## THE STATE HOUSE JOURNAL

Senate Redistricting

The stage is all set for history to repeat itself at Concord. The state Senate is loaded to kill a proposed law to rezone the boundaries of the state's 24 senatorial districts. This measure already has been approved by the House of Representatives, but observers see little hope for it in the upper chamber. That's exactly what happened two years ago, when the same bill was considered.

In 1947, legislation to redistrict the Senate was recommended by an interim committee that had been studying the matter for two years. The bi-partisan committee was headed by Charles M. Mills of Jaffrey, then a senator but now a member of Gov. Sherman Adams' Executive Council. At that time, the Democrats lined up unanimously against it, charged it was an attempt to "gerrymander" - that it lumped Democratic city areas into concentrated districts, while diluting the rest of the state's Democratic vote with enough Republican towns to insure a GOP majority in the Senate at all times.

Councilor Mills was sick when then Senate judiciary committee held its first hearing on the redistricting proposal last month. At his request, a re-hearing was held this week to give him a chance to defend his proposal against the "gerrymandering" charge. The Democrats, of course, don't have enough votes in the Senate to kill the bill. But enough Republicans are sore, because pet towns have been taken away from their home districts, to make it almost certain the measure will be defeated.

Spring Comes To Concord

Scenes along the streets of the capital, as vernal breezes revived old desires and every tree and shrub put on its bonnet of new-green leaves; Governor Adams riding past the house in the big state Caddy, driven by a uniformed state trooper, headed for some official function. Next day: Governor Adams driving past the house at the wheel of his own family car, a conservative, medium priced sedan, headed for work at the State House. Congressman Norris Cotton of Lebanon squiring Mrs. Cotton to lunch in a local eatery....

Franklin Heald, University of New Hampshire publicity director, accompanied by wife Helen and the Heald dog, Dusky, chatting with old Concord friends while a fast-talking car-polish salesman puts a satin finish on their ancient Olds, parked on the busiest part of Main street. P. S. They bought a can of polish... A young elm tree about three feet tall sprouting its leaves 30 feet above the ground, on the parapet around the roof of the State Library.

Legislators warming their broad posterior on the granite wall around the State House Plaza, soaking up the noontday sun between

### Weare

Mrs. Irene Flanders  
CORRESPONDENT

Cynthia Kamp of North Weare, sophomore student at William Penn Colege, Oskaloosa, Iowa, is a member of the campus sextet which presented a group of vocal selections as part of the formal open house conducted recently by the Women's residence house council. She is a member of the Women's varsity softball team, and is the daughter of Mr. and Mrs. Wilbur W. Kamp.

Mr. James Coney, superintendent of the yearly meeting of Friends, presented a motion picture and song program at the church Sunday night. This is a W.C.T.U. sponsored program, of temperance pictures, with comments by Mr. Coney, and is always very much enjoyed, and at the same time educational. Mr. and Mrs. Coney sang a duet, and Mr. Coney led community hymn singing. The devotional service closed with, "Galilee," which was followed with community singing. The same program was presented at the Town Hall Monday morning for the Grammar School children, and at the High School in the afternoon.

Peter Rice, of South Weare, who has not been well for some time, has gone to Elliot Hospital in Manchester. He expects to have a major operation, some day this week.

News has just been received of the wedding of Miss Doris Hadley, formerly of Weare, and Albert Signovich, of Bridgeport, Conn. Miss Hadley is the niece of Alfred Flanders, who resides in Weare, and had made her home for some time with an aunt, Mrs. Russell Hadley, and Mr. Hadley, who also lived in Weare.

