DO YOU REMEMBER?

Electric blankets and pads are great comforts to a cold person in cold weather. But it's sort of namby-pamby comfort compared to the wonderful feeling of a well wrapped hot freestone or soapstone near the foot of an icy bed in an icy bedroom of long years ago. Even hot bricks or flat irons were used in big

N. H. Schools Join Crusade for Children

CONCORD, May 13—Dr. Edgar Fuller, state commissioner of education, announced today that the appeal of the "Crusade for Children" which opens this month, will be made through the schools of New Hampshire.

Dr. Fuller explained that "only exceptional circumstances would lead to approval of this use of the public schools. The circumstances are exceptional."

The "Crusade for Children" is a united campaign by 26 established social welfare agencies to aid the victims of war. The campaign is being sponsored by the American Overseas Aid—United Nations Appeal for Children. The New Hampshire quota is \$210,000 of an nationwide goal of 60 million dollars.

In a letter to the state's superintendents of schools, Dr. Fuller said, "many millions of the children of Europe and Asia face starvation. Numerous relief agencies have been organized to help them. These organizations are approved and qualified and are doing good work. To present their case individually to the public, however, would cause much confusion, so all have agreed to unite and present their problem together."

TEACHERS and PARENTS

The Sunday School Teacher's, officers and workers of the Baptist church school met last week with parents at the church. A film was shown to explain new visual education methods, and refreshments were served during the social time later.

Molly Aiken Chapter D.A.R. Holds State Officers' Day

ANTRIM, May 13—Molly Aiken Chapter D. A. R., observed State Officers' Day Friday, May 7. Luncheon was served to the State Officers at noon in the Baptist Church dining room with the Chapter Regent, Mrs. Archie Swett, as hostess. A short business meeting followed. Mrs. Maurice Poor, Mrs. Frank Seaver, and Mrs. Frank Wheeler were appointed to the nominating committee. Mrs. Fred Orser sang "Friends of Mine."

The State Regent, Mrs. David Anderson, was guest speaker. Other State Officers present were Vice-Regent, Mrs. Kimball Lancaster; Chaplain, Mrs. Johnson, Antrim; Secretary, Mrs. Parker, Goffstown; Treasurer, Mrs. Emery, Manchester; Registrar, Mrs. Rowell, Concord; and auditor, Mrs. Clifford Franklin, each of whom spoke briefly.

At the close of the meeting the group drove to Antrim Center where a bronze marker was dedicated to the old Town Pound which has recently been restored under the direction of Mrs. William Nichols, chairman of Preservation of Historic Spots. The program included invocation by the Chaplain, Mrs. Johnson; a brief history of the Pound, Mrs. Nichols; address, State Regent, Mrs. Anderson; group singing "America" and "God Bless America"; and Benediction by the Chaplain.

The Annual meeting will be held Friday, June 4, at the home of Mrs. Nichols. Dessert will be served at 2 o'clock preceding the meeting scheduled for 2:30 p. m.

Marietta S. Long, Press Correspondent.

ANTRIM MUSIC CLUB

On Tuesday, May 18, at 7:30 p. m. the Antrim Music Club will meet in the vestry of the Presbyterian church. The members of the Monadnock chorus will be special guests for the evening. The musical program will be given by guest artists from Hillsboro, Greenfield and other nearby towns. Anyone in the community may come and enjoy this fine program, as it is open to the public.

NEW OFFICERS ELECTED FOR WOMAN'S CLUB

On May 11, at 1:15 p. m., 43 members of the Antrim Woman's Club met at Maplehurst Inn for the May Luncheon followed by the Annual Business Meeting and election of officers. A roast lamb dinner was served; and spring flowers adorned the tables. The president Mrs. Dorothy Proctor presided, and the usual annual reports were given with the regular ones. Mrs. Doris Claffin, recording secretary, and Mrs. Elizabeth Richardson, treasurer, and Mrs. Barbara Shea, corresponding secretary gave reports as well as chairmen of various committees.

Money was donated for the expenses of the Junior President to attend the convention and also a sum donated for the Salvation Army Fund here. It was voted to change the constitution and by laws to include a "Program Committee" this year the programs were arranged by a committee and it was found a much better arrangement.

A letter was read from the State Federation President, Mrs. Robert P. Peckett, Jr.—It was suggested that our scholarship, to help train a nurse, would be used by Barbara Bean, sponsored by the Club. At the 54th Annual State Convention of the Federation of Woman's clubs, the incoming President will be sent as the Clubs' delegate, with the president appointing an alternate. The chairman of the nominating committee, Mrs. Betty Amiot, read the list of the officers which were elected at this meeting, they will be as follows: President—Mrs. George W. Nylander, Vice President—Mrs. John W. Thornton, Corresponding Secretary—Mrs. John Shea, Treasurer—Mrs. William G. Richardson, Auditor—Mrs. David H. Goodell.

Before adjourning the meeting the gavel was presented to the new president, Mrs. Nylander and she read a few of the many projects the Club sponsors, and members spoke of some which may be adopted later. The Club closes for the summer recess, until the second Tuesday in October.

POPPY DAY ON MAY 22

Mrs. Mary George will be Poppy Day chairman this year when the familiar red poppies are sold by the members of the American Legion Auxiliary. On May 22, the flowers made by veterans in hospitals will be sold to raise money to aid the disabled veterans of both wars, and in so doing, will honor the dead heroes also. The hands that make the paper poppies belong to disabled comrades of the men in whose honor the poppy is worn. In Veterans Hospitals about twenty-five million poppies will be made for sale.

