Local Young Farmers Win Top Honors

The Young Farmers 4-H club of Hillsboro and Deering started out the 1950 Fair season by attending Hollis Fair last Saturday. There they won all the principal awards offered in the Hillsboro County 4H competition. Wayn Wilson was selected as winner in the Dairy Fitting and Showmanship contest. He received the coveted prize of purebred Ayshire calf donated by the Nashua Kiwanis club, also two blue ribbons and one red ribbon on his Holstein heifers.

Henniker Reporter Hears Snake Story of Year

HENNIKER — The snake story of the century was told to us this week. We give it here exactly as it was given to us. Roger Coombs uses an old ice house for his garage, so that the walls are double and filled with sawdust. Some of the boards were rotten so Ben Morrall and Edward Fisher were repairing them. In this sawdust they found and killed two checkered adders about three feet long, and by actual count they killed 40 babies said to be about eight inches long and then counted 100 eggs which were not yet hatched. The eggs were about twice the size of a robin's egg. Several of the baby snakes escaped before they could kill them. One of the large snakes put up quite a fight but the other was easily killed. We think Dodge Hill should be called Snake Hill.

Marion Janet Ryan Charles Fisher Weds

HENNIKER — Miss Marion Janet Ryan became the bride of Charles Frederick Fisher on Saturday morning, August 26, at 10 o'clock in St. Theresa's church when the double ring ceremony was performed by Rev. Francis Butler. She was given in marriage by her father, Arnold J. Ryan, and Mrs. E. H. Jameson played the wedding march. The church was decorated with bouquets of mixed gladioli.

The bride wore a fitted white satin gown, with a skirt of four gores, falling into a satin train. The bodice had a nylon net yoke, with satin covered buttons down the front, and long pointed sleeves. She wore a white satin bonnet with orange blossoms and a finger tip veil. She carried an old fashioned bouquet of white gladioli and sweet peas.

Her sister, Miss Dorothy Ryan, as maid of honor wore a pale green frosted organdy gown with bouffant skirt and shoulder cape. She wore a wreath of flowers in her hair and also carried an old fashioned bouquet of mixed flowers. James Power from Boston, uncle of the groom, was best man. T. Edward Fisher, brother of the groom, and Arthur Ryan, brother of the bride were ushers.

The mother of the bride wore a green dress with white accessories and a peach corsage of gladioli. The mother of the groom wore a black print dress with black accessories and a corsage of lavender gladioli.

A reception for relatives and close friends was held at the home. The guest book was in charge of Mrs. Richard MacLeod.

Mr. and Mrs. Fisher left immediately on their honeymoon. Mrs. Fisher wore a flamingo red gabardine suit with white accessories. Her corsage of white gladioli was from the center of her bridal bouquet. Upon their return they will live in the apartment of Mr. and Mrs. Albert Rush.

Mrs. Fisher, who is the daughter of Mr. and Mrs. Arnold Ryan, was graduated from Henniker High school in 1949. She attended New England College and is employed at the Rock Garden.

Mr. Fisher is the son of Mr. and Mrs. Thomas F. Fisher. After attending the local schools he joined the Seabees in World War II and served four years, mostly in the Pacific Theater. He is now a student at New England College.

The classes for rug hooking will not begin until September 12th as the teacher, Mrs. Frank Bush, of Claremont will not be back until that time from her vacation. Unless the plans are changed by Concord office, the classes will be on Tuesdays at the Lower Village Chapel, beginning at 9 a.m., and lasting until 4 p.m. Picnic or pot luck lunches will be the order of the day.

HILLSBORO—Voters of the Hillsboro School district at the special meeting last night adopted a budget of \$80,972.92, a reduction from the boards proposed budget.

Richard Withington made the motion for the school board's budget of \$82,570.92.

(The amount to be raised by local property taxes is \$65,044.32, deducting estimated income other than taxes).

At this point Atty. R. Wayne Crosby took the floor and made an amendment to the motion that the board publish in the Town Reports each item of disbursement as to date, amount, recipient, and purpose. In discussing the amendment Mr. Crosby said it was customary for other units of government to give itemized reports.