Small town neighborliness and cooperation was exemplified, the other night when Mr. Thayer, who has been showing movies every Monday night at Weare Town Hall, had trouble with the machine. Mr. Thayer, our local Grand Union dealer, had been showing these movies at homes of friends, and they were so pleased with them, that as there were no movies in town, he decided to bring the machine to Weare every Monday night. To make a long story short, when the machine stopped, he got in touch with a man who was showing movies at the new Fire house, and he loaned him the necessary replacements. Mr. Thayer fixed the machine, and the show went on. Most of the patrons waited, and though late in closing, Mr. Thayer said, "I didn't disappoint by patrons." He was quite pleased that they stayed while he remedied the trouble. Last week he showed a Hop-A-Long Cassidy picture, which went over big with the young folks.

We wish to announce the recent marriage of Mrs. Adrianna Burnette, of Wilton, Mass., and George Dodge of Weare. Mr. and Mrs. Dodge will be at home at Big Elm Farm after May 4th.

The tank truck which was voted on at Weare town meeting, arrived in town Tuesday night, April 26th. Jed Hight, Fire Chief, and Walter Turner went to Woodville, Mass., Tuesday morning, and drove the tank truck back. It was bought at the Sarrar Co. in Woodville. In the evening Mr. Hight, assisted by Dan Sawyer, Wilder Tenney, and Leon Taylor, chief of the Weare Center department, put the tank truck in readiness for use.

Sunday was the first day of trout fishing. The old timers were all out bright and early, some by daylight. Report has been between 400 and 500 cars at Mt. William Pond, as it is a stocked trout pond. The fishing was not as good as they hoped for there. A great many Weare fishermen went to Lake Sunapee, where they have been getting salmon. Harold Flanders had the honor of getting the first trout caught this season. Other Weare fishermen included Harold Thomson, Gordon Russell, Henry Fisher, Franklin Flanders, John Fuller, Jack Fuller, Herbert Cram, and Chester French. Boats were all spoken for ahead. Out-of-towners were inquiring the way to Whitney's Pond.

The Sunday night Sing, which was postponed, as Mr. James Coney was putting on a program at the church, will be held this week at the home of Rev. and Mrs. Kamp. Whist players are getting efficient; high score last week had to be divided three ways, between Frank Norton, Fred Ericson and James Clark. Mrs. Solon Squires, William George, Elsa Muzzey and Walter Jameson were also prize winners. The lunch was served by the Senior Girl Scouts, with Mrs.

Janet Johnson, leader, assisted by Virginia Rice, Janet Hight, and Jean Parsons.

Mr. and Mrs. Arnold Peaslee, of Loudon, announce the birth of a daughter, Marcia Dianne, at the Christina Parker unit of the Elliott Hospital. Marcia has one sister, Linda, eight years old. Mr. and Mrs. Peaslee are former residents of Weare, but moved to Loudon this past year. The baby's paternal grandmother, Mrs. Minnie Peaslee, has lived in Weare for years. Her maternal grandmother is Mrs. Ethel Clement of Bradford.

Extra copies of the Messenger may now be bought at Stubbe's Store, Weare Center; A. D. Eastman's, South Weare; Colbrun Bros. and Jones, East Weare. I am always glad to take subscriptions, or renewals.

The Friendship Club of Star Rebekah Lodge, held Gentlemen's Night last week at Odd Fellows Hall. The New England College Glee Club, with Ralph Edwards, director, furnished the program. Mr. and Mrs. Arthur Howson were the accompanists, Mrs. Carol Lord, class of 1950, soprano soloist, and Donald Parker, class of 1949, bass. Especially enjoyed were "The Lords Prayer," by the choir, and "Ol' Man River." Mrs. Lord sang, "How are Things in Glocca Morra," and "Galway Bay." The program was, in the main, classical and semi-classical, and very much enjoyed. In fact, those who missed the program are hoping the Glee Club will sing again in Weare soon, after hearing the enthusiastic reports from those present. Lunch was served downstairs at the close of the program, and the Glee Club sang informally old time songs.

Wednesday night the Rifle Club held the postponed meeting at the new Fire House. Plans are being made for a Junior Training program to start soon. They are waiting to hear from Washington, as it is to be sponsored by the National Rifle Association. The first meeting will include both girls and boys, but after they are well started, the boys and girls meetings will alternate. Officers in charge included Jed Hight, Norman Chase, executive committee, Wilder Tenney, vice-president, and Ralph Hazen, secretary-treasurer.

