MONADNOCK SECRETARY MISS GLADYS MAY CUDDIHY  
TO GIVE LECTURE JULY 23. WEDS KENNETH E. DRAPER

Mr. Philip M. Darling of Peterboro, the executive secretary of the Monadnock Region Association, will give a lecture illustrated with Kodachrome slides, on the Monadnock Region. This will be held on July 23, at 8:30 p.m., at the home of Miss Mabel C. Turner in Antrim. Anyone who is interested in nature will enjoy this lecture, and a cordial invitation is extended to attend.

This lecture is in connection with the workshop of Biology and Nature which opened June 29, with Richard Headstrom in charge of the field trips and laboratory. In the near future a second lecture will be given.

Ens. Judith Dunlap Pratt, daughter of Mrs. Clara E. Pratt of Antrim, has received her honorable discharge from the Navy. She has had active duty for fifteen months, and is planning to do public health work as her civilian occupation.

Mr. James Kiley of Cambridge, Mass., and Mr. Harry Galvin of Dorchester, Mass., were recent guests of James McQuinn on Highland Ave.

Mr. Andrew Bohm of Roxbury, Mass., was a week-end guest at the McQuinn bungalow.

Mayor Arthur Harriman of New Bedford, Mass., and daughter, Mrs. Sidney Larkin and two children, are spending a week at Ralph Whittemore's.

Mr. and Mrs. John Goguen of Arlington, Mass., were recent guests of Mr. and Mrs. Freeman Clark.

### Old Home Day Floats

Always a popular feature in Hillsboro "Old Home Day" parades, floats picture the business and historical aspects of Hillsboro. Above are floats of the Butler News Store and the Public Service Company of N. H., in the 1941 celebration.

The two gentlemen repairmen driving the team, as it was done in 1898, appear to be no other than Vertner Laughlin and Cedric Gilchrist, whisksers and all.

### SALVATION ARMY DRIVE IN ANTRIM AND VICINITY

The Annual Maintenance Appeal of the Salvation Army is being conducted in Antrim and District, with Mrs. Emma S. Goodell, as Chairman, Archie Swett, as Treasurer and the following local committee: Mrs. George Craghey, Earl X. Cutter, Mrs. F. A. Dunlap, Rev. Donald F. Perron, Charles W. Prentiss, Rev. W. S. Reeve, Thomas M. Smith, Mrs. N. G. Smith. A quota of \$490.00 has been set as the objective of the Campaign and the Chairman, Treasurer and sponsoring committee are confident of success.

Letters of appeal have been mailed to the many friends of the Salvation Army in Antrim.

The National fund will be used to develop building and other facilities for religious, welfare, health, educational and character-building services; to extend the organization's rural welfare service to help provide overseas work with occupation troops, and rehabilitate destroyed or damaged services and facilities in war-torn countries; to further develop Salvation Army prison work and improve personnel training and retirement resources.

### PHONE YOUR CANNING CHAIRMAN FOR ADVICE

"Canning chairman for Hillsboro County," says Miss Myrtie E. Beecher, home demonstration agent, "like to be called when a neighbor is in doubt about canning. Call your chairman," she suggests. Among the county chairmen are: Mrs. Abbie Diamond, Bennington; Miss Almeda Holmes, Deering; Mrs. Hamilton Rumrill, Hillsboro.

Bennington friends are exuberantly sorry to hear that Paul Sears of Antrim, has broken his shoulder.

News has reached town of the death of Mrs. Blanche Bosley. Mrs. Bosley was the daughter of Mr. and Mrs. Guy Keyser, who lived in town for many years. Blanche went to school here, and was married at her parents home here.

Mrs. Ralph Smith has been ill for about a week at her home on Frankestown St.

### ANTRIM

The Molly Aiken chapter D.A.R. will hold its Annual Lawn Party on the Baptist Church common, July 26, from 6:30 to 9:00 p.m. The special feature will be a band concert by the Hillsboro Band, and the usual variety of tables such as, White Elephant, Grabs, Aprons, Fancywork, etc., with refreshments on sale.

