DOUBLE BIRTHDAY PARTY

Messrs. George Gould and Warren Crosby suffered a birthday anniversary on the same day, Wednesday, October 6. Kindly Mrs. Gould, wishing to soften the blow of the on-coming year, invited a few friends to help them celebrate the sad event on Friday evening. At the Gould's "wee hoose" on school street the time was spent in much conversation about this and that and continued around the dining room table where each victim had his own birthday cake which was served with ice cream and coffee. If Mr. Eccles of Valley Hotel had been a week slower instead of September 29th this might have been his party too. The Goulds are very happy living and entertaining whomever they want (Continued On Page 9)

Native of India Antrim Speaker

ANTRIM, Oct. 14—In April of 1948 the English and American missionaries on the mission field at Jangoan Hyderabad, India, looked for the out-standing native Christian worker, in order to send him to this country for graduate study in an American school. They chose the Rev. K. P. Jerome and asked him to make the trip to America. At that time Mr. Jerome was a teacher in the mission school in Hyderabad, a well loved pastor of a local native church and a successful field evangelist, as well as the father of eight children.

When he was first approached with the idea of coming to America, he thought it too fantastic to consider. Then feeling that perhaps it might be God's will for him to make the trip he agreed to pray about coming. Many hinderances stood in the way of such a trip. He would have to provide for the care of his wife and family during his long absence. Adequate and warm clothing for a change from the tropics to the temperate zone had

N. E. C. Pilgrims Invade

Bridgeport, Conn., Friday

HENNIKER, Oct. 14—Seeking their first victory of the current pigskin campaign, already at the halfway mark, the Pilgrims of New England College will invade Bridgeport, Conn., tomorrow night (Friday, Oct. 15) to oppose the University of Bridgeport on the turf of Candlelite Stadium.

Long practice sessions have been the rule locally this week as Coach G. Colby Barker has drilled his squad in both offense and defense. The Pilgrims showed marked improvement in both departments during the course of last Friday night's game on Concord's Memorial Field against Massachusetts Textile, and hope to give an even better account of themselves against U. of B.

Several Pilgrims who have been on the injured list will be available for the Bridgeport game. Barring further injuries, the N. E. C. roster will be intact for the season's climax game with St. Michael's College, of Winooski Park, Vt. which will be played on the afternoon of Oct. 23 on Memorial Field. This will be the red and blue's final home encounter of the season,—the first for the local institution, which initiated the gridiron sport this year.

Dedicate Church Organ With Service Sunday

BENNINGTON, Oct. 14—On Sunday, October 17th at 10:45 at the First Congregational Church there will be a special service for the dedication of the new Hammond electric organ, in memory of the late Robert Wilson. The sermon on this occasion will be given by Rev. Frederick W. Alden, D. D. Minister of the Congregational-Christian Conference of New Hampshire.

"At seven o'clock there will be an Organ Recital by Mr. Douglas Rafter of Manchester. Mrs. Elizabeth Tenney of Antrim will be guest soloist, and all who are familiar with the musical ability of these musicians will anticipate their program with much pleasure. As a Church we are very happy to present this fine program to the music loving people of this section of our State, and so extend a very cordial invitation to one and all to be present," Rev. C. H. Turner has announced.

Underpass Peril Emphasized at Hearing

CONCORD, Oct. 8—The railroad underpass on the Henniker-Manchester road is pretty much of a traffic hazard, irate Henniker residents and officials of the Boston and Maine railroad and the state Highway Department agreed today.

So the question is—what can be done about it? That little problem was handed to the state Public Service Commission for a solution at a hearing in the State House annex this noon.

After hearing a number of Henniker citizens say they approached the Route 114 underpass just outside of the little community of Henniker with a prayer on their lips. Chairman Edgar Hunter decided to adjourn the hearing indefinitely. The hearing is expected to be resumed in late November. Meanwhile the state Highway Department and the B. & M. will look into the case to see if it is practical to widen the underpass.