Be generous, buy a poppy, it stands as a symbol of our continued devotion to democracy's defenders living or dead.

CHURCH NOTICE

At May 19th Annual Business meeting of the Baptist Church all members vitally interested in the church progress should attend the business meeting.

Howard Dorry Weds Miss Marion Dunbar

HANCOCK, May 7—Miss Marion Dunbar of Bennington, and Roy E. Dorry were married at the home of his father, Howard Dorry, in the presence of relatives of the couple. Rev. Archibald Kerr, pastor of Hancock Congregational church, officiated at the double ring ceremony.

Mrs. Maurice Dunbar, sister-in-law of the bride, was matron of honor. Richard Pihl of Antrim, brother-in-law of the bridegroom, was best man.

The bride is the daughter of Mrs. Harry S. Dunbar of Bennington and the late Mr. Dunbar who was chief of the Fire and Police Departments there.

The bridegroom is a veteran of World War II in which he served as a sergeant with the Army in the European area, having entered the service early in the War.

Mr. and Mrs. Dorry will reside with her mother in Bennington.

A dinner was served by Howard Dorry, assisted by his daughter, Mrs. Richard Pihl of Antrim.

State House Journal—Solons Open Fire on County System of Government

by ENOCH SHENTON, II

Opening gun of the campaign for abolition of county government in New Hampshire was fired in the Constitutional Convention this week. Shortly after the convention opened on Wednesday a resolution to wipe out the "third level" of government in this state was thrown in the laps of the 453 delegates. The resolution was jointly sponsored by a group of civic leaders elected to the convention from widely scattered sections of the state.

The number of signatures on the resolution was one tip-off that the groundwork for the campaign to abolish the counties was thoroughly organized. Months of planning and missionary work have been done to combat the influence of entrenched county officials, who will fight tooth and nail to prevent liquidation of their branch of government.

Here's the text of the simple resolution designed to accomplish one of the greatest advancements ever made in New Hampshire governmental efficiency: "Resolved, that the constitution be amended by striking out Articles 71 and 72 of Part Second, and substituting therefor the following: Article 71. The county form of government, being no longer necessary, is abolished effective July 1, 1951, and the General Court shall, before said date, assign to the state and the several towns, effective July 1, 1951, such of the various functions of county government as it shall deem necessary to continue."

Face Bitter Fight

County government, even with the best type of county officials, is essentially weak, by the very nature of its function. But there certainly is no weakness evident in the political power of the men

World's Hungry Children Get Food Relief Under Stars and Stripes and U.N. Banners

Children's Crusade Builds Friends for America Amid Chaotic Conditions Abroad

NEW YORK, May 6—You could call it star-spangled milk powder.

It's served under the Stars and Stripes.

It comes from the U.S.A. And wherever it goes, to hungry children all over the world, it brings a star-spangled brightness to their eyes.

Many of the children in Poland, Czechoslovakia, Italy, France, Finland, China, never saw milk of any kind before their generous friends in America, through the voluntary foreign relief agencies, sent them the stuff that builds bones and bodies—and friendship.

Today, millions of kids have a chance to recover from rickets, from tuberculosis, from the gnawing pangs of hunger with which they have lived all their lives, because Americans are sending them red-white-and-blue calories and kindness.

In the name of the Crusade for Children of American Overseas Aid—United Nations Appeal for Children, Americans are subscribing \$80,000,000 this spring to finance the foreign relief activities of 25 voluntary American agencies and to replenish the United Nations International Children's Emergency Fund.

Jules Perlstein, recently returned from a two-year United Nations mission in Poland, reports a need for more food and medicine on the part of millions of children in Europe. He urged generous contributions to the campaign to feed the hungry children of the world.

Recipients Informed
The children, he emphasized, know where the food comes from, and the governments help to keep them informed.

He reported that it is a definite policy of the Polish government to give widespread publicity to the United Nations International Children's Emergency Fund. Posters at feeding points explain the nature of UNICEF, to which the United States is a large contributor. In addition to press and radio cooperation, teachers, doctors and parents tell the children that food is coming to them through the United Nations, for which the

STAR-SPANGLED MILK—Under the American flag, milk served to hungry children abroad brings star-spangled brightness to eyes that have known starvation. Photo above was taken in Czechoslovakia in March, showing that despite governmental changes, American-given relief, building healthy bodies and firm friendships, is recognized as coming from the land of the free.

United States provides the greatest financial strength.

Mr. Perlstein also gave assurance that all food provided through UNICEF is accounted for from the moment it arrives.

"Our Mission knew where every ounce of food went from the moment it entered Poland until a child ate it," Mr. Perlstein declared.

The bulk of UNICEF food shipments are of dry skim milk, which is valuable to hungry children abroad because of its protective food elements. It is estimated that 230,000,000 children in Europe and Asia do not get enough food for normal health or growth. UNICEF is feeding 4,000,000 children in Europe, and is starting a feeding program in Asia. The people of some 50 nations are cooperating

in the United Nations Appeal for Children to raise voluntary contributions so that the work of UNICEF may be continued and extended.

Contributions Needed

America's share in the worldwide appeal is the Crusade for Children, which is also soliciting funds for America's major voluntary foreign relief agencies now feeding a total of 3,500,000 more children and aiding, in other than feeding projects, 2,650,000 children and 4,640,000 adults.

