Guest Night

Guest Night of the Benevolent Society of Smith Memorial church on the evening of March 15 brought out a good representation from the various invited groups. The speaker of the evening, Mr. John Langmuir, of the Taxpayers Association of New Hampshire, was introduced by the president, Mrs. Ida Ellinwood. He gave an interesting and informative talk on the Hoover Commission Report. Mr. Langmuir's clear and witty handling of whatever subject he discusses always insures a stimulating evening for his hearers, and his discourse, with the question period which followed, gave new life and thought to what might be considered a dry subject by some.

A social period followed when refreshments of coffee and cake were served from an attractively decorated table at which Mrs. Will Ellinwood and Mrs. W. S. K. Yeaple poured. The evening was under the general direction of Mrs. Paul Kuhn, assisted by Mrs. Samuel Hadley, Mrs. Raymond Rickard, Mrs. Ira Roach, Mrs. Shem Barnes, and Miss Katherine Duseau.

Making Maple Sugar

All farmers back in the 80's and before made maple sugar and had their sap house either in their sugar orchard or near the house like ours. Making maple sugar in those days was a vastly different procedure from that of 1950. Of course the first event of the sugar season was tapping the trees and it was a big event to me. I liked to run around on the hard non-slippery crust hanging buckets for my father or to get in the way generally. But that crust was good for coating also and after a short time I was tired of being useful and took my sled off to other parts of the farm. Nobody ever called me back. The buckets in those days were not covered and after a heavy rain somebody had to go around and dump the buckets as rain water doesn't make sweet syrup. Sugar making was no joke but the hardest part of it all must have been gathering the sap. The trees in our orchard were well scattered and the oxen were slow. Carrying those extra large pails through the deep snow or over rough ground was hard work. This was a real task usually done at the close of the day. The barrels of sap were then taken to our sap house and emptied into a big hogshead, then strained and boiled down in the two big pans on the long arch. The big pails were used again to take the syrup down to the house where it was boiled down again in the big square pan on the stove. A bowl of skim milk was put in first to clarify it. The first lot was made into small cakes which were sold for 20 cents a pound. Many years later it was sold for four times as much. Syrup was made next and sold for \$1.00 or \$1.25 a gallon, as I remember it, but the boys say it used to sell for 75 cents a gallon.

We made several pails of damp and a small quantity of dry sugar. We always had syrup on the table and the dry sugar was used for berries and other table use. The damp sugar was used for cooking, my mother made maple sugar cake. That was about the most delicious cake I ever ate, especially when she put in the first syrup of blueberries I managed to pick. Pudding-sauces were always made with maple sugar and it sweetened the apple pies.

Strange what notions some people have.

KINDA COMPLICATED NO?

Here's What You Do To Play Beano Legally

HILLSBORO, March 23 — The approval of beano playing in Hillsboro and nearby towns has aroused speculation whether any games will be played locally in the near future.

Under the provisions of Chapter 17-A, approved by the Legislature on July 21, 1949, "The selectmen of any town or the chief of police of any city wherein the provisions of this chapter have been adopted may issue to any charitable organization within such town or city a license to conduct games of beano on not more than five days in any one calendar month under the foregoing conditions:

"1. The license shall authorize

games on specific dates at specific times and at a specified location.

"2. Such license shall not be transferable.

"3. All persons conducting said games shall be members of the charitable organization.

"4. The price to be paid for a single card of play under the license shall not exceed ten cents."

Charitable organization is defined as "any bona fide religious, charitable, civic, veterans or fraternal organization which shall have been in existence for at least two years and is organized under the laws of this state and to which contributions are exempt from federal income tax."

No license is to be issued until a

license fee of \$10 has been paid to the selectmen or chief of police to whom application for the license is made. No fee is to be required when play is for amusement purposes only where no charge is made nor any consideration is required nor taken as a prerequisite to play.

The license granted is to be effective only for the current month for which it is issued, and a new application must be made for each license required. The fees received for such licenses are to be paid over to the town or city treasurer for the use of the town or city.

Any person violating the provisions of the chapter shall be fined not more than \$500, and each day's play shall constitute a separate offense.

