Coming Events

The Historical Room in the Community building will be open to visitors on Saturday evening, August 26, from seven to nine o'clock. The public is invited.

Deering Guild

About thirty members of the Benevolent Society of Smith Memorial church accepted the invitation of the Deering Guild to meet with them on August 16, at the Long House, home of Dr. and Mrs. Daniel A. Poling. The guests enjoyed the paper written by Mrs. John Doe telling the story of our common hymns. Her daughter, Miss Doris Doe, sang two of them, and her other daughter, Mrs. Black, played several on the piano. Mrs. Poling also told a bit about seeing the Passion Play at Oberammergau, and also about the Christian Endeavor Convention, which called Dr. Poling, as president, to Europe at that time. Twenty-nine countries were represented. Refreshments were served.

Accident

When returning from Bradford Saturday night at about 12:30, George Edwards of Concord End who was driving his car with his daughter, Elsie, and her friend, Constance Kulbacki, met with an accident. The lights of an oncoming car blinded Mr. Edwards so that he turned off at one side and smashed into a tree. His knee was seriously injured. Elsie was painfully bruised, and Constance suffered injury to her knee also. Mrs. Edwards was in a car directly behind her husband and helped the others out of the damaged car. Mr. Edwards was advised by a doctor to go to the hospital in Concord, which he did, but came home that same day. He will have to remain in bed for a few days and will probably not work for many more days. The car was so demolished that it is thought now it is beyond repair.

In 1841, according to the Annals of Hillsboro, there were ten dwelling houses at the Center and two churches. Now there are 14 houses, including Mrs. Withington's guest house, two churches, a school house, and a club house. Of course, Mildred Nelson's house is the newest building, having been constructed in the 90's, or soon after. Mollie Hearty's house was originally a barn on the opposite corner and was moved across the street and made over into a store by some one of the Barnes family. The Grayson house was originally the Congregational parsonage and built in 1843 or 1844, by members of the Congregational church. Each member or family bought shares at \$25. each, which gave them two votes in the church council. That was the reason one man became so influential in the church, because when old families died or moved away from town, he bought, or was given, their shares. This house has recently been sold to a family, who it is hoped, will make it a year-round home. The author of the Annals didn't count the houses just as I think he should have, because Mrs. Lawton, whose house stood on the site of the Mildred Nelson home, was living there in 1841, and after. I know because my mother often used to go to see her after she came to live in the brick house. Perhaps he didn't count the Frost house as a dwelling (Continued on Page 6)

HILLSBORO TEACHER

While Students Vacation—Many Teachers Study

Kenneth E. Jewett, Fine Arts Supervisor in the Hillsboro and Henniker school area, is shown above in a pose at University of New Hampshire Summer School where he has just completed six weeks of advanced study in Art and Music Workshop.

The workshop, which was conducted by Miss Frances E. Culver, supervisor of elementary education at Bellefonte, Pa. was designed particularly to help teachers develop teaching methods by which they may best use the services of the school's art and music supervisor. Teachers were actually practicing such activities and were often seen acting in pupil situations themselves. Mr. Jewett, was responsible for providing for many field trips of the group and many of the special study materials which had to be provided.

Other local teachers who have been attending summer school sessions include Submaster Louis J. Shopes, who studied six weeks at Columbia University in New York City. Preston E. Rolfe, Science instructor attended a survey program at Syracuse, New York by scholarship award from General Electric Company.

Miss Ruth Farmer also attended the University of New Hampshire summer school session, and Mrs. Louise Murdough, principal of the Grammar School attended a Boston University Summer Course at Peterboro. Stewart V. McCormack, Superintendent of Schools, attended the University of New Hampshire, Bartlett Lund, Shop Instructor, attended Fitchburg Teachers College.

Antrim Teachers were also well represented in the schools of advanced study. Robert Holmes, John Lawson, Elementary principal, and Mr. and Mrs. Philip Hugney all attended the University of New Hampshire. Mrs. Robert Holmes attended a summer session at Hampton and Charles Young, Headmaster is at New York University.

School Meeting Next Wednesday

HILLSBORO—A special meeting of the voters of the school district of the Town of Hillsborough has been called to be held on next Wednesday evening, August 30th, in the High school building at 8:00 o'clock in the evening.

Through an error the legal notice in last week's paper said 6:00 o'clock. The warrant was posted at the High school, at the Bower Village and elsewhere and was also published Monday in the N. H. Morning Union. The corrected warrant appears on page 6.

