Two children, exercising their bicycles on the Center Road, paused a minute to look at three heifers Paul Porter had left in a pasture at Rosewald Farm when he went to Wisconsin. They noticed that one heifer had her nose full of porcupine quills. They reported the fact at home. After haying all day the whole Stanley Daniels family went up and pulled them out, relieving the animal from further suffering. Kindness is still a common word and always well known in the country.

Mr. and Mrs. Orville Mandell and family of New Haven, Conn., called on their relatives, Mrs. Donald S. Baker, also the Lovrens of Deering.

The roses at Rosewald are very beautiful now and well worth a trip up there to see them. The rainy days have probably helped the roses.

**NEW DRY GOODS STORE
OPENS IN HILLSBORO**

The Shipley System of Nashua, N. H., thought well enough of our community to locate their new store on Mill Hill, Hillsboro. This concern is a New Hampshire institution.

Mr. Shipley's residence is at 24 Haines St., Nashua, but he is moving his family up here as soon as he can locate a home.

The store carries ladies' dresses, shoes, furnishings, toys, etc., and is under the management of Mrs. Woodin, who is loud in her praise of Hillsboro people's friendliness. This affable lady, with her twenty years experience, is at your service and sends an invitation to come and get acquainted.

PETERBOROUGH PLAYERS

The Peterborough Players at Peterborough, New Hampshire are currently presenting the thriller "Night Must Fall" by Emlyn Willans. This is the play which has had audiences gasping for the past thirteen years and it will play at the quaint barn theater through July 24th. Lillian Little, a veteran performer on the Peterborough Players stage, and John Marsh are seen in the leading roles.

CARD OF THANKS

I wish to thank the many friends and all who sent me cards, gifts and letters while I was in the hospital and for the many acts of kindness which has helped to pass the time while being shut in these many weeks at home.

STOP—LOOK—LISTEN

by Jeanne Eccles

Glad Tidings! We find our Cellar Studio cool on these hot summer evenings, just as we found it cozy and warm during the exceptionally cold winter now behind us.

Mr. Burr Eldredge, the former owner of the Messenger, came all the way up from Winchendon, Mass., to look over the work being done by the Hillsboro Art Club and he gave us a great send off. It is the interest shown by such persons as Mr. Eldredge that makes our work seem worthwhile and of worth to our community.

Ellen Baldwin was a popular model last Wednesday evening, looking refreshingly cool, and wearing the new look in summer sun suits.

Some of the Art Club members attended the opening Square Dance at Meadow Hearth in Hopkinton last Saturday evening. Under the direction of Grace and Kurt Graff it was an artistic success as well as a social success. The newly built canopied dance platform, open on all sides to the cool night breezes and to the moon and stars and the large barn, with its background of an old fashioned flower garden, also open the full length of one of its sides and colored by various hued lights was a scene never to be forgotten. The hundred or more couples whirling to Elmer Clark's calls put their all into making each dance more telling than the previous one. It is nice to know there will be a dance or concert each Saturday evening all during July and August under the "Open Top."

August 3 to 7 are dates to put down in your date book, too. During that time The New Hampshire Arts and Crafts Fair will be held near Laconia. All entries for this have been passed on by a well qualified jury on a basis of workmanship, design, and salability. Be sure and attend this show of National importance.

Through July and August you may see a collection of Wood Engravings by Nora C. Unwin at the Sharon Arts Center in Sharon. Miss Unwin is a Fellow of the Royal Society of Painter-Etchers and Engravers and an Associate of the Royal College of Art in London.

The 12th Season of the Peterborough Players is already on, as is the Summer Theatre in Keene.

With legitimate plays, outdoor dances, concerts, arts and crafts exhibitions, all going on within a stones throw of Hillsboro, The Art Club feels that it should certainly have a variety of subject matter to draw on next winter when one cannot stray far from the oil heater.

Remember the Day—Every Wednesday—the YEAR Round.

Remember the Place—The Cellar Studio, at the Valley Hotel.

Remember the Time—8 to 10 p.m.
Remember the Fact—You are Welcome either as a Worker or a Visitor.