One Of Worst Hazards
At their best most roads in Western New Hampshire are none too good. However, witnesses appearing at today's hearing described the Henniker underpass as one of the worst traffic hazards they knew of. And they complained it has existed for a number of years despite almost continuous petitions for action on the part of the residents of the town. It was described as a case of buck passing.

Spokesman for the town's board of selectmen, Fred Connor, said the underpass has been a "sore spot" for years. And he said to make matters worse the 1938 flood (Continued on Page 7)

HENNIKER

Miss Evelyn Twiss and Miss Henrietta Waters of Huntington, L. I. spent the week-end and holiday with Mr. and Mrs. Hiram Twiss.

The Sophomore class will have a public supper at the elementary school building on Saturday evening, at 6 o'clock.

Legion Fun Show Tonight, Friday

HILLSBORO, October 14—A hilarious time awaits you at the Legion sponsored "Fun For You" local talent show tonight, (Thursday, October 14). The show, to be staged at the Hillsboro High School Gym, will begin at 8:13 P. M. It will be presented again Friday night.

Final rehearsals for the fun-fest sponsored by Gleason Young post American Legion for its building fund were held Wednesday night.

The play is under the personal direction of Clara E. Rourke of Kansas City who has had much experience in this type of work. Miss Rourke states that she is greatly pleased with the cast and anticipates one of the finest shows that she has ever directed.

The cast includes about 100 people who are to impersonate famous radio, stage and screen stars. It is billed as the Atomic Bomb of Amateur entertainment and from all indications promises to be just that.

One of the most laugh provoking scenes will be an impersonation of the Breakfast in Hollywood broadcast. Heading the cast in this scene will be Carl Harrington in the role of Tom Brenneman, Master of Ceremonies. He will introduce the following men representing Hollywood Glamour Gals having breakfast in Hollywood: Mr. Bob Phelps impersonating Lana Turner; Mr. Bill Kulbacki portraying Mae West; Mr. Roland Ives made up as Marlene Dietrich; Mr. Philip Dyer Jr. masquerading as Gravel Girtie, and Mr. Raymond Connor burlesquing Gypsy Rose Lee.

In this scene Mr. Harrington, as Tom Brenneman, not only introduces the men dressed as women (Continued on Page 8)

Meredith Lady Wins Ladies' Aid Raffle

HILLSBORO, October 14—Mrs. Joseph Stock of Meredith, N. H. held the lucky ticket No. 135 on the hand-painted tray that was drawn last Friday night at the Ladies' Aid Box Social. The social was in charge of Mrs. Georgianna Gile and was held at the Lower Village Chapel.

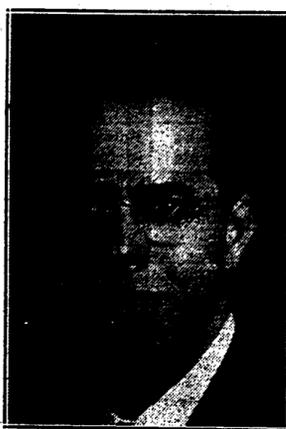

In spite of the rain, about 25 young people enjoyed the evening playing games and bidding on the box lunches that were auctioned off by Mrs. Gile. This proved to be somewhat of a lesson in bidding at an auction for many of the young folks.

A nice sum was realized for the treasury. Many more such evenings for our young people, the Ladies hope to plan, during the coming winter.

Women Voters Discuss Constitution Amendments

HILLSBORO, Oct. 14—At the October meeting of the League of Women Voters of Hillsboro held Tuesday afternoon with Miss Charlotte Holmes of East Deering, Mrs. Holden explained in detail the proposed amendments to the State Constitution which will be presented on the ballot at the November election for referendum by the voters of New Hampshire.

Considerable discussion by members present helped to clarify the issues involved, and a vote taken of the sense of the League in this session was unanimous in accepting the 1st five Articles without reservation. On Article No. 6 the members present were divided but the majority voted "yes". All expressed a desire, however, to qualify their vote in the hope for a redistricting of the state for representation in the future.

