SEEK \$1,000,000 FOR NEW CONCORD HOSPITAL

As the above perspective drawing illustrates, the most advanced principles of functional hospital design have been incorporated by the architects, Coolidge Shepley Bullfinch and Abbott of Boston, in the plans for the new Concord Hospital, for which a \$1,000,000 building fund program is in progress. This medical center, to be located on Pleasant Street at the extension of Franklin Street, will be able to care for 221 patients and 36 newborn babies, a capacity of 40 percent greater than the combined accommodations of the existing New Hampshire Memorial and Margaret Pillsbury units. The main building consists of a central structure from which radiate four, six-story wings. This

cross-shaped plan provides for the housing of most of the administrative and technical services in the hub section and the placing of principal departments and patients' rooms in the wings for a maximum of sunlight and air. Outstanding features include an air-conditioned surgical department with five major operating rooms, an obstetrical wing, also air-conditioned, spacious children's, maternity and out-patient sections, a large emergency unit and the most modern facilities for x-ray and laboratory work. The four-story school of nursing and nurses' residence, shown at left, will be an important educational feature of New Hampshire's largest general hospital of the voluntary type.

Including residents of Hillsboro and vicinity, a citizens' committee of more than 250 men and women from Concord and 31 neighboring towns served by Concord Hospital met at the Eagle Hotel, Concord, Monday night and sponsored a project to raise \$1,000,000 by popular subscription toward the construction of the new medical center which is to succeed the Margaret Pillsbury and New Hampshire Memorial units of the hospital.

Mr. Langley stressed the distinct economies of operation which will result from the establishment of a single large hospital. All departments, he pointed out, will be one in number instead of two, with important savings in personnel and equipment. Improved supervision and more efficient care also will follow, he maintained.

The building fund movement will be conducted in two stages, it was explained at the meeting. During the first period, committees which are now being appointed will present the need for the greater hospital to individuals, families and corporations. Several months from now a general public campaign for subscriptions will be made throughout the entire area served by the hospital.

Members of the Citizens' Committee in Hillsboro are: George W. Boynton, Dr. Eugene Chamberlin, Dr. Mildred Chamberlin, John S. Childs, George Gould, Mrs. Warren P. Grimes, and Frederick A. Lundberg; in Antrim: Mrs. D. H. Goodell, Hugh Graham, William H. Hurlin, Robert Jameson, H. W. Johnson, Archie M. Swett and Mrs. Guy D. Tibbetts; in Bennington: Colonel Arthur J. Pierce and Arthur F. Bell; in Deering: Dr. Daniel A. Poling; in Henniker: Dr. Francis Brown, Warren C. Brown, Fred T. Connor, Mrs. James W. Doon, Alfred L. French, Harry L. PHILIP JACKSON WOODBURY WEDS MARY ELIZABETH DAY

The Unitarian church Peterboro, most artistically decorated with white gladioli, palms and smilax with fall candelabras in the background, and filled with relatives and friends, was the setting for a lovely 4 o'clock wedding Saturday, Sept. 7, when Miss Mary Elizabeth Day, daughter of Rev. and Mrs. Richard Allen Day of Peterboro, was united in marriage to Philip Jackson Woodbury, son of Mr. and Mrs. Philip Woodbury of Hillsboro, the father of the bride performing the double ring ceremony.

As the strains from Lohengrin were heard from the pipe organ played by Mrs. John E. Cass, the bridal party came down the aisle, the bridesmaids, single file preceded by the ushers.

The bride was given in marriage by her brother, Richard Allen Day, Jr., wore her maternal great, great grandmother's wedding gown which was first worn in the year 1836 and again worn by the bride's mother on her wedding day in 1923. It was of heavy ivory satin embellished with rosepoint lace, with full skirt and off the shoulder bodice. The tulle veil with a short train, was attached to a coronet of heirloom rosepoint lace. She carried a shower bouquet of white roses and maiden hair fern.

Mrs. Richard Allen Day, Jr., was her sister-in-law's matron of honor and she was attired in her own wedding gown.

Richard Sawyer of Boston, a classmate of the groom at Proctor academy, was best man.

Immediately following the ceremony, a reception attended by more than 450 people, was held at the Peterboro Golf Club.

