No Cancer Deaths Goal of Hillsboro Group

HILLSBORO, April 22 — The Cancer Drive for Hillsboro began Friday evening, April 16, with an organizational meeting held at the Community Building Music Room. The drive will be for one week. Volunteer workers and representatives from other groups were present in addition to the Jr. Fortnightly Club members who are sponsoring the drive.

Miss Rose Tilden of Manchester, from the N. H. Field Army of the American Cancer Society, gave an inspirational talk mentioning the background of the American Cancer Society and the wonderful work that has been accomplished in N. H. in just eleven years. It is the goal of the Field Army to have everyone so well acquainted with the symptoms of cancer and the free diagnostic clinics supported by the legislature that there will not be one needless death from cancer. There were 820 deaths from cancer in N. H. last year.

Mrs. Francis Rigney of Eagle's Nest in Deering, whose father was one of the original founders of the American Cancer Society, spoke briefly, giving help from her fund of personal experiences with similar campaigns.

Mrs. Elba Chase Nelson, chairman of the Windsor campaign for the past seven years, has previously helped out in the Hillsboro area and spoke of a few things she

News Items From Bennington

Mrs. Maurice C. Newton
Correspondent

The Bennington Woman's Club were treated to lovely music by Mrs. Elizabeth Tenney of Antrim on Friday afternoon. She sang a group of three songs. It is always a pleasure to listen to Mrs. Tenney. Mr. Gunn, who brought us a demonstration on fire hazards in the home, stated that he would just as soon listen to Mrs. Tenney sing all afternoon.

There were a great many experiments and demonstrations in Mr. Gunn's lecture. We saw vapors from gasoline burn; we saw cleaning fluid burn after it was heated; we saw a house start to burn from defective wiring; and a penny put behind a fuse and also too great a load on one connection. We also saw a dust explosion. It was very instructive indeed.

The committee, Mrs. Amy Doe, Mrs. Burrows, Mrs. Velma Pope, served pie and coffee for refreshments.

Parents' Night at Bennington Juvenile Grange was a most enjoyable occasion. There was quite a good audience to see the program on Friday night.

The program consisted of the following numbers: Welcome by Kate Cody, Lecturer, who also introduced the rest of the numbers; "Getting Information Out of Pa," Alice and Peggy Powers, Joyce Cleary; "Shopping," Gertrude

Antrim Red Cross To Elect Officers

On April 23rd, Friday evening at 8:00 P. M., there will be a very important Red Cross meeting at Selectmen's room in the Town Hall. If you donated anything towards the Red Cross this year, you are a member and it is urgent that YOU attend this meeting because of an election of officers, and a treasurer's report that the public should be interested to hear. Few people in town are acquainted with our services from this Antrim Chapter, a few of the many good causes helped are School Lunch Program, Swimming Project and many calls from needy folks. Always ready to assist in time of emergency, your Antrim Red Cross is an important organization, come to this meeting to support it.

SCHOOL PLAYS SUCCESSFUL

On April 16th, in the Antrim Town Hall, the high school pupils presented three one-act plays which were successfully presented before a large audience. Miss Louis E. Mudgett was presented an orchid for her fine coaching, and a vegetable bouquet was given William Whiles. A few chuckles were given when the time on a clock failed to correspond with the time mentioned in a play, and the girls in another play giggled in their sleep on the stage but those incidents insure that the audience has a good time and enjoys the plays all the more. All of the cast in the three plays were well chosen for their parts, and the humorous plays proved funny to even the actors. Every year a lot of work goes into these plays but they prove worthy of the efforts of the teachers and pupils.

GIRL SCOUTS FOOD SALE

On April 23rd, at 3:00 P. M., a food sale, open to the public, will be sponsored by the Girl Scouts, and held at the office of the Public Service Co. The money raised will buy material for the clothing kits the girls will pack for overseas. They are now knitting on an Afghan to send also. The following committees will help on the food sale:

Soliciting, Priscilla Paige, Betty Brown, Patricia Ring, Shirley Gerlak and Betty Lang; Advertising, Grace Ring, Evelyn Dutton, and Betty Lowe; Janice Hills will act as cashier; Betty Thornton and Diane Cutter will take orders for Girl Scout Candy or Cookies during the sale. Those working as salesgirls are June Fuglestad, Gail Grey, Sally Paige, Joyce Brooks and Grace Worth.

BROWNIES

The Brownies played "Steal the Bacon." at the last meeting, with 11 girls present. Diane Cutter's team won 15 to 12. All of the Brownies did well on the "Observation Test," and it was planned to hike again. Patrol 1 had no demerits. All of the Brownies will bring food for the Girl Scout Food Sale they are to each ask one friend for food to contribute.

SYMPHONY CONCERT

Don't forget that on May 2nd at 3:00 P. M., in Peterboro Town House, is the concert of the N. H. Symphony Orchestra.

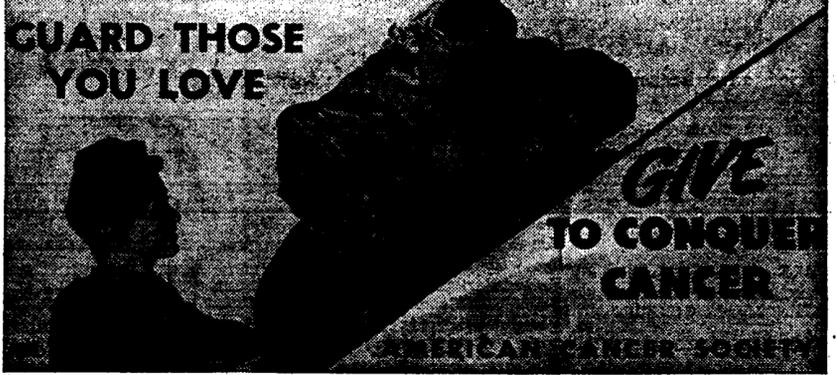

MAY LUNCHEON DATE

The Antrim Woman's Club will hold their Annual Meeting and Luncheon on May 11th, at the Maplehurst Inn in Antrim. All those not having their names signed at the last meeting will please contact Mrs. Robert Leonard by May 1st if they wish to go to the May Luncheon.

BIRTH ANNOUNCEMENT

Mr. and Mrs. John Warren (the former Shirley Fuglestad) are parents of a baby daughter, Deanna (Continued on Page 4)

Mrs. Carlton Pope is spending a few days in Malden.

Cancer Outlook is Much Brighter

ENCOURAGING ADVANCES BEING MADE BUT IT IS NOT TIME TO EXPECT MIRACLES

The outlook for controlling cancer is brighter than ever for some very sound reasons.

These are widespread public education advances in detection and treatment and research into the cause of this major medical mystery.

But don't expect miracles, or have hope that spending a couple of billion dollars could suddenly whip cancer by the same kind of mobilization of money and skill and energy that produced the atomic bomb. The atom bomb project started with many of the basic facts already well known.

Cancer is a different kind and tougher problem, with too much that still is shrouded in mystery. The answer lies close to the secret of life and growth itself.

During April public attention is focused on the dread disease by nationwide observance of cancer control month.

