BAPTIST CHURCH SUPPER AND PROGRAM

On Tuesday evening at 6:30 o'clock in the Baptist Church vestry a supper was served to the church members and its Parish by the Ladies' Circle. The committee in charge was Mrs. Lucy Johnson, Mrs. Myrna Young and Mrs. Edna Humphrey. They were assisted by other members.

The pastor of the church, Rev. Donald F. Perron, gave a highly entertaining talk on "Life in the Philippines", illustrated with slides. Mrs. Perron described in detail the three native costumes worn by Miss Natalie Hollis, Beatrice Wallace, and Jacqueline Miner and also a boy's costume modeled by Duane Perron. After this most interesting talk on the customs, diet and characteristics of the Philippines, many articles such as bolo's, spears, pipes, cloth of pineapple and banana fibres and utensils were on display.

During the supper, attended by over one hundred people, the chairman of the March of Dimes, Mr. Guy Hollis, spoke briefly and a collection was taken for this worthy cause. Mr. Kenneth Jewett, leader of the popular Community Chorus, sang beautifully three fine vocal solos accompanied by Mrs. Gladys Lowell, who also played organ music prior to the program.

"FAREWELL PARTY" Given By MISS JANE PRATT

Miss Jane Pratt, the leader of the "Brownies", gave a farewell party for a group of girls now too old for the Brownies, but eligible for girl scouts. Those present were Miss Marguerite Worth, a guest of the hostess, and the girls leaving the Brownies; Patricia Maher, Nancy Cutter, Sally Paige, Joyce Brooks, and June Fuglestad. Supper was served and a birthday cake for Patricia Maher, who celebrated her 10th birthday; the girls sang "Happy Birthday" to Patricia. Games were enjoyed and then after a social hour together, the girls ended their farewell party and their association with the "Brownies."

Mr. and Mrs. Fred Howard recently spent several days in Boston visiting the Annual Style show of the Massachusetts Cosmetologists Association, Inc. held at the Hotel Statler. They were accompanied by Miss Helen Milton of Lubec, Maine, who after their return from Boston, was their houseguest in Antrim for a week.

Also a discussion period followed with the boys, many questions being helpfully answered in detail by Dr. Haslam. Plans were made for the Drum Corps and Scouts to attend the court of Honor in Milford on Feb. 9.

After the opening of the gifts and social hour together, an attractive buffet lunch was served. BENNINGTON TO HAVE BASKETBALL GAME

This Sunday night found two well played basketball games at the Bennington Town Hall. The Bennington girls played the Hancock Girls' Town Team and won by a margin of fifteen points. The final score was Bennington 29, Hancock 14. The Bennington line-up was as follows:

LETTERS TO THE EDITOR

To the Editor:

It should be apparent to all Americans that labor does not strike because it likes to, but is the result after all negotiations with big monopoly corporations have failed.

The present crisis in labor-management relations are due to the fact that workers take home pay is not sufficient to meet the ever increasing living costs.

It is an entirely different story with the manufacturers in all major industries. During the war profits were enormous after payment of taxes. It ran into the billions of dollars. The repeal of the excess profits taxes assures the corporations as much, if not more, in 1946.

The battle of labor against the big corporations for a decent wage is in the best national interest for all Americans, if we are to avoid the economic crises which gripped the people after the last war. Labor demand for higher wages in order to maintain purchasing power, concerns every American be he farmer, white collar worker or small business man.

Higher wages means prosperity for the farmer and small business man. So does full employment. A decent pay envelope for the worker means a good market for the farmers produce.

The press and radio have done very little to help clarify the issues involved in the present struggle of the workers for a decent living wage. Their interest have been and still is with monopoly capital, as is seen and heard daily.

Wilton, N. H.

It won't be long now to the Boston Sportsmen's Show. This is the first show in peace time for a number of years and promises to be better than ever. The fishing tackle men and the gun dealers will be out in force this year and you will get a big thrill. Better plan to run down a day, Feb. 2 to 10. The war has brought forth hundreds of new gadgets and they will be there for you to see.

