DISTRICT MEETING

Of Contoocook Valley District, I. O. O. F.

The twentieth annual District Meeting of Contoocook Valley District, No. 12, I. O. O. F., was held in Peterboro, at town hall, on Saturday evening last, attended by about 850 Odd Fellows. There are five lodges in the district, including East Jaffrey, Peterboro, Antrim, Hillsboro and Henniker, and in addition Marlboro lodge were invited guests. There were also a number of other invited guests present, from the Grand Lodge of New Hampshire, and the Grand Master and Grand Marshal of the jurisdiction of Massachusetts.

Waverley Lodge, of Antrim, was represented by more than one hundred members, and everyone of them is telling what a wonderful time he had.

The special feature of the occasion was the conferring of the third degree by the degree staff of Champion Lodge, No. 554, of Schenectady, N. Y. Previous to the degree work these visitors rendered a musical and literary program of an hour and a half. Their orchestra and drum corps were fine, and together with readings, vocal solos and brief addresses, they gave a splendid entertainment. The street parade deserves special mention for it was doubtless the largest of the kind ever witnessed in town.

We could say a whole lot about the degree work of this team from a nearby state, but perhaps enough to say is that it was the best ever witnessed in this section, and there were features about it that no doubt were new to almost everyone present. This degree staff has given much attention to perfecting the work of the third degree and their efforts have surely been rewarded with marvelous success.

Peterboro Lodge proved a genial, courteous and very pleasing host, not only to the New York guests, and its specially invited guests, but to every Odd Fellow in the Contoocook Valley District. David E. Williams, D. D. G. M., William M. Thomas, N. G., and members of the several committees having this meeting in charge, are to be congratulated on the success of this occasion. It was probably the most successful district meeting ever held in this section of the state, and it is said to have been the best ever held within this jurisdiction.

Commission Approves of Telephone Company Sale

George W. Lincoln, of Hillsboro, who is operating a telephone utility in Hillsboro, Antrim, Deering, Bennington and Henniker under the name of the Contoocook Valley Telephone company, was authorized by the Public Service Commission last Friday to sell this telephone property to Philip C. Lockwood of Manchester.

The same transaction results also in the transfer of ownership of the Henniker Telephone Company to Mr. Lockwood. Both telephone properties will be under the management of Philip C. Lockwood and L. M. Barton of Concord, both of whom have had experience in the operation of telephone properties.

Work of District Nurse

A brief summary of the work done by the District Nurse will be of interest. Miss Littlefield commenced her work April 11. From that date to May 31 she made 124 visits as follows: Nursing, 40; Infant Welfare, 19; Prenatal, 1; Tuberculosis, 20; Schools, 12; Home visits to school children, 8; Friendly visits, 24.

In addition the Nurse has assisted Dr. Tibbets in medical inspection at the schools, and given a number of talks to the scholars. She has also weighed and measured the children up to the eighth grade.

A very important feature of Miss Littlefield's work is that with the classes for the study of Home Nursing and Hygiene. There are at present four classes, with an enrollment of 60 women. A fifth class will soon be under way.

Card of Thanks

The Woman's Relief Corps desire to extend their sincere thanks to everyone who so generously contributed flowers for their use on Memorial Day. The favor was greatly appreciated.

A FEW THOUGHTS

Suggested by What Is Happening Around

The man who is always cheerful is sometimes a bore, but the one who is always grouchy is always a bore.

When you get it into your head that the whole world has gone wrong, it merely means that you have gone wrong.

There is nothing marvelous about efficiency in spite of the advertising courses on the subject. Efficiency merely means getting your work done right and on time.

In April 12,974 aliens were granted final citizenship papers, it was announced at the Department of Labor. Final papers were asked for by 16,615 aliens, while 25,915 others declared their intention of becoming citizens.

It reads strange to see the statement that one hundred prominent physicians and surgeons protest against Federal restriction on alcoholic beverages for medicinal purposes, and to know that there are a whole lot of others of the same profession who say that the stuff has no place as a medicine.

