INTERESTING HOBBY

Miss Lizzie Dowlin lives on the shore of Pierce Lake, almost in it. While going to her barn in the evening or walking about her farm in the late fall or winter, she always carries her trusty lantern. As there is no competition with the stars, she enjoys watching the heavens. She often sees falling stars and some have fallen so near to her she has been able to find them. She recently showed me two—one about the size of a hickory nut and the other, of a small apple. The latter had burned some blueberry leaves and was still so hot it melted the solder in the pail in which she carried it home. Once she noted that one fell near a rock, but burned itself out. The grass was burned around the hole. The next day she had to dig a foot or more to get it. Miss Dowlin has several more, the largest about the size of an infant's head. There are many queer hobbies, but I never before knew anyone who collected meteorites.

ANTRIM HIGH SCHOOL SPONSORS MUSICALS

There will be a Concert at Antrim Town Hall, Friday, May 24th, at eight o'clock, by the Antrim High School Glee Club and the entire Monadnock Chorus of fifty voices. Directed by Kenneth Jewett of Sharon, Choral Chairman of the New Hampshire Federation of Music Clubs.

Accompanists will be Mrs. Albert Thornton of Antrim and Mrs. Mabel Shattuck of Peterboro.

The smaller group, the Monadnock Men's Chorus formerly the Peterboro Men's Male Chorus, and the Monadnock Male Quartet, formerly the Antrim Male Quartet will give separate selections.

LEGION MEETING

Tuesday evening, twenty-eight members and two guests attended the meeting of Wm. M. Myers Post No. 50, of American Legion. A special request is being made for all members to attend the Sunday service at 10:45 a.m., at the Presbyterian Church this Sunday morning.

As sponsors of the Boy Scouts, the annual scout report was read by Ross Roberts at this meeting. The dance given, May 23rd was discussed; and plans reviewed for the Memorial Day exercises. Also the July 4th celebration was given much discussion.

The Baseball committee reported on getting the ball field in condition. They are working hard to accomplish this.

A member of the Veterans Council gave a talk on rehabilitation, offering assistance.

ACCIDENT

Friends of Oscar Clark were very sorry to hear of his accident last Friday morning while at work in Greenfield.

In trying to throw a switch, he accidentally touched a live wire, and when his hand came in contact with 6900 volts, it knocked him to the ground from the top of the electric light pole, and he struck the ground after falling against a truck. Both hands were burned, a leg broken, an ankle was given a compound fracture, and his back was injured.

He was taken to Peterboro Hospital where he will be confined for some time. Visitors may see him in his private room now.

HILLSBORO BECOMES MEMBER OF TRI-MOUNTAIN LEAGUE

Hillsboro Legion Team meets the Peterboro Legion squad Sunday at Grimes Field in a pre-schedule game. Business manager Frank Fowle of the local team Tuesday announced that Hillsboro had participated in the re-formation of the Tri-Mountain League, dormant since 1940. Teams entered in the Tri-Mountain League are Bradford, Warner, Contoocook, Weare, New Boston and Hillsboro, with the first league game for Hillsboro arranged for Memorial Day with Bradford.

The game Sunday begins at 2:30 p.m., with Jack Frazer as umpire.

—WHAT have you worth \$10.00 that a 35c classified adv. can sell?

Gov. Charles M. Dale is pictured buying the first Buddy Poppy in the statewide sale held annually by the Veterans of Foreign Wars. Anna Brochu is the young "saleslady" being held by Albert Jeannotte, Concord poppy drive chairman.

"Honor the Dead by Helping the Living" is the slogan for the 1946 annual Buddy Poppy sale sponsored by the Veterans of Foreign Wars of the United States this Saturday. The money raised will be used to provide rehabilitation for men wounded in World War II, and assistance for those who have fought in previous wars, veterans' dependents, and their orphans and widows, according to Dep. Commander Jack Merrill of Derry.

The Auxiliary of the local Legion Chapter has accepted the responsibility for the sale of poppies in Hillsboro. They hope, on May 25, to raise an amount from selling the memorial flower that they will be able to turn in with at least a small feeling of satisfaction.

