand Master.

Avoid Spring Colds

Sudden changes, high winds, shifting seasons cause colds and grippe, and these spring colds are dangerous and are likely to turn into a chronic summer cough. In such cases take a treatment of Dr. King's New Discovery, a pleasant laxative tar syrup. It soothes the cough, checks the cold and helps break up an attack of grippe. It's always prepared, no mixing or fussing. Just ask your druggist for a bottle of Dr. King's New Discovery. Tested and tried for over forty years. adv.

TOWN FAIR

Board of Trade President has Something to Say

There seemed to be considerable interest manifested through the winter and early spring in regard to holding a Fair the coming fall. Therefore the Board of Trade at its April meeting voted to hold one probably on Labor Day. It will be open for exhibits not only to the residents of Antrim but to all patrons of the Antrim postoffice. We believe the Fair which we have held in the past have been of great benefit to the town. They have been a sort of Old Home day when the absent sons and daughters come back to renew their allegiance to old Antrim. And our neighbors and friends from other towns both far and near have improved the opportunity to make us a friendly call. The social feature alone is worth the cost. But the friendly rivalry and competition they have aroused among the farmers are sure to produce results from which we shall all profit.

The exhibits of the ladies have been most excellent and a credit to any community.

We all know that whenever the men and women of Antrim set out to do a thing they do it well. Now let us all take hold of this matter and make this Fair the best we have ever held; we have got to hustle to do it, but it can be done if we all pull together, and in order to do this we must get together and make certain arrangements in the early summer.

I assume that nearly every person in town has an interest in the matter and some ideas in regard to the necessary preparations, but what good can result from your ideas if you keep them to yourselves? What we need to do is to meet and pool these different views and then reap the benefit of them all.

The June meeting of the Board of Trade will be open to the public and all the people of Antrim are most cordially invited to attend. The Board of Trade can do certain things but our measure of success depends on the interest the general public takes in the matter. The night of the meeting will be published in the Reporter, so watch out for the date and come in and help make this Fair the best ever.

F. C. Parmenter,
Pres. Board of Trade.

Forest and Brush Fire with a Gale Do Immense Damage

ONE KNOWN TO BE DEAD

Loss Will Reach Hundreds of Thousands—Agreement Reached on Car Stakes—Auto Taxation.

Concord—The combination of a heavy gale with forest and brush fires on Thursday and Friday caused damage running into the hundreds of thousands in New Hampshire with loss of life. One of the victims was Benjamin Pettengill, aged 65, who was helping to fight a forest fire in Northfield. In climbing a barbed wire fence he fell to the ground, and before assistance could reach him his clothing had ignited and his body was burned to a crisp. In Middleton 1000 acres of woodland were burned over. John Drey, one of the volunteer fighters, attempted to make his way through a section of burning brush to reach a telephone and had not been heard from at last accounts. It is supposed he perished in the flames.

In Canaan a steam mill set fire to a lot of brush and the fire swept over several hundred acres. All the available men were engaged in fighting the flames, and when it was found the village of Canaan Street was in danger, help was asked from Lebanon. A chemical engine was sent and a large force of men went by special train. The fire was under control shortly before midnight.

At North Conway the residences of C. H. Harriman and R. J. Chambers were burned, and a three story summer hotel. A dozen other towns report more or less damage by brush fires, but in nearly all cases these were under control by Friday night.

Agreement Reached on Car Stakes. Manchester—Ever since the law in relation to car stakes was passed at the last session the matter has been in a process of threshing out by the railroads, shippers of lumber and the public service commission. Last week at a meeting of the New Hampshire Lumbermen's association an agreement was reached with the railroads, and the agreement which was ratified is as follows:

"Rates to be published to apply on returned car stakes on a mileage basis of one-half of the current car load lumber rate, subject to a minimum charge of 2 cents per 100 pounds per stake, that being the fair average weight of stakes now in use, to be used in lieu of the actual weight in determining the freight charge. Lots of 100 stakes or more intended for return to the loading point, to be loaded and fastened onto the car by the shipper or consignee; lots less than 100 stakes to be delivered by the shipper or consignee at the freight house of the railroad for loading into the house or merchandise cars."

Taxation of Automobiles. Concord—It is understood that a bill which will take another crack at automobile owners will be introduced at the next session of the legislature. As is well known, it is the custom now for men who intend buying a new machine to sell the old one before the first of April and not receive the new car until after that date, thus avoiding having it taxed when it is the most valuable. The plan proposed is to have the towns license such cars, making the fee on the basis of what the assessed valuation would be, and providing that no license shall be issued by the state unless the application is accompanied by a certificate showing that the local license fee had been paid.