Contributions, which mean both food and friendship for the suffering children abroad, may be made to local campaign committees or sent directly to national headquarters of American Overseas Aid—United Nations Appeal for Children, 39 Broadway, New York 6, N. Y.

Edward Tasker brought the record to school, "The Little Engine That Could." We invited the first grade in to hear them.

John Martin has had his tonsils out. We wrote him a letter and while he was convalescing he cut out pictures of birds and mailed them to us to use in our bird club meetings.

In our art classes Mrs. Day is helping us to make a farm and farm animals.

GRADE THREE

Mrs. Young visited our class Friday.

Twenty-four children had one hundred in spelling this week. We enjoyed the movies we had Friday afternoon.

We have learned a new game for drill in multiplication.

GRADE FOUR

Tuesday we had a drill down the fire escape.

We are sorry that Faith Owen is sick.

Walter Buswell is back in school having been in Massachusetts all winter.

We have been making baskets and cards for Mother's Day.

The play at the High School was good.

This week we had a test in our Weekly Reader.

GRADE FIVE

We are starting to find areas in Arithmetic and enjoy estimating the areas of building lots and other articles around us.

We are preparing for a Memorial program.

On Friday we saw some movies on our new movie projector. The films were loaned to us. We are to have educational films beginning May 24th.

Several specimens of wild flowers have been brought to school. We hope more will be brought, but that all children pick them cautiously.

Those getting 100 per cent in spelling for the week ending May 7th are, Barry Harlow, Mildred

Powell, James McClintock, Harrison Baldwin, Barbara Mills, Leon Parker, John Olson, David Whitney, Marshall Bennett, Ann Broadley, Ernest Poland, Eva Day, Walter Sterling, Joyce Wheeler, Jane Seymour, Robert Young, Cynthia Cooper, Martha Marchand, Dellene Devlin and Carole Fogg.

GRADE SIX

On Tuesday we listened to a very interesting educational radio program telling us about Athens, The Acropolis, The Parthenon and so many things that we not only have read about in Geography but in our Old World History as well.

Mary Greene brought us some very pretty jonquils from her garden and Barbara Fowle brought us a bouquet of trilliums.

We have started drawing a series of Circus scenes in Mrs. Day's art class. Our first was a picture of an elephant standing outside of the big tents.

The Grammar School enjoyed the 3 one-act plays at the High School on Thursday.

We finally have our new Victor movie projector and are very much pleased with it. We want to thank Mrs. Woods and the Taskers and

Dr. Baldwin for loaning us films. Those getting 100 percent in spelling are: Gayle Bennett, Bruce Bonnette, Joanne Duggan, Edwin Dutton, Shirley Grimes, June Holder, Suzanne Peasley, Mary Lee Stilling.

UPPER VILLAGE SCHOOL

The only one to earn one hundred per cent in spelling last week was Charles Baptist.

We all wrote a story about The Thimble and were to get a prize if there were no mistakes on our paper. Nancy Crane had the best paper but no one won the prize.

We are preparing a Memorial program to give in school on Friday afternoon, May twenty-eight.

Wednesday afternoon our eighth grade met with others of that grade at the Flat school and made plans for our graduation. There are thirteen to graduate.

CENTER SCHOOL

by Evelyn Murdough

We have received many more letters from schools in different parts of the United States. We have written back to most of them.

Sylvia Cornwell made the May

Last week we studied about teeth. We had a big chart that showed all about the teeth. We have a chart on the wall on which we keep the pupils' daily dental record. More of us have kept our teeth cleaner since we started to do this.

Rosalie Smith has just returned after a two week's illness.

We are getting ready for our Memorial Day program. We are going to have songs and poems.

We are also getting ready for Graduation. Katherine Kulbacki has her essay all written.

We didn't have our regular music lesson Monday because Mr. Hill didn't come. But we practiced our Memorial Day songs instead.

We have received many of the pictures of different states for which we sent. We also received some maps. They are very interesting.

Reddy's REPORT of his 21st Year of Progress

Dear Folks:

I took these items from our "Annual Report of Public Service Company of New Hampshire for 1947" just to let

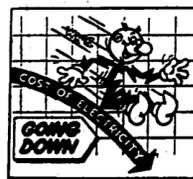

you know how we are getting along.

Reddy Kilowatt
YOUR ELECTRICAL SERVANT

OUTPUT UP — EXPENSES UP, TOO

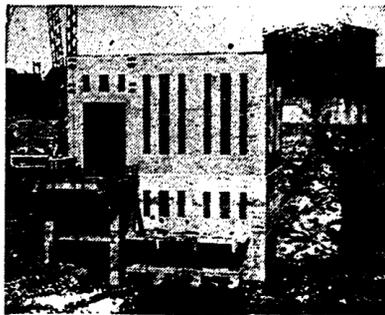

Output of electricity in 1947 biggest ever ... new high total of 588,967,504 kilowatt-hours ... 11.5 percent above 1946. But because of low water and increased use of electricity we bought a lot more fuel than usual ... so the operating expenses went up some, too!

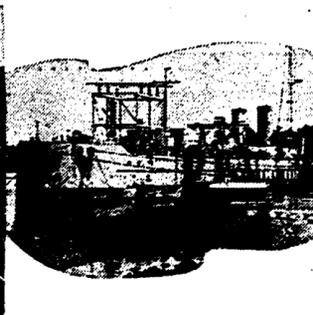

RATES DOWN AGAIN ...

Reduced again in February 1947, for the second time within a year ... in your home or farm you now get about twice as much electricity as in 1932 for the same money. No inflation here!