The amendment was carried with no dissenting vote audible.

Atty. Crosby then asked several questions of the school board as to transportation costs which were answered first by Andrew Sargent, chairman of the board, and then by Stewart V. McCormack, superintendent of schools. Mr. McCormack said that the \$3,800 asked by the board for transportation represented what the board believed would be the cost of transportation with a possible margin of \$100 for unforeseen additional costs.

The item "probably first interest payment of \$1,600." (for new school) was also questioned. Mr. Crosby declaring that in view of rising costs and shortages because of the war it would be improbable rather than probable that such an expenditure need be made in the budget. Mr. McCormack stated that more information as to costs would soon be forthcoming from the architects and that he hoped the building committee will send out bids by September 20th.

Mr. McCormack then read a list of teachers in alphabetical order giving each teachers' salary. This was requested by Mr. Crosby, who said he didn't want to do all the talking if others wished to have the floor.

Mr. McCormack said that he would like to see the teachers and board next spring draw up a salary schedule to be presented to the annual school meeting, indicating that a schedule would be desirable.

Mrs. Georgianna Gile then questioned the fairness of paying a new elementary teacher \$2,400 when the present teachers (one who had a degree) received \$2,200. She said it was unfair and discriminating.

Others who questioned the board or discussed the budget were Norman Murdough, Mrs. Raymond Davis, Walter Sterling, and Russell V. Wedleigh.

Mr. Crosby amended the article in the warrant further, substituting the figure of \$80,970.92 for the proposed figure of the board, \$82,570.92. Mr. Martin questioned Mr. Crosby as to how the board was to pay the interest payment when due. Mr. Philip Dyer, Sr., also spoke in opposition to the amendment.

The amendment by voice vote was then declared lost by moderator Robert S. Boardman. A division of the house was called for and a standing vote showed the amendment was carried by a vote of 49-26. The article as amended was then adopted.

The baseball games on Saturday and Sunday afternoons were hard fought but B.R.A. lost both times. Peterboro Verney 8, B.R.A. 5; Antrim 4, Bennington 0. Good games however even if we did lose.

BOARD ACCEPTS WHITNEY BUS SERVICE TRANSPORTATION BID

Fill Two Remaining Vacancies

HILLSBORO — A joint meeting of the Hillsboro school board was held with the Windsor school board Monday evening to open bids for school transportation service. Lowest bid of \$18.50 per day for services for towns of Hillsboro and Windsor was submitted by Whitney Bus Service and accepted. A feeder line from East Washington boundary to Upper Village was granted to T. Bullen at \$3. per day. Another feeder line from George Edwards to the Center will be serviced at the rate of \$1.50 a day. It was agreed that the town of Windsor would pay \$4. per day of the share of the Whitney Bus Service charge.

The two remaining vacancies in the teaching personnel were filled as follows: Mr. Webster White, Jr., graduate of the University of New Hampshire with two years teaching experience was elected to the High

school faculty to teach English and Biology; Mrs. Pauline Hubbard, also a graduate of University of New Hampshire with previous experience in Beverly, Mass., was elected to fill the position of 2nd grade teacher, formerly held by Mrs. Hutchinson, who has recently accepted a position in Goffstown. The first regular board meeting of each month will be open to the public and will be held on the first Monday at 8 p.m., at the High school. All persons interested are welcome to attend and discuss any matters pertaining to the welfare of the schools.

On account of next Monday being Labor Day, the Sept. meeting will be held the following Wednesday evening.

Enters Training

If you want to start on a subject good for at least one evening, just ask most any one in Weare how their garden is doing. All but a few will answer, in various degrees of discouragement, that they are harvesting what is left after the deer, woodchucks, rabbits, hedgehogs, coons, even stray cows, or dry weather have taken their toll. East to west, North to South Weare, the wild animals should be in very good condition this fall. It's about time for the pheasants and bluejays to start on the corn. For those not "in the know," deer will jump a five foot fence, to munch on

green beans and swiss chard; coons and "hogs" will tramp down corn, shred the husks and eat every kernel. Chucks dig under fences like everything, and I guess, eat anything except lima beans. Damp and moonlit nights they enjoy every minute eating. The only favorable animal I heard of is the much-maligned skunk, who won't bother gardens, and will drive rats away.

