Lower Village

Miss Mary K. Pierce Correspondent

Mr. and Mrs. Roy Sanborn of Bridgeport, Conn., were week-end guests of Mr. and Mrs. William Manahan. Mrs. Elmar Evans substituted last week for Mrs. Georgianna Gile, who is ill. Our village extends sympathy to Mrs. Gile and hopes she will soon be again with us. The Fortnightly Club met Thursday evening, May 8, with Mrs. David Murphy, in her home on the turnpike. There was a large attendance of members. The project of furnishing the Pierce Mansion was discussed. It was decided to approach the Junior Fortnightly and solicit aid in this undertaking. Also for both clubs to sponsor a community meeting with a speaker to explain the plans of the Federation of Women's Clubs. Pine Hill Cemetery again received attention. The club assigned Monday, May 26th as "clean up" day. Everyone, men, women and children who are interested in the old cemetery are requested to devote the day of May 26 to cutting grass, destroying weeds and picking up dead pieces of wood from the lots. Please bring lunch and plan to start work in the cemetery. Mr. Harold Duefield is expected home from the hospital the first of the week.

Mr. Edward Jones is spending his vacation at "Jonesmere" his summer home. He will remain until Sunday, May 18th. On Sunday, Mother's Day, there were several family gatherings in the village. Mr. Edward Campbell of Manchester visited, during the week, his sister, Mrs. Bessie Broadee. Miss Jeanette Hurd and Mrs. Alice, Jeanette of Medford, Mass., with their guest, Miss Dorothy Bird, were guests of Mrs. A. C. A. Perk on Sunday afternoon. A surprise stork shower was held on May 8th. for Mrs. Ronald Lacey and Mrs. Maurice French at the Fuller Hall in the Upper Village. The guests of honor received many nice and useful gifts. There were about 30 guests present. A good time was enjoyed by all. Refreshments were served by the hostesses, Mrs. Eva Benware, Mrs. Marney Camara, Mrs. Alice Sweeney and Mrs. Veletta Swett.

Yes, dear — I'll Cook the COOL Way—

with ELECTRICITY!

Am I a happy woman! Most any day now I'll get my new automatic electric range. Won't that be wonderful? It'll never heat up my kitchen, because it's flameless. It'll be clean and safe and odorless — and I can set the dials and it will cook delicious meals while I read a book or go to the movies! That's why I waited for my beautiful Electric Range. And the cost to operate? Very, very low... lower than fuels that don't have electricity's big advantage! Yes, I'm going to begin to...

Live ELECTRICALLY —
and enjoy the DIFFERENCE!

You would foot the bill!

Look out! There's another big railroad wage demand headed your way!

The non-operating unions alone — whose members do not actually operate trains — are demanding a flat increase of 20 cents an hour. These demands would cost the railroads of the country five hundred sixty-eight million dollars a year!

Last year these employes had an increase of 18½ cents an hour. This was their third major wage increase since 1939. Their average weekly pay has gone up 75%, as against a cost-of-living rise of 54%.

Since 1939, railroad wage and material costs have gone up more than three times as much as freight rates, and five times as much as passenger fares. That is why in

1946, with the largest peacetime traffic in history, the net income of railroads went down to the equivalent of only 2¼% of the net property investment.

What About 1947?

Even with the recent freight rate increase, preliminary figures indicate that the railroads will make only about the same low return in 1947 as in 1946. This will be because: —the wage increase made in 1946 will be in effect for all of 1947;

—special payroll taxes on railroads have recently been increased; —and passenger traffic has declined.

Where Would the Money Come From?

We can't pay out what we don't take in. And we are not taking in enough now to meet present costs and to complete the improvements in service that you need and that we want to give you.

You Would Foot the Bill!

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

"Duel in the Sun" Comes To The Capitol, Sunday

HILLSBORO — One of the greatest motion pictures which Hollywood has produced is David O. Selznick's long awaited Technicolor production, "Duel in the Sun," which comes to the Capitol theatre on Sunday for three days.