Yes it's a fact that last week I put out 18,000 rainbow and 30,000 squaretail fry in some of my smaller brooks. These from the Nashua Hatchery. If you want to get a big thrill just run over to the Federal Hatchery at Nashua some day and see the little fellow hatching from the egg. Mr. Rodgers has a lot of freaks that he is going to take to the show in Boston in February. Some trout with two and three heads and still alive. Mr. Rodgers has a record number of trout this year.

Saturday afternoon we met the truck at Antrim and planted another truck load of snowshoe hares from the wilds of New Brunswick. How many and where we are not supposed to tell.

Sure I took time out the past week and took in the 98th Poultry Show at the Boston Garden. It was very good and I ran across a lot of Chicken Cranks. Larabee of Peterboro, the Ryans of Greenfield, Sibley of Conn. Jack Deeter, the well known Duck judge and plenty more that knew me but I didn't know them. What change in a few years. Now new breeds and the equipment for a poultry man runs into big money. Never saw so many pigeons in my life. Watched a judge for ten minutes going over a Jackobin male pigeon. Three

were so near perfect he was stuck and invited another judge to sit in with him. A wonderful show.

Did you ever see a copy of the "Fur Trade Journal" of Canada. It's a book of 132 pages and very interesting from a fur trapper's point of view.

Here is a chance for you duck hunters to do a soldier some good. Cpl. Alfred T. Lee, Station Hospital Ft. Crockett, Texas wants to get some old duck stamps. This soldier has a stamp collection hobby and here is a chance for you to make him happy by sending him your old duck or any kind of a stamp. Let's go.

The Sunnymist Kennel of Franklin has some nice Cocker Spaniels, eight weeks old. Worth the trip to see them.

You raccoon hunters would be interested in the magazine called "American Cooner," published at Wickliffe, Ky., 30 pages. A snappy little sheet.

I have some letters that stick me. Here is one. A party wants to sell a real coon skin coat with a beaver collar. It's in cold storage now. Price is right. Size 42, man's coat.

Granite Stages, Peterboro, Geo. A. Myhaver owner, gets out a nifty little monthly booklet to keep your daily records in. This is the second year he has kept me supplied. Boy, we sure appreciate it. Ever see a 46 lb. turkey and a 43 lb. gander? Well, they had them at the Boston Show.

Had a letter the other day from a man that wanted to buy a setting of pheasant eggs. Guess he will have to wait till April comes. The deer kill for 1945 beat all records according to reports from Director Carpenter of the Fish and Game Dept. In 1940 the year of

records the kill was 5740. In 1945 the kill was 6938, an all time record for New Hampshire. From all sides the hunters claim plenty of deer left.

Col. Carwell of the State Police reports that all his men are back from the war and reported for duty.

A special message to you hare and rabbit hunters. The Dept. has gone to some expense to buy numbered metal tags to place in the ears of the hares planted in the past few days and weeks. If you find a tag be sure to hand it to the nearest Conservation Officer with the date and place it was shot. Or send direct to Concord office. This information is very valuable to the Dept. to determine where future planting should be made. We ask your cooperation in the matter. We know of many that have been shot and no report made to the department. It's for your own good to report tags at once.

I wish to thank the many people who brought to me female cats. I guess the demand is fulfilled so we will lay off for a time. One of my towns was about cleaned out but guess they are well stocked by now. There is quite a demand for long-haired angora or part angora kittens.

If the man in one of my towns that made me an offer for a saddle horse will write to me I may be able to help him out. Lost that address.

Did you ever see the booklet edited by Herbert Swift of New London on laws relative to cruelty to animals. This book was compiled for the Concord S.P.C.A.

A hare hunter from South Boston was hunting over in Mason last Sunday and lost two beagle hounds. Just a week later one showed up in Worcester, Mass. and the other one in Keene. Both were properly tagged. That just shows that some one is picking up dogs.

