## Lisabel Gay's Column

### COMING EVENTS

The Hillsboro League of Women Voters will hold its regular meeting with Mrs. Shem Barnes, Bible Hill, at 2 P. M. on Tuesday, July 13. Miss Charlotte Holmes will give a report of her visit to the United Nations.

### PARKER-AVERY

A very pretty home wedding took place last Saturday evening at 8 o'clock at the Boyd home, Central st., which was gaily decorated with cut flowers, when Miss Joyce Elizabeth Avery, daughter of Mrs. Frank Boyd, and Mr. Lawrence H. Parker, son of Mr. and Mrs. Lawrence J. Parker of Bennington, were united in marriage by Rev. H. L. Packard of Antrim in the presence of about forty relatives and friends.

The bride was attended by the bride's sister, Mrs. Raymond Plant, of Orange, Vt., and Mr. Clarence Edmunds of Henniker. The bride wore a lovely white suit with corsage of talisman roses. The matron of honor also was gowned in white and wore a similar corsage.

Following the ceremony a reception was held during which punch and assorted cookies were served and the young couple made valiant attempts to cut the big wedding cake of three tiers.

The couple left amid a deluge of confetti and much tooting of horns and jolly laughter. But they soon eluded their discouraged pursuers.

After a brief honeymoon in Montreal the couple will live in their own house in Bennington which is all ready for their return. Mr. Parker will continue his meat business at the same place on West Main st., Hillsboro.

### BIRD AND GARDEN CLUB

Three Centre members, Mrs. Agnes Kuhn, Mrs. Bertha Hadley, and Miss Frances Barnes entertained the Caroline A. Fox Bird and Garden Club at the Kuhn home last Thursday. The trip to Fitzwilliam to visit the Rhododendron Reservation was discussed and decision made to go on Friday, July 9, leaving at 9 A. M. and each taking her own lunch. Any non-members if interested may join the caravan by consulting Miss Isabel Bowers, committee in charge who has been advised that by the last of this week the rhododendrons will be at their best. If Friday is a real rainy day they will go the following Monday.

Mrs. Irene Parker read an interesting paper on "Ground Nesting Birds" including the nighthawk that builds no nest but lays its eggs on a flat rock hereabouts.

The tree subject about the birch and beech families was well treated by Miss Shedd and Mrs. Evans and illustrated by several specimens. Brief flower and bird reports were given. The purple lilac, New Hampshire state flower, was the subject of interest to all. Mrs. Georgianna Gile read a fine description of a park in Rochester, N. Y., which contains over 400 varieties. There were several clippings on the same subject. For this interesting information the club is indebted to Miss Clara Webber, a resident of Rochester.

Delicious home made cookies and punch were served.

The members of the Sewing Club and their husbands, gave the (old) newly wed, Mr. and Mrs. Leon Dennison, a surprise party on Wednesday evening.

They brought two wonderful cakes decorated with flowers from their gardens, also ice cream. Mrs. Favor, read an original poem that was very fitting for the occasion.

They received a beautiful gift from the club, and on leaving wished the couple many years of good luck and happiness.

It's good to know Hillsboro is to have an Old Home Day this summer. It's so gratifying to know there are public spirited leaders at large. Mr. Dumais should have plenty of assistance and I wish I (Continued on Page 2)

## PROTESTANT CHURCHES PLAN UNITED SUMMER SERVICES

Protestant Church Services will be held throughout the month of July in the Smith Memorial Church, Dr. Whitney S. K. Yeaple preaching, and during the month of August in the Methodist Church, the preacher to be announced later. Separate services will be resumed in each church on the first Sunday in September. Next Sunday July 11th the ordinance of communion will be observed. Dr. Yeaple will speak on the theme "God Has No Favorites".

## Hillsboro Rifle Club Holds Annual Shoot

Events Held July 3, 4, 5

Even the weather cooperated to make the Hillsboro Rifle Club's Second Annual Tournament a most successful event. Shooters participated from Maine, Massachusetts, Vermont, and Rhode Island along with many New Hampshire shooters who acquitted themselves successfully.

