### Coming Events

The Eunice Baldwin chapter, D. A. R., will hold its annual meeting and picnic at Raymond Bennett's camp on Saturday, June 17, at 1:00 o'clock.

The Deborahs are holding a rummage sale in the vacant store in the Harvey building, June 30th, from 10 a.m. to 5 p.m. Members and friends are asked to contribute articles they don't want, but some body else may. Mrs. E. Vaughn Arnold and Mrs. Maurice Parker will have articles collected, or leave them at Paul and Harry's Garage.

### Improvement Club

The Improvement club held its last meeting of the season at Ledgemere camp at Lake Massasecum and was delightfully entertained by the owner of the camp, Mrs. Ina Spaulding, and her assisting hostesses, Frances York, Harriett Heath, Elsie Mosley, Esther Hill and Alice Crane. Camping experiences were given in response to the roll call, all of which were very interesting. There was a business session. Refreshments consisting of crabmeat salad, rolls, assorted pickles, potato chips, several different kinds of cake and homemade fudge were served. And coffee was especially delicious as made in the Rebekahs new dripolator. The rest of the evening was spent in conversation and stories. After a happy good night the club members left for home about eight o'clock. The next meeting will be in September.

### S. S. Picnic

The Sunday school children of Smith Memorial church, with their superintendent, Miss Ruth Ryley, and many of their mothers, enjoyed a basket picnic at Lake Massasecum last Saturday. The children played on the beach, made castles in the sand, but spent most of the time in the water with time out for many raids on the lunch baskets. Usually the Sunday school furnishes ice cream and/or soft drinks. This time a certain amount of money was given each child to buy what he wanted with it. Some of the children were burned a little in the sun, but all had a very happy time. They went early enough so that they had most of their fun before the regular lunch and started home before it really began to rain. It was a typical picnic day with plenty of hot weather followed by thunderstorms.

### Surprise Party

Mrs. Mildred Porter gave a surprise party at her home on Friday night in honor of her niece, Miss Natalie Parker, who has been staying with Mrs. Porter and Mrs. Stanley during the past school year. Natalie's guests were eight of her classmates. The girls played Canasta and a game called Categories. Natalie and Joyce Daniels won prizes in the latter game. Refreshments of ice cream and cake were served. (Continued On Page 9)

## MANY VIEW NEIGHBORHOOD PAINTINGS

by JEANNE ECCLES

HILLSBORO, June 15 — On Saturday afternoon, June 10, at the Municipal hall, the Third Annual Neighborhood Portrait Exhibition opened amid peals of thunder and streaks of lightning. Inside, were, however, people most emphatic in their praise of the show.

Omer Lassonde, president of the New Hampshire Art Association, started the ball rolling to pick the winners of the cash awards. Invited to judge with him were Kenneth Jewett of Antrim, director of art and music in our schools; Francis Rigney, Sr., nationally known illustrator of Boy's Life; and Marian Ladd Symmes, president of the Winchester, Mass., Art Association.

Due to the high calibre of the show the four judges divided the pictures into two classes, drawings (charcoal and pastel) and water colors. In drawing they awarded first cash prize of \$5.00 to Priscilla Kunhardt of Frankestown for her strong black and white "Charcoal Study of a Young Man," and second cash prize of \$2.50 to Harriet Bosworth also of Frankestown for her large charcoal portrait of Mrs. Lester Nickerson, done in the style of Grant Woods. In water color the judges gave first and second prizes to Jeanne Eccles of Hillsboro for a portrait pair of Mrs. Harry Lipton and Mrs. Lothrop Herrick, the latter

Hillsboro's well known craftsman, and for a quick portrait sketch of young Charlotte Reed.

