COMING EVENTS

Mrs. Frederick B. Webber, Chairman Department of Women's Work, will be the speaker at the next meeting of the Benevolent Society, March 17, and her subject is "What is a Church Women's Group?" Music is by Mrs. Harrison Baldwin.

BENEVOLENT SOCIETY

An especially interesting meeting of the Benevolent Society was held in the attractive vestry after its spring cleaning and two coats of paint. Clifford P. Jackson very carefully chose the right colors of paint; two of green, one of yellow, making the stage seem lighter. The floor was scrubbed and windows washed. The small room will be done soon. Both the Benevolent Society and the Deborahs are helping to pay the expenses of the work done.

Miss Mary Stearns of Concord gave a delightful talk, "Gossip on Mexico," assisted by her sister, Elizabeth, in colorful Mexican costume, who played two piano solos, also two piano duets with Miss Stearns. For these duets they chose two very sprightly Mexican tunes. In addition to Miss Stearns' interesting talk about places, churches, customs, etc., they exhibited many Mexican articles—pottery, leather goods, baskets, rugs, trays, plates, etc.

Refreshments of sandwiches, pickles, cookies and coffee and candy were served. Hostesses were Mrs. Julia Sleeper, Mrs. Belle Leach, Mrs. Cornelia Currier, and Mrs. Maria Bell, but she was absent because of illness.

George Van Dommele donated the flowers used in decorations.

LADIES AID

The Ladies Aid held its regular meeting on the first Monday in March. Officers for their new year were elected as follows: Pres., Mrs. Edith Phelps; vice-pres., Mrs. Grace Perry; Sec., Mrs. Fern McNeil; Treas., Mrs. Marion Hilliard; Flower Comm., Mrs. Blanche Matthews; Press Comm., Mrs. Margaret Eaton.

It was decided that each bring a prospective new member to the next meeting. Plans for a supper on March 20th were discussed, also the box of baby apparel and blankets they are packing for New York to send to a foreign country.

Mrs. Nettie Yeaton, Mrs. Fern McNeil, and Miss Bernice Miller compose the committee for March.

Mrs. McNeil played a piano solo and a reading was given by Mrs. Phyllis Reed. Refreshments of fruit salad, crackers, cookies and coffee were served by the committee.

BIRTHDAY PARTY

Harrison Baldwin, son of Dr. and Mrs. H. C. Baldwin of School st., celebrated his 11th birthday anniversary by entertaining a party of his friends in the afternoon of March 3rd. The guests were Bobby Thomas, Roger Phelps, Sandra Bonnette, Walter Sterling, Jr., Carol Fogg, John Olson, Dellen Devlin, Jimmie McClintock and Leon Parker.

Harrison received several gifts, a bowling set, horseshoe set, treasure chest game, colored pencils, etc.

The children played games for a while then sat down for the "eats" of ice cream, cake, birthday cake, too, orangeade, and gingerale. Harrison admitted that the eats were the most important part of the party.

ANOTHER PARTY

Two year old Leonard Martin and his mother, Mrs. Henry Martin, celebrated his birthday, March 7th, on Saturday. Many of the guests were Leonard's aunts and cousins. From Contoocook came Aunt Sarah Martin, Janet and Raymond; Aunt Dorothy French and Roger; and Leonard's grandmother, Mrs. Fred Martin. Others in town were Aunt Phyllis Reed, Charlotte and Loren; Aunt Jessie Vosburg, baby Virginia and Allen; Aunt Betty Baldwin and Fay; Mrs. Eleanor Vaillancourt and Faith.

Leonard received many gifts, etc. (Continued on Page 4)

Lorenzo Alvary Liked By Concert Audience

HENNIKER, March 8 — The second of the series of concerts given by the Contoocook Valley Community Concert Association held at Henniker High School last Sunday afternoon introduced to its members, Lorenzo Alvary, bass-baritone of the Metropolitan and San Francisco Opera Companies.