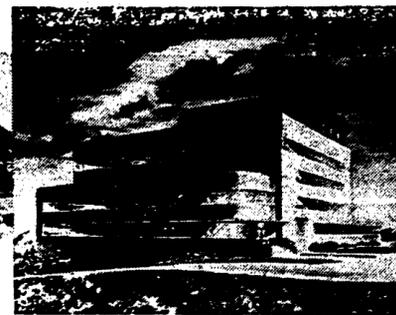

WE'RE BUILDING ...

Berlin Hydro-Electric Plant

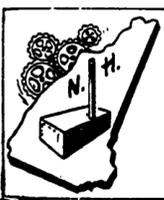

Florence Power Plant "Resistance"

Mercury Steam Electric Generating Station

Last year we handled the highest peak load in our history, with just about enough power available ... but we sure didn't plan it that way! Now our \$30,000,000 program of building is really going "great guns" ... more generating plants, more transmission and distribution lines ... some operating now, others ready soon. So now we're all set again, with more power for more prosperity in New Hampshire.

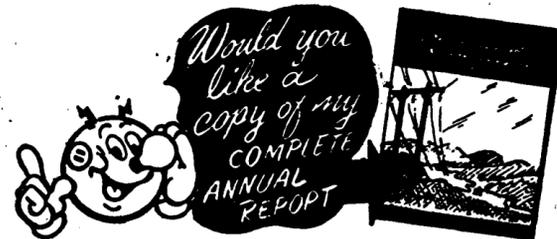

OURS IS AN INDUSTRIAL STATE ...

Did you think that New Hampshire was mostly agricultural? It's not! My Report shows that it's one of the most highly industrialized states in the Nation. Our manufacturing plants are prosperous, they're growing in numbers and size, they have stability and they're diversified. And a reliable supply of low-cost electricity has been here ready for new industries, providing more jobs and more income.

FARMS 93% ELECTRIFIED ...

Our state has always been, and still is, close to the top of the Nation in the percentage of farms electrified. Now over 93% ... practically all of our rural folks ... are served with electricity, and figures show they're really using it! The 2,100 miles of rural lines we have built since 1926, connecting 9,100 customers, have been a big factor ... Reddy's sure a rural worker!

If I do say so, our Annual Report is a very attractive booklet, with 32 pages full of facts, figures and illustrations about our 21st Year of Progress.

Just write your request with your name and address on a post card and mail it to us or call at your nearest office. I'll be glad to see that you get a copy at once.

Dr. and Mrs. D. A. Poling flew to Washington, D. C., last week.

Mr. and Mrs. Walter N. Gray of Concord are employed at The Long House, home of Dr. D. A. Poling.

Mrs. Leo Druin of Manchester visited her parents, Mr. and Mrs. Archie Cote on Mother's Day.

Mrs. Harold G. Wells, Mrs. Clarence Tingley of Hillsboro and Mrs. Edgar J. Liberty of Milford were in Manchester on Sunday, where Mrs. Wells and Mrs. Liberty visited, Mrs. Casimir Haefeli at the Sacred Heart hospital.

Miss Jane Poling and a friend have been spending a few days at The Long House.

Mrs. Mary B. Holden is attending the Constitutional Convention, at Concord.

James P. Cote of Florence, Mass., a former resident of Deering was quite badly burned about the throat and hands, when the hot lead spilled while he was at work on a line-type machine at the printing plant where he is employed.

Leonard Cote of Manchester, Norman Cote of Newport and Miss Beatrice Cote of Lebanon spent Mother's Day at the home of their parents, Mr. and Mrs. Archie Cote.

Stanley Alexander of Lebanon was visiting friends in the Manselville District, on Sunday.

STOP—LOOK—LISTEN

The Hillsboro Art Club feels that spring is definitely on the wane and that summer is actually here. Peggy Fitzsimmons, just back from Florida with a wonderful tan and the latest in Florida beach fashions, brought the sun, the sea and the sands to the Cellar Studio last Wednesday evening with its background of oil heaters, oil tanks, and steam pipes.

Frames are coming in by the "dozens" and the two easels given by Mrs. Duncan Noyes and Mrs. Fred Peaslee of Henniker are already in use.

We are all keeping our fingers crossed that one and all who submitted pictures to the traditional jury at the 19th Annual Contemporary N. E. Artists Show at Jordan Marsh Co. Art Gallery will be passed.

Mrs. Grimes, just returned from California and our first associate member, will be a welcome visitor Wednesday evening.

The thousands of spring greens, the hills and valleys coming into blossom, houses getting their new coats of paint, children and grown-ups parading in their "New Look" clothes, are all subjects for the artist's brush. Who knows, you may be the next one to appear on one of our canvases.

N. H. Teeth Poor

Says Dental Director

HENNIKER, May 13 — Dr. Shirley Dwyer, Dental Director in New Hampshire was the guest speaker at the meeting of the Parent Teachers Association on Monday evening in the Cogswell Memorial Auditorium. He spoke on "Down in the Mouth" in which he said that the State of New Hampshire ranked 47th among the states in dental decay. This is due to three things; lack of fluorine in the water, too many sweets, and neglect. He also explained the work the dental trailer is doing and the terrible need of another one.

