STATE BIRD

Its lucky that I am unable to visit the New Hampshire State Senate and express my opinion of that August assembly at least individually in regard to the passing of the bill concerning the state bird. The house passed the bill with a good majority vote making the Chickadee the state bird instead of the Purple Finch which may or may not have ever been made the official state bird, but the Senate spoiled all that by choosing the New Hampshire red hen. Must everything be made commercial in this state? Can't we have anything just because of its appeal to the finer side of life? In choosing the state bird who ever dreamed of choosing anything but a wild bird!! Its to keep up the interest in wild life, not to interest people to buy more eggs laid by the red hen. Who Cares! Next I suppose we'll be choosing a state cow or a state hog, such a beautiful thought, and just about as sensible as the red hen. I am not the only disgusted citizen in New Hampshire, but none of us can do anything about it, but talk and there's been too much of that already.

APPLE PARER

Did you ever see an Apple Paring Machine of 65 or more years ago?? We had one in our kitchen long before that, probably. Only I don't remember much about it. It screwed on the kitchen table like a meat grinder. An apple was thrust through its core on to a circular four tined fork and the knife was turned by a small handle paring the apple very economically allowing the skins to drop below. I never used it much because I couldn't get the apple on straight; it was always wably and only half pared. My mother never used it so very much because she could pare apples almost as quickly and didn't have to wash the thing which was hard to keep clean. It was used largely to pare apples to dry which was done on a large

SCHOOL NEWS

GRADE ONE

On Monday we had a valentine party. Each one enjoyed the valentine box, the ice cream furnished by the teacher and candy given by Charlotte, Karen and Bonita.

Mrs. Wing, Mrs. Trotter, Mrs. Sweeney and Mrs. Baldwin visited our room.

We had two birthdays today, Keith and Theodore. Mrs. Day drew them a beautiful cake on the blackboard.

GRADE TWO

Susan Olson won the bird contest this week in naming the most birds in a limited space of time.

In a vocabulary test of fifty words the following pupils had them all right Marie Young, Marguerite Nelson, Geraldine Ellsworth, James Clough and Daniel Marchand.

Malcolm Cote brought an erector set to school.

We are dramatizing "Hansel and Gretel".

Mrs. Archie Cote, Mrs. Barrett, Mrs. Furrow and Mrs. William Marchand were present at our Valentine Party. Several small children visited us too. We had a candy heart hunt first with Nancy Shopes finding the largest number of hearts. The valentines were then opened and refreshments of ice-cream, candy, cake and cookies served.

GRADE THREE

We had a very nice time at our Valentine Party.

Edward Tasker and John Martin brought records to which we enjoyed listening.

The following people have had perfect attendance for the past twenty weeks: Eugene Broadley, John Evans, Philip McClintock, Catherine Teixeira, Charles Wheeler and Jane Woodrow.

We enjoyed having Bruce Jordan and Edward Trotter play

the piano for us. Mrs. Harrison Baldwin and Fay visited us.

GRADE FOUR

Robert Chase has added a bird house to our collection. We hope to get a number to put up near our homes this spring.

David Sterling visited the Esso Refinery in Everett, Mass., on Tuesday. He told the class about it the next morning.

We want to thank Mrs. Sterling for the nice cookies she brought to us on St. Valentine's Day.

GRADE FIVE

We enjoyed our Valentine Party on Monday. Mrs. Bower substituted for Mrs. Gile Monday morning. Carol Tasker visited us on Tuesday.

The sixth grade invited the fifth grade to their room twice during the week. We enjoyed hearing Miss Johnson the english teacher talk on her trip to Mexico and she showed us many things made in Mexico, also movies. She also showed us movies of the track meet teams of Hillsboro High school. Walter Sterling gave a talk on his trip to Esso oil plants in Everett, Mass., which was very interesting. Harrison Baldwin and Bruce Jordan played a duet on a bass horn and trumpet which we enjoyed.

Mr. Mosley has put in larger bulbs in our electric lights which makes the lighting much better in our room.

Vacation begins the day these items go to the Messenger Office, Feb. 18th. Schools will open on Monday, February 28th.

Reported by Maxine Teixeira.