Mr. and Mrs. William Hurlin recently spent the week-end in New York.

### MANY TOWN DUMPS RAT INFESTED, REPORT

Employment of full or part time attendants at town dumps is recommended today by Gilman K. Crowell, director of the division of chemistry and sanitation, state health department, in the State Health Bulletin.

Mr. Crowell, asserting that dump grounds are necessary to modern living, declared that paid attendants could prevent dumps from becoming nuisances and serious health hazards.

He said the town and city dump is a perennial problem to which, until recently, city and town fathers have given little attention.

Dumping of garbage or other organic wastes should not be permitted, he said, because the practice leads to rodents and insects, forerunners of disease.

## HILLSBORO VETERANS DAY OLD HOME TOWN WILL NEVER SEE ANOTHER LIKE IT

BY PAUL S. SCRUTON

In the past this town has had some big parades, some gala occasions and more than one world famous circus on the Fair Grounds and at this time, with time fleeting and Saturday, August 3rd, just around the corner we must plan for the "Welcome Home Veterans" occasion and not wait until the night before to think about a float or what we are going to do to help the worthy cause.

A chain is only as strong as its weakest link, and to have a big parade calls for the undivided attention of each individual, who by press the committee requests floats, doing his or her part assures the success of the undertaking.

Through the medium of the press the committee requests "floats", bicycle brigades, "horribles", and hopes that every business, enterprise and shop will start planning NOW on some entry to show our veterans that we have done the best we knew how to give them a deserving welcome home. Records of the past reveal that Hillsboro, on special occasions has been represented by over 100 floats and some 500 people taking part in the line of march with 100 cars and trucks. Lets repeat the performance on a larger scale August 3rd.

We are certain of four bands, the Bektash drum corps and an orchestra but we cannot leave it to the ether fellow to put this parade across in the good old fashioned manner. We have never failed and will not this time.

Will you therefore, in all sincerity, do your bit by entering a float and take some part in the parade. Chairman, Bill Dumais, is as busy as a one armed paper-hanger with the hives and realizes the importance of his job. Lets get some of his enthusiasm and not make this "Too little and too late".

On the street is heard expressions as "We did all the marching we ever will do" "Let George do it" "Not me brother" "My uniform is too small" "Nobody asked me" "So what" but please, fellows, give us a hand now and after its all over we will thank you from the bottom of our hearts.

Senator Styles Bridges is the speaker of the day at Grimes' Field just before the ball game in the afternoon and the parade which starts from Grimes' Field at 10 o'clock will take up the morning's activity. We plan for sports for boys and girls after the Senator has concluded his remarks, and again following the baseball game with Troy. It will be past 5 o'clock before the program is ended. Then at 8 o'clock Mal Hallett's orchestra will furnish music for dancing at the high school until well after 11:45. We have not planned for fireworks (Continued on Page 2)

### "THE CLOTHES LINE"

We are continuing to deal out the ladies' hoisery on the numbers system. As there are over 800 names, it will take some time before everybody's number is drawn. So please be patient if you haven't got yours yet.

Ladies' bathing caps seem to be hard to get and so we made a special point last week when we were in Boston to find some Got a dozen in good quality rubber. \$1

The soldier's "chino" cloth pant was tested by the government to insure its being the coolest and most durable trouser for the Pacific operations. We now have some of these in stock, price \$3.98. A most excellent hot weather work pant.

A straw hat will save a sun stroke. Ask the man who didn't wear one. Farmers' and vacationers' straws . . . 59c.

**A PLEDGE REDEEMED**

American foreign policy—when we have had one—has been a fitful thing to follow during the past five decades as we brandished the big stick, dabbled in dollar diplomacy, rushed to the rescue of disaster victims, tried the role of good neighbor, and fought a couple of world wars.