Here is a survey in A B C terms of the current status of man's knowledge of the disease, its types, symptoms, treatments and main lines of research.

Chronic Irritation

1.—What it is; types: In simplest terms, cancer is a wild, uncontrolled growth of body cells. How and why it starts are unknown. Most experts feel there will be several factors. Something goes wrong in body cells, and they don't live or grow normally.

This starting something might be an enzyme, one of the chemicals of life, an over-supply or under-supply of hormones, or some other chemicals, or a virus as yet undetected. Chronic irritation, from either mechanical rubbing as from the tongue striking a sharp-edged tooth or from chemical irritation, appears to be involved in many cases. Too much exposure to radiation, from the sun or X-rays, carries a cancer risk. Some things that cause cancer in some cases will cure it in others.

Almost no part or organ of the body is immune from cancer. There are two general types of cancer, are cancers of the skin and outer covering of organs. Sarcomas are cancers of the inner or connective tissues or of bones. Leukemia, marked by over-production of white blood cells, is a cancer-like disease of the blood. Hodgkin's disease is a cancer-like condition of the lymph glands.

May Spread

Cancer starting in one spot may be spread to other parts of the body by the blood or lymph. This spreading is known as metastasis.

On the average, one American dies of cancer every three minutes. The death toll now is more than 188,000 annually. It's been rising partly because more Americans are living longer and cancer starts becoming more prevalent after middle-age. It kills more women than men. Cancer is the worst killer of women between the ages of 30 and 54. After 60, it takes proportionately more men.

Among women, the four most frequent sites of cancer are, in order, the uterus, breast, intestines and rectum, stomach and duodenum. Among men, the most frequent sites are stomach and duodenum, intestines and rectum, prostate gland, and kidneys and bladder.

Can Be Cured

Cancer can often be cured, if it's caught early enough. Recent figures show a chance for 95 per cent cures of cancer of the skin or lip, about 75 per cent of cancer of the breast or uterus, if they are detected early. For those moderately advanced, the chances of recovery are much lower. A late start

in treatment carries little hope for recovery.

2. Detecting the symptoms:

One bright spot has been the drive by the American Cancer Society for early discovery of cancer. Much depends upon educating the public to noting early danger-signals. Persistent lumps or thickening, irregular bleeding or discharges, sores that don't seem to heal normally, white patches inside the mouth, swelling in the bone or a boring pain in the bone, sudden loss of weight or unexplained fatigue—all should be brought to your doctor's attention quickly. They may not be signs of cancer, but it is too dangerous a gamble to assume not be signs of cancer, but it is too dangerous a gamble to assume that they aren't.

Hard to Diagnose

Another important development has been the spread of cancer detection clinics. About 200 now are in operation, and some states are sending mobile units into the countryside. But hundreds more are needed.

Periodic checkups, even if you suspect no trouble, are good insurance. Often there is no pain in cancer until it has too long a head start.

Diagnosing cancer is very often difficult. Usually a bit of the suspected tissue is cut away and examined under the microscope. X-rays and fluoroscopes are frequently used to locate cancers.

But cancers deep within the body, like the stomach or intestines, are much harder to spot early. This is one reason why stomach cancers are so often fatal.

Three Treatments

Quick and accurate tests for early cancer are being sought, and there are several hopeful developments. One is that certain blood tests may show whether cancer exists. There is a chance that the urine of persons with cancer may contain identifying chemicals.

Progress is being made, too, in developing a test that examines the cells which are continually being discarded from body surfaces. It involves getting some of the fluid carrying such cells from the vagina, lung, stomach or urinary tract.

3—Present treatments:

As yet there are only three generally accepted ways of treating cancer—by surgery, radium and X-rays. Surgery can cut out the cancerous growth. Surrounding healthy tissue usually is taken also to be reasonably certain of getting all the cancer cells. The radium and X-rays can kill the cancer cells, but must be used expertly to avoid killing healthy cells or of

making them change into cancerous growths. These treatments are most effective when the cancer is caught early.

New Horizons

For some cancers that can be reached easily, one new treatment combines chemistry and surgery. The chemical fixes or sets the cells, normal and cancerous, in a layer of tissue. The layer is removed, and the areas of cancer can be mapped exactly. Then subsequent layers of the cancer areas are removed. This keeps the loss of healthy tissue to a minimum.

4—New horizons:

Hundreds of physicians and researchers are seeking effective treatments in perhaps the broadest all-out attack in history against a single enemy. This quest, here and abroad, is following up every clue that can be uncovered.

Extracts of beef spleen and lamb liver have made some skin cancers disappear, and in some cases they have not returned, within five years. This treatment is useful only in skin cancers.

Excessive Supply

In cancers of the breast and prostate gland, sex hormones sometimes arrest or even diminish the growth. In other individuals, they don't help at all. Excessive supply of certain hormones can cause cancer in animals. Whether an over-supply or under-supply may be responsible for some human cancers is a challenging question. But the ability of sex hormones to halt or even reverse the growth of cancers has made them one of the great fields of research, and of limited treatment. Other hormones also are being investigated.

Radioactive atoms from the atomic ovens are being tried against some kinds of cancer. One is radioiodine. Iodine concentrates in the thyroid, and the hope is that the ray-emitting atoms can kill off the cancer cells. Radioactive gold is being injected into cancers. It stays in the cancer and the rays from the gold kill the cancer cells that they hit. Radioactive phosphorus is being used on patients with leukemia, and as a way of detecting tumors in the brain.

Complex Sugars

5—Lines of research: The chemical research attack is using complex sugars, called polysaccharides, formed by bacteria. (Continued on Page 7)

Solveig Lunde Plays In Hillsboro Monday

HILLSBORO, April 22 — Although she had just reached her twenties, tall, titian and talented Solveig Lunde, the pianist, looks back on her early training and family life with affection and gratitude. Playing here next Monday, April 26th, at the High School, she credits her normal childhood of public schooling and typical child play activities as well as her parents' attitude of regarding her music as a normal interest, as basis for her lack of "temperament." "I think that a talented person should save his emotions for his work rather than dissipating them in tantrums," says Miss Lunde.

The young pianist's appearance, manner and tastes reflect her adherence to these precepts. In reviewing Miss Lunde's performance at the Berkshire Music Festival, one critic found her refreshingly attractive enough to warrant extra-musical comment: "Miss Lunde makes a beautiful and statuesque appearance. Her long titian hair surmounts a tall, erect and well poised figure. The last gram of unhurried poise is still to be admired in her general grasp of her music." Born in California of a Norwegian father and a mother of French-

English extraction, Solveig is one of three children. She attended both public grade and high schools. At fifteen she studied through the entire violin-piano literature with her father, an excellent non-professional violinist, and played chamber music with his string quartet.

When her formal academic education was completed, Solveig's professional music studies began. She studied with Harold Logan in Berkeley and remained his pupil until 1940 when she was awarded a fellowship at the Juilliard Graduate School to study with Madame Olga Samaroff-Stokowski.

