Bird and Garden Club

The Caroline A. Fox Bird and Garden club held its regular meeting at the home of Mrs. Harriet Grimes last Saturday, with assisting hostesses Mrs. Ada Williams, Mrs. Laura Nichols, and Mrs. Edna Perk. The club decided to attend the showing of the beautiful flower film in Antrim on June 10. Members wishing to know more about it may contact Miss Isabel Bowers. The guest speaker of the afternoon was Mrs. Harry Thornton of Brookline and Hillsboro. She gave a very graphic account of the interesting trip she had taken to South America recently. She sailed from New York on one of the largest and newest steamships, the New Amsterdam. The journey took her around the entire continent visiting Trinidad and spending three days at Rio de Janeiro. They stopped at all the principal cities but did not go ashore at all of them. The time for roll call "Plans for My Garden," was too short for all to respond. Refreshments of very special iced tea, homemade cookies, and ginger patties were served.

School Street

In the last five years School street has seen many changes among its residents and at least three new houses have been built. Last week the newest comers were Mr. and Mrs. William S. Whitton and daughter, Priscilla, and son, William, of Greenfield, Mass., who moved into the one time Boyd house recently vacated by the Annis family, now of Whittemore street. A month or so earlier Mr. and Mrs. A. N. Potter and daughter and his mother, Mrs. Laurence Potter, moved into their new home the one built by Willis Marcy and recently vacated by the George Cotes.

Within a year Mr. and Mrs. R. L. Hunter and son have come to live in the Curt Kern house. Mr. and Mrs. Benjamin Farr and child moved into the little house on the brow of the hill and Mr. and Mrs. Maurice Roullier and three children moved into the George Stafford house at the foot of the hill. Mr. and Mrs. Walter Lennon and daughter occupy the Locke apartment.

Within two or three years or more the Maurice Boynton house has been built and occupied by Mr. and Mrs. Boynton and her mother, Mrs. Colman and grandmother. (Continued on page 7)

## The Clothes Line

- June means graduation gifts and Father's Day gifts. Too bad they have to come the same month.
- Many girls confess that the most welcome gift is hosiery. No girl ever seems to have enough... particularly the dancing sheer that Berkshire makes. \$1.30 and \$1.50 gift boxed.
- Other items that make acceptable gifts for girls are blouses, new "Peggy Parker" sweaters, and Jantzen polos in striking color combinations. All nylon sox.
- For young men's gifts, you will find here probably the most outstanding line in the country. "Botany" non wrinkleable ties and "Arrow" shirts, a hard combination to beat. Sport shirts in all nylon too. Styles the graduates see in "Life" and "Esquire" magazines.
- Tie and collar pin sets, initialled belts, polo shirts, color bordered handkerchiefs, nylon hosiery... all gift boxed.
- Father's Day comes a week from Sunday on the 18th. As usual we are headquarters for items Dad will enjoy. More about it next week.

## Art Exhibition to Feature Neighborhood Portraits

Walkingest Model?

Above is the pastel portrait of Ralph Nantelle, the Hillsboro Art Group's claim to fame as the "Walkingest Model," and drawn by Sylvia Van Hazinga. This and other "Neighborhood Portraits" will be on exhibition at the Municipal hall in Hillsboro, June 10th, 3 to 5 p.m., and June 11th, 2 to 5 p.m.

New Hampshire's two and a half year young and growing art center, the Hillsboro Art Group, believes it has the one and only model who will walk (or can walk) twelve miles, 63,360 feet, to have his portrait painted. Does any art group want to challenge this record?

Ralph Nantelle is the "Walkingest Model," a man of splendid physique, copper colored skin, sparkling brown eyes, and full black skin. The pure Indian blood in his veins shows in his prowess as a keen and observant woodsman, incapable of getting lost in the woods under any conditions.

It was announced that the Caroline A. Fox Bird and Garden club of Hillsboro are to cooperate with the Antrim club in arranging for a public meeting in the Baptist church, July 10. A John Ott film will be shown. A more complete notice of the program will be given later.

## Beard Brook Project Wins for Fortnightly Club

HILLSBORO, June 8 — Success crowned the efforts of the members of the Hillsboro Fortnightly club for their participation in the "Build a Better Community" project, when the club was awarded first prize of \$100 in class B clubs and a sweepstakes prize of \$200 for the state of New Hampshire.