"FOOD MONEY" SOLICITED

Mrs. Emma Goodell is in charge of the drive for money to buy food for the nations abroad in the famine areas. Money may be given her at her home, to be sent soon to help this very important, most worthy cause. Try to leave a donation this week if possible, and help feed the starving population in the devastated countries abroad.

CANCER DRIVE COMPLETED

The N. H. Field Army, American Cancer Society, has just completed the drive for funds in Antrim. The total of \$140.60 was collected for this worthy cause. The chairman, Mrs. John McCabe, wishes to thank her solicitors for their assistance, and the community for their generous contributions which made this drive so successful.

CUB SCOUTS

Thursday afternoon the two dens of Cub Scouts met for their weekly meeting at the homes of two Den Mothers. The theme for the month is "Weather." This will be studied and weather vanes made and exhibited at the next Parents' Meeting, the first Thursday night in June.

Quakers Ask Food For Starving Millions Abroad

The Weare Monthly Meeting of Friends, answering the call of the American Friends Service Committee, has issued a desperate appeal for help for Europe's starving population.

"In our national effort to feed the world's starving millions," pleads the Committee, "America lays the groundwork for peace. For hunger breeds hatred and war. True peace cannot come where children are dying; where men and women face each other with dread; where factories are smashed or idle; where fields lie fallow for lack of seed. As a free people, let us now unite in an outpouring of compassion for all who suffer. Let us keep our eyes focused on the human faces of those who cry for bread that we may see them as friends and fellow-creatures -- not as strangers or enemies unworthy of aid."

The Committee is preparing to aid starving children in Central Europe, from which, until recently, all help has been barred. Especially do they appeal for funds to feed the children in Germany. It is the test of Christian charity, the Committee declared, that they, too, shall share America's bounty. Food, clothing and medicines will be shipped, and only such funds as are earmarked for German relief will be used.

The Committee reports that the food situation in Austria is catastrophic, and undernourishment and lawlessness are increasing and widespread. In Germany, foodstocks are dwindling; to add to this, 5 to 10 million refugees are being expelled from Poland and Czechoslovakia to heighten the crisis. Housing conditions are appalling. Famine conditions prevail in Austria; most babies are still-born and infant mortality is 42%. In Poland, 30% of the children are infected with tuberculosis, infant mortality is 25-30%, and the war has left 450,000 orphans. Hospitals are 75% destroyed; medicines and bandages are lacking.

Give freely and gladly, urges the Committee, adding, "What we as

MISS MAE CASHION HONORED

In the grange Hall on Friday night, around a hundred Grangers, relatives, friends, townspeople and pupils of Miss Mae Cashion gathered to honor their friend. Miss Cashion has taught in the Bennington Schools for forty-one years and is retiring when school closes with an enviable record.

This celebration, although sponsored by the Grange, was for everyone -- and nearly everyone attended! Miss Cashion's sisters, Miss Emma and Miss Jennie Cashion; her niece, Mrs. Walter Lindsay and her daughter; also a friend of the family, journeyed from Manchester to attend this open house celebration. Miss Cashion was pleasantly surprised when they came in.

Miss Cashion joined our Grange in 1910, coming to us from Greenfield Grange. During that time, she has held six different offices--twenty years' service in all. The longest was that of Treasurer for eight years and the next was Lecturer or Assistant Lecturer for six years. She has held the stations of Ceres, Pomona, Executive Committee and Lady Ass't Steward. She has taken part in innumerable plays, discussions and other programs and written a number of papers.

In the front of the Guest Book will be found these words written by Mrs. J. P. Weston:
So much you have given to others

"CHAMPAIGN, Ill., May 2.—America's wars have cost more than all the wealth the country has piled up since the Declaration of Independence, according to the Bureau of Economic and Business Research of the University of Illinois.

"Wars have cost the United States \$414,000,000,000. All the farms, factories, stores and other property of the United States is valued at \$300,000,000,000," the report said.

"For what the country has spent on wars, every family in America could have a new \$8,000 home, a \$1,200 car and \$2,000 in the bank."

—New York Herald-Tribune, May 3, 1946.

