Hand in Hand Rebekahs

At the last regular meeting of Hand in Hand Rebekah Lodge, No. 29, I. O. O. F., it was voted to present every living Past Grand with a Past Grand's jewel, and also that every new made Past Grand be hereafter given the same kind of jewel. A committee was appointed to attend to this matter. It is thought by the committee and the members that when the presentation of these jewels is made a special observance of the occasion be arranged for and a general good time be enjoyed. This seems to strike a responsive chord, and the thirty-sixth anniversary of the institution of Hand in Hand Lodge occurring on February 1 would be a splendid time to have it. Later developments of the plan will be given as they are made.

At the next regular meeting of the Rebekah Lodge, the annual election of officers will be held; a musical and farce will comprise the entertainment.

Notice

Cram's Store will be open Thursday and Friday evenings of this week. It will also be open Monday, Christmas morning, from 7.30 to 9.30 o'clock.

All families of the several churches are cordially invited to participate in these Christmas exercises.

Unveiling of Bronze Tablet

At the morning service next Sunday in the Presbyterian church a bronze tablet will be unveiled. This tablet is erected by the Unity Guild and in honor of the men from the church who served in the World War. A special sermon will be delivered by the pastor on the subject "America's Hour."

Fatal Accident

Mr. and Mrs. W. H. Toward and Mrs. Harry R. McDowell received word on Friday of the sudden death of Mr. McDowell in Worcester, Mass., where he was employed as section hand on the New Haven railroad. They left at once for Mrs. McDowell's home in Worcester. While clearing switches of ice, Mr. McDowell was run over by a freight car and almost instantly killed. The McDowell family resided for a number of years in Antrim and are known by many of our people. Mrs. McDowell is the daughter of Mrs. W. H. Toward of West St., with whom she was visiting. Deceased was 53 years of age and with his family has resided in Worcester for ten years. His sudden removal is a great loss to the family; the widow having been entirely helpless on one side for the past eighteen years. He also leaves a son, George E., and a daughter, Mildred.

Near East Relief

A few persons have responded to our appeal for cast off clothing, and if others have any garments that would be of service to these needy people, will they leave same this week at the Methodist parsonage.

A FEW THOUGHTS Suggested by What Is Happening Around

The alleged statement of Victor J. Miller, president of the police commissioners of St. Louis, Mo., that 70 percent of the present day criminals are ex-service men, has caused the American Legion of St. Louis to request his dismissal from office.

Today, the 21st, we are enjoying our shortest day; tomorrow the almanac says "increase," but not till next Tuesday is the length of day increased one minute. Winter begins tomorrow officially, but some think the old boy has been with us for the greater part of the past month.

Religious factions in American Legion posts have been severely condemned by Hanford MacNider, Iowa, national commander of the organization. Speaking at Portland, Ore., Mr. MacNider declared that religion "is between a man and his God," and that the person who would bring religious difference into Legion activities "is not worthy of membership." "This country was founded because of religious intolerance in others," the Legion leader said. "The Protestant, Catholic or Jew who endeavors to force religious issues should be effectively squelched."

A town's-man writes: Here's an entertaining bit of meanness, done on a line with that of the man who would burn down his neighbor's house to boil himself an egg. I banded my trees as usual against mice-gnawing. Today I found the strings removed from two fine trees worth about \$15. In one case the paper was found nearby and in the other the paper was still around the tree but unsecured. I was greatly puzzled at the seeming wantonness of the act, for examination showed that it was no work of the wind or rain, until I found that no strings were on the ground. Somebody had needed a bit of string and took this way to get it!

A very interesting demonstration of what milk alone can do in correcting mal-nutrition is being carried on by the farm bureau in cooperation with the Manchester Board of Health. Two classes have been arranged for in Manchester with six children in each class, and each child receives a quart of milk a day in addition to its regular food. The children were all weighed and measured at the beginning of the demonstration and weights and measurements are taken each week. During the first week the children made an average gain of one pound each. The demonstration is to be carried on until the children are up to normal weight.