Twenty-seven club members attended the General Federation of Women's Clubs session at Boston Wednesday night when these prizes and the national Winners were named.

In announcing the awards it was stated that "this was a tremendous task to decide the winners," so many outstanding projects were undertaken and brought to a successful conclusion. The women of the 4 states, Alaska and Hawaii were commended for their work

in the contest.

The project undertaken by the Fortnightly club members was the restoration and beautification of Beard Brook, a tributary of the Contoocook river. The town in 1934 with WPA funds built a swimming pool, picnic facilities, bath house, toilets, a parking area and a sand beach. The hurricane of 1938 completely ruined the spot and after 11 years' growth of underbrush, was all but hidden from view.

To carry out the project, the Fortnightly club appointed Mrs. Henry Martin, vice-president, to serve as co-chairman with Mrs. John Keast, president. Five captains were appointed by them: Mrs. Gerald H. Sweet, Mrs. James Ryan, Mrs. George Vaillancourt, Mrs. C. W. Wallace and Mrs. Frank J. Orser. The membership was di- (Continued on Page 4)

Have you heard the jubilation sweeping through Pierce school? They did not have enough money to go to Old Orchard Beach on their class trip and some one heard, some one cared. They began a collection. It went through the Monadnock Paper Mill Inc., and friends of our boys and girls dug into their pockets and came up with \$41. Now they want to thank everyone and don't know how to reach so many, hence this article and there will be another in the school paper.

We are fortunate to have such proficient teachers. The graduation will have an unusual twist, do come. Monday night in the Town hall. Here is a list of the graduates: Joan Belmore, Jane Braid, Edward Cernota, Katherine Cody, Harry Clough, Leona Ellingwood, Joseph Ferry, Annette Levesque, Melvin Loomis, Pauline McNutt, Terry Martin, Sheridan Sullivan, Barbara, Beverly and Wallace Whynot.

It is seldom that you find three members of one family graduating in one class. The Woman's guild of the Congregational church have invited the Men's club to a pot luck supper on Friday of this week. Each society will hold their last meeting for this season on that evening. This supper and meetings have been postponed because of the absence of the pastor and his wife who are to be the guild's honored guests. Remember the time, 6:30, the date, June 9th, the place, the vestry.

Mr. Phillip Lyons entertained his mother this past week. Mr. and Mrs. Herbert Fennerty spent the weekend with Mr. Fennerty's brother in Enfield. Carol Swett has german measles.

The usual Memorial Day exercises were held at Hillsboro Center. Following the ceremony at the cemetery the Center school pupils put on an excellent program at the clubhouse after which three cheers were given the teacher, Miss Margaret Milliken, by an appreciative audience, led by Miss Frances. The Center club held its regular monthly business meeting last Friday evening. Mr. and Mrs. Richard Withington were in Boston Sunday on business. Mrs. James Nazer and Mrs. Win Powers made a hurried trip to Townsend, Mass., on Sunday. Mrs. Powers' mother returned with them. Mr. and Mrs. Ray Hooper were up for the weekend. Mrs. Hooper, with the help of a neighbor, is doing her spring cleaning. Mrs. Spurgeon Smith and her daughter, Rosalie, are on the sick list.

In spite of rainy weather, many turned out for Memorial Day exercises held in the Town hall a week ago Tuesday afternoon. After an impressive program by the school children, all gathered outside near the site of an attractive Washington boulder to witness the dedication of this stone to honor those from Washington who served in the World Wars, and the Spanish-American War. Mr. Frank Hartwell was master of ceremonies and Rev. A. A. Madsen gave the Invocation and dedication address. Mr. John Newman sang "The Lord's Prayer." A very attractive wreath, made by Mrs. Wm. Rodden, was placed on the Memorial boulder. Mr. and Mrs. Harold Wilkins and family called on the Cilleys last week.

Mrs. Edna Plumb and daughter, Jean, have recently moved from the Cashion farm in Hancock to an apartment on Cheney st., in Newport. Jean Plumb has been manager of the Cashion farm for a few years. Due to illness she has been forced to give up this work. We hope they will be happy in their new home.