But for all our waywardness in world affairs, we did hold steadfastly to one great goal—**independence for the people of the Philippine Islands.**

This year has seen the fulfillment of that dream, the honorable redemption of a solemn pledge. The Fourth of July has become Independence Day for the Filipinos, too, for it was on that day that the people of this great archipelago attained full freedom and sovereignty.

Americans can be proud, in this tragic era of imperialism, that we have kept our word, and in so doing, have set an example for the other empires of the world. If the winning of independence by the Filipinos creates grat unrest in colonial areas and strengthens freedom forces wherever Great Power exploitation persists, it will have served a doubly noble purpose.

In our satisfaction at a job well done and a promise honorably kept, we of America cannot lose sight of the fact that we must continue to lend a helping hand to rebuild the Philippines. A strong, democratic economy is the fortress that will guard the political independence of the islands both from within and without.

**MONADNOCK HOSPITAL**  
(Continued from Page 1)

1941, through a \$5,100 subscription shared by Mr. Whiting's widow and Mr. and Mrs. Louis C. Gerry of Dublin, close friends of Mr. Whiting. To participate in the establishment of this memorial Mr. and Mrs. Gerry added \$550 to their previously announced subscription of \$2,000.

"Mr. Whiting was a practical scientist and inventor," Dr. Stewart said. "He is remembered for his research and development of chemical and engineering processes to reclaim waste industrial products. I feel sure he would be pleased at the enduring and useful memorial selection made by his wife and friends."

A benefactress and former member of the Greenville Woman's Club, Mrs. Helen T. Whiting, who died in 1942, is memorialized through the club's subscription of \$1,200 from its treasury to establish a bed in a four-bed room in the pediatrics department. Commenting on the selection of the child care unit, Dr. Stewart said: "Mrs. Whiting's deep interest in children and their welfare is perpetuated for service to the residents of Greenville and the 14 other towns in the hospital's primary area."

Serving as officers of the club during its 50th anniversary year are: Mrs. Ronald I. Harry of Mason, president; Mrs. A. J. Dancause, secretary; and Mrs. William J. Cleary, Jr., treasurer. The club has 75 members.

In announcing two corporation subscriptions to the building fund, Dr. Stewart reported this week's total as \$21,800, including \$18,300 obtained by the memorial gifts committee.

E. C. and W. L. Hopkins, Inc., of Greenfield, subscribed \$2,000 which at the request of the donors will be devoted to general building purposes. Charles R. Hopkins, treasurer of the firm, is also chairman of the recently-organized committee on corporation subscriptions of the building fund and chairman of the hospital's board of corporators.

One bed in a four-bed room on the first floor of the new addition will be created through a subscription of \$1,500 by the Greenville Electric Lighting Company. Judge James C. Taft, president of the hospital, heads the public utility.

**ANTRIM**

Miss Patricia English is on a week's visit with her cousins, Carol and Donald English. She will return to Contocook this week-end.

Mrs. Henry Miner and son, Richard, have returned from a visit in Wolfboro.

**HILLSBORO CLASS OF '46 HOLDS TENTH REUNION**

Fourteen members of an original class of twenty-nine and their guests, held their tenth class reunion at Breezy Point Inn, Sunday, July 14th., with a dinner in the evening.

One minute of silent prayer was held in memory of two classmates, Waldo Beard who lost his life in a truck and train collision on Friday, August 2nd., 1940, and Donald Twitchell, who was drowned in the Contocook River on Monday, April 13th., 1942.

After dinner, each member stood and gave a brief summary of what had taken place in the past ten years since graduating.

Miss Ethel Farley is attending Summer School at Boston, coming home to the Ray's over the weekend. She expects to get her Master's Degree at the end of the course.

Mrs. Webster, of Cleveland, Ohio, is vacationing at her little house opposite the Sherk house on the "Over the Hill Road" to Concord End.

Miss Gladys Lightfoot left Monday morning for Bethel, Conn., after two weeks' vacation in town. She will spend the rest of the month with her sister and family.