Mrs. Doris Colburn was hostess at a Stanley party one night last week, conducted by Mrs. Leila Buxton, with fourteen friends present. Games were played, as usual, with Esther Hollis winner at an "Artists" contest. Barbara Brown won another, and also received the door prize. Mrs. Colburn served sandwiches and punch at the close of the evening. As hostess, she will receive a cutlery set.

The Girl Scout committee of Troop 1, met at the home of Mrs. Elizabeth Morgan, Thursday afternoon, to make plans for the coming Girl Scout Carnival.

Friends of Mrs. Everett Chase will be interested to hear that her sister, Mrs. Doris Bummette, of Pueblo, Colorado, has a baby son. Mr. and Mrs. Bummette, and daughter, spent a month last summer with the Chase's, and have many friends in Weare.

Mr. and Mrs. Gail who lived in a camp in the mill yard on the Plains lost their home and all belongings by fire. The explosion of an oil burning stove is believed to have been the cause. ### Uncle Cy Disapproves of Late Plowing, That is After Ten

by UNCLE CY

I was standing in front of the post office the other day (I have a little time on my hands as there is a lull between house cleaning and gardening) talking with Bert Wheeler. He is the fellow who bought the farm just beyond the old "Skinner" place. I think it was once called the "Jefferson" farm. As we were talking there, a group of young bloods boarded the bus with golf clubs and abbreviated clothes, headed for the golf course down the line. I said to Bert, "What do you think about this golf fad?"

"I don't think much of it," said Bert - "and I'm not in favor of it." "Well Bert," says I, "and what have you got against it?" "It's this," said Bert, "It makes me go to bed when it is light, and get up in the dark." Guess he's right.

Dear Uncle Cy - Kindly tell me through your column in the "Messenger" what you think about late plowing? Chet Chester.

Dear Chet: Plowing should not be continued later than ten or eleven o'clock at night. It gets the horses in the habit of staying out late, and unduly exposes the plow.

Uncle Cy - P. S. Most plows, I see yours has been in the field all winter.

How a few months going without a shave or haircut changes the looks of a person. Several have passed me on the street, and never acted

as if they knew me. These few lines below will give you a hint in regard to my foliage.

With price of haircuts where they are, And shaves are costing more; My face is not as smooth and nice As it was before.

There's stubble now upon my chin Where once there was no fuzz; I've tried all kind of shaving soaps, Think I'll try some "Duz"

Their slogan reads as you have seen, "Duz does everything" If it doesn't take the hair, Perhaps it will the skin.

I'll let my hair and beard grow long And hear the money tinkle; Most of us will have a look Like poor old "Rip Van Winkle."

### Henocon Chapter O. E. S. Observes Education Night

by ENOCH SHENTON

(Continued From Page 1)

sessions and getting the "real low-down" on state affairs from the city's idle class, which makes the Plaza its headquarters... The Bishop's House, empty and lifeless on the Civic Square, while trustees of the Episcopal diocese consider several offers to buy it. No word yet on the suggestion from some quarters that it should be bought by the state for a Governor's Mansion.

About New Hampshire

The Senate never in history had more than one woman member at a time, so a clash between members of the fair sex wasn't possible. This year, however, the Senate has

three women members, and two of them are hopping mad at each other. Senator Sara E. Otis of Concord is sponsor of a bill imposing stiff penalties for any attempt to intimidate members of the Legislature. It was aimed, admittedly, at the Sheriffs association and organized county officials, as a result of some of their actions when the House was considering a law to broaden the powers of the State Police and curb the authority of the county sheriffs. The law, incidentally, was killed.