Mrs. Charles Blott and Mrs. Lothrop Herrick presented the fourth in a series of workshops on the United Nations. Much interest was expressed in a suggested pageant on United Nations proposed by Mrs. Donald Baker, and it is hoped this can be developed during the coming winter.

Mrs. Lothrop Herrick presented plans for voter's service in preparation for the coming election which were discussed and approved.

50th Anniversary of Eunice Baldwin, DAR Observed Saturday

HILLSBORO, Oct. 12—An outstanding event in the history of Eunice Baldwin Chapter, D.A.R., was the celebration of its fiftieth anniversary, held on Saturday afternoon, Oct. 9. The program was given in the Music Room of the Community Building, with a tea following in the Gilbert Memorial Room. Open for inspection, also, were the chapter room and the new historical room, furnished by the chapter with articles of interest given or loaned by members and other interested citizens.

Notable among those present was Mrs. Mary Grimes Thornton of Brookline, Mass., organizing regent of the chapter, regent during the first four years of its existence, and sole surviving charter member. Introduced by regent Mrs. Grace Perry, she talked entertainingly of the chapter's early years and the work done in placing tablets and memorials in historic spots throughout the town, and the annual decoration of the graves of soldiers of the Revolution and the War of 1812. Mrs. Thornton still retains her membership and her interest in the chapter, and entertains its members every season at her summer home in Hillsboro.

The occasion was honored by the presence of four state officers: Mrs. David Anderson of Manchester, state regent; Mrs. Hiram Johnson of Antrim, state chaplain; Mrs. Harry Parker, state secretary; and Mrs. Dana Emery, state treasurer. In her interesting address, Mrs. Anderson told of the annual meeting in Keene last week, and of the varied undertakings now being sponsored by the National Society. The guests of honor, all of whom spoke briefly, were presented with corsages of yellow chrysanthemums.

Letters of greeting were read from Mrs. Joseph Holmes of Cambridge, Mass., and Mrs. Harrison Hare of Worcester, Mass., chapter members. Miss Madeline Gilmore sang a group of songs by American composers. They were "House by the Side of the Road," "Sheena Van," and "Year's at the Spring." Music for the two latter was composed by Mrs. H. H. A. Beach, long a member of the chapter. Mrs. Mildred Porter was the accompanist. Guests were present from Ashuelot Chapter of Keene, Peterboro Chapter and Molly Aiken Chapter of Antrim. Mrs. Cora Hunt of the latter chapter, spoke briefly on her early connection with Eunice Baldwin Chapter. Later she became a charter member of Molly Aiken Chapter of Antrim, which was an offshoot of Eunice Baldwin. Out-of-town members of Eunice Baldwin Chapter present were Mrs. Lucy McAlister of Peterboro, Mrs. Bernice Maynard of Concord, and Mrs. Joseph Stock of Meredith, Mrs. D. W. Cole, who is in Meriden, Conn., for the winter, also was here for the anniversary.

Mrs. Mildred Porter acted as usher, and Mrs. Mabel Crosby was (Continued on Page 5)

"FROSTY FOODNOTES"
Have you ever prepared something to freeze, then found you hadn't enough packages? Why not be sure in the future. Next time you're at the locker buy several cartons and boxes (don't forget liners) to keep on hand. Then when you start to run low, get another two or three dozen. This way you'll never get caught without containers for your frozen foods, and will always be able to get them to the locker as soon as they're prepared, the only way to get the best results.

November 1-7 will mark National Art Week—Here in Hillsboro many store windows (we hope all of them) and other prominent spots in town will be filled with work done by our own art club students and associate members. Students of art in our public schools wishing to show their work too may do so by contacting Mrs. Franklin Guild, telephone Hillsboro 121. Mrs. Guild is Chairman of National Art Week in this section and has charge of all entries for the window displays. All artists, amateur or professional, craftworkers, or persons owning works of art who would like to help us make National Art Week interesting and a week to be really remembered in Hillsboro call Mrs. Guild now and tell her what you have to show—type of work—size—and etc., so that the window displays may be planned in advance. All entries must be brought to the Cellar Studio by October 25, the last date of entry—GET YOURS READY NOW!

