Lisabel Gay's Column

JULY 4, 1946.

The Fourth this year was very much like any other day, and what a relief! A few children had cap-pistols, and I heard, or imagined I heard, a few loud pops, but had time to feel patriotic in sane and safe surroundings. I did not have to waste time being sorry for sick folks, and others who jump at every noise. I hope we never have to go back to the bangy old-fashioned kind.

Fred Hill's family, Mr. and Mrs. Charlie Weber, spent the day at the two Hill camps at Long Pond, Washington. The Mark McClintock, Dr. Baldwin, and Martin families, were at their camps at Pierce Lake. Mr. and Mrs. Howard Doble were at Lake Massesecum with her sister and family of Wilton, who have a cottage there.

Frank spread himself over nine towns, beginning with a ballgame at New Boston.

Mrs. Henry Thornton entertained a Grimes family party on the Fourth at her home, "The Homestead."

My band article had too many sour notes last week. Its title was "Hillsboro Band Personals." Leon Dennison, who plays baritone was left out entirely. I heard Sousa's band. It should have been Lower Village Agony Band. Royce Sleepers plays the trumpet. Maurice

Tree." Mrs. Elizabeth Tenney will sing a soprano solo "Rock of Ages" by Harkness and a duet "More Like the Master" by Garbriel, will be sung by Mrs. Tenney and Rev. Perron.

The Sunday School and Church services will continue thru July.

PRESBYTERIAN CHURCH

In the Presbyterian Church, July 14, at 10:30 A.M., Rev. Warren S. Reeve will preach on the subject "Democracy's Perennial Peril." The music will be furnished by the fine Monadnock Male Quartet.

The Sunday School and evening services are discontinued for July and August in the Presbyterian church.

HUGE FOURTH OF JULY CELEBRATION AT ANTRIM

Starting off at 10:00 a.m., on July 4th, and running until midnight, the Legion's first peacetime celebration turned out to be the most successful event held in Antrim in many years.

Through the co-operation of local businessmen and organizations, a long parade was made possible, with floats, horribles, and music providing entertainment for the spectators who lined the streets.

The parade formed at lower Main Street and roamed uptown before the reviewing stand, down Elm Street, up Concord Street, and by way of West Street to the Ball grounds, where the prizes were awarded.

The first prize of \$25 went to the Rebeccas, the second of \$20 to the Legion Auxiliary, and the third of \$10 to John Munhall's Flag Raising at Iwo Jima.

In the "Horribles," "Happy" Day of Wilton won first prize as a semi-nude cannibal, and Arthur Whipple won second prize.

The judges were, Col. Black of Bennington, Amos Harrington of Hillsboro, and Charles Upton of Hancock.

In the afternoon, Antrim's Junior Town Team got off to a bad first inning, then settled down to play good ball against Hillsboro's Junior Team. The final score was 7 to 3 in favor of the visitors.

At 7 p.m., the Peterboro Band, under the direction of Herman Hill, put on a concert at the ball-ground.

At 8 p.m., six lovely out of town girls paraded before the disconcerting eyes of the judges of the Beauty Contest, a new venture in the annals of Antrim. Miss Sylvia Tarlow, a slender brunette from Baltimore, was the unanimous choice of William Dumais, Prentiss Weston and Fred Bean, the judges. She was suitably crowned "Miss Antrim" and awarded the prize of \$10.00.

All during the day crowds thronged about the Midway, verifying the newspaper theory that people have plenty of money to spend.

Highlight of the parade was the number of people who have never become aware that it is proper to

stand erect when the flag passes. In spite of heavy expenses, the day was financially successful.

ANTRIM GARDEN CLUB

Last Wednesday afternoon, Antrim Garden Club members and guests visited the Loomis gardens at North Branch, where, under the guidance of Mr. and Mrs. William Linton, assisted by Dr. Hale, they spent an enjoyable hour admiring the beautiful landscape and flower gardens on the estate.

At the close of the tour of inspection, Mrs. Linton served the visitors delicious refreshments of fruit punch and cookies. A brief business meeting followed, during which the names of three more new members were accepted by the club, and the announcement was made that the club will make a pilgrimage to New London, N.H., next Wednesday, July 17, in order to visit some of the famous gardens in that vicinity.

BENNINGTON

Mrs. Herbert Fennerty and grandchild, Leona Ellingwood, have been visiting in Providence, R. I., at the home of Mrs. Fennerty's son, Harold Fennerty.

Mr. and Mrs. Arthur Call and sons have returned to their home in Conn.

The Bennington Sportsman's Club float had honorable mention in the July 4th parade in Antrim. The Monadnock Paper Mill float was very good too. Our fire department, both old and new, was there also.