"When the Moon Comes over the Mountain," is the real thing to Mr. and Mrs. Ren Philbrick and nephew, Richard Larsen. To see the full moon rise beyond the dark

Lake Horace, the reflection making a golden path, on the deep-toned water, makes any of us just gaze and sigh at the sheer beauty. The Philbrick home commands a full view of the Lake, even beyond Peaslee's camp, and with the moon directly over the pond, even the most practical folks are softened. The Philbricks are very happy to see the new road in front of their house, as are hundreds of other people who go to Chase Park. The road has been widened, cutting into the bank almost to the Philbrick driveway, and at present a good gravel surface, and a big improvement. With the many cars on the road, at times there was a solid line parked on the Philbrick side, waiting for traffic, as it was only two cars wide. People were very patient, and waited their turn, unlike in traffic blocks, but will appreciate the improvement.

Weare band held its final scheduled concert at Chase Park Sunday afternoon, with good attendance. The band has made itself a good reputation, and many people from nearby towns follow its concerts and lawn parties. Frank Davis, president, is very proud of "Our Band," and has worked hard on all details, from engagements and programs to uniforms. The black ties with white WB. add a great deal to the black and white uniforms. Mrs. Audrey Davis has sung with the band several times, requests being "The Anniversary Song," "Dear Hearts," and "Now is the Hour." Henry Plantier and his son, Normand, have been featured, with their trumpets. Sunday Marian Werden, only 18, was presented a bouquet from her fellow band members, a surprise birthday remembrance. Mrs. Davis singing "Happy Birthday." The band year will close with a supper this fall, but by February Mr. Davis will again be mapping out the next year's work. He feels sure that the 1951 band will be the same group as this year. Although little pecuniary gain was made, the entire band feel that 1950 was a successful season, working together harmoniously, with listeners happily satisfied, more than balancing the practical side.

With Labor Day in sight, all minds turn to schools. Weare school children go back to the same not too satisfactory buildings, with larger enrollments, and change in age groups. The teaching personnel is about the same, Gordon Traver, headmaster; Mrs. Pearl Lamber,

Dorothy Reilly and Lester Rysnik at the High school; Mrs. Verna Sawyer at South Weare; Mrs. Doris Morse at North Weare; and Mrs. Reita Davis at East Weare. Mrs. Georgianna Gile replaces John O'Brien at Weare Center, and Miss Betty Purington, daughter of Mrs. Elsie Purington has been added to the staff, assisting Miss Bacheider with grades 6-7-8. Schools open Wednesday, Sept. 5, bus routes being the same as last year, and High school pupils transported to the capacity of the bus, those living far from school having preference, (if necessary).

North Weare will have grades 1, 2, and 3, with 30 pupils. South Weare will have the same, with 31. Weare Center will have 30 pupils, with two grades, four and five. The sixth grade will have a room in the High school building, making a total of 68 in 6, 7, and 8th grades. High school students number 54, as do 7th and 8th grades. Total enrollments, 243 pupils.

Pupils entering school for the first time must be six years old, on or before Jan. 1st, 1951.

Mrs. Charlotte Rainford, who has been in Heidelberg, Germany, with her son for nearly three years, was a guest of Mr. and Mrs. Alfred Flanders one day this past week. Mrs. Rainford's son is a Lt. Col. in the U. S. Army.

Leon Taylor makes news again, not as pleasant as others; he either slipped or fell, (he wasn't pushed), from a truck, and hit his elbow; result, a fractured elbow, which meant a-cast. Being the popular chap he is, and of course not able to work, a shower of "So Sorry," cards I'm sure he would appreciate, the funnier the better.

Cards have been received locally from Edwin Flanders, from Indiana, on his way to Mexico, where he has gone on a business trip.