Marian Ladd Symmes has done it again! She has sold another oil painting entitled "Phlox", painted in rather intense and variegated colors it caused a great deal of favorable comment, for the short time we were able to keep it. Dr. Frechette of Worcester was the buyer. This second sale within so short a period of time should in itself prove that well painted pictures of carefully chosen subjects are appreciated and wanted. The majority of our art public enjoy realism, let's try to give it to them. Remember—the time, Wednesday

MILITARY SERVICES FOR RALPH GALLAGHER

HENNIKER, Oct. 14—Military funeral services were held for Ralph Gallagher on Thursday afternoon, Oct. 7, at 2 o'clock at the Methodist Church with Rev. Earle Fellows officiating, and Mrs. Hiram Twiss as organist. Members of Davis-Woodman Post, American Legion and the auxiliary attended in a body. James Doon was marshal.

Bearers were Robert Sterling, Kenneth Hall, Edward Damour, Herman Caldwell, Freeman Fisher and Commander Myron Hazen. Color bearers were George Boucher, and Richard Knapp. Color guards were Joseph Fisher and Arnold Ryan. The legion committal service was given at the grave with Leo Fisher serving as chaplain. Harry Rowell was the bugler. John Hollis was commander of the firing squad and members of the firing squad were Edgar Fowler, Clayton Meade, Cecil Wright, David Cogswell and Robert Bailey.

The flag was taken from the casket by Robert Sterling and Myron Hazen who presented it to Mrs. Richard Senecal, sister of the deceased. Burial was in the family lot in the new cemetery under the direction of Woodbury and Son Funeral Home of Hillsboro.

E. Wesley Freeman, son of Mr. and Mrs. Edgar W. Freeman, 76 Dunklee St., Concord, has been named to the dean's list for the second semester of last year at Colby College, Waterville, Me., it was announced from the college last week. Mr. and Mrs. Freeman and son are former residents of Henniker and lived on Hall ave., when they were here.

Mr. and Mrs. Roy Adams and four children of South Attleboro, Mass., spent the week-end visiting Mrs. Stella Adams and Mr. and Mrs. Guy Brill. As visitors, they were no trouble at all as they brought their house right with them, a trailer. Everything is very compact which makes more room than one would think. Mr. Adams is a welder on construction work, so takes his family where ever his work is.

The Ladies Aid of the Methodist Church will hold their Harvest supper next week Thursday evening in the vestry of the church.

Plan Adult School at Hillsboro High

HILLSBORO, Oct. 14—With the consent of the School Board of Hillsboro Special School District; Mr. Elwood Mason, Chairman, Mrs. Catherine B. Tasker and Mr. Henry Martin, Hillsboro High School will soon offer two or three evening programs a week for interested adults.

Sergius Bernard, Headmaster, has made tentative plans with members of his faculty which look towards a beginning program in the adult area. At the present time a survey is being planned to determine what subject matter is most wanted locally.

Many requests have been coming in for an evening class in some type of sewing. Perhaps men in the community would like to pursue a project in shop work. Perhaps there will be requests for a recreation program. It may be that several people would like a refresher course in typewriting or office practice. At least a survey of local people's wants will be made and if enough needs are indicated, classes in those fields will start at Hillsboro High School soon after November first. Survey sheets will be distributed as soon as they are ready, and are to be returned to Mr. Shopes, Submaster, of the High School, who has agreed to act as coordinator of the program.

He also implied that the present penalties were unpopular with the general public. Where the judge got his information on this point is not clear. Drunken driving is certainly very unpopular with the general public. In this section of the state all efforts made by the Motor Vehicle Department to make highway use safer are fully appreciated. No one favors drunken driving.