Ora Smith of Keene, N. H. found himself a groove, and with telescope sights, fired 300-28X to win the prone match any sights. Arvo Johnson of Keene, N. H., was second with telescope sights, and was second in the any sight match with 300-26X. Lester Pease of Somerset, Mass., was first with iron sights, and third in the any sight match with 300-25X (8XB). William Kerns, of Cambridge, Mass., was second in the iron sight prone match with 300-25X (2-7XB) to barely nose out Hope Crombie of Beverly, Mass., who scored 300-25X (1-7XB) to take third place in the Scope prone contest. Ernest Taylor of New Bedford got hot near the end of the shoot to take third in the iron sight prone. Lewis Horton, of Southboro, Mass., with highest scores from both iron and scope sight efforts took the 10th place money with 300-15X (3XB). Genial Elmer Gibbs of Manchester placed in the money in 18th place with 291-2X.

**Hot Offhand Match**  
The Offhand Match was well participated in and was the hottest kind of a dog fight all the way. To the final relay, a hot score could have won this match for any of four or five of New England's finest offhand riflemen. It is rumored that the eventual winner, Len Maine, along with the Old Master "Phil" Brooks is writing a book entitled, "The Art of Offhand Match Shooting." Maine, eventually scored 97-96-96-289 with iron sights to win the Any Sight money and first place with iron sights. Arvo Johnson won first place with scope sights and second with any sights with scores of 96-96-95-287. Rudolf Kamila, using both iron and scope sights, placed third in the any sight match with 96-95-95-286; he placed second in the scope, and second in the iron sight contest.

## Device Cuts Costs

A spinning frame at Joanna Cotton Mills, Goldville, S. C., equipped with new aluminum adapter spindles and aluminum bobbins, being operated by Miss Alice Stevens. The aluminum spinning bobbins ride easier, handle better, and reduce spinning costs, according to Walter Regnery, Joanna vice-president, inventor of the device.

## The Olympic Games!

EQUAL OPPORTUNITY for all to win—regardless of creed, national origin or race...

...this is the American Way

### EVERY DAY—EVERY YEAR

Courtesy Institute for American Democracy, Inc.

Nelson Maine, of Hillsboro with 96-94-94-284 was third with scope. Albert Krapf, of Fitchburg, Mass., was third with iron sights with 95-93-91-279.

Leslie Randall of West Hanover, Mass., was out in front all the way in the pistol match with 96-93-91-280. Leslie is a protégé of "Phil" Brooks, and as such gave a good account of himself in a brief appearance on the offhand firing line. Walter Grinnell Danvers, Mass., was second in the 20 yd. pistol with 94-92-90-276. Dave Fair of Springfield, Vt., was third with 93-91-90-274. Scuttlebutt has it that Leslie Menzies has a propensity for losing this and that by one point. In any event, using borrowed guns and all kinds of ammunition including hollow point high speed bullets, he was but ONE POINT away from the winners. With the right kind of business in his right hand he can be bad news on the pistol firing line.

**Lady Shooters**  
Hope Crombie of Beverly, Mass., was High Lady in the offhand with 92-91-90-273, an accomplishment which left some of the men gasping. Hope maintains that women are better shooters than men anyway, all they need is equipment and practice. Hope was High Lady prone with a fine 300-25X. Bea Moakler of Cambridge, Mass., with 300-23X scored an elusive "One More" good score to put her well among the winners. Rita Yeaton gave a fine initial performance in both Offhand and Prone shooting. Vivky Nash of Keene, pluckily fough a heavy 37 for some creditable offhand scores.

We like to see the gals on the firing line and with experience they will give the men real trouble. Keep at it girls.

M. A. Howe of Pittsfield, Mass., placed 10th and in the money in the offhand match. S. H. Smith of Hillsboro placed 10th and in the money in the pistol match. Edgar Allen, Vermont offhand champion, made his first appearance and gave evidence of being a fine rifleman and competitor; more from him later. Deerslayer Alvin Yeaton, Sr., of Hillsboro, had on his special ventilated trousers but was still hot enough to shoot 300-24X with scope sights to place 6th among the Master riflemen.

Conditions around, and, on, the Hillsboro range are conducive to the firing of fine scores. The match committee have worked carefully towards this end.