The purpose of the meeting is to raise and appropriate the school money with which to operate the Hillsboro schools for the school year which began July 1st and which ends next June 30th. Operating expenses of the schools are such budgetary items as fuel, books, transportation of pupils and teachers' salaries.

Operating budgets for schools are usually voted in March of each year. Last March, Hillsboro had a Town and a Special school district and at that time each district met and voted to raise and appropriate money for an operating budget for its own district purposes. On May 18, the New Hampshire Legislature passed a law which put both districts into one for the whole town. Later the New Hampshire Tax Commission rendered its opinion that the old budgets could not be used for the consolidated district and asked the school board to hold a new meeting to officially raise and appropriate a new budget to replace the two separate budgets. This special district meeting is for this purpose.

The meeting of the district, which raised and appropriated money for the new school is not affected in any way by this new meeting. This budget is for operating expenses for the coming year. The budget for the consolidated district would normally be expected to be quite similar to the

totals of the two separate budgets voted by the Town and Special districts last March, since the whole Town of Hillsborough still has the same total number of pupils and in the end it is the number of pupils which controls school costs. However, the consolidation of the districts will find all 7 and 8 grade pupils going into the High school. This transfer will enable the school board to get along by operating only the Upper and Lower Village schools this year besides the High and Grammar schools. This will necessitate the hiring of eight instead of ten elementary grade teachers. This saving of teacher salaries is offset by new transportation costs, much larger retirement costs due to a new retirement law, and a probable interest charge on the new bond issue.

(Proposed Budget Page 4)

The most beautiful rainbow we ever saw was in the eastern sky on Wednesday evening just about sunset. The thunder shower which brought the most rain for a month, was all over. The western sky was pink fading into a pinkish gray in the southeast. It began to deepen and it was then that we saw the rainbow over Craney Hill. The rose was very deep. In fact all of the colors were. Almost as we watched it began to fade with the setting sun and was gone in a few minutes. Westly Nelson was in Boston on business a few days last week.

Mr. and Mrs. Albert Champagne, Mrs. Annie Davis, Mrs. Maude Douglas, Mrs. Eugene Levesque, Mrs. Alice Farley, Henry Rogers and Fred Connor were in Weare recently to attend Old Home Night of Halestown grange. We were recently mildly scolded because we didn't have a certain item in the paper. There was just one reason it wasn't in the paper slightest idea that this person had and that was because we hadn't been away. That was the point we tried to make recently and apparently failed. It is just not possible for us to contact every person every week. We try to contact those whom we happened to head had a news item. And if no one tells us, how can we print it? Our news work is supposed to be work for our spare time, but in the past few weeks it has taken more than that, and it is impossible for us to continue long at that rate. So we do wish our readers would please cooperate a little more by giving us their news. If the readers enjoy more news our best reward from them would be their news to print.

Mrs. Clarence Edmunds has been attending the 69th national encampment, Sons of Union Veterans of the Civil War and auxiliary in Boston this week.

SENATOR TOBEY

WILLIAM L. PHINNEY, former N. H. Attorney General and ex-F.B.I. agent, says:

"Our Farm Bureau and Grange leaders have commended our Senator, Charles W. Tobey, for his fearless and aggressive and ceaseless fight against the Godless, Russian-inspired menace of Communism.

Knowing Senator Tobey as I do, a two-fisted fighter for the people and a blunt-spoken enemy of Communism and totalitarianism, I urge every thoughtful voter to recognize the vital importance of keeping Tobey on the job in Washington in these crucial and critical times."

Mrs. Mildred London, lecturer of Weare grange, represented Weare at the Lecturers' Conference at Burlington, Vt., last week. About 1,700 grangers, mostly lecturers, were present with Mrs. Ehlers in charge of programs. Many new ideas were brought back, and several talks on the European situation furnished much information for those present, to bring back to their home granges. Vermont night was distinguished with the flag of all United Nations. At the New Hampshire program, Mrs. London presented her specialty act, "Enjoy Yourself," with her own guitar accompaniment followed by a tap

dance, in old-fashioned bathing suit. She will report on the conference at the next meeting of Weare grange.

This year the menu was Italian spaghetti, with salads, and a birthday cake in green, white and brown, made by Mrs. Nichols.