The officers, President Lester Connor and Secretary-Treasurer, Mrs. Robert Gilmore were installed by vice president of the Congress of N. H. Parents and Teachers, Mrs. Hadley of Weare. Other guests were also present from Weare. Refreshments were served by a committee headed by Mrs. G. Colby Barker.

families when there were not soapstones enough for all. We had many in our home. Some of them were nice big rectangular ones properly cut, others irregular—just pieces picked up in the soapstone quarry in Franctown. No one seems to have known even of the existence of the quarry until just recently an 80 year old friend said he had been there. He also knew all about freestone stoves and what a comfort they were.

They were like a rectangular box set on short iron legs I guess, about 2 1/2 feet long, 2 ft. high and 1 1/2 feet wide. The whole top had a cover with hinges, also a door at one end for small wood. It held a huge chunk of wood. It was in our parents' bedroom downstairs off the kitchen where we took turns having measles, mumps or any other rare illness we ever had. One day a basket of shavings was brought in to light the fire. Ethel liked to see them burn as she put a few at a time in the stove door, then she lighted those in the basket. I yelled like an Apache and Frank dashed in and extinguished the fire and Ethel's burning desire for all time.

In the spring my mother made a lining for the freestone stove by puckering up one of her discarded voluminous calico skirts, making the bottoms of a bag-like receptacle. In it she put the men's many work mittens and our hoods and other winter wearing apparel. No self-respecting moth could ever live in such a place. The stove was then pushed over in a corner and the fire place used when heat was needed before another winter came.

Mr. and Mrs. Albert Mosley of Hancock entertained at their home on Friday evening in honor of his parents', Mr. and Mrs. Frank Mosley's 32nd wedding anniversary and Mr. Mosley's birthday. Others at the party were Mrs. Belle Mosley, Jean Mosley, Mr. and Mrs. Maurice Barnes, Miss Margaret Harrington, Earl Barnes and Gerald Crosby. It was a very happy occasion with both anniversary and birthday cakes.

Mrs. Henry Martin, Mrs. Paul Leedham, Mrs. Leslie Reed and Mrs. John Tasker went to Rye last Friday to visit a co-operative kindergarten which is carried on very successfully there. They had a very enlightening talk with Mrs. John Day who was largely instrumental in getting the interested parents together and finding the needs of the school and means of running it, for

it is not a part of the public school system, financially. Mrs. Day is the daughter-in-law of Mrs. Lois Day.

Monday morning, May 10, was the first morning since last fall that the oil heat wasn't turned on. Many years ago my friends' cold stoves were always taken down regardless of weather in house cleaning time, seldom later than May 1st. Those mid western houses had lots of gingerbread work on the outside but few fires places at that time, but May must have been warmer than this year.

Frank and Walter Gay and Allen Hilliard were in Concord on Saturday to see the Spanish American War Anniversary Parade.

Mrs. John Tasker and four children spent Saturday with Mrs. Tasker's parents, Mr. and Mrs. Edward Baker, in Meriden.

Mrs. William Foster and her parents, Mr. and Mrs. Swords, and Mrs. Donald Baker were in Boston on Friday and attended a meeting of the Methodist General Conference. Mr. Foster came home with them for the week-end.

Alfred Stanley of Winthrop, Mass., spent the Mother's Day week-end with his mother, Mrs. Herbert Stanley of Brown st

Mrs. John Grimes visited her son, Warren C. Grimes, and family in Athol, Mass., from Wednesday to Sunday.

Mr. and Mrs. Richard Hall of Attleboro and their two children spent Mother's Day week-end with Mrs. George Hall.

Last Wednesday night Mr. and Mrs. Warren Crosby, Z. Wardinski, "Plum" Crooker, Frank Gay and Alton Colby attended the presiding masters' night meeting at Wyoming Grange, Friday night Frank, Alton, and Mrs. Irene Parker went to Weare Grange, also presiding masters' night.

Mrs. Warren Grimes returned to her home Monday noon, after an extended visit with relatives in California.

who run county government. The sheriffs, commissioners and registry officials have banded together into a unified association of county officials. If they can't stop the anti-county campaign in the convention, they'll carry the fight to the people next November, when the resolution comes up for endorsement by the voters.

The move to end county government comes from the people themselves. But, like the popular demand that brought the city manager form of government to a handful of New Hampshire cities and towns this year, the thing just wasn't spontaneous. The people didn't suddenly realize overnight that county government was an inefficient, corrupt and archaic method of administering public business. Years of education, through the press and legislative debate, have pointed out every weakness, every shortcoming of county government. Defenses that might have been built up by county officials were destroyed—in many cases by their own official wrongheadedness—before any formal action to abolish county government started.

In the forefront of the campaign to abolish the counties was balding, belligerent John D. Langmuir, executive secretary of the state Federation of Taxpayers' associations. As delegate from Ward 1 of Nashua, he will floor-manage the anti-county resolution through the convention. Behind Langmuir is the man who has carried the pre-convention ball for the county reform faction, Publisher James M. Langley of Concord. Not a delegate to the convention himself, Langley nevertheless will be an important factor in the clash of interests now going on in the State House. As chairman for ten years of the state

Other 1948-50 officers chosen at the two day meeting included Mrs. Howard Elliott of Manchester, first vice-president; Mrs. Harris Thomas of Exeter, second vice-president; and Mrs. Albert Bates of Peterborough, treasurer. New directors of the State League, to which more than 1000 New Hampshire women belong, are Mrs. John Griswold of Hanover, Mrs. Nelson Lee Smith of Concord, Mrs. James Bradley of Manchester, Mrs. Louis Sumner of Portsmouth, Mrs. Archibald Stark of Plymouth and Mrs. Malcolm Keir of Hanover, with Mrs. Francis Robinson of Durham as chairman of the nominating committee. This year's nominating committee was headed by Mrs. Stanley Brown of Manchester.