Mr. Alvary came to Henniker from Mexico where he appeared in several concerts last week and following the Henniker performance, he left for New York City where he will sing with the Metropolitan Opera.

Mr. Alvary seemed a little reserved in his first song until one remembers that it was a love song in the early Italian classical style, but at the end of the first part of the program, he had captured them through facial expressions, gestures and tone of voice, a general understanding of songs in Italian and German, and especially delighted them with his interpretation of songs in English. His poise, and complete lack of self-consciousness, his sense of humor, clear enunciation and a voice which is under perfect control from opera to "The Song Of The Flea," and "Old Mother Hubbard," caused the audience to recall him again and again to which he responded with five encores throughout the program.

Dean Robert Gilmore, vice president of the Contoocook Valley Community Concerts, introduced the artist. He also thanked the Concert Presentation Chairman, Mrs. Marie Robertson, and her assistant, Miss Ruth Spies, for helping to make the Concert such a success.

Other assistants for the Concert were: Usherettes, The Misses Jean and Janet Holmes, Ellen Doon, Marie Gardner, Arlene Fisher, and Marion Brown.

Stage Manager was Mr. C. Ross Robertson and Dootman, Mr. Wayne Holmes.

The beautifully decorated stage made an attractive setting for the artist.

After the Concert Mr. Alvary and Mr. Charnley, his accompanist, were honored with a dinner at the Henniker Inn, given by Mr. and Mrs. Harry L. Holmes and Miss Augusta Schwenker.

The third and last Concert this year will be held April 26 at Hillsboro High School with Solveig Lund, pianist.

Woodbury Funeral Home is in charge of arrangements.

HILLSBORO

Edward Trotter celebrated his 10th birthday, Wednesday afternoon, March 10th, after school. At a party given for him by his mother, eleven of his friends were present. Bruce Jordan, Barbara and Teresa Dumais, Norman Trotter, Jude Bernard, Judy Gove, Richard Rogers and Patricia Marotta and the Evans twins. Edward received many presents. Following the games refreshments of tonic, candy, ice cream and a birthday cake, which was cut by Edward, were served. They all had a wonderful time.

THE WINDS OF MARCH

Atomic Energy is Here To Stay—Scientist Reports

HILLSBORO, March 11 — "The Atomic Age is here to stay, whether we will be here and what we do with it depends on us," is what Albert Burrill, Engineer Scientist of the High Voltage Engineering Corp., told a meeting of the Hillsboro Community Association members and their guests.

He described atomic energy, how it is produced and its potentialities. "There is no secret to atomic energy," he said, "The only secret that the U. S. has is the know how to produce atomic materials."

Mr. Burrill made a plea for unfettered research on behalf of scientists and urged active interest in the wise use of atomic energy for industrial and medical purposes.

Power from atomic energy can now be produced at about one tenth the cost of coal and can be of advantage in arctic and isolated areas where transportation of coal is not uneconomical.

Preceding the speaker, a long discussion was held on the effect of the new lighting system program in the rural areas of the town.

Lanny Hutchinson Honored At All-Star Hoop Tilt

By Joseph M. Eaton, Jr.

PEMBROKE, March 9 — Hillsboro walked off the floor with practically all the honors at the Annual All-Star tilt of the Central New Hampshire Interscholastic League in the Pembroke Gym.

The Hillsboro teams, both boys and girls, captured the league championships and were awarded gold statuettes.

Edwin Childs of Pembroke captured the foul shooting championship and was the winner of the Good Sportsmanship Award for the '47-'48 season.

Rita Sheffy of Pembroke won the girls' foul shooting championship and was awarded a gold basketball.

Lanny Hutchinson's fine sportsmanship throughout the season paid large dividends when she was chosen as the winner of the Good Sportsmanship Award. Her courtesy and character as a member of the Hillsboro High basketball squad should be remembered in future years as a fine example for competitors in all sports.

In the games the girls' teams battled to a 36-36 tie and the Red boys team was swamped by the Blue, 43-26.