"Duel in the Sun" is spectacular in every way. It's the story of huge and tremendous human conflict. The story tells of a land baron, his devoted but unhappy wife, his two sons, one of weak character, the other of strong will and purpose — and of a half-breed girl who comes to live with them.

From a standpoint of money expended, "Duel" is one of the most costly pictures ever made in Hollywood, topping the budget of even "Gone With the Wind." It has cost in excess of \$5,000,000, in contrast to the \$4,000,000 cost of "Gone With the Wind."

The cast of "Duel" includes such stars as Jennifer Jones, Joseph Cotton, Gregory Peck, Lionel Barrymore, Herbert Marshall, Walter Houston, Charles Bickford, Tilly

Now or a little later you will take out your cellar window to air off the cellar. Be sure to put the screens in as soon as you take out the windows. Many a stray cat, skunk, snakes, woodchucks and rats get into the cellar before the screens are put in. Cats and skunks are easy to get out. Just lay a plank (not too steep) from the window to the bottom of the cellar and they will come out themselves.

"Silver Ranch" at East Jaffrey has just got out a nifty little circular highly illustrated advertising their farm for a "Horsey vacation." As an added attraction they tell you about their own "Airpark." Better send for one of their circulars. They're good.

The weather man was not good to the fishermen on the opening day this year. Hundreds were out despite the heavy cold rain. We saw only two limit catches that day. Seen quite a few since. Forty-two fishermen were at the little pond in West Wilton and most of them had a few.

The contest at the High school was good. Two boys, David Young and Donald Awde had the two best trout, single and catch. Miss Lorraine Milne, last year's winner, was a close second. A fine breakfast for us all by the Instructor, Miss Dorothy Vigue. Principal Paire reports no one absent that morning. Sure we were all there. Conservation Officer Daniels of Milford, Chester Davis of Manchester, Conrad LaFrance of Nashua, N. Grant MacKenzie of Wilton. Davis and LaFrance took many pictures.

Talk about your swell boats. The Police Dept. at Peterboro have a new Hudson car for the special use of Chief Picard and his department. Right on the side is printed in big letters that you can't dispute. Peterborough Police. No wonder Chief Picard has the smile that won't come off.

The Lawn mower hospital at Amherst have some nice terrier puppies for your consideration. This little notice will answer at least ten letters received last week. Check on them if interested.

Dr. Bullfinch of Manchester was in town Saturday night last and took 450 lbs. of tin foil to be sent to the Shriners Hospital at Springfield, Mass., there to be ground up, melted and made into articles to be sold for the benefit of the crippled children. This tin foil has been sent to me by many interested people in the past few weeks.

Last Sunday the Peterboro Fly Casting Club were obliged to curtail their clean up lay and had to adjourn to the village for their lobster supper. Sorry I was unable to be with them.

One night last week I had an SOS from Mr. Varnum who lives near Zepher Lake in Greenfield, that a car had hit and killed a big beaver. Going up, the beaver had gone but not far. He had a broken hind leg and a broken back but he was able to crawl into a swamp and the only thing to do was to go in and get him which I did shoes and all. The beaver was a 48 pounder and lived but a short time. A party from Bennington called at my house later in the evening and reported the accident. They said the animal was in the center of the road and they could not help hitting him. And were they sorry.

This same beaver the next day I had Joe Gagnon come down and take off the pelt. In just one hour and twenty minutes the hide was off and nailed up on the barn door with hundreds of nails to keep it in place. Joe says a beaver is the hardest animal to skin. I believe him.

The Granite Fish and Game club of Milford are all set for a turtle soup supper some time later. They have three turtle traps and Ray Cluette is to be in charge of them. Order your turtle soup early, standing room at a premium. This same Club had a very important meeting last Friday night. This Club has loaned the Federated Sportsmen's Club \$100 to help put a big sportsmen's show some time this summer at Allentown. George Koski, president of the New Ipswich Club, was the guest speaker. The ladies served dainty refreshments. Many were present from out of town.