GREAT OPPORTUNITY

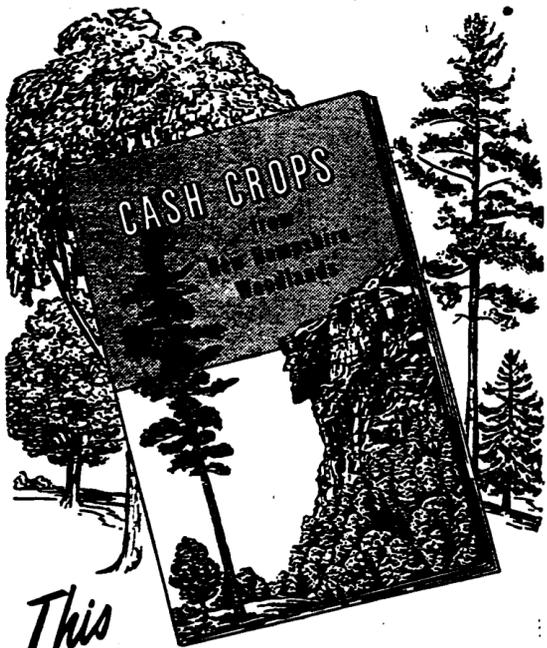

Trees for New Hampshire is the name of a project starting in this state this month—and well named it is.

Not only is the forest resource of New Hampshire a major factor in our agricultural and commercial life today, but also it probably holds greater promise for future development than any asset we have. Of our 5,775,300 acres, 4,671,693

acres are in forestland. Our growers of trees are paid upwards of \$14,000,000 for the timber they harvest, and approximately 17,000 persons are employed in the woods and wood-using industries.

These are impressive facts. Yet it has been competently estimated that our production of wood is only half of what it could be under reasonable management.

This is the lesson the Trees for New Hampshire project seeks to hammer home to every citizen, particularly to every landowner. Forest management means more dollars in the pockets of everyone who has tree-producing land. It means more money for forest industry payrolls. It means more money for public purposes as well as private. The many agencies, public and private, which are sponsoring this program are performing a service of inestimable value to the entire state.

The Fish and Game Laws say that you can hunt a lot of different kinds of game Oct. 1st but the Gov. and his Council say "No" not until the fire ban is lifted and that's going to take a lot of rain. It's reported that the ground is very dry down 30 inches when in normal times it should not be more than 8 inches.

Forest Notes for September is off the press and a very interesting little booklet. This is printed by Society for the Preservation of N. H. Forests. The New England Trust Co., of Boston, have issued a leaflet entitled "Dutch Elm Disease Survey of Mass." This gives a true story of that dread disease to our stately elms.

Have at hand a letter from Sgt. Bruce C. Rounds of Fort Richardson, Alaska. He sent me a clipping he cut from the "Anchorage Daily News," tells about N. H., buying 4500 pheasants in Wisconsin and 3500 in N. H., and he gave the price paid. That was news to me. He comes from somewhere near Franklin, N. H., as he reads the (J-T). Nice letter, Sgt.

Here is your chance to do your good turn this week. Send a card to George McIntire who is very ill at the Margaret Pillsbury Hospital at Concord. He is the fellow at White's Market in Wilton who wears a straw hat all the year round. Home is in Antrim, N. H.

Frank T. Simpson of Brunswick, Me., writes to tell me that a Flight instructor saw the black panther in an open pasture near that place. He dove down and got a good look at the big animal before he got to cover. All black, seven feet long, with a long round tail.

Are you getting mileage from your gas tank? Well, we understand that they are tapping us for gas. I heard a man say some time ago that he went to Grange meetings and tapped cars while the meeting was on. O no, he was not a Granger. Better buy a lock for your tank.

Have you a hobby? I know a man who has a hobby and he is making money with it. He is Everett D. Bingham of East Jaffrey. For many years he was a head man in one of the big mills in that town. Illness drove him home and now he raises Parakeets. Two months ago he had 750 and last week only 250 left. He has orders for 85 trained pairs at once. His is a most interesting place to visit. He has callers from all over the USA and Canada. His lay out is modern and right up to date. He is a most entertaining host and does he know his birds. He has a Macaw which he has been offered big money for (very tame) (with him). A most beautiful bird.