GRADE SIX

Miss Edna Johnson gave for us a most interesting talk on her trip to Mexico. It was fun comparing her trip and the things she saw with our imaginary trip and the pictures we saw. We certainly en-

joyed and appreciated having Miss Johnson come down.

Our Valentine party was a decided success. All committees were 6th grade pupils and all planning and leading the games etc, were done by 6th graders. We want to thank Mrs. Baldwin, Mrs. Beard, Mrs. Cooper, Mrs. Flanders, Mrs. Fogg, Mrs. Gee, Mrs. Marchand, Mrs. McClintock, Mrs. Powell, Mrs. Walter Sterling and Mrs. Weldon Sterling for the delicious cakes, cookies and candy that they sent to us. We also had "Hoodsies".

Walter Sterling gave us a very interesting report on his trip to "Everett's Esso Refinery", and Bruce Jordan and Harrison Baldwin played a very good duet on a bass horn and trumpet.

The second grade invited us in to see their dramatization of "Hansel and Gretel". It was very good.

Two Given Degrees

HILLSBORO, Feb. 21—At the Monday night meeting of Harmony lodge, F. and A. M., held in Masonic Hall degrees were conferred on two candidates, Atty. R. Wayne Crosby and Vincent Palhof.

The 50-year membership medal was presented to Louis Lincoln of East Washington, a former resident of this town for many years. Mr. Lincoln was the first telephone operator in Hillsboro, back in 1894, when his father, the late George Lincoln was manager of the new telephone company in this district.

The 25-year membership medal was awarded to William Wood, a Deering farmer and life-long resident of this community. Mr. Wood was employed in Concord for a few years at the state hospital farm.

Frank D. Gay, who has been an Odd Fellow, Granger, sports enthusiast, and knows the cities of New Hampshire like an open book and the back roads from experience born of wanderlust, was lost one night recently when he directed Thomas Brooks, the operator of the motor vehicle to make a certain turn which eventually took them out into the midnight air in the vicinity of Half Moon pond in the town of Washington. F. D. G. admits that the night was cold, it was frosty too, and he could not distinguish the tall spires of the village church from the pines of the forest. Frank Gay who probably sampled the first piece of pie in the first Grange in the state has sampled many varieties of pies ever since, in fact the gay old codger always samples each kind of pie in sight and asks for more. It may have been the pie that cold winter's night or it may have been the vinegar he used on his beans that caused a momentary loss of the general sense of direction but the old boy in the rubber boots and two canes sure does get around places and does things.

Would it be necessary for an act of the legislature to place metal containers about the central part of the town so that those who eat bananas on the street or park in cars could throw the lowly skin somewhere else than on the street. The containers could also hold cleansing tissues, waste paper, broken bottles, cast off clothing and bits of information collected about town. If you must toss the paper away wait until you reach your own back yard and the wind will take it to the neighbors and if you must break a bottle do not leave the remains in some alley where the village cut-up may slice his pet bunion or cause his rubbers to leak.

We have a hunch that Walt Chamberlin is watching weather conditions just now like a cat watches a canary, taking full advantage of any change that may come suddenly. It looks like a short maple syrup season from observation born of inspiration down here in the valley.

Mud in January is unusual and more mud in February is something for the books and if you travel the back roads like Bill Ellinwood and others this fact

comes from first hand information. You may take care of snow and ice conditions in one way or another but nice soft mud is something else along with guide your motorized craft to any degree of certainty on any of the dirt roads in old New Hampshire.

When you really drop in at "Dew-Drop-Inn" you realize the uncertainty of mud-time travel. If we had our way some of those big heavy trucks that travel over the terrain and make deep tracks in the road for some unlucky guy to follow in a modern car or truck, would be detoured over the hard surfaced highways or wait until the frost is out of the back roads. Better still if the men in charge of the dirt roads would place signs up in time to warn the poor cuss who by choice or through necessity finds himself mired miles away from home and stuck, things would be looking up for some of us unfortunate individuals who must try and get through come spring in winter or a little later on. Some of the back roads in Antrim, Hillsboro, Henniker, Frankestown and Deering are better than our main highways but others could be mud-scows attached to the moccasins, a long pole for testing and a red nosed squaw as guide. The red added as a danger sign that easier traveling for the Indians with all is not well just around the next corner. If you can keep up the momentum of the car and land of terra-firma later on the state should give you a driver's license for the next session, gratis.