Al Lamond of New Bedford, Mass., and Elmer Gibbs of Manchester, N. H., acted as official scorers. "Gracie" Taylor of New Bedford, Mass., assisted by Mrs. V. W. Maine, of Keene, N. H., took charge of the registration and the sale of targets. The efforts of these workers contributed much to a fine and fair match.

**Beginners Attend**  
Many new shooters were observed on the firing line. There is no better way to gain experience and confidence than to get on the firing line against the tough guys. Actual firing line experience with care- (Continued on Page 5)

## Miss Frederica Vose Nay Dies in Boston Hospital

ANTRIM, July 2—Miss Frederica Vose Nay, 44, died late yesterday in the Massachusetts General hospital in Boston after a long illness.

She was a former resident here, but had been making her home in Boston in recent years. She was a native of Antrim, daughter of Maurice and Mary Agnes (Ash) Nay.

Miss Nay was a member of the Antrim Lodge of Rebekahs. Survivors include a sister, Miss Eckless Nay of Boston.

Survivors are her sister, Eckless Nay of Boston, Mass., and several cousins. Funeral services were held from the Presbyterian Church in Antrim, N. H., on Monday, July 5, with Rev. Reese Henderson, pastor and Dr. Whitney S. K. Yeaple of the Smith Memorial Church of Hillsboro officiating, assisted by Mrs. Gertrude Thornton as organist and Mrs. Elizabeth Tenney who sang "In The Garden," and "Abide With Me." Hand in Hand Rebekah Lodge attended in a body and performed the Rebekah services with Mrs. Sylvia Ashford, Noble Grand; Mrs. Evelyn Allison, Vice Grand; and Mrs. Marion Grant, Chaplain.

Funeral services were held in the Presbyterian church Monday afternoon at 2 o'clock, with burial in Maplewood cemetery. The Woodbury Funeral home of Hillsborough was in charge.

Bearers were Harold and Donald McBrine of Bedford, Mass., Leon and Robert Nay of Stoneham, Mass., Archie Nay and Earl Cutter of Antrim, N. H. Interment was in Maplewood Cemetery at Antrim, N. H., under the direction of the Woodbury Funeral Home.

## Antrim Elementary School Building Program Advanced

ANTRIM, July 7—Stewart V. McCormack, Superintendent of Schools, has disclosed that the Antrim School District has acquired title to land necessary for the construction of the new elementary school.

The major part of the land has been deeded to the School District by trustees of the James Tuttle Library; Mrs. Helen Johnson, Mrs. Miriam Roberts, and Arthur English. This involved the former Cochran field at the West end of Summer Street. A small triangular portion in the rear of the Cochran field has been deeded to the District by Mrs. Adelaide Elliott together with sewage disposal rights to another area of the former Nesmith land.

Negotiations for these lots have taken over two months. Attorney James Hines of the Robert Upton Law firm of Concord represented the Antrim District and members of the School Board; Myrtle K. Brooks, Caroll M. Johnson and William K. Glen, in these prolonged negotiations. Acquisition of this extra land was made necessary by recommendations of the State Board of Health regarding sewage

LISABEL GAY'S COLUMN (Continued from Page 1)

could do more than just wish him success and hope he gets all the help he can use. Some of the 75 youngsters in the parade of 1925 ought to be good material.

Some time ago I wrote about the supply of food stuffs to be found in our pantry and cellar when I was a child on the farm. Many times since I have thought of the good things my mother made of them, the wonderful bread and "raised biscuit" made with potato yeast, boiled dinners with our own corn beef, salt pork and vegetables (except beets) cooked together in our biggest iron kettle. We ate it hot for dinner, cold for supper and hash for breakfast. Baked beans and brown bread for Saturday night and Sunday. My mother refused to cook much on Sunday. We had crackers and milk for supper.

Saturday was baking day and several pies were made, apple, mince, custard and in spring when eggs were plentiful and hardly worth selling, we had cream pie with two crusts if I promised to wash the spider without making a fuss (we had no double boiler then). That pie was the best pie ever made. We had raspberry, rhubarb, and currant pies, blueberry and blackberry pies also. In the fall squash and pumpkin pies were made by the wholesale quantities. I sifted barrels of pumpkins through a homemade colander, a milk pan with holes punched in the bottom of it. Mother put eggs in squash pies but used cracker crumbs for pumpkin pies. Of course there was always plenty of good milk and 20 or more pies were often made at once. There were not real pie plates enough and so tin cake pans were used.