Although the handling of oil paints is a brand new venture for this art group, the paintings done in this medium created a great deal of comment as shown by the results of the popular balloting. A small one entitled "Oldtimer," by Jeanne Eccles, received first popular award and a mention by the judges. Second honorable mention by the judges went to Louis Ordway of Antrim for his painting entitled "Modern Caveman." Second by popular vote went to Cy Phelps for his "Jimmy," third went to Sylvia Van Hazinga for her large and brilliantly colored pastel, "The Walking Model." Almost equally divided in the voting were two drawings by Miriam O'Keefe of Washington for her "Ralph," for her pastel of "Little Charlotte," and the two delightfully atmospheric water color landscapes by Priscilla Baker.

Jimmy Dowlin, the model for the oil paintings winning both first and second popular vote was on hand throughout the show as proud as the punch that all the hostesses plied him with.

Receiving and serving at the refreshment table at various times were Mrs. Warren Grimes, Mrs. Leona Rowe, Mrs. Eleanor Gould, Mrs. Miriam O'Keefe, Mrs. John Van Hazinga, Mrs. Harriet Bosworth, Mrs. Priscilla Baker, John Tweedy and Louis Ordway. At the registration table and ballot box were Mrs. Francis Rigney and Mrs. Mildred Porter. Sending in flowers were Mrs. Daniel Poling, Mrs. Paul Kuhn, Mrs. Warren Grimes, Mrs. George Gould, Mrs. Van Hazinga, Mrs. Donald Baker, and Mrs. Irving Reed and arranging them was in charge of Mrs. Rigney.

In the entrance way were shown several splendid landscapes by Marian Ladd Symmes and Dominic Mercurio. Three abstract designs by young Sheila Bosworth Hoffman created much comment.

An innovation this spring was the Junior Artists Exhibition on the west wall. Ann Broadley won first cash prize for her drawing "The Red Head." Cynthia Cooper won second cash prize for her drawing of "Mrs. Fisher," and Gene Broadley won first prize for his small sculpture of a man's head. (Continued On Page 5)

### Henniker Baccalaureate

HENNIKER, June 15 — Baccalaureate services for Heniker High school were held Sunday afternoon in the Cogswell Memorial auditorium when William Loeb, publisher of the Union-Leader, told the graduates what they could expect from the world in the next fifty years.

The invocation was by Rev. Francis Butler, the scripture by Rev. Vernon French and the benediction by Rev. Robert Lewis. The glee club sang two selections led by Mrs. Alfred Colby. Mrs. Marjorie Betz was pianist and Miss Janice Maxwell and Donald Jones were marshals.

## MESSENGER PHOTOGRAPHS

One of the yearly events looked forward to each year is the annual musicale in which the pupils of Mrs. Mildred Porter and Mrs. Leroy Eaton demonstrate their achievements in music. Dressed in pretty evening gowns the young ladies were the center of attraction for their parents and friends who came to see and listen. The young men musicians looked their Sunday best and were equally admired.

In the picture below can be seen the teachers and pupils of the Hillsboro elementary school who came to see the movie Cinderella.

In the bottom picture are James Ellsworth chairman of the recent Democratic party forum, and guest speaker, Senator Eugene S. Daniell of Franklin.

### The Clothes Line

- Dad, the forgotten man will be the man of the day next Sunday, Father's Day.
- In addition to letting him sleep late, having his favorite food for dinner, and not saying anything when he spills the ashes, a gift might tickle his fancy.
- Of course he may have a drawer full of ties, but like a fresh flower, a new cheerful looking tie will brighten him up. Some in the know say that a man's morale is lifted about 10% by just putting on a new tie.
- If he's the kind that needs cooling off when the summer heat is on, what could exhibit your thoughtfulness more than a feather weight rayon or nylon sport shirt.
- No matter what his age or likes or how much he conceals his vanity, a little something new to wear could make him quite happy.
- A look around this well stocked store will give you many suggestions for sensible gifts for "His Day."

# League Information Service

by GLORIA HINES, for League of Women Voters of Hillsboro

The North Atlantic Council meeting during the week of May 15 in London faced fundamental questions about the defense of the North Atlantic area. The Council is composed of the foreign ministers of the twelve nations which have signed the North Atlantic Treaty. Through the Council, member nations agree on measures that each is to take to carry out the purpose of the Treaty.