"New Look" for Auto License Plates in 1949

CONCORD, July 13—The "new look" which has been applied to practically everything else has caught up with New Hampshire's automobile license plates.

Frederick N. Clarke, state motor vehicle commissioner, reported today that the 1949 plates will carry letters of the alphabet in addition to numerals. As a result, he said, they will be more uniform in size and easily identified by law enforcement officers.

The first 9,999 plates will remain the same, as this year's Motorists who wish to retain their present numbers will have to notify the state Motor Vehicle Department before the third Wednesday in February.

The other plates, Clarke said, will have numerals as high as 999 and a combination of letters. The letters will not only mark the

PIERCE HOME PILGRIMAGE

Oftentimes visitors to Hillsboro, with a fresh and different outlook, have suggestions that have great merit. What appears to be commonplace to us natives may actually be novel to others. Mr. Leslie Stratton, Boy Scout executive, urges in a news story elsewhere that an annual pilgrimage to the Franklin Pierce Homestead be planned. With the correct publicity this historical spot could bring thousands of people to Hillsboro for a visual education in History.

Mr. Stratton also suggested that for this national day an outstanding speaker with a historical message, such as Dan A. Poling, give the public address at the Home.

Mr. Stratton, whose work takes him all over the United States, where he has doubtless seen most of the nation's historical buildings, said that his visit to the Manse with a ten year old daughter gave both of them a terrific emotional shock.

This year's plans for Old Home Day are probably too far advanced, but the tie-in with such a day would give Old Home Day historical continuity.

We, for one, can visualize a caravan of horse drawn coaches, costumed businessmen and townspeople, and floats all in the pre-Civil War motive, leaving Hillsborough Bridge to assemble at the Pierce Mansion. The idea has possibilities.

Next year's plates will have a

You can make a little electricity by yourself...

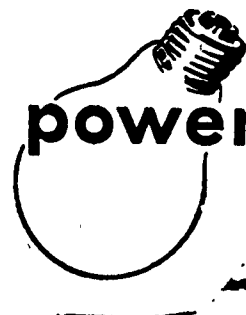

... but making ELECTRICITY for NEW ENGLAND keeps thousands of people busy

NOW BUILDING!
More Electricity — 834,000 KILOWATTS more — coming from New England's electric plants by 1952! This expansion program will bring total resources of our six state neighborhood up to more than FOUR MILLION KILOWATTS — ample safeguard for a bright electrical future.

You know how brushing sometimes makes your hair crackle and "stand up". That's electricity, sure enough... but not in commercial quantities! To keep all New England supplied with electricity 24 hours a day, year in and year out, requires a great army of skillful people, the employees of our electric light and power companies. In turn, the electricity which they so faithfully generate and distribute helps provide jobs for the myriad employees of New England's electrified industries — great and small.

News Items From Bennington

Mrs. Maurice C. Newton
Correspondent

A serious accident took place last week when Jamsie McLaughlin fell from a ladder. He was climbing up to get his pet cat who had climbed into the tree, when the accident occurred. He has a broken arm, a broken collar bone, several cracked vertebra and multiple bruises. At this writing, Monday, Mr. McLaughlin is still in a serious condition. He spent a more comfortable night last night and showed some signs of a returning interest in his surroundings. Mr. McLaughlin manages one of our local stores and has made Bennington his home for a good many years.

Miss Lorenia Kimball has a guest, Miss Freely.

One of our boys, Lawrence Parker, was married over a week ago. The bride was a Hillsboro girl so doubtless there will be a write-up about it from her home town. The young folks, we have been told, will live in the "farm house" owned by his father on the Francestown street. Lawrence is the son of Mr. and Mrs. Lawrence Parker Sr., and grandson of Judge and Mrs. Wilson. "Sonny," as he is called, grew up here, went to school here and left to serve his country from this town. Best of luck, Mr. and Mrs. Lawrence Parker Jr.

Vacations are over for the employees of the Goodell and Abbott companies. The Monadnock Paper Mills, Inc., have not had a vacation as yet.

No value now to a pelt, so the hunters are passing them up.