Mr. and Mrs. Newell Woodbury of Orlando, Florida, arrived here last week to spend the summer.

Ten Sunday school children accompanied by their teachers and some parents went to Hillsboro to see Cinderella Sunday afternoon.

Trucks and a power grader have been working this week on Route 31 from the Windsor line to a few miles from Goshen line. The road is much smoother and all are very happy to have this improvement. The work has not been completed as yet, so in case of a few holes left, have a little patience.

We hope our town roads will soon be improved as we all realize they are in pretty bad shape. It is going to take time, a lot of hard work and some fair weather to put them in shape again.

# Daniell Blasts Public Service Co.

HILLSBORO, June 8 — State Senator Eugene S. Daniell guest speaker at the public forum sponsored by the Democratic party Wednesday night at Community hall condemned the Public Service Co. for seeking a rate increase.

Mr. Daniell said that N. H. has the highest rate of unemployment and the highest electric rate in the U. S. despite the fact that we have more potential water power than any of the other states.

In reference to the new Schiller station, Mr. Daniell said, "It is the most expensive and inefficient plant in the country." He declared

that by burning oil and coal the New York bankers that control the Public Service Co. could make a double profit on the sale of fuel and current. He said the plant was built without competitive bid and that the builders (G. E.) own 30 percent of the holding company that controls the P. S. Co.

Mr. Daniell urged the voters present to bring about a competent Public Service Co.

James Ellsworth was chairman of the meeting.

### Beard Brook Project

vided so much each captain had committee of nine or ten women.

The Board of Selectmen gave its permission to carry out the project and work was started.

Members with their husbands and friends rolled up their sleeves and started to work. Boy Scouts under the supervision of the forest fire warden burned trash, elderly women who could not do physical labor watched the workers' children; the State and Town Highway departments cooperated. Professional men, merchants, mill workers, farmers, summer visitors, all volunteered their services.

The work was started July 6 of last year and by the end of August 1949 the "Build a Better Community" project was finished at a

total cost of \$86.

The members of the Fortnightly club have summed up the results of the project as five fold, namely: A hidden rubbish laden thicket was transformed into a visible, clean, cool spot for all residents to enjoy; families learned to enjoy themselves as a unit; all ages and classes found a common ground where they could cooperatively unite efforts for civic betterment; the Fortnightly club members derive so much satisfaction in carrying out the project that they have voted to earmark the remainder of the funds raised, for a similar project in 1950; as a result of the work on the project the club has had a fast growth in membership.

# League Information Service

by GLORIA HINES, for League of Women Voters of Hillsboro

You are in politics AS JUST ONE CITIZEN - one citizen talking to his neighbor. You are in politics when you sound off about the schools of your town, or that pesky "sales tax," or the deficit in Uncle Sam's budget. Such talk adds up to public opinion. Your ideas and your experience count for something in our kind of government. Journalists nose around and write stories about what you say. Your organizations listen to you. Polls try to measure how you feel about things. Candidates take their cues from you.

They listen to you because you can walk into a polling booth at election time and vote in secret as your conscience dictates. That is the basic political act in our kind of government. You perform it.

You write letters to your Congressmen, councilmen, and other representatives. You sign petitions. You may even petition your representative to right a certain wrong done you by government and he may put it into a bill which is

passed and rights the wrong. Hundreds of such bills are passed by Congress and our state legislatures. UNDER OUR FORM OF GOVERNMENT THE INDIVIDUAL IS IMPORTANT.

Laws protect our individual freedom. We think of laws as traffic rules necessary to keep freedom and justice flowing. We must be willing to do our share to hold government to this ideal. Freedom is like health; care and exercise improve it.

You Are in Politics When You Join a Pressure Group.

Perhaps you react unfavorably to the term PRESSURE GROUP. Many people do. Yet, pressure groups are here to stay. They are needed in our political system. "Good government" must be good for people. Through their groups people say what they think is good.

Of course, they disagree. They have to listen to one another. There must be compromises. What we call "majority will" is a kind of balance of pressure.

Pressure groups are of two kinds: (1) Special interest groups; (2) Public interest groups.