Since last week's paper, the long summer drought in Weare was broken by heavy rains, starting with a thunder shower which was so close that the lightning came in the Andrews home in South Weare, hit a metal bed, leaving a hole like a bullet hole in both bed and wall. It tore the walboard, ripped off boards outside and split a rafter, also started a fire in bedding and curtains, making a call to the fire department necessary. Mrs. Andrews burned one hand, for which the firemen applied first aid before taking her to a nearby home. Not much pecuniary damage was done, fortunately, thanks to a wide-awake fire department.

The Sunday night sing was held this week at the home of Mr. and Mrs. Crandall Wallenstein.

Mr. and Mrs. Leon Reade and daughter, Gertrude, have returned from a visit with friends in Philadelphia.

The Turner family reunion was held Sunday at the home of Mr. and Mrs. Arthur Rice, at South Weare. Plans were made for a picnic lunch out of doors, but on account of the rain tables were set in the house, for nearly thirty, where dinner was served about noon, as many of the relatives had driven from as far as New Bedford, Mass. After a leisurely meal, with many reminiscences, and renewing of family ties, the party broke up in mid-afternoon, as many were quite a distance from home. Attending from Vermont were Marianna and Marion Warner, Richard, Alice, Joyce and W. L. Turner, Mr. and Mrs. Percy Dow, Mr. and Mrs. Lloyd Turner, Mr. and Mrs. Leon L. Turner and son, Leon, Ruth S., Joan Ann, and Harry W. Turner, all of Middlebury, Vt.; Mr. and Mrs. Harry Youtt, of New York; Mr. and Mrs. Clarence Turner, and Kathryn and Richard E. Turner of North Dartmouth, Mass.; Mr. and Mrs. George Davis and Wanda Kesinki of New Bedford, Mass.; Mr. and Mrs. Arthur Turner of Goffstown. About twelve other members of the Turner family were unable to attend.

The third in the series of services at the South Weare church was held Sunday morning, with Rev. Edward McGlenen minister. Oscar Straw was soloist, singing, "My Task," and "Love Divine." Flowers for the service were brought by Miss Mabelle Jacobs. Two children were chistened at the close of the services, Dale Everett Chase, son of Mr. and Mrs. Everett Chase, and Bruce Wendell Merrill, son of Mr. and Mrs. Charles Merrill, each child being presented with a red rose by Rev. McGlenen at the end of the impressive christening rites.

Mrs. Ella Jones accompanied by her son, Charles, and grandson, Russell, from Portsmouth, attended Old Home Day in Acworth on Wednesday.

League Information Service

by GLORIA HINES, for League of Women Voters of Hillsboro

The following are exact quotes from the questionnaires which were sent out to the various candidates seeking political office, Federal, State and County. Questions here are of two kinds, one for the candidate for County office, and the other for the Candidate for State and Federal office.

Question A: (County, until otherwise designated)--What suggestions have you toward more efficient and economical administration of County Government?

Question B: What do you feel

is our greatest County problem?

Question C: How do you feel about placing all police, (state, county and town) under one central state authority?

Answer: John J. Broderick, candidate for Hillsborough County Solicitor:

Answer A: "The Judicial Branch of State (County) government is operating efficiently under a very heavy work schedule. I believe that the work program now placed on our Superior Court Justices should be relieved by appointment of additional Justices. This would assist in expediting disposition of Court Cases.

Answer B: "Insofar as the County Courts are concerned this is discussed in question number 1.

Answer C: "I do not believe that it is necessary nor am I convinced that it will be more efficient nor economical. Under present arrangement towns receive assistance from State Police when required or requested, and City Police normally do not require State Police assistance--but it is available if necessary. The cooperation between State Police and Hillsborough County Law enforcement officials has been excellent."

Answers from Donat Corrivue, Candidate for Registrar of Deeds, Hillsborough County:

Answer A: "We have a New Hampshire County Association that meets two or three times a year to talk over our problems in the exchange of views toward more efficient and economical administration of County Government."

Answer B: "No.-I do not believe in centralizing of Government powers--I will eventually invite too much dictatorial authorities. Each City and Town have different problems and its citizens are in better position toward its solution. I believe in HOME RULE."

Answers from Conrad H. Bellavance, Dem., Candidate for Registrar of Deeds, Hillsborough County:

Answer A: "I believe the County Government should operate on an itemized earmark Budget -- a broken down Budget showing all of its expenditures."