Since her memorable debut in New York's Town Hall in 1944, Solveig Lunde has become "one of the most expert of our younger generation of pianists" (Arthur V. Berger, New York Herald Tribune). Her engagements have included another successful Town Hall recital; radio and recital engagements from coast-to-coast, and appearances as soloist with the San Francisco Symphony, the Denver Symphony, the Kansas City Philharmonic, the Chautauqua Symphony, the Scranton Philharmonic and the Rhode Island Philharmonic.

As for activities other than music, Miss Lunde divides her busy calendar between bending over the keyboard and bending over the pro-

Deering Mrs. Marie H. Wells Correspondent

Joseph Leferriere of Northampton visited his uncle and aunt, Mr. and Mrs. Archie Cote, over the weekend.

Mrs. Harold G. Wells visited her mother, Mrs. Casimir Haefeli, at the Sacred Heart Hospital, at Manchester, last Friday.

Master Robert D. Foote who has been visiting his grandparents, Mr. and Mrs. William P. Wood, at Twin Elm Farm, returned to his home at Bow, last Thursday.

J. Charles Williams of Bradford was a business visitor in town last Saturday.

Mrs. Elizabeth M. Davis, Past Master of Wolf Hill Grange, Mrs. Marie H. Wells, Past Master of Union Pomona Grange and Mrs. Hazel Putnam attended Past Masters Night of Union Pomona Grange at West Manchester, last Friday evening. Of the twenty-two living Past Masters of Union Pomona, only four were absent and a great many of the Subordinate Past Masters in the jurisdiction of Union Pomona Grange were present to enjoy the reception. Visiting Past Masters filled the officers stations, Deputy Norris Hall, Past Master of Hillsboro County Pomona Grange acting as Master and Sister Sarr a Past Officer of the Massachusetts State Grange acting as Lecturer, presented the literary program. Supper served by a committee of Stark Grange preceded the meeting.

Fred Grinnell is spending a few days at home, from his jury duties at Manchester.

Miss Patricia Cote is spending a week's vacation from her school duties at Manchester, at her home in the Manselville District. Mrs. Mary E. Bader of Peterboro is visiting relatives at Pinehurst Farm. Miss Beatrice Cote and Stanley Alexander of Lebanon spent Sunday with her parents. Mr. and Mrs. Lawrence Eaton and family of Newport visited relatives in town on Sunday. Mrs. Archie Cote spent two days last week, with relatives at Manchester. Mrs. Joseph P. Cote of Northampton, Mass., a former resident of this town, visited her mother, Mrs. Casimir Haefeli at the hospital at Manchester, one day last week. Everett Abbott and a crew of men set out 3000 Norway pines at Community Center, during the past week. Mrs. Minerva Jacques is visiting relatives in New York. Mrs. J. D. Hart and Miss Priscilla Hart are spending the week at their home, Wolf Hill Farm, on the Franctown Road. Miss Margaret Milliken is spending the vacation from her duties as teacher at the East School, at her home at Manchester. Rev. and Mrs. Charles Reidt are enjoying a few days vacation, from their duties at the Deering Community Center. William Dumais has had a new ceiling installed in his kitchen, at his home in the Manselville District. The Community Club will hold its regular meeting at the Town Hall, Wednesday evening, April 28th. Beano in charge of Everett Gerbert and his committee, will be enjoyed after the meeting and refreshments will be served during the evening. Everyone is cordially invited to attend, as plans will be discussed for heating the Town Hall and installing a play room to be used by the children and young folks. Don't forget the date. Chief Warrant Officer, Roy Small who has just returned to the states from Sherfield, Hawaii visited his brother-in-law and sister, Mr. and

Mrs. Benson W. Davis at their home, Green Acres, one day last week.

Mrs. A. A. Holden and daughter, Miss Marjorie A. Holden have returned to their home after spending the winter months at Hillsboro.

Mr. and Mrs. William P. Wood and their son, Robert W. Wood and family of Hillsboro, visited relatives at Bow, on Sunday.

Mr. Stone of Keene was a business visitor in town, last Friday. Highway Agent, Albert Johnson has been repairing the road to The Eagle's Nest.

Several from this town, attended the regular meeting of Oak Hill Grange at Franctown, last week.

Weare Mrs. I. Hadlock Correspondent

Freeman Davis is very ill at the County Hospital in Grasmere, and Hugh Sawyer is also a patient at the same place with a broken hip.

Miss Jean Dodge and little friend of Newton, Mass., and Miss Lynn Van Weyergarden were visitors at George Dodge's Saturday and Sunday. Ruth Rayno, and Mr. and Mrs. Lincoln Bubbins were also at Big Elm Farm for the week-end.

Don't forget the Minstrel Show sponsored by Halestown Grange April 28 at Town Hall. There are 17 in the cast and jokes and snappy songs will make a pleasant evening.

Several friends met at Mrs. Ruby Sargent's for a song service. Lunch was served and both new and old songs were enjoyed by all.

Next Friday, April 23, the Church Circle will hold a supper at the Church vestry and will also be a program of music and Mrs. Winslow Osborn will give several readings. Supper will be served at 6:15 and is 75 c.

Eddie Sawyer is a patient at the White River Junction hospital at the present time.

Weare Grange held its regular meeting at Town Hall Friday night, April 16, at 8 o'clock. Master George Waterman presided and a discussion was a required number on the program, also music by the sisters and several readings. A special feature by Hazel Gunn was also on the program. A committee

from each society in town is being appointed to further plans for an Old Home Day celebration in Weare this summer. It is several years since Weare has had a real Old Home Day. Let's all pull together and make this year's the best one yet.

North Branch Mrs. Warren Wheeler Correspondent

Mr. and Mrs. A. E. Richardson and daughter, Mrs. Roderick Smith and husband, spent the week-end at Mt. View Jr.

Bill Cate did some team work for Dr. Fischer the first of the week. Henry Gaudette is at his cottage for a season.

Clifford Sizemore has sold his poultry and cows.

Mr. and Mrs. Walter Knapp were Miss Elinor called on friends in this neighborhood recently.

Mrs. Lillian Evans and son, Tay, of South Acworth, visited us the

first of the week. Mr. and Mrs. Charles Weber also called on us. Mr. and Mrs. Walter Knapp were recent visitors in the neighborhood.

Mr. and Mrs. John Mollica and children of Belmont called on friends Sunday. This family spent some summer seasons at Mt. View Jr., and seem like old friends.

Mr. and Mrs. Caulkins of Egypt, Mass., are at their summer home (formerly Edson Tuttle's) and are planting five hundred blueberry bushes.

SCHOOL NEWS

GRAMMAR SCHOOL

GRADE TWO

We have had the following visitors this week Mrs. Sharby, Mrs. Barnes, Susan Olson and Russell Day.

Jane Woodrow brought a yellow violet to school April 14th.

Many of us can tell time.

Charles Wheeler is leading in his reading groups for having the best work-book, Walter Olson is ahead in his group and Kathleen Blanche is leading in her group.

Several weeks ago we wrote a letter to a second grade in Fort Worth Texas. They belong to the Audubon Bird Club as we do. The long awaited answer arrived this week. Not only did we receive two letters but we got three postcards as well. The second grade in Texas writes that the mocking bird is their state bird and that the blue-bonnets are their state flower. One child drew a picture of a pecan tree and told us that, that is their state tree.