Headmaster Lee T. Gray of the high school has started a crusade against girl students at Portsmouth High wearing "rolled stockings." Three members of the freshman class were sent to their homes and told not to come back to school sessions until wearing different hosiery. He followed this up with an order for the women teachers to examine the hosiery of the girls, to which no little objections were raised by some of the students.

Agitation is now in progress for two additional national holidays. This would mean a half billion dollar loss in production to the American people. An end will have to come sometime to shortening hours, increasing the number of holidays, extending vacations and decreasing production, says an exchange. No one pays the bill for slackening production but the American people. Kept up long enough it will mean a lowering of the standard of American living. In this regard we have learned lessons in recent years which ought not to be quickly forgotten.

Hurlin-Dyer

The marriage of Miss Alice Louise Dyer, daughter of the late Frank and Edith S. Dyer, of South Portland, Maine, to William Henry Hurlin took place on Saturday, June 4, at the home of Mr. and Mrs. Joseph C. O'Neil, at Windsor, Conn.

The ceremony was performed by Rev. L. Robert Sheffield, of the Episcopal Church, in the presence of relatives and intimate friends. Mrs. Joseph C. O'Neil, a sister of the bride, was matron of honor, and Ralph G. Hurlin, of New York City, brother of the groom, was best man.

Miss Dyer is a graduate of Farmington, Me. Normal School and student at Boston University, and belongs to an old Portland family, who have been identified with the ship building industry for several generations.

Mr. Hurlin is a graduate of Antrim High School, Colby Academy, and Brown University, class of 1916. Immediately after the declaration of war with Germany he entered the U. S. C. at Plattsburg, N. Y., was commissioned Second Lieutenant and sent to Camp Devens, where he served about 15 months until the close of the war.

Mr. and Mrs. Hurlin will reside at 21 Macon Ave., Haverhill, Mass.

Baccalaureate Sermon

The Baccalaureate sermon to the graduating class of the Antrim High School will be delivered by the Rev. J. D. Cameron next Sunday evening, in the Presbyterian church. The public is cordially invited.

Miss Maxine MacClarence and Miss Eleanor Lane are entertaining the measles.

Mr. and Mrs. Arthur Brooks, of Somerville, N. J., are guests of Mr. and Mrs. C. F. Downes.

Married, May 18, by Rev. C. E. Davis, Carlton H. Lamprey, of Belmont, and Mrs. Lona B. Drake, of Laconia.

Mr. and Mrs. Scott Emery and two daughters, Bernice and Dorothy, were guests last week of Mr. and Mrs. C. F. Downes.

Edmund Dearborn has been suffering considerably the past week with asthma and has been under the care of a trained nurse.

The Misses Lois and Margaret Clark, of Brockton, Mass., spent the Memorial holiday with their mother, Mrs. Mary A. Clark, on West street.

A daughter, Phyllis Mae, was born on Wednesday, June 1, at St. Joseph's Hospital, in Nashua, to Mr. and Mrs. Ralph A. Tuttle, of Wilton. Mrs. Tuttle was formerly Miss Rachel Hills of this town.

James I. Patterson was drawn at a special jury drawing on Saturday, by Town Clerk Raleigh, in the presence of the Selectmen, to report for petit jury duty in Manchester Superior Court on Monday, the 6th.

Charles L. Eaton of this place narrowly escaped what might have been a serious accident last Sunday afternoon. He was driving his Ford home from Milford, and in Greenfield a wheel came off. He was driving slowly and therefore escaped injury to himself and other occupants of the car.

Mr. and Mrs. H. W. Johnson, Arthur B. Howard, H. W. Eldredge and C. D. Eldredge went to Woodstock, Vt., on Thursday last to attend the 54th annual conference of David L. Howe Segment of Knights of Birmingham, returning on Friday. The gentlemen of the party have membership in this organization, which is composed of third degree Masons.

Waverley Lodge of Odd Fellows of this place has just purchased, and the same has been set up in their hall, a new Emerson player piano to replace the piano of common make that they have had in use for a number of years. The one difficulty in lodge work in this place has been that very few men can play a piano for degree work. The purchase of this player piano is expected to obliterate this trouble.