HENNIKER — Miss Cecile J. Derby and Alan J. LeMay were united in marriage on Sunday afternoon, August 27, at 2 o'clock in the Congregational church when the double ring ceremony was performed by Rev. Robert Lewis. The bride was given in marriage by her father, Clyde Derby and the wedding march was played by Mrs. Lester Farrar. The church was decorated with bouquets of mixed gladioli.

The bride wore a white slipper satin, fitted gown with a short train edged with wide tucking. The bodice had a nylon net yoke bordered with a deep pointed collar, and long pointed sleeves. Her finger tip veil fell from a large crown. She carried a bouquet of white chrysanthemums.

The matron of honor was her sister-in-law, Mrs. Cedric Derby. She wore a short sleeved pink tulle gown with full skirt and a matching crown. She carried a colonial bouquet of mixed flowers.

Mrs. Norman Dennis, as bridesmaid, wore a blue dotted swiss dress with short sleeves, and a white crown and carried a colonial bouquet. Patricia Derby, sister of the bride, was junior bridesmaid. She wore a short sleeved pink dotted swiss dress, and white crown and carried a colonial bouquet.

Edward Simmons of Jaffrey was the best man. Ushers were Cedric Derby, brother of the bride, and Norman Dennis, uncle of the bride.

The mothers of the bride and groom both wore black dresses with white accessories and wore corsages of red roses.

The reception was held in the parish house. The bride cut the wedding cake and then was assisted by Mrs. Philip MacLeod. Refreshments were in charge of Mrs. Roy Knapp and Mrs. Hiram Twiss. They were served by Mrs. Dwight Baker and Mrs. Philip Dunlap of Hopkinton. The guest book was in charge of Mrs. Francis Buxton of Milford, Conn.

Mr. and Mrs. LeMay left immediately for a short honeymoon. For traveling, the bride wore a navy blue suit with white accessories. Upon their return they will live in Mrs. Nettie Felch's house on Hall ave.

Mrs. LeMay is the daughter of Mr. and Mrs. Clyde Derby. She was graduated from Henniker High school and is now employed at Chase's Market.

Mr. LeMay is the son of Mr. and Mrs. Orrin LeMay of Jaffrey. He was graduated from the High school in Jaffrey and attended college at the University of Indiana, University of Hawaii and New England college. He served for four years in the Marine Corps in World War II. He is now employed by Osborne's Radio Laboratory of Manchester as television technician.

Mr. and Mrs. Robert Goss. Mr. and Mrs. Kenneth Trow, Mrs. Virginia Hall, Charles Eaton and Duncan Noyes were among those in Deering on Sunday to hear Dr. Poling preach. The church was so full that people sat on the platform and in the aisles, besides standing in the hall.

Mr. and Mrs. Frederick Connor and Mr. and Mrs. Norman Greenly went to Hampton Beach last Thursday evening and had a lobster dinner. Miss Lois Davis, Miss Joan Schacht, Miss Evelyn Damour and Miss Arlene Fisher spent the weekend at Hampton Beach.

day evening, Sept. 7th. I should like very much to be present, but as you know invitations to appear at such meetings so near to the Primary date must of complete necessity be received well in advance in order to allow attendance, if the candidate is being taken seriously by the people.

"I do want to commend you most highly for inviting me, for it happens yours is the only unit of the League of Women Voters in New Hampshire which has paid me that courtesy, although my opponent has had the opportunities which I have been denied. That is rather a shocking thing, too, when you consider that my candidacy for the United States Senate was announced October 27, 1949. I mention these things that you may know that among all of the units of the State the non-partisan nature of your own group is outstanding."

A letter from Deputy Sec'y. of State said, "The Superior Court, upon petition of one of the candidates running for County Commissioner in the First District in Hillsborough County, ruled that the name of John B. McNabb should not appear on the ballot and so ordered this office to remove the name."

Questions for County Candidates
Question A: What suggestions have you toward more efficient and economical administration of County Government?

Question B: What do you feel is our greatest County problem?

Question C: How do you feel about all police, (state, county and town) under one central state authority?