State School Aid?
The state Board of Education stirred up a hornet's nest when it announced last week its experts were rushing to complete a new formula for the allocation of state aid to local school districts. The board, through Chairman Noel T. Wellman of Conway and Comr. Hilton C. Buley, said the formula would be available to the Legislature at the special session next month, if it was wanted.

Critics immediately accused the board of going back on its promise to do nothing that would inject the school aid issue into the special session. An informal poll of town and city representatives already has shown a preponderant reluctance to consider school aid.

Dr. Buley quietly replied to his critics that his department still has done nothing to press the school aid issue on the lawmakers. He said the announcement a new formula was being readied was a simple statement of fact, and not an attempt to be coy. It was not meant as an invitation to the Legislature to call for this new formula.

"Now the Legislature knows a formula will be ready for consideration," Dr. Buley insists, "so the board of education has fulfilled the duty imposed on it a year ago. The Legislature asked us to produce a new formula. Why should anyone criticize us for doing as we were told? The board thought it was time to answer all the questions that have been asked in past months. We have been criticized for the formula by which our \$400,000 in state aid is distributed among the towns. We ourselves know the formula is no good, but it's state law. Towns that should be getting state aid are not, and a few towns that have no logical claim to state aid are getting it.

"We want to be ready, in case anybody pops up in the special session and demands that a new formula be passed."

Precinct Meeting Votes To Table Hillsboro Garbage Problem

MAY MERGE SPECIAL AND TOWN SCHOOL DISTRICTS

HILLSBORO, March 23 — The sum of \$64,252.80 was appropriated at the Special School District meeting Friday evening at the High School. The meeting was featured by a discussion of a proposal to meet with the Town School District to build jointly a combined elementary school for the two districts and to effect a merger of the two boards.

The Town School District previously at their meeting Thursday, March 16, voted to build a new school for \$75,000 combining the schools at the Flat, Center, Upper and Lower Villages. That meeting voted to appoint a committee of the school board and three other members to meet with the Special District and held in abeyance beginning the new construction for a two month's period.

The question of merger of the two districts was raised by Superintendent McCormack who said a merger of the two districts was thought to be desired by the precinct voters and that the Special district had much to gain by merger since a new elementary school was also needed in Hillsboro precinct.

A committee of Edmund Woods, Atty. R. Wayne Crosby, and Headmaster Sergius Bernard, together with the Hillsboro Special district school board will meet with a like committee of the Town School district.

Henry G. Martin was reelected to the board; George Boynton and Mildred Eaton were reelected moderator and clerk respectively; Marion Roach will continue as treasurer.

Pupils, Band, Chorus Entertain Granges

ANTRIM, March 23 — At the meeting of Antrim grange Wednesday evening, the matter of raising dues was discussed at some length, but action was deferred until a later date.

Under the direction of the lecturer, Mrs. Stanley Canfield, a program was presented which included a discussion, "Ways to Increase the Attendance." A roll call by the grange, special feature, John Lang, and a reading by the lecturer, Mrs. Franklin Ordway won the mystery package.

Friday afternoon and evening Antrim grange was host to Hillsboro County Pomona grange.

Following the business session, supper was served to about one hundred persons. On the committee were Mrs. Leon Hugron, chairman; Mrs. Stanley Ordway and Mrs. Lester Hill. Assisting were Mr. and Mrs. Archie Swett, Mr. and Mrs. Philip Lang, Mrs. Franklin Ordway, Mrs. Clarence Rockwell and Lester Hill.

A large group of members from Union Pomona grange were present.

The evening program was by students from the Kurt Hatton Home of Saxtons River, Vt., 24 in number. A girls' glee club and a boys' brass band were featured in a hour length program.

One of the instructors talked on the work of the school.

A collection was taken for the school's benefit.

State Secretary Scott F. Eastman of South Weare spoke briefly. The master of Antrim grange, Mrs. Stanley Ordway, welcomed the guests and the response was by Pomona lecturer, Mrs. William Livermore.

Perley Crane and others have tapped their sugar maple trees. A fair run was reported Wednesday, but the uncertain weather has slowed the run.

HILLSBORO, March 23 — Precinct voters at their meeting Monday in Precinct Hall, voted to appropriate \$2,500 to install a new type of compressed air fire alarm and to table article 8 providing for collection of garbage and waste materials.