Dr. G. R. Salisbury, dentist, of Manchester, has opened up dental parlors in Jameson block and will be at this place Monday and Tuesday of each week. Dr. Salisbury has practiced twelve years in New Hampshire, is a member of the Manchester Dental Society, a member of the N. H. State Dental Society and the National Dental Society; was a former visiting staff member of Forsyth Dental Infirmary for Children, of Boston. Read his card in another column.

The Antrim members of Harmony Lodge of Masons, of Hillsboro, and also those affiliated with the Eastern Star have received invitations to the 100th anniversary observance of this lodge at Child's Opera House, in that town, on Monday evening, June 13, 1921. Masons and Eastern Star members of other lodges have also received invitations. Program begins at 7.45; reception to Grand Officers and Harmony Lodge officers from 10 to 10.30; dancing from 10.30 to 11 o'clock, with music by Wainwright orchestra. The Schubert Quartette of Boston will entertain. Buffet lunch will be served.

Charles Millett, of Pittsfield, Mass., was at Charles Richardson's for the week end. He returned to his home Monday, accompanied by his son, who has been stopping with his grandmother, Mrs. Richardson.

The meeting of the W. C. T. U. will be held at the home of Mrs. Ida B. Robb June 14, at 8 p. m. This month is Flower Mission with gifts of flowers, fruit, cake or money.

There was a good attendance at the meeting of the W. R. C. last evening. Three candidates were initiated. The program was arranged by the Patriotic Instructor, in honor of Flag Day. An invitation was accepted to visit Hillsboro W. R. C. Friday evening of this week, when a reception will be given by the Corps of that place, to the department officers. At the close of the meeting cake and punch were served.

Auction Sale

By W. E. Cram, Auctioneer, Antrim

E. W. Farnum, going out of the farming business owing to having taken the mail contract for four years, will sell at his residence in Frances-town village, on Wednesday, June 15, at 1.30 o'clock in the afternoon, twelve head of cattle. This is a good lot of cows, giving a good flow of milk, and will be positively sold to the highest bidder. For other particulars read auction bills.

Dana A. Powers, having sold his farm, will sell at his residence in Hillsboro Center Village, on Saturday, June 18, at 12.30 o'clock in the afternoon, a lot of farming tools and household furniture. For other particulars read auction bills.

HILLSBORO

Miss Marion Gibson was at home from Newport the first of the week.

D. E. Gordon held a recital and informal dance in G. A. R. hall last Wednesday evening, which was very well attended.

The Dutton farm on the Center road was the scene of a pleasant gathering last Wednesday afternoon when Rev. and Mrs. Wellwood received the guests. Refreshments were served in the dining-room. Mrs. E. D. Towle and Mrs. Ruthven Childs presided. Mrs. B. D. Peaslee, Mrs. Walter Gay, Miss Ethel Towle and Miss Mollie Parker served. The guests were also invited to the loggia, where music was enjoyed, and food punch served by Miss Mary Pierce.

OF EVERY RACE AND TONGUE

All Peoples of the Earth Represented in the Millions Seeking Homes in This Country.

Armies equal in size to the one we sent to France land every two years on our shores, and at the present time millions are said to be waiting to enter. Since 1900 more than thirteen million immigrants have entered this country, and approximately one-third of our present population of more than one hundred millions are immigrants or the children of immigrants. Two-thirds of the population of New York state and three-fourths of that of our great cities are foreign born or the children of foreign-born parents. From a fourth to a half of the population of the large cities of the South are negroes. Already we are the most heterogeneous people on earth; here are found representatives of every race and tongue and culture in the world, and still they continue to come in enormous numbers. It is doubtful whether any other migration in the history of mankind compares in magnitude with that which has been converging on America during the past twenty years. The sources and magnitude of this migration are indicated by the following general summary: Of more than thirty million persons in this country who are foreign born or the children of foreign-born parents there are from eight to nine million Germans, four to five million Irish, about three millions from Great Britain, about three million Slavs, from two to three million Scandinavians, more than two million Italians, and about two million Hebrews, while all other races and nations constitute about five millions.—Edwin Grant Conklin, in Scribner.