Mrs. Edward I. Aim and son, Edward, have followed her husband back to White Plains, N. Y., where they lived before he entered the Service, and his wife and his son came to stay with her parents. Mr. Aim has his former position with a law firm, and they will now make their home in White Plains.

Mrs. Alice Frederick has secured an apartment in Bennington, and has gone there to live, but will continue to carry on her business as usual, in Hillsboro.

Mrs. Gertrude Tucker of Long Beach, Cal., and her brother, Frank E. Gregg, of Topeka, Arizona, are visiting her son, Maurice Barnes and family. Other recent visitors were Mr. and Mrs. Edward Smith, daughter, and friend, Mrs. Anne Hope Skillen and two sons, Milo and Vincent of Georgia, and daughter, Marion, of Concord.

Mrs. Dexter Freeman of Rosewald Farm, is visiting her family on Prince Edward Island.

Miss Josie Liecht is staying at Rosewald for a while.

Harold Livingston of Andover, Mass., called on us en route to Gleason's Falls the last of the week. He misses the Lookout, but is only one of the many.

Veterans Day

as it would conflict with the dance.

We do plan for 5,000 people on that day, many of them are vacationists for miles around and we sincerely hope everybody within a radius of 20 miles will be in town on Saturday, August 3rd. We especially invite Henniker, Wear, Antrim and Deering folks and all the camp boys and girls from Washington, Windsor and Hillsboro to mingle with the home town folks.

Messrs Louis Andrews and Eugene Gunn will care for the food situation at Grimes' Field and this job will call for lots of effort and careful planning but they assure us that nobody will go hungry, which is indeed something in this day and age.

We want to give the World War Veterans a real welcome home, one that will never be forgotten and to pay silent reverent tribute to those home town boys of ours who died that we might enjoy the American way of living.

We have only two short weeks to get ready, prizes are to be awarded for floats, "horribles" and sport events but please be at Grimes' Field on Saturday, August 3rd., with your own ideas and join the parade. Without the cooperation of every individual we cannot solve a difficult problem. Now is the time for action.

We had a town appropriation of \$500, and so far our expenses are over \$900, for four bands, a drum corps, an orchestra and a baseball game. We accept donations gladly but are making no requests personally. Our total expense will be well over \$1,200. Mal Hallett's orchestra \$550.00, Hillsboro, Concord, Peterboro and Wear bands \$100.00 each, drum corps about \$50.00, baseball game about \$30.00 plus, prizes about \$150.00 which include sports events for boys and girls. Then we have to build a stand for our speaker at Grimes' Field, and there are other expenses bound to occur. Nobody is going hungry on that day if we can help it.

We are now planning on a merry-go-round and a ferris-wheel for the kids which will help our expense materially, we hope. We had planned to select a Queen but discussed the matter and agreed that a Queen for Veteran's Day might not meet public approval. We decided instead that those closest of kin of the boys who died in the service should be the honored guests for there is a solemnity to this occasion as well as a joyous home coming for the living.

A decorator will be in town about August first to put the town in a holiday mood and every home is requested to display a flag.

Watch this newspaper for further details regarding the celebration and remember the date, **SATURDAY, AUGUST 3RD.**

Beard Brook swimming pool is the mecca for hundreds of people every week, young and old. Many vacationists also find the place attractive with its cool water fed by underground springs. Some even take their lunches and recline in the shade or take sun-baths on the sandy beach. You can go a little ways for a lot of fun and frolic these days if you go to Beard Brook.

Out of town motorists are finding the parking laws not to their liking from evidence secured during the past week. Some have claimed its better to go to the Upper and Lower Villages to trade where they can find a place to park and shop. Someday this town is going to have a real parking space but where and when. Today its as congested as a can of sardines of pre-war days and just as hard to locate.

**PAUL WILLGEROTH, 83 DIES AT DEERING HOME**

Mr. Paul Willgeroth passed away at his home in Deering, N. H., on Tuesday morning, July 16th., at the age of 83 years. He was a native of Elanchnau, Saxony, Germany, the son of August Willgeroth.