Commenting on the purchase of a new alarm system Fire Commissioner Marshall Derby said that the present system had been in use since 1910 and had served its purpose. He said that at times the system was inoperative for a day or two and that repairs to the alarm had come to \$1,072 in the past ten years.

\$4,000 was raised to pay the current expenses of the Precinct, the debt of the Precinct, and other charges arising within said Precinct.

George W. Boynton was elected Water Commissioner for five years, and Marshall A. Derby was again reelected Fire Commissioner.

Fred W. Carter was elected as precinct treasurer, George Boynton as moderator and George Van Dommele as precinct clerk.

Atty. R. Wayne Crosby, John Van Hazinga, Erskine Broadley and others all attempted to get the floor under article 8. Mr. Crosby was recognized and moved that article 8 be dismissed. Upon ruling of the moderator that the article could not be discussed under the motion and upon plea of Mr. Van Hazinga that an opportunity be given for discussion, Atty. Crosby withdrew his motion.

A motion that the article be discussed was not acceptable to the moderator whereupon Erskine Broadley moved that the article be tabled.

The vote to table was overwhelming ending discussion an in effect any consideration of the problem.

The meeting was then adjourned having lasted one-half hour.

FIRE DESTROYS NAZER HOME AT LOWER VG.

HILLSBORO, Mar. 23 — Shortly before 7:30 Monday evening the Hillsboro Fire Department was called to a fire at the Fred Nazer home on the Antrim road from Lower Village.

The fire was said to have begun in the garage where Mr. Nazer was repairing his car. Mr. Nazer sent his son with a note to the nearest telephone about a mile away while he fought the fire. The house was burned to the ground.

The Hillsboro Department left immediately after receiving the call as many firemen were present for the Precinct meeting which was about ready to commence.

LISABEL GAY'S COLUMN

(Continued from Page 1)

ple used to have about making syrup. One time a young man from Newton came to our house for the sugar season, he helped tap the trees and on the way home looked in the bucket and was all agog with excitement and told my father there was only water in the bucket and no syrup. He evidently thought syrup came from the trees.

How different it all must be now when evaporators are generally used. Sometimes the sap is piped down into the sap house, and one place I know has a storage tank holding 23 barrels with a natural flow right into the evaporator. Instead of \$1.00 a gallon for syrup it will probably be between \$5.00 and \$6.00 this year.

Juvenile Beach Club

The Juvenile Beach Club held its regular meeting in the Music Room on March 19. Charlene Fletcher presided, Bruce Jordan was the program chairman. It was decided to hold the next meeting at the Fletcher sugar house.

Those that played were Joan and Dellene Devlin, Charlene and Janice Fletcher, Maxine Teixeira, Carol and Judith Fogg, Mildred Feldblum, Jane Woodrow, Jeanett Randall, David Kendrick, David Buttrick, Karen Rasmussen, Bruce Jordan, and Eddie Trotter. All those that played pieces from memory had their names put into a box and one girls' and one boys' name were drawn. Judy Fogg and David Kendrick received the prize of \$1.00 each. Mr. Arthur Kendrick sent the prizes.

The hostesses, Maxine and Catherine Teixeira, Roberta Poluchov and Joan and Dellene Devlin, served ice cream and cookies.

Mrs. Mildred Porter was able to

resume her place as organist at the Smith Memorial church last Sunday. She is teaching her piano pupils at her home already but will not return to her school work in Henniker or Hillsboro, much to the regret of all concerned. The Deborahs sent Mrs. Porter a very lovely sunshine basket the last of the week. She has also received flowers and fine gifts from both Hillsboro schools and many other sources. She is very appreciative of these and all the other kindnesses shown her during her recent illness.

A dozen members of Hillsboro grange attended the meeting of the Deering grange last Monday night. We, of the Pine Rock neighborhood, are very proud of Jack Tasker, who won first prize in the American Legion contest held in Concord last Saturday afternoon. He had one opponent, but a very worthy one. I think the speech was well written, and delivered in a clear, direct and sincere manner. At Plymouth on Monday night Jack had more opponents of great experience, but he won third place. In addition to his prepared speech he had to make a four minute extemporaneous speech on a subject they gave him pertaining to the constitution.