THE COAL STRIKE

No one who has read the shocking figures of accidents in coal mines, or has seen anything of life in a mining village, can fail to support the miners' demands for safety and better conditions of living. The handling of the whole strike situation by the able and autocratic John L. Lewis, outstanding Republican and advocate of "free enterprise," is another matter. On both sides of the dispute there is too much of "the public be damned" attitude; the Administration has exerted no effective leadership; and Congress handles the questions involved with snarling and peevish incompetence.

Bad as things are they are a thousand times better than under a dictatorship, but American democracy, such as it is, hasn't many more years of grace if we are to escape dictatorship. The only real and desirable solution of the problems of the coal industry and the effective operation of American industry lies within the framework of democratic socialism. The people must collectively own the resources upon which their lives depend and manage them according to plan under democratic control.

THE "ONLY HENNIKER ON EARTH" LEADS THE WAY!

The Town of Henniker, "The Only Henniker on Earth," is leading the way for the small towns and villages of New Hampshire in making the initial protest to our representative in Washington, D. C., regarding the unfair distribution of meat to the consuming public. While protests to Washington are common occurrences, the action of Henniker was novel in that the town Selectmen were the initiators and actual supporters of the petition. They are to be commended for being true representatives of the people.

According to the National Cooperative Milk Producers, butter production has dropped 50% of the 1941 level, with the "black market" in butter getting 60 to 80% of what is left.

Where is the milk going, is the logical question to ask. It is being used for retail, cheese, cream for ice cream, and cream for coffee.

The answer to the meat shortage for the small towns is the re-establishment of rationing. Under rationing, what meat was available was more equitably distributed. With less wheat going to the farmers of the midwest for their livestock, it will be increasingly apparent that the return to rationing should be soon—without delay.

LETTERS TO THE EDITOR

The Cangafoose 4-H Club met with Mrs. Phelps their leader on Tuesday, May 14. Plans for attending the 4-H camp this summer were discussed; after that, there was a social hour, with songs and games being featured.

NOTICE TO OUR READERS

Subscription Renewals

Beginning June 1, and thereafter, the price per year for the Hillsboro Messenger, Henniker Weekly Courier and the Antrim Reporter, will be \$3.00.

This extra increase will enable us to meet the higher costs of materials and production. Since the abandonment of rationing of newsprint, the cost of paper has jumped 15 per cent, and wages and production costs are almost double that of a year ago.

This increase will make our paper less dependent on income from advertising, with a resulting increase in service to our subscribers. It will enable us to print an eight-page paper with nationally famous comic strips, as well as to continue our three columns and increase the volume of local news.

ON THE STREET

By Paul S. Scruton

The protest of honest citizens of Henniker against the shortage of meats, fats and oils and the signing of the petition by many, was started in Hillsboro shortly after the Henniker signers had forwarded their formal protest to officials in Washington, D. C., and at the present time two of the signed petitions may be seen at Hillsboro Stores where voters may sign at their convenience.

A few comments were heard on the first day of the effort to secure the names of citizens but the majority willingly and anxiously placed their names on the dotted line. One man said that the list bore the names of "Republicans" only, while another said, "I will sign but don't believe it will amount to anything." A prominent woman said, "I signed my name once to a petition that went to Washington, D. C., and they took me for a Communist."

Regardless of what may or may not be said regarding the value of the protest, if you honestly believe it's for a good cause, please sign your name without comment on or before Saturday night, May 25, so that we may endeavor to have something to eat besides the scraps left over after the rest of the country is enjoying a sane and sensible diet. New England as a whole seems to get what is left over after the banquet is finished and Hillsboro, New Hampshire certainly has tightened its belt to the point where suspenders do not even hold up the slack without revealing the results of eating sausages and moth-eaten tripe. If you are perfectly satisfied with your rations let the other fellow sign and continue to hope for better times and more sausage. "A squeaky wheel gets the most grease."