The duck season (fire ban permitting), Oct. 8th to 19th (inc.); Nov. 28th-Dec. 7th, Inc. Federal and State laws.

Watch your step in driving through wooded sections. Three deer were killed last week by cars on routes 101, 13 and 31. The deer hit by a car on route 13 the driver was much disturbed because he could not collect \$50 from someone. Deer are moving more by night.

Man in Winchendon, Mass., has a fine litter of Irish Setters to sell. If interested will tell where they can be seen.

Anthony Stawass of Nashua caught a striped bass at the Mar-

tha Vineyard striped bass derby that weighed in at 17 pounds; he holds the non-resident record to date. How long he holds it we don't know. Ralph Briggs, Intervale, N. H., got one 15 lbs. 7 ozs.

Several more snapping turtles were taken by members of the Granite Fish and Game Club of Milford. This club is doing a good job to make better fishing in Osgood and Melendy ponds.

Bird lovers and those who feed summer and winter want to know what becomes of all the robins. Last year they had many, and this year none. I saw several today on my lawn. Pretty poor picking for them now—lawns all burned up.

J. H. Hepler of the State College tells me to use Ammate to kill out weeds. He also recommends 2-4-D (Esteron) for same.

Young fellow up in East Jaffrey wants to get some reptiles for study. Pretty late in the season. Better run down and see the snakes at Marshall's, on the Daniel Webster Highway, a short ways out of Nashua. Then the Benson Farm, if you want a big one.

Nice letter from a friend Will Burns of Indianapolis. He wants to know if I had a birthday Sept. 18, as that was his birthday. He has been married 55 years and is now 79 years young. He has me stopped, as I have been married only 37 years.

The old Sohegan river sure looks proud now with a new dam at the Abbott Machine Shop. A swell job and will the big trout and the mallard ducks enjoy this much enlarged pond to swim in. A flock of my semi-wild mallard ducks are

living down back of the Oulton Clam Bar on 101 route.

One night last week we went to Nashua to attend the dog obedience tests. It was a show worth going miles to see. Pres. McMurray says that another class will start very soon. Get in touch with him if interested.

I guess that the auto inspection is badly needed. Take a ride any night on any trunk line and nine out of ten cars will be a one-eyed fellow. Inspection is now in order.

Men fighting the big Sharon-Temple-Peterboro forest fire the other day report large numbers of wild game running before the fire. Deer and rabbits were the majority of wild life. The fire loomed up big from the top of Temple mountain. No homes were burned but Chester Hurd had a narrow escape with his home. Came within a short distance of his buildings.

Want to buy a fox hound puppy? Trained and ready to work. We will tell you where if interested.

Hancock did homage to Addison Ware on his 90th birthday. Mr. Ware was an old time cat hunter and brought me many in the past few years. A grand old man!

If you are going on a journey with a dog, be sure to get the dog owners' hotel directory from the Gaines' Dog Research Center, 250 Park Ave., N.Y.C.

Yes, I am now on the retirement list. After 28 years of John-ny-on-the-spot. I don't know how I am going to like it. Called out of a warm bed at 3 a.m., to go up into the wilds of Sharon and pick up a deer that had been hit by a car, or take a black and white pussy out of a steel trap. Oh boy, those were the happy days!

Remington says: A red salmon tagged by the U. S. Bureau of Fisheries in Alaskan waters in May was caught 44 days later in the Siberian waters, 1300 miles away. Some swim!

Once he gets up and straightens away, the pheasant flies faster than the ruffed grouse. Snakes and fish have ears, but have no outside openings. They hear thru vibrations in the ground or in the

water.

It will soon be hunting time—provided the weather man is good to us and gives us a lot of real wet-rain. Oct. 1st was the real date, but the weatherman says NO! You must keep out of the woods.