I want to thank my relatives and friends for their nice cards and nice gifts, and letters they sent me on my 97th birthday. I received four nice cakes and many other nice gifts. My thanks is not only for those that did so much to make my birthday so pleasant but to all that have done so much for me in the past, and will as the days go by. About forty attended the Father and Son Banquet given by Mt. Crotched Encampment in Odd Fellows Hall, Monday evening. William Sanderson Grand Patriarch of Keene was an honored guest and spoke briefly. After all had done full justice to a feast of baked ham, mashed potatoes, cole slaw, hot rolls, ice cream, cookies and cocoa, there was a program which included moving pictures and music by a quintet, cornets, clarinets and bass horn, from Keene.

A birthday dinner was served

Saturday evening at the home of Mr. and Mrs. Milo Pratt in honor of Miss Edythe Fournier's 18th birthday. Attending were the operators of the local telephone exchange, Miss Jane Pratt, chief and Mrs. Pratt night operator, and Mrs. Benjamin Butterfield, Mrs. Andrew Fuglestad, Mrs. Wallace George and the guest of honor Miss Fournier.

Mrs. Marion Rowe of Hillsboro is employed at the home of Mr. and Mrs. Robert Jameson.

Mrs. Irving Blossom, who is employed as a nurse in Lincoln, Mass., spent the weekend at her home here.

In addition to the names reported last week who went to Boston to the Flower Show on the special bus should be added, Mrs. Oliver Wallace, Mrs. Beth Fletcher, Mrs. Maurice Poor, Rev. Roger Floyd and Mrs. Roger Griswold; and Miss Maude Shutts and Mrs. Grace Waite from Hillsboro.

Mrs. Joseph Heritage was discharged from Monadnock Community hospital last week and is now at her home.

Three Antrim young folks entered the VFW, auxiliary amateur

show in Hillsboro last week. David Chamberlain and Barrett Proctor captured third prize for a musical skit. Miss Jacquelyn Rokes was their accompanist. A violin solo by Carole English with Charles Butterfield accompanist was also on the program. About a dozen interested parents and friends went with the participants.

Waverley lodge, IOOF, has been invited to confer the second degree at a meeting of Valley lodge of Hillsboro, April 3rd.

HILLSBORO

Noble Grand Louis Cutter resumed his activities at the Odd Fellows lodge hall this week after being foreman of the jury at the Dr. Sander trial. It is proposed by the noble grand to confer the second degree on a class of candidates on Monday evening, April 3, at which time Waverley lodge of Antrim will be in charge of the degree work.

Mr. and Mrs. Willard C. Brown of Lebanon were Sunday guests at the home of Mr. and Mrs. Paul Scruton and family.

Weare

Mrs. Irene Flanders
CORRESPONDENT

Congratulations from all their friends go to Mr. and Mrs. Wilber Kamp, Jr. on the arrival of 7 pound Micheal William at Concord Memorial Hospital, Monday, March 20.

The Girl Scouts, troop 1, of Weare are very busy these days. Celebrating the 38th anniversary of Girl Scouts, along with their own 3rd anniversary, was the highlight of a recent meeting. Three cakes were served in green and white, the scout colors, made by two of the leaders, Mrs. Mildred London and Mrs. Lola Tenny, and Scout Janet Heino, who hear is a very good cook. Then they all went to Sawyer's for ice cream. Mrs. London also talked on "Good citizenship—what it means" and "Loyalty to the Flag" both in keeping with a scout anniversary.

Last week's scout meeting, which was held, as usual, at 3 o'clock in the town hall, was given over to working on badges, especially that of wild plants. The girls will be busy at work on badges now, as several will go into the senior troop this summer, having reached the age of fourteen.

Election of officers was one of the important parts of the business meeting of the Ladies Auxiliary to the Fire Dept. at their March meeting. The personnel is about the same. Mrs. Esther Hight, pres.; Mrs. Wilfreda Lowe, vice-pres.; Mrs. Doris Eaton, sec.; and Mrs. Mildred Chase, treasurer. Last year's treasurer was Mrs. Virginia Burnham. Money was donated to the Red Cross. Mrs. Daniel Sawyer was appointed chairman of the committee for a supper to be given to the Hillsboro county look-out men, Mildred London and Irene Flanders are on the publicity committee. The Auxiliary will also furnish refreshments for the fireman's Ball.