There are good and bad pressure groups. The trouble is that it isn't easy to get agreement as to which ones are good or bad. It depends upon your point of view. You help to make them good or bad; useful or merely annoying.

Maybe you are a little shocked by the attitude that pressure groups are necessary. Perhaps you just don't like the term. Call them something else if you feel better about it. We are referring to an old American custom. Over a hundred years ago a European visitor said: "Whenever two Americans find themselves interested in a common cause they thereupon form an association."

Our knack of organizing and our freedom to associate have helped to make the United States what it is today.

DO YOU LIKE IT? DO YOU BELIEVE IN IT.

## A Good School Site

The question of where to build a new school, sometimes referred to as the selection of a school site, is of tremendous importance if a new school is to satisfactorily serve its community.

The problem must be answered according to the educational needs of the community. Hillsboro is now going through a typical consolidation problem where it is recognized that too small schools scattered too far apart can't be administered efficiently or economically. In small communities the problem thus becomes slightly different in that sometimes a whole school system makes a unit just the right size for maximum operating efficiency. The question of size of program determines the type of site, somewhat.

The second most important consideration in choosing a school site is where do our children live now in relation to where we might be able to build a school. For the information of Hillsboro voters, a map with pins representing each child in town, has been prepared and is now being shown at Tasker's Store. Analysis of the school population as shown on this map will clearly indicate where the greatest number of children live. The school should probably be built where the greatest number of children can walk to school. If the school should happen to be built away off on any side of the child population center, it will mean that the town will be saddled with the extra transportation cost for many years, unless the children are to be made to walk the longer distances. In general, it is considered important that the school be very near the child population center so that the average walking distance for the pupils is not over a half mile.

A third consideration in the selection of a school site is that it be large enough for the purposes it is supposed to serve. The new schools do depend more on the development of the site into usable areas than formerly. An area of

### BUILD FOR THE PRESENT AND FUTURE

The building of a new school and the choosing of a proper site for the new school is a serious problem. It is conceivable that the town could be burdened with a "white elephant school system." should the school be built at one of the proposed sites, the Israel property. This site, in our opinion, is even less desirable than the Flat school site.

The construction of the elementary school at the High school site with adjoining recreation center (gym, playroom, cafeteria, stage, showers) to be used separately by the two schools or jointly on occasions presents a challenge.

That challenge is whether we, as a community, will build a modern school and Community center adequate for the present and future or a school inadequate and outdated in five years.

A school census shows that about fifty children will enter first grade in five years and that an elementary school might need nine or ten rooms (one for kindergarten) at that time.

Can we afford to be shortsighted, penny wise and pound foolish? Can we, with self respect, send our children to schools less desirable than our own homes?

## Russell Hadley Weds Fairhaven, Mass., Nurse

WEARE, June 8 — The first wedding in June, month of brides and weddings, was held Saturday at the summer home of Atty.-General Gordon Tiffany, when Mrs. Helen Cormier, of Fairhaven, Mass., became the bride of Russell Hadley, a well known former Weare resident. Mr. Tiffany performed the marriage service, with Mr. and Mrs. Alfred Flanders as attendants. The bride wore a green and white sheer dress with white accessories, and orchid corsage. Mrs. Flanders was attired in a black suit.

Mr. Hadley is well known to Weare residents, having built a home on the Flanders Memorial road, moving to Wrentham, Mass., a few years ago. His bride is a registered nurse, supervisor at the Wrentham hospital. The newlyweds left immediately after the ceremony for a wedding trip to the White Mountains, where they will spend the week. On their return they will make their home in Wrentham.

## Announce Engagement

Announcement has been made of the engagement of two former Weare young people, Miss Alberta Johnson and Leslie Wood. Miss Johnson, a former teacher in Weare High school, is the daughter of Mr. and Mrs. Ralph Angell, of Derry. Leslie, the son of Mr. and Mrs. Harold Wood, former owners of Chase Village store, spent most of his life in Weare, graduating from Weare High. He entered the U.S. Navy where he was on the USS Atlanta as fire controlman, in the South Pacific. He now lives in Candia with his parents, and is associated with his father in the poultry business. Both young people have many friends in Weare.

No date has been set for the wedding.