Held Up a Messenger Boy. Concord—Leonard Sharon, giving Tilton as his home, was in municipal court one day last week charged with holding up a Western Union messenger boy on May 8 and taking a watch from him. He was held for the grand jury. Officers had been looking for him for sometime, but it remained for a Massachusetts automobile driver to pick Sharon up at Laconia in order that he might act as a guide. While sitting in the auto in front of a local restaurant officers recognized him and his services as pilot terminated right there.

Drops Dead in Depot. Peterboro—Timothy Carter of West Concord dropped dead in the station here one day last week while waiting to take a train. He has been a sufferer from heart trouble, and was discharged from a Manchester hospital that morning. He came here to get work in a woolen mill. His age was about 65 years.

Railroad Wants An Injunction. Portsmouth—In 1905 Mrs. Mabel Treacartin was injured in a collision on the Portsmouth street railway. She settled the case out of court, receiving \$800. Last year she moved to reopen the case, claiming that the previous settlement was made through misrepresentation on the part of the road, and asks for \$10,000 damages and a trial by jury. A hearing was held before Judge Kivel on Saturday on a bill in equity brought by the Boston & Maine to enjoin her from further action against the road.

Nashua and Rochester Railroad, Had a Bad Week.

Fremont—This division of the Boston & Maine was tied up Friday by a bad wreck which occurred some three miles from this place. A freight train was derailed about midnight Thursday and a dozen loaded cars were piled up promiscuously. A part of them were loaded with grain and others with general merchandise. The loss in rolling stock and contents of the cars will be heavy. Both freight and passenger trains were sent through Manchester during the day Friday.

Wedding Ring Missing For 30 Years. Manchester—Thirty years ago Mrs. Oscar Bartlett of this city lost her wedding ring. She was deeply affected by its loss, but could get no trace of it. Last week while Dr. Harry Watson, her son-in-law, was working in the garden near the Bartlett residence he turned up a gold ring. He had heard his wife mention her mother's loss, and when the ring was shown her at once recognized it. The engraving and lettering are as perfect as the day it was lost.

Let Them Have It Out. Concord—A hurry call for the police was received Friday morning at the police station which indicated that a good sized riot was in progress. The police automobile at once rushed two officers to the locality where it was found that two women had engaged in a discussion which had become so heated that one of them had turned the garden hose on the other to cool her off. The officers decided that it was not necessary to interfere.

This Might Work Well in Other Places.

Amherst—The people of this town are pointing with pride to the work of pupils in one of the schools where the school house was in need of some repairs. The superintendent procured the necessary materials and the children, whose ages range from 9 to 12 years, have painted the building, shingled it and made many other repairs. People are surprised that the pupils could accomplish so much.

Man Found With Leg Cut Off. Exeter—The crew of the early paper train from Boston found John Griffin of Newmarket lying beside the track between here and Kingston Thursday morning with his right leg cut off just above the knee. He was taken to a hospital at Dover where he died. It is supposed that he was riding upon a freight train and fell off. He was about 50 years of age.

Noone Wins Here. Manchester—The superior court has been engaged in the trial of a fowling case, being a suit in equity brought by Robert S. Morrison against Albert W. Noone for alleged damage to the lands of the plaintiff due to fowling from the Contoocook river induced by a dam constructed by the defendant. The jury returned a verdict in favor of Mr. Noone.

Raymond Has Temple of Pythian Sisters.

Raymond—A temple of Pythian sisters was instituted here last Thursday evening to be known as Lamprey temple. It has 42 members. Visitors were present from several towns, and the ladies of Derry presented the new chief with a beautiful bouquet of pinks and ferns.

No Partiality Here. Portsmouth—Lemuel E. Wood and John Frank came to blows on Market street the other day over the question of a broken window. Each was arraigned in court on a charge of mutual assault, and each paid a fine of \$3 and costs of \$6.90 after which they probably felt better.

This Was Some Hawk. Springfield—G. A. Coburn, better known as "Dick" Coburn, shot a mammoth hawk one day last week which measured four feet and eight inches across the wings. The hawk was carrying away a chicken when a shot from Coburn's gun laid it low.

Wades To Her Death. Dover—Miss Demitroula Gricorakos committed suicide Saturday noon by wading into the lower Cochebec river. Her body was found at low tide lying in the mud. She worked in the Pacific mills Friday as usual, and no cause is assigned for the suicide.