EAST WASHINGTON

At the regular meeting of Purlingbeck Grange, Feb. 15th an entertainment was given under the direction of Mrs. Grace Stevens, Lecturer. The birthdays of Washington and Lincoln were observed by a recitation of the Gettesburg speech, and pantomine tableau of the cherry tree legend. The latter by Miss Janice Fletcher who while not a Granger has announced her intentions of becoming one in due time. The Swopper-Whopper Club members gave a demonstration of how far the truth can be stretched without breaking. Refreshments were served by Mr. and Mrs. Ernest Cahoon.

Little by little, the Cellar Studio is taking on that new look, more and more interest is shown in improving conditions under which we paint every Wednesday evening.

The model stand has been moved to the center, one partition has been moved back to allow for more easel space, and due to the ingenuity of Cy Phelps we are the proud possessors of a non glaring spotlight.

There was another splendid turnout last week and although as a group we got rather a late start the results were even better than usual. Mr. Elwood Mason, one of Hillsboro's well known Real Estate men, was our patient victim, and must say that for a full hour and a half a pin could have been heard had it been dropped. If anyone could be said to take honors it was Mrs. Bosworth of Frankestown. Mrs. Brown, her sister did a fine charcoal drawing, too. It is hard to believe that it is the first time in 20 years that she has done any drawing. We hope that she will be able to visit us soon again. Eleanor Gould of Henniker showed a great deal of talent her first evening work with us, and like the rest of us just needs to keep at it. Miss Charlotte Harvey, Miss Pierce, and Mrs. Perk were interested studio visitors Monday afternoon.

NOTICE TO ALL MEMBERS OF THE HILLSBORO ART CLUB:

Next week, March 2, will be particularly interesting and colorful. Mrs. Perk, in authentic Dutch costume complete with lace cap, and wooden shoes, will model for us. There will be a correct Dutch kitchen setting, too, the small red Dutch kitchen chair with real mantel vases, dishes, etc. Who has a delf blue hanging that we can use for a background. This should be a wonderful evening for visitors, also. Be sure to bring your colors, Wednesday evening, March 2, you will want them.

Jordan Marsh Company in Boston is already announcing that the Twentieth Annual Exhibition of paintings by Contemporary New England Artists will be held May 23rd through June 11th in the fashion Center Auditorium on the fifth floor of the Annex Building. Entry blanks and information about the five gold medals and the cash prize awards will be sent us in a few weeks, together with the dates for submitting entry blanks and entries. Please keep these dates in mind.

Anyone interested in seeing a large photograph of the 1881 legislature in Concord may do so by coming to the Hotel—Mr. Lyons has very kindly loaned it to us.

Dropped into Mr. Yeaton's Antique Shop the other day and he showed me through his wood-working shop—He has six, who are doing fine work in the complicated business of repairing antiques and making correct reproductions. It takes even a period of years, to learn to turn out a really fine piece of work. Also Mr. Yeaton is an expert on handpainted prints—as buyers from many N. Y. stores can tell you.

Visitors last Wednesday evening were Mr. T. G. Gallivan of West Springfield, Mass., and Mr. Wm. Toussell of Cambridge, Mass. All the businessmen in town have been more than cooperative and unsparring of their time in sitting for us, so this week and next, we are giving them a chance to relax and we'll have women under the spotlight and hope the men will come and either join the class at work or watch.

Remember the Time: Wednesday evenings from 8 to 10 P. M. Please be prompt.

Remember the Place: The Cellar Studio in the Valley Hotel.

Remember the Facts: You are welcome either as a worker or a visitor.

SPORTSMEN'S COLUMN

by GEORGE S. PROCTOR
NEW HAMPSHIRE CONSERVATION OFFICER
Phone 104 Wilton, N. H.