This week, another woman senator, Miss Doris M. Spollett of Hampstead, leaped to the defense of the county gang. She claimed Senator Otis' bill was unnecessary, that there was plenty of law already on the books to protect legislators from intimidation. Senator Otis denied this stoutly. She insisted the law protected the public from the lawmakers, but didn't protect the lawmakers from the public.

Senator Styles Bridges and Governor Adams shared speaking honors at a banquet given by Republican representatives and senators at the Princess Ballroom in Concord Tuesday night.

Ex-Sen. John P. H. Chandler of Warner has been buzzing around State House corridors and lobbies trying to line up support for a "New Hampshire Sweepstakes." The Rules committee of the House already has in its hands legislation to set up a sweepstakes, drafted by its sponsor Councilor C. Edward Bourassa of Manchester. But the committee won't allow the bill to reach the House for consideration. Sponsors believe it would produce \$500,000 a year in new revenue, mostly from out-of-state people.

The District Nursing Association have just been given a very acceptable gift of money by the Ladies Aid of the Lower Village for which its members are very grateful.

The children were merrily skipping rope on High Street one day recently. Their 80 year old playmate wishing to join in the fun, swung the rope for them, after ying one end to a tree. Soon the District Nurse and a little girl's mother appeared. The children houted for them to "jump in" and soon the dignified nurse and patron were skipping gayly. Fun is at its highest when all ages play together.

## Time-Place-Fact

by Jeanne Eccles

Sylvia Van Hazinga, our genial editor's wife, visited and worked with us last Wednesday and will be one of our permanent members from now on. Eleanor Gould, mother of four children, Leona Rowe, mother of three children and now Sylvia Van Hazinga, mother of two children, and several other mothers with one child, all agree that they come to class with the weight and cares of the world on their shoulders and after five minutes at the easel they are completely relaxed and have so much fun that they can hardly wait for the next class evening.

Leona Rowe and Eleanor Gould drove all the way down from Concord last Wednesday evening and even though they arrived late and only had an hour to work they just couldn't miss it.

After dinner the Rigney's of Eagle's Nest in Deering visited a few minutes the early part of the evening when things were quiet. Mr. Rigney has promised to come down and work with us some Wednesday evenings this summer and we are looking forward to having him with us, illustrating contracts keeps him busy a good share of the days so that when the evenings come around he would rather watch than work.

Mrs. O'Keefe did a splendid figure study in charcoal, using the broad side instead of the pointed end of the charcoal. Even though several poses were taken by our patient model of the evening, Mr. Monclough, two or three can really be recognized as being he. The hoe he kept in hand in all the poses lent quite a bit of atmosphere. Hoes, rakes, wheelbarrows are all the order of the day from now until fall.

Marion Cross has promised us a lot more frames and each and every one will come in handy, and any of you who are spring housecleaning keep us in mind, camp stools, easels, objects for still life sets and pieces of materials for backgrounds, old drapes, anything in fact, at all, 'till I'll dump them down in the studio.

The theory behind the Washington, D. C. Workshop is simple: Art belongs to the people, to you, it is not the private province of the greatly gifted. All arts are a lot of fun, you don't have to turn yourself into a professional artist, just go ahead and have a good time—stretch your mind—come alive!

The Workshop's program can be carried on anywhere in the U. S. It takes a few people who know and care enough about art to teach (and we have a splendid teacher) and many more who are willing to learn (and we have them). Our common shyness about creative expression isn't from lack of talent, it's due to faulty teaching when young and general self-consciousness about art—Banish those fears now!

Remember—The Time—Wednesday evenings 8 to 10 P. M.

Remember—The Facts—You're welcome as a visitor or a worker, and that Stuart Bruce of Washington, N. H. is our instructor.

### United Nations Program Given for Community Club

DEERING, April 29—A meeting of the Community club was held in the Town Hall, Wednesday evening, Miss Charlotte Holmes presided.

Nine new members were voted into the club, and plans were made for an entertainment to be given in June.