One of the foremost questions before the Council was the extent to which armed forces shall be developed as a part of the total defense of the North Atlantic area, rather than as self-sufficient national units. A general strategic plan was worked out by the Defense Committee and approved by the Council in a previous meeting. This plan involves a degree of specialization on the part of each nation. But there have been several indications lately that the urgency of the situation may require bolder steps than have so far been taken. In a recent speech, General Bradley, U. S. Chief of Staff, suggested that the time had come for each nation to relinquish a part of its national sovereignty in the defense field.

Another major question concerns the financing of North Atlantic defense. At the meeting of the Defense Committee at the Hague in April, several of the European na-

tions made clear that they could not increase their defense budgets to the extent called for under the plans and at the same time continue their economic recovery. Can and will the United States take on a heavier share of the financing? According to the statements made so far by the executive branch, the military aid program to be proposed to Congress for next year is not an expanded one; it is estimated at roughly the same size as this year's, around one billion dollars.

Suggestions have recently been made for a stronger machinery to coordinate the political, defense and economic policies of the North Atlantic nations. Premier Bidault of France proposed an Atlantic High Council for Peace to serve this purpose. He would give greater emphasis to the articles of the North Atlantic Treaty which deal with "strengthening free institutions" and "economic collaboration." So far the emphasis has been mainly on the defense aspects.

Another question to occupy an important place on the agenda was the role of Germany in European defense.

## WHO IS RESPONSIBLE FOR NATURAL RESOURCES?

About one billion has been proposed in the 1950-51 federal budget for expenditure on land and water resources projects. Authorization

has just passed the House for additional projects which would total over \$1.5 billion in appropriations.

At the present time, major responsibility for carrying out these projects is divided principally among three departments: 1) Army Corps of Engineers has nationwide responsibility for flood control, rivers and harbors improvements and electric power production; 2) the Department of Interior is responsible for irrigation and power projects in 17 western states; and 3) the Department of Agriculture is responsible for land management.

In its reports on Interior and Agriculture, the Hoover Commission recommended that these related functions be grouped together in the Department of Interior. The Commission also proposed that there be established in the Office of the President a Board of Impartial Analysis to review and coordinate these programs.

Legislation to carry out these recommendations (H. R. 6920 and S. 2833) was introduced into both Houses last January and referred to the Committees on Expenditures. Neither Committee, however, has yet scheduled hearings on these bills.

Your Senators and Representatives will never know what YOU, THE VOTER, want unless you WRITE TO THEM.

## PIERCE SCHOOL GRADUATION EXERCISES

BENNINGTON, June 15 — The class of 1950 at Pierce school graduated last night. It was a marvelous piece of work, the class exercises being a pageant depicting the history of graduation from a period fifty years back and to a period fifty years in the future.

The class and its various activities were viewed by the first and second grades who presented "Jack and the Bean Stalk," with Gertrude Parker as Miss Cashion. In act 2 we saw Miss Shea's music class in grades 3 and 4; in act 3 there were Flutophone players in grades 5 and 6 and also a speaking contest; and then act 4 which presented the birth of the P. S. Mirror by the graduating class. Thence into a piano sextette who played the graduation march, this was played by Annette Levesque, Jane Braid and Katherine Cody. The Prophecy was given by a "Gypsy Fortune Teller," Rose Davy to the class of 1950.

The Class Will was read by Leona Ellingwood in the lawyers office of Ellingwood and Loomis. Presentation of diplomas was by Stewart V. McCormack, supt. of schools; Invocation was by Dr. Thomas Billings; Benediction was by Rev. Michael Murtagh.

Dancing was enjoyed by the young folks. Mrs. and Miss Lindsay furnished music.

## EDITORIAL COMMENT

### IT'S A GOOD TOWN

Recently we had as guests the publisher and family of a neighboring N. H. town. The Mrs. was pleased with the type of all year hotel restaurant we have in Hillsboro while the editor commented favorably on the general appearance of this community.