Answers from William H. Craig, Dem., Candidate for County Solicitor:

Answer A: "My role in the administration of county government is necessarily restricted to the field of law enforcement which is administered as efficiently and as economically as is possible under the operating budget. Within the confines of my field of interest I believe that a more efficient arrangement could be realized by maintaining separate quarters for the County Solicitor in the Hillsborough Court House, serviced by a permanent clerk and open during specified hours. I have made such a suggestion to the County Commissioners and it is being seriously considered."

Answer B: "I do not believe that there is any greatest county problem that is not also the greatest state problem. In the field of law enforcement I think that the problems concerning juvenile delinquents and the sexual offenders present the most challenging social, administrative and legal problems to both the County and the State."

Answer C: "This question can not be answered categorically. Local and County Police are especially proficient and do operate most successfully within the confines of their jurisdiction. I believe in the encouragement of cooperation between state, county and local officers to bring out the best advantages of each unit. I am hesitant to give an opinion based upon the highly conjectural assumptions that have to be employed in answering this question."

Answers from John L. Putnam, Rep., Candidate for Sheriff, in a letter to this LWV is as follows: "In reference to the questions submitted, I will try to give my opinion on them at the meeting, (Sept. 7th). I am married and have one son. Owned my own business here in town (Goffstown), under the name of Putnam & Son. Have been Chief of Police for the Town of Goffstown for 13 years. Previous to coming to Goffstown, I was Superintendent of a Factory

in Manchester, N. H., for 20 years."

Questions for Candidates for Senatorial District No. 9

Question A: What solution would you propose to our state financial problem?

Question B: What is your stand toward State Aid to Education?

Question C: List plans you have for the improvement of the District you hope to represent.

Answers from Lester E. Connor, Rep., Candidate for State Senate:

Answer A: "Before I can answer No. 1 I must decide what kind of a program I favor for the state to follow, such as: Should the state maintain all the services it now offers the people of the state? Should these services be increased? Should new services be offered? Do all state employees earn their money (measured in terms of services to the people of the state)? Should salaries of state employees be increased, decreased, or kept at their present levels? I could go on for some length listing questions which I feel I must answer before I can attempt to answer question No. 1. I have given all of these questions and a lot more, serious consideration and have arrived at the following solution to our state financial problem.

"I believe that new revenue must be found if the state is to uphold its obligation to the people of the state of New Hampshire. During the last session of the legislature the state budget was balanced at great expense to state aid and the University of New Hampshire. If the legislature is not willing to increase these two items in the budget, then my answer to question No. 1 is as follows: We should reduce the budget to meet our present income. If the legislature is willing to increase the state aid to Education, my answer to the question would be as follows: The adoption of a retail sales tax with exemptions on the basic necessities of life. My objection to a state income tax is that I believe it would be costly to administer, and I do not want to build up any larger state government than we now have. Summary: No increase in new taxes unless we can have more State Aid to Education and thus reduce our local tax burden. The revenue for this state aid to come from a retail sales tax."

Answer B: "I favor a substantial increase in State Aid to Education."

Answer C: "I shall attempt to see that the 9th District gets its share from money spent by the Planning and Development Commission to advertise our section of the state for new industries, recreation and farming—our share of Highway money (gas tax). I shall try to protect the interest of the District to the best of my ability."

Sketch of policies and platform sent to LWV by Joseph Moore, Rep., Candidate for Representative in Congress: "He (Joseph Moore) is opposed to the building up of any governing aristocracy, or ruling class, claiming special rights to perpetuate themselves in office by reason of having held the office before, except for reasons of exceptional qualifications exceeding those of any competitor. He favors legislation to stabilize the purchasing value of the wage earner's dollar in its relation to living essentials of the man with a family, and thus prevent every wage increase from being over absorbed by spiraling living costs, multiplied by the number of his dependents. He regards the man and woman with a family as the mainstay of civilization time, and should have some time in time of peace as well as in protection against increasing hardships of maintaining a home."

Don't forget the band concert and candidates' meeting 7:30 p.m.

Letters To The Editor

The Editor,
Hillsboro Messenger
Hillsboro, N. H.