BROWNIES

The Brownies met in Fireman's Hall last Wednesday, and following their meeting, they mailed "Get Well" cards to sick members.

The Senior Class of Antrim High School served the public town meeting dinner, at the Presbyterian Church, Tuesday noon.

Bennington Votes Living Memorial to War Vets

BENNINGTON, March 11 — Increased expenditures at the Bennington town meeting was the order of the day.

In addition to the other usual articles, the voters favored a project costing approximately \$1,000 for a playground and skating rink to be properly lighted as a living war memorial to the veterans of World War II. Charles Lindsay, Col. Black and Mrs. Cody are on the committee.

Other appropriations were \$100 to the Monadnock Region Association; \$3,000 for Highways and Bridges; \$125 for Memorial Day; \$1,000 to tar Starrett Row, Eaton Avenue, and Beach Road; \$400 for forest fire pump.

Article 11 was amended to have the sum of \$300 paid to Emma Bartlett as her assistant librarian's salary as long as she may live.

\$500 was voted for a road from the North Bennington road to the residence of Horace Hooper.

\$500 was raised for a granite curb around the Soldiers Monument.

\$850 was raised for pipe and setting of a hydrant on the street leading from the Depot to land of Mary L. Knight.

\$38,379.27 was raised for School District funds.

Articles 18 and 19, to finish the Town Hall toilet job and to insulate the Town Hall were voted down.

HILLSBORO

HILLSBORO, March 10 — On Saturday, March 6th, the Hillsboro High School Ski Team sponsored a Ski Meet for the first six grades of the Hillsboro, Hillsboro Center, and East Deering Grammar Schools.

The meet took place at the Deering Ski Tow at 1:30, with events consisting of downhill, slalom and cross country races for boys and girls.

Silas A. Rowe Heads

Henniker Red Cross Drive

HENNIKER, March 11 — Silas A. Rowe, as chairman of the Henniker Branch of the American Red Cross, desires to remind the readers that this is Red Cross month and all should contribute as best they can. Volunteer workers will try to call on each individual, but if you are not called on, send in your donation as it is greatly needed. This is our Red Cross and it must be supported. It stands ready to assist us in case of a disaster. It is at our service for training accident prevention which means swimming lessons, and free training for home nursing. Last year a ten lesson course was given in swimming to a large class of Henniker children at Lake Massasecum. This year a larger program is being planned, so please give so that we can carry the top without delay.

ANTRIM

SCHOOL MEETING

Monday evening, March 8th, at the Antrim Town Hall, a large crowd heard the school warrant discussed and acted upon. The moderator, Ellerton Edwards, was re-elected, as were Clerk, Mrs. Clara E. Pratt, and Treasurer, Archie Swett. William Glen was elected to the school board; and Auditors elected were John Shea and Carroll Nichols. During the meeting the auditors' report and other reports were voted accepted as printed, and the salaries of School Board, Truant Officer, and other officers and agents were voted to be the same as last year. The most important articles were the ones regarding the vote to construct and equip a new Elementary School Building. This was voted in the affirmative after much discussion. By just one vote, the article to raise \$68,000 for the purpose of constructing the Elementary School won. The district voted to authorize the School Board to execute all necessary contracts in connection with the new building. Superintendent, Stewart V. McCormack, spoke before the group explaining details of the new Elementary School, and the School Board members present were, Carroll Johnson, Myrtle Brooks and William Glen. The new school will bring modern teaching and equipment to Antrim, and improve sanitary conditions; a fitting school for the "lollipop set" which will soon grow up to be the town meeting debaters of tomorrow.

TOWN MEETING

The American Legion withdrew their article in the town warrant, because of the more necessary project of a new school. The town voted to buy a new tractor but dismissed the article regarding heating the Fireman's Hall. In the voting for town officials, all elected were the same as last year. Byron Butterfield resigned as selectman due to ill health.

CHURCH NOTICES

In the Antrim Baptist Church, following the Sunday School at 9:45 A. M., the 11 A. M. service will be held. Rev. Donald F. Peron's sermon is, "Come Over and Help Us." His special story for the young folks is about "How to Get What You Want."