We had puddings made of milk and eggs like our so called plum pudding made of Keene crackers, milk, eggs, and sugar and plenty of raisins. Then there was rice pudding made of milk, sugar, rice and raisins, and baked a long time, apple tapioca with cream, steamed suet pudding with maple sugar sauce, blanc mange made with Irish moss, custards and floating island, and Indian pudding with sweet apple.

Cream was used for gingerbread, cookies and cake, made fresh each time. Marble cake, ribbon cake and sponge cakes and Washington pies were old stand-bys. For sup-

per we had sometimes "old maid's toast" which was stale brown bread warmed up in milk which tasted much better than it sounds, pancakes, plate size seven or eight in a pile with butter and dry maple sugar between each one.

Doughnuts were made by the peck and always served at breakfast as was meat and potatoes. We had hasty pudding, rye pudding, oatmeal and sometimes whole kernels of steamed wheat which took a long time to cook. Raised biscuits, gems baked in iron gem pans and Johnny cake were served and in winter boiled cider apple sauce. Supper was not complete without apple sauce, other canned fruits or maple syrup.

If in summer meat was ever lacking, there was codfish, salt pork and eggs on hand. We always had ice cream on Sundays.

These are just outstanding samples of my mother's cooking.

Donald S. Baker has purchased the Beryl Black house on Wyman st., and in due time his family will move in to it from their present Myrtle st., apartment.

The local florist, I'm told, sent out flowers for four weddings in town last Saturday. Romance still goes on regardless of the high cost of living.

Mr. A. M. Granger of Cold Spring, N. Y., is visiting his sister, Mrs. Charles Whittle, this week.

Mrs. Franklin Guild and son, Elliott, of School st., is spending a month with her parents in Ogunquit, Me. Her husband will spend a week of his vacation with them.

Mrs. Almada Joyce, South Royalton, Vt., is spending a few days with her daughter, Mrs. Frank Boyd, after attending the wedding of her granddaughter, Joyce Avery.

Mr. and Mrs. Charles Weaver of Manchester called on Walter Gay on Sunday.

Fred Porter left Hillsboro 17 years ago. With his wife and two daughters he is now visiting his mother for two weeks and is having a wonderful time meeting his old friends and hopes to see them all the while he is here.

The Fourth was blissfully quiet around here, but I prefer small boys and popguns to thunder storms. Frank came home from New Boston in the worst part of the downpour.

## FIRE DEPARTMENT SAVES TWO HILLSBORO BUILDINGS

The Hillsboro Fire Department was called to two out of the precinct fires the past several days, arriving in time to check what might have been disastrous fires in both cases.

Last Friday a lumber pile near a barn attached to the 1830 House Dining Room caught fire. Residents of the area formed a bucket squad and the flames were already 10 feet high when the Hillsboro department arrived. The only loss was a planing machine and part of the lumber.

The other call was to the Herman Schnieder summer home on the Beard Brook Road Sunday morning. The Schnieders were away visiting a neighbor and

FOLKS, OURS IS A GREAT COUNTRY!

## It's about time to QUIT APOLOGIZING for THE AMERICAN WAY!

Too many so-called Americans are going around on tiptoe these days, ready to blush and start apologizing when someone starts sneering at our Free Enterprise System.

Why should we apologize or explain? With only 7 per cent of the world's population, we have 79 per cent of the world's automobiles—56 per cent of the world's telephones—92 per cent of the world's bathtubs—39 per cent of the world's electricity! Is that bad?

What other country has prospered and advanced as we have? Will any other country ever catch up with us? Would you swap any other country's situation and ideas for ours? I know you wouldn't!

Just who are these people who would snicker at some "ism" for our true Democracy?

LET'S defend our Free Enterprise System!  
LET'S make this country even better!  
LET'S stop scrapping among ourselves!

And isn't this Independence Day Week a good time to start?