We are not mentioning the town's name but an expensive sewer project is underway in that lake resort city because local citizens could no longer stand the offensive odor of septic tanks.

It's good to hear that Hillsboro is a pretty good place after all.

A new school and community center would make it even better.

### WHY THE RUSH?

We've heard that members of the High school graduating class sponsored a beer party following the graduation exercises at the Fish and Game club grounds and that this is some kind of old fashioned custom. Why the sudden rush to become adults?

### HILLSBORO

Mrs. Lois Davis has sold both of her houses on Henniker street, one to William Margetts and the other "Sleepy Hollow" to Harry Goodale. She will make her home at the Hedges with her mother, Mrs. Lois E. Day.

Mr. and Mrs. Edgar Nickerson are the parents of a son born June 7th at Concord hospital.

## THE BRANNAN PLAN

What is the Brannan plan? The St. Louis Post-Dispatch, a political-independent newspaper, May 15 said it is this:

"The Brannan plan is not just a vote-bait cooked up for a political campaign. It is an honest effort to stabilize farm incomes, to put more food on the consumer's table at lower prices, and to avoid such a scandalous waste of the taxpayers' money as the recent potato fiasco.

"The Brannan plan seems to offer a better basis for payments to farmers than the old parity formula. It promises to bring the law of supply and demand into operation on a large segment of food production. Storable commodities such as wheat would be handled pretty much as in the past.

"But perishable foodstuffs — which constitute about 75 per cent of the total food production — would be allowed to find their level on a free market. If their average prices fell below determined levels, the producers would receive direct payments to make up the difference."

## Many View Neighborhood Paintings

(Continued from page 1)

From as far off as Ann Arbor, Michigan, and for the second season in a row, came Prof. and Mrs. Sink to especially view our show. Mrs. Marguerite McCarthy of Bible Hill brought her cousin of Chicago, Ill., who is a portrait painter and illustrator in her own right.

The grade school teachers, Mrs. Mellen, Mrs. Reed, Mrs. Hutchinson, Mrs. Gile, Miss Estella Shedd, and Mrs. Louise Murdough conducted all the grades, almost 200 children, through the exhibition Monday morning. The comments and enthusiasm of the youngsters was a delightful note on which to close the 3rd Annual Show. Many associate memberships were re-

newed, several donations received, and it looks as though the Wednesday Evening Art Group would be going stronger than ever this summer.

Stuart Bruce, our instructor, spent a great deal of time and thought in hanging our pictures to best advantage and making such a well balanced exhibition. Mr. Bruce's short speech, after Mr. Rigney announced the awards was stimulating. Through the summer, already upon us, there will be several Wednesday evening sketch classes out of doors, and get-togethers afternoons for landscape work.

Natalie has enjoyed her first year of high school in Hillsboro and is leaving for the home of her parents, Mr. and Mrs. Arthur Stanley, in Dover on Wednesday.

Sunday was a busy day for Dartmouth College and the University of New Hampshire, being graduation day for both. Earl Barnes graduated from U.N.H. with a class of 908, the largest class ever to graduate there—so large that exercises were held on the athletic field but not much room to spare. Maurice Barnes, Mr. and Mrs. Raymond Stinson and Barry went down on Sunday. Mrs. Earl Barnes had been in Durham for several days attending the events of Commencement. Herbert and Laura Verry graduated; also Mrs. Doris Prichard Bean's son, John, Jr., of Contoocook graduated in this class. Other students at the University, Maurice Buttrick, Robert Parkman and Janet Tasker, are all home for the summer vacation.

Lloyd Woodbury graduated from Dartmouth in a class of 650 on Sunday. Mr. and Mrs. Philip Woodbury accompanied by Mr. and Mrs. Andrews of Larchmont, N. Y., joined Miss Elizabeth Andrews who had been in Hanover for two or three days at the graduation exercises. Lloyd returned home only to start off right away for St. Louis where he is to be best man at the wedding of his special friend.

Joseph Garafoli, Jr., of Concord also graduated in this class. All of his family were present.