After a short wedding trip, the young couple will reside in their recently purchased home at the corner of Pine and Granite streets. Mrs. Woodbury was graduated from Peterboro high school in the class of 1945 and attended Colby Junior College, New London, last year. The groom was graduated from Proctor academy and was in the Marines for three years.

Guests from out of town for the wedding came from all the New England states as well as from New York, New Jersey, California, Texas, and Washington, D. C.

10:45 A. M. — Service of worship and sermon on, "What are My Abilities?" Do we make close enough an examination of our abilities to walk in the life we are living? Do we even stop to consider what abilities we actually need for our work and our play? Religion is one of the lights that we need to show us our needs. Come and let us learn from God how to live and how to use our abilities.

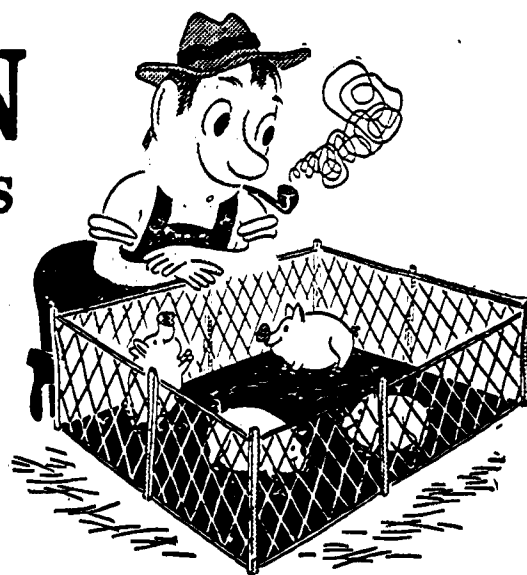

I loved, I suffered, I served, and on the hill of Calvary I gave my all that a world might know God. I lived as God would have you live. Have you forgotten me?

The Fortnightly Club met at Jonesmere last Thursday evening.

The new President, Mrs. Frank Orser called this first meeting of the new season to order. There were 12 members and guests present. The subject of the program was Sweden and the President read a most interesting article on the subject which was selected to honor one of the members, Mrs. Anton Johnson, who anticipates a visit there to her old home early in October. Members responded to the roll call with items about September's flower and precious stone, the aster and the amethyst.

The hostess, Mrs. Irving E. Jones, served home made cookies, for which she has a wide reputation, ice-cream and coffee. Such a delightful evening was had that the meeting did not break up until almost eleven. Mrs. Jones' brother, Mr. Andrew Carr, assisted by entertaining the men who drove their wives to the meeting. The next meeting of the Club will be at the home of Mrs. Fred Gibson, Thursday evening, October 26, at 7:30 p. m.

Mr. Jerry Doyle has some very attractive looking hay which it is understood he will give to anyone who will cut it.

The Franklin Pierce Homestead is open daily and will be until October 15th. Miss Mary Pierce reports that visitors increase considerably these fine days. It is astonishing too the distance from which some of them come to see this fine example of early American history. We of Hillsboro should be proud to have such a landmark in our midst.

Horseback riding continues to be a favorite pastime with Lower Village prize riders. These young people look most attractive going along the road in their bright colored wool jackets. Even the horses seem to enjoy the daily trips.

Mrs. Charles Leedham, Mr. and Mrs. Fred W. Leedham have just returned from an extended motor trip to Baltimore and Washington. They report a very fine time.

The 1830 House has closed for the season until next June. Mrs. Peggy Fitzsimmons reports a most successful season, a lot of hard work and much enjoyment.

The foliage is just beginning in Lower Village and several out of town photographers have been seen stopping on the roads. The coloring seems to be very high up and quite spectacular.

Mr. and Mrs. George Goodsell have returned to their home in Dorchester after a two week's visit with Mr. and Mrs. Morris White.

NEW ENGLAND COLLEGE
LOCATED IN HENNIKER
TO BEGIN SEPTEMBER 30

New England College at Henniker, New Hampshire, announces its opening on September 30, 1946, under the direction of Walter H. Tillett as president with a staff of experienced educators. The Dean of the new College is Charles M. Weber, a graduate of Colgate College and Cornell University Law School. He has been discharged recently from the Navy.