Answer B: "I believe that one of our problems is that too many County elected offices seek too many consecutive terms. I don't think it is good for any Political Party to be in power too long. It cuts down on efficiency."

Answer C: "I believe this question is a good one and should receive a good deal of attention and study to see if it is more economical way to operate our County Gov."

A postscript on Mr. Bellavance's questionnaire: "I am at present President of the Board of Aldermen in the City of Nashua, N. H.--also Chairman of the City of Nashua Dem. Committee. I have always believed in a very close economic business way to operate. I do not believe in city managers."

Questions for Candidates for Federal and State offices:

Question A: What solution would you propose to our state financial problem?

Question B: What is your stand toward State Aid to Education?

Question C: List plans you have for the improvement of the District you hope to represent.

Answers from Russell V. Wadleigh, Rep. Candidate for Representative to the General Court (State Legislature) from Hillsborough, N. H.:

Answer A: "In order to maintain a balanced budget, I do not deem it necessary or desirable to cut appropriations for public schools, the State hospital or other important institutions. Last year the Legislature, while making considerable progress toward reorganizing the government along lines of economy, did so at the expense of these most important State responsibilities. Among the programs curtailed, was state aid to public schools and town roads. This particular "economy," of course, saved the taxpayer exactly nothing since the burden was merely transferred from state to local taxes placing an especially unfair tax load on the smaller town where there is less taxable property."

"The Timber Tax exemption is another piece of legislation which has proved burdensome to the small town taxpayer in general. Certainly it is important that timber growing be encouraged, never-the-less, it is neither practical nor fair to do so by placing an extra load on other equally vital, already heavily taxed industries."

"I sincerely believe that it is both possible and essential to achieve economy through efficient functioning of the governmental machinery rather than through curtailment of vital funds. Further, in spite of the legislatures best efforts to economize, it should prove necessary to impose additional taxes I would vigorously oppose a sales tax on food or head tax until all other possibilities had been exhausted."

Answer B: "I am definitely in favor of state aid to education."

Answer C: "I will vote for any bill designed to encourage new industry in N. H., for example: Elimination of the stock-in-trade tax which particularly burdens the textile industry, so vital to Hillsboro."

"I would favor an appropriation for the State Planning and Development Commission to be used to encourage new industry to settle in N. H."

"I would favor state aid to public schools and town roads."

More Candidates' answers to their questionnaires next week.

Letters To The Editor

Hillsboro N. H.

Sir:
The statement in your editorial that the American system of private enterprise was brought over from Europe is illogical and does not require much of an answer. It seems to me that we would not need a Marshal Plan or ECA if that was true. Before 1787 this country was a series of colonies of Great Britain, in large part, and had not developed the system which we call American private enterprise. For nearly a century and a half it was an agricultural economy, dependent upon imports for manufactured goods. After the great charter of freedom, the Constitution of the United States, was written and adopted, the genius of the breed of men who had settled this new country, asserted itself. The New England shipping industry, with American clipper ships that traversed the oceans in the fastest time ever recorded, brought great prosperity to these shores. The jealousy of the English over these developments of shipping, manufacturing, and importing caused the friction in 1812 and was apparent in the Civil War years later. Mass production was a later American innovation. It could never have happened in Europe. Prior to the Revolution, in European countries, a business was operated by the grace of the ruler of that section where he lived. The kings of England, France, Spain, the various German and Italian states, were despots and the countries, totalitarian. The common man lived as a vassal of the ruler and had no "rights". Whatever he had, his person, lands, money, jewels, family, were the property of the ruler and could be taken from him at any time. Remember the Hessian soldiers in the Revolutionary war? Their services had been sold to the British by the ruler of Hesse, a German state. This country gave the common man a signal to do his best for himself with no cuts for rulers and politicians, so we developed big "Robber Barons," Elias Howe, Robert Fulton, Singer, McCormick, Deering, Ford, Rockefeller and so on, ad infinitum. If any of them caused suffering to many American people, it passed unnoticed, as millions shopped from Europe to these shores. The DuPont company purchased the rights to manufacture and market cellophane from the French inventors of the product. Cellophane was introduced to the American market by a New York partnership in the paper business in 1922. I was their banker and helped to bring in a moderate amount of the new product to be sold to the candy industry. At that time bread and other bakery products, tobacco and other merchandise requiring the maintenance of a certain moisture content used a waxed paper made in this country. Within two years, all packagers of such material indicated an interest in cellophane, which was the motive behind DuPont's purchase. DuPont's manufacturing facilities were adaptable to cellophane production without much change. Several million dollars went to my customers for their contract. I can not see any social harm in this procedure even if a monopoly, because DuPont made the product more plentiful and a great deal cheaper. I have heard the same illogical argument in connection with the aluminum company who made that metal a cheap product by bringing it to mass production from a laboratory experiment costing many dollars a pound. The successful corporation is a totalitarian empire, it cannot function as a democracy.