A social time followed, presenting Mr. and Mrs. Dan Sawyer with a wedding gift of a picnic basket, complete with service for four, in red and grey. Refreshments of cake and coffee were served by the only two men present, Fire Chief, Jed Hight and Mr. Sawyer.

The maple syrup season is here, but prospects look gloomy in Weare. Jed High has been getting ready for the annual run, but Sam Chase has said he hasn't the time this year, also others. As April is baby chick time, also, it is hard to find time for both tending the chickens and fires, and the continuous round of sapping and keeping the fires going.

The women of the Community club held their annual trip to the flower show last week, with the usual enjoyment. And as usual, adding a little in the way of shopping, window or otherwise. This year they all left the bus at Pieroni's, where most of them had dinner, going by taxi to the show later. At six o'clock they were all on the bus and ready for home, happy, and very tired. The ride home was much quieter than usual; no one had energy enough left to sing. Souvenirs of gardenias, bulbs, and flowers seeds, and other things, were admired, and each one felt that the day had been well spent.

Attending the dog show in Manchester last Saturday were Mrs. Lois Nichols and a former Weare resident, Mrs. Ruth Covell.

The Sunday night sing was held at the home of Mr. and Mrs. Leon Reade this week. An unusually pleasant evening was spent, as Mr. and Mrs. Ed Ketchum were present. Mrs. Nettie Flanders was pianist. Refreshments were served as usual. Next Sunday night they will meet, it is expected, at the south end of town.

Mrs. Agnes Stevens, who has been confined to her home with the prevalent "virus," is much improved at this writing.

David Whitaker, who was taken suddenly to the Margaret Pillsbury hospital last Thursday, underwent an operation Friday morning. He is still at the hospital at this writing.

Mrs. Mildred London has received the consignment of Girl Scout cookies, for which members of the Troop have been taking orders. The cookies will be delivered as fast as the girls can get to them. In behalf of the troop, and herself as leader, Mrs. London wishes to thank all those who showed interest in the troop by

buying cookies. The Amos Philbricks still have only one dog. After giving a home to the Collie which came to Peter Gelinas', they bought a black and tan Beagle, which last Friday decided to walk out, and apparently forgot to come back.

CORRESPONDENT

I have a correction to make, our town meeting lasted four and one-half hours instead of two and one-half hours as stated in last week's paper.

Mr. John Safford was here for town meeting last week and visited his sister, Mrs. Ruth Twiss, and niece, Mrs. Earl Cilley, and family.

Seven members of Lovell grange attended Presiding Master's Night at Sunapee grange Monday night.

It will be Agriculture Night at the meeting of Lovell grange Saturday night, March 25th. The speaker will be a representative of International Harvester equipment. A Dutch auction of frozen foods will follow the meeting. Everyone invited.

Mrs. Harold Farnsworth attended a press secretary's council in Concord Thursday night at the SDA church. This meeting was for the press secretaries of all the SDA churches in southern N. H. and Vt. Guest speakers were Helen Smith of the SDA press bureau of Washington, D. C., and Paul Nosworthy of Portland, Maine.

Spring must be just around the corner. Back roads are getting as muddy as they were during our "spring" in January.

Yes, times have changed, for instance, the taxes on this place in 1897 were \$17.46 and there were several cows and a pair of horses, and in 1949, with no cows or horses and several cars less in the farm, the taxes were \$72.00.

Richard Swett and family will move to Richmond, Va., the first of April where he has purchased a motor court.

HILLSBORO

The Boston Herald "Know Your New England" contest is now underway. In the listing of New Hampshire contest towns the name of Hillsboro was omitted, Henniker and Antrim both being listed.

TIME-PLACE-FACT

by Jeanne Eccles

The American Legion is sponsoring a Poppy Day Poster contest, and all posters entered must be in March 30, when they will be hung in the Cellar Studio and judged before class that night, by Paul Scruton, Serge Bernard, Stuart Bruce, and myself. For particulars call Mrs. Donald Bonnette. This is a National contest so that winners have a chance at the bigger prizes. Watch your special rules and regulations and do your best.