## Draft Law Passage Means Freedom Lost

By Norman Thomas

The day that peacetime military conscription became law in America should be observed as a day of mourning. Mourning for a dream of freedom that is lost; mourning for the bright hope that men might live out their lives on other terms than an investment of years under a drill sergeant in preparation for the mass murder of war.

The man who says that military conscription, especially in peacetime, is consistent with civil liberty or is analogous to the compulsions of jury duty, is playing with words and betrays his own ignorance of the meaning of the word liberty.

The United States has adopted a system which in Europe never prevented war or guaranteed victory in war but was a major factor in conditioning men for the acceptance of the totalitarian state. It has adopted a system which will impair a sense of national unity because the law makers who have given us conscription have not even provided for equality in slavery to a military state but have countenanced the continuance of racial segregation.

There is no system and there are no draft boards which can fairly select one or two or three out of every four young men eligible for the draft while others go free. This latter situation we

may expect the brass hats to try to remedy by renewed demands for universal military training and for an ever larger army, always at enormous expense to the people.

Bismar Irony

It is the bitterest of ironies that this adoption of conscription in so widely hailed as a triumph over "reactionaries" and "isolationists" who opposed it. It is true that some opponents of conscription, like most of its friends, have shown an inadequate understanding of the international situation. It is true that isolationism is bad, indeed impossible, in the modern world. Morally American militarism and imperialism, to the strengthening of which conscription inevitably tends, are even more dangerous.

The only possible justification for peacetime conscription would be its certain contribution to a national security otherwise terribly jeopardized. It is for that reason that some good men temporarily accept it. No case, however, has been made for this military necessity. The arguments to the contrary have never been answered by proponents of the draft.

We have the draft because President Truman and Congress find it easier to substitute force for a sound policy and the brass hats have found in hysterical exaggeration of present dangers a chance to obtain that power which has long been their heart's desire. It is easier for military bureaucrats to conscript men than to adopt a sound recruiting policy and to clear up abuses in the army. We pay the price.

Price Is High

That price is not only in terms of loss of liberty but of greater jeopardy to the peace. Conscription marks a climax of a vastly expensive militarism which the people will only support if they are kept drunk with fear and hate. Hence come wars. We do not deny the dangers of a cold war when we say that conscription is not the way to meet them.

This same armament race which brings us conscription is giving us an inflationary arms economy which can lead only to depression and war. No President and no Congress can honestly promise to meet the needs of the American people for homes and schools and hospitals so long as they are committed to a program which includes conscription of men and involves a financial burden which is likely to reach twenty-five billion dollars by 1952.

We Socialists shall continue to oppose conscription and to seek its repeal. We do not expect to win by negatives. We are supporting a program fit for peace and we are continually struggling for that universal disarmament under effective international controls which is the only hope for peace.

### SUTTON EDGES OUT HILLSBORO TEAM 10-9

In an uphill battle that saw the Hillsboroites have the tying run on first base and only one out, a terrific downpour came and snuffed out their chances of winning the game. Page and Bosse led the attack for the town team with 3 hits apiece.

The next game is at Bradford Sunday and anyone interested in going be at the Post Office at 1 o'clock.

Potatoes should be quick-cooked and served steaming hot to retain the most of the valuable Vitamin C.

Milk does more for the body than any other food. It provides high quality protein, calcium and vitamins A and G cheaply.

### Quartet of Edgings

HERE are four pretty edgings for your handkerchiefs. In assorted colors and crochet cottons of different sizes these four designs will trim a wide variety of personal and household articles. Directions for HANDKERCHIEF EDGINGS may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper, requesting Leaflet No. 8255.

### East Deering

Mrs. Clara Rich Correspondent

The Deering Women's Guild will meet Wednesday, July 14, at the Community Center and the 1948 Camp Family will have charge of the program. Plans will be made for a rummage sale this month.

Mr. and Mrs. Forte and Bill and Beth spent the week-end at Bartlett Farm.

Mr. and Mrs. Norris and Peter of Jamaica Plain were with Mrs. Jacques this week.

Ray Bigwood and Andrew Lawson are having a good time at the boys' camp at Meredith on Lake Winnisquam.

Mrs. Juliette Whitkare is recovering from a cold she recently contracted.

Charles Savage, who is having treatments at the Veteran's Hospital in Vermont is at home for a few days.