GRADE THREE

We had a cutting and pasting lesson for drawing this week. We made a yellow daffodil in a purple

pot.

Christine Jordan was nine years old Tuesday. When Christine came to school Monday she told us she had twin sisters.

The following people had one hundred in spelling this week, Jack, Joan, Charles, Fay, Thomas, Beverly, Ronald, Norma, Lloyd, Lawrence, Patricia Yeaton, Patricia Jones, James, Leo, Teresa Dumais, Theresa Duggan, Roger, Richard Merrill and David.

David Sterling has three baby puppies.

GRADE FOUR

Patricia Marotta is in a hospital in Concord.

Mr. Hill was not here Wednesday because of illness.

Mrs. Day is having us draw pictures of different animals. This week we draw a dog.

Walter Sterling read some poetry to us that he had written. We thought it very good.

Robert Bennett drew the April calendar.

Next week we have a vacation.

GRADE FIVE

We wrote original poems this week. They were very good. We are asking Mr. Van Hazinga to publish one in the Messenger.

The Grammar School boys are playing baseball, Monday, April 19, at 2:30 P.M. with the fifth and sixth grade boys from Tilden School Keene, N. H.

We are working out a unit study in the southern states of its most important industries.

We had a spelling bee on Friday on words that we had in our regular lessons all year. Jane Seymour won the contest.

Those getting 100% in Spelling for the week are Anna Sands, Jane, Seymour, Ernest Poland, Cynthia Cooper, Walter Sterling, Dellene Devlin, Ann Broadley, Barry Harlow, James McClintock, John Olson, James Perham, Mildred Powell, David Whitney, Barbara Mills, Barbara Dumais, and Carole Fogg.

MY DOG HANS

by Walter C. Sterling, Jr.

I have a little doxon
Whose color is black and tan
His real name is Hansel
But we call him Hans,

A real good doxon has the habit
Of sitting straight and tall
And though he does this often
He never, never, falls,

If ever we should call him
From behind a wall
It seems to be no trouble
For him to jump at all.

I like my little doxon
And though I have five more
He will always be my favorite
Because he was here before.

THE TUGBOAT OF LAKE ERIE

by Walter C. Sterling, Jr.

I went out of the house to see
The big old tugboat of Lake Erie.
And once it let me have a ride
free,

So I could see the sights on Lake Erie.

Its quite a lot of fun,
To lay around in the sun.
We go around this big, big, lake,
And sit around eating cake,
Oh boy! you should see,
The tugboat on Lake Erie.

GRADE SIX

On Friday we had an Amateur Show. Every person in the 6th grade took part. Suzanne, Mary Lee, Edwin said poems. Donald, Bobby, Bruce, George, Barbara, Virginia Roger, Shirley, Mary, June, Joanne, sang songs. Maurice Cote whistled a tune. Maurice Randall played his clarinet, Virginia Johnson played the piano. It certainly would have been hard to judge for the best contestants.

We are all looking forward to the baseball game on Monday with Keene.

The third grade showed us their finger paintings and sang some songs very nicely for us.

Mrs. Day gave us a very interesting letter on Thursday. We painted a desert scene.

Edwin Dutton, Virginia Lane, Barbara Fowle, Gayle Bennett, Maurice Cote, George Auclair, Maurice Randall, Mary Greene, Bruce Bonnette, Roger Phelps, Virginia Johnson, June Holdner, Suzanne Peaslee, Joanne Duggan, Shirley Grimes and Mary Lee Stillings got 100% in Spelling.

HILLSBORO

Mrs. Florence Verry, Mae Atkins and Edith Phelps were in No. Weare last week at a W.C.T.U. meeting.

News Items From Neighboring Towns

Two Hundred Attend Henniker Senior Ball

HENNIKER, April 22 — The senior ball was held Friday evening at the Cogswell Memorial Auditorium with over 200 present. The grand march was led by class president, Donald Goss and his partner, Miss Marie Gardner. Chaperones were Superintendent and Mrs. William C. Sterling of Contoocook and Mr. and Mrs. Arnold Ryan. Music was by Bert Colter and his orchestra of Manchester. The hall was beautifully decorated with many drawings of Dutch scenes and flowers which had been drawn and colored by Miss Marilyn Davison and Miss Ellen Doon assisted by the rest of the class. There were streamers of blue and yellow crepe paper overhead.

Install Winniatt K. Griffiths as Hillsboro VFW Commander

HILLSBORO, April 22 — The Hillsboro Memorial Post, No. 8270, Veterans of Foreign Wars held their installation of officers at the Legion Hall, Thursday, April 15th.

The installing officer was Robert J. Parkman, State Deputy Chief of Staff, assisted by Herman Skinner of the Bennington post, No. 8268, and Post Commander John Evans.

The following officers were installed for this year: Commander, Winniatt K. Griffiths; Adjutant and Quartermaster, Robert J. Parkman; Senior Vice-Commander, Robert E. Duefield; Junior Vice-Commander, Manuel J. Camara; Advocate, John P. Wilt; Chaplain, John O. Rafuse; Surgeon, George G. Griffiths; Senior Officer, Robert S. Parkman; Patriot Instructor, John W. Evans; Publicity Officer, Robert J. Parkman; Legislative Officer, Eldorus Elgar.

Mrs. Gace Sargent has gone to

Providence, R. I., to care for her son's home as his wife is in the hospital with a new baby.

Miss Kate Twitchell of Antrim visited Mrs. Harry Ross on Wednesday. On Friday, Mr. and Mrs. Ross entertained their niece and husband from Andover, and on Saturday their niece from Gardner. On Sunday Mrs. Frank Young of Gardner called and said that she would come back to her home here on May 1st.

Mrs. Elmer Paker is home from the hospital.

Mr. and Mrs. Boyle and children of Newton were expected at their father's home on Sunday. Barbara and Debby will remain for the vacation week.

We expect that Anna Yakovakis, Barbara Griswold and the other pupils who are in Washington this week, will have a grand time.

Mr. and Mrs. Robert Wilson and

Mrs. Andrew MacDonald attended the Wilton Grange anniversary on Saturday night.

Mrs. Walter Cleary, Mrs. Arthur Sawyer, Mrs. Josie Wallace, Mr. and Mrs. Edward French, Mrs. M. E. Sargent, Mrs. Andrew MacDonald, Mrs. Cecil Martin, Mr. and Mrs. Robert Wilson, Mrs. Charles Taylor, Arnold Logan, and Mr. and Mrs. Maurice Newton attended the district meeting at Oak Hill Grange where 260 Grangers gathered. The State Master was present, also the General Deputy and a number of Deputies. This meeting took place in Deputy Batchelder's and Deputy Munsey's District.

Mrs. Wilford Levesque and children are spending a vacation in Boston.

Mr. and Mrs. Paul Cody and daughter visited Mrs. Cody's parents in Springfield, Vt., on Sunday. H. M. Whitney has a bad cold.