Mrs. Mark McClintock and Mrs. Robert Bruce were in Haverhill, Mass., on Friday to attend the High School Commencement. Their sister Viola's daughter, Miss Shirley Ann Tyler, was in the graduating held in the athletic field in order to accommodate the crowd of 4000. The exercises were their other niece, Miss Jean Tyler, was married in Brunswick, Maine, on Sunday. The wedding was attended by Mr. and Mrs. Robert Bruce.

Mrs. Esther Call has sent out invitations to the marriage of her daughter, Ardell, and Frank P. Johnson at the First Parish, Universalist church, Malden, Mass., on Saturday, July 1, at 4:30 o'clock.

Mrs. Mildred Porter is happily anticipating the coming of her son, Fred, and his daughter, Pamela, on Saturday, for a week's visit from Albany, Georgia. Alfred Stanley will bring them up from Boston and spend the weekend.

Harold Livingston and his mother, Mrs. Livingston, of Andover, Mass., called on Walter Gay Monday morning.

Mrs. Leota Marshall, of Boston spent the weekend with her father, Alton Colby.

Mr. and Mrs. Walter H. Taft, Jr., with their children, June and Wayne, from Belmont, Mass., have moved into their new home on Bible Hill. Mr. Taft is a brother of Mrs. Shem Barnes.

Miss Gladys Lightfoot of Middletown, Conn., arrived in town for her vacation on Thursday.

Shirley Brunel, Senator from the 9th District, of Goffstown, John Ball of Contoocook, sgt.-at-arms in the Senate, with their wives, and Frank Gay, doorkeeper in the Senate, attended a dinner on Saturday evening given by Perkins Bass of Peterboro to the members of the Senate and attaches and their wives. About fifty were present.

Mrs. Bessie Whitcomb is home from Daniel Webster school, Franklin, for the summer vacation.

Miss Melita Whitcomb arrived home from Mary Washington College, Fredericksburg, Va., on Monday.

Mr. and Mrs. John Pilkington and twins, Donna and Dianna, from Chester, Pa., are visiting at the home of her parents, Mr. and Mrs. James Ellsworth.

Mrs. Emma Yeaton Wheeler of Milford, President of the auxiliary of the Sons of Union Veterans, was in town on Saturday to attend the funeral of Mrs. Ina Ashby.

Mark McClintock visited his old farm over the weekend and up on a big wall he found a snake skin about six feet long. It is a perfect skin which he brought home for exhibition.

Miss Lora Craig and Mrs. Ernest Marcy walked over to the Craig home in Antrim and spent two or three days last week.

James Gove came home on a twenty-day furlough last Wednesday.

This is iris week and among the many beautiful plants in town I know there are especially lovely ones at Frank Nichols, because I have some.

Mrs. Wallace Wood, Mrs. Maurice Parker, David and Donald Wood were in Boston on Sunday to attend a recital at which David play-

Announcements are in order this week: Mr. and Mrs. Leighton Drewry announce the birth of a daughter at the Concord hospital. and two days later the news was announced of the birth of a son to Mr. and Mrs. Alden Colburn, Mrs. Drewry is the sister of Mr. Colburn. Mrs. John Reade has returned home with her son, Kevin Gregg.

The red Ford convertible, seen about town this past week, belongs to none other than our own Donnie Gregg, now Corporal Donald Gregg, of the Norton Air Force Base, in San Bernardino, Cal. Donnie, with an ex-Air Force friend, Roy Trydell, of Piqua, Ohio, drove on from California with one stop at Piqua, Ohio, in less than a week, leaving the last of May, with about a month's furlough, and the two young men will drive back, leaving in time to make a scenic trip. Fair weather enhanced the trip, the only outstanding event they could remember was when a little girl, for no reason at all, threw a bottle of orange tonic over them. They are staying at "Aunt Bertha's," when not renewing old and making new friendships, dropping in at "Chags," or enjoying parties at Lake Horace. We were pleased to hear that the boy from Ohio admired our many ponds and lakes in New Hampshire. Life in the Air Corps agrees with Donnie, who stands straight and slim, and is bronzed from the California sun, and he and his friend were enthusiastically greeted at the Senior Prom.