On the teaching staff also is Rev. Milo Farmer, minister of the Methodist Church of Hillsboro, and Boone D. Tillett, formerly of the University of Maryland and Hofstra College in New York. N. Y. faculties. Henry Cunningham, Jr., a resident of Henniker, is business manager and comptroller.

The College will conduct classes temporarily in the Town Hall and the Academy Hall in Henniker, which are being remodeled and enlarged to provide class rooms and laboratories. The Henniker Inn will accommodate some students. Others will be taken care of by local residents in their homes.

New England College will offer courses on both the high school and college level. A two-year high school program covering the last two years of high school is offered along with a special concentrated course in high school subjects to meet the requirements of students for admission to professional schools which may require more than the usual high school entrance units for admission.

On the College level, the College will provide the first year of the usual liberal arts program leading to the B.A. or B.S. degree. In addition, the College will provide a special two-year terminal course in business subjects and pre-professional subjects. The business subjects will prepare the student for entrance into that field at the end of two years of College training if he chooses to go directly into industry. However, if the student elects to combine his College courses he may secure the A.B. or B.S. degrees in an additional two years of study. An increasing number of veterans are seeking a two year terminal course in business subjects such as accounting, finance, management, marketing, and industrial administration in order to enter business earlier than they would if they pursued a degree course. They have through the two-year business program all of the business subjects they could get in a four-year degree program. Recognizing this need, the College has instituted a two-year business subjects program for veterans.

Funeral services were held in the Presbyterian church, Sunday afternoon at 2:30 o'clock. Rev. Warren Reeves, pastor, officiated. Burial was in the North Branch cemetery. Woodbury Funeral Home was in charge of arrangements. Rev. Warren Reeves was assisted by Rev. Harrison Packard at the services. Mrs. Gertrude Thornton was organist and Mrs. Vera Butterfield was soloist. Bearers were Ross Roberts, Everett N. Davis, Archie Swett, and Herbert E. Wilson. Representatives of the Waverley Lodge I. O. O. F. attended in a group.

The Granite Fish and Game club of Milford have elected new officers for the coming year. Charles Willlette is again president with a strong list of officials to help him. The next big event of this club is the clambake on Sept. 22, at their clubhouse in the Osgood district. 18 new members were taken in at the last meeting.

You have heard of the expression "The Cat Came Back". Well in this case it was the deer that came back after being absent 2½ weeks. The little buck deer Bambi at the Hayward Freezer plant Milford, went over the fence when a tractor came too close to his pen. He was gone two weeks and a half. He was seen many times but not too close to his pen. A few days ago one of the men at the Freezer Plant went out and offered Bambi a Chesterfield and he came right up and into his pen without an argument. The Chesterfield Cigarette Co., please note.

Canadian Geese are flying in all directions just now. Geese of this breed do not mate till the third year so these youngsters one and two years old fly in all directions at all times during the summer and fall.

Fruit men report that a large number of quillpigs are invading their orchards. They go up a tree cut off a branch with a number of apples on it. Back down the tree and eat the apples.

Here is one for the book. John Dolliver, South Lyndeboro, set a trap for a quillpig and the next morning he found a woods grey fox in the trap. This was set in a cornfield. Did you ever hear of such a case? To catch a fox you have to use gloves and take great care in setting the trap.

Quillpigs tear down the corn stocks and make a big mess. Raccoons do not tear down but eat from the ear.

I guess I am licked this season for getting a big black snake over six feet long. Have heard of them this season but have not been able to send one to my doubting friends at the Harvard College Lab.

WHAT HAPPENED TO MY NEWSPAPER TODAY?

Because of Strikes, the still acute shortage of Newsprint and other conditions beyond our control, we may fail to receive one paper or another, or perhaps only part of the sections of a Sunday paper will arrive. When this happens, the demand on the papers we do have, far exceed the supply.

Perhaps you may not get yours, or at least only part of it, but don't blame your newsboy. He is giving you all we have received. We know how disappointing it is, and how much your paper means to you and we are doing our best to see that you get the paper you want, when you want it.

If you are going to be away, or don't want your papers and magazines, won't you please tell us so that someone else may have them?

We thank you for your patronage and will continue to serve you in the fairest and best way possible.