Little Ralph and Bobby Smith have had stomach illness since July 4th.

Mr. and Mrs. Arthur McGrath and daughter, Helen, of Conn., are at Gregg Lake. He is the son of Mrs. Nellie McGrath.

MONADNOCK HOSPITAL RECEIVES LARGE DONATIONS

Four subscriptions totaling \$19,700 to Monadnock Community Hospital's \$325,000 building fund were reported this week by Perkins Bass, chairman of the Memorial Gifts Committee. "These subscriptions represent our initial success in seeking substantial contributions from individuals and families," Mr. Bass said.

The entire emergency department, consisting of an accident room, a recovery room, and an office waiting room on the ground floor of the new addition are created through a subscription of \$11,400 by Mrs. Edward Thaw of Dublin. The suite will stand in memory of her son, Edward Thaw Jr., who lost his life in 1934 in an airplane accident.

A general laboratory on the same floor of the addition is made possible through a subscription of \$5,100 by Mrs. George E. Clement, for 23 years a director of the hospital. The memorial unit will be marked with a bronze tablet inscribed in the name of her husband, George Edward Clement, who died in the hospital in February, 1942, and her son, Ensign Theodore Clement, a naval flyer, who was lost in action over Iwo Jima in June, 1944.

Mrs. Clement, who was one of the 11 original trustees of the hospital, recently resigned from the board of directors to free herself for active participation in the fund-raising campaign. Her subscription, the first to be made to the building fund, is in addition to gifts of \$1,000 for a capital fund and \$500 for the laboratory equipment which she made last year.

One bed in a three-bed room on the first floor of the reconstructed present building is established through a subscription of \$1,200 by Mrs. J. Pierpont Moffat of Hancock. The bed will honor the

"SWEET MEMORIES OF A LOVELY DOG"

He was one of the kind that was always happy, and pleasant to everybody.

He enjoyed roaming around the farm, and helping about the chores, until one day he was hit by an automobile, which was very sad for him and his family.

He lost his life by getting hurt so bad. My advice to the autoist is to drive more carefully on account of the dogs; for their lives mean a lot to the folks that own them. They are one of the family.

Dancing followed and a purse presented Douglas from Grange members and friends. Doug leaves this week to enter the Navy. There were 46 present.

We run into some funny things in our travels over the back roads. Last Sunday we were at Grassy Pond in Rindge when a young lady rode up on a beautiful horse. She took off the saddle, and rolling up her overalls, she led the horse out into the pond. When about three feet deep the horse

laid down to cool off. This horse did twice while I was there. That's the first time I ever saw a horse lay down in the water of its own accord. Some knowing horse.

MY SOS for stale bread brought wonderful results. Mail, express and personal calls. If I told you who sent it in I would cover two columns of this paper. However, thanks for all and will say I got over 1100 pout, all sizes and 2800 red-fin shiners. All to be planted in some other ponds to change the blood.

The State hatcheries are feeling the pinch and are to unload a large number of legal and near legal to relieve the situation. My first emergency load came from New Hampton hatchery Monday morning. A nice lot.

most every one has left town, the watering places claiming most of them.

Heyward Hunter of Los Angeles, Calif., comes back to South Lyndeboro after being in the army four years to show the natives how to catch trout. Five years ago he used to come to my house and show me the biggest trout I ever saw. One day last week he brought to me two trout that went well over five pounds. Since he has been back east he has got his limit three times and one day that limit was one trout 24 inches long. His name should have been Fisher instead of Hunter. He has shown the natives that big trout do still live in our brooks.

Mr. and Mrs. Currier of New Ipswich bring me down two more humming bird feeders. They sure do attract the birds.

GRANITE STATE GARDENER
by J. R. HEPLER

GARDEN CULTIVATION

Years ago we were taught that cultivating the soil conserved the moisture by making a dust mulch, breaking the capillary tubes by which water rose to the surface of the soil. When a good dust mulch was present very little water was thought to escape. Analyses of the amount of water in the soil have shown that cultivation as such has very little effect in conserving moisture. Killing the weeds in the soil by cultivation does conserve moisture, and at the same time allows the plant itself to take up food which might have been used by more vigorous and faster growing weeds.

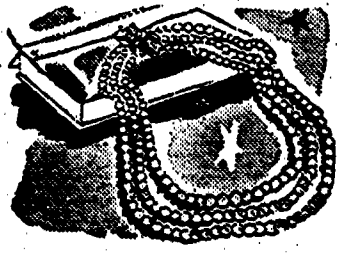

Microscopic life in the soil is apparently very important to the growth of plants. Nitrogen for example, usually in unavailable form in winter, is changed over by bacteria into a form that plants can use. A loose cultivated soil with lots of air in it will offer favorable conditions for the growth of these micro-organisms. Cultivation, therefore, is quite necessary to kill the weeds in the garden and to open up and allow air to penetrate the soil.