There won't be many woodchucks left in this neck of the woods. Joe Gagnon and two friends from Manchester have bagged over 40 in the past few weeks. Joe is a licensed guide and he knows where all the chucks are and were.

There is to be no open season on beaver in 1947. Some one phoned me from over the line for information on the subject. No, you can't trap or shoot without a special permit from the Director.

I have several letters from sum-

The Woman's Club met Tuesday afternoon at the parish house with the president, Miss Anna Childs, presiding. Miss Augusta Schwenker was elected delegate to the annual Federation meeting in Concord, next week and Mrs. Alfred Colby was elected alternate. Dr. Howard Jones, president of Plymouth Teachers College, spoke on "Education in America." He was introduced by Mrs. Joseph Cox, chairman of the Civics department. Refreshments were served by the hostesses, Mrs. Nettie Felch, Mrs. Anna Barrington, Mrs. Louise Adlington and Mrs. Levi French.

Sewell Huntington quietly observed his 91st birthday on Monday, May 5, at the home of his daughter, Mrs. Sharon Jameson. Mr. Huntington is in good health, and is not only keenly interested in present day affairs, but calls to mind many an incident in the "good old days." He has one daughter, Mrs. Jameson, seven grandchildren and three great grandchildren.

Bear Hill Grange met Tuesday evening with the master, Fred T. Connor, presiding. The program was presented by the women in charge of Mrs. Carl Bennett and consisted of a piano solo by Mrs. Guy Jones; quiz by Mrs. Leon Cooper; accordion solo, Miss Evelyn Champagne; vocal solo, Mrs. Willis Munsey; special feature, Mrs. Lester Connor; essay, "Heroes of Bataan," by Mrs. Gertrude Blackman. The memorial service will be conducted at the next meeting in charge of the chaplain, Mrs. Leon Cooper.

Charles J. Burnham was high scorer at the whist party held by Bear Hill Grange on Monday evening. Other prize winners were Albert S. Rush, Mrs. R. N. Farley and Lawrence Pike.

PROPOSAL TO BUILD 1000 NEW LOCAL RENTAL UNITS IN STATE UP FOR CONSIDERATION

Legislation which is designed to build immediately 100 low rent housing units in the state at an average cost of \$7000 each and with a maximum state contribution of \$245,000 per year, is currently before the General Court with an excellent chance of passage. This plan is contained in House Bill 440, which was drawn up by the Governor's Advisory Housing Committee, appointed last October. Two other housing bills, one drawn by the committee and one endorsed by it, are likely to be passed.

Low rentals (House Bill 440 is worked out on a basis of about \$30 per month) are to be effected by three methods: First, state credit is to be pledged in guaranteeing short term loans for the construction of housing projects, thereby giving builders a lower rate of interest than is possible for private enterprises; second, the state

agrees to pay subsidies up to 3 1/2 percent on the cost of each development to assist the builders in paying off their loans and interest; third, projects are to be tax free locally, with a provision that the builders may pay up to 10 percent of the rents received to the community if they wish.

While a maximum cost to the state of \$245,000 (3 1/2 percent on 100 units costing \$7000 each) is written into the bill, sponsors estimate that the annual yearly cost will actually be between \$50,000 and \$75,000.

In general the steps in achieving this low cost housing would be:

1. Cities and towns needing such housing set up local Housing Authorities under existing or contemplated law. These authorities draw up tentative plans.
2. Plans are submitted to a State Housing Board for approval. This Board then guarantees temporary loans necessary to build the housing project. It also supervises the construction.
3. When the project is completed, it is contemplated that the temporary loan be replaced by an issue of long term securities to be

bought by private investors. Paying off the interest and principal on these securities would be done from rents collected, plus a subsidy from the state of up to 3 1/2 percent, for a period not to exceed 45 years.