Decisions, right or wrong, have to be made quickly. If the workmen in them should have control it will perish. Such is the record. Sir Stafford Cripps is finding it out on a governmental scale in Great Britain. The socialist is a discontented man, and hates success, is envious of those lucky individuals whose particular talents bring them great material comforts. He by nature, cannot be a successful leader and hew to the line of his teachings. He has to be a despot to succeed in his undertaking. Socialism is the acme of perfection in this imperfect world, cannot be made to work successfully. We must wait until we get to Heaven to see such perfection.

yours truly,

Harry M. Bucklin

Mr. Bucklin says our statement that the American system of private enterprise was brought over from Europe is illogical. It may be illogical, but surely the Indians didn't originate it. The first colonists were the Pilgrims who were dissenters in philosophy. Unlike the Puritans who sought to modify or "purify" the English church they wanted to have their own church. (America has since developed over 200 religious denominations.) Their reformers were small businessmen, craftsmen, artists, shopkeepers who got on the wrong side of the track by reading the Bible and interpreting it themselves. They and the Puritans combined forces to fight the evils of the feudal system which you will remember resulted in the decapitation of Charles I and the formation of the Cromwellian Commonwealth. I think most people will agree that we received our system of law from the English, our science from the Greeks, our principal religion from the Jews. Ours is a European culture.

It was from these groups that the culture of the American was derived and in America where it reached its greatest fruition.

In regards to aluminum, it was my impression that World War II found the U. S. in a very short position. It seemed that in order to keep prices up the monopolists held back expansion of the industry. The housewife paid dearly for her sauce pans, the U. S. had little aluminum for airplanes.

Your observation regarding socialists is most interesting. Unfortunately most of us can't wait until we get to Heaven.

—J. V. H.

There never was found, in any age of the world, either religion or law that did so highly exalt the public good as the Bible. —Bacon

EDITORIAL COMMENT

OPINION OF THE BOARD

If there ever was a time to do some basic thinking about the schools, that time is now. With the costs of school support mostly a local tax problem, it behooves us all to see that the tax dollar goes as far as possible, at the same time maintaining the type of schools and teachers our children are entitled to. Your presence at the school meeting August 30, 8:00 p.m., can mean much.

In our opinion one of the school board failures (this board and preceding failures) has been the failure to adopt an equitable teaching salary schedule. Secondly, the failure to publicly state teachers salaries in the school reports is unfair to the teachers and to the man who pays the bills. It is hoped that this will be rectified by the board, and if not by them, then at the next annual meeting. Instructions to the board might possibly be made as amendments to the adoption of the budget at the coming special meeting.

In my opinion the board is wrong not to have public stated meetings. I do not intend to argue the matter further with the board at this time, but they may be assured that if need be I shall be a candidate for the board and shall further urge the election of board members favoring public stated meetings.

Center-Clinton

The Ladies Aid Society of the Center Congregational church will meet in the vestry, Wednesday, August 30, at 2:30 p.m.

Paul Stacey from Boston is visiting his sister, Mrs. Herbert Bryer. George Lewis, Jr., is recovering from bruises caused by a fall from a load of hay.

Mr. and Mrs. George Staples from Somerville have been at their Gregg Lake cottage while Mr. Staples was on vacation.

Camp Sachem and Birchmere will close within a few days after a busy and successful season. Both camps have had a record attendance and an unusually fine program of activities has been carried out at each camp.

Sachem is operated by Lexington Mass., Boy Scout Council. Birchmere is a private camp for girls who come from Westchester County, New York.

The Harold Fleming family has been at their Gregg Lake home and Mr. and Mrs. Howard from Annapolis are at their summer home.