ANTRIM

(Continued from Page 1)

Louise, born April 18th at the Monadnock Community Hospital. Shirley and the baby are both fine, card playing and a social hour was in session.

RELIEF CORPS MEETING

On April 20th, in Library Hall, the Ephraim Weston Relief Corps, No. 85, of Antrim met with 18 members present. Mrs. Lillian Edwards presided, and three new members were initiated and two new membership applications read. The new members joining were Mrs. Doris, Nora and Christine Bryer. Illness of two members was reported. Mrs. Gwendolyn Cutter, as delegate to the W.R.C. Convention in Concord on April 16, 17 and 18, gave her report. Mrs. Betty Amiot, as the retiring Department Press Correspondent, thanked all

the members for the course they gave her for the convention. She also gave a brief resume of several committee chairman's duties. Mrs. Herbert Gray won the prize at the Nickle March. The meeting closed with the ceremonial furling of the flag.

A birthday cake was given to Mrs. Edna Humphrey, and refreshments were served by Mrs. Mattie Proctor and Mrs. Sadie Munhall. On May 18th, in Library Hall, is the next meeting with the hostesses being Mrs. Ann Hutchinson and Mrs. Edna Humphrey.

The Antrim members attending the convention were Mrs. Betty Amiot, a department officer; Miss Josie Coughlin, and the two delegates, Mrs. Gwendolyn Cutter and Mrs. Dorothy Lang. The New Hampshire Department, Women's Relief Corps, held its 68th Annual Convention in Concord with headquarters at Memorial Parish House. A reception to officers was held Thursday, preceding the opening of this year's sessions. The Annual Campfire was held Friday night at Representative's Hall with Sons of Veterans in charge. A turkey supper was served at the Universalist Church and a dance was one of the convention highlights.

RECENT STORK SHOWER

Mrs. Rodney Dresser was a guest of honor at a shower given by Mrs. Charles Young. The group of 16 friends attending brought gifts which were presented in a very novel manner. A wooden stork was placed on the mantle, at the home of Mr. and Mrs. Young, and the gifts were in a blue wrapped basket, hung from the stork's bill. The refreshments were decorated in pink. The shower was followed by card playing and a social hour was enjoyed.

CHURCH NOTICES

In the Antrim Baptist Church on April 25th, the Sunday School is at 9:45 A. M., and the morning service at 11 A. M. The guest preacher will be Rev. Harrison L. Packard, and special music will be sung by the choir.

At 6 P. M., Bruce Perron, leader of the Christian Endeavor Society, meets in the Presbyterian Church, as is the evening service at 7 P. M., with Reese Henderson preaching.

The prayer meeting April 29th in the Baptist Church will be conducted by Rev. C. W. Turner.

May 2nd to May 9th is to be observed in the church as "Christian Family Week." On May 4th at 7:30 P. M. in the vestry at the Baptist Church, the teachers in the Sunday School and parents of the pupils are urged to attend a special program followed by a social hour. A visual educational film showing a new teaching method to be used in Sunday School will be shown and will prove instructive and interesting to all.

Mr. and Mrs. Arthur English, and three children, visited Portland, Maine, for three days to attend a family reunion. They visited with Mr. and Mrs. H. A. Davis, and attended a birthday party for Mrs. English's mother, who was 83 years old that day. A party of 20 relatives met to surprise Mrs. Clara E. Davis on her birthday also celebrating a birthday, was a brother, at whose home they visited.

The third Community Concert for those having membership tickets will be held in Hillsboro Monday, April 26th, at 7:55 P. M. in the Hillsboro High School Gym. Solveig Lunde is the pianist.

STATE OF NEW HAMPSHIRE Hillsborough, ss Court of Probate To all persons interested in the guardianship of George W. Symes of Antrim in said County, under the guardianship of Hiram W. Johnson. Whereas said guardian has filed in the Probate Office for said County his petition for license to mortgage the real estate of said ward, said real estate being fully described in his petition, and open for examination by all parties interested.

You are hereby cited to appear at a Court of Probate to be holden at Manchester in said County, on the 18th day of May next, to show cause, if any you have, why the same should not be allowed.

Said guardian is ordered to serve this citation by causing the same to be published once each week for three successive weeks in the Antrim Reporter a newspaper printed at Antrim in said County, the last publication to be at least seven days before said Court.

Given at Nashua in said County, this 3rd day of April A.D. 1948. By order of the Court, Wilfred J. Boisclair, Register.

Textile Workers National Convention Next Week

ATLANTIC CITY, N. J., April 21 — Emil Rieve, general president of the Textile Workers Union of America, CIO announced the meeting here today of the union's executive council.

The council will meet the rest of this week to plan for the opening of the union's fifth biennial convention next Tuesday, April 27th. It will prepare a report for presentation to more than 2,000 delegates representing 45,000 textile workers under TWUA contracts. The report will cover political action, wage programs and post-war labor legislation.

Rieve will deliver the keynote address at the opening session on April 27. Other speakers will be Rev. Ray McGowan, director of Catholic Social Action; National Catholic Welfare Council; Jacob Potofsky, president of the Amalgamated Clothing workers; and Glenn Gardiner, president, New Jersey Chamber of Commerce, and vice president, Fortsmann Woolen Co.

Philip Murray, C.I.O. president, and Van A. Bittner, head of the CIO's southern drive in which the textile workers have a great stake, will address the convention April 28.

On April 29 the speakers will be Harley M. Kilgore, Democratic Senator from West Virginia and Jack Kroll, chairman of the CIO Political Action Committee.

SOLVEIG LUNDS PLAYS HILLSBORO MONDAY

(Continued from Page 1)

verbal "hot stove." Her culinary curiosity expresses itself in many ways—especially in baking pies and pastries. "Painting holds an active interest for Miss Lunde as well as cooking, though she is not able to devote as much time to it as she would like to. However, the family home in California still proudly displays a portrait of her father which Solveig did when she was twelve.

Devoted to the great outdoors and most athletics, Miss Lunde's favorite sport is swimming. She claims she's a difficult houseguest because of her habit of throwing windows wide open in all seasons of the year.

Biographies and good mysteries are the mainstay of the library. Although she loves dogs, her current canine companions are of all sizes china collection of dogs of all sizes and types, her concert tour makes it difficult to care for a live pet properly.

Reflecting her unpretentious tastes in all things, Miss Lunde dresses simply and generally prefers to wear suits. Her favorite colors for her clothes are green and brown although she professes to like red but qualifies "only on other people"—probably in deference to her own radiant hair color.

Of her New York Town Hall success the Herald-Tribune acclaimed her "the most musical of the brilliant young pianists of our day." From the New York Times came "real talent and rich promise. The gifted young American pianist disclosed carefully trained fingers, a tone of wide dynamic variety and pleasing quality, and the ability to invest her work with more than the usual amount of carefully chosen and effective tints."

CARD OF THANKS

We wish to thank everyone who in any way expressed their sympathy or assisted us during our recent bereavement.
Mr. and Mrs. Carl Bennett

Hillsboro

Miss Myrtis Beecher of Milford was at Mrs. Abbie Smith's last week with several of the ladies of town.