Donald's brother, Norman, is also making a place for himself in the life of Weare. Active in the Future Farmers of America, and their Reporter, he was one of two delegates at the annual convention held in Gilford recently, speaking on "Problems of Soil Erosion." He was also manager of the Weare High basketball team, and a member of the Junior class.

Jere Colman, of Cambridge, and former summer resident of Weare, was in town calling on friends this past weekend. Mrs. Colman, convalescing, was unable to accompany her husband.

School closing activities are the most important things in Weare life this week. Starting last Friday night with the Senior Prom, and closing this Friday evening with Senior Commencement. The Senior Prom was very lovely, with the twelve Senior girls dressed in white evening gowns, in sharp contrast to the many colors. The hall was trimmed in gold and white, their colors, with their motto, "Tomorrow is Rich in Promise," in letters of gold on a white background. Sunday was Baccalaureate Sunday, with services at the North Weare church, with Larry Moore, Gordon Russell, class of 1947, was soloist, singing "Rock of Ages," and "Beyond the Sunset," with Junior choir singing "Open Thine Eyes." The little white church was full.

Thursday afternoon is Class Day, when the Senior class Will, Prophecy, Gifts, and usual class day program will be enjoyed, and five numbers by Debussy. Mrs. Ray Gordon was with them.

Mrs. Grace Perry is home after visiting her granddaughter, Mrs. Louise Rocke, in Burlington, Vt.

diplomas given eighteen eighth grade students, with essays given by Wilder Tenney, Jr., and Jane Flanders. Class trips occupied the days: East Weare school planned on a trip to Benson's Animal Farm, Tuesday, North Weare to Benson's, Weare Center school to Pine Island, Wednesday, High and Junior High to Canobie Lake and South Weare. Monday evening Weare Boat club held its regular meeting, making plans for the 1950 Water Carnival, to be held at Lake Horace, Sunday, July 9. This will be bigger and better this year, with boat races, beauty contest, all kinds of races, and of course, hot foods and ice cream.

Weare Civic group is really on its way. Meetings of the group will be held once a month, on the last Sunday evening until further notice; with committee meetings the second Sunday evening of each month. The Home Sites committee, with William Lahey, chairman, has already been instrumental in selling several camp lots. The meetings are open to anyone interested and are full of enthusiasm, and interest.

The Memorial Day program of the North Weare school was given me, but I didn't make the deadline of Tuesday noon. Frank Wheldon has been a faithful reporter of North Weare school news. The program was patriotic, and very good; the highlight of the program for the children was the generosity of their speaker, Wendell Colburn, who gave all the children, and teacher, Mrs. Doris Morse, ice cream.

Rev. Wilbur Kamp, Mrs. Kamp and daughters and "Aunt Hetty," were in town one weekend recently. Although unable to call on friends; frankly there were far too many for the short time they were here, they received many callers, who all reported that the Kamp family were looking fine, enjoying their new home, and also very glad to see their friends in Weare.

# Report On The New School

## Probable School Tax Less Than \$3.00 Would Include New School

The question of how much will the school tax rate for next year be, provided the new school is voted can be determined only when the new valuation for the town is known and when the total amount which the voters decide to invest in a new school is known.

The total operating budget for both school districts together which would be raised by local taxation, as voted at the last annual meeting is known to be \$68,409.17. There will have to be added to this, whatever it will cost for a principal payment on the school bond issue. If the voters provided for a \$150,000 bond issue, the first principal payment would probably be \$8,000

and the interest would be \$3,000 or a total of \$11,000. When this is added to the \$68,409.17 for operating costs, the total annual local tax charge for school purposes would be approximately \$79,409.

The assessors said the town was worth \$2,882,282 last year and if this amount is divided into the total annual school operating cost of \$79,409.17, the school tax rate is about \$2.74 on each hundred dollars worth of property or \$27.40 on each thousand dollars worth of property. The total value of the town changes each year according to the determination of its worth by the assessors.