I have at hand a letter from a party in Peterborough that wants me to bawl out some of these hit and run autoists who in the past few weeks have killed many dogs in that town. Only last week a valuable hunting dog, not a car chaser, had two legs broken by a hit and run. No use of my trying to remedy this, as no reader of this paper would hit a dog and then run off. The N. H. Health News for February comes out with a warning to hare and rabbit hunters about that dread trouble, tularemia. This trouble only comes from wild hares and rabbits. Domestic dogs do not have it. The article says if people would avoid all contact with wild rabbits, 90 per cent of tularemia would be eliminated. Don't pick up a sick or lame rabbit. If you do, handle it with rubber gloves. This disease has been found in every state but Vermont. In the U. S. A. 18,000 cases have been reported, of which 1300 were fatal. This disease is found in rabbits, hares, field mice, opossums, squirrels, coveys, skunks, cats. Cooking will kill the germs. In dressing a hare or wild rabbit always use rubber gloves. Avoid a tame or sluggish rabbit in the wild.

Did you know that from July 1, 1947, to June 30, 1948, there were sold in this state 90,918 resident, 10,437 non-resident, licenses? Fees paid by anglers \$563,130. Hunters paid in to the Fish and Game Department \$423,632. Federal duck stamps 3,428.

Would you be interested in a 33-page leaflet just published by the Fish and Wildlife Service? It contains the names of 400 wildlife protection organizations and other valuable wildlife information. Yours can be had free by writing to Division of Information, Fish and Wildlife Service, Washington 25, D. C. Ask for leaflet No. 313.

The Roadside Improvement Contest all over the state will start again this April and finish in August.

The huge sea gull has been seen again this past week in the Souhegan river near the iron bridge in Milford. The river is open at this point and that's where he is getting his free meals.

Two deer tails from H. E. Wheeler, Peterboro, for the disabled veterans in Manchester. Thanks.

Sorry I can't print the names of the one sending in tinfoil the past few weeks. It would fill the paper. I wrote to each and every one thanking them. I sent to the Children's Hospital at Springfield, Mass., through Dr. Bullfinch of Manchester over 800 pounds on his last trip here. I have sent to them several tons in the past few years. Don't destroy your old Christmas cards. I know of a woman and a children's hospital that would appreciate them and make good use of them. Shoot 'em along to me and I will do the rest.

Baby Shower for Mrs. Richard S. Dumm

HENNIKER, Feb. 24—On Sunday afternoon, Mrs. Richard S. Dumm of Portsmouth, the former Arlene Marston of Henniker was guest of honor at a baby shower given by Mrs. Lawrence Paige and assisted by Mrs. Roy Campbell at North Weare. Many beautiful and useful gifts were received from Mrs. Paige, Mrs. Paul Dumm, Miss Dorothy Dumm, Mrs. George Nichols, Mrs. Roy Reade, Miss Blanche Reade and Mrs. Leon Reade, all of North Weare; Mrs. Roy Campbell of Manchester; Mrs. Leon Marston, Mrs. Carrie Bacon, Mrs. Blanche Whitcomb and Mrs. Lester Brown, all of Henniker, and Mrs. Ralph Paige of Goffstown.

Those sending gifts as they could not attend were Miss Beverly Davison, Miss Martella Tucker, Mrs. B. J. Bishopric and Miss Marion Brown, all of Henniker; Mrs. Robert Knapp of St. Johnsbury, Vt., Mrs. Miriam Lyons of Milton, Mass., Mrs. Myrtle Dickey of Boston, and Mrs. Mabel Clark of North Weare. Delightful refreshments were served.

Membership card from the Lone Pine Hunters Club, Inc., of Nashua. Thanks.

We know of quite a few farmers who are to have their own private fish ponds in 1949. If you have a swamp or a brook running through your property it's not much of an expense to have a pond dug. You would be surprised what 50 dollars will do with a good sized gas shovel. Boy, but can they move a lot of dirt in a few hours. Before spending much coin have someone from the Department check your water supply. He can tell you if it's good or not.

Uncle "Doc" Hopkins of Greenfield, now basking in the sun in Florida, sends me a very interesting newspaper clipping on the crawfish industry in that state. It's a \$700,000 business.

Head a fellow beefing the other day that he could not fish or hunt. All seasons closed. He is mistaken. He can ice fish if the ice is safe. He can hunt bobcats, foxes, owls, hawks, quillpigs. Ice fishing on streams inhabited by trout; not ponds.