Representatives from local leagues in Concord, Durham, Exeter, Hanover, Hillsboro, Laconia, Plymouth, and Portsmouth were present for the convention which heard Judge John R. Spring of Nashua, chairman of the New Hampshire Tax Commission, discuss "New Hampshire's Tax Sources and Tax Needs" as the keynote address.

The delegates adopted a four-point program which will comprise the state agenda of the League from 1948-50 and form the basis of action of local Leagues throughout the Granite State.

The planks include:
1. Promotion of youth welfare through improvement of New Hampshire's public school system and adequate governmental measures and agencies to promote juvenile welfare

2. Promotion of the conservation and better use of forest soil, and water resources of New Hampshire.

3. Promotion of an effective coordinated system of taxation in all levels of government in the state.

Henniker

Mrs. Diamond Maxwell
Correspondent

We have received an interesting clipping from William F. Farrar of New Bedford, Mass., about Otis H. Tuttle, brother of Edson Tuttle. It was taken from the New Bedford Standard-Times on April 21st.

Otis H. Tuttle, for 12 years a member of the Fairhaven Board of Registrars of Voters and for six years its chairman, has resigned effective June 1st. The resignation was accepted "with regrets" by Selectmen last night.

Mr. Tuttle said in his letter, "Please accept my resignation as a member of the Board of Registrars of Voters as of June 1st. I'm leaving town on or about that date. With kindest personal regards and best wishes for the continued prosperity of the town I have had the honor to serve since my first appointment Feb. 10, 1936, I remain, Otis H. Tuttle."

Mr. Tuttle, a prominent figure to patrons of Town Hall, is credited by town officials with having completed a meticulously accurate and orderly filing system of Fairhaven voters. He further is credited with developing the office of the Registrars of Voters to its present high standard of efficiency and with dutiful service to the voters of the town. To him is credited the availability and simplicity of daily registration of new voters as well as a methodical and accurate canvass of town residents.

Mr. Tuttle said today he plans to leave Fairhaven about June 1st for Henniker, N. H., where he will join his brother, Edson H. Tuttle, in a real estate business.

In accepting the resignation, Chairman of Selectmen Charles W. Knowlton moved that we accept this "with regrets." He said, "I further move that we forward a letter of commendation to Mr. Tuttle for his splendid work in keeping up the records of his office. He has done a fine job." Vote of the Selectmen was unanimous in support of the motion.

An operetta "Land of Dreams Come True" was successfully given by the primary grades of the Central School at the Cogswell Memorial Auditorium on Friday evening. It was coached by the music teacher, Mrs. Mildred Porter assisted

ed by the teachers. The many beautiful costumes were made by the mothers and flowers were made by the Home Economic Girls. Mrs. Porter was presented with a gift. Anne Comire gave a tap dance between acts.

Sewell Huntington quietly observed his 92nd birthday on Wednesday, May 5, at his home on Hall Ave., where he lives with his daughter, Mrs. Sharon Jameson. Mr. Huntington has not been as well this winter as he has been confined to his bed for nearly five months, and now sits in a wheel chair for only a few minutes each day. He still maintains an interest in local and world affairs however, and is always anxious for the latest news. He has one daughter, Mrs. Jameson, seven grandchildren and five great grandchildren.

Mrs. Merrill Greenly and Mrs. Clayton Straw were hostesses at the Emerson Hill Community Club open house reception in West Hopkinton on Thursday. Also present from Henniker were Mrs. Prescott Farrar, Mrs. Charles Farrar, Mrs. Howard O'Brien, Mrs. Guy Jones, Mrs. Howard Gammell, and Mrs. Grover Annis. Mrs. Erving French, president of the club is a former resident of Henniker.

Mrs. Frank Meade and Miss Lavona Meade with Mr. and Mrs. Louis Gregory of Keene are visiting relatives in Arizona. They will be gone a month.

Mrs. E. M. Cogswell has returned to her home here after spending the winter in Miami, Fla.

Mrs. John Hollis was organist at the local Methodist Church on Sunday.

There will be a child health and toxoid clinic at the Central School on Wednesday, May 19, at 9 a. m. This clinic will be held under the direction of Mrs. Gertrude Snow, R. N. of the State Board of Health, assisted by Mae A. Maillette, R. N., district nurse.

Auclair, Governor; Clifford Ryley, Prelate; Warren Cole, Jr., Governor; Albert Faro, Treasurer; Andrew Gee, Trustee 3 years; Darwin Sweatt, Sgt. at Arms; Warren Day, Ass't Sgt. at Arms; John Lambert, Inner Guard; George Hooper, Outer Guard.

HARVEY SPALDING CHOSEN FOR LEGION BOY'S STATE

HILLSBORO, May 13—It was announced this week by commander Robert S. Boardman of Gleason Young Post No. 59 of the American Legion, in co-operation with Headmaster John Bell, that Harvey Spalding has been chosen this year to attend the Conferences of "Boy's State" to be held this summer at the University of N. H.

For the past few years, Legion Posts throughout the state of N. H. have co-operated with the local High Schools in sponsoring a boy from the Junior class for this singular honor. The boy chosen must be of highest character, all around ability in academic and extra curricular activities, and in possession of leadership qualities.