Deep cultivation is not particularly valuable. In fact you are very likely to prune the roots of the plants unnecessarily by cultivating deeply. For this reason, shallow cultivation one-half one inch, is far more valuable than deeper cultivation. A scuffle hoe or push cultivator is the best type of tool to use in the average garden. It breaks up the surface of the soil and cuts off the weeds just under the surface without hurting the roots of the crop. Where a horse cultivator is available, rows should be at least three feet apart, and the garden cultivated once a week. Side dress vegetables before cultivating so that fertilizer may be worked into the soil.

For side dressing use a fertilizer like nitrate of soda or perhaps a garden fertilizer with a 5-8-7 analysis at the rate of one pound to about 30 feet of row. Keep the fertilizer in the middle of the row not too close to the plant. Remember that the plant roots will go out and find it.

Bill Davidson of Temple supplied us with a bob-tailed grey kitten. He heard our SOS. Speaking of trout and more trout. Hamilton Dunbar of Amherst showed me some real ones he caught at McNulty's Camp down in Maine at White River Lake. There were ten in the lot, salmon and trout, and all over three pounds each. He had the largest White fish ever to be taken from that lake.

Had a funny one the other day. A farmer asked me to look at his bird houses. He had a lot of them out and only one had ever been used. No wonder; every one faced the north. The used one did face the south.

More boats are reported as stolen in my district. Would like to find out who is doing this.

This last warm spell has started the big snapping turtles to coming out of the water to lay their eggs. They go for the sand bank. When they tell you a skunk has to get its feet on the ground before he can let go his artillery, don't believe it. My son and a friend got peppered a few nights ago when they tried to break a bottle on the head of one of this black and white pussies. He let go all right and his feet were five feet from the ground. Play it safe.

Believe it or not but the other day I got a big box full of match-covers from Clyde Deputy of Mont Vernon, another box from Bessie Merrill, USO of Boston. Did you know that the Mountain Beaver has no tail. This week the home town, Wilton, is a ghost town. All the mills are closed down for a week and

EDITORIAL—

THE NEW TOWN ORDINANCE

Opinion on the new ordinance, in effect July 12, is somewhat divided, more so in the handling of the bus parking question, than in the remaining portion of the ordinance. The one hour parking restrictions in the principal downtown shopping areas is generally considered a long overdue measure to the advantage of both the businessman and the shopper.

The chief objections to the new bus stand is that it is inadequate for the parking of three buses at one time; it deprives this section of the town of 13 to 15 auto parking spaces for the major parts of the day; it is inconvenient for bus travellers, being at a distance from the ticket agencies.

In the winter time, the Island is used for a temporary collection spot for surplus snow and cannot be used as such at present.

Perhaps the ideal solution would be a bus terminal with shelter for passengers, located near the town center, not necessarily on Main Street. There seems to be no such place available.

Unless someone has a better solution, it would be best to give the new ordinance a fair trial.

Hillsboro

Miss Theresa Clement of Lowell, Mass., is spending her vacation with her sister, Mrs. Francis Beard, Depot Street.

Tony Sanduski, Park St., had as visitors over the Fourth, his brother and family of Cohoes, N.Y.

Mrs. Walter Sterling has been named State chairman of the Women's Campaign Committee for Norris Cotton, candidate for Congress. She announced that Atty. Cotton will speak in the Antrim Town Hall, Wednesday, July 17, at 8:00 p.m.

The name of the Eaton Furniture Store was unintentionally left out of the list of merchants who contributed to the articles won by Miss Anna Normandin of Deering at the Penny Sale recently.

Mrs. Fred Jones has arrived at her home in Lower Village for the summer.

Miss Katherine Bliss of Washington, D. C., has arrived at her summer home on Putney Hill for the season. Her brother, Don Bliss, and family, who have been passing a three weeks' vacation at the Bliss cottage, return this week to Tacoma Park, Md.

of July and will then return to her home in this town.

Furniture Prices ?

There are plenty of lamps, divanolas, and some other things. Competition has already reduced wartime prices.

Other production—such as bedroom suites—is several years too late. Such things will be scarce for a long time, even if prices go up.

One thing is certain — increased cost of labor in coal-steel, transportation, and other ways will soon be included in cost of Furniture. We have a big stock on hand — bought before costs increased and selling at the old prices.