In the selection of William Dumais as chairman of the "Welcome Home" celebration it is well to remember that Mr. Dumais was one of the loyal men who sponsored many of the entertainments given during the hectic days of World War II, for the benefit of the servicemen and he also has in the past and before the war days given much of his time, enthusiasm and effort in giving Hillsboro some extra attractions in street parades and anniversary occasions. Devoted to a just cause in which there is very little compensation and plenty of criticism it is believed that townspeople will cooperate with the committee and make August 4th and 5th two of the biggest days in the town's history. There is plenty of work to be done and now is the time to plan for "floats" costumes, and plans for the two days celebration in honor of our veterans of World War II. When requested by the committee to take part will you kindly do your utmost to assist us and by your enthusiasm and advertising give us the assurance of your loyal support. Organizations will naturally fall in line and choose their individual committee and with an early start plans can be more readily carried out with time to spare.

Mr. Dumais plans for a two-mile parade and with his experience and enthusiasm it can be done, as it has been in the past years. Time passes all too quickly and the weeks ahead will give us an opportunity to exercise our best judgment and give Hillsboro a parade it will never forget, along with a program that will prove exciting and entertaining. The committee is limited to a few but sub-committees will ease the burden as the weeks roll by.

James Hudson, carpenter for some 60 long years even before he was through school, is now past 80 years of age yet rarely misses a day's work and his skill is in much demand. Jim may not be quite as nimble as he was 30 years ago but he thinks nothing of working 10 hours a day with 20 minutes out for lunch at noon.

Pvt. Ernest Bent is spending a few days with his parents, Mr. and Mrs. Halford Bent. He has just finished his basic training at Aberdeen, Md., and upon returning will report at a camp in N. J. J. St. Clair Hamby has had an artesian well drilled at his summer home, the depth being 91-ft. Joseph Leferriere of Northampton, Mass., spent the week-end with his uncle, Archie Cote and family, in the Manselville District. Mr. and Mrs. Percy Putnam and their nephew, Roscoe Putnam, Jr., were in an automobile accident last week; when slowing down for a truck ahead, a car following them rammed into the back of their car. Mrs. Putnam and Bobbie were taken to the hospital where Bobbie was found with a broken collar-bone. The car was demolished.

Paul Mitchell of Pennsylvania was a caller at the home of C. Harold Taylor on Monday; he was a buddy of PFC Charles H. Taylor, Jr., when they were both stationed at Hawaii several years ago.

\$79.50 is the total contributed to date for the Crippled Children's Society and the names of Mrs. Carl Olson and Mrs. Ernest Johnson have been added to the list of those contributing. This is \$4.50 more than was contributed last year and Deering can well be proud of its achievement, in contributing so generously. Thanks to everyone who helped.

Sympathy is extended to Mrs. Arnold K. Ellsworth in the death of her daughter, the former Miss Alta Hiscock of this town, who passed away at her home in Mass., last week.

Mr. and Mrs. Wallace P. Wood are receiving congratulations on the birth of a son at the Margaret Pillsbury Hospital, May 16th. Lt. John W. Holden arrived home last Thursday from Europe and is enjoying a visit with his wife, mother and sister at their home on Putney Hill.

Some of our local Grangers are certainly playing the part of good neighbors in visiting other granges. One 80-year-old man I could name was out three nights in a row until the next day, visiting Deering, Bradford and Warner.

The Brush family formerly lived on School Street, but are now living near Concord, Mass. Marion and her sister Ella were both graduates of H.H.S.

Messrs. Smith and Lee of Central Street spent several days in Waterbury, Conn., last week, returning on Sunday with friends who remained for a short visit.

Thank-you notes in verse are

rather unusual. This one was written by Jennie Hussey of the Centennial Home in Concord to a former neighbor in Henniker who had sent her a box of Mayflowers. It will find a responsive note in others afflicted with cases of mild nostalgia.

Mayflowers make me think of home...
The grassy pasture knoll,
The pine woods just beyond the field,
Where the first ferns unroll.

Mayflowers make me think of home...
Some pink, some starry white,
With perfume sweeter than the rose,
A joy and a delight.

Mayflowers make me think of home...
The brown house 'neath the hill,
And I think of the poet Whittier
And the woods of Follymill.

Yes, sweet arbutus takes me back
To olden scenes once more,
Where I roamed the fields and woodlands
In happy days of yore.