## Weare

Mrs. Irene Flanders  
CORRESPONDENT

Saturday marked the closing of the Girl Scout meetings with a jamboree at the home of Mrs. Dorothy Spaulding. The Weare girls met at Weare Center, riding down in Gerald Jesseman's truck. 17 girls came from Frankestown, with their leaders, Mrs. Wm. Bassett, Jr., and Mrs. Harry Loebel, and 8 Dunbarton scouts came, some by Jeep, with leader Janet Longley. A full day's program was arranged: Relay races, stunts, shoe races, a scavenger hunt, quite clever, with objects; one bug, an acorn, one pine cone, a flower and a white stone; also a rolling pin race. At noon there was a nose bag feed, familiar to every scout. Each girl brought her lunch in a paper bag. The Dunbarton girls carefully hid all the lunches, which had to be found, with two girls working together. A program in the afternoon was arranged, consisting of an amateur show, with Mrs. Mildred London and Jane Bartlett playing the guitar. There were several acrobatic numbers, also a toe dancing by Sandra Swanburg. The day's festivities closed with the goodnight circle and taps, always very impressive, and the Weare leaders Mrs. Mildred London and Mrs. Spaulding giving greetings to the troops and troop cheers.

Charles Evans has returned to his home, Evanstead farm, after undergoing an operation at the Concord hospital.

Mrs. Chester Rhodenizer's infant son, Arthur, is home from the Hillsboro County hospital, after having pneumonia, which was followed by the measles.

Special notice has been given me that the supervisors of the checklist will be at the Town office, in the Stone building, two consecutive Mondays, for the purpose of change in party registration. For any one wishing this change, the office will be open June 5th and June 12th, from two o'clock to 5 each Monday afternoon.

June brings vacation to the school group, and also to the Girl Scouts. The Senior Scouts, with Mrs. Wilfreda Lowe, leader, and Miss Virginia Rice, assistant, have closed their year's activities with two events, a hike, with Miss Rice as leader, and a Chinese party at the Firehouse, with girls of troop one who will soon be Seniors, as guests. One more party will be held the last of June, at Ted Hight's camp, on Weare Reservoir, with invited guests. The hike, which started at Miss Rice's home, led the girls up Maplewood road, and through wood paths, to Whitney's Corner, where they enjoyed hot dogs and Samoas, cooked over the fireplace at Mrs. Robert Rice's

home. Their trip took them past Bailey's cemetery and another cemetery, where they stopped, true to Girl Scouting, and straightened up some stones and made other little improvements. At the Chinese party, held at the firehouse, games were played, until lunch time. Mrs. Lowe, assisted by the Hight girls, served a super of Chinese chop-suey, and the fixings, everyone in Chinese costume.

We hope everyone has seen the "Reflectors," the school yearbook. They have attractive covers, in white, with gold lettering, and are dedicated to Frank Peaslee, whose picture is on the page of dedication. The book is full of pictures; Seniors, as usual, singly, and the other classes, the Junior High, Student Council, different teams, and a double page in the middle for "back when." And of course the literary section, alumni page, ads, and countless articles, all very good, and very clever.

The well known Weare Band is well started on its summer schedule, with Frank E. Davis, president and business manager; Paul J. Dumm, vice-president; Stanley Botor, of Manchester, Band Master; Harold Thomson and Gerald Purington as assistants. Stanley Botor is well known as an experienced director of bands, in Manchester and elsewhere, in the past. The band is very fortunate in having in addition such qualified musicians as Henry Plantier, Normand Plantier, Peter Gati, Anthony Zebnik, Richard LaBelle of Manchester, Wilbur Rainey and twin daughters of Dover, also Miss Marian Worden, of Goffstown, and on special occasion Roy W. Clark of Mass.

Looking forward to a successful season, the band has had weekly rehearsals at the "Neighborly club" quarters at Parker's station this spring, and has furnished music at the Weare and Bennington services of this year. Rehearsals will continue at Parker's station during the month of June, starting June 13. The band this season will be neatly dressed, in black and white uniforms; white shirts and trousers, new caps of black and white, and black ties alike, initialed alike with white W. B.

The band has several engagements already accepted, the first one a lawn party at Weare Center, with a very busy July and August, including lawn parties, band concerts, and Old Home Day engagements.