Shower For Mrs. Richard Dumm

Sunday afternoon Mrs. Richard Dumm was given a stork shower at the home of Mrs. Lawrence Paige. She received many beautiful gifts, and after they had all been admired, a lunch, of salads, cake, cookies, coffee and candy was served by Mrs. Paige. Friends from Weare were Mrs. Emily Dumm, Dorothy Dumm, Lois Nichols, Mrs. Julia Reade, Mrs. Roy Reade and Blanche Reade; Mrs. Lester Brown, Mrs. Blanche Whitcomb, Mrs. Carrie Bacon and Mrs. Florence Marston from Henniker; Mrs. Venina Paige from Goffstown, and Mrs. Roy Campbell from Manchester.

Girl Scout Valentine Party

Thirty-three Girl Scouts, with their leaders, Mildred London and Mrs. Parson came to their valentine party Saturday afternoon, which had been postponed. The Senior girl scouts and the Brownies were guests of the Intermediate scouts. Games were played by the Brownies, with prizes; the Intermediate girls sang songs and Mrs. Phoebe Clark, who is teaching the Brownies singing, sang a solo. A Vic was loaned for the program by Jed Hight. A buffet lunch was served last of all, with sandwiches, pickles, olives and punch. The hostesses were Cynthia Marshall, Janice Wood, Irene Merrill and Nancy Tenney, Jane Flanders, Patricia Farwell. The waitresses wore aprons trimmed with red hearts, and the room decorations matched. Next month they are planning on a St. Patrick's Day Party.

39th Anniversary Dinner

Mr. and Mrs. Ren Philbrick celebrated their 39th anniversary by a chicken dinner, complete with "fixin's", at the home of Mr. and Mrs. Roy Bruce, Mr. and Mrs. George Nichols completed the party. A very appropriate white wedding cake, and ice cream, made a finishing touch. Congratulations are sent to them by their many friends.

Friends of Mary Flanders, who is a freshman at Duke University, will be interested to hear that she was chosen to read the 64th Psalm at the Vesper services last Sunday.

Junior High prize speaking has come and gone. About 125 parents and friends heard the very interesting program, most of the selections were humorous and some in dialogue. They were all well done, and the judges remarked it was very hard to choose; each student was well applauded. Lee Drewry won first prize of \$5 for speaking, "A Willing Worker"; Raelene Wood was second, with "Mrs. Smart learns to skate," and Sylvia Hight third, with "Spreading the News." Harold Thomson, and son, Donald, furnished music before and after the program, with Mrs. Thomson at the piano, and the Junior High sang three songs in the course of the program. Miss Bachelder, Junior High teacher, coached them, and Elsie Purington was their music instructor. The judges were Mrs. Lester Rysnik of Hillsboro, Christian Hewitt, an instructor at New England College, and Mrs. Hewitt. Leon Taylor recorded some of the program, and afterwards played it for the young folks, which brought many smiles as each one in turn heard her own voice. Money which was given will be used to buy a new book of prize speaking selections.

Sylvia Bruyneel, young daughter of Mr. and Mrs. August Bruyneel, flew by Eastern Airlines to Philadelphia, Saturday, accompanied by her grandmother, where she will spend the school vacation. She is quite thrilled, as, though it is not her first trip, it is the longest one she has taken.

Nancy Colburn, daughter of Mr. and Mrs. Brennan Colburn, with red hair and big brown eyes, was one of the prize winning youngsters in the last weeks Life bread contest.

This week was vacation week for the young people in the Weare schools.

About 35 members of Weare

Community Club met at the community club room Thursday. The covered dish dinner, in charge of Blanche Gunn, Etta Hahn and Ada Fuller, was followed by a very busy meeting. The apron kit was displayed, and patterns copied; plans were finished for the trip to the Flower Show in March, and Helen Dearborn gave an interesting talk on the Red Cross. Marian Welanko brought in a partly finished chair seat to show the club members, and the next months meeting will be an all day meeting where those who want to can re-cane old chairs, with the assistance of Grace French, Marian Welanko, or Mildred London. There three leaders went to Manchester Monday to the cane-seating school at the Y.W.C.A. to learn cane-seating especially to teach the Community Club members.