These pictures represent but one of the tragedies confronting Greece today, after her splendid stand against the Axis. Taken from the new March of Time, "Report on Greece," they show the toll taken by the war in Greek shipping alone. Of 450 vessels furnished by Greece to the Allied Shipping pool in 1940, today only 74 remain afloat. Her transportation is wrecked; her farms and industries will not recover for years. . . . She is almost completely dependent on UNRRA which has supplied food, clothing and machinery totalling close to 1,500,000 tons. Greece's indomitable spirit, however, will eventually see her through.

Mr. Matthews was a charter member of this Post and its second Commander. He also served five years as Commander of the Gleason Young Post No. 59 of Hillsboro.

Henry Harvey and Nelson Maine left last Saturday for a fishing trip in the White Mountains, expecting to return Thursday or Friday. Mesdames Harvey and Maine are running the store in their absence.

Saturday night, 3 local girls and 4 boys threw a "hot" party at the home of one of the girls whose parents were away. "While the cat was away, the mice" cooked spaghetti and meatballs; after the first bite, the crowd made Concord in five minutes to cool their burning throats with ice-cream and cold drinks. Somebody must have dumped a can of red pepper into the dish!

Marion Murdough and Margaret Devoy are members of the cast in the old English comedy, "A Midsummer Night's Dream" to be presented at Plymouth Teachers College in connection with the 75th anniversary celebration June 1.

Rev. W. S. K. Yeaple attended the N. H. Federation of Taxpayers Convention at the Carpenter Hotel in Manchester on Friday.

Mrs. Elizabeth Davis of Green Acres Farm is employed at Crosby's. The Capitol has some new

employees, we understand, but we couldn't get their names.

Mrs. Romeo Duval received a Mother's Day cablegram from her son, Francis, in Hong Kong, who has been in the navy for two years. His family is hoping he will be discharged this summer.

Mrs. Lloyd R. Robertson was guest of honor at a baby shower last week. She received many lovely and useful gifts from the forty guests present. After the gifts were presented, refreshments of salads, sandwiches, cakes and coffee were served.

The Rev. Mr. Farmer has completed his studies at B. U. for the term and is now free to devote all of his attention to the spiritual needs of his flock.

We regret to report that the cat at the Capitol Theatre was killed last night by an automobile. . . . may seem like trivia, but the cessation of life in any form is a matter that concerns all of us.

Romeo Duval took down the window at the service counter in the postoffice on Saturday; now it will accommodate two small persons or one out-size one.

Mr. and Mrs. Donald Valley and son, Donald, and Mrs. Peter Wartianen of Fitchburg, Mass., called on Mr. and Mrs. John Van Hazinga on Sunday afternoon.

Mr. Fred Pero of Church Street was taken to the Margaret Pillsbury Hospital several days ago. He has had two operations, the second of which was performed last Saturday.

Mr. and Mrs. James McGuire Saturday moved into their home on Whittemore Street.

Miss Cynthia Van Hazinga celebrated her second birthday Wednesday with a birthday cake. Callers were Terry and Glenda Crane.

always means: Purity, Body, Flavor

There's the chest the strong man swells with pride... the chest that mother gives the bride. Chest is one of those confusing words with more than one meaning. It fools you.

Not Ballantine! Ballantine *always* means PURITY, BODY, FLAVOR. The qualities symbolized by Peter Ballantine's famous 3-ring trade mark. Wind up your day the pleasant way... look for the 3 rings, call for Ballantine.

lock your car if you are parked on some highway near a river or brook. Fishing outfits are hard to get, and many a fine pole has just disappeared from the car in the absence of the fisherman. I have seen quite a few extra poles in an unlocked car. So take the tip, you fishermen!

The Isaac Walton League of America is making a big fight on all pollution of waters in the United States. Several bills are now pending in Congress. More power to them.

Yes, you can start fishing hornpout, white perch and pickerel on May 28th. New date. In the past, it was June 1st. Black bass July 1st.

A few days ago I got a nice long letter from Uncle Jimmie Greenhalgh of Huddersfield. In the letter were clippings about a new match invented in the United States that will strike and light 100 times. Never heard of it. Uncle Jimmie makes fireworks in England and is looking up new ideas in that line. More about this match when I find out about it.