Mr. Willgeroth has lived in Deering for the past 53 years. His wife, Anna (Grund) Willgeroth, passed away twenty-six years ago.

He was a member of Valley Lodge I.O.O.F. for over forty years, and worked as a farmer on one of the most sightly spots in the community.

### NEW HAMPSHIRE CONSERVATION OFFICER

Phone 104 Wilton, N. H.

Ray Whitaker, a Massachusetts Conservation officer, drove into my yard one night last week with two nice big snapping turtles he picked up on the road. More turtle soup.

Selectman James Sheldon of the home town went putting the other night in the river near his home and hooked onto a 4 lb. eel, Jim says fine eating.

Last Saturday night I put a new "Smith" turtle trap in Osgood pond in South Milford and Sunday morning we took out over 75 lbs. of turtle. Two of them went over 30 and 35 each. Here is good eating and every pond is alive with these big fellows. Send to Robert G.

Smith, East Killingley, Conn., and order a trap, \$3.50, and pick out a pond and live on turtle if you can't get meat. Take it from me it's good if properly cooked. Mrs. Perley Cheever of the home town knows how to cook it.

They heard my SOS for stale bread and I got a nice big box from way out in California. My grandson Donald was the sender. Many others came in the past week by mail, express and personal calls.

One night last week Earl Witty and Stewart Doucet, while returning from work, saw a mother skunk and six little ones in the center of the road. They took five of them to the side of the road while the old one and young one beat it. They watched for half an hour and the mother, not returning, they picked them up and brought them to me. Since then I have had a circus with them. Lost them all one night but one and got them back with a small wire trap. They can go through a very small hole. Oh yes, the peke pup got after them in the barn and they can scent! No question about it.

The Glorious Fourth was the most peaceful that we ever saw. No noise at all. Everyone left town.

Can any of our readers tell us where to purchase some real wild Mallard ducks? Have several people that want to buy a few, also some Canadian geese.

Oh, yes, I have nine baby peacocks and hope to raise a few. The old male is shedding his feathers, ten a day. Soon he will be minus his finery.

Here is a veteran of five years service over across. He wants to buy a telescope fish pole. Now that's a big order but some one of you may know where he can get one. Tell us.

Don't forget the Horse Show at the Austin Farm, West Wilton, July 14. Plenty of horses. Many coming from Mass.

Sen. Cummings of Lyndeboro sent me an SOS to come and get nine pheasant eggs that he disturbed with a mowing machine. Two eggs were broken. This nest was in the deep grass and within seven feet of a well traveled road. We hope to salvage a few chicks.

One night last week we sat in with 224 more people to a fine supper in the Congregational vestry at Peterboro. It was to explain the needs of the Peterboro hospital now to be known as the Monadnock Community hospital. There were representatives from 19 towns which the hospital now serves. It's

a nice hospital as I was there a week last year. Wonderful care.

Here is good news to you people that like good summer theater plays. Starting July 10, and through Aug. 27, the Peterboro Players, (Stearns Farm). They will be glad to send you a program.

The bass season is now wide open and the legal length is nine inches and the limit for a day is 10 lbs. Many a fine string has been taken in the past week.

Speaking of trout, the best string I saw last week was taken by Rev. Harold Frye in a small back woods brook. One beautiful fish.

Ever see a boat made out of two oil barrels? Well, I saw one last Sunday at Oter Lake and they had an outboard attached to it. It looked like two pontoons like on a plane.

This is the year of unusual things. I have seen people pout and pickering fishing this year that never fished before and never bought a license before. As one man expressed it, Got to eat.

Ever visit the Lawnmower hospital at Amherst? Well it's some place and one day I was there. He had 88 sick machines to doctor up. I guess it made him sick to think of it.

I had begun to think that the motorcycles were a thing of the past, but when I met between 40 and 50 in one string the other night I changed my mind. Very few in our section now. People have dropped the motorcycle and taking up with the saddle horse.