Play by Woman's Club

"Sally Lunn" was presented at town hall on Friday evening last, under the auspices of the Antrim Woman's Club to a large audience, who were most interested to see the play as put on by a local cast, for everyone knew it would be a good thing as the right people were taking part. It proved all that could be expected and every member of the cast was a complete success, with not a single exception. The members of the cast follow:

John Randolph, Jr.—Mrs. Maude Robinson
Leo Randolph—Mrs. Vera Butterfield
Morton Glynn—Mrs. Jennie Proctor
Mrs. John Randolph (Sally Lunn)—Mrs. Ethyl MacClarence
Marjorie Randolph—Mrs. Anna Tibbetts
Mrs. Penelope Winslow—Mrs. Cora Hunt
Vivian Winslow—Mrs. Mattie Proctor

As is the usual custom, the parts were assigned to the persons who would take them best and this was the secret of its success. All present were exceedingly pleased with the acting and many said they enjoyed it more than they would a professional play.

Without selecting any one of the stars to mention the fine points in their acting, it is enough to say that they all did admirably and presented

100% AMERICAN Local Legion's Appeal to Ex-Service Men

Mr. Ex-Service Man, are you a Member of the American Legion? If not, why not? An organization that stands for 100% pure Americanism, and other things that the Legion does, surely needs the support and advice of every person who saw service in the late war.

By becoming a new member or by holding your membership in the Legion, you continue in civil life the service you began in war-time. Pay up, sign up, and be up in the front rank of 100% pure Americans.

Auto Registration Lists to be Published

Announcement is made in Concord that the publication of the automobile registrations for 1922 in New Hampshire will be continued by the N. H. Auto List Company of Concord. Under the new motor vehicle law no provision for the publication of the list of registrations is made and therefore will be discontinued by the state, the undertaking to be carried on by the Concord publishing concern and the lists distributed at a nominal fee. Under present plans the first edition of the automobile registration list will make its appearance on or about March 1, with subsequent issues during the year. Inquiries as to subscriptions and advertising should be addressed to the N. H. Auto List Company, Concord, N. H.

the respective parts to perfection.

Music was furnished by Leon Hill, flute; Frank Rumrill, violin; Mrs. C. H. Muzzey, piano; Samuel Downing sang a number of selections. This part of the program was also greatly enjoyed.

A good sum was added to the treasury of the Woman's Club as a result of this pleasing performance.

CHANGES IN LAW Instructions From the Internal Revenue Office

The following statement is issued by the Collector of Internal Revenue, District of New Hampshire:

"Enactment of new revenue legislation has brought to the offices of Collectors of Internal Revenue a flood of inquiries regarding various provisions. The Revenue Act of 1921 became effective November 23, 1921, unless otherwise provided for."

"The exemption allowed for a dependent is increased from \$200 to \$400. Married persons living with husband or wife and heads of families are allowed a personal exemption of \$2,500 (instead of \$2,000) unless the net income is in excess of \$5,000, in which case the personal exemption is only \$2,000.

"Many persons are under the impression that the taxes on ice cream, soft drinks, etc., monthly returns of which are required, have been repealed with the enactment of the new act. These taxes remain in force until the end of the calendar year 1921.

"No change is made in the tax on admissions, except that after January, 1922, there will be no tax where admission is 10 cents or less. Effective January 1, 1922, the following taxes are also abolished: on musical instruments, sporting goods, chewing gum, portable electric fans, thermos bottles, fur articles, pleasure boats and pleasure canoes, (unless sold for more than \$100), toilet articles, medicines and numerous articles of apparel.

"On and after January 1, 1922 the tax on various works of art is reduced from 10 to 5 percent, the tax on candy from 5 to 3 percent, and the tax on carpets, rugs, trunks, valises, purses, fans, etc., from 10 percent of sales price in excess of specified amounts to 5 percent of sales price in excess of specified amounts.

"The tax on parcel post packages is eliminated, effective January 1, 1922."

Bill Smith owned a house of wood, and wished to sell it if he could, but no matter how he'd try, he couldn't find a man to buy. After many months had past, and hopes of sales were going fast, a neighbor met him on the walk and stopped to have a little talk.

"I see your house is still unsold, no doubt because it looks so old. If you will spend a little cash and paint the house from roof to sash, you'll find it looks so very well that it will not be hard to sell."

So Bill he took this good advice, and after painting raised the price, and ere a week had taken flight the house was sold to Bill's delight.