Many from East Deering attended the wedding of Edith Johnson and Edward Brown on Sunday.

Miss Barbara Weaver and Mr. Donald Stevens were married by Rev. Charles Reidt on July 3rd. They will reside at Hob Nob Farm in Frankestown.

### STOP—LOOK—LISTEN by Jeanne Eccles

Mrs. Edgar Fuller, the wife of the Commissioner of the State Department of Education, was a guest of Mr. and Mrs. Stuart Bruce at the Cellar Studio last Wednesday Evening. She has done some very fine ceramic work and that being her particular forte she felt a bit uncertain handling charcoal and a big sheet of white paper, but, in spite of that, she did a very creditable head of Ernest Poland our model for that evening.

Mr. Orday of Antrim did a splendid head, also in charcoal, Mr. Poland's straight features and even coloring inspired an Indianish interpretation in several of the drawings done that evening.

Francis Rigney, Jr. blew in over the Fourth of July week end and is looking forward to the month of August when he will be free of medical studies and can relax with paints and pastels.

We are all getting to look forward to that third week when Mr. Rowan of Boston turns up and joins us. Somehow, he always brings that flavor of the great big world around us, and peps us up with all sorts of fine compliments and encouraging words.

Mr. and Mrs. Philip of Pearson of Westport, Conn., friends of the Eccles in Florida, are staying at the Valley Hotel this week, and Mrs. Pearson is an enthusiastic landscape sketcher, all in all it looks like a big Wednesday night for the Hillsboro Art Club.

Remember the place, The Cellar Studio: the time, 8 to 10 P. M.; The Day, every Wednesday; the instructor, Mr. Stuart Bruce of Washington, N. H.; The fact: you are welcome either as a guest or a worker.

### HILLSBORO ROUTS BRADFORD HENNIKER 19-11

Led by the hard hitting of George Stafford who acquired 6 hits in 7 times at the plate, Hillsboro won its second game of the season. The first two pitchers for Hillsboro, Cuddihy and Stafford, were hit fairly hard, but Jack Rafuse cooled off the invaders in the 9th inning in rare form to get his second victory of the season.

### HILLSBORO RIFLE CLUB HOLDS ANNUAL SHOOT (Continued from Page 1)

ful practice is what makes the winning shooter.

Much conjecture is present among the New Hampshire shooters as to the relative effectiveness of Iron and Scope sights. Whichever sight is used must be RIGHT. An examination of the winning scores in these Hillsboro matches might give the students of the rifle shooting game something to think about. How about it boys??

### EDITORIAL COMMENT

#### IN HILLSBORO'S FAVOR

If this were 1947 instead of 1948, readers of the Messenger about this time of the year would be seeing that familiar water shortage notice in the Messenger columns. Unless we are way off base we don't think we will ever run such an advertisement again.

If this means anything it is that Hillsboro, since the construction of a second pipeline to Loon Lake from the reservoir, has and will continue to have an adequate supply of pure drinking water not excelled anywhere. Though the supply is adequate it should not be wasted just because it is a good thing and almost as free as the air we breathe.

Yes, all of us in Hillsboro should feel good that our town officials and our forefathers had the good sense to establish a community water supply system.

In the years to come it will be one good talking point in Hillsboro's favor.

#### HENRY WALLACE

Henry Wallace recently made a tour of the state. It would be interesting to know where he stands on the Soviet dictatorship's plan to starve the whole city of Berlin be-

cause of its quarrel with the Western powers, and its determination, by any means within its power, to establish a Communist Germany?

#### TOO MANY REPUBLICANS

In last week's Messenger Hillsboro people and our neighbors in surrounding towns learned of the "Biggest and Best Ever Old Home Day Coming." All of us should join with Bill Dumais, Paul Scruton and their committee to make this hope come true.

Since this announcement we have learned that Senator Styles Bridges and Congressman Norris Cotton have been invited to be the speakers. We have no criticism to make of the above two gentlemen except to say that the speakers' platform is loaded with too many Republicans.

We think it would be fairer to have the other parties represented also—Democratic, Socialist, Progressive, or whatever Wallace will call his party. Such an old fashioned political debate would be more in keeping with the democratic idea of a community Old Home Day, especially in this an election year.