NEW PARISIAN DANCE STEPS

Pleasure Seekers of the French Capital Practice Futurist Movements With Warlike Names.

Paris has something new in dancing. She is introducing no fewer than three futurist dances; the machine gun, the shrapnel and the airman's dance.

A poet of futurist tendencies is the culprit. Being conservative enough to love the waltz and confounding unashamed to many happy moments during the lancers, we trust that remorse will be his lot.

So far we have only read a brief description of one of these measures, the airman's dance, and that simply tells us that the dancers imitate the motions of a monoplane starting on a flight and soaring away.

The shrapnel dance should be easy enough, for it is only necessary to turn up at any dancing hall and see people who remind one instinctively of a creeping barrage. There are also plenty of duos to heighten the effect.

What to make of the machine gun dance, however, puzzles us, for although there are men and even women, who can talk as fast as a machine gun firing, we have never seen a dance that was anything like the real thing.

London Tired of Jazz.

The "jazz" is dead in London, says P. J. S. Richardson, one of the foremost English authorities on dancing. He declares that no new dances will be popularized this year, but the fox-trot, one-step and tango, which have held international interest for two or three seasons, will be standardized. "Previously those taught the same dances by different teachers found themselves hopelessly at sea when they tried to dance together," he said. "Through standardization on which the majority of dancing instructors in London have now agreed, a common framework in the steps will be insured without eliminating all chance of introducing individual variations. Freakish and eccentric 'light gymnastics' such as exaggerated forms of 'jazz' are rapidly passing out."

Making Them Learn History. Enactment by the state legislature of Indiana of a law to make the teaching of American history compulsory in every public and private school of the state is urged by the national Americanization committee of the American Legion. The bill provides also for the compulsory teaching of civil government in the high schools and colleges of the state.

Liberty Farm Stock

Townpeople and farmers will be interested to learn that Liberty Farm has raised and developed a very fine pure bred Holstein heifer, the first one to freshen on the farm since they came to town. She has been fresh 18 days and is now milking 23 qts. per day. It is necessary to milk her three times a day; she has not been forced any as yet. Her dam, also owned at Liberty Farm, has made 581 lbs. of milk in 7 days, testing 4.6 percent butter fat, which is about 26.7 lbs. actual butter in 7 days. This record was made on farmer's feed. There are two more daughters of this cow in their barn, one due to freshen as a junior 2 year old, and the other a yearling. There is another large pure bred which has three official tests, making 578 lbs. of milk and 19.33 lbs. butter fat, or about 23 lbs. actual butter in 7 days. One sees a very fine young pure bred Holstein bull, which they have purchased for use on their own herd, and for service only to approved registered Holsteins at \$25.00. He is a grandson of King Segie, one of the greatest bulls of the breed; his sire was a first prize winner wherever shown, and his grand sire on his sire's side sold for \$12,100. at 4 months old. This little chap looks the part; he shows his breeding in every line. He was bred by Gardiner Hall, Jr. Co., South Wellington, Conn., who have one of the largest Federal tested herds in the East. Since purchasing him his cousin has broken the world's record, making 37,381 lbs. of milk and 1445 lbs. of butter in 365 days. His great grand sire has more 30 lb. daughters than any other living bull (this meaning 30 lbs. of butter in 7 days.) The dam of this bull was purchased by E. F. Tenney at the Brattleboro pure bred Holstein sale last October, and was carrying this calf at time of sale. Their motto is "Fewer and Better Holsteins." They make and sell butter, most of which is sold in Massachusetts.

French Catholics to Have College

The fourth congress of the French Catholic Federation of New England was convened in Jutra Post Hall in West Manchester at which measures were begun having for their object the establishment of a new college, to be located in Woonsocket, R. I., and to be known as Mont St. Charles.

The congress represents a membership of more than 100,000.