The Christian Endeavor Society meets at 6 P. M., and the Union Evening Service at 7 P. M. Both services will be held in the Presbyterian Church.

The monthly business meeting of the Antrim Baptist Church will follow the Prayer Meeting held at the Parsonage, March 18th. At this meeting three prospective new members will be guests.

Fire at the Hedges

Damages Attached Barn

HILLSBORO, March 11 — A fire in the rear barn of the Hedges, last Thursday afternoon, was quickly brought under control by the Hillsboro Fire Department which responded quickly to the fire alarm.

Mrs. Lois Day, proprietor of the Goodie Shop and owner of the Hedges, after learning of the fire, rushed to her home. Two valuable dogs, housed in the barn, were rescued.

The fire was discovered by her son, Warren, who was painting at the time. He heard a crackling noise when he went into the barn and found the loft ablaze.

The barn was badly burned about the roof and may be torn down.

The fire was thought to be the result of an overloaded electrical circuit. Smoke and water caused damage to rooms in the house which is attached to the barn.

MEETING STARTS SLOW BUT WARMS UP

One of the largest attended Hillsborough town meetings in recent years was held Tuesday afternoon at the Opera House Hall.

The town business was dispatched with ease for the most part with some discussion on the appropriations for the Community Building, the Dartmouth-Lake Sunapee Region, the zoning article and over an amendment to Articles 16 and 17, which provide for an increase to the Highway Agent and Chief of Police.

The amendment, introduced by John Van Hazinga, Editor of the Messenger, stipulating an increase of 15c per hour for town employees other than Chief of Police and Highway Agent, and though seconded, was not voted upon, it having been judged not a legal amendment by the Moderator, who based his decision upon a statement by Atty. R. Wayne Crosby. An attempt to place the town on record on the same question at the close of the meeting was also not voted upon, the meeting having been adjourned, the motion to adjourn having precedence.

Moderator, George Boynton, opened the meeting under Article 7, the Warrant which called for the hearing of reports of officers, auditors, agents, committees, etc., and which was voted to be adopted by Erskine Broadley. Article 3, covering the Budget of the Town, proposed by Selectman Ira Roach, was approved following amendment. It was amended with an increase of \$1,500 for Community Building expenses. The amendment was made by Roger Connor.

Mrs. Frederick Lundberg questioned the appropriation proposed for the Town Dump. Selectman, Harold Harvey, explained how the \$400 was being spent. The budget as amended was approved.

More Articles Adopted

Articles 4, 5, 6, and 7, regarding appropriations for highways, bridges, culverts, sidewalks, Memorial Day expenses of \$150, \$750 for the Hillsboro District Nurse Association, and to borrow money in anticipation of taxes were all adopted.

Article 8, providing a sum of \$272 for the Dartmouth-Lake Sunapee Region Association, was adopted upon motion of Earl Luts.

Articles 9, 10, and 11 were also approved.

Article 12, calling for a State Tax Commissioner appointee to audit town records, was dismissed upon motion of former Tax Collector, Bert L. Craine. (The town records are reviewed by local auditors).

Article 13, calling for the appointing of a zoning commission was also defeated 97-32. The article would have provided for a committee to prepare recommendations to the next town meeting.

Article 14, to raise \$500 for band concerts was approved with Town Clerk, Marshall Derby, the maker of the motion.

Article 15, raising a sum of \$200 for care and maintenance of Grimes Field was amended to a sum of \$500.

Raise Highway Agent

Articles 16 and 17, pertaining to the raising of Road Agent and Chief of Police salaries, was adopted with no discussion on the motion proper. The discussion centered on (Continued on Page 4)

Antrim Voters Approve New \$80,000 School

ANTRIM, March 9.—The Antrim School District, in its annual meeting on Monday evening, voted to construct and equip a new elementary school for the first six grades.