Dear Sir:

It is appalling to note that in the last national elections, there were approximately forty million qualified voters in this country who failed to go to the polls. Not meaning to bore anyone with statistics, it is also somewhat shocking to observe that at the last Town Meeting, in Hillsboro, only about six hundred people chose to cast their ballots for the candidates of their choice, or roughly, half of the voters, registered in this town, vote for anyone.

At the present time there are those who are not at all in sympathy with our Federal Administration, its defense measures, and the chiefs responsible, or its foreign policy. We have openly criticized our Government for its unpreparedness.

It is the opinion of this writer that, in a large measure, we as voting citizens are responsible for these Washington shortcomings and blunders. Generally speaking, we do not vote for a man whose platform calls for billions for national defense or billions for anything that might cost us money in taxes. No one enjoys paying taxes and most politicians, at least in peace time, are smart enough to never build a platform of planks for more taxes, even for national defense.

With the ever increasing menace of the various "isms" which threaten our democracy, it seems to me that now, more than ever before, we should exercise our democratic privileges to the fullest extent. Primaries and elections should not be regarded with that "don't care attitude" of "Oh my vote won't count" or "One more vote won't make any difference." Forty million people took that attitude during the last national elections. Who are we to blame if the right people are not in Washington? Only ourselves.

I sincerely hope that each and every voter in Hillsboro, and in New Hampshire and in the United States, will if possible, study the merits of each candidate, make your convictions and then GO TO THE POLLS. Go to the polls and vote for the candidate of your choice. The man or woman who, in your mind, is the best qualified to represent you in deciding the important issues of our Town, State and Federal Government.

month's subscription to the Messenger.

Mr. Cletus Cadwallader Clay will again choose the spot as he did last year. He said hundreds of persons have asked him to disclose the location of the spot in Saturday's contest.

Mr. Clay only looked blank when photographed for the Messenger. He said he still lives somewhere between the Upper and Lower Villages. After some persuasion he admitted that the spot would be somewhere in the Hillsboro shopping district. Past spots in town have been the Community Association sign, a spot in front of the Post Office and a spot in front of the Public Service Company office.

Past winners have been Conrad Paro, Mrs. Theodore Cate, and William Roscoe Spaulding.

The contest originated by Joseph Eaton, Sr., proprietor of the Eaton Furniture Company, has proved of much interest in focusing attention to the Hillsboro shopping district.

Ineligible for the contest prizes are employees of Eaton Furniture Company, employees of the Messenger, the Town selectmen, and members of the school board.

Rules of the contest are in the special advertisement on page 5.

Mrs. Alsada Hoffman Observes 94th Birthday

HENNIKER — Mrs. Alsada Hoffman observed her 94th birthday on Monday at her home on Main st. She was given a party by Azalea Rebekah lodge at the home of Mr. and Mrs. Charles Burnham. Friends from Jaffrey also called during the afternoon. And other friends called over the weekend and during the week to wish her congratulations. She received many beautiful flowers and cards. Although Mrs. Hoffman has outlived the friends of her younger days her capacity for making friends is shown by the many friends she has made among the younger people. We hope Mrs. Hoffman will continue to enjoy good health and many more birthdays. Refreshments were served by members of the lodge.

SCHOOL BOARD MEETINGS

The publisher of the Messenger has reached a working agreement with the Hillsboro school board as to the publication of the proceedings of board meetings. As per vote of the board meeting Monday the decisions of each meeting will be forwarded to the newspaper as they were this week in the new story, "Board Accepts Whitney Bus Service Transportation Bid."

At this meeting, Monday evening, several of the board members stated their objections to past Messenger reports. The objections were that the news was editorialized, that the headlines were wrong, that some of the actions referred to were actions of the school building committee which includes others than the school board, that the news was negative and not positive.

Even if this were so the editor nevertheless feels that censorship of the boards disclosures or building committee disclosures would be even worse than faulty reporting. We believe that our readers did realize that the reporting of meetings was our interpretation of what happened at the school meetings. It is our opinion that the board sought to delay the calling of a special meeting, when they should have instead welcomed it. In this we were not alone.