For the most part control of each project and decisions regarding it would rest with the local Authority. It would decide on the number and type of units needed, the letting of contracts, the details of financing and operating and the rents to be charged. Whether rents are to be on a sliding scale, or uniform would be determined locally. The state comes into the picture in matters of over-all approval and of construction, primarily to see to it that its credit and investment are not abused. Also, projects are to be so constructed that they meet federal specifications and may be

transferred to federal subsidization when and if that should become available. Veterans are to receive preference.

Before drawing up this bill the committee conducted an extensive investigation. Some of the findings they produced are these: There are currently 4500 families in need of housing in the state, 4000 of them in urban areas; New Hampshire has a long term need of 20,000 new units; over half of the state's families rent and prefer to rent; of these, one out of three is now in sub-standard quarters; construction costs, with or without rent ceilings, make it impossible for private concerns to erect low-cost housing at this time; housing is essentially a community problem; the state needs more housing if it is to attract new industry.

ed to date against the wide-spread enthusiasm for the committee's proposition. There is no denying that there is a critical need for new housing and that some action must be taken immediately to answer it. There are arguments against this bill; Local Authorities will face the same material shortages as do private builders—you can't build houses in a time of shortages just by passing laws; the probable effect of the bill will be to slow down or stop private construction since it cannot compete and since many private builders will be employed on municipal project—therefore the total units built in a year may not increase substantially; there appear to be insufficient safeguards in the bill for private enterprise, leaving a danger of further permanent en-

NEWS FROM OUR FILES

FIFTEEN YEARS AGO

Carl Harrington, well known in local dramatic circles is to play the lead in "The College Flapper", for the benefit of Hillsboro Grange.

Priscilla Whitney, little daughter of Mr. and Mrs. Arthur Whitney, who was taken to the hospital this week for appendicitis, is gaining in health daily.

Miss Edna Johnson of Windsor is teaching in South Acworth.

The honors for the high school graduates were given out this week and are as follows: Valedictorian, Barbara Severance; Salutatorian, Evelyn Cranton; Class History, Andrew Crocker; Class Will, Donald Bonnette; Class Prophecy, Elizabeth Sargent; Class Oration, Roland Taylor; Class Ode, Olive Duval.

TWENTY YEARS AGO

On Monday, May 2, the drug store owned by E. W. Hancock was sold to Charles W. Wallace of Lakeport.

Putnam Russell, one of Hillsboro's oldest citizens, died at his home on Park street on May 2. Mr. Russell who was in his 83rd year, conducted a grain and grocery store in town and was also in the restaurant business a few years.

Edward Willgeroth of Deering, accompanied by Prof. Richardson of the U. of N. H., visited his father at Mt. View farm recently.

Mr. and Mrs. Ernest McClure and little daughter of Dorchester, spent the week-end at Bide-A-Wee at Antrim Branch.

Frank Gay may be the first to have the date of his corn planting put in the Messenger, but his 80 year old rival, Mrs. Almira Watson, was the first to get her corn into the ground, planting it herself on April 19th. She also planted potatoes and other vegetables.

FORTY YEARS AGO

The tax rate in Washington for 1907 is \$1.70 on \$100.

Charles Russell of Upper Village was at the old place here last Sunday. He has made between two and three hundred gallons of maple syrup this season, taking up his buckets on Fast Day.

Ellenwood, the milkman, is serving his customers in a new milk wagon or one with a new coat of

paint. Windsor — Not much planting done here yet. Twenty-six degrees above zero May 5.

It has been so cold and backward that the trees have not leaved out very much, in fact some of them show very little signs of budding.

Frank D. Gay is driving a new span hitched to a fancy two wheel dog cart. He drives without reins and his familiar "gee" and "haw" can be heard at all times.

IMPROVEMENT CLUB

Guest night celebrated by the Improvement Club of Hope Rebekah Lodge on Tuesday, was well attended.

A covered dish supper was served in Odd Fellows dining room at tables decorated with pussy willows, jonquills and candles. The program included a piano duet by Mrs. Margaret Eaton and Mrs. Belle Weber; a group of songs by Mrs. Harrison Baldwin and Mrs. Henry Martin; and a talk on "Sweden" illustrated with moving pictures in color, by Miss Edna Johnson of the Upper Village.