Would you be interested in small maple plantings from a foot to 5 feet? I have a little million on my property and would be glad to give them away.

Still another one: Amy T. Kemp of Winchendon reports that she has hollyhocks that run up into the air 12 feet and 3 inches. Who can beat that?

Federal biologists fly 16,000 miles during the past summer trying to find where the whooping crane nests. They were not successful. It is somewhere around the Artic Circle. These cranes are five feet tall and have a wing spread of 7 feet. Their blaring horn-like call can be heard as far as three miles away. Very few are left and they are losing ground.

Mrs. George Hardy of Rindge, on Lake Contoocook, reports that she saw a white swan on the lake last Saturday. No one seems to know where it came from.

Henniker Underpass Peril Emphasized At Hearing

(Continued from Page 1)
which saw the Contocook river flood its banks and cover the roadway so weakened the underpass that timbers, which encroached on the highway, were used to

strengthen the roof of the underpass.

Farmer Lester Connor, who lives nearby, declared this repair work cut the width of the highway to 17 feet, making it impossible for two trucks to pass in the under-

pass. To make matters worse the underpass is in the center of a sharp S curve on the highway.

Improvement of Route 114 near Goffstown has increased the flow of traffic. Conditions are worse in the winter, he said, when snow is banked on either side of the road under the crossing. He said he had two children and dreaded the school trip they had to make each day. The curve forces vehicles to swing wide of their left side of the road as they go through the underpass.

He was backed by Police Chief Ernest Greenwood, who cited the number of accidents at the underpass in recent years. Warren

Brown, Max Israel, Charles E. French, executive secretary for the Merrimack Valley association, Oliver N. Parker, town road agent, and Leon Cooper, former member of the Henniker Water Commission.

Brown offered a plan to eliminate the curve and underpass with a grade crossing. He said there is enough unused land nearby to cut through a new section of highway. Brown's proposal would have the highway cut through the abandoned creamery. A letter from Mrs. Dorothy G. Goss, secretary of the Henniker Board of Education, was also introduced. She said it was a definite hazard for children who must use the school bus which

travels on Route 114.

No Immediate Plans
Harold E. Langley, bridge engineer for the state Highway Department, said long range plans of his department called for improvement of Route 114 in that section. However, he added, nothing was planned for the immediate future.

Langley and Harold W. Legro, of Boston, bridge engineer for the Boston and Maine railroad, at a request from Hunter, said they would look into the possibilities of widening the underpass. They promised an early report.

Townpeople are anxious to get something done before the winter, it was evident today. Only three freight trains a week go over the

underpass. The complaint is that the underpass is not only too narrow but it is not high enough. As a result some trucks have to use a narrow dirt road to bypass the area.

The average width of state roads now being built is 24 feet with two-foot shoulders on each side. The underpass is only 17 feet across from wall to wall at its narrowest point. This, coupled with the curve, has resulted in a number of accidents, it was brought out.

Some of the other residents to attend this meeting were Clarence L. Fitch, Karl Connor, Mr. and Mrs. Guy Jones and Thomas Hope.

Every Day is TAX DAY for me!

Most people pay taxes once a year . . . but for me, every month has its tax deadlines . . . life is just one tax after another for the folks who work with me on the nearly 500 different filings of payments and returns which we make to Town, State, and Federal Governmental Agencies. Altogether I pay 15 different kinds of taxes . . . and I'm sure kept busy making out hundreds and hundreds of forms, and getting the money together to pay them!

This year we'll pay about 200 different assessments for property and construction, to towns and cities, amounting to about \$1,450,000. Uncle Sam's tax collector will take about \$1,000,000. The whole bill will add up to about \$2,500,000 . . . almost two-thirds of our total payroll for the year!

When you consider that our taxes amount to 20 per cent of our total income . . . that 20 cents out of every dollar you pay me goes for taxes . . . that's really something for you, as a taxpayer and customer, to think about!