Boy's State is not only a vacation with lots of fun included, but it is an opportunity to gain an insight and an education into the workings of democracy, and its government. The hope is expressed that all the boys who attend these conferences will return to their communities with a better understanding of our democratic government and will continue to be even better citizens and leaders in their communities.

Gleason Young Post of the American Legion is proud to publicly announce and congratulate

10 inches long. The next day Sunday, no luck in the morning. Along about 3:30 p.m., they started to bite and four men from Watertown got their limit. Five were over twelve inches, and the average over eight. Never have we seen so many fishermen and cars parked everywhere. Nice warm weather and you will see the trout fishing come back to normal.

The other day I saw something I have not seen in years. Edward Carter, just over the line in Milford, Pine Valley. Eddie has four beautiful black and tan hounds, the cat dogs of America. They are the real thing, and if you ever want to see those babies with the long ears, just stop and ask Eddie. He also has a little beagle hound that is worth a second look.

The old Souhegan river got a surprise the other day when a rubber boat with an outboard motor went from the Cabinet Office to the Crosby farm. The boat contained five full grown adults. Joe Ring, the owner, said it worked swell. In the past week we have seen five of these boats in operation. Looks good, but I like a little soft pine under my feet.

A rabbit ran over a man in Madison, Wis., and landed him in the hospital with a black eye.

A game warden in Idaho found a man with a 13 pound trout out of season. Man said he was wading the river when the fish came up and gave him a dirty look, so he stoned him. Did the judge have a dirty look? He did!

We are looking for a swell trout fishing week-end. A good warm spell and oh, boy, what a time!

A big bobcat was seen near the Frye Bros. cattle farm one day this week. Several hunters took to the trail but the big cat was several laps ahead at last reports.

Not a yip have we heard of that black panther this spring. Last we heard he was roaming around near Barre, Vt.

It's always pleasant to receive a membership card from a Fish and Game Club. This time it's from W. D. Ashley, Sec. of the New Ipswich, N. H. club. That's a real live wire club.

The Hafeli pond at North Peterborough has been closed by the club for restocking, and will be reopened to members only May 2, so says Secty. Bill Holden.

Here is a woman who has a kick coming. She wants to know what to do about her neighbors' dogs to the number of nine, that come down every morning and race in her garden and make a nuisance of themselves. Well, all she has to do is notify the selectmen in writing that those dogs are making a nuisance, and they will send the Chief around to notify said neighbors to confine their troublesome dogs. Two of these dogs are self-hunters and if she will send us the names of the owners, we will do the rest. All self-hunters must be confined after April 1.

The other night we ran down to Amherst to attend the monthly meeting of the Hillsboro County Forest Fire Wardens. I missed the supper but got under the wire for the meeting. Hon. Harry Bickford of Manchester of the Fish and Game Commission gave a very nice address on matters pertaining to the Dept. He opened the eyes of the fire fighters to the extent that we are now in the money and have the goods to produce more and better fish. Chief Hight of Weare showed movies of western firemen. Just before the pictures the Peterboro and Hancock men were called home by the big fire in Dublin, N. H. Those who attended the supper said it was swell and when a fire-fighter says it's swell, it's double.

Don't build a fire outside without a written permit from the local Forest Fire Warden or his Deputy. Plenty of fines. To avoid a state-wide fire ban, we must watch our step and also the other fellow. The other day I found and sent to Biologist Siegler of the Dept., a masked shrew. He did not have one in his collection and was much interested as to where I found it. Oh, I can find a lot of things in my back yard.

In raking out my rose bushes we found three kinds of lizards and a nice fat toad.

A little later in the year we will be much interested in all kinds of young animals and birds. We have four friends who want to get young birds and animals for study. They have Federal and State permits to handle them. Report in if you

have crows' or hawks' or owls' nests or flying squirrels'.

Gordon A. Bishop of Nashua, the new day chief of the Wilton police force, is a fisherman. And a fly one at that! The other morning he showed me a casting rod that weighed just three ounces. Just turn him loose, and see what he can do to our trout!

A lady in Bristol, N. H., has three good watch dogs for good homes. If interested I will give you her name and address.

Here is a party who wants to buy a bird house. A Mr. Mercer on route 31, at the Intervale, has a display out in front of his home.

A few years ago I put out quite a number of wood duck boxes that have been nailed to trees. I wish that people living nearby would look in and see if those little owls have not taken over and raised a family instead of the wood ducks. Might be, have in some cases.

The back country roads have, in some cases, dried up wonderfully. In some cases they are rough, but passable.

Ever hear this one? Some snakes have been known to live for two years without food, but absorbing the fat of their own bodies!

Birds that are descended from reptiles do not perspire.

Two very large hawks, looking like ospreys, have been sailing over the village for the past few days. They are very large. We hope we get a glimpse of the big eagle that makes us a yearly visit. It may be the same one that I had in a cage for several weeks ten years ago. One comes back each year and is seen by some one on the hill. I did not see him last year.

The saddle horse is coming back strong in 1948, so reports a horse man I know. We see horse shows advertised all around us for May and June.

This has been a bad year for May flowers. Places where they were thick in 1947—none in 1948. Many people spoil it for others as they pull the plants up by the roots and spoil the bed for the next year. Use a small pair of scissors and cut the stems and not take the whole of the plant.

Several weeks ago Frank Tower of New Boston sent me a starling with a leg band. The bird was very much dead. I sent the band to Washington, D. C., and they sent it to Chicago, and a few days ago I got a letter from a man in Groton, Mass., who had banded the bird six years ago.