Never has there been such a crop of woodchucks or ground hogs as this year. Farmers and garden owners report them as doing a lot of damage. In some cases the deer have been blamed for this damage, but on a close investigation it was found to be chucks. By the way, chucks are good eating. I know for I had some one night at New Boston. It was supposed to be a chicken supper, but they ran out of chicken. Chuck meat is dark, but just like chicken.

Did you ever visit "Lord's" over in New Boston? One night I dropped in but too late for supper. They have a swell place in the woods. Ever over that way drop in. Nice people.

I know where you can get a very nice Police dog. This dog is a fine watch dog and would fit well on a large farm. No strings to this dog. Bring your own string.

2200 legal sized square tailed trout from the hatchery at New Hampton, N. H., were stocked in nearby brooks one day last week. They were one of the best lots I ever saw. Harry Hubbard, Supt. of the Hatchery, knows his trout.

You want to run down to Merrimack some day and see the new rearing station there. It's the last word in a rearing station and a real show place. You will see some nice trout there.

Some one at the Benson Animal Farm last Monday told me there was standing room only. It's the show place of New England. No, I have not been able to see the sight this year.

SPORTSMEN'S COLUMN

by GEORGE S. PROCTOR

NEW HAMPSHIRE CONSERVATION OFFICER

Phone 104 Wilton, N. H.

The Fourth of July for 1948 will go down in history as the most peaceful and quiet of any fourth for years. The police force were out strong, but not needed.

Granite Fish and Game Club held its July meeting at their club house last Friday night. Leopold LeMay of Nashua came up with the clam chowder which made a big hit. President Sylvester presided. Visitors were present from Greenville, Greenfield, Wilton and Lyndeboro. Their club house has just been newly decorated and town water installed. They have a fine membership and are doing good work for the conservation of wild life.

If any of our readers can tell us of a market for snapping turtles you will be doing us a great favor. They are coming in fast now and we will soon have Cheever flooded with turtle soup.

Some time ago thousands of swallows were smothered in the chimney of the Milford bank. A band was found on one and we

sent it to the Dept. of the Interior, Laurel, Maryland. Reports came back that the bird was banded at Monticello, Georgia, Sept. 20, 1944, by R. J. Fleetwood for Piedmont Wildlife Refuge, Georgia.

Margaret Wood of Framingham, Mass., age 8, took a 22-inch pickerel from a nearby lake over the week-end. Her brother Bob, took one 20-inches long.

It was a bass holiday over the weekend. Many were taken from the Contoocook river near the Bennington-Greenfield line. Several nice ones were taken from Souhegan river a mile from the Milford postoffice. Out of state fishermen were the most lucky over the week end.

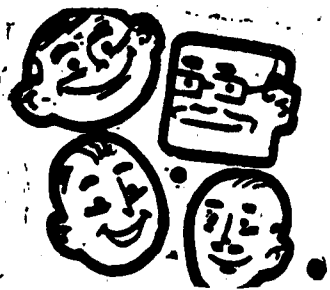

The Fish and Wildlife Service of the Dept. of the Interior reports that women's fashions bring woe to country farmers. They have given the raccoon coats the go-by and now the raccoons are increasing all over the country by leaps and bounds, invading the farms.

MONADNOCK MOUNTAIN PARK OPENED TO PUBLIC

PETERBORO, July 15—Miller Park on the summit of Pack Monadnock mountain was opened to the public this week after more than a month of construction work. The state has spent about \$5,000 to provide a parking area for sixty automobiles on the peak and install new picnic tables. Half of the fireplaces at the picnic site are for convention wood fires, for which fuel is provided. The others are charcoal grills, for which the state also provides free fuel. Some of the picnic tables are on open ledges, with broad scenic outlooks. Others are in a shaded grove, convenient to the summit and parking area.

State Recreation Director Russell B. Tobey announced the next job in the Monadnock Region will be the development of a wayside picnic area at Honey Brook State Forest. The site is considered ideal, and is located on busy Route 101 near Marlow.

HENNIKER, July 15—The Red Cross Swimming classes will be held at Lake Massasecum beginning next week. Watch the daily papers for the time of the classes.