Last week on my day off I went down to Dracut, Mass., to attend a meeting of the Profile Kennel Club at the home of Mr. and Mrs. Fred Saunders. This club is planning an AKC all-breed show at the Salem race track grounds after the races are over for the year. This club, of which I was the first president, has staged many all-breed shows in the past 24 years of its life. Would like a few more active members who are interested in the welfare of dogs and dog shows.

The humming birds arrived on the 11th day of May, according to Mrs. Currier of Ipswich, who is an expert on this kind of bird. She has many of them around her home as she feeds them sweets in a small glass bottle suspended on a long wire stuck in the ground.

Looked over the new GI houses on Knight Street, Milford, the other day. One of them I would not mind owning set up in my peach orchard in the home town. Looked good to me. They are making many shapes and sizes now. Funny thing about a mallard duck. A lady in Greenville has a

few and she lives near the Souhegan River. They fly down into the water but they walk back. Why don't they fly back? That's the \$64 question which we cannot answer.

When is a dog under control? That's a huge question. Many dogs of the setter and Pointer breed are under control of a real trainer but a hound of any kind is not. On the other hand Rea Cowperthwaite of Milford has three beagles that when he blows his whistle they come back home a-flying. Can you answer that one?

Had a little bantam rooster in the back yard that some thing got hold of one day and for a time I thought he was a goner. The boy just home from Germany went to the medicine cabinet and mixed up a dose and, boy! you should see that 14-year-old fellow do his strutting now!

Yes, my mother raccoon has five babies in the kennel but being so cold they have not come out to look the world over. I moved the big fellow out, as he does not like his sons.

Some show every day in my peacock house. The old male sure does his stuff when he sees some one coming that he can show off to. He sure has plenty to show.

The Associated Sportsmen's Club of Fitzwilliam, N. H., have gotten out a nifty little booklet entitled the 1946 Annual Bulletin. Gives the list of the officials of the Club and a lot of other interesting matter of the doings of that club. They sent me a membership ticket for 1946. Thanks.

In the past two weeks many a dog has been dumped into some of my towns to evade the tax. Some of these dogs are coming from across the line where the officials are hard-boiled.

sell? Have many people that want to buy. If you have a mud hole near you or a small pond, a pair of mallards will put the mosquitoes to flight. Good investment.

If you could have had the amount of money spent on fishing equipment that we saw the first day of the trout season, we would take a trip out to Glendale, Calif., and see the children and grandchildren. Some very fine outfits I saw that day. Runs into the thousands of dollars.

We know of two beautiful brown trout that were taken out of the Souhegan river one day last week. One went 14½ inches and weighed 2 pounds and another one 16½ inches and weighed 2½ lbs. Nice fish.

The past week I have had several people interested in buying trout for a favorite brook or private pond. The nearest trout farm is at Taunton, Mass., and is operated by Richard A. Perry, known as the Berkeley Hills Trout Farm.

A. L. AUXILIARY MEETING HELD ON TUESDAY, MAY 14

The American Legion Auxiliary held its monthly meeting Tuesday night, May 14, in the Legion room.

All Auxiliary members are requested to meet at the Legion Rooms Memorial Day at 10:30 a.m. The Legion and Auxiliary members will march from the Legion Rooms to the Methodist Church for the services.

It was planned to hold a party for the new members at the next meeting, June 11. The following names were approved for membership: Rita Yeaton, Bernice Holdner, Norma Holdner, Lovola Huff, Anita Crane, Agnes Spaulding, and Julia Holley. Mrs. Percy Merrill was elected Chairman of the party.

Mrs. Nellie Sippelle, a member of the Billerica, Mass., Auxiliary Post and now a resident of Hillsboro, was a visitor at the meeting.

YOUTH FELLOWSHIP TO HOLD AUCTION ON JUNE 8

A meeting of the newly-organized Youth Fellowship was held at the Methodist Church Sunday evening at 8:00. The Fellowship had been inactive for some time, but with the attendance of several young people at the Conference, it was decided to organize this group once more.

The next meeting will be on Sunday at the Church at 5:30. Anyone interested between the ages of 12 and 21 is cordially invited to attend. Plans for the election of officers will be made at this time.