Granite State Plans For Old Home Week

Henry H. Metcalf of Concord was re-elected president of the New Hampshire Old Home Week Association at its annual meeting in Concord. Gov. Brown was elected vice-president. Andrew L. Felker of Meriden secretary and J. Wesley Plummer of Concord treasurer. Old home week begins Saturday, Aug. 22.

Long Canoe Voyage Ends Successfully

Despite the loss of a canoe at Portland rapids, thirteen Dartmouth canoeists beached safely at Saybrook Point, Conn., the final point of the 175-mile trip from Hanover to the sea. The men who were successful in making the five day journey will have their names engraved on the Ledyard Cup, the gift of Rev. John J. Johnson, '66, of Philadelphia.

Midgets to Wed in Manchester

John A. Bourassa, the smallest man in Nashua, late of the Dowd cigar factory, now employed at the Sullivan plant in Manchester, long a resident of Nashua, and Alice M. Lang, said to be the smallest woman in the state, are to be married at Manchester Monday, June 20. It is claimed it will be the marriage of the smallest couple married in New Hampshire, so far as known.

Gets Retrial on Suit in \$20,000

Edward A. Elliott of Rumney, N. H. who recently lost a suit to recover \$20,000 from Henry L. Russell of Holyoke, for the loss of his sense of smell and taste as a result, he alleged, of the breaking of an emery wheel, was granted a new trial by Federal Judge Morton in Boston. The wheel was purchased from the J. Russell company, of which Henry L. Russell is proprietor.

Franklin Man May Get Chilean Post

Prof. Charles E. Chapman, a Franklin young man who holds the history professorship at the University of California, is being prominently mentioned for appointment as United States Ambassador to Chile.

Professor Chapman has spent considerable time in South American countries and recently returned after a year's stay as exchange professor at the University of Chile.

Big Forest Fire at Goffstown

Many acres of woodland were destroyed and the incline railway up Uncanoon Mountain, as well as several of the 40 cottages on the mountain, threatened by a forest fire, which burned over wooded territory at the mountain base.

Much valuable timber was destroyed and the pumping station, which supplies the mountain cottages with water, was saved only after a hard fight by incline railway employees.

Harlakenden's Escape in Fire Proves Narrow

Harlakenden, the magnificent residence of Winston Churchill, the novelist, and the summer residence of President Woodrow Wilson a few years ago, at Cornish, was barely saved from being burned as it was directly in the path of a 150 acre forest fire. The heroic work of the farmers of Plainfield, Cornish and a force of firemen, under the charge of Assistant J. Sheridan, was what saved the property and County Fire Warden P. erty from being in ruins.

Indicate Historic Events

The New Hampshire society has had placed in Concord two signs of substantial construction to indicate historic events which have occurred in the state. These memorials are in the care of the Historical society and one of them is on Sugar Ball Bluff on the Plains and reads—"Memorial Park. First Religious Service, May 15, 1725." (New Hampshire Historical Society.)

The other is erected on the lot on the Milville road to St. Paul's school, near where there was a massacre by Indians, in ambush of several Concord men, marked—"Massacre by Indians, August 11, 1746. Bradley Monument. (N. H. Historical Society.)"

Long Hike For Concord Scouts

The two Boy Scout troops who are to travel to Washington, D. C., this month in a Concord truck, are busy making arrangements for the unique trip and have written a long letter to Sen. Moses to arrange for a visit to President Harding. The boys are earning money to defray expenses and it is estimated that each of the youngsters will require about \$15 for meals. Five days will be taken for traveling, each way and stop-overs will be made in New York and Philadelphia.

Polling Farm Bureau Members

The Executive Committee of the American Farm Bureau Federation with representatives from the various State Federations, met in conference at Washington, D. C., April 11th to 23rd for the purpose of preparing a national legislative policy for the Federation covering questions of finance, taxation, transportation, and miscellaneous subjects. A poll of the Farm Bureau membership of the entire country is now being taken on the following sixteen questions of national policy included in the conference report.

Finance.