The new school will effect a division of the grades into six rooms instead of having two grades to a teacher as now. It will make possible more specialized teaching in the fields of Music, Art, Health and Physical Education. Particularly, it will promote better facilities for all educational activities.

The new building will be located on land willed to the trustees of the James A. Tuttle Library by the late George Cochran, and situated at the west end of Summer street adjoining the ample facilities of the Shea Athletic field. It will be a one-story building on a concrete slab floor.

The district voted to raise the sum of \$80,000.00 by issuing a series of 20 year bonds; and authorized the School Board to solicit contributions to the building fund. It is expected that a minimum of \$30,000.00 will be available in all, for construction and equipment.

The Antrim School Board: Carroll M. Johnson, Myrtle K. Brooks, William K. Glen; was authorized to proceed with full authority to complete the entire building operation. Stewart V. McCormack, Superintendent of Schools, hopes that the new building will be ready for occupancy in September.

At the meeting, William K. Glen, was unanimously elected to a three year term on the School Board. The meeting was well attended by interested parents and citizens. The budget was passed without opposition as the district appropriated \$28,450.00.

Highlight of the evening was a plea for the new school by 95 year-old George Hasting, long a prominent citizen of Antrim.

Action was also taken at the

meeting authorizing the School Board to proceed with further studies aimed at securing a Co-operative Secondary School somewhere in this area, in the very near future.

The supper which preceded the meeting was served by Mrs. Harry Garland, Mrs. Frank Leaf, Mrs. Joseph Fisher, Miss Nellie Norton, Mrs. Benjamin Mozrall, Mrs. Leonard Buxton assisted by Mrs. George Wilkins, Mrs. John Hollis, Miss Evelyn Damour, Miss Pauline Aucocin, Miss Augusta Schwenker and Mrs. Diamond Maxwell.

The charter was drafted for Henry Levesque.

Mr. and Mrs. Lyndon Jameson have moved into the Frank Garland house where Mr. and Mrs. John Carmichael lived. Mr. and Mrs. Carmichael have moved to Franklin. Miss Julia Hanson, now a resident of the Centennial Home in Concord, observed her 91st birthday on Tuesday.

We have been feeding the birds on our back piazza this winter and have been very much interested in them. We have had the usual number of English Sparrows, Starlings and Blue Jays besides a flock of Juncos which are our favorite. For the past week a pair of Downy Woodpeckers have visited us at least once a day to eat some suet. But our greatest interest has been in a pair of Rusty Blackbirds. Or at least we thought for two months it was a pair but this week we had two pairs at once. According to our birdbook these birds are only emigrants to the United States, we presume from Canada, as the book did not say. The birds are a little longer than the Starling but because the body is very slender they have the appearance of being a smaller bird. The male is completely black except for a very faint tinge of rust on the feathers on his head. The female is dark gray with this same rusty tinge, but the rust is visible in both, only at a close range with the light shining just right on them. They are not supposed to have this rust in the summer.

We have also had two Tree Sparrows, a Song Sparrow, a Nuthatch and a Brown Creeper. The birds have consumed 10 pounds of chick-feed since the first of January besides breadcrusts and other scraps of food.

Deborahs Society Has March Meeting

HILLSBORO, March 10 — The Deborahs held their meeting on the evening of March 3rd instead of the first Monday night of the month because of the freshly painted vestry. The speaker was to have been Paul Scruton but due to an accident to his hand, was unable to be present.

However, as it was arts and crafts night, the members were soon checking over choir vestments in preparation for the Easter services, receiving instruction from Ora Sterling and Clara Richardson on their Swedish weaving projects or painting wooden dishes.

The chairman of the refreshment committee was Sylvia Van Hazinga, assisted by Esther Hill, Kathie Crosby and Mildred Eaton, who served luscious Washington pie with coffee at the close of the work period.

Fresh spring flowers were the centerpiece on the table suggesting that Easter season is nearly here.

The State House Journal

by Brock Shanton

With the Town Meeting Day elections out of the way, Granite State politics can take a vacation for two months. The next event on the political calendar is the state Constitutional Convention, which opens its session at the State House on May 12. This convention, if it produces any amendments to the state constitution, may prove more important to the average resident of the state than the Presidential election next November.