We hope the committee will reconsider this oversight in their plans.

ADVERTISERS**

Last week was turtle week. Ray Coulette took four big snappers out of Osgood pond in Milford. Arthur Hazen of Mont Vernon picked up a big one in that town and Sunday morning I found a big female laying her eggs on the banks of my pond. She had laid 32 when I picked her up. This is the season of the year when the big females leave the water and find a sand bank to deposit their eggs. The little black and white woods pussies do love these eggs and destroy many nests in the sand. But for their fondness for them we would be overrun with these big turtles. Cheever says to line up on the right for turtle soup.

The other night I saw a man fishing on the Souhegan river and I stopped to say "Howdy." As he came up the bank I thought it was Gov. Dewey, but when he got close I found it was Dr. Richards of Nashua, an old friend of my family. They sure do look alike. Yes, they are taking boats with-

out leave. Several have been reported in to the Dept. and we get the broadcast. A new outboard motor was stolen from a car just an hour after it had been purchased.

Many fishing licenses were lost over the weekend. Just see your agent, get the number of the old one and send sixty cents to the Dept. and they will issue a new one. Nine times out of ten the original one will show up after a few days.

Not "rats in the garret" but snakes! Had an SOS from one of my towns that a rattlesnake was sleeping in a box in the attic. He must have lived there all winter as the house has just been opened. They love mice, and that's the reason no doubt he was there. My opinion being that it was a water snake and not a rattler. They are harmless, but can give one a mean bite.

When we were in school — some

the groundhogs or woodchucks on his place are much wiser than he. He has put out traps and they fill them with dirt. He put out a bomb and found the bomb outside the hole the next day, and the family are still living off his garden.

I have here at my home some tar paper to put around your gardens, also something in tin cans that would drive a dog out of a tannery. Boy, what a smell! This is for deer in your gardens.

Ever hear of an educated doe deer? Well, a man in one of my towns has a doe deer that travels all through his gardens and never touches a thing. Tracks aplenty, but no damage to date. Nice deer!

On my day off last week I got a ride with Mr. Robbins of Richmond, who was carting all the fish from that station to the new one at Merrimack. You want to run down and look this one over—the latest thing in a rearing station for trout. It was dedicated one day last week. Harold Dickinson, former Supt. at Richmond is Supt. of the new one. This is 9 miles from Nashua, same from Manchester, right on the Daniel Webster highway. A swell outfit if you ask me. A credit to the Dept.

Those white trout at the Fish and Game exhibit at the big show at Gilford last week were a big attraction. I heard one man say Fake. No such animal. Must have been whitewashed.

Saw a party one day last week on the Souhegan river, busy catching helgramites. They had several pails full. These are used after July 1 to catch bass. They tell me that many bass were caught last week in the Contoocook river near the Greenfield-Bennington line. (Continued on Page 7)

One would have gone 4 pounds if they had kept it. One lady told me last week that bass made wonderful chowder.

The Goyette museum at Peterboro is now open to the public. Its a most wonderful museum.

The New Ipswich Fish and Game club are planning on buying a lot of large trout to stock one of their ponds. President Koski reports that his club is still growing.

A New York tourist, stranger to me, stopped me on the street and told me that he had just had dinner at a place on the hill, and he was all enthused over it. I found out later that it was the Fountain House.

Some words fool you:

CRANK means

CRANK means

... but BALLANTINE always means: PURITY

There's the crank you use when the battery's dead ... the crank who got out on the wrong side of bed. Clearly, crank's one of those words with more than one meaning. It can fool you.

But not Ballantine! Ballantine never fooled anybody; it always means PURITY, BODY, FLAVOR ... the qualities symbolized by Peter Ballantine's famous 3-ring trade mark. So, always look for the 3 rings; always call for Ballantine.

**Vornado**

It's always cooler wherever there's a VORNADO Air Circulator to waft away hot, sticky air and stir up a refreshing breeze. VORNADO moves all the air quietly, without drafts, safely — moves more air than 3 ordinary fans! In winter, it re-circulates heat, saves fuel, and keeps you evenly warm. There's a desk or pedestal model VORNADO for every home, office, store or shop use. See us TODAY for a free demonstration.