Finds His Mother Dead. Salisbury—Oscar J. Johnson went to call on a neighbor Friday, and when he returned found his mother had died in his absence. She was 78 years old and had been suffering from a severe cold.

Hampton Academy Gets \$10,000. Hampton—Charles H. Lane of Seaside has sent his nephew a check for \$10,000 to be added to the funds of Hampton academy and high school. The income will be of material help.

Miceproof Furniture. A sure way to keep mice out of bureaus, chiffoniers, sideboards, etc., is to tack a piece of zinc under each article of furniture. The zinc should be made to fit closely. It is not necessary in the case of bureaus to put zinc under each drawer; one piece at the very bottom will suffice.

Becomes a Bore. The trouble with a man who has a gift of language is that he's always too liberal in dividing it around among his friends.

Mutual benefit insurance societies have been established in the public schools of Rome and other Italian cities. The underlying idea is that pupils shall pay small weekly sums to a general fund, from which certain amounts are paid out in case of sickness, accident or death. The system is said to be growing rapidly.
There is an unquestionable record of hearing the firing at Ypres at a distance of 140 miles and a somewhat doubtful one of 150 miles.

CAUSE OF THE DISTURBANCE

Police Judge in Louisiana Court is Informed Who Comely Yellow Girl With Black Eye Is.

Before the police judge in a small Louisiana city a young colored man was on trial for disturbing public worship. It was alleged that he invaded a colored church during services, used loud and violent language, chased the pastor out of the pulpit and hit a devout member of the congregation with his clenched fist.

Several of the outraged flock had given evidence against the accused, when a comely yellow girl, whose right eye was swollen black, wended her way forward and took the witness chair.

"Will someone tell me who this woman is?" asked the judge. "And what does she expect to testify?"

A colored lawyer, who had been especially retained to press the case, stood up impressively.

"What does she expect to testify?" he said. "Why, she expects to testify a whole heap. Your honah, dis lady is de principal disturber."—Saturday Evening Post.

He Knew Her.

Katharine—Well, when they eloped and her father pursued them in an automobile, it's a wonder he didn't catch them.

Kidder—He didn't want to catch them. It was only a bluff to make his daughter think she was going against him, so she would be sure to get married.

ON THE LIPS, TOO.

Carry—Jack Hugger is a great kisser.
Estelle—Hearsay?
Carry—No; I get it right from him.

He Knew Her.

Mr. Shortweight (a grocer)—I see you have a photograph of Mrs. Dunn in your showcase. It's very much like her.

The Photographer—Yes, and she hasn't paid me yet.
Mr. Shortweight—That's still more like her.

Coming.

Parker—Hey, there? What do you mean by coming down the chimney? Are you a burglar?

Stranger—Oh! no, sir. I am the pilot of the airship that is resting on your roof. I came down to see if you could spare us a little gasoline.

Good Guess.

Josh—That fellow is an actor.
Bosh—How do you know? Did you ever see him on the stage before?

Josh—No, but I can tell by his walk. He takes such short steps. You know how close together railroad ties are.

Sounded Familiar.

Josh—Yes, the old farmer was telling about the fight between his two game roosters.

Bosh—But why was old Red Nose so interested?

Josh—Why, because the farmer said when the fight was over there was nothing left but two cocktills.

Mean.

Lord de Busted—I—aw—aw—got an idea.

Miss Caustique—Impossible.
Lord de Busted—Fact. All my own ideas, too, you know.

Miss Caustique—Oh! that's different. You'll find that it's not really an idea after all.

His Sense of Ownership.

Mr. Swift—That's a stunning new fall hat Mrs. Tanks is wearing.

Mr. Smith—I'm glad you like it. You see, I feel a sense of ownership in it.

Mr. Swift—Eh! How's that?
Mr. Smith—Why, my wife lost \$18 at bridge at the Tanks' the other afternoon.

Just That.

"Yes, she is quite brave enough to go up in a balloon."

"But there is no danger in that."

"What! No danger in going up in a balloon?"

"No; all the danger lies in coming down."

Tangled.

"Brown is always getting things twisted."

"Well, I should say so; he told me the other day that whenever you see a white girl you are bound to see a red-headed horse."

No Mothers-in-Law.

Wilkins—Why do you think their marriage will turn out to be a happy one?
Blkins—Because their parents were so angry about it that they refuse to visit them.