County government is likely to come under fire at the May convention. A definite move is afoot to wipe out county government as "obsolete, inefficient, decadent." The county officials, who during the years have built up powerful political machines of their own, are aware of the threat to their securities. The county commissioners and sheriffs already have statewide organizations ready to fight any move to abolish county government. They have taken in with them the county treasurers, registers of deeds and registers of probate, and have met once to go over the situation.

The county machines on two occasions have shown their contempt for the "will of the people," yet they are returned to office by the electorate year after year. You can't do that without a topnotch political machine, and if charges of Curleyism ever are made in New Hampshire, they will be made against the state's county officialdom.

Defeated Fiscal Agent
The Coos county fiscal agent was the worst slap the county government ever received from an aroused electorate. In the middle of the depression, when the county went broke, the state bailed it out with a \$7,500,000 credit to the Brown Company in Berlin, the county's most important industry. To protect its loan guarantee, the state put a fiscal agent into Coos with a veto power over any financial transaction the county commissioners might take.

With the crisis over, the county politicians wanted their baby back. On a referendum vote, the voters of Coos county endorsed the fiscal agent plan, which is simply a broad application of the city manager system. But when a bill was introduced in the Legislature to continue the fiscal agent in office, it was mowed-under. What happened was, the Coos county officials enlisted the help of their colleagues throughout the state, and the united strength of special interest was too much for the good-government elements.

This move to block abolition of county government knows no political barriers. County officials—Republican and Democrat alike—have more loyalty to their own machines than they have to their respective political parties.

And the county politicians are a pressure group to inspire fear, even among governors and high officials of the state government. This being true, they generally get their way, even in matters which touch only remotely on county affairs. This was shown when the term of State Police Supt. Ralph W. Caswell expired last July 1. Caswell succeeded George A. Colbath five years before, in an action by then-Gov. Robert O. Blood which stirred the county bosses to fury.

The "bosses" swore they would get Blood—and they did. They also looked ahead five years to the time when Caswell's term would expire, and laid their plans to get rid of him. One of the pledges Gov. Charles M. Dale is reported to have made to secure the support

of the county machines in his first campaign for office in 1944 was the removal of Caswell from office.

Dale kept his word—or tried to. When Caswell's term ended last summer, he called his Executive Council into a private conference, at which he asked them if they would confirm the appointment of George Colbath. The answer was a definite "No." Dale tried out several other candidates for the job, but the Council's answer was still "No." But his personal stubbornness had been aroused by this time, so Dale shoved the issue into the back-ground without action. Caswell remains in office, a holdover without appointment.

May Urge Income Tax
Another big issue likely to come before the Constitutional Convention is an amendment which will permit the Legislature to impose a graduated tax on incomes. At present, the entire burden of town, city and county government is placed on real estate. Basically, it is the man who owns his own home, and the man who rents from somebody else, who pay the cost of local government.

This situation is based on law, not economics. Some of the best minds in the state are agreed that real estate no longer is the chief source of wealth. They believe the tax base should be shifted to income—earned or unearned—to relieve the property owners. Atty. Franklin Hollis of Concord, able leader in the state educational field, is among the wealthy and public-spirited men who may enter the fight for a state income tax when the convention meets next May.

UNH to Clean House?
Some hundreds of students have been dropped from the University of New Hampshire for poor scholarship this winter, and added hundreds are expected to get the axe in June. University officials are disturbed over conditions at Durham, which result from the postwar overcrowding of classrooms. Some quarters report a general "lackadaisical attitude" towards studies by many students.

Spokesmen of the University
board of trustees are said to have placed their case before Dr. Edgar Fuller, state commissioner of education, for his advice. Putting it bluntly, one trustee is reported to have termed scholastic standards at the university as "deplorable." Dr. Arthur S. Adams, new president of the university will have a major problem of administration on his hands during the coming year or two, observers believe.