Charles Baptist, a World War II veteran who lives on the former John Davis farm on the road leading to East Washington from the Contention pond section, is tired of hauling stranded motorists from the muddy back road. Mr. Baptist has jacked up cars, laid planks, shoveled mud, and pulled cars out of the muck with his truck, but no more, and he has solved the problem for good by simply blocking the road at both ends.

Beverly J. Yeaple, daughter of Rev. and Mrs. Whitney S. K. Yeaple, took part in the annual swimming meet, the theme of which is "Water Colors," in the college pool on Friday and Saturday nights, April 16 and 17. Miss Yeaple is a senior at Wheaton College.

NO CANCER DEATHS GOAL OF HILLSBORO CAMPAIGN

(Continued from Page 1)

thought might help beginners in the field.

Miss Ruth Ryley, chairman of the Hillsboro campaign, sponsored by the Junior Fortnightly Club, then gave out material and assigned each worker to her territory and urged the campaign to be completed within one week.

Miss Ryley said, "Someone will call at your home this week and we urge you to read the material left with you and keep it for future reference for yourself or your friends so Hillsboro need not have one unnecessary death from cancer."

The group then adjourned to the Junior Fortnightly Club room for a buffet lunch of sandwiches, pickles, and coffee.

"The young Farmers group members of the 4-H club are planning Whist card party at municipal Hall, Friday April 23rd. The public is invited.

Mr. and Mrs. George Donovan of the "Three Ways" have returned from Florida. Mr. and Mrs. Martin Falhof are also back, preparing for the opening of "Breezy Point."

Mrs. Charles Boutelle and son Gerald are spending a few days in Hillsboro with Mr. and Mrs. Forrest Boutelle.

Mr. and Mrs. Earl Boutelle of London, England, attended the reception given to Mrs. Eleanor Roosevelt and were able to chat with her.

Mr. and Mrs. Herbert G. Yeaton Sr. and grandson, William, were guests of Mr. and Mrs. Berton G. Yeaton and family of Swampscott, Mass., last week.

Mrs. Yeaton was an honored guest at the Installation of Officers of Radiant Chapter 195 OES during the retiring of her son, Berton G. Yeaton from the Office of Worthy Patron. His mother-in-law, Mrs. Warren K. McClintock retired from the office of Worthy Matron, his wife from the office of Electa and his sister-in-law from the office of Esther. Hillsboro received many compliments during the evening, for in addition to Mr. Yeaton, the husband of Mrs. McClintock, who was also present, is a native of Hillsboro. Mrs. McClintock was also installed as Marshall for the year 1948. Mr. Yeaton entered the office of Sentinel and Mrs. Yeaton was installed for a second time as Electa.

James Guncheon, chief mechanic at Bill's Auto Service, is vacationing in Florida.

Harry McClintock has re-opened the Capitol Cafe. They are closed Tuesdays and you can get a good cup of coffee there for 5 cents.

Miss Barbara Hill and her school friend, Miss Esther Gove were in Hillsboro last week.

EDITORIAL COMMENT

CANCER DRIVE

This week members of the Junior Fortnightly Club assisted by members of other women's groups are making a house-to-house canvas of the town in the interests of cancer prevention.

No high pressure methods of solicitation are used by the workers who stress the educational aspects of the campaign.

Cancer control clinics report that many Hillsboro people visited the clinics last year, in part because of last year's educational campaign by the local groups.

MY CANDIDACY

It is not unusual for country editors to be active politically. Most of them seem to favor the policies of the Republican party, some support the Democrat party. That your Editor should be honored to be chosen as the Socialist nominee is perhaps novel.

One does not have to be a prophet to realize that someday in our country and in New Hampshire, a labor socialist party will emerge as it has comparatively recently in Canada and Australia.

In England the major party is the Labor party, socialist in orientation. In other European countries the Socialists have joined with the other democratic parties as a bulwark against the Communists.

In brief, the Socialists propose universal disarmament in all countries, equal access to the raw materials and world wealth by all, public ownership of the natural resources, and the principal means of production.

Socialists seek a production for use economy rather than the present economy geared to the motives of private profit.

Readers should look for no startling changes in the Messenger. We will strive to produce the best newspaper we know how, factual in content, fair to all.

ON THE STREET

by PAUL S. SCRUTON

When grandfather came to town back in the days of the horse and buggy when fertilizer was plentiful and horses did their bit, parking spaces were always available at the Methodist Church sheds, the Congregational Church sheds and the general community sheds, which in those days shed light in the right direction even after dusk when lanterns were lighted and grandfather was able to distinguish the old gray mare from the big black stallion, even if the town constable had to heave him into the wagon and give the horse a stare in the right direction.

Times have changed since the advent of the automobile and parking spaces are so limited in this community that many car owners find themselves half way to Deering or headed towards Washington before they can find room enough to take off the rear fender of somebody's omnibus.

We do not know the cost of installing parking meters and most car owners, after paying the taxes and insurance, lack the necessary nickel and would have to put it on the cuff until next pay day anyhow. One advantage of living in a hilly community, a car owner could coast home if he has enough gas to first make the last grade.

We have seen out of town motorists stop, start, turn around, back up, skid, slide and honk in an endeavor to find room enough to park the old bus while they go in to get an ice cream or something

at the village blacksmith shop or up Cat Alley. Some cars park all day in one spot in spite of snow, rain, hell or high water and apparently hit the deck about 5 A. M., to be sure of being there before the noon time rush. Others park just to see what is going on from the most advantageous position in Central Square and get their money's worth in rubbernecking. Others park from habit and pull.

For the luvva Mike give the storekeepers a break and let folks in who stop only to trade and then are on their way home, or if you must park all day, rake over your own backyard and park there in the shade.

LETTERS TO THE EDITOR

TO THE EDITOR:

Regarding the art of living in "Our Town". In my humble estimation its about time we stopped this yackety-yack on Labor and Management. Perhaps it would be better if we got on the Constructive side in our thinking and actions, and try to get the wheels turning in one of our basic industries.

Our Town is what the residents make it. Let's pull for the future by benefiting from mistakes made in the past.

Respectfully yours,
M. A. Resident

STOP—LOOK—LISTEN

by Jeanne Eccles

Storm! Sleet! Slush! Snow! seemed to be an incentive for a full attendance at Art Class last Wednesday Evening, instead of a barrier. Everyone arrived, even our director, Stuart Bruce after a long, and muddy three miles from his home in Washington to the center of town where he was met by automobile and whisked down to Hillsboro. Our model, Judge Marshall Derby, got to class ahead of time, along with several visitors.

Mr. J. A. Rowen, a guest at the Valley Hotel and a member of the Boston Business Men's Art Group, came down to the Cellar Studio all prepared to paint, even to bringing along his own flood light. He enjoyed himself so much and liked the instruction given him by Stuart Bruce to such an extent that he became one of our contributing members. Anyone who wishes to join this active booster group may do so by contacting any of our members.

Mr. Frances Rigney of Eagle's Nest in Deering has just presented us with a beautiful pencil drawing done by himself of the old Madison Square Garden in New York City.