Health for Sick Women

For Forty Years Lydia E. Pinkham's Vegetable Compound Has Been Woman's Most Reliable Medicine—Here is More Proof.

To women who are suffering from some form of woman's special ills, and have a constant fear of breaking down, the three following letters ought to bring hope:—

North Crandon, Wis.—"When I was 16 years old I got married and at 18 years I gave birth to twins and it left me with very poor health. I could not walk across the floor without having to sit down to rest and it was hard for me to keep about and do my work. I went to a doctor and he told me I had a displacement and ulcers, and would have to have an operation. This frightened me so much that I did not know what to do. Having heard of Lydia E. Pinkham's Vegetable Compound I thought I would give it a trial and it made me as well as ever. I cannot say enough in favor of the Pinkham remedies."—Mrs. MARY ASBACH, North Crandon, Wis.

Testimony from Oklahoma.

Lawton, Okla.—"When I began to take Lydia E. Pinkham's Vegetable Compound I seemed to be good for nothing. I tired easily and had headaches much of the time and was irregular. I took it again before my little child was born and it did me a wonderful amount of good at that time. I never fail to recommend Lydia E. Pinkham's Vegetable Compound to ailing women because it has done so much for me."—Mrs. A. L. McCASLAND, 509 Have St., Lawton, Okla.

From a Grateful Massachusetts Woman.

Roxbury, Mass.—"I was suffering from inflammation and was examined by a physician who found that my trouble was caused by a displacement. My symptoms were bearing down, pains, backache, and sluggish liver. I tried several kinds of medicine; then I was asked to try Lydia E. Pinkham's Vegetable Compound. It has cured me and I am pleased to be in my usual good health by using it and highly recommend it."—Mrs. B. M. Osgood, 1 Haynes Park, Roxbury, Mass.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

A pan of buttermilk and ground feed now and then will tone up the appetites of the fowls.

To do this, she must be fed a pregnant's full supply of bone, blood and muscle-making feeds, in order that the development of the unborn pigs will not weaken her by taking these materials from her own body.

The buttermaker usually wants cream testing around 35 or 40 per cent butterfat. In the winter, if cream is above 40 per cent, it is rather difficult to get the cream out of one can into another or into a vat. Cream testing about 35 per cent in the winter and 40 per cent in summer is right for butter-making.

For the Antrim Reporter. By George A. Cochran.

On the 3d inst., the Ladies Social Club met in the afternoon at the palatial home of Mr. and Mrs. E. G. Rokes, Bellevue farm.

This farm was first settled by John Campbell, who located there in 1779; at that time there was no road or house between that place and the Gov. Goodell farm. They were guided by marked trees. For several years the family lived in a log house east of the present house.

This was a business meeting, preparative to a gentlemen's night which it was voted to give on Saturday evening, the 13th, at Mountain View House with Mr. and Mrs. Hubley.

Mrs. Rokes is a pleasant, social and jolly entertainer. A social time was reported.

It was voted to hold the next meeting with Mrs. Abi Perry, on Wednesday at 2 p. m., the 24th.

On Saturday evening, the 13th, the Ladies' Social Club and gents assembled at the Mountain View house, where the ladies gave an entertainment—this being gentleman's night. The opening exercise was reading, the description of a Japanese wedding, by Mrs. Abi Perry. The room was decorated with Japanese lanterns, streamers, etc., which was well and tastefully arranged, and the Japanese wedding was well given, the actresses all being dressed in costume.

Next was the theatrical play, "In Want of a Servant;" several applicants appeared in answer to an advertisement. Mrs. Graves represented the Irish servant girl, as an applicant—"an sure its no place fer me, ye have no wine in the cellar," her talk was given with the rich Irish brogue. Mrs. White acted the part of the Dutch girl, which was spoken with the sweet Dutch accent. Then came the colored girl in quest of work, who was represented by Miss Mabel Petty, to perfection. "Lordy Massey, what a misses, I might just as well be poor white trash, you don't catch dis nigger in dis place."

Reading, Grandma's Attic Treasures, by Mrs. George A. Cochran, dressed in ye style of ye olden tyme.

Refreshments were served, consisting of sandwiches, richly frosted cakes of various kinds, coffee, cocoa and cigars. The evening was singing, conducted by Edson Tuttle in which all singers joined. It was certainly a most enjoyable, social and neighborly gathering. The gentlemen can truly say: "well done good and faithful servants." A vote of thanks was given Mr. and Mrs. Hubley for their kind and genial friendship. May their years be happy and many.