## Soil Ideal at Proposed School Site

Soil samples from both the proposed school building sites have been examined by the Perley F. Gilbert Associates, architectural consultants to the school building committee and both the Israel lot and the High school lot showed possibilities of substantial foundation soil no deeper than the anticipated frost depth.

At the High school lot, several test pits were dug at intervals of forty feet in the rear of the gym and towards Church street. The pits

were dug to determine exactly what the soil strata would show and also to determine what the moisture conditions were. Examination of the pits show that there is hard pan ideal for building foundations under the whole area which was examined and that in several instances it was less than four feet down from the present ground level. No unusual rock conditions for this area were encountered and the area showed no signs of standing water level, in fact the test pit nearest the lowest spot in the area was still dry as late as Tuesday although it was dug the previous Saturday.

At the Israel site, tests were taken by means of boring and examination of these showed that at the anticipated frost depth, the foundation would rest on packed sand, indicating another excellent site for foundations walls to rest on as far as soil conditions are known.

## New School Vote - June 29

The School Board of the all Hillsborough School District has posted warrants warning all voters in the district that there will be a special school meeting by authority of the Special Session of the Legislature, to be held Thursday evening, June 29, at eight o'clock, in the High school.

Voters will have to choose a moderator and clerk before getting down to the main problem of building a new elementary school.

The first article in the warrant on the subject provides simply for deciding whether or not to build the school. The next article provides for raising and appropriating money to do the job with. This is followed by an article to permit raising the money by issuing bonds and the succeeding article guarantees the legal authority of the school board to issue the needed contracts. Here the voters have been requested to provide for a building committee. Final articles provide for voting on a site selection and for several district officers to serve until next March.

## St. Mary's Has Annual Catholic Charities Drive

This week every family in St. Mary's parish is asked to contribute to the support of N. H. Catholic Charities. Last year the state-wide drive gave Bp. Brady over \$250,000 for Catholic Charities.

To date two homes for the aged have been built and staffed by the Sisters. Over 5,500 children of all creeds were helped in one way or another last year. Since most of the work is done by the Sisters, very little overhead is involved. Anything given will be deeply appreciated.

SUTTON, June 11 — Manager Howard Page's Hillsboro A.C. continued its winning ways as the locals ran up their third victory in four starts by defeating the Sutton Townies by a score of 8-6.

Louis Andrews won the starting assignment and won his first game as he tossed eleven hit ball over the nine inning route. Andrews was troubled with a little wildness in the early innings as Sutton jumped to a 2-0 lead at the end of the second but in the top of the third the Hillsboro bats began to connect and the locals scored four times before the dust cleared away. Andrews struck out five and walked only four while Bridges of Sutton fanned eight and walked two.

The Hillsboro A.C. now has eighteen men on the roster which is the largest in many years. This club has great potentialities and shows great improvement in every contest. Slugging Walt Whitney joined the club last Sunday and made his debut with three hits in four trips, two doubles and a solid single. Kenny Murdough also joined the club and impressed Manager Page with his play while his brother, Everett Murdough, looks very well as a pitcher. For the next game against Weare Raoul Sullivan will join the team. The addition of Sullivan and Everett Murdough gives the Townies a strong mound staff with Jack Rafuse, a natural first-sacker, ready in an emergency.

Plans are being made for a game with a professional team under the lights at Grimes Field. The opponent will be either the Philadelphia Colored Giants, the House of David, or the Cuban Giants. These teams have their own portable lighting systems and contests like this always provide an evening of good, colorful entertainment and some sharp baseball.

Another big event in the Town team schedule will be a big game on the Fourth of July. Everyone is urged to attend and see our local boys in action.

Is it any wonder that we are finding homing pigeons that get blown by the heavy shorms or by hawks. Last week there was a big flight from Charlotte, N. C., to Bridgeport, Conn. Five hundred racing pigeons were liberated by the Railway Express company. How many do you suppose got back to the home lofts?