Exeter Police Order Stores Closed Sunday

Exeter's fruit, confectionery and ice cream stores, which have been open Sundays, will remain closed during the Sabbath afternoons commencing Sunday, Dec. 18, in accordance with orders issued by Chief of Police E. A. Bunker.

Trick Mustache Leads to Arrest
If William Martin who claims Barre Vt., as his home had shaved off that Charles Chaplin mustache he might still be free as this was what led to his identification by the Franklin police as the man whom the Grafton county authorities were after on a charge of breaking and entering.

Dartmouth Plans Real Winter Fete
Dartmouth is planning substantial changes in its annual winter carnival celebration. Instead of the customary indoor social events monopolizing attention, as in past years, an innovation will be introduced in the form of a fancy dress ball, and a big outdoor event instead of the customary musical club's production.

Wilton Farmer is Killed By Fall
Augustus A. Melendy, a successful Wilton farmer and widely known for his fruit products, was instantly killed by a fall from a high beam in his barn. He was handling baled hay with a hook when the latter slipped and he lost his balance and pitched through a scuttie 80 feet to the floor. He was 55 years old.

Held For Death of Fellow Employee
"I wish to God it was my head that hit the floor. I never dreamed to hurt him so. I was only mad, and just struck him." Thus Alphonse Lescord stated his position at the Nashua police station when, after the death of Bartholomew Conley at St. Joseph's hospital, Lescord was re-arrested and arraigned in municipal court on a charge of manslaughter.

Dogs Stray, Also Sheep
Claremont is facing a complicated law suit, the result of a dog owned by Claremont parties killing some sheep in the town of Washington, which were owned by parties in Stoddard. The suit is for \$40 and was brought by Sumner Ball of Washington.

The case is a peculiar one and the circumstances surrounding it are somewhat uncertain. Just where the blame rests is the question being asked by the town officials. The dog strayed from Claremont where it was licensed, the sheep strayed from their pasture in Stoddard to Washington. The dog did not belong in Washington, neither did the sheep.

Says World is Going to 'Dogs'
Gov. Albert O. Brown and Mayor Henry E. Chamberlain of Concord were the principal speakers at an evening session of the New Hampshire State Grange. Gov. Brown told of the cordial relations between the state and the agricultural interests and the co-operation of the various departments, such as the agricultural and forestry, with the farmers in the state.

The principal interest in the afternoon session was the address of State Master Rogers, who declared the world is going to the "dogs" and urged the Grange to start a campaign to eradicate some of the things which are becoming popular.

Cigarette smoking, short skirts

roller-down stockings, open gambling at agricultural fairs and moving pictures that have a tendency to increase crime and immorality were some of the things that were arraigned by Rogers. The styles of today, Mr. Rogers said, are little better than those of the African savage. He declared the parents of the young girls are largely to blame.

Dartmouth Will Leave Gam Outside

In answer to a recent agitator among the Dartmouth undergraduates to place indoors the French "75" which was presented to the college by the French Government last year by M. Maurice Cavenave, Hasley V. Edgerton, acting business director of the college and treasurer, has issued a statement in which he says that it was the request of M. Casenave that the field pieces remain out of doors.

Retail Merchants Form Association
Retail merchants numbering 109, and representing all types of business, have signed the charter of a new Manchester association, which has closed its list.

Religious Education Sessions July 17 to 24

Announcement is made by Mrs. Nellie T. Hendrick of Nashua, dean of the Northern New England School of Religious Education, that the date of the school session next summer will be July 17 to 24. The sessions of the school are held annually during July at the New Hampshire State College, Durham.

Moses Favors Pacific Treaty
Senator Moses is unquestionably in favor of the proposed four-power treaty in so far as he had the opportunity to study it and states with positiveness that he does not stand with Borah and Reed and it is an alliance along the same lines as the League of Nations. In reply to questions of the Northern New England School of Religious Education, that the date of the school session next summer will be July 17 to 24. The sessions of the school are held annually during July at the New Hampshire State College, Durham.

Birth of a Star
The vast black mass, 20,000,000 times larger than the sun, demonstrated to exist in the heavens by the Dutch scientist, Dr. Pannekoek, seems to upset all earlier astronomical calculations.