From Antrim last Sunday came a studio visitor, Mrs. William Hurlin, and we are looking forward to having her work with us this spring. These next two months should mean a great deal to all of us getting ready for our 3rd Annual Spring Exhibition: Mrs. Kunhardt, one of our members from Frances-town, is an ardent skier. She and her friends, the Leonards, stopped in on their way up to Sunapee last Sunday. Our youthful contingent all the Broadleys, Anri, Gene, and George, and the Heaths, Francis and Donald were all out in full force last Wednesday evening. This is a talented and interested group and with a bit of serious application they could go far in some type of art work.

As the Messenger goes to mail this evening, everyone in town will be heading toward the High School for the Fortnightly Club's Spring Fashion Show. Boys and girls, men and women, will all be taking part in the Easter Parade and those who aren't in there pitching will be there watching.

"Jimmy" Dowling sat for us a second time and Mr. Bruce actually complimented us on our paintings, and coming from him that really means something.

We are hoping that some of our "Far Away" members will send pictures for us to hang in our June show. Harry McClintock, Eddie Semerjian and Bill Duggan, are the ones farthest off, and Edward Comiskey at St. Anselm's College in Manchester, is a near "far off."

TIME: Every Wednesday evening 8 to 10 p.m.

PLACE: Cellar Studio in the Valley Hotel.

FACTS: You are welcome as a worker or a visitor and Stuart Bruce is our instructor.

ula be produced for the distribution of this \$400,000. When it's wanted, we've got it. The facts and figures are all available now. It would be a matter of a few days work to finish a new aid formula, based on whatever pattern the Legislature chooses."

Reorganization Marches On
The state Supreme Court upset some leaders by ruling the Adams plans for reorganizing state government must go through routine legislative procedure. Both the House and Senate must approve the plans before they can be put into effect. The original Reorganization Act, permitting the laws to go into effect as soon as one chamber or the other approves them, or by default if neither chamber acts within 25 legislative days, is unconstitutional.

A couple of Manchester Democrats took an active part in bringing to light the possible unconstitutionality of the act. They are Sen. Robert P. Bingham and Councilor C. Edward Bourassa. But it was a representative group of the state's weekly and daily newspaper editors, probably, who influenced the Governor to ask the high court for an opinion. At Mr. Adams' first historic conference with the state's editors in January, James M. Langley of the Concord Monitor carried the fight for a Supreme Court review of the law. The governor bowed to what he saw was a serious doubt in the minds of all the editors, and appealed to the court.

Last week, this column announced the special session would convene April 4. It was an inadvertent violation of confidence—the writer thought the governor had announced the date himself. For it, this writer offers his apologies to all concerned. As things now stand, the Council has authorized Mr. Adams to call the session "any time between April 1 and 10." That straightens out the record.

The state legal staff, assisted by John D. Langmuir of the state taxpayers Federation, is now drafting the bills that will bring the reorganization plan before the Legislature. They hope to have the proposed laws printed and in the hands of every senator and representative by March 31.

THE PRECINCT MEETING

It was unfortunate that the wording of article 8 as it appeared in the Precinct warrant mitigated to its defeat. While the article clearly called for an appropriation UP TO \$5,000, it was the figure of \$5,000 that proved to be the bogeyman in the minds of those present for the purpose of killing the article.

A discussion of the garbage problem may have developed a compromise article calling for a more modest appropriation possibly limited to garbage collection alone. We understand at least one proponent favoring garbage collection was prepared to offer a proposal acceptable to all.

Your editor for one was willing to be convinced that garbage collection and rubbish collection is not a desirable public service for the community.

The men who brought about the municipal water system, the town sewage system and the fire department system must have faced the issue squarely in their time. Are we as a community getting hardening of the arteries?

GRIMES FIELD

Subject of much debate at town meeting the detailed vouchers of expenditures at Grimes Field last year were given to the Messenger this week by selectman Ira C. Roach. The appropriation voted at the 1949 town meeting was for \$750, but the expenditures totaled \$1,008.53. The figures show that the money was expended and to whom, and that there were no irregularities as inferred by some at town meeting.

The expenditures relating to the carnival in our opinion indicates that the carnival or carnivals are of questionable worth in the light of the cost preparing for them and cleaning up after them.

It is hoped that the newly appointed board of trustees will carefully administer this year's appropriation.