The Red Cross drive begins March 1st, and Mrs. Dearborn told us that the Weare quota is \$300. Many people do not know that this sum is divided; 50% goes to National Red Cross; the other half is divided between Weare and Manchester; about 35% will come back to Weare, and in case of emergency, the Manchester chapter stands ready to help, and the National if more help is needed. Last year \$80 was spent to provide swimming lessons for the young people in Weare. A great many of them got a good start in swimming, which they never could have gotten otherwise. The Red Cross intends to continue the lessons this summer. In the case of the young man so badly burned last year, the Red Cross paid over \$1,000. She also stressed the fact that Red Cross is building a blood bank, which will take a lot of money. There are 11 in the United States, and they hope to have one in Manchester within a year. Their goal is enough for every person in the United States; as in the case of a person with a rare type of blood, a life could be saved with plasma, where the right type of blood was

not immediately available. We hear of blood transfusions all the time now.

Fred Drewry was home last week on a three-day pass. He expects to be shipped out soon; and is taking his accordion right along. He has found plenty of congenial souls; many of the boys play a guitar or a similar instrument, which makes army life much pleasanter.

Mrs. Robert Clement was fortunate in having two birthday parties last week. Her mother, Mrs. Leon Hadley, gave a dinner party for her Sunday, with 18 of her family present. Again on her birthday, Mrs. Della Clement invited Eleanor and Robert, their two little boys, Richard and Robert, and Mrs. Blanche Gove, to a birthday dinner, complete with a big birthday cake. Young Richard especially enjoyed it, as he blew out all the candles on his mother's birthday cake.

The last game of the basketball season was held at Henniker, with Warner, and a home game. Some called it the best game of the season. Glendon Drewry was the star player, as he made 25 points in one quarter. The score was 48-39, in the boys game. The girls lost in a very good game.

Mrs. Nellie Wilson, of Deering, is home from the hospital, and is staying at the home of her brother, John Whitaker, in Clinton Grove, while she is convalescing.

Mr. and Mrs. John DeBardleben recently returned from a months visit with relatives in Michigan. They drove out in their Crosley, and John and his friends all agree that the little Crosley did pretty

well.

At the Weare Grange card party Thursday night, the high scorer was Doris Nelson. First prizes were won by Maude Johnson, Concord, and Walter Wilson; consolation, Bryan Sargent, and Berenice Hanson; door prize Elsie Muzzey.

The local Red Cross leaders for the drive starting March 1st are, North Weare, Lena Flanders and Marian Russell; Clinton Grove, Irene Flanders; Weare Center, Blanche Gunn.

Delayed news: Half the town of Weare, they tell me, went to Henniker to see the Alumnae versus High School basketball game. Both games were good, and of course many of the alumnae had brothers or sisters on the high school team. Bobby Rice and Milan Knight were referees. Charles Reade was Alumnae captain; Clarence Still, High captain. Virginia (Dow) Brennen and Virginia Rice were co-captains of the Alumnae girls, and Diana Colburn for the High school girls. This was their first game of the year, and may be followed by others.

Two school-girl friends from Henniker, had a grand re-union Sunday, when Mrs. Blanche Whitcomb of Henniker called on Irene Flanders of Clinton Grove. They had not seen each other for thirty years.

Guess which 4-letter word means...

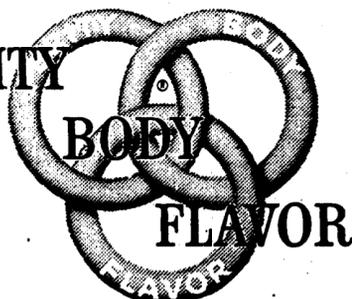

But no guessing about BALLANTINE

...always means PURITY

The word is wave! Right you are! And a confusing word it is. There's the wave that seems sky-high... the wave that says "Good-bye." Clearly, wave is a word that can keep you guessing.

But no guessing about Ballantine! Ballantine always means PURITY, BODY, FLAVOR... the qualities symbolized by Peter Ballantine's 3-ring trade mark. Look for the 3 rings... always call for Ballantine.
