Subscription Renewals

Beginning June 1, and thereafter, the price per year for the Hillsboro Messenger, Henniker Weekly Courier and the Antrim Reporter, will be \$3.00.

This extra increase will enable us to meet the higher costs of materials and production. Since the abandonment of rationing of newsprint, the cost of paper has jumped 15 per cent, and wages and production costs are almost double that of a year ago.

This increase will make our paper less dependent on income from advertising, with a resulting increase in service to our subscribers. It will enable us to print an eight-page paper with nationally famous comic strips, as well as to continue our three columns and increase the volume of local news.

Memorial Day will be observed this year in the traditional manner of pre-war programs but with an added significance and 'meaning as we also honor and pay sailors and marines of World War II, in our town and throughout the nation.

Last Saturday a detail from Valley Lodge, No. 43, I.O.O.F. decorated the graves of departed members in Washington, East Washington, Deering, Hillsboro and Antrim. The three officers of the organization were Past Grands Harry Cross and Louis Andrews and Noble Grand, Paul S. Scruton.

There were 237 signatures on the petition regarding the request for meats, fats and oils and this number was considered enough to represent the town such as the size of this. The signed petition was forwarded on Monday morning to Hon. Styles Bridges, Washington, D. C., and the second petition which still remains in a local store will be forwarded early in June to officials in Washington, D. C., so if you still want to sign and are still hungry for something decent to eat it will require very little effort on your part to write your name. Nothing may come from the petition. We cannot hope for miracles, but we do believe that a week-kneed Congress needs a shot in the arm to give it strength enough to complete its term or terms. We have not as yet contacted John L. Lewis, but probably he could do more in his own way than some of the higher officials we have sent to Washington with a pocket full of change to give us nothing but dissatisfaction and argument. This rotten business of politics sure makes a man a goat.

Please keep in mind that Saturday, August 3rd, is the day for combined Old Home Day and Welcome Home occasion. I have boro was to observe August 4th and 5th and we had previously planned for those dates, but kindly bear in mind that the committee has chosen Saturday, AUGUST 3, 1946. This will prevent further complications and keep down my blood pressure which has now reached an all high of 302 in the shade. Bill is mighty proud of his getting into shape. He called one of the girls too short and fat but women, young boys and girls and in betweens of the adolescent stage are all joining together to make August 3rd a day of days and a night of nights just completely out of this world.

A recent survey reveals that 28 years ago there were nine district schools within the jurisdiction of the town and today but three are now open. Four of the schoolhouses have been sold and two of them are now summer homes. Robert Kendell, who recently sold his summer home, moved a little district school some three miles and then remodeled and enlarged the structure in 1921.

Alfred Pinker, now past 75 years of age is busy planting his garden and sermon. and as he has always planted by certain phases of the moon, neighbors believe that danger of killing frosts is now over, but Pinker says little except he hopes to have a nice garden so that he will not starve next winter.

Doing business without advertising is like winking at a girl in the dark. You know what you're doing, but nobody else does.

AT THE EAGLE HOTEL CONCORD, NEW HAMPSHIRE

Introducing

CECILLE JOAN GILBERT

"Miss WKXL" . . . from Hillsboro

SINCE first visits create lasting impressions, it will be especially important that when neighbors drop in at Concord's new Radio Station they be warmly greeted, courteously treated. Upon this premise will "The CAPITAL Station" be founded and operated.

M ISS Cecille Joan Gilbert, a life-long native of this section, was chosen by the Hon. Charles M. Dale from emong many applicants for the post of WKXL Receptionist. Born in Manchester in 1923, she recoved with her family a few years later to Hillsboio, where she attended grammar school. After a year's study at the local high school, she became a student at Mt. St. Mary's Academy in Hookseft, from which she graduated with honors. Later, she spent a year at Mt. St. Mary's College.

NEVITABLY, it seems, her ambitions guided her toward Radio. She enrolled in the Government Radio School, here in Concord, and upon completing her course accepted employment at the General Electric Company, in Lynn, Massachusetts, where she became a skilled radio technician.

ADEN with personality, abounding with enthusiasm and hospitality, Miss Gilbert naturally has a host of friends throughout this area. As Receptionist at WKXL, her duty will be to assure all you who drop in of a friendly smile, prompt and courteous attention to your questions, and correct answers. (If she doesn't know them, she'll get them for you!)

VERYONE, upon visiting us, will meet this charming young Receptionist, CECILLE JOAN GILBERT, "Miss WKXL," from nearby Hillsboro. She'll greet you in WKXL's new home, now nearing completion, at the Eagle Hotel!