Now that the election is over all of us should do our part to cooperate with the selectmen in the careful expenditure of town funds for the greatest good to all.

To The Editor:

A tribute to Frank D. Gay, outstanding public spirited citizen of Hillsboro who said, "If it is the last thing I do I want the town to own a place to bury its deceased citizens."

Mr. Gay, with cooperation of committee, put this deal through, and is sure the project will be a

self liquidating proposition.

To the Editor---a question, Would ask the reason why Just a day after town meeting You forget the one word "Aye" (I)?

In "stop" the letter "s" You find at the beginning, Please change "port" to "sport" Keep my head from spinning. In the poem to Uncle Cy-- You put him in a "port," I only had one thing in mind-- An out and out good "sport." ("I had one from the sport.")

Miss Isabel Bowers
Mrs. Harriet Grimes
Mrs. Lottie Harvey

To the Citizens of Hillsboro: In reference to the Grimes Field appropriation for the year of 1949, I, Leo Demag, realize that it was my duty to further instruct the voters, relative to the expenditure of the fund appropriation at town meeting last year, but not being a public speaker, I am taking this opportunity of expressing my opinions in writing, so that everybody may comprehensibly understand the true conditions.

An itemized account of all expenditures of the fund is authorized by the selectmen of the town of Hillsboro.

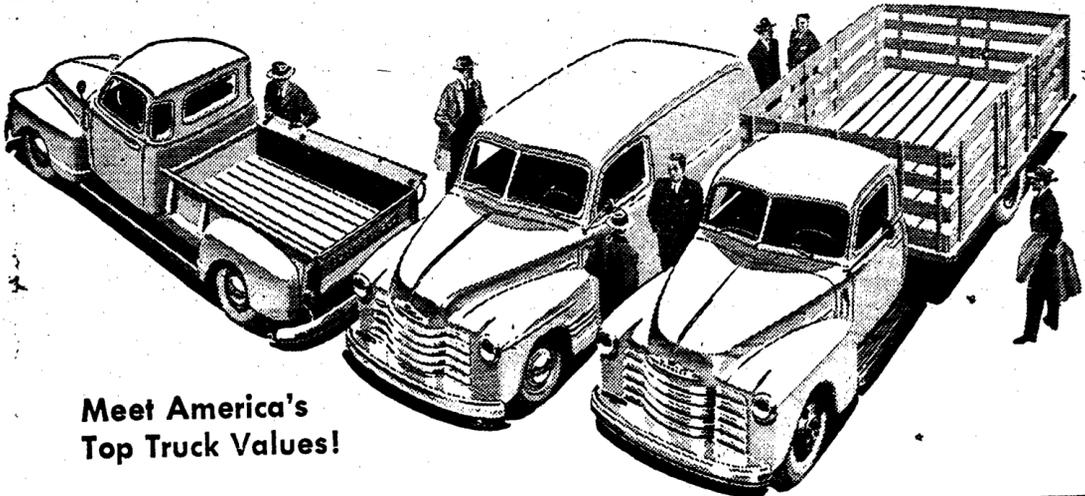

I followed the implicit instructions given me by Victor Bondar, Alexander Macukewicz and the selectmen of the town of Hillsboro in the authorized expenditure of the funds, and any insinuations not based on facts pertaining to my past honest record is herewith regarded as unwarranted and unnecessary.

I also wish to declare that I desire to again care for Grimes Field for the season of 1950, to the best of my ability and the interests of the public.

Signed,
LEO DEMAG

Wilton, N. H.

Dr. Ira N. Gabrielson, president, Wildlife Management Institute, says, "Without enforcement the best information and regulations are useless as a method of maintaining wildlife populations." How true.

Smith Gordon of the California Wildlife Conservation Board says, "The wild creatures we aim to perpetuate and increase for man's benefit and enjoyment are far more easily managed than are the humans for whom we do it." This man Gordon was at one time head of the N. Y. Department. I met him years ago at Peterboro and at Concord. Nice fellow.

This neck of the woods is getting sled dogs that he uses weekends Arthur Hodgson has a beautiful female. Selectman Guy Holt has two Alaskan sled dogs and hopes to have a team in the near future. Claiborne Young has several white sled dogs that he uses week-ends when home from his school duties down on the cape.