Here is a party that wants to know the breeders or Kennel licenses. For five dogs either sex \$12; for 10, \$20; over 10 the fee is \$25 and over that \$1 for each dog. Kennel dogs cannot be hunted unless licensed as a single dog. Males \$2, females \$5. Kennel dogs must be confined to kennels at all times. Only to be taken out on a leash. A spayed female is the same as a male dog, \$2.

Did you know that to remove a collar from a dog not your own calls for a \$50 fine. The same fine to steal a dog. If anyone puts out poison for a dog the same fine as above cases.

Have you renewed your permits to keep wild birds or animals? This is another year and you must renew all permits held in 1945.

Some state out west is thinking of giving special examinations for persons buying a hunting license so many accidents in 1945. Might be a good idea. I have seen men in the woods that had no right to be there. A gun is a bad thing to be in the hands of a man that don't know what it's all about.

A well known nouthman told me the other day that they had an epidemic of large rats and they tried everything to get rid of them without much success. One day a family of skunks moved in and the rats all moved out. He would not take a great deal for that pair. No trouble with the big dog.

The Concord office has asked me to furnish a list of places in my district where hunters and fishermen can be boarded for days or weeks. During the war many places closed up. We ask your cooperation in this matter. It may mean dollars to you later.

Carl Butler of East Jeffery has a beagle hound he would sell. Here is your chance fellows.

More and more towns will be closed to beaver trapping in 1946 if what I hear is true. Many land owners who have beaver on their property don't want the animals disturbed in 1946. Many letters are now on the way to the main office on the subject. Beaver trapping in the past few years has run into many thousands of dollars in this neck of the woods. One man is thinking of fencing off some of his marsh land and go into the business. Last year the OPA made it hard for the trappers, holding the price down.

This is the season of the year when many valuable dogs and deer get into the ponds and rivers and never get out. There are many open places in the rivers just now and bad traps for dogs and deer. Better watch your dogs till these holes are frozen over.

I notice that some of the boat owners did not heed my tip several weeks ago and many a nice boat will stay put till spring. It don't do a boat a bit of good to be frozen in the ice all winter.

Little Things* about THE STARS

By GEORGE LILLEY

NEW YORK, N.Y.—More than anything else, it seems, band-leaders want to be radio comics. Some have succeeded—Ozzie Nelson, Tommy Dorsey, Phil Harris. Latest newcomer, thirty-six-year-old pianist—maestro Eddy Duchin. Out of the Navy, where he rose from junior officer to Lt. Commander on active sea duty (including the invasions of Normandy, Iwo Jima, Okinawa), Duchin, ex-Boston pharmacist, from the first of the year has the regular role as side-kick to tall-tale Frank Morgan on NBC's hot ranking, star building Thursday night "Music Hall." He'll also be featured on the piano. In the Navy Duchin was assigned to radar work and submarine sound detection. His ear for tone made the musician, colleagues say, a wizard in his line.

Eddie Duchin, Normandy, Iwo Jima, Okinawa, from the first of the year has the regular role as side-kick to tall-tale Frank Morgan on NBC's hot ranking, star building Thursday night "Music Hall." He'll also be featured on the piano. In the Navy Duchin was assigned to radar work and submarine sound detection. His ear for tone made the musician, colleagues say, a wizard in his line.

SILENT STOOGES

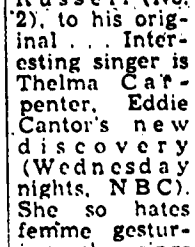

Comic characters who say nothing on the radio sometimes become more popular than those who do. There is a line of silent stooges who have never uttered a sound. "Duffy" of "Duffy's Tavern," "Yehudi" of the Bob Hope program, Jimmy Durante's "Umbriago," the telephone operator, "Myrt" of Fibber McGee and Molly, among them. Fifty-two-year-old Durante comes up with the latest, fictitious "Mrs. Calabash" to whom he whispers good night at the end of each broadcast (Durante-Moore, Friday nights, CBS). Durante's story: "It is to show my appreciation of her fan mail when I sing 'Inky Dinky Do.'" The FCC for a while thought the character real, threatened to halt the "good night" as a violation of the personal communications radio law.