Now that the holidays are over we will get back to normal again. I guess every summer cottage in my district was open over the 4th.

Several more small row boats have disappeared from their moorings and gone where we know not. It's going to be too bad if we catch up with some of these fellows that borrow and forget to bring them back. There is plenty of law and we are to use it.

Mrs. Marian Bosley of East Jaffrey sends me a beautiful specimen of a moth or butterfly. It's official name is a foot long. A beautiful insect.

To settle an argument. The official length of a small mouth bass is nine inches and the daily limit is ten bass. See your law book, page 5. Open season after July 1.

So many Horse Shows we can't keep track of them. The Saddle horse is back and a very popular animal just at present.

Never have we seen so many new gadgets for hunting and fishing as were advertised in all the sporting magazines for July. One new one on me. A firm is offering to sell a liquid to sprinkle on your lawn and the worms come popping out to see what it's all about. Guess the fishermen would like some of this as the worm market is out and it's hard to find any, the ground is so dry. Then the electric machine that also pops them out of the ground.

In answer to a letter from out of my district. Yes, slingshots are out and we pick them up where found and destroy them. Second offense is a different story.

The old fox bunter doesn't like this new law declaring foxes to be vermin and can be taken at any time of the year. On the other hand the poultry men rejoice in the new law and then the fruit men say that when foxes are plenty they have no trouble with mice eating their trees. Nope, you can't satisfy them all.

More bad accidents with the .22 cal. rifle. In the good old days a .22 was a boy's plaything. Now with the modern shells a .22 will kill at half a mile and is no plaything. Keep guns away from boys unless

they know how to handle them. We are pained to note the many fatal accidents in the past two weeks.

Now is the time to get after that poison ivy with Rid, sold by Koebler Co., Walpole, Mass. No, I am not an agent, just a guy that found it to be good.

Yes, it's unlawful to take fish from one pond and plant them in another without the permit of the Director of the Fish and Game Dept. He wants to know about this planting.

It's also unlawful to use goldfish for bait or to plant in any waters of the state. Goldfish are carp and very bad to stock any waters with heavy fine. This will answer a letter received one day last week unsigned.

Several people last week called up my house and would not talk with my wife or anyone but me. Later they called again and anyone of my household could have answered the question. So if you call again be sure to talk with her. She knows all the answers as well as myself.

Had some out of state men call on me one day last week and when they saw the many kinds of pheasant, duck, peacock feathers they were wild. They were fly tiers and you can imagine just how they acted. I sent them off with a good supply of tying material.

This year people are eating things they never dreamed of eating a few years ago. Horsemeat, woodchuck, frogs' legs, eels, and fish of all kinds. Why one man said he had a 40-gal. crock filled with suckers for next winter's consumption.

Our CLASSIFIED SECTION is one of the best for weeklies in the state. Let us help you use it.

### but BALLANTINE Ale always means: Purity, Body, Flavor

There's the trip that gives you a jar . . . the trip you take in your car. Trip, with its double meaning, is a word that can fool you.

But not Ballantine! Ballantine always means PURITY, BODY, FLAVOR . . . the qualities symbolized by Peter Ballantine's famous trade mark, the 3 rings. Next time, make yours Ballantine.

There's no wheat in ale or beer

... the beverages of moderation

Wheat is needed to feed the world's hungry people. During the present emergency, here are three ways in which we can all co-operate with the President's Famine Emergency Committee:

1. Save and share wheat and fat products . . . Go light on all foods that take wheat, fats and oils—save breads, macaroni, cakes, cookies, pastries and deep-fried foods. Use drippings for pan-frying. Save salad oil—use boiled dressings.
2. Buy and serve more plentiful foods . . . Balance diets with the more plentiful foods, such as potatoes, fresh fruits and vegetables.
3. Waste NO food . . . Dress up today's leftovers for tomorrow. Make every crust count with melba toast, crumb-toppings, bread puddings and stuffings. Take no more than you can eat. Clean your plate. Turn in unusable fat salvage promptly.