Time-Place-Fact

by Jeanne Eccles

With so many fine Girls' Camps and Boys' Camps nearby, Hillsboro proper, these last few weekends, has been a busy place with mothers and fathers visiting their young people attending these camps. Many lines of endeavor, industrial, educational, and artistic are represented by this group. Frank Engli of Haver-straw is just one in the latter group but he is also tops in it, being rated America's finest free hand lettering artist, and is also right hand man to Milton Caniff, cartoonist of the syndicated cartoon strip "Steve Canyon."

In another week or two our blond and lovely Phyllis Bond, who has been visiting the Edwards will be back to the work a/d day world and the city's turmoil. She has posed for us several Wednesday evenings and we have named her Hillsboro's Bicycling Chamber of Commerce, for she certainly is one of the towns most ardent boosters.

A group of us drove over to Marlboro the other day to see the Keble Creative Artists 2nd Annual Exhibition at the Community hall. Over 70 paintings were hung including two fine landscapes by Marion Ladd Symmes of Antrim and a small oil portrait of Jimmy Dowling entitled "Oldtimer," by myself, that won your vote at our own 3rd Annual-Neighborhood Portrait Show last June the 13th. Two statues of carved wood by Robinson of Bradford created a great deal of comment.

They were cleverly conceived and beautifully finished. He has a way of using the grain of the wood to bring out his ideas.

Edna Weiss and Judge Derby

have both donated green shades to the Wednesday Evening Painting Group. Also another folding camp chair has made its real appearance. When the class is large some of us still have to hang up on a nail or kneel on the floor, both good for us but a little hard on us thin boned ones.

TIME: Every Wednesday evening 8 to 10 p.m.

PLACE: Cellar Studio, Valley Hotel.

FACTS: You are welcome as a worker or a visitor and Stuart Bruce is our instructor.

If you wish to join the afternoon block printing class - contact Gertrude Davis at the Chimney Corner. This would be a good chance to make your own Christmas cards. Now is the time to start.

Richards with his King's Herald Quartet of Los Angeles, California. This group are on the Voice of Prophecy radio program.

Mr. and Mrs. George Beckner of South Lancaster and Mrs. Edna Bullard of Texas visited Mr. and Mrs. Harold Farnsworth and family Tuesday.

Not having gone to San Francisco, Mrs. Harold Farnsworth did not return from there as was printed in last week's Washington news column. In as much as I, a correspondent, think it rather important that my husband proof read my items, I think it might also be a good idea to have all news items proof read at the Messenger Office. Have noted many errors which are not the fault of the correspondents. (Our correspondent is right, a new proofreader is needed at the Messenger Office. The item re: Mrs. Harold Farnsworth, was taken by us from a news story in the Argus-Champion. Mrs. Farnsworth, church press secretary made the report about the meeting, but did not attend.)

On Sunday morning at 11 o'clock Lovell grange will attend the service at Washington Congregational church in a body.

Lightning entered the cottage on Millen pond owned by Mr. Albert Crandall one day last week. It traveled around considerably and did quite a bit of damage. Mrs. Crandall, who was sitting near her radio at the time, narrowly escaped serious injury, as the lightning traveled right around her.

Miss Jeannette Hurd, Mrs. Alice Brown, and Miss Susan Bartlett reluctantly returned to Medford, Mass., last Sunday after spending two weeks vacation here.

Mr. Harry Newman is employed in Hillsboro by B. E. Newman Plumbing Co.

Mr. and Mrs. Herman Woods of Peterborough are enjoying their vacation at Millen pond.

house, because it was never lived in except in the summer.

Mrs. Rickard, librarian of Fuller Public Library, reports the sale of worn or duplicate books as very satisfactory. There are still some more to be sold at an unbelievably small price, beginning at a nickel apiece. Mrs. Rickard and patrons of the library last week enjoyed a very beautiful bouquet of roses that came from Dr. Whitney's garden.

Hillsboro people too numerous to mention, helped Hancock and Deering celebrate their Old Home Days last Saturday. They enjoyed the very fine parade at Hancock and the different events in the afternoon, while others went to Deering and enjoyed the dinner at noon and the program given in the Town hall in the afternoon at which Dr. Daniel K. Poling was the speaker. The band from Contoocook gave pleasure to many after the first startling chord which made more than one person jump. A group of girls sang very well.

Mr. and Mrs. Wilfred LaPlante, whose home is near Edmonton, Alberta, are visiting his sister, Mrs. George Bailey, R. N. She has two other brothers living in the Province of Quebec.

Miss Ella Gross of Cambridge, Mass., has been spending her vacation with her mother, Mrs. Walter Gross.