Following the business meeting, the club listened to a talk on the aims and activities of the United Nations. An interesting and comprehensive chart, prepared by Mrs. Donald Baker of the League of Women Voters, Hillsborough, was shown and explained by her. A number of maps were displayed, and a collection of flags of the member nations evoked interest among the audience. Mrs. Baker answered questions, and she was followed by Alvin Taylor and James Carew, Hillsborough High school students, who gave a skit on the U. N. It was announced that the May meeting of the club will feature a pot-luck supper at 6:30. Refreshments were served by the committee for the evening.

## EDITORIAL COMMENT

### "OUGHT TO PASS"

Members of the League of Women Voters attended the hearing on the new Forestry Bill 499. It is now being considered in Executive Session by the same committees. The League hopes they will report "Ought to Pass" and that the Legislature will make it into law. It is sadly needed. Timber is sacrificed to pay taxes unwisely levied, the new bill would correct this. The beauty of the countryside is being sacrificed, that beauty which is one of the state's great assets.

Conservation of the state's resources is important business and high among those resources we place our timber and our beautiful roads and countryside. They must be saved.

— L. W. V. of H.

### OUR PERMANENT TREE

A fourteen foot white spruce tree now adorns Butler Park, the gift of Henry Ives Baldwin and the Fox Forest. The tree is estimated to be fifteen years of age and was brought to and planted in the park by Raymond Harrington and his road crew.

Hillsboro now has its permanent live Christmas tree which each year will increase in worth as a town asset.

It looks as though the present generation, too, has foresight. Anyway congratulations to the members of the community Association who advanced the idea.

### ONLY FOUR OR FIVE

We understand that only four or five are enough concerned with disposal of garbage to pay one dollar a month to do so. Some have held back because they want a complete collection system, tin cans and all. Then there are others who would rather dump it in the river or spend time visiting the town dump.

Do we in Hillsboro want garbage collection or not? Opponents of the idea are snickering up their collective sleeves.

### Guess which 4-letter word means...

P. Ballantine & Sons Newark, N. J.

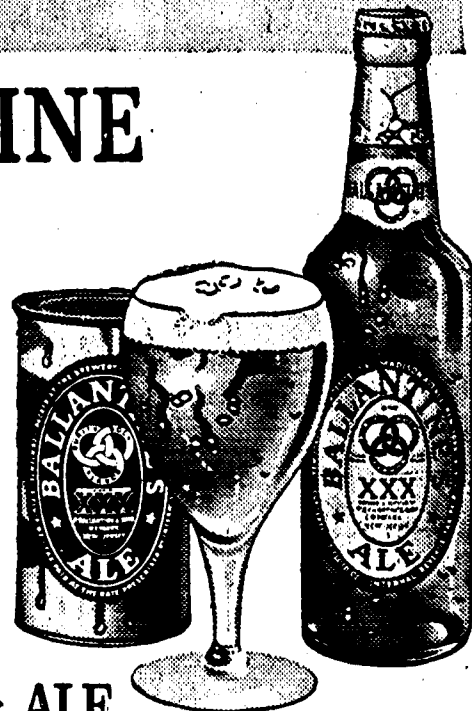

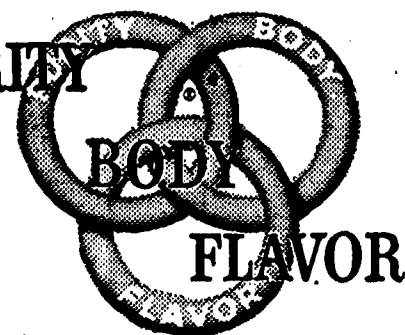

### But no guessing about BALLANTINE

...it always means PURITY

• The word is rock! Right you are! And a confusing word it is. Rock means to move backward and forward without getting anywhere. Rock also means a large mass of stony material.

But no guessing about Ballantine! Ballantine always means-PURITY, BODY; FLAVOR... the qualities symbolized by Peter Ballantine's 3-ring trade mark: Look for the 3 rings; call for Ballantine!