**STATE OF NEW HAMPSHIRE**  
 Hillsborough, ss. Court of Probate  
 To all persons interested in the estate of Wilbur H. Eaton late of Fitchburg, in the County of Worcester, and State of Massachusetts.  
 Whereas Malita S. Eaton of Fitchburg, in the County of Worcester, and the state of Massachusetts, Executrix of the will of said deceased, has filed in the Probate Office for said County of Hillsborough her petition to file an authenticated copy of the will of the said:

Willie H. Eaton under the provisions of Chapter 351, Section 13, of the Revised Laws of said State of New Hampshire, the said petition being open for examination by all parties interested.

You are hereby cited to appear at a Court of Probate to be holden at Manchester in said County, on the 20th day of August next, to show cause, if any you have, why the same should not be allowed.

Said Executrix is ordered to serve this citation by causing the same to be published once each week for three successive weeks in the Hillsboro Messenger, a newspaper printed at Hillsborough, in said County, the last publication to be at least seven days before said Court, and by causing a copy of said petition and order thereon to be served upon the State Treasurer fourteen days at least before said Court.

Given at Nashua, in said County, this 6th day of July, A.D. 1946.

By order of the Court,  
**WILFRED J. BOISCLAIR**,

## GRANITE STATE GARDENER

by J. R. HEPLER

I have the following inquiry from Beanhington, New Hampshire which brings up an old and yet an important problem.

"I planted some pop corn and sweet corn next to each other. My neighbors tell me that the pop corn and the sweet corn will cross and neither one of them will be good for anything. I am very anxious not to spoil my sweet corn and would much prefer to pull up the pop corn than to take a chance on spoiling the sweet corn. What should I do about it?"

There is no doubt about the fact that all kinds of corn will cross pollinate very readily and that corn pollen is worthless and of sweet corn pollinated with pop course the opposite is true too and yet I have grown field corn, sweet corn, and pop corn side by side year after year without getting into trouble. Why? Because I planted them in such a way that the pollen matures at different times. Say you have an early variety of pop corn and plant it early, then you can plant at the same time a late variety of field corn and a medium to late variety of sweet corn and there will

**EXECUTOR'S NOTICE**  
 The subscriber gives notice that she has been duly appointed Executrix of the Will of Ralph G. Smith, late of Hillsborough, in the County of Hillsboro, deceased.

**STATE OF NEW HAMPSHIRE**  
 Hillsborough, ss. Court of Probate  
 To the heirs at law of the estate of Warren P. Grimes, late of Hillsborough, in said County, deceased, testate, and to all others interested therein:

Whereas Harriet M. Grimes, executrix of the last will and testament of said deceased has filed in the Probate Office for said County the corrected first account of her administration of said estate:

You are hereby cited to appear at a Court of Probate to be holden at Hillsborough in said County, on the 26th day of July, inst., to show cause, if any you have, why the same should not be allowed.

Said executrix is ordered to serve this citation by causing the same to be published once each week for three successive weeks in the Hillsborough Messenger, a newspaper printed at Hillsborough in said County, the last publication to be at least seven days before said Court.

Given at Nashua in said County, the first day of July, A. D. 1946.  
 By order of the Court,  
**Wilfred J. Boisclair**,  
 Register.

be very little crossing. But if any two of them should mature their pollen about the same time there will be trouble.

Now to answer the query as to whether the man should pull up his pop corn, I should say so. I would watch carefully to see when the pollen ripens and if the pollen of both the sweet corn and the pop corn ripen at the same time I would cut the tassels off the pop corn plant. Then the pop corn will be pollinated by sweet corn pollen. It will be worthless for pop corn, but can be used for feeding animals or hens.

The period of pollination for corn usually lasts from two to four days. If the tassels appear about the same time on both pop corn and sweet corn the chances are that they will mature about the same time, but if one or the other comes out definitely in advance there is not much cause to worry.