Can you tell us where we can locate some German shepherd puppies? I have two persons that want them. Must be the pure strain.

This is a horned pout year. Limit catches all around the district. It's too bad the open date comes in

## Fish and Game Club Has Summer Outing

HILLSBORO, June 15 — The Hillsboro Fish and Game club held their first summer meeting and outing at their clubhouse in Deer- ing Sunday, with an estimated 125 members present.

Newly elected officers were installed as follows: Pres. - Don Harrington; sec. - Howard E. Baldwin; treas. - Donald Heath.

Highlight of the day was a demonstration of fly and bait casting by Ralph W. Woods, internationally known sportsman who is tentatively engaged for a return exhibition later in the summer.

May. Should be the middle of June as the pout are full of spawn and that means a loss of millions of young pout.

Last week was a tough week on the dogs. Many a dog was killed outright and many maimed by cars and later consigned to the gas box.

Philip E. Magoon, Sr., of Greenfield reports that pickerel fishing at Otter Lake, Greenfield, is swell. He reports limit catches and one went 24 inches and several up to 20 inches.

A 17 inch rainbow trout was taken from Whittemore lake in Greenfield and Bennington the first of last week.

You poultrymen will be interested in a book, highly illustrated, gotten out by the Lederle Laboratories Division, American Cyanamid company, 30 Rockefeller Plaza, New York 20, N. Y. You poultrymen will be interested in this book.

By the large number of letters I have received there must be a lot of interest in raising mallard ducks this summer. If you have a body of water near your place and you want to enjoy the summer without flies and mosquitoes, get a pair of mallards and you will be free of those pests.

Yes, I know where you can buy some nice trout for that pond. I know of a dozen places, but the

nearest hatchery is at Taunton, Mass., and run by Dick Perry. He will deliver to your pond without the loss of a single fish.

The Forestry Department has started a small zoo of native birds and animals at their new park near Conway. One of the state men was down the other day and I loaded him up with a few birds and animals.

James Proctor, a cousin of mine from Lyndeboro, brings me over a broody bantam hen so I can save a few Golden Pheasant eggs. I need a few more. What have you got?

The snapping turtle is on the loose. Several have been picked up the past week. These big ones come out and lay their eggs in a gravel bank and let the sun do the rest. Every one you get saves a lot of fish. The only real enemy of the snapping turtle is the little black and white woods pussy who just loves those eggs. Last year a man reported finding a nest beside a state road. I went with him the next day and all we found was the shells. A pussy beat us to it.

The dogwood display over in Perham corner has been wonderful. That with the apple blossoms made that part of Lyndeboro very popular.

Here's a real buy for you breeders of game birds in captivity. It's a book by David B. Greenberg, an expert, just off the press. You can get your book from Modern Game Breeding, 28 W. State Street, Doylestown, Pa. The cost is \$95 and well worth it.

Beacon Milling Company of Cayuga, N. Y., gets out a booklet on raising pheasants. It's good. Get yours from them at Cayuga, N. Y. They make turkey and game foods.

Mrs. Day of Milford, who runs a setter kennel, has shipped puppies to the Pacific coast recently.

## HILLSBORO DOWNS RIVAL HENNIKER HIGH 13-1

HILLSBORO, June 8 — Hillsboro High school poured it on to a weak Henniker High nine as they clouted their way to a 13-1 victory in the last game of the season.

Henniker scored once in the first inning on a hit and an error but never threatened after that. Raoul Sullivan went the distance for the Maroon and White as his mates gave him good support at bat and in the field. Walsh, Henniker's only capable pitcher, started on the hill and went four innings before being relieved by Bernie Maillette. Maillette fared somewhat better than his predecessor but the play of the Henniker team was dispirited and sloppy.

This victory gave the Maroon and White a record of six wins and five losses for the year.

Because of the time consumed the game was cut short and called at the end of six innings. The heat was oppressive and the fielders were perspiring freely at the end of the first inning.