It is, comparatively speaking, so near us that Doctor Pannekoek suggests that the sun itself must move round it once in 2,000,000 years—drawing the earth with it.

Indicts Eight for Violating Drug Law
Eight indictments for violation of the drug law, one for concealing assets while bankrupt, one lottery case and one for defrauding the government were among the 76 indictments returned by the federal grand jury in the United States District Court, Concord. There were four indictments against Dr. E. D. Robbins of Nashua for violation of the drug law, charging him with writing prescriptions.

Will Not Handle Farm Products For Ten Months
James C. Farmer, general manager of the New Hampshire Co-operative Marketing association, announces that, owing to the fact that the farmers of the state have not a sufficient volume of products to market through the association this winter, it has been decided by the directors, as a good business policy, to give up for the next few months, the handling of miscellaneous farm products at the association's store, 1 Railroad Sq., Concord.

The activities of the association after Dec. 1 will include the marketing of potatoes, hay, apples and other seasonable hay, apples in carload.

lots, marketing of the association's brand of "just laid" eggs; the completion of the manufacturing and marketing of the 50,000 pounds of wool, pooled for the farmers of the state last June, a large part of which has already been manufactured into blankets, suiting and auto robes that are daily being sold in every section of the country.

Road Hog Statute Effective in 1922

A campaign to do away with the blocking of state highways by motor trucks, either loaded or empty, that persists in ignoring warning signals from drivers in their rear and cling to the center of the road for miles, moving at a five or six mile an hour gait, will be inaugurated with the New Year, says Olin H. Chase, state commissioner of motor vehicles.

Complaints from all parts of the state have been received at the Concord office. Mr. Chase states, that that it lies within their power to monopolize the state highways, have deliberately driven in the center of the road for miles at a small pace, while touring cars and smaller trucks have been forced to crawl along in the rear.

Up to 1922, Mr. Chase states, there has been no motor vehicle law covering this situation. There is, however, a general law that states no one shall have the right to block the highway, etc. A few prosecutions of exceptional cases have been made on the strength of this law, he says. At the last legislature, however, a law was passed to become effective with the New Year that deals specifically with cases of this sort.

Seize Whiskey Sent From Portugal

After it had passed unchallenged through an untold number of customs officers and postoffice inspectors and had reached its destination in Manchester, a package from Portugal, containing 10 quarts of excellent whiskey was seized by the police. The liquor was a Christmas gift from relations in the old country.

Judge C. A. Perkins fined Silver \$25 and costs for illegal possession.

Birth of a Star

The vast black mass, 20,000,000 times larger than the sun, demonstrated to exist in the heavens by the Dutch scientist, Dr. Pannekoek, seems to upset all earlier astronomical calculations.

It is, comparatively speaking, so near us that Doctor Pannekoek suggests that the sun itself must move round it once in 2,000,000 years—drawing the earth with it.

In Conversation
To guard against repeating a story to the same person is a point worth noting. The inclination to interrupt or correct others for inaccuracies must be controlled. Not only must we try to say the right thing in the right place, but leave unsaid the wrong thing at the tempting moment.

Honey Bee is Prolific
The honey bee has been so prolific in Australia that it would be possible to gather honey in tons if it were profitable.

"Why did they do that do you suppose?"

"Who was the smooth talker?"
"A promoter."
"I dare say he wanted to make you rich in six months?"
"No. He was very conservative. He said he thought it would take at least a year."

Dogs Trained to Smuggle
The Franco-Belgian frontier has long been a happy hunting ground of the smuggler, both amateur and professional. In the customs museum at Lille is a collection of exhibits which give a vivid idea of the tricks employed by smugglers.

There are chairs, brushes, pitchforks, masons' hods, widows' mourning bonnets, wheelbarrows, saws and boots, all hollowed out for stowing away tobacco. There are stacks of government papers concealed in a zinc tobacco receptacle, hollow roulette wheels in which coffee was smuggled, and workmen's drinking cans with only a few inches of liquor in a little vessel beneath the cork, the rest of the can being intended for tobacco.

There are numerous examples of spiked armor, spiked collars and harness furnished with a number of sharp spears, worn by the dogs trained to dash across from Belgium at night, and thus protected against the customs dogs trained to chase them.