1. Do you favor commodity financing based on bonded warehouse receipts?
2. Do you favor live stock financing based on an adequate pledge of animals and feed?
3. Do you favor the development of a personal rural credits system based on proper safeguards?
4. Do you request that authority be granted the Federal Reserve Board to so classify rediscounts as to give priority loans for basic productions of all kinds?
5. Do you favor increasing the limit on Federal Land Bank mortgage loans from \$10,000 to \$25,000?

Taxation.

6. Do you favor asking Congress to submit to the states a constitutional amendment prohibiting the issuance of all tax-free securities?
7. Are you in favor of continuing the Excess Profits Tax?
8. Are you opposed to the enactment of a General Sales Tax?

Transportation

9. Will you be able to move a materially larger amount of agricultural products if the American Farm Bureau Federation secures an adequate reduction in freight rates?
10. Do you favor the building of farm-to-market roads prior to the construction of trans-continental highways?
11. Do you favor the Great Lakes-St. Lawrence waterway?
12. Do you favor other waterway development for transportation, reclamation and power at this time?

Miscellaneous.

13. Do you favor placing the packers under regulation by the Government, and the vesting of such regulation in the Department of Agriculture?
14. Do you favor legislation making illegal the practice of short-selling in agricultural products?
15. Do you favor the truth-in-fabric legislation?
16. Do you favor enabling legislation for co-operative marketing?

The N. H. State Federation is busily engaged with the several county Farm Bureaus in getting a poll of the Farm Bureau membership of the State on the above questions.

Campers Should Pay All Damage

State Forester J. H. Foster of Concord addressed the forest fire wardens of the town, and also the selectmen at the probate court room Keene. He spoke to a large number on the various ways of preventing fires, and the penalties.

Mr. Foster referred to the matter of issuing permits to camping parties, saying that they had no more right to start fires for cooking purposes than the man burning brush. However, he was of the opinion, if they used proper care that they had a moral right. In relation to the man who starts a fire, which gets away, and does damage, he suggested that he be made to pay the damages instead of being prosecuted, and ordered to pay a fine, for the matter of payment went farther than a fine did.

Sure Shot Is James Laughy

James Laughy, a Sanborn farm, who makes sheep-raising a specialty, derides the oft-heard exclamation that one cannot raise sheep successfully in this part of the country with so many dogs running at large. He has a fine flock of 400, keeps a gun and a shovel conveniently hunting dog invasions. Four times this year he has shot dogs. He has not taken the trouble to look up the ownership of the ill-fated canines but makes use of the shovel "for," he says, "after the brutes are under three feet of pasture land, all further worry from them in the sheep pasture is removed."

Drew First Bead On Britishers

That the man who fired the first shot in the battle of Lexington lies buried within the borders of New Hampshire is a fact known to few New Hampshire people. This unique distinction belongs to Ebenezer Lock, minute-man and soldier of the Revolutionary War.

Mrs. Fred H. Kimball,
29 East 4th St., Mt. Vernon, N. Y.

Dear Mrs. Kimball:

We have just received from Constantinople a cablegram notifying us that Miss Kimball has left Constantinople to return to the Caucasus and again assist in the work in that particular field.

Miss Kimball has performed a very fine service in the past months and the Committee especially appreciate the work she has done and feel very proud indeed to have her as a member of our personnel. It is especially gratifying to us to learn of her return to this field. It is at present in great need of just such workers as she has proved herself to be. We congratulate you on having for your own one who is doing such a service for suffering humanity.

Sincerely yours,

Nearly Four Hours' Struggle And

Rope Contest Is Draw.

After struggling for nearly three hours and fifty minutes the seniors and juniors of Portsmouth High school in the rope pull substituted for the annual flag rush were obliged to call the contest a draw.

Superintendent of Schools W. H. Slayton cut the rope as the only means of ending the bitterly fought contest. The juniors had secured an advantage of about 20 feet, but were unable to pull anybody through the water.

PLEASURE OF GIVING

"KIMBACK, the banker, is acquiring quite a reputation as a philanthropist," observed the druggist. "He's always giving to somebody or something, and I notice that the sickening details always get into print. He believes in keeping his left hand posted as to what his right hand is doing, and nobody ever will see him concealing any of his lights under a bushel."