Mrs. Ralph G. Smith of Wellesley, Mass., visited Mrs. John Grimes a few days last week. When she returned on Sunday, Mrs. Grimes accompanied her for a short visit.

Mrs. Carl Harrington is enjoying a two weeks' vacation from her duties as bookkeeper for the local telephone company. One day last week she had breakfast with her niece, Janet Tasker, at the Grand View Hotel at Hampton Beach.

Mr. and Mrs. Stanley Borden Brown (Virginia Brown) and 3-year old son, Peter, and Mr. and Mrs. George Robinson, Jr., (Dorothy Brown) visited their sister, Phyllis Bond, Sunday. Phyllis has been staying at the George Edwards home for the month of August. All the girls are very fond of Hillsboro, as they went to the Center school for several years while living in the house now owned by Charlie Murdough.

Mr. Charles Thompson, who left School street soon after his wife's death, for his home in Milwaukee, Wisconsin, is now living there with his son. He is hoping to spend the winter in Florida.

Mrs. Helen Stanley is spending her vacation at the home of her niece, the former Vera Oski, in New Britain, Conn.

Mrs. Harrie Dunsmoor, of Boston is visiting the Flints of Church street, this week.

Mrs. Francis Stasulis (Marilyn Colby) has joined her husband in Manchester in their new home on the Goffers Falls road. Mr. Stasulis has a permanent position in Manchester now.

Miss Ina Talbot of Norwood, Mass., is visiting Miss Ethel Farley at Concord End for a few days.

Dr. Phoebe Clover and aunt, Mrs. Elizabeth Tyler, of Westfield, Mass., spent the weekend with us, the first stop on their trip to the beaches and the White Mountain.

The Perrigo's (Constance Foxcroft) are the parents of a baby born early this month.

The Misses Ruth Ryley and Rosamund Cole, spent last week in Nantucket. The hurricane must have come too near in Nantucket for real comfort, but perhaps the girls were home by then.

We have had plenty of weather the last week. To every one's delight, several showers gave us more rain than we have seen for many weeks. We could have dispensed with some of the thunder which was almost continuous on Wednesday for more than an hour, but the rain of Sunday was especially welcome.

Elmer Cahoon and family of Winthrop, Mass., visited his brother, Ernest, the weekend.

Mrs. Elsie Fletcher is restricted to the house by illness. Her sister, Miss Lucretia Crane, is caring for her.

Last Sunday was reunion of Teachers and Pupils of District 5. Rev. Gardner Anderson preached an appropriate sermon in the morning. Purling Beck grange served lunch at Grange hall and there were exercises at the schoolhouse.

This is also the one hundredth anniversary of the present schoolhouse, which occupies the approximate site of an earlier one.

The one hundred-fiftieth anniversary of the organization of the Baptist society in East Washington will be observed next October. Plans are being made for a suitable observance.

Plan First Meeting of N. H. Unit Jackson Memorial Laboratory

DEERING, Aug. 17 — Dr. Clarence C. Little, Director of the Roscoe B. Jackson Memorial Laboratory, will address the first organization meeting of the New Hampshire Chapter of the Jackson Laboratory Association, which will take place at the home of the chairman, Mrs. Francis Rigney, in Deering. Mrs. Little, who is the author of the Jackson Laboratory Newsletter, will also attend, as will Dr. Arthur S. Adams, President of the University of New Hampshire, who is Honorary Chairman of the New Hampshire Chapter.

Mr. Robert A. Gantt, National President of the Jackson Laboratory Association, sent the following message to the Committee:

"I regret that I cannot be present to welcome you personally at this time into the Jackson Laboratory Association, and tell you of what critical importance your help to the Jackson Laboratory will be.

"In this situation of threatening global war, the Jackson Laboratory's unique and indispensable work stands out as a bulwark, scientifically and spiritually. Wartime developments in medicine, including the vast new field of atomic research, are more dependent than ever on Jackson Laboratory's pure in-bred strains of mice. And the example of the selfish, unrelenting search for the causes of man's worst ills, taking place day in and day out at the Jackson Laboratory, is constant reminder of the constructive forces we have in our power to use.

"We welcome the New Hampshire Chapter to our Association and will count on it to organize the Laboratory's many friends within the State to help in every way they can."

The New Hampshire Chapter is among the first seven that have so far been organized.