In disclosing the facts of the hearing before the tax commission and the position of the town selectmen as to a legal tax rate Atty. R. Wayne Crosby did a service to the town as a responsible citizen of this community.

The action of the board to set aside the first meeting of the month for the public to attend is to be commended and should be of value to parents, taxpayers and the school board.

Some motor boats registered in 1950. Mine was Y-407. The number increases year by year.

Do inboard motors driven at high speed spoil the fishing in our larger ponds and lakes? I say it does as I have seen many cases where these high powered boats operate the fishing has gone. Small outboards in my opinion, do not hurt the fishing. It's the big boys that do the damage.

Grabbed time to sweep and dust the studio last night and sort and hang up some of our recent work. Just since our 3rd Annual Exhibition in June it shows lots of improvement and diversity. Sylvia Van Hazinga has taken to painting in oils, Priscilla Baker has been experimenting a bit in abstract drawing and doing a number of brilliant small watercolor landscapes. Paul Gettinger, the young minister from Washington, gets better and better each Wednesday evening. For a person who has never done any drawing, only been interested in art, it is fun to watch his progress.

Leona Rowe and Eleanor Gould from Henniker blew in last Wednesday night and starting in September they will both be with us once more. Between them they

have to get seven youngsters to bed before they even get started for Hillsboro, on Wednesday nights, and the pep and enthusiasm they still have by the time they get here are wonderful to behold.

Mrs. Claffin from Washington visited us and stayed the whole session through and several guests from upstairs wandered down a number of times. Marion Ladd Symmes has brought over three new small oil paintings in place of the two beautiful ones, one is of Rockport, one of Grand Monadnock and one of Cushing, Maine.

TIME: Wednesday evening, 8 to 10 p.m.

PLACE: Cellar Studio, Valley Hotel.

County Road

The old County Road follows quite closely the shore of Loon Lake for a short distance. The roadsides are very attractive, with big rock ferns and other ferns and flowers growing among the tall trees, but it is still "the County Road," although a reporter in the Concord Monitor gives it the very high-sounding name of "Lake Shore Drive." This must astonish the three old-timers who live on the upper end, and even the several summer residents who are used to such names. This reminds me of the good lady who once lived on the corner of Brown and School streets who said School street was really the "Back Bay of Hillsboro."

Mr. and Mrs. Arthur Brown of Reading, Mass., and her father, William Williams, of Rockland, Mass., were in town one day last week to visit their niece, Miss Phyllis Bond. Phyllis is soon returning to Somerville, Mass., after spending the month of August in Hillsboro. Mrs. Grace Perry's grandson, John Reese, and Mrs. Reese, are the parents of a daughter, Jerry Lynn, born in New Orleans, La., early in the month.

Mr. and Mrs. Frederick W. Foster of Taunton, Mass., returned home Friday after spending their vacation with his mother, Mrs. Rose M. Foster.

Deering Residents Aid In Formation of N. H. Jackson Laboratory Committee

Mrs. Rigney To Be N. H. Chairman

DEERING — Atomic research, as well as medical research in general all over the country, is dependent upon the Roscoe B. Jackson Memorial Laboratory at Bar Harbor, Maine. Dr. Clarence C. Little said Saturday at the first organization meeting of the New Hampshire Chapter of the Jackson Laboratory Association. The meeting was held in Deering at the home of Mrs. Francis Rigney, Chairman of the Chapter.

Dr. Little organized the Jackson Laboratory in 1929, and has been its Director ever since. He was formerly President of the University of Michigan, and of Maine. His most recent academic distinction is the Honorary Degree of Doctor of Science which was awarded to him last June by the University of Chicago.

In his talk before the nineteen members of the Committee, Dr.

Little said, "Scientific laboratories have an increased responsibility during periods of national emergencies. The Jackson Laboratory at Bar Harbor, Maine, is alert to this situation and stands ready again to be of service by supplying animals and maintaining its unique inbred stocks of mice, rabbits and other species. "All of the stocks of animals being used at the atomic research laboratories were originally bred and developed at the Jackson Laboratory. During World War II, from ten thousand to fourteen thousand mice per week were used by the United States Government Services in testing procedures, and in working on immunity problems directly applicable to men in the armed forces."