Jimmy Durante, Normandy, Iwo Jima, Okinawa, from the first of the year has the regular role as side-kick to tall-tale Frank Morgan on NBC's hot ranking, star building Thursday night "Music Hall." He'll also be featured on the piano. In the Navy Duchin was assigned to radar work and submarine sound detection. His ear for tone made the musician, colleagues say, a wizard in his line.

VERY LITTLE THINGS

Jo Stafford, NBC "Supper Club" singing star. She's the last of the popular songbirds, we believe, to remain single. The top male crooners all appear happily married—each, but Andy Russell (No. 2), to his original. Interesting singer is Thelma Carpenter, Eddie Cantor's new discovery (Wednesday nights, NBC). She's got her feminine gestures going, she sings with her hands clasped behind her. Young (24) Jackie Kell, "Homer" of the "Aldrich Family" (Friday nights, CBS), is more than an actor. He's helping to write the show. One idea behind the \$10,000 Jack Benny contest, it is said, is to disperse the idea Jack is actually tight (but in his income return, Benny will list the 10 G's as a business expenditure).

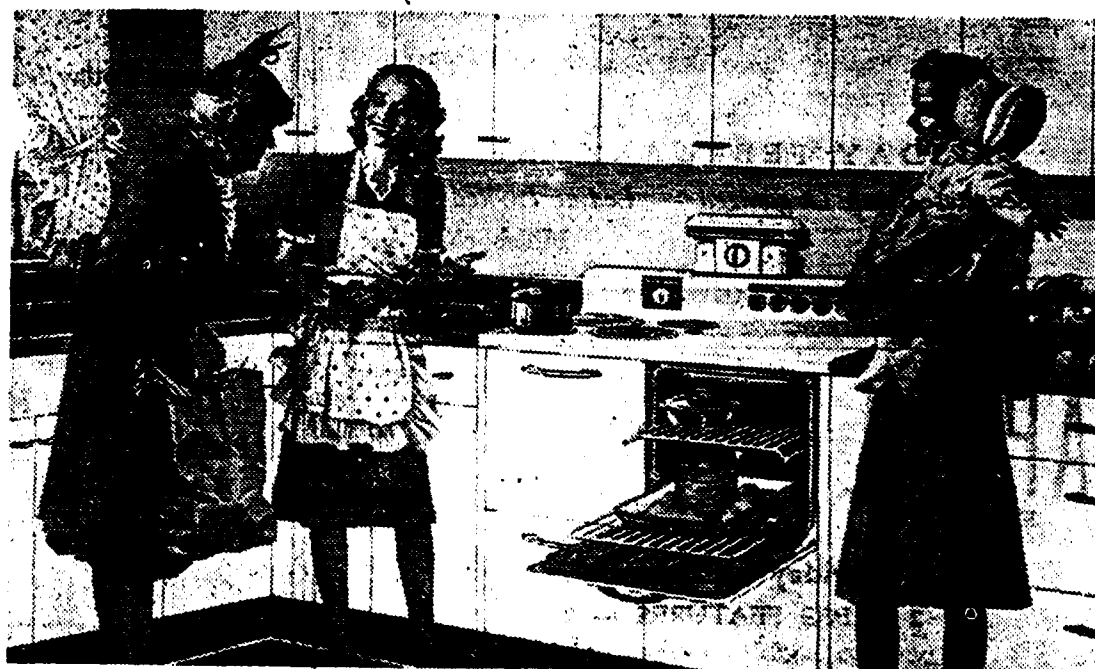

Claire Neisen, Normandy, Iwo Jima, Okinawa, from the first of the year has the regular role as side-kick to tall-tale Frank Morgan on NBC's hot ranking, star building Thursday night "Music Hall." He'll also be featured on the piano. In the Navy Duchin was assigned to radar work and submarine sound detection. His ear for tone made the musician, colleagues say, a wizard in his line.