Mrs. Field. The little house built by Alden Rowe is occupied by Mr. and Mrs. Arthur Jackson. Mr. and Mrs. John Sterling make their home in an apartment at the Philip Woodbury house. Howard Lacey and family came to live in their new ranch-style house on the corner of Brown and School streets. Louis Shopes, wife and daughter have occupied Mrs. Peaslee's house for two years and we hope will do so again.

Mr. Alfred Dodd, who has lived eight years on School street, and alone since his wife died, has purchased a small house quite near his only daughter in South Lancaster, Massachusetts, and expects to move there as soon as the house is finished, probably the end of the month. Mr. Dodd likes Hillsboro very much but he feels he should be near his family. He has been a good neighbor and we shall miss him but we are glad a former Hillsboro man, George Chapman and wife have bought the house and are moving as soon as vacated. Mr. and Mrs. George Gould have occupied the little house, formerly the Fuller home, ever since they have left the Valley Hotel. The Legion have taken over the double house near the square. The P. X. and Baldwin's store are not very old. The Moose club in the former Felt home is another which is not very old.

**Musicals**

Community hall was filled with parents and friends of a group of children who gave them a very enjoyable evening of music on Monday, June 5. All the young musicians played very well and the girls looked very sweet in their pretty evening gowns. The piano teachers, Mrs. Porter and Mrs. Leroy Eaton, were presented corsages by Bruce Jordan. Mrs. Porter was also given a bouquet of red roses. All played the piano except Judy Gove who played the clarinet, taught her by Leon Hill. Bruce Jordan and Edward Trotter played a duet composed by Bruce.

Gay and Gould and the other Gay boy paid for the flag that was flown over that famous game 22 years ago. Buster Davis hoisted for the first time and for several years after until Frank took it over. Buster also took in \$171 the proceeds of the game with the tickets at 25 cents each. Almost ancient history by now.

Mr. and Mrs. Philip Woodbury will attend Commencement at Dartmouth college on Sunday. Their son, Lloyd, will graduate with a class of 650. He has majored in business administration and economics.

buildings all around the city. This summer, Governor Adams will sign a contract for construction of another office building, to be located near the state Highway garage, some distance from the State House. It will cost more than \$500,000 and will house the State Police, Motor Vehicle and Highway departments. Like the old annex, the new office building will be expected to pay for itself. Here's the deal worked out by Governor Murphy for the annex: every department that moved from rented private quarters into the building continued to pay the same rent it was paying outside. This has averaged \$26,000 a year, so the annex will pay for itself in 25 years. The state borrowed \$600,000 to build the annex (PWA put up the rest), and is retiring the bonds at the rate of \$40,000 a year. The state still owes \$260,000 on the building, and will retire the last bond in 1956.

Meanwhile, in nine years state agencies have paid \$239,318 in rent for quarters in the annex. They'll continue to pay until the last bond is retired, after which the state will be in the clear. Of course, the rent is carried only as a book-keeping item on each department's records—but the money has to be appropriated each year.

When the Motor Vehicle-Police-Highway building is completed, the departments will pay rent there, too. And agencies that move into the vacated space in the State House annex will begin to pay rent into that fund.

**Counties Cut Budgets**

The ten New Hampshire counties will raise \$3,034,535 by local property taxation this year. That's \$50,000 less than the counties levied on property owners last year, when expenses reached an all-time high point. The over-all decrease is slight but significant. Five counties reacted to voter pressure to reduce costs. They are Rockingham, Car-

roll, Coos, Grafton and Merrimack. Five other counties raised their appropriations this year. They are Strafford, Belknap, Hillsboro, Sullivan and Cheshire.

The biggest tax increase was in Sullivan county, where the levy was upped \$20,000. The largest tax cut was in Rockingham county, where \$52,000 was whittled off the budget.

**About New Hampshire**

Dates for voters and city and town officials to remember: The law requires checklist supervisors to be in session twice between June 3 and 14 to register new voters and to change party designations for voters who want to switch.

Rep. Gardner Turner of Keene, House majority floor leader in the 1949 Legislature, finds himself saddened with the chairmanship of an interim commission to discover how much tax-exempt property there is in New Hampshire cities and towns. This commission was established by the 1947 Legislature, and was headed for two years by Rep. Fred Jones of Lebanon. Mr. Jones tried to get the job done. He sent circular letters to all cities and towns asking information. Nobody answered, because nobody knew the facts. The 1947 commission threw in the sponge and figured the job was impossible.