Many people are even this early having trouble with woodchucks. Better see your county agent in whatever county you live and have

Miss Gertrude Reade visited her parents, Mr. and Mrs. Leon Reade Sunday, returning with Mr. and Mrs. Moses who were in town for the week-end at their farm here.

Mr. and Mrs. Pierce Freeman and little daughter have moved into the Hadlock house on East St., the past week, from Clinton Grove.

Mr. and Mrs. Stewart Morgan and family of Roxbury, Mass., were guests at Mr. and Mrs. Clifford Purington's on Sunday.

The Church Circle ladies served a chicken pie supper at Grange Hall last Tuesday for the local firemen.

Wednesday P. M. several members of the W.C.T.U. met with Mrs. May Hadlock at Big Elm Farm. The Hillsboro group was invited to the Weare union on Wednesday. The invitation was accepted. Lunch was served by the hostess at 4 P. M.

On Thursday 20 members of the Community Club met at Mrs. Gladys Hutchins' for the day. Miss Myrtis Beecher was present and gave lessons on slip covers. Mrs. Sawyer was present and helped with the lessons. A covered dish dinner was enjoyed at 2:30 by all. Several guests from Riverdale were present for the day.

Mr. and Mrs. Brennan Colburn are the happy parents of a little son that arrived at the County Hospital, on Friday.

Five members of Weare Community Club motored to Milford last Friday to the extension service meeting which was most interesting. Those attending were Eva Sawyer, Lyla Regan, Gertrude Stearns, Esther Hollis and May Hadlock.

Friday night Weare Grange held presiding masters night with masters of different Granges filling the office chairs. There were over a dozen Granges present and a fine program given. A dime march was held by the Lecturer and supper served upstairs by committee No. 3. There were nearly 100 present. A social hour followed.

**ANDREW YOUSKO WEDS
 MISS CORA PERRY**

HENNIKER, May 13—At the close of the morning service at the Baptist Church in Contoocook on May 2, the double ring wedding ceremony of Miss Cora Perry and Andrew Yousko was performed by Rev. Robert W. Blanchard, pastor of the church.

The bride attired in a delft blue suit with pink accessories and wearing a corsage of white gladioli was given in marriage by her father, Charles Perry. Mrs. Harry Davis presided at the organ.

The bridesmaid, Miss Esther Jacobson of Erie, Pa., and a classmate of the bride at Nyack Missionary Training Institute of Nyack, N. Y., wore a light blue suit with white accessories and her corsage was of pink gladioli. The best man, Wayne Morrison of Tuckahoe, N. Y., a close friend of the young couple, wore a business suit as did the groom. The bride's mother wore a dress of soft brown with a corsage of orange gladioli.

The chancel of the church was decorated with baskets of forsythia.

A special song entitled "We Are Ready," was sung by the attendants, Miss Jacobson and Mr. Morrison, with the words written by the bride, as the young couple are planning to enter the missionary field.

They received congratulations from the large attendance of church members, relatives and friends in the church vestibule, after which the bridal party with their relatives and close friends dined at Dustin's Country club.

Mr. and Mrs. Yousko left immediately for Pennsylvania where they will make their home.

Recent guests of Mr. and Mrs. Edward Kurtzner were his sister, Mrs. Clem McCarthy of Dorchester, N. Y., and her husband who visited for nine days. His two nieces and their husbands of Albany, N. Y., also visited them one day last

week. The regular meeting of Portia Chapter will be held Monday evening at the Masonic Hall. This will be Past Matron and Patron Night, and Mrs. Etta Mae McClintock will be the chairman of the committee. Earl W. Lutts who commutes to his office in Concord every day has explored two new routes by passing the construction on Highway 9.

One route led through Deering and meets Route 9 near Concord after passing through Dumbarton. It was 35 miles to Concord on this route and was not recommended by Mr. Lutts. The other route is to take the old Henniker road and then take the road out of Henniker to Contoocook and then to Concord.

The Woodbury ambulance was called Monday by a bad auto accident on Route 9 near Henniker power plant when a car struck the soft shoulder and crashed into the trees. The occupants of the car, three elderly Concord residents, were badly injured.

Mr. and Mrs. Harry Rogers have moved to the Belle Mosley house on Main St.

Mrs. Delevan Howe and daughters, Mary and Sylvia, of Arlington, Mass., were week-end guests of Mr. and Mrs. John Van Hazinga and family.

Mr. and Mrs. Charles Hannaford are rejoicing over the birth of a daughter, Linda Rose, born at 7:20 p. m., May 8. The baby was born at the Hillsboro County Hospital

It's not too early to start thinking about what you'll put in your locker from this year's garden crop. Check the contents of your locker and find out what products your family liked most, and what is still left. That will tell you the approximate quantities to plan on next year. And don't forget to use up last year's packages. Put them near the front so you'll take them out before a fresh crop comes in.

Dr. and Mrs. Everett Van Horne arrived in town this week to find 48 panes of glass broken in their home on Depot st. Intending to enjoy a brief rest on their visit here, they spent several days at considerable expense to repair the damages.

The Textile Workers Union local

401 will hold their regular monthly union meeting Sunday at Community Hall. Developments of the management-union discussions will take place at this important meeting. Union officials requested that all members be present.

25 miles per hour speed limit signs have been placed on the highways entering town.

Mr. and Mrs. Warren Day have moved to an apartment in the Archie Cote house on Depot st.