Miss Johnson has recently returned from a six months' visit to Sweden, Denmark and England. In addition to the Swedish pictures, a film showing English places visited, including Cambridge, Stratford and London, was enjoyed by her audience.

The club president, Mrs. Leona Cutter, welcomed the guests and announced the program. Mrs. Ione Nelson was in charge of the decorations, and the hostess committee included Mrs. A. A. Holden, Mrs. Carrie Cross, Mrs. Sylvia Van Hazinga, Miss Katherine Duseau and Miss Eunice Gaddas.

A mysterious elopement took place on School street, one day last week in broad daylight. Jack, aged four, and Carol Ann, 3 years old next July, were last seen going into Jack's house. Both were dressed in bright red. In spite of ever

watchful mothers and observant neighbors, they made their escape, but how, know one knows. After a brief absence they were discovered on the school grounds playing with apparatus placed there for the use of the school children. They were having a beautiful time but were taken home by a much relieved mother.

Messrs. Smith and Lee, who recently came to the Center from Florida, called on old friends in this village one day the last of the week. Friends came for them on Tuesday from Conn., and after a visit with them the two men will go back to Delray Beach, Fla., for the summer.

Mrs. John Grimes spent Mother's Day with her son, Warren Grimes and family, in Athol, Mass. Mr. and Mrs. Jason Westerfield of Camden, Maine, were recent overnight guests at Valley Hotel. They called on their niece and nephew, the Don Bakers, and her Gay cousins.

Mrs. James Leach returned home on Saturday after a week's visit in Washington, D. C., with her son, William and wife. She also visited her nieces and families, Mr. and Mrs. David Todd (Mabel Flanders), David and Emily, in Arlington, N. J.; Mr. and Mrs. George Dodge (Mary Flanders), Richard and Robert, Cincinnati, N. Y.

Scott Kendall of Melrose, Mass., is spending a few days with his sister, Mrs. James Leach.

Among the flowers at the Smith Memorial church on Sunday were two memorial bouquets, one given by Mrs. Mark McClintock and Mrs. Robert Bruce in memory of their mother, Mrs. Channing Colby; a bouquet of white carnations given by Mrs. George Haslet in memory of her mother, Mrs. Ethel Fowle. These came to me after the service.

In town for the Mother's Day week-end were Ralph Sleeper of Boston, son of Mrs. Julia Sleeper; Alfred Stanley of Winthrop, Mass., son of Mrs. Herbert Stoney; Miss Marilyn Colby, daughter of the G. B. Colbys, and friend of Boston. Frank and Walter met Edward McPhee and wife of Newport on County Road on Sunday. Edward was showing his wife some of the

croachment of government in the building field; the 45-year provision may be excessive. But without concrete alternative suggestions these arguments get slight hearing. This committee's other bill, House Bill 439, amends the existing state Housing Authorities Law to extend its provisions to towns as well as cities, to eliminate the necessity for referendums before the activation of local Housing Authorities in cities, and to otherwise bring it up to date. The Committee has also endorsed House Bill 328; an act to enable local Authorities to take advantage of present and proposed federal housing laws.

A number of other housing bills have been submitted both in the House and Senate but the authors have expressed willingness to forget about them providing the General Court takes favorable action of the committee's bills.

mer camps who want to get something of interest in the wild life world. They want anything in the wild life but must be young so they can be studied. Here is a list of what they want: Young crows, hawks, owls, foxes, woodchucks, raccoons, skunks, turtles, snakes. Some of these will require a permit to keep from the Fish and Game Dept. Contact us if you have anything in this line. Remember they must be young so as not to be wild.

Last Christmas, I had a card from my grandson, Robert Killkelly that he was making a gun case for my den. Well, we have it installed in the den and it's all to the merry. The grandson made it in his class at Wilton high school. Bob is in the 7th grade.