David Tuttle also is an old dog team trainer and a few weeks ago he made a sled runner for one of the big sled dog racers of Anchorage, Alaska. This runner went by express to Alaska.

There are many dog teams in Jefferson and the drivers have taken their share of the honors these past few weeks.

A game warden found a man fishing in Michigan in the nude. He did have his hat on, but no license.

Years ago I had a similar experience, found a man fishing in a trout brook. He was in his birthday suit. Here was a man that had no license to show on his person. When I got near to him he reached out and picked up an old hat and the fish was on the hat. Stung again. It was a bitter hot day and he was swimming and fishing.

Here is a man that wants to buy a book on game birds in captivity.

Well, here is a book just off the press entitled "Raising Game Birds in Captivity" by Greenberg, price \$4.95. Get your copy from Modern Game Breeding, 28 W. State St., Doylestown, Pa.

President Frank A. Hopkins of the Greenfield Fish and Game club tells that his club is to have an open meeting for the public at the town hall March 16 at 8 p.m. Roland Mitchell of the Federal Hatchery of Nashua will show movies from the Federal wildlife library. State Biologist Seigler will also be present.

Here is a fellow that wants to buy a Great Dane pup. The greater the better, what have you?

Every year when the town reports come out for the different towns we get a big laugh when the report tells about so many hedgehogs being paid bounty. Funny the officials don't know that the Legislature changed that word from hedgehog to porcupines several years ago. There are no hedgehogs in the U.S.A. unless you find them in a zoo. They are a native of Europe and only grow to six or seven pounds while your quillpigs go to 45 or 60 pounds. Smoke's on someone.

C. Norman Court of Milford sends me up some pictures of a saw-whet owl that was very tame and he could have picked it up. Mr. Court has a large collection of wild birds feeding at his station and that's what the owl is interested in.

Joseph Miller of Abbot Hill reports that his 17 year old dog passed on to the happy hunting ground for dogs recently. That's a good old age for a dog. He was spry right up to the last.

Are you interested in a nine weeks old beagle hound pup? Mrs. Lena Buxton Smith of South Weare has some that well deserve another look.

Then a man having a swell brook running through his fields had a brilliant idea to make it better and much easier for his city friends to fish so he cut all the bushes both sides of the brook and spoiled the brook. Trout must have some sun but not too much. You can't improve on nature.

You know I thought I had seen most everything but I was mistaken. The other day Bill Burgeson the well known taxidermist of Milford, had a dog to be mounted and this week he has another dog coming in from another state to be mounted. Is this a new fad? When your dog dies have him set up for a place in the front room.

WBZ, WBZ-TV Sportscaster and Former Major League Pitcher

BRADENTON, FLORIDA — All sports writers and broadcasters, including myself, are liable to be a little too enthusiastic during the spring training sessions, with the result that the rookies get too big a build-up, and the result is a let-down is terrific. In spite of this, and trying to allow for the rosy hue which this Florida sunshine puts on things, I believe that at least three rookies will be big cogs in the Braves' pennant chase this year.

HADLEY

I really like the looks of infielder Roy Hartsfield, outfielder Paul Addis and pitcher Normie Roy.

Hartsfield plays second base as though he owned the job, and he hits with considerable authority. Technically, the pitching is ahead of the hitting in spring training, but you'd never guess it to see Hartsfield tee off.

Addis also steps into that ball well. In the Braves' first two exhibition games against the Brooklyn Dodgers, Addis went in as a pinch batter in both instances. And each time he stepped up there, he smashed out a clean hit.

I saw Roy pitch three innings against Brooklyn, and with good fielding, he would have shut the Dodgers out. He has everything except experience, and he may have enough of that to be a big help.

If those three make the grade, then the Braves must be considered the favorites in the National League pennant race.

Bennington Five Loses to Hillsboro Grammar School

BENNINGTON, March 20 — The Hillsboro Grammar School added another triumph to a long string of victories as they defeated an outclassed Bennington five 38-21.

The local quintet jumped to an early lead and then retired in favor of the second team who played most of the game.

Henry Woods, Bob Bennett, and Dee Woods paced the attack with 17, 12, and 6 points, respectively.

Accompanying the team were their six sprightly cheerleaders who turned in a fine performance as they cheered the boys to victory.