Membership in the Jackson Laboratory Association is by invitation only, and is extended to those who give continuing voluntary services and/or financial support to the Laboratory. Over 400 persons have received membership since the Jackson Laboratory Association started functioning on December 1, 1949.

Non-Partisan Candidates' Meeting Band Concert Will Be Double Feature

ROSCOE WESTON WILBUR

BENNINGTON—Roscoe Weston Wilbur, died at his home in Bennington, late Saturday evening. He was born in Raynham, Mass., November 3, 1877, son of Eliza Jane McIntire and Otis King Wilbur. At an early age Mr. Wilbur entered E. Raynham Tack factory at Raynham, Mass., later entering Atlas Tack factory at Fair Haven, Mass.

Mr. Wilbur was a successful businessman for 42 years, manufacturing special wire nails. He started his own business at the age of 21 and had plants at Killingly, Conn., Windham, N. H., and Hubbardston, Mass., where he also served as a selectman for several years. Because of ill health Mr. Wilbur retired about ten years ago and moved to Bennington. He was a member of the Raynham Center Methodist church and the Masonic lodge.

Besides his wife, Mildred Louise (Wead) Wilbur, he is survived by two sons and one daughter, Otis E. Wilbur of Pittsford, Vt., Mrs. Helen E. Walker of North Reading, Mass., and Roscoe W. Wilbur, Jr., of Bennington; seven grandchildren.

Language is the only instrument of science, and words are but the signs of ideas. —Samuel Johnson

HILLSBORO—Thursday evening, September 7, 1950, at 7:30 p.m., is the date which has been set for the Band concert followed by a non-partisan candidates' meeting -- the place, Grimes Field. Candidates seeking Federal, State and County offices in the September 12 Primary have been invited to speak, and it is expected that at least ten candidates will be present to preview their platform. In case of rain, both the band concert and the candidates meeting will be held at the High school. In either case, plenty of seats will be available.

The candidates for political office are as eager to present their views in person to the voter, as is the voter to know what manner of man he is putting into public office. Here is a splendid opportunity to hear and question the candidates personally on the issues which are of major importance to you. Shortly before the primary, the voters will find in the stores in Hillsboro copies of questionnaires which have been answered by each candidate.

The League of Women Voters, sponsors of the Candidates meeting, is grateful to the band members for their cooperation on this occasion. There was a postponed band concert, so that this one will not be the last.

Don't believe hearsay concerning what the candidates think -- Come and hear for yourself!

at 11:15 a.m., the Rev. Thomas Old Home Day service. All welcome to these services.

At the Water Pageant there will be four to six events. \$2. prize for each one. Refreshments will be served at the S. of U. V. hall during the Friday night dance and Saturday a.m., after the parade; also Saturday p.m., and Sunday p.m., at the ball grounds and Saturday night at the Town hall.

Anyone wishing to enter their doll carriages in the parade contact Mrs. Helen Powers. Our dollar prize for the best one. Also anyone wishing to enter their bicycle or tricycle contact Dickie Skinner, prize \$1.

Don't forget entries for the races contact Walter Cleary by Friday.

The parade forms at the playground, march as follows: Down Hancock st., to Town — around acre, down Main st., to school, up Frankestown st., to Eaton ave., to Main st., by Edmund's store to Town hall where prizes will be awarded.

At 10 a.m. Perley Fitts will address the crowd. Aren't you lucky to have the chance to listen to Perley Fitts?

Sullivan Returns to Local Line-up, All-Stars Challenge Town Team

by JOSEPH M. EATON, JR.

HILLSBORO, — A driving rain forced postponement of the Hillsboro A. C. New Boston game at Grimes Field last Sunday. This game has been tentatively rescheduled for Sunday, September 3.

Manager Page expects to face New Boston with Raoul Sullivan on the mound and a revamped line-up due to the loss of Norm Bosse. With Walt Whitney doing the receiving and Sully on the hill Page will have the same battery that did so well in high school.

This coming Sunday the Hillsboro A. C. is expected to play an exhibition tilt with an undisclosed team.

Donald Grimes, Manager of the Henniker-Hillsboro All-Stars has informed your writer that his club wishes to play the Hillsboro A. C.

anyplace, anytime. When this was brought to Manager Page's attention he said that his team could not play a loosely organized team that does not have uniforms in a regular game. However, the Townies will clash with the club on a weekday night in a five inning practice game. The All-Stars are undefeated to date and might give the Pagemen a stiff battle.