Town Employees Raise?

To be employed by the Town or to serve as a public official is a thankless job in many respects. The remuneration for services rendered is not much in comparison to private employment. The town employee is both the political football and whipping boy of those who want curtailed expenses and those who want increased services.

The vote of town meeting favoring increases in salary for two of the principal department heads, was apparently a vote recognizing that a fair wage is needed by town employees. (An increase in pay for the custodian of the Community Building was included in the appropriation for that institution). Increases in pay for other town employees whose wages are not fixed by law or by vote of the town meeting can be made out of the appropriations for those departments if the Selectmen choose to do so.

A few years back the wages of special police were increased from 50c to 75c per hour, the increase coming out of the Budget of that department. An increased wage to the temporary and permanent employees can be made in the same manner.

To argue that the department heads will set the salary of their employees is an attempt to avoid the issue. They may and they may not do so. As a legislative body, the town meeting has the power to instruct its elected officials. To rule otherwise is to negate the legislative powers of government.

Hired by the Chief of Police and Road Agent, the special officers and town help, so-called, are nevertheless our employees. They deserve an increase in wages to meet the rising costs of living.

They, too, must eat.

Hi-Y Girls' Conference was held in Hillsboro, April 26th, at the High School Auditorium. Details of this will be announced later. The new post colors of the Veterans of Foreign Wars are on display in Tasker's Store window.

The town officers had a real workout Tuesday night counting the many ballots. It was worse than the nights of Presidential election. Tax Collector, Robert S. Boardman, received one vote in the Deering election. His political star is ascending.

SPORTSMEN'S COLUMN

by GEORGE S. PROCTOR

NEW HAMPSHIRE CONSERVATION OFFICER
Phone 104 Wilton, N. H.

Did you ever see the two volumes entitled "Hunting Wild Life With Camera and Flashlight?" My neighbor, Fred N. Tarbell, brings over the books for me to read during my shut in. Here are two books that are well worth your reading. By George Shiras, Jr.

Do you ever see "Outdoors," published in Boston? The last issue was very interesting to me as I knew most of the people in the pictures. It featured the Sportsmen's Shows.

Aarne W. Aho of Fitchburg, Mass., brings in the biggest male bob cat of the season. This male weighed 38 pounds and was the best yet. This makes the 8th one this year for Aho. He has good dogs.

Speaking of cat dogs I know of a man who wants to buy a real cat dog. Money no object if he can get what he wants.

Young America has certainly enjoyed my pond the last week. The skating has been ideal. Night skating with a huge bonfire is much enjoyed by them.

Are you interested in an Irish setter, female, a year old? People moving and must find a home for her. Lady in Winchendon, Mass.

Mr. Collins on the Rose Farm in Lyndeboro found a three quarters grown raccoon up in an apple tree. Aarne Aho the well known cat hunter reports seeing a huge skunk in the road near Greenville one night last week. Sure sign of spring they tell us. We hope so.

Had a nice call from District Chief Charles Young of Amherst. Mr. Young is making his plans for a strenuous campaign to keep the forest fire loss down as low as possible this coming spring and summer. We are with him 100 per cent in his plans.

Did you ever take a walk in the woods just after a light fall of snow? You would be much interested in the story that the tracks tell. Here is a fox trailing a snowshoe hare. You see where a mink came out of the brook to investigate an old fallen stump. Dogs and cats and hares cross and inter-cross. It's a great game and you will never get tired of figuring out if that rabbit got away from the fox. What did the mink find in the old stump?

Have an invite to attend a big time at the Chesham Sportsmen's Club, March 18th, Chesham, N. H.

Did you know that the week of March 28th to April 3rd is National Rabbit Week?

Miss Grace Merritt of West Roxbury, Mass., says it pays to advertise. She is the lady who wanted old greeting cards. She writes to me that she has got 51 packages from all over N. E. She says she

would like to get some old folding money. So would we.