Several members of the Art Club are sending entries to the 10th Annual Exhibition of paintings by Contemporary New England artists at the Jordan Marsh Company Art Gallery early in May, also entries are being sent to the Florida Gulf Coast Group Exhibition, May 3-31, in Clearwater, Florida.

Visitors are welcome any Wednesday Evening, from 8 to 10 o'clock at the Cellar Studio in the Valley Hotel, to work with us or to watch us work!

HILLSBORO

Mr. and Mrs. Cyrus Phelps, Mrs. Rose Foster and Mrs. Abbie Smith were in East Deering on Sunday calling on Mrs. Juliette Whitaker. Mrs. James Hudson has found a young female wire haired terrier and is looking for the owner.

ADVERTISERS

Would you be interested in buying a pair of blue peacocks in full plumage for \$35. That's just half what they are selling for in the market. Reason for the low price, overstocked.

The 18th annual Field Trials of the Merrimack County Fish and Game club will be held at Franklin, Rt. 2, Saturday and Sunday, April 24 and 25. To be run on liberated live pheasants. Saturday night a banquet at Homelike Inn at 7 o'clock. This event is to be run off in the rear of the N. H. Orphans' Home. Better plan to take it in if you can.

Public waterfowl meetings. The one nearest us will be at Boston on May 21, at 2 p.m., at the Gardner auditorium, State House. Government men in the Wildlife Service will be the speakers.

The Associated Sportman's Club of Fitzwilliam have a full year in their program which is very interesting. Something doing in that club every week-end.

Have a party that wants to buy some Siamese kittens. Do you know of any in this neck of the woods?

Watch out for traps under culverts to catch trout. There may be some in your favorite brook. Report in at once if you find any.

A resident of the West Village saw a naked fox one morning last week. Not a hair on his hide. Another bad case of mange. A beaver trapper found a porcupine that died from this trouble. Watch your cats and dogs and if any signs appear, see a Vet at once.

The semi-wild Mallard ducks on the Souhegan river have plenty of friends at the Abbott Machine. The employees take up a collection each week to buy grain for their feathered friends. The last count on the river was 58.

Why not start a skunk farm? With young decent skunks selling for \$15 and adults for \$20.00, there must be a dollar in it as well as "cents."

The beaver count in this part of the state was not up to past years. I stamped 36. One Warden in the north country stamped 280.

One day last week I planted 1000 beautiful rainbow trout. These were from the Hatchery at New Hampton. Nicest rainbows I ever saw. Some were a foot long.

The Londonderry Fish and Game Club will hold its annual Field Trials at Crystal Lake in Manchester, Tuesday, April 27. 13 and 15-inch Beagles, fox hounds and bird dogs in all trials. Valuable prizes to the winners.

Here we have a nice long letter from our old friend, Daniel Mc-

Linn, former Supt. of the Warren, N. H. Fish Hatchery. Dan was in the service of the Fish and Game Department 62 years and when he went to work he was the only salaried man in the Department. He is now making his home at the Masonic Home in Manchester. He says he is feeling fine for a young chap of 80. You that knew Dan in the old days should drop him a card now, and then.

Yep, the Conservation Officers and the local Dog Officials are to be tough this May. Too many deer were killed by dogs last winter. Shoot to kill is the watchword handed out by the officials to the officials. Dog taxes are now due, see your town or city clerk at once and save yourself money and the life of your sky poodle.

Ever see the muskrats swimming around in the Contoocook river at Peterboro? That river is well populated with these little fur bearers. See them every time I go to that town.

I want to thank the many people who left tinfoil for me at the office of Town Clerk Holt at Peterboro. No names on some of the packages so I can't thank them by a card.

It's reported that many bees were winter killed by the cold winter weather. Dave Tuttle a large owner says he don't know yet how they wintered.

A man who watches the spring flight of birds reports that he never saw as many robins as have reported back this year.

"Bud" Carrigan, the well known local cocker spaniel man, reports he has a fine litter of this breed.

What's going to happen to us in a few years if we let them cut off all our pine. Never have we seen so much cut lumber and logs on the highways. And do they pile 'em high on those trucks.

New Outboard motors every month. Watch your sporting magazines for a new motor.

Do you want to know just how fast a 22 cal. bullet travels? Well, send to Henry P. Davis, c/o Remington News Letter, Bridgeport, Ct., and he will send you a chart. Boy, but those hollow points are fast travelers.

Did you know that the state of Kansas have no wild deer. All being in zoos or parks.

There are 10,000 miles of fishing streams in our National forest.

Yep, the long considered extinct Panther has now been found in New Brunswick, also in New Hampshire.

The largest rodent is the Capybara rat. It grows to over four feet and weighs to 70 pounds and has

Snakes can't blink their eyes, they have no eyelids. They can absorb bright sunlight but the twilight blinds them.

Raccoon get its name from the fact that it washes all its food. The name comes from the Indian name "Arathcone" meaning the washer. I have seen my coon eat candy and cakes without first washing it.

Grayfish eyes are dark at night and light when the sun comes up. The above information comes from Henry P. Davis of Remington News.

Do you want your dog to have good manners? The new Kennel Club of Nashua have engaged a trainer from Boston to train your dog. For further information see or write to Dr. McMurray of Nashua.

The Lone Pine Hunters' Club had a big meeting at their Club House Monday night. Full house. This Club has great plans for the coming summer and fall. President Paro presided, Refreshments were in charge of Leopold LeMay and his able crew.

You have got to hand it to the two local R.F.D. carriers, Frye and Joslin, for the fine showing they made last winter in storms of deep snow and the past few weeks of deep mud. This will also go for all the carriers in southern N. H.

A local man wrote to the Winchester Arms Co., about Damascus barrels. They told him not to use smokeless powder in a gun with that kind of barrel. Many a man has lost an arm and side of his head. If interested, I would like to show you a letter they wrote to him. And these people know their guns!

Dogs are still running deer in several towns around here. Does heavy with young are having hard times keeping away from these outlaws. After April 1st all self-hunting dogs must be confined. No, you cannot shoot herons and

Kingfishers, as they are protected by Federal and State laws. There are only four kinds of birds that you can shoot and they are owls, hawks, starlings, and crows. All other wild birds are protected.

Believe it or not, but they have a bear over in Mont Vernon. Arthur Hazen, president of the Purgatory Falls Fish and Game Club says so. Some milk inspector from Nashua saw the bear and many others saw his tracks in the mud. Nothing strange to that says Ernest Wright an old bear hunter from Nova Scotia. He has seen signs of bear most every year. Dr. Thompson of Peterboro who lives on East mountain says he has heard bear all last summer. So, it must be so. Five dollar price on his head—bounty.

Last Sunday I sat in with 29 other Conservation Officers from all over the state. The meeting was at the home of Director Carpenter, Wolfboro. Mrs. Carpenter put on a wonderful dinner and the afternoon was devoted to matters pertaining to the coming trout season. We left Wolfboro in a good hard snow storm which lasted till we got home. I went over with Cole, Barnard and Daniels. Nice to meet all the Wardens again and a nice bunch of fellows.