The Fellowship plans to send a group to the Youth Fellowship Institute at Lake Winnepesaukee from the 15th to the 21st of June. To raise funds for this purpose, the group will hold on the morning of June 8 on the Methodist Church Lawn, an auction of used articles. Members and friends are urgently requested to ransack their attics for old stuff to donate. The material will be collected during the week of June 2, and those who wish to make contributions are requested to call Pat Phelps, who will make arrangements to have her assistants call at the house to pick it up.

HARVEST HAY EARLY

Harvest hay early, says Kenneth Morrow, dairy husbandman at the University of New Hampshire, to conserve more of the protein content, and thus help meet the critical shortage of protein feeds.

Legume hays should be cut in about the quarter-bloom stage and grass hays in the early-head stage. Mr. Morrow advises. At these times, plants contain from 10 to 15 per cent more protein than when harvested in late-bloom and late-head stages, and the protein yield per acre will be higher.

Mr. Morrow also recommends

getting more home-grown protein to the cows by reducing field and storage losses. Tests at the Agricultural Research Center, Beltsville, Md., show that alfalfa made into silage instead of cured as hay produces feed with 9 per cent more protein, and makes 12 per cent more protein per acre available for the cows. The differences

were obtained under good haying conditions, and would be even greater under poor haying conditions. Silage conserves the protein of feed during storage and minimizes the loss of protein in the field.

Cows will get enough protein for liberal milk production if they get all the early-cut, good

quality legume silage they want, or if they get all the high-quality, early-cut legume hay they want. Mr. Morrow believes dairy farmers can go a long way toward meeting the protein shortage by cutting their hay crops early, by making quality hay when conditions are favorable, and by making silage

when haying conditions are unfavorable.

HILLSBORO HIGH NEWS

JIM PRATT, '46

The Senior Class have chosen their orchestra for the Senior Ball. They will have Herman Hill and his orchestra, featuring Leo Daniels at the piano with his own individual style.

In our baseball game last Thursday, May 16, Penacook came out the victors. Last Tuesday, May 21, we played Goffstown, away.

Mr. K. P. Bamberg, 4-H Agent for Hillsborough County, together with Mr. Foley from the University of New Hampshire Extension Department, talked to some of the student body on their individual gardens for the coming summer.

The Seniors are making plans for their graduation, and already they are practicing marching. Captain S. Jaskilka, from the U. S. Marine Recruiting Office in Manchester visited the school last week and gave a talk urging the boys who are thinking of entering the service to wait until they have graduated. He also told them of the benefits and opportunities which the Marines offer. After the talk, a movie was shown to us about the Marine Corps.

Don't forget the Freshmen Minstrel Show this Friday night.

LEGION STATE CONVENTION AT NEWPORT JUNE 27-30

Plans for the Annual American Legion State Convention to be held in Newport June 27, 28, 29, and 30 are fast rounding into shape. This convention promises to be a real "old-fashioned" get-together, with sports, parades, the Convention ball, band concerts, fire-works and everything that has gone on at pre-war gatherings of this kind. Some of the high lights of the Convention are the Legion Ball, the big parade and the attendance of the National Commander and other national officers of the Legion, also national officers of the Auxiliary.

Plans for all the Legion Auxiliary activities are well under way, and the ladies of the various units in the state are urgently requested to attend. Mrs. Nellie Carr has been selected as the Hillsboro delegate to the Convention.

V.A. AT COMMUNITY BLD'G FRIDAY 10 A.M. - 4:00 P.M.

Hillsboro veterans are taking advantage of the Veterans Administration itinerant contact service now being provided by Christos Karaberis from the Regional VA office in Manchester. There are some Hillsboro veterans already training on-the-job, and others have appeared interested in this provision of the GI Bill. Last week Mr. Karaberis also assisted veterans with insurance problems and answered questions about loans as well as the Public Law 346 provisions pertaining to training and education.

Hillsboro veterans and their dependents may discuss individual problems with the Veterans Administration contact representative, who will be at the Community Building every Friday from 10 a.m., until 4:45 p.m.