Rep. Turner has inherited the chore, and has only six months to complete it. He has made a start, but he, too, isn't sure the job ever will be finished. The study calls for a report on the value of every piece of non-taxable property, including churches, charitable organizations and exempted institutions,

in every community. Turner figures his study may also have to include the stocks and bonds owned by charitable groups, because that is "property," too.

Another legislative committee is to study the creation of an "ap appropriate memorial" to John G. Winant, the Granite State's most prominent governor. One proposal is to convert Winant's mansion in Concord into a home for future governors. The house already is owned by the state, is used as a study home for unstable children.

Unless every nose is counted carefully in the 1950 federal census, some towns are going to lose representation in the Legislature. Word comes from official sources that New Hampshire small towns have lost population since 1940, the larger towns and cities have gained. One of the major chores of the 1951 Legislature will be to reapportion the number of representatives each town and ward will have in the 1953 Legislature. This will be based on 1950 population figures that come from the census, just being completed.

J. Walker Wiggins of Manchester, speaker to the 1947 House, is reported planning to run for the state Senate this year. He ran two years ago, and while running took care to sew up enough votes from fellow senators to cinch the presidency of the Senate. Trouble is, he was beaten in his own district, which turned Democratic for the first time in many years. So Wiggins never got to be Senate president.

## SPORTSMEN'S COLUMN

by GEORGE S. PROCTOR

NEW HAMPSHIRE CONSERVATION OFFICER

Phone 104

Wilton, N. H.

Speaking of beagle puppies, Walter Cleaves of West Rindge has a litter that will stand a second look. Here are some real beagles.

Here is a party that wants to buy some skunk oil. I referred her to any up-to-date drug store, or if they want the real thing from a

trapper, contact John Crosby of West Rindge.

Dick Collins, president of the N. H. Collie Club, tells us that he shipped a puppy to a Dr. Wainwright of Bermuda. This puppy was shipped out of Boston by air freight. This one he has shipped is the first one out of the U.S.A. He also says that his Collinette Country Countess went best in match at the recent Collie Club match. There were 38 entries.

Don't forget the annual field days of the Horsepond Fish and Game club of Nashua. The dates are June 7-8-9-10. Always something doing at these field days.

The Federal Government has added 65 more wild birds to the protected list. The list appears in a leaflet entitled "Birds Protected by Federal Law." Did you know that some states protect owls and certain kinds of hawks?

Don't go fishing with bright clothing on unless you are out of sight of the fish. Don't go out in a boat that painted white on the bottom. You can't fool the fish.

Last week was a bad week for a lot of dogs and their owners. A lot of dogs got mixed up with a quillpig and came out second best. Now these dogs must have been hunting in the closed season in the woods or they would not have got peppered.

visited Mrs. William P. Wood one day last week.

Mrs. William P. Wood spent the weekend with her daughter, Mrs. Donald Foote, and family at Bow.

HILLSBORO, June 4 — A rejuvenated Hillsboro A. C. played errorless ball for the first time this season as it defeated the Goffstown A. C. by a score of 3-1.

Manager Howard Page continued his attempts to come up with a steady infield and may have succeeded. Rafuse stayed on first, Page on second, but Spit Stamatelos and George Stafford swapped off as the flying Greek moved over to third base and Stafford played shortstop.

The locals were outhit 12-9 but Hy Stafford in winning his second game of the year scattered the hits well and was very effective when the pressure was on. Hy gave up only one base on balls and fanned six in the best pitchers duel to date.

Big Jack Rafuse found the range and blasted out two hits, a double and a triple to lead the Townies at bat. Fred Stamatelos also collected two hits and George Stafford clouted a long double to drive in a run.

The Hillsboro infield offered perfect support as the all-around play was snappy and the locals completed two double plays, one of them unassisted.

Catcher Norm Bosse continued his fine work behind the plate as he carried Stafford over the rough spots in the Goffstown lineup.

This victory put the Hillsboro entry in the Tri-Mountain League in a four-way tie for second place.