MRS. DOROTHY BOWERS

Mrs. Rigney said that the New Hampshire Chapter of the Jackson Laboratory Association will conduct an educational program in order to acquaint citizens throughout the state with the Laboratory's indispensable scientific research program and its national importance to medical research everywhere. It will also carry on a fund-raising program in order to help the Laboratory balance its annual operating budget now set at \$523,194 for 1950-51. The Laboratory must seek \$185,962 of this from public support. The Laboratory has been completely rebuilt and paid for. The Jackson Laboratory Association is organizing Chapters in important centers throughout the country.

These Chapters, including the New Hampshire Chapter, are seeking to raise the \$265,962 needed by July 1, 1951.

HENNIKER — We renewed our youth and attended the jalopy races in Manchester on Sunday evening and we are still marveling at the desire of anyone to want to drive in those races. We missed the first three races because they started earlier and because there were no accidents to delay them. The local boys have got another jalopy together which was entered in one of the first three. Their first jalopy was completely smashed when it rolled over six times a few weeks ago. Anyway, by the results of its first race, last night, the local jalopy, entered the consolation race and came out third in this one. The first four winners of the consolation race entered the feature race, which was to be 35 laps. This was a free for all. And although Bill Calkins, the driver managed to stay clear of the many smashups and entanglements he finally withdrew after completing about 24 laps. Of the 22 which entered this race about 10 finished. For those who are as ignorant of jalopy races as we were, the

cars are lined up two by two behind each other. It is a mystery to us how the car on the end can get up front but the driver seems to do it. Of course the first cars have the advantage. The cars which start on the long side of the track which is only a quarter of a mile on the outside of the circle, try to get to the inside of the track at the first turn. It is here that many of the smashups occur. At one time four or five cars were so entangled, that when the wrecker moved one car, all the others moved too. They were finally untangled and the race started over again. It was necessary to start the feature race four separate times before they got around the track without any entanglements. And then the race was again stopped after the 19th lap because an ac-

cident to a jalopy left it standing in the middle of the track. However, the remaining cars started in Indian file in the order in which they had been. When a car is involved in an accident it automatically goes to the rear, provided it can still run, and it is surprising how many can. Bill had ninth position on the outside in the feature race. He had second position on the inside, which was third place, in the consolation race and he managed to maintain that position during the entire race. It is an imposition to call them cars. Some of them are very disreputable looking. Jalopy is certainly the word although it is definitely a slang word.

HILLSBORO TOWN TEAM ENDS SUCCESSFUL YEAR

by JOE M. EATON, JR.

HILLSBORO — The Hillsboro A.C. closed out their most successful season in many years as they bowed to New Boston by a score of 6-2.

Kitty Fales won his second victory over the Pagemen with a seven hit pitching chore while his mates battered Raoul Sullivan for fourteen hits over the two and one-half hour game.

Fales tossed up his slow curves and knuckler and had the Pagemen eating out of his hand with all of the Hillsboro hits but George Stafford's single being of the scratch variety.

Raoul Sullivan went the distance for the locals but was in constant trouble due to his lack of control.

The Townies close the season with a record of nine wins and five losses under the able leadership of Manager Howard Page. They have qualified for the League playoffs which will be played at a later date and will be announced in this column.

Fred Stamatelos was the only local to get two hits as he retained his team batting leadership.

From the Dugout
 Walt Whitney went in to catch when Norm Bosse retired with a very sore hand. Said Bosse - "If you don't think he (Sullivan) throws hard go out there and catch."

Manager Page - "You can't judge a pitcher by one game. I still have a lot of confidence in Sully."

New Boston asked for a courtesy runner for a player with a bad hip. This runner later stole third base. What can he do when his hip is in good shape?

Kitty Fales said he threw about four fast balls in the entire game.

Next week - Town Team batting averages.

Rumor has it that Walt Whitney and Raoul Sullivan have gone to play with the Keene Bluejays. Does anyone have a crying towel for Howard Page?