It sure does pay to advertise. Some of my fans in Pennsylvania sent me by mail a shoe box full of stale bread for my birds and animals. In fact I have had sent to me bread from four different states in the past month. Thanks.

If you have an old fashioned shot gun with Damascus type barrels, don't use it with the high powered shells. Make a place on the wall for old time sake and get yourself a new gun. Many hunters were killed in 1947 by these guns.

They are not safe with smokeless powder. All the Gun men tell the same story.

O yes, crows are beginning to show up in this section. I guess spring must be just around the corner. When I see the boys playing marbles I will know for sure.

Did you send a card to Phil Magoon of Greenfield who is at the Community Hospital at Peterboro? Phil is a good scout and will appreciate a card or letter. Let's show him we are thinking of him.

According to the Outdoor News Bulletin, issued bi-weekly by the Wildlife Management Institute, Washington, D. C., they have a black panther in New Brunswick. This is proven by Bruce S. Wright of the Wildlife Management Institute.

They have nothing on us as we have had this animal for some years now according to over 70 different people who have seen the animal. Now 70 people can't be wrong. No, I have not seen the animal but I know he or she has been within a quarter mile of my back door.

I am in receipt of a membership card in the Winchendon, Mass., Rod and Gun Club, Inc., for 1948. This is a club of 500 members and is doing a great work for conservation just over the N. H. line.

On the back of each membership card is the following:

Obey the Fish and Game Laws. Respect the Landowners' rights. Attend Club Meetings.

What more need be said?

In looking over one of the many Sporting magazines you see a lot of get rich quick advs., on fur raising—\$250 a month raising rabbits. Don't send a thin dime as anyone knows who ever raised rabbits that this is impossible. There is money in rabbits but not that much. We have been all through this rabbit game and know from whence we speak.

If you know of a dead deer be sure to notify the nearest Conservation Officer as we don't want dogs to get in the habit of eating from them. Old fox hunters say

that you can spoil a good hunting dog in no time if he gets to eating on a dead deer even if he had no part in the killing. Several have been picked up in the past few weeks and given to the Rendering Co., at Manchester. If in good condition they are given to Fur Farms to feed Mink and black foxes.

Uncle Cy—Says

The way to stop an argument, is not to start one.

How can folks say that "Honesty is the best policy," when they know that dishonesty pays larger dividends.

Did you know that doctors have science down so fine that they can tell you how many horse power your heart develops, providing all cylinders are working properly. That is if you haven't any sediment in your carburetor, and have changed to winter oil. It is a good time to have a heart checkup with your doctor. If he tells you not to shovel snow, don't let that worry you. You should feel pleased.

See by the paper, that England wants 50,000 cats, any kind. If we send that amount across, how are we going to know when spring is here?

It has been proven by tests that women have more Indian blood in their veins than men. That's why they never forget.

Did you know they are making ladies' stockings from frog's hair? They say they are very sheer or shy. Their slogan is—"They hold their shape—Their shape they hold." No Hits—No Runs—No Errors.

STOP—LOOK—LISTEN

by Jean Eccles

Just to show you that music and art go hand in hand, Mr. Kenneth Jewett, a well known music and art director and Mrs. Mildred Porter, Hillsboro's own music director in its public schools, visited the

Cellar Studio of the Hillsboro Art Club this week. Both were most enthusiastic about the Club's work—Mrs. Porter even sat in and worked along with the class.

Due to road and weather conditions, our director, Mr. Bruce, was absent last Wednesday evening and yesterday dropped in to see the work done without him at the helm. Results will be discussed before the next class.

Cy Phelps is graduating from the pencil and charcoal to oil painting. Joyce Guild is beginning to handle her paints very nicely. Ten year old Marshall Bennett posed for the class and proved to be a very serious model.

Uncle Sam Says

Does a \$1,000 in savings seem as elusive as the rainbow's pot of gold to you? Then, think about these facts: By joining the Payroll Savings Plan where you work and allotting just \$2.50 a week for United States Savings Bonds, you will accumulate \$1,240.84 in 10 years.