Conservation Officer Harry L. Huribert of Errol, N. H., told me he was still going on snowshoes and that his roads were still bad. Altha Kee of Mound City, Mo., sends me some clippings of a coyote hunt from a plane. The clip-

STATE OF NEW HAMPSHIRE

Hillsborough, ss. Court of Probate
To the heirs at law of the estate of William D. Nichols late of Hillsborough in said County, deceased, testate, and to all others interested therein:

Whereas Bertha A. Nichols executrix of the last will and testament of said deceased, has filed in the Probate Office for said County the final account of her administration of said estate.

You are hereby cited at a Court of Probate to be holden at Manchester in said County, on the 18th day of May next, to show cause, if any you have, why the same should not be allowed.

Said executrix is ordered to serve this citation by causing the same to be published once each week for three successive weeks in the Hillsboro Messenger a newspaper printed at Hillsborough in said County, the last publication to be at least seven days before said Court.

Given at Nashua in said County, the 9th day of April A. D. 1948.

By order of the Court,
16-18 rwc Wilfred J. Boisclair
Register.

EXECUTOR'S NOTICE

The subscriber gives notice that he has been duly appointed Executor of the Will of Amy N. Newell late of Hillsborough in the County of Hillsborough, deceased.

**Cancer Outlook
Is Much Brighter**
(Continued from Page 1)

In mice, they at least partially destroy some kinds of cancers. But they can be very toxic, causing other bad effects. Usually they can be given once with effect because they set up antibodies that make following doses non effective. They are being tried on some advanced human cancers. Intensive research is under way to learn what part of them works against the cancers, and to take out, if possible, the portions that cause the bad effects.

One of the B vitamins, teropterin, is being studied for possible value in making cancers diminish.

Nitrogen mustards, derived from wartime poisons, gases have shown effect sometimes in prolonging life and easing pain in some kinds of cancer and in Hodgkin's disease. But they don't cure the cancers.

Too Toxic

Another chemical, urethane, has been tried in leukemia, but without much apparent effect. In laboratory animals it showed some ability to slow down cell growth.

Podophyllin, an extract of the May apple or mandrake, breaks down tumors in mice. But it is too toxic to be tried on humans.

Tremendous effort is going into the search for the cause or causes of cancer. One brilliant result has been isolation of a tiny substance, apparently a virus, that seems to be involved in causing breast cancer in female mice. Whether viruses are involved in human cancers is still unanswered.

One of the most valuable tools in cancer research is radioactive isotopes, made abundantly in atomic piles. These tracer atoms may supply the answers on the start and cause of cancer and how it might be prevented.

Fundamental Problems

With them, scientists all over the world are tackling some of the fundamental problems of growth, trying to learn how normal and cancer cells grow, how cells divide and multiply, how they use their food supplies.

Nutritionists have discovered that rats and mice sometimes develop cancer, due to the excess or lack of certain foodstuffs. These clues are being followed up.

Much research also is being done on the possible roles of enzymes in the development and control of cancer.

Geneticists have bred mice that inherit resistance or susceptibility to cancer. They have found evidence that cancer might be linked to changes in genes, the tiny elements that control heredity. If this is true, if cancer starts when genes in body cells begin with uncontrolled growth, the prevention of cancer might be an extremely difficult task.

Spending Much More
6—Money and men:

EXECUTOR'S NOTICE

The subscriber gives notice that she has been duly appointed Executrix of the Will of Alice C. Mosher, late of Hillsborough in the County of Hillsborough, deceased.

All persons indebted to said Estate are requested to make payment, and all having claims to present them for adjustment.

16-18 b Martha M. Snow

EXECUTRIX NOTICE

The subscriber gives notice that she has been duly appointed Executrix of the Will of Roscoe W. Spaulding late of Hillsborough in the County of Hillsborough, deceased.

All persons indebted to said Estate are requested to make payment, and all having claims to present them for adjustment.

Dated April 13, 1948. Ina B. Spaulding, Park street, Hillsborough, N. H. 16-17-18 r.p.b.

**EXECUTOR'S NOTICE
ANCILLARY**

The subscribers give notice that they have duly appointed Ancillary Executors of the Will of William Niedner late of Malden in the County of Middlesex and Commonwealth of Massachusetts, deceased.

All persons indebted to said Estate are requested to make payment, and all having claims to present them for adjustment.

Notice is hereby given that Robert P. Booth of Manchester in said County of Hillsborough has been appointed resident to whom all claims against said Estate may be presented.

Dated April 13, 1948
Linus C. Coggan
Cora M. Niedner
16-17-18 r.p.b.

The amount of money turned into cancer research has spiraled upward sharply in the last few years. At least \$7,000,000 is being spent on research this year, a figure about double that of last year. Even greater support is planned next year.

Since the fall of 1945, the American Cancer Society alone has granted \$8,000,000 for 100 fellowships and 250 research grants in 72 institutions in 27 States. About 1 of that is for research, during the current year. The federal government is spending about \$4,000,000 this year on research, and besides its great budget, on all phases of the cancer program has allocated \$10,000,000 to build research facilities. Other sizeable sums for research are coming from other agencies, from hospitals and universities.

Army Sgts. In Hillsboro Mondays and Wednesdays
Manchester U. S. Army and U. S. Air Force Recruiting Station announced new visiting hours in Hillsboro commencing this week.
Major Leonard H. Burgess, Commander of the Manchester area, today stated that T/Sgt. Leo A. Bourgaunt and T/Sgt. Joseph T. Cyr of the Manchester station will visit Hillsboro on Mondays and Wednesdays between the hours of 10:00 a.m. and 3:00 p.m.
Young men interested in enlistment with the many attractive vacancies and opportunities afforded in the New Regular Army are asked to consult the Sergeants Bourgaunt and Cyr on their visits to our town.

Tel. Antrim 37-5 Stanley Canfield. 17

The experts go overboard
"This time it's Hudson
the only car you step down into!"

An auto-wise Detroit editor writes, "Hudson... will still be in a seller's market after the buyers' market returns!" A Cleveland motor-car writer, "The public is in for a thrill!" From a San Francisco auto editor's column, "Hudson has really hit the jackpot!"
And so it goes—right around the nation! Men who have "seen everything" in automobiles go for the New Hudson.
It is the only American-built motor car you step down into when entering, not up on! This new development brings you sensational advantages—among them, newly streamlined beauty that would otherwise be impractical.
This new kind of motor car is only five feet from ground to top, yet by stepping down, you get more head room and roomier seats than in any other mass-produced car built today—and there's good road clearance, too!
Because you step down, Hudson's new, all steel Monobilt body-and-frame* completely

encircles you, even outside the rear wheels, with a rugged, box-steel foundation frame—and this brings you a new measure of added safety.
You ride within this frame—cradled between axles—not on top of a frame as in the past. Hudson's new, lower center of gravity and rugged basic structure give this car delightful roadability—a hug-the-road way of going, especially on curves, that is so safe, so serene, so smooth, it is unlike anything you've known before!
See the new motor car the experts cheer. The nearest Hudson dealer will show it to you now! Hudson Motor Car Company, Detroit 14.
*Trade-mark and patents pending
